Quarterly Report Pursuant To Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended: September 30, 2018

or

Transition Report Pursuant To Section 13 or 15(d) of the Securities Exchange Act of 1934

For the transition period from _____ to _____

Commission File No. 001-35927

AIR INDUSTRIES GROUP

(Exact name of registrant as specified in its charter)

Nevada

80-0948413

Edgar Filing: AIR INDUSTRIES GROUP - Form 10-Q

(State or other jurisdiction of (I.R.S. Employer
incorporation or organization) Identification No.)

360 Motor Parkway, Suite 100, Hauppauge, New York 11788
(Address of principal executive offices)

(631) 881-4920
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the past 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company)	Smaller reporting company
	Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).
Yes No

As of November 16, 2018, there were a total of 27,743,867 shares of the registrant's common stock outstanding.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, or Securities Act, and Section 21E of the Securities Exchange Act of 1934, or Exchange Act. Forward-looking statements are predictive in nature and can be identified by the fact that they do not relate strictly to historical or current facts and generally include words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “estimates” and similar expressions. Certain of the matters discussed herein concerning, among other items, our operations, cash flows, financial position and economic performance including, in particular, future sales, product demand, competition and the effect of economic conditions, include forward-looking statements.

These statements and other projections contained herein expressing opinions about future outcomes and non-historical information, are subject to uncertainties and, therefore, there is no assurance that the outcomes expressed in these statements will be achieved. Investors are cautioned that forward-looking statements are not guarantees of future performance and actual results or developments may differ materially from the expectations expressed in forward-looking statements contained herein. Given these uncertainties, you should not place any reliance on these forward-looking statements which speak only as of the date hereof. Factors that could cause actual results to differ materially from those reflected in the forward-looking statements include, but are not limited to, those discussed under

the heading “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2017, as amended, and elsewhere in this report and the risks discussed in our other filings with the SEC.

We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise, except as may be required under the securities laws of the United States.

AIR INDUSTRIES GROUP

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 1. FORMATION AND BASIS OF PRESENTATION

Organization

On August 30, 2013, Air Industries Group, Inc. (“Air Industries Delaware”) changed its state of incorporation from Delaware to Nevada as a result of a merger with and into its newly formed wholly-owned subsidiary, Air Industries Group, a Nevada corporation (“Air Industries Nevada” or “AIRI”) and the surviving entity, pursuant to an Agreement and Plan of Merger. The reincorporation was approved by the stockholders of Air Industries Delaware at its 2013 Annual Meeting of Stockholders. Air Industries Nevada is deemed to be the successor.

The accompanying consolidated financial statements presented are those of AIRI, and its wholly-owned subsidiaries; (collectively, “the Company”) Air Industries Machining Corp. (“AIM”), Welding Metallurgy, Inc. (“WMI” or “Welding”), Miller Stuart, Inc. (“Miller Stuart”), Nassau Tool Works, Inc. (“NTW”), Woodbine Products, Inc. (“Woodbine” or “WPI”), Decimal Industries, Inc. (“Decimal”), Eur-Pac Corporation (“Eur-Pac” or “EPC”), Electronic Connection Corporation (“ECC”), AMK Welding, Inc. (“AMK”), Air Realty Group, LLC (“Air Realty”) The Sterling Engineering Corporation (“Sterling”), and Compac Development Corporation (“Compac”). Miller Stuart and Woodbine were merged into Welding during 2017.

Going Concern

The Company incurred losses from operations of \$2,287,000 and \$12,758,000 and net losses of \$4,413,000 and \$22,551,000 for the nine months ended September 30, 2018 and the year ended December 31, 2017, respectively. The Company also had negative cash flows from operations for the nine months ended September 30, 2018 and for the years ended December 31, 2017 and 2016. In 2016, the Company disposed of the real estate on which an operating subsidiary was located through a sale leaseback transaction. Since January 1, 2016, the Company has sold in excess of \$32,500,000 in debt and equity securities to fund its operations. In January 2017, the Company sold one of its operating subsidiaries, AMK Welding Inc. Furthermore, at December 31, 2017, the Company was not in compliance with financial covenants under its Amended and Restated Revolving Credit, Term Loan and Security Agreement with PNC Bank (the “Loan Facility”). On May 30, 2018 the Company entered into a Sixteenth Amendment of its Loan Facility with PNC Bank which provided for an extension of the Loan Facility to December 31, 2018 and that, among other things, waived the covenant violation at December 31, 2017 and March 31, 2018 and instituted new covenants.

