PROXY STATEMENT

Annual Meeting of Stockholders

May 13, 2003

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Company for use at the Annual Meeting of Stockholders to be held on May 13, 2003.

It is anticipated that the mailing of this Proxy Statement and accompanying form of Proxy to stockholders will begin on or about April 8, 2003.

SOLICITATION OF PROXIES

At the meeting, the stockholders of the Company will be asked (1) to elect three directors, and (2) to transact such other business as may properly come before the meeting. Your Board of Directors is asking for your proxy for use at the meeting. Although management does not know of any other matter to be acted upon at the meeting, shares represented by valid proxies will be voted by the persons named on the proxy in accordance with their best judgment with respect to any other matters which may properly come before the meeting.

The cost of preparing, assembling, and mailing the Notice of Meeting, this Proxy Statement and the enclosed proxy ballot will be paid by the Company. Following the mailing of this Proxy Statement, directors, officers, and regular employees of the Company may solicit proxies by mail, telephone, other electronic means, or in person; such persons will receive no additional compensation for such services. Brokerage houses and other nominees, fiduciaries and custodians nominally holding shares of record will be requested to forward proxy soliciting material to the beneficial owners of such shares and will be reimbursed by the Company for their charges and expenses in connection therewith at the rates approved by the New York Stock Exchange.

RECORD DATE AND VOTING

Holders of shares of Common Stock of record at the close of business on March 19, 2003, are entitled to notice of, and to vote at, the meeting. There were 14,438,797 shares of Common Stock outstanding at the record date. A stockholder giving a proxy may revoke it at any time before it is voted by filing with the Company's Secretary a written notice of revocation or a duly executed proxy bearing a later date. Unless a proxy is revoked and except as indicated below under Election of Directors, shares represented by a proxy will be voted in accordance with the voting instructions on the proxy and, on matters for which no voting instructions are given, shares will be voted for the nominees of the Board of Directors as shown on the proxy. Stockholders cannot abstain in the election of directors, but they can withhold authority. Stockholders who

Edgar Filing: TEJON RANCH CO - Form DEF 14A

withhold authority will be considered present for purposes of determining a quorum. The rules of the New York Stock Exchange permit member organizations (brokers) to vote shares on behalf of beneficial owners, in the absence of instructions from beneficial owners, on certain routine matters, including the election of directors, but do not permit such votes on non-routine matters. Situations where brokers do not vote on non-routine proposals are referred to as broker non-votes. Broker non-votes will not be counted as present for purposes of determining a quorum and will have no effect on the outcome of the voting for any non-routine matters that may arise at the meeting.

Stockholders vote cumulatively in the election of directors. Cumulative voting means that each stockholder is entitled to a number of votes equal to the number of directors to be elected multiplied by the number of shares he or she holds. These votes may be cast for one nominee or distributed among two or more nominees. The three (3) candidates receiving the highest number of affirmative votes will be elected as directors. On all other matters, stockholders are entitled to one vote per share held. The proxies being solicited include authority of the proxy holders to cumulate votes.

ELECTION OF DIRECTORS

The Board of Directors now consists of eleven directors divided into three classes based upon when their terms expire. The terms of four directors (Class I) expire at the 2003 Annual Meeting, the terms of three directors (Class II) expire at the 2004 Annual Meeting, and the terms of four directors (Class III) expire at the 2005 Annual Meeting. The regular terms of directors expire at the third Annual Meeting following the Annual Meeting at which the directors were elected, although directors continue to serve until their successors are elected and qualified, unless the authorized number of directors has been decreased. The Board of Directors has voted to reduce its size to ten directors and to reduce the number of Class I directors and Class II directors from four to three effective as of the 2003 Annual Meeting. Mr. Booth is retiring from the Board at that time and he will not be replaced.

The names of the nominees of the Board of Directors for election as directors at the 2003 Annual Meeting (all of whom are presently directors) are set forth in the table below, along with certain other information. The table also includes information as to other directors of the Company.

Other than nominations made at the direction of the Board of Directors, nominations of persons for election to the Board of Directors by stockholders must be made pursuant to timely notice in writing to the Secretary of the Company. To be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Company not later than the close of business on the tenth day following the day on which the Notice of Annual Meeting of Stockholders was mailed. Such stockholder's notice must set forth: (i) as to each person whom the stockholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors or is otherwise required, in each case pursuant to the Securities Exchange Act of 1934, as amended; and (ii) as to the stockholder giving the notice, the name and address, as they appear on the Company's books, of such stockholder, and the class and number of shares of the Company which are beneficially owned by such stockholder.

