NOTICE OF 2018 ANNUAL GENERAL MEETING OF SHAREHOLDERS

To the Holders of Ordinary Shares of STERIS plc:

The 2018 Annual General Meeting (the "Annual Meeting") of shareholders of STERIS plc (the "Company") will be held on Tuesday, July 31, 2018 at 9:00 a.m. (British Summer Time), at 50 Stratton Street, London, England W1J 8LL, United Kingdom. At the Annual Meeting, you will be asked to consider and vote on resolutions 1 to 17 below.

Certain of the proposals shareholders of the Company will be asked to consider may not be familiar to them because, unlike many companies with shares traded on the New York Stock Exchange, we are incorporated under the laws of England and Wales and subject to the U.K. Companies Act 2006 (the "Act"). The Act obligates us to propose certain matters to shareholders for approval that would generally not be subject to periodic approval by shareholders of companies incorporated in the United States but are considered routine items for approval by shareholders of companies incorporated in England and Wales. Each of these proposals is described more fully below.

Proposal 1 Ordinary resolutions to elect directors of the Company:

1. To re-elect Richard C. Breeden as a director of the Company.
2. To re-elect Cynthia L. Feldmann as a director of the Company.
3. To re-elect Dr. Jacqueline B. Kosecoff as a director of the Company.
4. To re-elect David B. Lewis as a director of the Company.
5. To re-elect Sir Duncan K. Nichol as a director of the Company.
6. To re-elect Walter M Rosebrough, Jr. as a director of the Company.
7. To re-elect Dr. Nirav R. Shah as a director of the Company.

8. To re-elect Dr. Mohsen M. Sohi as a director of the Company.

10. To re-elect Loyal W. Wilson as a director of the Company.
11. To re-elect Dr. Michael B. Wood as a director of the Company.

Proposal 2 Ordinary resolution regarding ratification of independent registered public accounting firm:

12. To ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending March 31, 2019.

Proposal 3 Ordinary resolution to appoint Ernst & Young LLP as our U.K. statutory auditor:

13. To appoint Ernst & Young LLP as the Company's U.K. statutory auditor under the Act to hold office until the conclusion of the Company's next Annual General Meeting.

14. To authorize the Directors of the Company or the Audit Committee to determine the remuneration of Ernst & Young LLP as the Company's U.K. statutory auditor.

Proposal 5 Advisory resolution (to be proposed as an ordinary resolution) on executive compensation:

15. To approve, on a non-binding advisory basis, the compensation of the Company's named executive officers as disclosed pursuant to the disclosure rules of the U.S. Securities and Exchange Commission (the "SEC"), including the Compensation Discussion and Analysis and the tabular and narrative disclosure contained in the Company's proxy statement dated June 12, 2018.

Proposal 6 Advisory resolution (to be proposed as an ordinary resolution) on the Director Remuneration Report:

16. To approve, on a non-binding advisory basis, the Director Remuneration Report for the period ended March 31, 2018 contained within the Company's U.K. annual report and accounts for the year ended March 31, 2018.

Proposal 7 Other business:

17. To transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

Proposals 3 (resolution 13), 4 (resolution 14), and 6 (resolution 16) are items required to be approved by shareholders under the Act and generally do not have an analogous requirement under United States law.

OUR BOARD OF DIRECTORS CONSIDERS THAT ALL THE RESOLUTIONS TO BE PUT TO THE MEETING ARE IN THE BEST INTERESTS OF THE COMPANY AND ITS SHAREHOLDERS AS A WHOLE. OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR FOR ALL RESOLUTIONS.

In accordance with our Amended Articles of Association (the "Articles"), all resolutions will be taken on a poll. Voting on a poll means that each share represented in person or by proxy will be counted in the vote.

All resolutions will be proposed as ordinary resolutions, which under applicable law means that such resolutions must be passed by a simple majority of the total voting rights of members who vote on such resolution, whether in person or by proxy (in the case of joint holders, the holder whose name appears first in the joint registry and who tenders a vote shall be accepted to the exclusion of the votes of the other joint holders). Explanatory notes regarding each of the

proposals (and related resolutions) are set out in the relevant sections of the accompanying proxy materials relating to such proposals. Only shareholders of record of Ordinary Shares at the close of business in New York on May 30, 2018 are

entitled to notice of and to vote at the Annual Meeting and any adjournment or postponement thereof. In accordance with provisions of the Act and in accordance with our Articles, a shareholder of record is

entitled to appoint another person as his or her proxy (or in the case of a corporation which is a shareholder of record, a corporate representative) to exercise all or any of his or her rights to attend and to speak and vote at the Annual Meeting and to appoint more than one proxy in relation to the Annual Meeting (provided that each proxy is appointed to exercise the rights attached to a different share or shares). Such proxy need not be a shareholder of record. When you vote by telephone, through the Internet or by returning a completed proxy card, this proxy will be given to the Directors and employees of the Company and its affiliates.

Pursuant to the rules of the SEC, we provide access to our proxy materials through the Internet. As a result, on or before June 21, 2018, a Notice of Internet Availability of Proxy Materials will be mailed to shareholders as of the close of business on May 30, 2018 who are not included on our share register or who have not previously requested paper copies of the proxy materials. On the date of mailing of the Notice of Internet Availability of Proxy Materials, all shareholders will be able to access the proxy materials on a website referred to and at the URL address included in the Notice of Internet Availability of Proxy Materials and in the proxy statement. These proxy materials will be available free of charge.

Please note that if you are a shareholder of record voting by proxy, your vote may not be counted unless it is received no later than 9:00 a.m. British Summer Time (4:00 a.m. Eastern Daylight Time) on Sunday, July 29, 2018.

The results of the polls taken on the resolutions at the Annual Meeting and any other information required by the Act will be made available on the Company's website as soon as reasonably practicable following the Annual Meeting and for a period of two years thereafter.

By Order of the Board of Directors,

J. Adam Zangerle

Company Secretary

This Proxy Statement was furnished on or about June 12, 2018, to the shareholders of STERIS plc ("STERIS" or the Company) of record as of the close of the stock transfer books on May 30, 2018. This Proxy Statement is provided in connection with the solicitation by the Board of Directors of proxies for the 2018 Annual General Meeting of Shareholders to be held at 9:00 a.m., British Summer Time, on Tuesday, July 31, 2018, at 50 Stratton Street, London, England, W1J 8LL, United Kingdom. The cost of soliciting the proxies will be borne by the Company. Directors, officers, and designated employees of the Company and affiliates may solicit proxies in person, by mail, by telephone, fax, or e-mail. They will not receive any additional compensation for these activities. STERIS has engaged a professional proxy solicitation firm, Georgeson LLC ("Georgeson"), to assist in tracking voting with brokers, banks and other institutional holders. The Company will pay Georgeson a fee of approximately \$12,500 for these services. Additional shareholder meeting services may be contracted for additional fees.

As permitted by rules adopted by the U.S. Securities and Exchange Commission ("SEC"), we are making this Proxy Statement, our 2018 Annual Report to shareholders, which includes STERIS' s Annual Report on Form 10-K (sometimes referred to as "Annual Report"), and our 2018 U.K. Annual Report and Accounts (sometimes referred to as the "U.K. Annual Report") available at www.proxyvote.com. If you received a Notice regarding this availability, the Notice instructs you how to access and review the Proxy Statement, the Annual Report and our U.K. Annual Report, as well as the alternative methods to vote your shares over the Internet, by telephone, or by mailing a completed form of proxy (if requested). If you received a Notice and would like to receive a printed copy of our proxy materials, you should follow the instructions in the Notice for requesting such materials.

If you received a printed copy of the proxy materials, the Company offers the opportunity to electronically receive future proxy statements and annual reports over the Internet. By using these services, you are not only able to access these materials more quickly, but you are also helping STERIS save resources and reduce printing and postage costs. Online services are available to our registered and beneficial shareholders who have active email accounts and Internet access. Registered shareholders maintain shares in their own names. Beneficial shareholders have shares held on their behalf by a bank or brokerage firm. Beneficial owners will need to complete the bank or brokerage firm process for requesting electronic delivery. If you have accounts with multiple banks and/or brokers, you will need to complete the process for each account. Upon completion of your enrollment, you will receive an email confirming your election to use the online services. Your enrollment in the online program will remain in effect as long as your account remains active or until you cancel your enrollment.

References in this Proxy Statement to the actions of the Company, us, we or STERIS (its Board of Directors, Committees of its Board of Directors, or any of its directors and/or officers) or any similar references relating to periods before the date of the Combination should be construed as references to the actions of STERIS Corporation (or, where appropriate, its Board of Directors, Committees of its Board or its Directors and/or officers) unless the context requires otherwise and such references relating to periods from and after the date of the Combination should be construed as references to the actions of STERIS plc (or, where appropriate, its Board of Directors, Committees of its Board or its Directors and/or officers) unless the context requires otherwise.

STERIS's Annual Report to Shareholders, which includes STERIS's Annual Report on Form 10-K, including consolidated financial statements for the year ended March 31, 2018, but excluding exhibits, and STERIS's U.K. Annual Report and Accounts accompany this Proxy Statement. Requests for copies of exhibits to STERIS's Annual Report on Form 10-K should be submitted to the Office of the Company Secretary, STERIS plc, Rutherford House Stephenson's Way, Chaddesden, Derby, England, DE21 6LY United Kingdom. A nominal fee may be charged for Exhibits (which fee will be limited to the expenses we incur in providing you with the requested exhibits). STERIS's Annual Report on Form 10-K, including exhibits, and STERIS's U.K. Annual Report and Accounts, including Director Remuneration Report, are also available free of charge through our website in the Online IR Kit in the Shareholder Resources section of <http://steris-ir.com>. Nothing contained on or accessible through that website shall be deemed to be part of this Proxy Statement.

Votes Required to Adopt Proposals

Ordinary Shares represented by properly executed proxies will be voted in accordance with the specifications made thereon. If no specification is made, proxies will be voted **FOR** for all the proposals contained in the foregoing Notice of 2018 Annual General Meeting of Shareholders.