The Company was in compliance with these covenants at March 31, 2018, June 30, 2018 and September 30, 2018.

The continuation of the Company's business is dependent upon its ability to achieve profitability and positive cash flow and, pending such achievement, future issuances of equity or other financing to fund ongoing operations. The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with Rule 8-03 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the nine months ended September 30, 2018 are not necessarily indicative of the results that may be expected for the year ending December 31, 2018. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, as filed with the Securities and Exchange Commission.

Reclassifications

Certain account balances in 2017 have been reclassified to conform to the current period presentation.

Sale of AMK

On January 27, 2017, the Company sold all of the outstanding shares of AMK to Meyer Tool, Inc., pursuant to a Stock Purchase Agreement dated January 27, 2017 for a purchase price of \$4,500,000, net of a working capital adjustment of (\$163,000), plus additional quarterly payments, not to exceed \$ 1,500,000, equal to five percent (5%) of Net Revenues of AMK commencing April 1, 2017. The Company recorded a \$200,000 gain on the sale of AMK. The gain on sale was the difference between the non-contingent payments and the carrying value of the disposed business. The Company has made an accounting policy decision to record the contingent consideration as it is determined to be realizable.

The proceeds of the sale of AMK were applied as follows: \$1,700,000 to the payment of the Term Loan (as defined in the PNC Loan Agreement), \$1,800,000 to the payment of outstanding Revolving Advances (as defined in the PNC Loan Agreement), and \$500,000 to the payment of existing accounts payable. The remaining \$500,000 was applied to outstanding accounts payable and reduced the amount of the Revolving Advance.

Pending Sale of Welding Metallurgy Inc.

On March 21, 2018, the Company signed an agreement to sell all of the outstanding shares of WMI including its wholly owned subsidiaries Miller Stuart, Woodbine, Decimal and Compac Development Corp (“WMI Group”), to CPI Aerostructures, Inc. (“CPI”), pursuant to a Stock Purchase Agreement (“SPA”) for a purchase price of \$9,000,000, subject to a customary working capital adjustment. In June 2018, the Company terminated the sale to CPI.

On October 3, 2018, the Company entered into a stipulation with CPI pursuant to which it agreed to deliver to CPI no later than November 16, 2018, audited financial statements of WMI Group. CPI will have three weeks after receipt of the audited financial statements to close the transaction in accordance with the terms of the SPA. The stipulation contemplates that the parties will enter into an amendment to the SPA incorporating the terms of the Stipulation into the SPA. On November 9, 2018, the Court issued an Order directing that the Company and CPI enter into an amendment to the SPA which, among other things, confirms the parties’ obligations with respect to the delivery of the audited financial statements of WMI Group and obligation to close the transaction within 21 days thereafter. As of the date of this report, the audit of WMI Group has not been completed nor have the parties entered into an amendment to the SPA.

The sale is subject to certain conditions, including CPI obtaining financing for the amount of the purchase price, and requires an escrow deposit of \$2,000,000 to cover the working capital adjustment and the Company’s obligation to indemnify CPI against damages arising out of the breach of the Company’s representations and warranties and

obligations under the SPA.

7

Note 2. DISCONTINUED OPERATIONS

As discussed above, in March 2018, the Company entered into an agreement to sell WMI Group. As such, these businesses are reported as discontinued operations for the three and nine months ended September 30, 2018 and 2017. As required, the Company has retrospectively recast its consolidated statements of operations and balance sheets for all periods presented. The Company has not segregated the cash flows of these businesses in the consolidated statements of cash flows. Management was also required to make certain assumptions and apply judgment to determine historical expenses related to the discontinued operations presented in prior periods. Unless noted otherwise, discussion in the Notes to Consolidated Financial Statements refers to the Company's continuing operations.

At September 30, 2018, the Company has recorded a liability for loss on assets held for sale of \$930,000.

The following table presents a reconciliation of the major financial lines constituting the results of operations for discontinued operations to the net loss from discontinued operations presented separately in the consolidated statement of operations for the three and nine months ended September 30, 2018 and September 30, 2017:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2018	2017	2018	2017
	(unaudited)	(unaudited)	(unaudited)	(unaudited)
Net revenue	\$4,951,000	\$3,588,000	\$11,396,000	\$10,280,000
Cost of sales	3,935,000	2,988,000	9,269,000	8,033,000
Gross profit	1,016,000	600,000	2,127,000	2,247,000
Operating expenses:				
Selling, general and administrative	(298,000)	(531,000)	(1,033,000)	(1,957,000)
Loss on assets held for sale	(2,493,000)	-	(930,000)	-
Total Operating expenses	(2,791,000)	(531,000)	(1,963,000)	(1,957,000)
Interest income (expense) and financing costs	1,000	(12,000)	1,000	(12,000)
Other Income, net	4,000	5,000	7,000	2,000
Gain (loss)	-	-	-	-
Loss from discontinued operations before income taxes	(1,770,000)	62,000	172,000	280,000
Provision for income taxes	-	-	-	-
Net income (loss) from discontinued operations	\$(1,770,000)	\$62,000	\$172,000	\$280,000

