Cautionary Statement Regarding Forward-Looking Statements

This prospectus and the documents incorporated herein by reference include forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). You should not place undue reliance on these statements. Forward-looking statements include information concerning possible or assumed future results of operations, cash flows, capital expenditures, the outcome of pending legal proceedings and claims, goals and objectives for future operations, including descriptions of our business strategies and purchase commitments from customers. These statements are typically identified by words such as believe, anticipate, expect, plan, intend, estimate, should, will and similar expressions. We base these statements on particular assumptions that we have made in light of our industry experience, as well as our perception of historical trends, current conditions, expected future developments and other factors that we believe are appropriate under the circumstances. As you read and consider the information in this prospectus and the documents incorporated herein by reference, you should understand that these statements are not guarantees of performance or results. They involve risks, uncertainties and assumptions. In light of these risks, uncertainties and assumptions, we cannot assure you that the results and events contemplated by the forward-looking statements contained in this prospectus and the documents incorporated herein by reference will in fact transpire.

You should carefully consider the risks described below and the other information contained in this prospectus and the documents incorporated herein by reference because they identify important factors that could cause actual results to differ materially from those predicted in any such forward-looking statements. Our operating results may fluctuate significantly and may not meet our expectations or those of securities analysts or investors. The price of our securities would likely decline if this occurs. Factors that may cause fluctuations in our operating results include, but are not limited to, the following:

our ability to maintain profitability in our infotainment segment if there are delays in our product launches which may give rise to significant penalties and increased engineering expense;

the loss of one or more significant customers, or the loss of a significant platform with an automotive customer;

fluctuations in currency exchange rates, particularly with respect to the value of the U.S. Dollar and the Euro;

our ability to successfully implement our global footprint initiative, including achieving cost reductions and other benefits in connection with the restructuring of our manufacturing, engineering, procurement and administrative organizations;

fluctuations in the price and supply of raw materials including, without limitation, petroleum, copper, steel, aluminum, synthetic resins, rare metals and rare-earth minerals, or shortages of materials, parts and components;

the inability of our suppliers to deliver products at the scheduled rate and disruptions arising in connection therewith;

our ability to maintain a competitive technological advantage through innovation and leading product designs;

our ability to integrate successfully our recently completed and future acquisitions; and

our failure to maintain the value of our brands and implementing a sufficient brand protection program. Although we believe that these forward-looking statements are based on reasonable assumptions, you should be aware that many factors could affect our actual results of operations and could cause actual results to differ materially from those expressed in the forward-looking statements. As a result, the foregoing factors should not be construed as exhaustive and should be read together with the other cautionary statements included in this and other reports we file with the SEC. For additional information regarding certain factors that may cause our actual results to differ from those expected or anticipated see the information under the caption **Risk Factors** in this

prospectus, our Annual Report on Form 10-K for the year ended June 30, 2014, filed with the SEC on August 7, 2014, and any subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, and all other documents incorporated by reference into this prospectus, as updated by our subsequent filings under the Exchange Act, and the risk factors and other information contained in any applicable prospectus supplement. We undertake no obligation to publicly update or revise any forward-looking statement (except as required by law). The documents incorporated by reference in this prospectus also make reference to our awarded business, which represents the estimated future lifetime net sales for all customers. Our future awarded business does not represent firm customer orders. We report our awarded business primarily based on written award letters from our customers. To validate these awards, we use various assumptions including global vehicle production forecasts, customer take rates for our products, revisions to product life cycle estimates and the impact of annual price reductions and exchange rates, among other factors. These assumptions are updated and reported externally on an annual basis. We update our estimated awarded business quarterly by adding the value of new awards received and subtracting sales recorded during the quarter. These quarterly updates do not include any assumptions for increased take rates, revisions to product life cycle, or any other factors.

Description of Harman Debt Securities

The following summary of the terms of our debt securities describes general terms that apply to the Harman debt securities. The particular terms of any Harman debt securities will be described more specifically in the prospectus supplement relating to such debt securities. The following summary of the Harman debt securities is not complete and may not contain all of the information you should consider. You should read the particular terms of the Harman Finance debt securities, which will be described in more detail in the prospectus supplement.