Abstentions and broker non-votes are tabulated in determining the votes present at a meeting for purposes of determining a quorum. An abstention or a broker non-vote will have no effect with respect to the election of a director nominee. Each Director nominee will be elected if a majority of the votes cast are in favor of his or her election. The other proposals are proposed as ordinary resolutions requiring, assuming a quorum is present, a majority of the votes cast for passage. Consequently, an abstention or broker non-vote also will have no effect on the passage of any of these proposals as the abstention or broker non-vote will not be counted in determining the number of votes cast.

Shareholder votes will be tabulated by an independent inspector of elections for the Annual Meeting.

Purposes of Annual Meeting

The Annual Meeting has been called for the purposes set forth in the foregoing Notice of 2018 Annual General Meeting of Shareholders. The persons named in the accompanying proxy form have been selected by the Board of Directors and will vote shares represented by valid proxies. They have indicated that, unless otherwise specified in the proxy, they intend to vote **FOR** for all proposals contained in the foregoing Notice of 2018 Annual General Meeting of Shareholders.

PROPOSAL 1 RESOLUTIONS REGARDING THE ELECTION OF DIRECTORS

Eleven of the current members of our Board of Directors (the Board) have been nominated for and are standing for re-election at the Annual General Meeting of Shareholders. Mr. Wareham has notified the Company that he will not stand for re-election at the 2018 Annual General Meeting of Shareholders. The Nominating and Governance Committee recommended the eleven Directors for re-nomination to the full Board to serve for an additional term. All nominees for Director have consented to be named and have agreed to serve as Directors, if re-elected. We have no reason to believe that any of the nominees will not be available to serve as a Director. However, if any nominee should become unavailable to serve for any reason, the proxies will be voted for such substitute nominees as may be designated by the Board.

The term of each re-elected Director will expire at the next Annual General Meeting of Shareholders, and each Director will continue in office until the election and qualification of his or her respective successor or until his or her earlier death, removal or resignation. Consistent with the terms of the Articles, the Board currently is authorized to have up to fifteen members. The Board currently has twelve Directors. All of those Directors, other than Mr. Wareham, have been nominated for re-election. Proxies cannot be voted for a greater number of Directors than the eleven nominees as identified in this Proxy Statement.

Each of the eleven nominees for Director will be elected by the vote of a majority of the votes cast with respect to such nominee, which means that the number of votes cast for a nominee must exceed the number of votes cast against that nominee. A shareholder may: (i) vote for the election of a nominee; (ii) vote against the election of a nominee; or (iii) abstain from voting for a nominee.

Unless a proxy contains instructions to the contrary, it is assumed that the proxy will be voted FOR the re-election of each nominee for Director named on the following pages.

STERIS values a number of attributes and criteria when identifying nominees to serve as a Director, including professional background, expertise, reputation for integrity, business, financial and management experience, leadership capabilities, time availability, and diversity. In addition to the specific experience and qualifications set forth below, we believe all of the nominees are individuals with a reputation for integrity, demonstrate strong leadership capabilities, and are able to work collaboratively to make contributions to the Board and Company.

**PROPOSAL 2 RESOLUTION REGARDING RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Ernst & Young LLP as STERIS's independent registered public accounting firm for the fiscal year ending March 31, 2019. Ernst & Young LLP was first retained in 1989 as the independent registered public accounting firm of our predecessor entity, STERIS Corporation, and has served in that capacity for many years. The appointment was based upon the considerations described in the Section Independent Registered Public Accounting Firm that begins on page 28, including the evaluation described therein.

Although the ratification of this appointment is not required to be submitted to a vote of the shareholders, the Board and Audit Committee believe it appropriate as a matter of corporate governance policy to request that the shareholders ratify the appointment of the independent registered public accounting firm for the fiscal year ending March 31, 2019. If this proposal does not receive the affirmative vote of the holders of a majority of the shares entitled to vote and present in person or represented by proxy at the Annual Meeting, the Audit Committee will reconsider the appointment.

We anticipate that the lead audit partner from Ernst & Young LLP will be present at the Annual Meeting. The lead audit partner (or other attending representative) will be given the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to any appropriate questions that may be submitted by shareholders at the Annual Meeting.

PROPOSAL 3 RESOLUTION APPOINTING ERNST & YOUNG LLP AS THE COMPANY'S STATUTORY AUDITORS UNDER THE COMPANIES ACT 2006

Under the U.K. Companies Act 2006 (the "Act"), our U.K. statutory auditors must be appointed at each general meeting at which the annual report and accounts are presented to shareholders. Ernst & Young LLP has served as our statutory auditors since we re-registered as an English public limited company in November 2015. Our Audit Committee has recommended that Ernst & Young LLP be appointed as our U.K. statutory auditor. If this proposal does not receive the affirmative vote of the holders of a majority of the shares entitled to vote and present in person or represented by proxy at the Annual Meeting, the Board may appoint an auditor to fill the vacancy.

PROPOSAL 4 RESOLUTION TO AUTHORIZE THE BOARD OF DIRECTORS OR THE AUDIT COMMITTEE OF THE BOARD TO DETERMINE THE COMPANY'S U.K. STATUTORY AUDITOR REMUNERATION

Under the Act, the remuneration of our U.K. statutory auditor must be fixed in a general meeting or in such manner as may be determined in a general meeting. We are asking our shareholders to authorize our Board or the Audit Committee to determine Ernst & Young LLP's remuneration as our U.K. statutory auditor. It is expected that the Board would delegate the authority to determine the remuneration of the U.K. statutory auditor for the Company's fiscal year ending March 31, 2019 to the Audit Committee in accordance with the Board's procedures and applicable law.

PROPOSAL 5 ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

We believe that our compensation policies and procedures are based on a pay-for-performance philosophy and are aligned with the long-term interests of our shareholders. However, to obtain the specific input of shareholders with respect to these policies and procedures in accordance with the provisions of the United States Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) and Section 14A of the United States Securities Exchange Act of 1934 (Exchange Act), the proposal described below provides shareholders with the opportunity to approve, on a non-binding advisory basis, the compensation of our named executive officers.

This proposal, commonly known as a Say on Pay proposal, gives shareholders the opportunity to provide input to endorse or not endorse the compensation of the Company's named executive officers. The Company's predecessor corporation, STERIS Corporation, conducted say on pay votes every year beginning in 2010 and continuing through 2015. The Company conducted a say on pay vote in 2016 and 2017 and we expect to continue to hold our say on pay votes on an annual basis. We strongly encourage you to carefully review the Compensation Discussion and Analysis and compensation tables and narrative discussions and related material beginning on page 31 of this Proxy Statement. Thereafter, we request your input on the compensation of the Company's named executive officers through your vote on the following resolution:

Resolved, that the shareholders approve, on a non-binding advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to the disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis and the tabular and narrative disclosures contained in the Company's proxy statement dated June 12, 2018

The non-binding resolution to approve the compensation of our named executive officers will be considered adopted if approved by the affirmative vote of the holders of a majority of the votes cast by shareholders represented in person or by proxy and entitled to vote thereon. Because your vote is advisory, it will not be binding upon the Board or the Compensation Committee. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions.

PROPOSAL 6 ADVISORY RESOLUTION ON DIRECTOR REMUNERATION REPORT

The Board believes that appropriate remuneration of Directors plays a vital part in helping to achieve the Company's overall objectives and, accordingly and in compliance with the Act, we are providing shareholders with the opportunity to vote on an advisory resolution approving the Director Remuneration Report included in our U.K. Annual Report.

This proposal is similar to Proposal 5 regarding the compensation of our named executive officers presented to our shareholders. However, the Director Remuneration Report is concerned solely with the remuneration of our executive and non-executive Directors and is required under the Act.

We encourage shareholders to read the Director Remuneration Report as set forth in our U.K. Annual Report and to read the Director Remuneration Policy set forth in Appendix A to our 2016 Proxy Statement, which describes in detail how our compensation policies and procedures operate and are designed to achieve our compensation objectives for our executive Director and to attract and retain high-quality non-executive Directors. Our 2016 Proxy Statement may be found on our website at <http://steris-ir.com> under Financials, SEC Filings and Proxy Filings. Additional information regarding the compensation of our executive Director and non-executive Directors can be found in the Executive Compensation and Non-Employee Director Compensation sections, respectively, of this Proxy Statement.

The Board believes that the policies and procedures articulated in the Director Remuneration Report are effective in achieving our compensation objectives for our executive Director, and serve to attract and retain high-quality non-executive Directors, and the design of our compensation program and the compensation awarded to our executive and non-executive Directors fulfills these objectives.

Because this vote is advisory, it will not be binding upon the Board or the Compensation or Nominating and Governance Committees, and payments made or promised to Directors will not have to be repaid, reduced, or withheld in the event that the resolution is not passed. The Board and the Compensation and Nominating and Governance Committees will review and consider the outcome of the vote in connection with the ongoing review of STERIS's executive Director and non-executive Director compensation programs.

The Report of the Audit Committee is set forth at page 30 of this Proxy Statement.

PROPOSAL 7 RESOLUTION TO TRANSACT SUCH OTHER BUSINESS AS MAY COME BEFORE THE MEETING

The Board is not aware of any business to be acted upon at the Annual General Meeting other than that described in this Proxy Statement. If any other business comes before the Annual General Meeting or any adjournment or postponement thereof, the proxy holders (as indicated on the accompanying proxy card or cards) will vote the proxies according to their best judgment with respect to such matters.

UNLESS OTHERWISE SPECIFIED, THE PROXY HOLDERS WILL VOTE FOR FOR ALL PROPOSALS.

In making these decisions, the Compensation Committee considers the recommendations of the President and Chief Executive Officer (with respect to other members of senior management) and the Committee's compensation consultant. The Compensation Committee also may provide input and recommendations to the Nominating and Governance Committee regarding nonemployee Director compensation. The Board and Oversight of Risk

The Board has determined that the existing leadership structure, with Mr. Wareham serving as Chairman of the Board and Mr. Rosebrough serving as President and Chief Executive Officer, as well as a director, is currently the most efficient and effective structure for the Company. The Board believes that separation of the Chairman of the Board and CEO roles provides an effective balance between management and director participation in the Board process. The Board intends to appoint Dr. Mohsen Sohi as independent Chairman upon Mr. Wareham's previously announced retirement at the time of the Annual General Meeting.