Except as noted below, each proxy solicited by and on behalf of the Board of Directors will be voted FOR the election of the nominees named below (unless such authority is withheld as provided in the proxy) and one-third of the votes to which the stockholder is entitled will be cast for each of the three nominees. In the event any one or more of the nominees shall become unable to serve or refuse to serve as director (an event which is not anticipated), the proxy holders will vote for substitute nominees in their discretion. If one or more persons other than those named below as nominees for the 2003 Annual Meeting are nominated as candidates for director by persons other than the Board of Directors, the enclosed proxy may be voted in favor of any one or more of said nominees of the Board of Directors or substitute nominees and in such order of preference as the proxy holders may determine in their discretion.

All references to the Company in the table below and the remainder of this Proxy Statement relating to periods prior to June 1987 include references to Tejon Ranch Co., a California corporation and the Company's predecessor, which became a wholly owned subsidiary of the Company as a result of a reincorporation transaction consummated in June 1987.

Board of Directors and Committees

Standing committees of the Board of Directors include the Executive, Audit, Compensation, and Real Estate Committees. The major functions of each of these committees are described briefly below.

Except for certain powers which, under Delaware law, may be exercised only by the full Board of Directors, the Executive Committee may exercise all powers and authority of the Board of Directors in the management of the business and affairs of the Company. The Executive Committee also functions as the Nominating Committee as needed. In this role, it periodically searches for and considers qualified candidates to serve on the Board of Directors. However, the nominees for director proposed by the Board of Directors are selected by the entire Board. The Committee will consider nominees for director recommended by stockholders. Any such recommendations should be submitted in writing to the Secretary of the Company at its principal office.

The Audit Committee acts on behalf of the Board of Directors in fulfilling the Board's oversight responsibility relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the Board. The Charter of the Audit Committee was adopted and approved by the Board of Directors in 2000 and is attached as an Appendix to this Proxy Statement. Each of the members of the Audit Committee is independent as defined under the listing standards of the New York Stock Exchange.

The Compensation Committee periodically reviews and either adjusts or recommends to the Board of Directors appropriate adjustments to the compensation arrangements for executive officers.

The Real Estate Committee reviews all activities and issues related to the Company's real estate assets and opportunities. It receives and considers the analyses of the Company's real estate staff. The Committee directs management on the direction that the Company's real estate activities should take.

During 2002, there were five meetings of the Board of Directors, none of the Executive Committee, five of the Audit Committee, two of the Compensation Committee, and two of the Real Estate Committee. The Board of Directors has determined that the Audit Committee should meet

Edgar Filing: TEJON RANCH CO - Form DEF 14A

quarterly in 2002 and future years. During 2002 all incumbent directors attended 75% or more of the aggregate total of such meetings of the Board of Directors and committees of the Board on which they served, except for Mr. Booth.

Director Compensation

Directors who are not employees of the Company receive an annual retainer of \$24,000, a fee of \$1,000 for attendance at any meeting of the Board, a fee of \$1,000 for the first Committee meeting attended by such director on a day when the Board is not meeting and a fee of \$500 per Committee meeting attended by such director on the day of a Board meeting or another Committee meeting. The fees are payable if the meeting was attended in person or by telephone conference call. The annual retainer is payable one-half in cash and one-half in stock options valued using the Black-Scholes method, unless the director elects to receive his entire retainer in stock options. If a director owns beneficially, or is affiliated with a person or entity which owns beneficially, 5% or more of the outstanding shares of the Common Stock of the Company, then that director may elect to receive his entire annual retainer in cash.

EXECUTIVE COMPENSATION

The following table shows the aggregate compensation paid on an accrual basis by the Company and its subsidiaries during 2002 and each of the two previous years to the Chief Executive Officer and to the four other executive officers of the Company who were most highly compensated in 2002.

The restrictions were removed in September 2001 when the contingencies were satisfied.
- (3) The amounts in this column include the matching contributions made by the Company under its 401(k) defined contribution plan, but do not include obligations incurred for the benefit of the officers' Supplemental Executive Retirement Plans.

Edgar Filing: TEJON RANCH CO - Form DEF 14A

- (4) Mr. Severy commenced employment with the Company on September 4, 2001, and Mr. Drew commenced employment with the Company on March 19, 2001.

The Company has entered into an agreement with Mr. Stine providing for him to serve as President, Chief Executive Officer and a director of the Company. Although the agreement does not provide for a term of employment, Mr. Stine will be entitled to continuation of his salary for one year if the Company terminates his employment without cause. In addition such a termination would result in acceleration of the exercise dates of Mr. Stine's stock options. The agreement also provides for customary perquisites.