Harman Guarantee

Harman will fully and unconditionally guarantee the due and punctual payment of the principal of, premium, if any, and interest on the Harman Finance debt securities when and as the same shall become due and payable, whether at maturity, upon redemption or otherwise, in accordance with the terms of such Harman Finance debt securities and the Harman Finance Indenture.

Harman's guarantee will represent a general, unsecured obligation and will rank equally with all other unsecured indebtedness of Harman. Harman's guarantee will be effectively subordinated to, and thus have a junior position to, any secured indebtedness of Harman to the extent of the assets securing that indebtedness.

Harman's guarantee will effectively rank junior to all liabilities of Harman's subsidiaries (excluding any amounts owed by such subsidiaries to Harman). Claims of creditors of subsidiaries of Harman generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of creditors of Harman, including any claims made by holders of any Harman Finance debt securities in respect of the Harman guarantee. Accordingly, the Harman guarantee will be effectively subordinated to creditors, including trade creditors and preferred stockholders, if any, of such subsidiaries.

Regarding the Trustee

U.S. Bank National Association will act as trustee under the Harman Finance Indenture.

Governing Law

The Harman Finance Indenture, the Harman Finance debt securities and the Harman guarantee will be governed by and construed in accordance with the laws of the State of New York without regard to conflicts of laws. The application of the provisions set out in articles 86 to 94-8 of the Luxembourg law on commercial companies dated August 10, 1915 as amended, is expressly excluded.

Plan of Distribution

We may sell our securities in any one or more of the following ways from time to time: (1) through agents; (2) to or through underwriters; (3) through brokers or dealers; (4) directly by us to purchasers, including through a specific bidding, auction or other process; or (5) through a combination of any of these methods of sale. The applicable prospectus supplement will contain the terms of the transaction, name or names of any underwriters, dealers, agents and the respective amounts of securities underwritten or purchased by them, the initial public offering price of the securities, and the applicable agent's commission, dealer's purchase price or underwriter's discount. Any dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and compensation received by them on resale of the securities may be deemed to be underwriting discounts.

Any initial offering price, dealer purchase price, discount or commission may be changed from time to time.

The securities may be distributed from time to time in one or more transactions, at negotiated prices, at a fixed price or fixed prices (that may be subject to change), at market prices prevailing at the time of sale, at various prices determined at the time of sale or at prices related to prevailing market prices.

Offers to purchase securities may be solicited directly by us or by agents designated by us from time to time. Any such agent may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities so offered and sold.

If underwriters are utilized in the sale of any securities in respect of which this prospectus is being delivered, such securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined by the underwriters at the time of sale. Securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by one or more underwriters. If any underwriter or underwriters are utilized in the sale of securities, unless otherwise indicated in the applicable prospectus supplement, the obligations of the underwriters are subject to certain conditions precedent, and the underwriters will be obligated to purchase all such securities if they purchase any of them.

If a dealer is utilized in the sale of the securities in respect of which this prospectus is delivered, we will sell such securities to the dealer, as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale. Transactions through brokers or dealers may include block trades in which brokers or dealers will attempt to sell shares as agent but may position and resell as principal to facilitate the transaction or in cross trades, in which the same broker or dealer acts as agent on both sides of the trade. Any such dealer may be deemed to be an underwriter, as such term is defined in the Securities Act, of the securities so offered and sold.

Offers to purchase securities may be solicited directly by us and the sale thereof may be made by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale thereof.

Agents, underwriters and dealers may be entitled under relevant agreements with us to indemnification by us against certain liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which such agents, underwriters and dealers may be required to make in respect thereof. The terms and conditions of any indemnification or contribution will be described in the applicable prospectus supplement.

Underwriters, broker-dealers or agents may receive compensation in the form of commissions, discounts or concessions from us. Underwriters, broker-dealers or agents may also receive compensation from the purchasers of shares for whom they act as agents or to whom they sell as principals, or both. Compensation as to a particular underwriter, broker-dealer or agent will be in amounts to be negotiated in connection with transactions involving shares and might be in excess of customary commissions. In effecting sales, broker-dealers engaged by us may arrange for other broker-dealers to participate in the resales.