The Board of Directors and each of its standing Committees has oversight with respect to business risks identified by the Company or risks which the Directors may identify or consider based on their experience. Management of the Company is responsible for the operation of the business and the reasonable management of risks that may arise in the course of our business, and must provide the appropriate control environment, and procedures and programs to identify, detect, and reasonably manage risks encountered by the Company. While they do not conduct risk-related audits or implement risk-related procedures, the Board and its Committees endeavor to understand the Company's strategies and drivers of success, engage in a constructive dialogue with management about potential risks and risk management, and monitor the Company's internal control and compliance activities. For example: (1) the Audit Committee monitors internal controls and litigation; (2) the Compliance Committee monitors quality, regulatory and legal compliance risks; (3) the Compensation Committee provides risk oversight regarding the Company's incentive and other compensation programs and practices; (4) the Nominating and Governance Committee provides oversight regarding potential conflicts, governance and succession risks; and (5) the Board provides oversight concerning the Company's enterprise risk management process, which is our integrated, process-orientated, approach to managing key business risks. Each Committee also provides reports on risk oversight matters in its area of responsibility to the Board. In providing this oversight, the Board and Committees rely on information, opinions, reports or statements, including financial statements and other data prepared or presented by officers or employees of the Company, legal counsel, independent accountants, or other professional or expert advisors.

Our business is managed by our employees under the oversight of the Board of Directors. Except for Mr. Rosebrough, none of the Board members was an employee of the Company during fiscal 2018. The Board limits membership of the Audit Committee, Compensation Committee, and Nominating and Governance Committee to persons determined to be independent non-management directors.

The Board of Directors has established Governance Guidelines that, along with the charters of the Board committees, the Company's Code of Business Conduct and the Director Code of Ethics, provide the framework for the governance of the Company. Our Director Code of Ethics, Governance Guidelines, Code of Business Conduct, Board Committee charters and other corporate governance information are available at the Corporate Governance section of <http://steris-ir.com>. Any shareholder also may request these items in print, without charge, by contacting the Company's Secretary, c/o STERIS Corporation, 5960 Heisley Road, Mentor, Ohio 44060.

The Board of Directors has charged the Nominating and Governance Committee with helping the Company to remain in the forefront of good corporate governance. The Nominating and Governance Committee is responsible for periodically reviewing and making recommendations to the Board of Directors in connection with the Company's governance principles and practices.

Independence Standards

The Board believes that independent directors must comprise a substantial majority of the Board. It is expected that at least two-thirds of the Board should be independent. Under our Governance Guidelines, an independent director is one who meets the definition of independence as defined by NYSE listing requirements. A director will not be considered independent if he or she has a material relationship with the Company. Generally, the Board will not consider a director to be independent under the following circumstances:

The director is, or has been within the last three years, an employee of the Company, or an immediate family member of the director is, or has been within the last three years, an executive officer, of the Company;

The director or an immediate family member has received, during any 12-month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(a) The director or an immediate family member is a current partner of a firm that is our internal or external auditor; (b) the director is a current employee of such firm; (c) the director has an immediate family member who is a current employee of such a firm who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (d) the director or an immediate family member was within the last three years (but is no

longer) a partner or employee of such firm and personally worked on our audit within that time;

The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another entity where any of the present executive officers at the same time serves or served on that entity's compensation committee;

Board of Directors Information: Governance Generally

The director is a current employee, or an immediate family member is a current executive officer, of an entity that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or two percent of such entity's consolidated gross revenues; or

The director is an executive officer of a charitable organization and, within the last three years, the Company's charitable contributions in any year to the organization (exclusive of gift-match payments) exceed the greater of \$1 million or two percent of the organization's consolidated gross revenues.

Based upon the foregoing criteria, the Board of Directors determined that all of the following directors are independent within the meaning of NYSE listing requirements: Richard C. Breeden, Cynthia L. Feldmann, Dr. Jacqueline B. Kosecoff, David B. Lewis, Sir Duncan K. Nichol, Dr. Nirav R. Shah, Dr. Mohsen M. Sohi, Dr. Richard M. Steeves, John P. Wareham, Loyal W. Wilson, and Dr. Michael B. Wood. The Board of Directors also determined that each of the Compensation Committee members meets the additional requirements for independence required to be a member of the Compensation Committee under NYSE listing requirements and applicable law. The Board of Directors also has determined that each of the members of the Audit Committee meets the requirements for independence and financial literacy and possesses the accounting or related financial management expertise required to be a member of the Audit Committee under NYSE listing requirements and applicable law and is an audit committee financial expert as defined in SEC regulations.

Related Person Transactions

During fiscal 2018, we have not been a participant in, and there are not currently proposed, any related person transactions (within the meaning of, and required to be disclosed under, Item 404(a) of SEC Regulation S-K).

Our Director Code of Ethics provides that STERIS directors may not receive any loans, consulting fees, or other material personal profit or benefit in connection with any transaction involving STERIS, other than compensation, expense payments and committee fees as a director (or in the case of a director employed by the Company, compensation as an employee), as approved by the full Board. Other than such payments, a director must disclose to the Company's General Counsel any transaction, or proposed transaction, between a STERIS entity and the director, a member of the director's immediate family, or a business the director or an immediate family member owns, controls, or has a substantial interest in. Directors also may not have a personal or family financial interest in any STERIS supplier, customer, consultant, reseller or competitor that has a reasonable potential for causing a conflict of interest or divided loyalty, or resulting in material personal gain.

Our Code of Business Conduct for employees requires that relationships with third parties, as well as all business decisions, be based on what is required by law and in the best interests of STERIS, and not be motivated or influenced by personal considerations. This Code also requires that employees discuss with their supervisor or the STERIS Legal Department any activity that might create a conflict of interest, including personal financial interests that might reasonably affect their business judgment on behalf of the Company. Our Conflicts of Interest Policy also contains prohibitions with respect to conflicts of interest or transactions involving personal financial gain.

Board of Directors Information: Governance Generally

In addition, our Board has adopted a policy with respect to related party transactions. In general, this policy requires that all transactions or proposed transactions between the Company and a related party that exceed \$120,000 and in which the related party has a direct or indirect material interest, be disclosed to and ratified or approved by the Nominating and Governance Committee or by disinterested members of our full Board. Under this policy, related parties include all of our Directors and executive officers and their immediate family members, and entities owned (more than 5% ownership) by a Director, executive officer or their immediate family members. In fiscal year 2018, there were no related party transactions between us and related parties that required ratification or approval under this policy.

Governance Guidelines

Our Board adopted its Governance Guidelines to assist primarily with the proper management and governance of the activities of the Board. The following is a summary of those Guidelines. A complete copy of the Governance Guidelines may be found at the Corporate Governance section of <http://steris-ir.com>.

Term There is no limitation on the number of terms a Director may serve. However, the Nominating and Governance Committee will not ordinarily recommend a nominee for election for a term beginning on or after the nominee's 7th birthday unless it has determined that under the circumstances such nomination would be in the best interest of the Company and its shareholders. The Nominating and Governance Committee made this determination with respect to Sir Duncan K. Nichol for the 2018-2019 term.

Annual Meeting of Shareholders The Board of Directors encourages all of its members to attend the Annual Meeting of Shareholders. All of the current Directors, other than newly elected Director Dr. Nirav R. Shah, attended the 2017 Annual Meeting of Shareholders in person.

Executive Sessions The independent Directors of the Board will meet separately as a group at least every other regularly scheduled Board meeting. The Chairman or Lead Director (if the Chairman is not independent) will assume the chair of the meetings of independent Directors and assume such further tasks as set forth in the Governance Guidelines and as the independent Directors may determine from time to time. As indicated under Independence Standards above, the current Chairman has been determined to be independent.

Authority Each member of the Board has complete and open access to management. Board members are expected to use their judgment so as to not distract management from the day-to-day operation of the Company. The Board and each Committee have the authority to obtain advice, reports or opinions from internal and external counsel and expert advisors and have the power to hire independent legal, finance and other advisors as they may deem necessary, without consulting with, or obtaining approval from, any officer in advance.

Board and Committee Evaluations The Board has conducted self-evaluations as well as individual director evaluations to assess the effectiveness of the Board and its members. The Chairman (or Lead Director, if the Chairman is not independent) and the Nominating and Governance Committee coordinate these evaluations. The purpose of these self-evaluations is to increase the effectiveness of the Board and each Committee, as well as their individual members. Changes in Board committee structure, if any, are to be evaluated and recommended by the Nominating and Governance Committee, but require the concurrence of the full Board.

Majority Voting If an incumbent nominee for Director in an uncontested election does not receive the vote of at least the majority of the votes cast at any meeting for the election of Directors at which a quorum is present, and no successor has been elected at such meeting, the Director will promptly offer his or her resignation as a Director to the Board of Directors. A majority of votes cast for the purposes of this provision means that the number of shares voted for a Director's election exceeds 50% of the number of votes cast with respect to that director's election.

The Nominating and Governance Committee will make a recommendation to the Board regarding whether to accept or reject the offered resignation or whether other action should be taken. The Board will consider the offer of resignation and disclose its decision regarding the offer and the rationale for its decision within 90 days from the date of the certification of the election results. If an incumbent Director's offer of resignation is not accepted by the Board, such fact will be promptly communicated to the Director and such Director will continue to serve until a successor is duly elected, or such Director's earlier resignation or removal.

If a director's resignation is accepted by the Board then the resignation will be effective as of the date of acceptance, and the acceptance will be promptly communicated to the Director. If a Director's resignation is accepted in the foregoing circumstances, or a director otherwise resigns or is removed or fails to be re-nominated, then the Board, in its sole discretion, may fill any resulting vacancy, or may decrease the size of the Board of Directors, pursuant to the Company's Amended Articles of Association. If an election of directors is contested, a plurality voting standard shall apply to all directors.