The Company has entered into agreements with each of the officers named in the Summary Compensation Table providing each officer with specified severance benefits in the event the Company terminates his employment without cause, or the employee terminates his employment for good cause, within two years following, or prior to and in connection with or anticipation of, a change of control of the Company. Change of control is defined to mean a liquidation of the Company; a change in the identity of a majority of the directors on the Board (with certain exceptions); the acquisition by any person or group of beneficial ownership of 20% or more of the outstanding shares of Common Stock or voting power of the Company (with certain exceptions); or a transaction or series of transactions resulting in the sale of substantially all of the Company's assets or the merger, consolidation or reorganization of the Company, unless control of the Company or a successor company that acquires the Company's assets is substantially the same after the transaction (as defined). The severance benefits generally consist of the continuation (for up to 36 months for Mr. Stine and 30 months for the other officers, subject to certain limitations) of the employee's salary and Company health and life insurance, the continuation for a substantially shorter period of time of applicable perquisites, including Company car, country club membership and/or Company housing, and the acceleration of the exercise dates of all outstanding options to purchase capital stock of the Company.

Stock Options

The Company had a 1992 Stock Option Plan providing for the granting of options to purchase a maximum of 230,000 shares of Common Stock. New stock option grants could no longer be made under the 1992 Stock Option Plan after March 2002, and no options were granted under the 1992 Stock Option Plan in 2002. Options to purchase 74,297 shares remain outstanding under this plan as of December 31, 2002. The Company has a 1998 Stock Incentive Plan providing for the granting of awards, including stock options, with respect to a maximum of 1,600,000 shares of Common Stock. During 2002 options were granted to the officers named in the Summary Compensation Table under the 1998 Stock Incentive Plan to purchase shares as shown in the table below.

The options granted in 2002 become exercisable as to 20% of the shares on the first through fifth, inclusive, anniversaries of the date of grant. The term of the options is ten years. If the option holder leaves the employ of the Company for any reason other than death or disability, the options terminate three months after such termination of employment and are exercisable during that period only to the extent that they were exercisable on the date of termination of employment. In the case of termination of employment as a result of death or disability, the options terminate one year after such death or disability and are exercisable during that period only to the extent they were exercisable on the date of death or disability. The exercise dates of the options accelerate in the event of a change of control, which is defined to include a merger,

consolidation, transfer of all or substantially all assets, or the issuance or transfer of stock or other transactions or series of related transactions as a result of which persons or entities other than the stockholders of the Company immediately before the transaction or transactions own at least 80% of the voting stock of the Company or its successor immediately after the transaction or transactions.

- (2) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The grant date present value of these options was estimated with the following weighted average assumptions for 2002: Risk-free interest rate of 5.00%; dividend rate of 0%; volatility factor of the expected market price of the Company's common stock of .27; and a weighted average expected life of the options of 5 years from the option grant date.

The following table shows the number of shares issued upon exercise of options in 2002 and the number of shares subject to exercisable and nonexercisable stock options outstanding at December 31, 2002, and held by executive officers named in the preceding Summary Compensation Table.

Pension Plan

The Company contributes each year to a Pension Plan for most of its employees the amount necessary to fund the Plan on an actuarially sound basis. The amounts of these annual contributions are not included in the compensation table above. Pension benefits to be received from the Plan upon retirement are determined by an employee's five year final average annual compensation, length of service with the Company and age at retirement, subject to certain limitations imposed on a qualified retirement plan by the Internal Revenue Code.

In 1991 the Company adopted a Supplemental Executive Retirement Plan (the SERP) in order to restore to executives designated by the Compensation Committee of the Board of Directors the full benefits under the Pension Plan which would otherwise be restricted by certain limitations now imposed under the Internal Revenue Code. The SERP is unfunded, but the associated liability has been accrued and will be reflected on the Company's financial statements. No benefits under the Pension Plan or the SERP become vested until the earlier of (a) the participant's attainment of age 65 or (b) the completion of five or more years of vesting service (as defined under the Pension Plan). With respect to the SERP, an executive can become vested upon the incurrence of a total and permanent disability while employed by the Company as determined by the Board of Directors or the Compensation Committee. The Compensation Committee also has the power to grant a participant

Edgar Filing: TEJON RANCH CO - Form DEF 14A

vested status with respect to the SERP even if he does not meet the foregoing requirements. In December 1999 the SERP was amended to give Mr. Stine credit for 1.875 years of service for each year of actual service, to allow him to receive benefits calculated on the basis of up to 30 years of service instead of the 25-year maximum applicable to other participants and to impose an overall formula limit on his maximum monthly retirement benefit. Under the amendment, if Mr. Stine remains in the employ of the Company and retires at age 65, he would receive benefits based upon 30 years of service.

The table below illustrates the amount of annual pension benefits payable under the Plan (as increased by amounts payable to eligible executives under the SERP) to persons in particular classifications who work to the normal retirement age of 65.

* Current maximum annual compensation limit for all qualified plan benefit calculation purposes. (IRC 401(a)(17)).