Table of Contents

Any securities offered will be a new issue and will have no established trading market. We may elect to list any series of securities on an exchange but, unless otherwise specified in the applicable prospectus supplement, we shall not be obligated to do so. No assurance can be given as to the liquidity of the trading market for any of the securities.

Agents, underwriters and dealers may engage in transactions with, or perform services for, us or our subsidiaries in the ordinary course of business.

Any underwriter may engage in overallotment, stabilizing transactions, short covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time. An underwriter may carry out these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise.

The place and time of delivery for securities will be set forth in the accompanying prospectus supplement for such securities.

**Item 15. Indemnification of directors and officers.
Harman International Industries, Incorporated**

Harman International Industries, Incorporated is incorporated under the laws of the State of Delaware.

Article Tenth of the Restated Certificate of Incorporation of Harman International Industries, Incorporated (the Company), as amended (the Restated Certificate of Incorporation) provides that to the fullest extent permitted by law a director will not be personally liable for monetary damages to the Company or its stockholders for or with respect to any acts or omissions in the performance of his or her duties as a director. Section 102(b)(7) of the Delaware General Corporation Law (the DGCL) provides that, in its certificate of incorporation, a corporation may limit or eliminate a director's personal liability for monetary damages to the corporation or its stockholders, except for liability (i) for any breach of the director's duty of loyalty to such corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for paying a dividend or approving a stock repurchase in violation of Section 174 of the DGCL or (iv) for any transaction from which the director derived an improper personal benefit. While Article Tenth of the Restated Certificate of Incorporation provides directors with protection from awards for monetary damages for breaches of the duty of care, it does not eliminate the directors' duty of care. Accordingly, the Restated Certificate of Incorporation will have no effect on the availability of equitable remedies such as an injunction or rescission based on a director's breach of the duty of care. The provisions of Article Tenth as described above apply to officers of the Company only if they are directors of the Company and are acting in

their capacity as directors.

Section 145 of the DGCL provides that a corporation may indemnify directors and officers as well as other employees and agents of the corporation against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement, in connection with specified actions, suits or proceedings, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation, as a derivative action), if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. A similar standard is applicable in the case of actions by or in the right of the corporation, except that indemnification only extends to expenses (including attorneys' fees) actually and reasonably incurred in connection with the defense or settlement of such action, and no indemnification may be made where the

Table of Contents

person seeking indemnification has been found liable to the corporation, unless and only to the extent that a court determines indemnification is fair and reasonable in view of all circumstances. Article VIII of the by-laws provides that the Company will indemnify its directors, officers, employees and agents to the fullest extent permitted by Delaware law or any other applicable law, thereby affording such persons the protections available to directors, officers, employees and agents of Delaware corporations as summarized above. The Company maintains directors and officers liability insurance which insures against liabilities that directors or officers of the Company may incur in such capacities.

The Company has entered into indemnification agreements with each of its current directors and officers and intends to enter into indemnification agreements with each of its future directors and officers. These agreements require the Company to indemnify these individuals to the fullest extent permitted under Delaware law against liability that may arise by reason of their service to the Company.

The foregoing summaries are subject to the complete text of the DGCL, the Restated Certificate of Incorporation, the Company's by-laws and the Company's indemnification agreements referred to above, and are qualified in their entirety by reference thereto.

- (b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (d) That, for purposes of determining liability under the Securities Act of 1933 to any purchaser:

As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

Table of Contents

- (e) That, for the purpose of determining liability of the Registrants under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: the undersigned Registrants undertake that in a primary offering of securities of the undersigned Registrants pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrants will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned Registrants relating to the offering required to be filed pursuant to Rule 424;

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrants pursuant to the provisions set forth or described in Item 15 of this registration statement, or otherwise, the Registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a Registrant of expenses incurred or paid by a director, officer or controlling person of such Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