New Director Orientation All new Directors will be provided an orientation to acquaint them with the Company's business, strategies, long-range plans, financial statements, the Governance Guidelines, and the Director Code of Ethics. New Directors will also be introduced to our senior management, internal auditor, and independent auditor. In addition, from time to time, Directors will receive information and updates on legal and regulatory changes that affect the Company, its employees and the operation of the Board. The Nominating and Governance Committee will from time to time make other recommendations regarding further educational opportunities for directors.

Attendance at Meetings In order to effectively oversee management, all Directors are expected to attend Board meetings and meetings of committees of which they are members. Directors who attend less than 75% of Board meetings and meetings of committees of which they are members for two consecutive years will be subject to assessment by the Board to determine continued eligibility for directorship.

Shareholder Communications Shareholders and other interested parties may communicate with the Board of Directors as a group, with the non-management directors as a group, or with any individual director by sending written communications to the Company, c/o STERIS Corporation, 5960 Heisley Road, Mentor, Ohio 44060-1834, Attention: Secretary. Complaints regarding accounting, internal accounting controls, or auditing matters will be forwarded directly to the chairperson of the Audit Committee. All other communications will be provided to the individual Directors or group of Directors to whom they are addressed. Communications that are considered to be improper for submission to the intended recipients will not be provided to the directors. Examples of communications that would be considered improper for submission include, without limitation, solicitations, routine Customer matters, communications that do not relate, directly or indirectly, to our business and communications that relate to improper or irrelevant topics.

Board of Directors Information: Independent Registered Public Accounting Firm

Independent Registered Public Accounting Firm

Ernst & Young LLP was appointed as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2018, by the Audit Committee of the Board of Directors in 2017. The lead audit partner from Ernst & Young LLP is expected to be present at the 2018 Annual General Meeting and will be given an opportunity to make a statement if so desired and to answer appropriate questions with respect to that firm's audit of the Company's financial statements and records for the fiscal year ended March 31, 2018.

During fiscal 2018, the Audit Committee regularly evaluated the services provided by Ernst & Young LLP. The Audit Committee discussed the services of Ernst & Young LLP privately with the Senior Vice President and Chief Financial Officer (CFO) and Vice President, Controller and Chief Accounting Officer (Controller) outside of the presence of the firm, separately with the Senior Vice President and Chief Compliance Officer outside the presence of the firm and the CFO and Controller, and with the firm outside the presence of the foregoing individuals. These discussions generally occurred at each regular Audit Committee meeting, as well as at other times.

As part of the independent registered public accounting firm appointment process for fiscal 2019, the Audit Committee conducted, with the assistance of an independent third party, a comprehensive formal evaluation of Ernst & Young LLP. The evaluation included an assessment of the following categories: quality of services provided; sufficiency of audit firm resources; communication and interaction; and independence, objectivity and professional skepticism. This evaluation was performed individually by each member of the Audit Committee. The Senior Vice President and Chief Financial Officer, the Vice President, Controller and Chief Accounting Officer, the Senior Vice President and Chief Compliance Officer (whose responsibilities include internal audit), and other members of management who regularly interacted with Ernst & Young LLP undertook a similar assessment and provided their evaluation of Ernst & Young LLP to the Audit Committee. The Audit Committee reviewed and discussed the evaluation responses from the Committee members and from management.

Also, as part of its annual independent auditor appointment process, the Audit Committee considers whether to rotate its independent registered public accounting firm. Ernst & Young LLP has been the Company's independent registered public accounting firm of STERIS plc since 2016 (and was first retained by our predecessor entity, STERIS Corporation, for the 1989 fiscal year). Ernst & Young LLP rotates its lead audit partner every five years; the Audit Committee interviews candidates proposed by Ernst & Young LLP and selects the lead audit partner from the proposed candidates. There are significant benefits to having an independent registered public accounting firm with an extensive history with the Company. These include:

Higher quality audit work and accounting advice, due to Ernst & Young LLP's institutional knowledge of our business and operations, accounting policies and financial systems, and internal control framework; and

Operational efficiencies and a resulting lower fee structure because of Ernst & Young LLP's history and familiarity with our business.

The Audit Committee has adopted policies and procedures which are intended to control the non-audit or audit related services provided by Ernst & Young LLP and to monitor their continuing independence. Under these policies, the Audit Committee must pre-approve all services performed by Ernst & Young LLP. In addition, the Audit Committee may delegate authority to grant certain pre-approvals to a member of the Committee. Pre-approvals granted by a member of the Committee are reported to the full Audit Committee at its next regularly scheduled meeting.

The aggregate fees for professional services by Ernst & Young LLP for the Company for the fiscal years ended March 31, 2018 and March 31, 2017 were:

Type of Fees	Years Ended March 31,	
	2018	2017
	(in thousands)	
Audit Fees	\$ 4,919	\$ 6,402
Audit-Related Fees	2	32
Tax Fees	2,039	511
All Other Fees	0	0
Total	\$ 6,960	\$ 6,945

All of the services provided by Ernst & Young LLP in fiscal year 2018 were pre-approved in accordance with the Audit Committee's pre-approval policies and procedures described above. In the above table, Audit Fees are fees paid to Ernst & Young LLP for professional services for the audit of the Company's consolidated financial statements included in Form 10-K and in the Company's U.K. Annual Report and review of financial statements included in Form 10-Qs, for the audit of the Company's internal control over financial reporting and for services that are provided by the accountant in connection with statutory audits; Audit-Related Fees include fees billed by Ernst & Young LLP for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements, benefit plan audits and access to technical research tools; and Tax Fees include fees for tax compliance, tax advice and tax planning.

The 2017 audit fees paid to Ernst & Young LLP were reflective of the incremental effort associated with the firm's initial evaluation of the internal controls associated with the Combination. The 2018 audit fees are more reflective of a recurring audit effort. The 2018 tax fees paid to Ernst & Young LLP increased significantly as a result of management initiated tax advice and tax planning projects beneficial to the Company.

Board of Directors Information: Report of the Audit Committee

Report of the Audit Committee

The Audit Committee has been established in accordance with the Exchange Act. The Board of Directors of the Company has adopted a written Audit Committee charter. A copy of the Audit Committee's charter may be found at the Corporate Governance section of <http://steris-ir.com>. Based on the review and determination of the Board, members of the Audit Committee meet the financial literacy and independence criteria to serve on the audit committee of a public company. The Audit Committee met eight times during fiscal 2018 and holds executive sessions following each regular quarterly meeting.

The Audit Committee has reviewed and discussed with the Company's management and Ernst & Young LLP, the Company's independent registered public accounting firm, the audited financial statements of the Company contained in the Company's Annual Report on Form 10-K for the year ended March 31, 2018 and U.K. Annual Report. The Audit Committee has also discussed with the Company's independent registered public accounting firm the matters required to be discussed pursuant to Auditing Standard No. 1301.

The Audit Committee has received and reviewed the written disclosures and the letter from Ernst & Young LLP required by the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with the Audit Committee concerning independence, and has discussed with Ernst & Young LLP their independence. The Audit Committee has also concluded that Ernst & Young LLP's provision of non-audit services to the Company is compatible with their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2018 filed with the Securities and Exchange Commission.

The Audit Committee evaluated Ernst & Young LLP in connection with its consideration of the appointment of an independent registered public accounting firm in connection with its reappointment of the firm for fiscal 2019. Based upon the evaluation and considerations described in the Section Independent Registered Public Accounting Firm that begins on page 28, the Audit Committee recommends that the Company's shareholders ratify the reappointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2019.

Other actions regularly undertaken by the Audit Committee during the fiscal year include: pre-review and discussion with management of Form 10-Qs filed by the Company with the SEC, pre-review and discussion with management of Company earnings releases, annual review of internal controls over financial reporting (ICFR), critical accounting policies and pronouncements (including the recently implemented revenue recognition standard) as well as other important financial accounting and reporting issues.

In addition, the Audit Committee, with the assistance of an independent third party, undertook a self-evaluation of its performance and effectiveness during fiscal 2018.

Executive Compensation: Compensation Discussion and Analysis

General Compensation Philosophy

Our management compensation programs are designed to align management's interests with the long-term interests of shareholders and to support and promote the achievement of our goals and objectives by helping to recruit and retain executive talent required to successfully manage our business. Our management compensation programs also seek to align compensation with individual and Company performance to achieve the goals and objectives of the business by providing and balancing incentives for annual financial performance as well as the generation of long-term value, growth and profitability.

Our general compensation philosophy includes the following principles:

- Be performance based, with variable pay constituting a significant portion of total compensation,
- Create commonality of interest between our executives and shareholders by aligning realized compensation with changes in shareholder value,
- Focus on encouraging growth in the setting and attainment of our short- and long-term objectives,
- Reward our executives for long-term improvement in shareholder value,
- Attract, retain and motivate highly skilled executives,
- Build a strong talent base to reinforce our succession planning objectives,
- Be competitive with companies in our peer group,
- Maximize the financial efficiency of the overall program,
- Ensure that corporate governance practices and the impact of our say on pay proposals are upheld, and
- Avoid incentive compensation designs that may lead to excessive risk taking.

The Committee also believes that it must maintain flexibility in establishing compensation practices to allow it to address compensation trends, competitive issues, business needs, industry and the broader economic environment, and special situations that will be encountered in the recruitment, retention, and promotion of employees. Therefore, the compensation practices approved by the Committee will likely vary from year to year and from person to person, depending on the particular circumstances.

Table of Contents**Executive Compensation: Compensation Discussion and Analysis****Compensation Governance Practices**

The Company maintains several best practices in compensation governance, some of which are summarized in the table below. A more detailed discussion of certain of these practices appears subsequently in the Compensation Governance section of this Compensation Discussion and Analysis and other of these practices are mentioned in other portions of this Proxy Statement.

