Item 7.01. Regulation FD Disclosure.

Open Text Corporation (OpenText) is furnishing certain unaudited financial measures that are not in accordance with U.S. GAAP (Non-GAAP), and certain related reconciliations to the most directly comparable measure under U.S. GAAP, and last twelve month (LTM) financial data (including with respect to Dell EMC s Enterprise Content Division), which information is included in the offering memorandum for the proposed offering described under 8.01 below. The disclosure is attached hereto as Exhibit 99.1 and incorporated by reference into this Item 7.01.

The information set forth in this Item 7.01 including Exhibit 99.1 is being furnished under Item 7.01 of Form 8-K and shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of that section. In addition, this information shall not be incorporated by reference into any registration statement filed under the Securities Act of 1933, as amended (the Securities Act), or any filing under the Exchange Act, regardless of any general incorporation language in any such filing.

Item 8.01. Other Events.

On December 15, 2016, OpenText issued a press release announcing a proposed offering of an additional U.S. \$250 million aggregate principal amount of its 5.875% senior unsecured notes due 2026 (the reopened notes), guaranteed on a senior unsecured basis by OpenText s existing and future wholly-owned subsidiaries that borrow or guarantee OpenText s obligations under its existing senior credit facilities. The reopened notes will have identical terms, be fungible with and be a part of a single series with the U.S. \$600 million aggregate principal amount of OpenText s 5.875% senior unsecured notes due 2026 issued on May 31, 2016. The press release announcing the proposed offering is attached hereto as Exhibit 99.2, and is incorporated by reference into this Item 8.01.

The reopened notes and related guarantees will not be registered under the Securities Act. The reopened notes may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act), except to persons reasonably believed to be qualified institutional buyers in reliance on the exemption from registration provided by Rule 144A under the Securities Act and to certain persons in offshore transactions in reliance on Regulation S under the Securities Act. The reopened notes will be offered in Canada under available prospectus exemptions.

OpenText intends to use the net proceeds from the proposed offering to finance a portion of the purchase price for its previously announced acquisition of Dell EMC s Enterprise Content Division (the Acquisition). The proposed offering is not contingent on the closing of the Acquisition or the closing of our recently announced offering of 9,250,000 common shares (or 10,637,500 common shares if the underwriters exercise their over-allotment option to purchase additional common shares in full) (the Equity Financing). We currently expect the Equity Financing will close on December 19, 2016. This Current Report on Form 8-K is not an offer to sell any such common shares; any offer or sale of such common shares is being made only by means of the separate prospectus supplement and accompanying prospectus. If for any reason the Acquisition does not close, OpenText intends to use the net proceeds from the proposed offering for general corporate purposes, which may include the financing of future acquisitions and the repayment of existing indebtedness.