For purposes of pension benefits, earnings consist of compensation determined in the manner reflected in the preceding Summary Compensation Table, except that for pension benefit purposes, bonuses are included in the year paid instead of in the year accrued and amounts under All Other Compensation are not counted. The benefits presented are straight life annuity amounts and are determined based on the benefit formula required by the Plan, which conforms to the regulations of the Internal Revenue Service and ERISA. The benefits presented reflect deductions for Social Security as required by the Plan. The amounts of compensation for 2002 that could affect the five-year final average annual compensation of the executives named in the Summary Compensation Table if they retire are: Mr. Stine \$490,851; Mr. Severy \$255,338; Mr. Mullins \$233,663; Mr. Lyda \$223,120; and Mr. Drew \$189,410. The credited years of service under the Plan and the SERP as of December 31, 2002, for those named in the Summary Compensation Table are: Mr. Stine 11.25 years, Mr. Severy 1 year, Mr. Mullins 9 years, Mr. Lyda 12 years, and Mr. Drew 1 year. All employees having one year in service with the Company participate in the Plan, including all current officers of the Company.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

The policies recommended by the Compensation Committee and adopted by the Board of Directors for determining the compensation of executive officers for 2002 were essentially the same as for 2001 with total compensation consisting of three components: salary, cash bonuses and stock options. The percentages of total compensation represented by salary, bonuses and stock options for 2002 were determined by the Committee and the Board. Among the factors considered by the Committee and the Board was a 1999 study provided by an independent consultant as well as information from other outside sources and input from individual members of the Committee and the Board. No specific formulas were used to determine the relative mix of the three forms of compensation, although guidelines for the mix provided by the independent consultant affected the final decisions of the Committee and the Board.

The salaries for all executives named in the Summary Compensation Table above remained the same for 2002 as they were for 2001, except for Mr. Stine and Mr. Drew. The salary for Mr. Stine was increased from \$310,000 to \$350,000, which reflected the Committee's favorable evaluation of his performance and also the fact that his salary had not been increased since 1999. The increase for Mr. Drew from \$135,000 to \$150,000 reflected both the Committee's favorable evaluation of his performance and the Committee's belief that his salary was below what other companies were paying for comparable positions.

For 2002 Mr. Stine had the opportunity to earn bonus compensation ranging from 22% to 79% of his base salary. The comparable range for all the other officers was from 19% to 57%. Eighty percent of the maximum bonus Mr. Stine could earn was based upon the extent to which he achieved a number of individual performance objectives relating to business development, operations and staffing and organization of the Company, and 20% was based upon the pre-tax income of the Company. Overall, Mr. Stine earned 72% of the maximum bonus that could be earned.

For Dennis Atkinson, Vice President-Agriculture, Mr. Drew, and Jeffrey Warren, Vice President-Property Management and Ranch Operations, the portion of the maximum bonus that could be earned by each of them based upon their individual performance objectives was 50%, the portion based upon the revenues and income of the part of the Company operations managed by them was 40% and the portion based upon Company revenues and income was 10%. For Mr. Severy, these portions were 55%, 35% and 10%, respectively. For Mr. Lyda, whose performance does not relate to any particular part of the operations of the Company, 60% of the bonus was based upon achieving individual performance objectives and 40% was based upon the Company's revenues and income. For Mr. Mullins, whose performance also does not relate to any particular part of the operations of the Company, those percentages were 80% and 20%, respectively. For Mr. Severy and Mr. Drew, 2002 was their first full year of employment, and the significant increases in their bonuses over the contracted amounts for 2001 reflected that fact as well as the extent to which their bonus performance criteria were satisfied.

The Company has adopted a long-term compensation plan that contemplates the granting of stock options on a periodic basis in the discretion of the Board of Directors pursuant to the Company's 1998 Stock Incentive Plan. The Committee believes that stock options are a desirable form of long-term compensation because they align the interests of the executives with those of the stockholders. For 2002 the Committee recommended, and the Board approved, the granting of options to purchase an aggregate of 205,000 shares of Common Stock of the Company to the five executive officers named in the Summary Compensation Table. Of that amount 100,000 shares were subject to the options granted to Mr. Stine. For 2001, these five officers were granted options to purchase 188,000 shares, including options for 90,000 shares to Mr. Stine. The amounts shown in the Summary Compensation Table for 2001 also include options granted in January 2001 for 2000. The number of shares subject to options granted to each executive reflects the nature of his duties as well as a subjective evaluation of the executive's performance and/or potential.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors has furnished the following report:

The Audit Committee reviewed the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee has also considered whether the independent auditors' providing of non-audit services to the Company is compatible with their independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 as filed with the Securities and Exchange Commission.

The committee shall be responsible for ensuring that the independent auditors submit on a periodic basis to the committee a formal written statement delineating all relationships between the independent auditors and the Company. In addition the committee shall engage in a dialogue with the independent auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the independent auditors, and the committee shall be responsible for recommending that the board of directors take appropriate action in response to the independent auditors' reports to satisfy itself of the independent auditors' independence.