What the Company Does	What the Company Doesn't Do
Hold an annual say on pay advisory vote for shareholders.	Provide employment agreements to U.S. executives.
Engage independent outside compensation consultants and utilize market and industry data to ensure we compensate fairly and competitively, but not excessively.	Permit hedging or pledging or short sales of Company shares.
Mitigate undue risk-taking by using multiple performance metrics, imposing caps on payouts, employing clawback policies for annual incentive and equity awards, and performing annual compensation risk assessments.	Reprice underwater stock options.
Utilize only double trigger vesting of equity awards for change in control situations.	Provide discretionary accelerated vesting of equity awards.
Provide multiyear vesting for equity awards.	Provide excessive benefits or perquisites to executives.
	Provide gross-ups for Code Section 280G excise taxes that may be imposed on severance or similar payments made in connection with a change in control.

Regularly review compensation, especially incentive design, to ensure continued alignment with company strategy and shareholder interests.

Set meaningful stock ownership guidelines for the Chief Executive Officer and other executives.

Use an appropriate mix of cash and non-cash compensation, with an emphasis on variable (at risk) compensation.

Consideration of 2017 Say on Pay Vote Results

The Committee reviewed the results of our 2017 say on pay vote, in which our named executive officer compensation was supported by more than 96% of the shares voted on the matter. After taking into consideration the strong support for our executive compensation program reflected in our annual say on pay vote results, the Committee decided to continue to apply the same philosophy, compensation objectives, and governing principles as it has used in recent years when making subsequent decisions or adopting subsequent policies regarding named executive officer compensation. Also, after taking into consideration this strong support, the Committee decided to continue using the same executive pay structure of base salary, cash bonus and a mix of restricted stock and options.

We also received comments that our equity award program could be enhanced by making modifications regarding performance based equity awards. After undertaking a lengthy review of

[Notice of Annual Meeting of Shareholders](#) and 2018 Proxy Statement 33

Table of Contents**Executive Compensation: Compensation Discussion and Analysis**

potential performance based equity award designs, we decided to modify our stock option award program by granting stock options at premiums of 10% above grant date market value, beginning in fiscal 2019. Also beginning with fiscal 2019 awards, options will comprise at least 50% in value of each executive officer's equity awards and will be at the 65% level for most named executive officers.

The Committee has solicited the input of our shareholders regarding our executive compensation program at every Annual Meeting since the 2010 Annual Meeting of Shareholders through a non-binding advisory say on pay proposal, and will continue to seek shareholder input on our executive compensation in accordance with the provisions of the Dodd-Frank Act, at the 2018 Annual General Meeting.

The following table shows the results of the say on pay vote by the Company's shareholders (and the shareholders of STERIS Corporation in respect of periods prior to the Combination) for 2013 through 2017.

	2017	2016	2015	2014	2013

Frederick W. Cook & Co., Inc. (FW Cook) has served as the Compensation Committee's compensation consultant since November, 2016. For fiscal year 2018, as required by the NYSE listing standards, the Compensation Committee considered various independence factors and potential conflicts of interest with respect to the compensation consultant and found the compensation consultant to be independent and that no conflicts of interest existed.

Principal Components of Compensation for Named Executive Officers

For the named executive officers, our compensation program is designed to recruit and retain management and align compensation with individual and Company performance on both an annual and longer-term basis. In addition, compensation of our named executive officers is generally structured to provide a significant portion of the compensation opportunity on the basis of the long-term performance of STERIS stock, as well as business performance and other factors that influence shareholder value. Based on this general compensation philosophy, the Committee has established compensation for our named executive officers consisting of the following principal components:

Compensation Component	Description	Objectives
Base Salary	Fixed compensation that is reviewed annually and is based on performance, experience, responsibilities, skill set and market value.	Provide a base level of compensation that corresponds to the job function performed. Attract, retain, reward and motivate qualified and experienced executives.
Annual Incentive Compensation	At-risk compensation earned based on performance measured against pre-established annual goals.	Incentivize executives to achieve annual goals that ultimately contribute to long-term Company growth and stockholder return.

Goals are based upon Company-wide financial results as well as goals personal to the executive's position.

Equity Compensation

At-risk compensation in the form of restricted stock awards whose value fluctuates according to stockholder value and stock options whose value is solely dependent upon increases in share price.

Align executive interests with those of stockholders.

Reward continuous service with the Company.

Award vests based on continued service.

Incentivize executives to achieve goals that drive Company performance over the long-term.

Service requirements exceed market.

Other Benefits and Perquisites

Broad-based benefits provided to Company employees (e.g., health and group insurance), a defined contribution plan and other personal benefits where appropriate.

Provide a total compensation package that is competitive with the marketplace and addresses unique needs and special situations.

Executive Compensation: Compensation Discussion and Analysis

The charts below illustrate the relative opportunities between fixed compensation, consisting of base salary, and variable compensation, consisting of bonus, stock options and restricted stock for fiscal 2018. The first chart shows the opportunity for the CEO and the second shows the average opportunities for the other named executive officers. Base salaries are those shown in the Fiscal 2018 Summary Compensation Table. Bonus amounts shown are for fiscal 2018. Values shown in the charts for restricted stock and stock option awards reflect the fair market value based upon the NYSE composite closing price and the grant date fair value under FASB ASC topic 718, respectively, as of the effective dates of grant. Differences in pay mix between the named executive officers are driven by market median pay levels that are used to determine named executive officer target pay opportunities, consistent with the Company's pay philosophy and objectives, as well as other factors such as performance, experience and the complexity and responsibilities of the position.

Amounts shown are based upon figures appearing in the Fiscal 2018 Summary Compensation Table that begins on page 51.

The realized value of variable compensation will depend upon actual Company performance.

Process for Determining Senior Management Compensation

In General

Senior management compensation is generally reviewed and established on an annual basis by the Committee. Our fiscal year ends on March 31. Therefore, Committee members typically begin the assessment of compensation for senior management near the end of the fiscal year. The Committee typically meets again early in the new fiscal year to evaluate the performance of the Company and our named executive officers, and based on that evaluation of Company performance and individual evaluations, to determine bonus amounts, if any, for the recently completed fiscal year, and finalize base salaries, set bonus criteria, and approve equity awards for senior management for the new fiscal year.

For fiscal year 2018, the Company's compensation consultant assisted with the annual compensation reviews, providing historical and prospective views regarding total compensation for our executive officers. The consultant reports to the Committee for senior management compensation matters and is charged with providing the Committee with competitive pay data and compensation trends, analysis

and recommendations. Base salaries, cash bonus levels, equity compensation, and total compensation of senior management are examined against data from multiple sources and surveys developed and provided by the consultant, as described below. The Committee targets the payment of base salaries, cash bonuses and equity compensation and total direct compensation within a general range of 10% above or below the market median of those components. Actual bonus payments and realized equity values will vary based upon Company performance. This is a guideline around which there is likely to be variation, depending on individual factors and business results. Factors used in the process of assessing and determining senior management compensation include individual and team performance, scope of responsibilities and accountability, competitive and other industry compensation data, special circumstances and expertise, business performance, and comparison with compensation of our other senior managers. The CEO also provides recommendations to the Committee for compensation adjustments for the other senior managers.

Peer Group and Survey Data

The Committee and the Committee's compensation consultant review market data relating to compensation to help assess the compensation of our senior executives, including each of the named executive officers. This review includes the consultant's analysis of proxy data from certain healthcare equipment and supply companies similar in size to the Company (see peer listing below), information derived from compensation surveys, including companies from healthcare and technology industries, and other executive compensation data maintained by the consultant. This data is adjusted by the consultant to reflect the Company's relative size. Peer group data is used for executive pay benchmarking purposes for the Company's CEO and CFO. The survey data also is utilized for executive pay benchmarking purposes for the Company's CEO and CFO, as well as for all of the other named executive officers. The Committee evaluates this data with the assistance of its compensation consultant to develop for each executive position target ranges for base salary, incentive compensation (cash bonus), and long-term equity compensation, as well as total direct compensation. These target ranges reflect market median pay consistent with the Company's pay philosophy. In the fourth quarter of fiscal year 2017, FW Cook reviewed with the Committee the peer group proposed to be used for executive pay benchmarking purposes for the Company's CEO and CFO for fiscal year 2018. The compensation consultant regularly reviews the group with the Committee to ensure that the companies comprising the peer group continue to be appropriate. In selecting recommended peers, the compensation consultant focused on companies that are in the health care equipment and supply industries, markets reflective of the Company's primary business and where we often compete for senior executive talent. Also, size measures considered to construct the peer group for fiscal year 2018 included the following:

Revenue between \$1.0 billion and \$6.0 billion

Operating income between \$100 million and \$1.1 billion

Market capitalization between \$1.5 billion and \$17.0 billion

No relative weighting was given to any one of these factors in determining peers. Rather, potential peer companies were included based on how well they met all of these factors. In constructing the peer group, the consultant also

endeavored to obtain a median peer company that was reflective of the Company's size as a result of the Combination.

As a result of this analysis, the consultant recommended that Alere, Inc., Edwards Lifesciences and St. Jude Medical be deleted from the peer group for fiscal 2018 and that The Cooper Companies, Inc.

and Halyard Health, Inc. be added to generate the peer group comparison compensation data for the Committee for fiscal year 2018. These recommendations were approved by the Committee. As a consequence, the Company's peer group for fiscal 2018 was comprised of the following:

Bio-Rad Laboratories, Inc.	Hill-Rom Holdings, Inc.	ResMed Inc.
Bruker Corporation	Hologic Inc.	Stericycle, Inc.
The Cooper Companies, Inc.	IDEXX Laboratories Inc.	Teleflex Incorporated
CR Bard, Inc.	Patterson Companies, Inc.	Varian Medical Systems Inc.
Dentsply International Inc.	PerkinElmer Inc.	Waters Corporation
Halyard Health, Inc.		

All of the peer group companies operate businesses generally similar to STERIS and to varying degrees met the Company's peer group size criteria. On balance, STERIS's actual or projected financial and other criteria at December 31, 2016 generally fell within a reasonable range around the peer group's medians in terms of annual revenue (STERIS: \$2.6 billion or 55th percentile), market cap (STERIS: \$5.7 billion or 38th percentile) and Operating Income (STERIS: \$373 million or 49th percentile).

The following table, which is based upon information provided by FW Cook, shows the metrics and the rankings of the Company relative to its fiscal 2018 peer group in January 2017 when the fiscal 2018 peer group was selected:

	Revenues (Trailing Twelve Months)	Market Cap (12/31/2016)	Operating Income
Median	\$ 2.27 billion	\$ 7.10 billion	\$ 379 million
Company	\$ 2.59 billion	\$ 5.70 billion	\$ 373 million
Company Percentile Rank	55%	38%	49%

2018 Compensation Decisions

The Committee's consideration of the primary elements of compensation (base salary, incentive compensation (cash bonus) and equity compensation) for all of the named executive officers is based upon a combination of common criteria and measures applicable to all of the officers, as well as individual goals and objectives applicable specifically to each officer. For fiscal 2018, the Committee considered and applied a number of common criteria and measures to evaluate the named executive officers, including:

Consolidated Company as well as business unit financial performance;
Prior individual performance and compensation;
The complexity and scope of responsibilities of the officer's position, as well as any changes in the officer's role, responsibilities or duties;

The officer's overall experience as well as experience with STERIS;
Market and survey data provided by the consultant;

In the case of the CEO, the Committee's evaluation of his individual performance after receiving input from the other non-executive Directors; and

In the case of the other named executive officers, the CEO's assessments and recommendations regarding individual performance.

Individual goals and objectives varied for each named executive officer based on his area of responsibility. Although these goals and objectives are all considered important, they are not assigned any particular weight for incentive compensation purposes. In fiscal year 2018:

Mr. Rosebrough's individual goals and objectives related to acquisitions and divestitures and integration, legal and regulatory compliance, Customer relations, quality, new product introduction, employee relations and retention, organizational development, safety performance, process improvement, investor relations, profit, cash flow, and ROIC.

Mr. Tokich's individual goals and objectives related to financial reporting and compliance, working capital initiatives, investor relations, cost management, acquisitions and divestitures and integration, information technology initiatives, employee relations and retention, business strategy initiatives, profit, cash flow and ROIC, and safety performance.

Mr. Carestio's individual goals and objectives related to acquisitions and divestitures and integration, regulatory compliance, business unit financial performance, business unit organizational leadership, Customer relations, employee relations and retention, new product introductions, quality leadership, profit, cash flow and ROIC, and safety performance.

Mr. Zangerle's individual goals and objectives related to acquisitions and divestitures and integration, legal and regulatory compliance, Customer relations, employee relations and retention, cost of legal and regulatory compliance, and safety performance.

Dr. Coward's individual goals and objectives related to acquisitions and divestitures and integration, regulatory compliance, business unit financial performance, business unit organizational leadership, Customer relations, employee relations and retention, new product introductions, quality leadership, profit, cash flow and ROIC, and safety performance.

As CEO, Mr. Rosebrough has the broadest complexity and scope of responsibilities, as he has oversight for all aspects of our operations. Our other named executive officers, as well as other senior managers, report directly to Mr. Rosebrough. As a result of these various factors, individual performance against these factors, the individual's roles and scope of responsibilities, and the Company's performance, each element of compensation will necessarily vary between the named executive officers.

The Committee believes that our underlying executive compensation program is appropriate to reflect annual financial performance as well as rewarding and motivating behaviors that can create long-term shareholder value. For fiscal year 2018, the Committee evaluated the performance of the named executive officers, applying in each case the common criteria and measures and individual goals and objectives described above, as well as the Company's actual performance against the targeted financial performance for payment of the incentive compensation. As a result, the Committee approved the fiscal year 2018 compensation described in the following pages for each of the named executive officers.

40 [Notice of Annual Meeting of Shareholders](#) and 2018 Proxy Statement

Table of Contents**Executive Compensation: Compensation Discussion and Analysis***Base Salary:*

The payment of base salary is not directly tied to achievement of pre-established financial goals. The Committee considers a number of factors in determining base salary, including previous individual performance, the consultant's data regarding compensation trends and practices, base salaries paid by other medical device, hospital supply, and other public operating companies, the complexity and responsibility of the executive's position, and the executive's overall experience and achievements against objectives, as well as the general and industry market for executive talent. While the market median may serve as a general guideline, other factors such as experience, time in position, complexity of functions, competitive environment, special skills and past performance are also considered. The Committee believes that base salaries for executives with significant experience and strong past performance should generally fall within the range of plus or minus 10% of the market median for similar positions of public operating companies based on survey data. Based on these considerations and the Company's fiscal year operating plan (including the Company's planned merit increase budget), information from the consultant, and recommendations of the CEO with respect to compensation adjustments for the other named executive officers, the Committee determines the appropriate salary level for the named executive officers. Changes in salary levels are generally effective at the end of the first fiscal quarter or beginning of the second fiscal quarter. The Board of Directors also reviews the compensation actions of the Committee.

The CEO's base salary was increased by \$20,000 from \$845,000 to \$865,000, or approximately 2.4%, effective in the second quarter of fiscal 2018. His salary increase reflected the Committee and Board's assessment of his individual performance, his salary increase recommendations for other senior executives, and the Company's overall salary increase budget for executives and other associates. Data provided by the compensation consultant indicates that Mr. Rosebrough's base salary continues to approximate the 25th percentile of peer companies and the market median for similar positions according to the survey data.

With respect to the other named executive officers, the Committee applied the common criteria and results of individual performance objectives described above under Executive Compensation Overview, including the evaluation and recommendation of the CEO regarding individual performance results as well as the survey data from the consultant, to assess base salaries for each officer. In addition, Mr. Carestio received a base salary increase in the latter portion of fiscal 2018 reflecting his assumption of additional responsibilities.

The following table reflects fiscal 2017 and 2018 base salaries of the named executive officers and the percentage increase in base salary of each named executive officer.

	Fiscal 2017	Fiscal 2018	Percentage
Name	Base Salary	Base Salary	Increase

Walter M Rosebrough, Jr.	840,000	859,616	2.3%
Michael J. Tokich	456,250	472,308	3.5%
Daniel A. Carestio	347,500	378,558	8.9%

Annual Incentive Compensation (cash bonus):

The Company's incentive compensation plans are generally designed to set target bonus opportunities to reflect the market median for comparable positions and to produce median cash bonus

compensation if target results are achieved. Bonus opportunities also are structured to be sufficient to produce top quartile cash compensation when maximum goals are achieved. If threshold levels of performance are not exceeded, executives earn no bonus and their resulting compensation levels are in the bottom quartile. The foregoing performance to compensation relationships are all consistent with the Company's pay-for-performance philosophy.

In fiscal 2018, all members of senior management who were executive officers of the Company at the beginning of the fiscal year, including all named executive officers, participated in the Company's Senior Executive Management Incentive Compensation Plan (SEMICP or Bonus Plan). Also, in fiscal 2018 the Committee adopted a new maximum payment amount for the SEMICP based upon the financial metric Adjusted Net Income . Incentive compensation otherwise payable under the SEMICP for each executive was limited to the smallest of (i) a value equal to a specified percentage of the Company's Adjusted Net Income for the fiscal year, (ii) two and one-half (2-1/2) times the participant's annual base salary or (iii) two million five hundred thousand dollars (\$2.5 million).

The specified percentage for Mr. Rosebrough was 1% of Adjusted Net Income and the specified percentage for all other participating executive officers was 0.5% of Adjusted Net Income. Adjusted Net Income was defined as the Company's Net Income from continuing operations as reported in the Company's Consolidated Statement of Income (Income Statement) for the Performance Period, adjusted as follows for those items specified by the respective amounts as reported in the Company's Income Statement for the Performance Period: (i) add income tax expense, (ii) add interest expense, (iii) subtract interest income and miscellaneous expense, net, (iv) add depreciation, depletion, and amortization expense, (v) add goodwill impairment charges, (vi) add losses on the sale of businesses, (vii) subtract gains on the sale of businesses, and (viii) add restructuring charges, net.

Adjusted Net Income for fiscal 2018 was \$597.7 million. As a result, each SEMICP participant was entitled under the threshold limitations described above to receive incentive compensation equal to a maximum of two and one-half (2 1/2) times the participant's annual base salary.

The Committee also approved additional metrics for the SEMICP for fiscal 2018 participants. These additional metrics are described below and were essentially the same measures as those utilized by the Company in prior years. An individual's annual incentive compensation target (target bonus level) was expressed as a percentage of base salary received. The incentive compensation target bonus level was based upon each participant's level of responsibility.

Target bonus levels as a percentage of base salary for fiscal 2018 were as follows for each named executive officer:

Name	Fiscal 2018 Target Level
Walter M Rosebrough, Jr.	120%

Michael J. Tokich	70%
Daniel A. Carestio	60%
J. Adam Zangerle	60%
Dr. Adrian Coward	60%

For fiscal 2018, the target bonus for our CEO was increased from 110% to 120% of base salary, slightly below the median levels for target bonuses for CEOs of peer companies and 10% above the

Executive Compensation: Compensation Discussion and Analysis

market median of survey data. His fiscal 2018 bonus was based on performance against full fiscal year 2018 financial objectives, and could range from 0% to 200% of his target bonus based on actual performance, with the Committee having discretion to modify Mr. Rosebrough's bonus based upon performance against individual objectives. This discretion was not applied to his 2018 bonus (i.e., no individual adjustment was made).

Financial targets for the additional metrics were based on our operating plan financial metrics for the 2018 fiscal year, as reviewed with the Committee and approved by the Board. The Committee and the Board evaluate the annual operating plan and consider financial metrics important to shareholder value and that support the overall strength and success of the Company's business. After consideration of the consultant's compensation data, the recommendation of management, and approval of the Company's operating plan, the Company financial performance metrics described below were identified and approved by the Committee to establish criteria for calculating bonus compensation targets under the Company's incentive compensation plans.

Consistent with STERIS's practices for the past several years, for fiscal year 2018 the Committee determined the applicable additional financial metrics and weighting to be:

75% weighting earnings before interest and taxes (EBIT), and

25% weighting free cash flow (which we define as cash flow from operating activities less purchases of property, plant, equipment and intangibles, net, plus proceeds from the sale of property, plant, equipment and intangibles), excluding in each case the effect of amounts related to the following special items that the Committee considers not representative of ongoing operations: impairment and restructuring charges, goodwill impairment charges, amortization and impairment of purchased intangible assets, loss from fair value adjustment of acquisition related consideration, gains or losses on sales of assets outside the ordinary course of business, gain or loss on sales or divestiture of a subsidiary, costs associated with divestiture of discontinued operations, acquisition-related costs, and other special or one-time regulatory, tax, litigation, settlement, pension, benefit, or governmental charges, costs or expenses, and the effects of other such items. We chose the two metrics, EBIT and free cash flow, because we believe these two operating metrics are the most representative short-term measure of long-term shareholder value creation; we view EBIT as the key driver of our ultimate bottom line earnings and utilization of a free cash flow objective is intended to incent management to appropriately manage non-income cash/balance sheet items (in addition to earnings) like inventory, accounts receivable, accounts payable and capital spending.

Under the Bonus Plan, the fiscal year 2018 financial performance objectives were as follows: target performance for EBIT and free cash flow for 100% payout under the approved targets for the Bonus Plan for the year were \$516.2 million and \$297.2 million, respectively. The Bonus Plan also required a minimum EBIT of \$461.2 million before any payment would be made under the Plan to any of the named executive officers; attainment of or below the minimum EBIT level would not result in any Plan payment. Free cash flow payout percentage was limited to the EBIT payout percentage until EBIT exceeded the target objective of \$516.2 million, and a minimum free cash flow of \$267.2 million was required before any payment could be made pursuant to the free cash flow metric. The maximum performance recognized and incentive compensation payable was capped at 200% of target performance. To achieve

this performance level, EBIT of \$561.2 million and free cash flow of \$327.2 million would have been required.

[Notice of Annual Meeting of Shareholders](#) and 2018 Proxy Statement 43

Table of Contents**Executive Compensation: Compensation Discussion and Analysis**

Actual financial performance against Plan criteria for fiscal year 2018 was EBIT of \$403.5 million on a U.S. GAAP basis and free cash flow of \$294.3. Actual financial performance against the Bonus Plan criteria for fiscal year 2018, as such criteria were adjusted for the special items discussed above, was EBIT of \$513.4 million and free cash flow of \$308.0 million. This performance resulted in a weighted aggregate performance achievement of 95% against targeted Plan criteria for the year. The following table shows the financial metrics for the year and Plan financial attainment percentages for the same period for named executive officers (these financial metrics are consistent with these adjusted metrics contained in the Company's announcement of its financial results for its fiscal 2018 fourth quarter and full fiscal year):

Executive Compensation: Compensation Discussion and Analysis

Following the end of the fiscal year, the Committee reviewed the incentive compensation plan terms and criteria and approved bonuses calculated using an aggregate 95% financial achievement level based upon the adjusted financial metrics described above. After also considering individual performance (including business unit performance where applicable) against the objectives for each named executive officer described above in the 2018 Compensation Decisions section of this Compensation Discussion and Analysis, the following incentive compensation awards for fiscal year 2018 were approved:

CEO payment of \$979,962, based on performance against applicable plan criteria and personal goals and objectives for fiscal 2018 (95% of target bonus opportunity); and

4 other named executive officers an aggregate payment of \$1,079,029, based on performance against the applicable plan criteria and individual goals and objectives (individual bonuses ranged from 95% to 123.5% of target bonus opportunities).

Long-Term Equity Incentive Compensation:

Equity incentives are considered necessary to attract and retain employees critical to our continuing, long-term success, as well as providing employees significant alignment of interest with our shareholders. The Committee views nonqualified stock options, stock appreciation rights, restricted stock and restricted stock units as a direct link between management and shareholders. Equity incentives are provided under the Company's 2006 Long-Term Equity Incentive Plan (the 2006 Plan). The 2006 Plan was initially approved by shareholders of STERIS Corporation in July of 2006. The Plan was amended and restated and assumed by the Company effective November 2, 2015 in conjunction with the Combination (and has since been further amended and restated by the shareholders). Also, in connection with the Combination, all outstanding awards under the 2006 Plan in respect of STERIS Corporation Common Shares were converted into equity awards for the same number of STERIS plc Ordinary Shares with the other terms and conditions of the awards remaining the same.

With respect to the amount and type of equity incentives provided to each recipient, the Committee generally considers its compensation consultant's data regarding competitive trends and practices, the award recipient's salary and level within our organization, the nature and complexity of the position, the recommendation of the CEO, and the Committee's own evaluation of the performance of named executive officers, since the Committee members generally have an opportunity to observe their performance and have information on the level of past awards. The Committee ultimately decides the amount and mix of long-term compensation (stock options, stock appreciation rights, restricted shares, restricted share units and other types of equity awards) granted to each named executive officer, other corporate officers, and any other executives who report to the CEO, with input from the CEO.

For the past several years, long-term equity awards to each named executive officer have generally consisted of stock options and restricted stock. In keeping with the Company's approach, the consultant has developed long-term equity awards guidelines for consideration by the CEO and Committee for senior management. The CEO and Committee also consider other factors in determining award mix, including retention concerns and the executive's current equity holdings compared to the Officer Stock Ownership guideline requirements (discussed subsequently) for Company

stock, since stock options do not count toward the Officer Stock Ownership guidelines.

Executive Compensation: Compensation Discussion and Analysis

The consultant's long-term equity guidelines place more emphasis on options than restricted stock. This is consistent with the Company's pay-for-performance philosophy as all value earned through stock options is solely dependent upon an increase of our stock price, which reflects investors' views on the Company's financial performance and long-term prospects. The Committee believes that options provide a strong linkage to the Company's performance because the executive benefits only if and to the extent the Company's stock price increases and the vesting provisions help prevent executives from fully capitalizing on near-term increases in stock values. The 2006 Plan provisions prohibit stock options from being granted at option prices less than 100% of fair market value of the underlying shares on the grant date and prohibits options from being re-priced. Beginning in fiscal 2019, option prices for stock option awards will be fixed at 110% of the grant date fair market value of the underlying ordinary shares.

The Committee believes that the vesting requirements for Company equity awards are more restrictive than those required generally by other companies both in terms of the length of the vesting period (generally four years) and the use of cliff vesting for the majority of restricted stock awards. Restricted stock awards made to persons who have attained age 55 and have at least five years of service generally vest on a prorata basis over a four year period. Beginning with fiscal 2019 awards, restricted stock awards to persons who have at least twenty-five years of service also will generally vest on an annual prorata basis over a four year period. Restricted stock awards to most executive officers, including all named executive officers, made for fiscal 2018 also included an additional vesting requirement that Company Adjusted Net Income exceed \$300 million. Unless this requirement was satisfied, all restricted stock subject thereto would have been forfeited. The Committee determined that the additional requirement has been satisfied. However, the restricted stock continues to be subject to the regular time-based vesting provisions.

The approval of long-term equity incentive compensation is typically made early in the fiscal year (April or May) and effective as of the day after the date of filing of the Company's 10-K filing for its prior fiscal year. The compensation consultant provides survey data for long-term incentives, reflecting market median data and provides the Committee with equity award guidelines based upon this data. For these purposes, for fiscal 2018 awards the consultant used a \$69.00 per share value based upon an analysis of the average daily closing price for the Company's stock at various times during fiscal year 2017. This value and the other information were then used in determining the number of options and restricted shares to be awarded and values were not modified to reflect any subsequent increase or decrease in value of the Company's stock as of the award approval date or effective date of the grant. This is consistent with the methodology used in previous fiscal years. The Compensation Committee has since adopted a new methodology. For fiscal year 2019, share values to be utilized for annual awards were determined shortly before the grant dated based upon Company share price averages over a predetermined period following the Company's announcement of its fiscal year 2018 financial results.

The value of Mr. Rosebrough's fiscal year 2018 equity grants was somewhat below the median of the peer group and survey data provided by the consultant. Because of market factors and the broader complexity and scope of responsibilities of his position, Mr. Rosebrough's long-term equity compensation is greater than the other named executive officers.

Table of Contents**Executive Compensation: Compensation Discussion and Analysis**

As part of its oversight of the long-term equity award program, the Committee and management annually review data from the consultant regarding the cost of the program in terms of burn rate, dilution (overhang) and aggregate equity cost. The Company's total burn rate associated with fiscal 2018 equity awards, the three year average burn rate, and the P&L expense associated with the equity awards all approximate the peer group median. On balance, the Committee believes it has prudently managed the equity program in support of the shareholders interests.

Fiscal 2018 awards to the named executive officers under the 2006 Plan were as follows:

Name	Number of		Aggregate Award
	Restricted Shares	Stock Options	Fair Values
Walter M Rosebrough, Jr.	16,000	136,000	3,298,647
Michael J. Tokich	6,000	32,000	948,426
Daniel A. Carestio	5,500	18,000	697,264
J. Adam Zangerle	6,000	14,000	675,048
Dr. Adrian Coward	3,000	10,000	383,087

Benefit Programs and Perquisites:

Our named executive officers, other than Dr. Coward, are eligible to participate in a number of benefit programs, including health, disability and life insurance programs and a qualified 401(k) plan, all of which also are available generally to employees in the United States. Pursuant to the provisions of Dr. Coward's Service Agreement and consistent with U.K. practice, Company affiliates made contributions on behalf of Dr. Coward for health insurance and life insurance and disability coverage, as well as pension contributions to a defined contribution pension plan maintained by Synergy Health. Because of changes in UK law, pension contributions on behalf of Dr. Coward have been reduced and he is receiving a pension allowance in lieu of the amount of the pension reduction. Named executive officers have no special retirement benefit arrangements such as supplemental retirement plans or excess or restoration retirement benefit plans.

At one time the Company maintained a nonqualified deferred compensation plan permitting named executive officers and other management employees to defer their compensation. Contributions under that plan have been frozen. None of the named executive officers are participants in that plan. The Company maintains no other retirement or deferred compensation arrangements for named executive officers.

Named executive officers and other senior employees may also participate in other benefit programs, including an employee relocation program and a Senior Executive Severance Plan (see page 58 for a description). The Senior Executive Severance Plan covers all of the named executive officers.

The Company has approved perquisites for a limited number of senior managers, including our named executive officers. Approved perquisites include a tax preparation/financial planning allowance and car allowance. Certain of our US based executive officers also are provided with Company paid U.K. tax preparation and U.K. tax advice services. The Committee has also approved club dues and limited personal use of private aircraft by the CEO. The

values of these perquisites are included in the Fiscal 2018 Summary Compensation Table under "All Other Compensation" on page 51. These benefits are generally offered by the Company's peers and other companies across various industries, and the Committee considers the value of these benefits to be relatively modest compared to the overall value of the compensation provided to officers.

Executive Compensation: Compensation Discussion and Analysis

Agreements Regarding Named Executive Officer Compensation

The Committee reviews and approves, or makes recommendations to the Board to approve, any agreements with the named executive officers relating to compensation or separation payments. The Company (including its subsidiaries) has no employment agreements with U.S. executives. Dr. Adrian Coward, a U.K. resident, has a legacy Service Agreement with Synergy Health that was in force prior to the Combination and has since been continued and amended. The named executive officers are party to equity award agreements and covered by a Senior Executive Severance Plan and other plans described in the succeeding pages. These agreements and plans are discussed, in part, in the section of this Proxy Statement entitled Potential Payments to Named Executive Officers upon Termination of Employment or Change in Control. The Committee believes that employment or other special agreements regarding senior management compensation for US-based executives should generally be limited to special circumstances.

Compensation Governance

We maintain several compensation governance best practices, some of which are summarized in the table that begins on page 33. A more detailed discussion of certain of these practices appears below and other of these practices are mentioned in other portions of this Proxy Statement.

Risk Assessment

The Committee has reviewed the Company's employee compensation policies and practices and determined that the same are not reasonably likely to have a material adverse effect on the Company. This determination was based in part on a review of compensation practices and programs conducted by the Committee's current compensation consultant, FW Cook, and by management, with risk being evaluated from several perspectives, including pay mix, award time horizons, award limitations including caps, metric structure, metric alignment with business strategy, payout cliffs, and other practices or policies that mitigate risk-taking. Other risk mitigating factors reviewed included clawbacks, stock ownership guidelines and stock retention policies, anti-hedging and pledging policies and equity grant practices, as well as more specific factors with respect to sales and service incentive plans.

Clawback and Related Provisions for Annual Incentive Compensation and 2006 Plan Equity Awards

The Company's SEMICP and Management Incentive Compensation Plan (cash incentives) contain clawback provisions. Under these provisions, if the Company's financial statements for any fiscal year are required to be restated due to material noncompliance with any financial reporting requirement as a result of intentional misconduct of a participant, the participant is required to forfeit or return, as applicable, at the request of the Board or Committee, all or a portion of the participant's award. The amount to be recovered is the amount of the award in excess of that which would have been payable had the financial statements initially been filed as restated. The Company is entitled to obtain repayment by a variety of different methods.

The 2006 Plan (equity incentives) also contains forfeiture and recovery provisions for Detrimental Conduct. Detrimental Conduct includes acts of dishonesty intended to result in material personal gain or enrichment at the expense of the Company and other acts or conduct detrimental or prejudicial to the business, reputation, or other significant interest of the Company.

Table of Contents**Executive Compensation: Compensation Discussion and Analysis***Restrictions on Securities Transactions*

The Company maintains an Insider Trading Policy which restricts activities in or relating to Company stock by Directors, executive officers and employees and their respective related persons. These restrictions include advance clearance requirements for Directors, executive officers and certain other employees for all transactions as well as blackout provisions. In addition, the Policy imposes blanket prohibitions for Directors, executive officers, employees and their respective related persons on a number of types of transactions involving Company stock, including short sales, option trading, hedging and pledging (including margin purchases of Company stock).

Officer Stock Ownership Guidelines

One of the primary objectives of the Company's equity incentives is to build stock ownership among executives, thereby aligning their interests more closely with those of the shareholders. To reinforce this objective, the Committee first established stock ownership guidelines for senior managers of STERIS Corporation in 2006. The guidelines were subsequently revised on several occasions, most recently in March 2015. The Committee believes these revised guidelines further align the interests of senior management with those of the shareholders. Senior managers (including the named executive officers) are required to maintain a significant equity interest in the Company through ownership of stock that they acquire either with their own funds or through certain long-term incentive awards. The Committee believes that stock ownership helps create economic alignment with shareholders and is a factor in motivating our senior management to enhance shareholder value. Under the most recently revised guidelines, the stock ownership requirements are expressed as a multiple of salary rather than a fixed number of shares, as was previously the case. The Committee believes that this approach, which is consistent with the approach used in the Director Stock Ownership Guidelines, reflects prevailing market practices, and also has the benefit of adjusting for changing circumstances that should influence stockholding requirements. The following table outlines the required officer share ownership values at various levels within the Company, as defined by multiples of base salary for each officer:

Position:	Shareholding Requirements:
CEO	6 times base salary
CFO	4 times base salary
Senior Vice Presidents	3 times base salary
Corporate Vice Presidents	2 times base salary

The following share types are included under these guidelines (stock options do not count toward share ownership):

Shares purchased/owned outright;

Shares acquired from exercised stock options (but not unexercised options);

Shares purchased through the STERIS Corporation 401(k) plan; and/or

Unvested restricted shares and restricted shares that have vested.

From the time a senior manager achieves a position subject to these guidelines, he or she has a five-year period to attain the applicable shareholding requirements. Likewise, if an officer already subject to the guidelines is promoted to a position with higher shareholding requirements, he or she has a five-year period in which to satisfy the higher requirements. A steady increase in share ownership over the

five-year period is encouraged, subject to hardship exceptions. If the share ownership guideline is not achieved within the applicable five-year period, the CEO or the Committee is authorized to take into consideration the facts and circumstances with respect to that failure and take whatever action he or they consider appropriate, including restricting or eliminating future equity awards to the particular officer. Based on the closing price of the Company's Ordinary Shares on the NYSE on March 29, 2018 and base salaries in effect at that date, the CEO and all of the other named executive officers satisfied these guidelines.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation paid to certain persons in excess of \$1 million. Prior to the passage of the Tax Cuts and Jobs Act (TCJA), this disallowance was limited to any person who on the last day of the fiscal year was the Company's chief executive officer or among the three highest compensated named executive officers (other than the chief executive officer and chief financial officer). The TCJA has expanded the persons to whom this disallowance may apply, to include, among others, the chief financial officer. Also, pre-TCJA certain compensation was specifically exempt from the deduction limit to the extent it was performance based as defined in Section 162(m). Incentive compensation payable under the SEMICP was intended to be performance based for these purposes. Similarly, stock options as well as certain other types of equity incentive compensation available under the 2006 Plan, including restricted stock issued to executive officers in fiscal 2018, also were intended to be exempt from the deduction limit. The Committee intends that all grants of stock option awards made in fiscal 2018 and prior tax years and restricted stock awards made to executive officers in fiscal 2018, as well as all incentive compensation awards made under the Company's SEMICP for fiscal 2018 and prior fiscal years qualify as performance based for purposes of Section 162(m) of the Internal Revenue Code. However, because the performance based compensation exemption was repealed by the TCJA (with limited exceptions for certain compensation arrangements in place as of November 2, 2017), and because of the operation of Section 162(m), compensation granted by the Committee may not qualify as performance based compensation under certain circumstances. Therefore, the Committee cannot guarantee that such compensation will so qualify or ultimately will be deductible.

For fiscal 2019 and subsequent fiscal years the Company will take such actions as it considers appropriate to avail of applicable tax deductions. The Committee believes, however, that it must maintain the flexibility to take actions which it deems to be in the best interests of the Company, even though tax deductibility may be limited or unavailable.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in STERIS's Annual Report on Form 10-K for the year ended March 31, 2018.

NARRATIVE SUPPLEMENT TO THE FISCAL 2017 SUMMARY COMPENSATION TABLE AND THE GRANTS OF PLAN-BASED AWARDS IN FISCAL 2018 TABLE

Vesting Schedule

Stock option awards to employees generally vest and become nonforfeitable in increments of 25% per year over a four year period, with full vesting four years after the date of grant. Restricted stock awards to employee recipients generally cliff vest on the fourth anniversary of the grant date if the recipient remains in continuous employment through that date. However, employees who are grantees of restricted stock and have attained age 55 and been employed for at least 5 years at the time of the grant or meet these criteria during the term of the grant, will be subject to installment vesting rules over

the four year period. Beginning with awards made in the 2019 fiscal year, restricted stock awards to employees with at least twenty-five years of service at the time of grant or who satisfy this requirement during the term of the grant also will be subject to installment vesting rules over the four year period. All outstanding unvested equity awards are subject to double trigger vesting and will not vest immediately upon a change of control unless the recipient does not receive a qualified replacement award. Stock options and restricted stock will vest immediately if the grantee dies while employed by the Company.

Forfeiture and Post-Employment Treatment

The unvested portion of a stock option award (and the right to acquire the underlying shares) is generally forfeited at termination of employment (unless employment terminates on account of death). The vested portion of a stock option award (and the right to acquire the underlying shares) is forfeited following termination of employment and expiration of the applicable post-employment exercise period and also may be forfeited in the case of a termination of employment for Cause. Unvested restricted stock is forfeited at termination of employment, unless employment terminates on account of death. Unvested equity awards are subject to double trigger vesting upon a change in control, as described above. See Equity Incentive Plan beginning on page 59 for additional information.

Dividends

Dividends are payable on restricted stock at the same times and in the same amounts as payable generally from time to time on our outstanding Shares.

Option Exercise Price

Options granted under our stock option plans for fiscal 2018 and prior fiscal years have an exercise price equal to the NYSE Composite Transaction Reporting System closing price of our Shares on the effective date of the grant, which may not be earlier than the approval date. Beginning with our May 2018 awards, stock option grants will have an exercise price of 110% of the NYSE Composite Transaction System closing price of our shares on the effective date of the grant, which may not be earlier than the approval date.