Non-cash operating amounts for discontinued operations for the three and nine month periods ended September 30, 2018 include depreciation of \$41,000 and \$124,000, respectively. Capital expenditures were \$0. There were no other significant non-cash operating amounts or investing items of the discontinued operations for the periods.

Non-cash operating amounts for discontinued operations for the three and nine month periods ended September 30, 2017 include depreciation of \$41,000 and \$131,000, respectively, and amortization of \$49,000 and \$159,000, respectively. Capital expenditures were \$29,000. There were no other significant non-cash operating amounts or investing items of the discontinued operations for the periods.

See Note 6 for a reconciliation of the carrying amounts of major classes of assets and liabilities of the discontinued operations to the total assets and liabilities of the disposal group classified as held for sale that are presented separately in the consolidated balance sheets.

Subsequent Events

On April 30, 2018 Eur Pac Corporation (EPC) received a “Notice of Proposed Debarment” from the Department of the Navy – its principal customer. The proposed debarment would prohibit EPC from bidding on and executing on future contracts with the Federal Government. Despite this action, EPC would be entitled to complete existing contracts that had already been awarded. Immediately after receiving this notice, EPC and Air Industries retained counsel to appeal the proposed debarment, and submitted information in opposition to the proposed debarment, and EPC representatives met with the Navy to discuss the matter.

On November 8, 2018 EPC received formal notice from the Department of the Navy that EPC’s opposition to debarment was rejected and that the EPC was debarred from future government contracts until October 29, 2020. Management is considering completing existing contracts that had already been awarded, and management’s plan is to eventually close EPC in the first or second quarter of 2019. Management has determined that the impact of the eventual closing of Eur Pac is immaterial to the September 30, 2018 financial position of the Company. EPC’s net sales for the three and nine months ended September 30, 2018 were \$310,000 and \$1,554,000, respectively. Also refer to Notes 7 and 8 that discuss subsequent events.

Management has evaluated subsequent events through the date of this filing.

Note 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principal Business Activity

The Company, through its AIM subsidiary, is primarily engaged in manufacturing aircraft structural parts, and assemblies for prime defense contractors in the aerospace industry in the United States. NTW is a manufacturer of aerospace components, principally landing gear for F-16 and F-18 fighter aircraft. Welding Metallurgy is a specialty welding and products provider whose significant customers include the world’s largest aircraft manufacturers, subcontractors, and original equipment manufacturers. Miller Stuart is a manufacturer of aerospace components whose customers include major aircraft manufacturers and the US Military. Miller Stuart specializes in electromechanical systems, harness and cable assemblies, electronic equipment and printed circuit boards. Woodbine is a manufacturer of aerospace components whose customers include major aircraft component suppliers. Eur-Pac specializes in military packaging and supplies. Eur-Pac’s primary business is “kitting” of supplies for all branches of the United States Defense Department including ordnance parts, hose assemblies, hydraulic, mechanical and electrical assemblies. Compac specializes in the manufacture of RFI/EMI (Radio Frequency Interference Electro-Magnetic Interference) shielded enclosures for electronic components. The Company’s customers consist mainly of publicly

traded companies in the aerospace industry.

Assets Held for Sale

The Company classifies assets as held for sale and suspends depreciation and amortization when approval at the appropriate level has been provided, the assets can be immediately removed from operations, an active program has begun to locate a buyer, the assets are being actively marketed for sale at or near their current fair value, significant changes to the plan of sale are not likely and the sale is probable within one year. Upon classification as held for sale, long-lived assets are no longer depreciated, and an assessment of impairment is performed to identify and expense any excess of carrying value over fair value less costs to sell. Subsequent changes to the estimated fair value less costs to sell will impact the measurement of assets held for sale. To the extent fair value increases, any impairment previously recorded is reversed. If the carrying value of the assets held for sale exceeds the fair value less costs to sell, the Company will record a loss for the amount of the excess.

If the Company decides not to sell previously classified assets held for sale, the assets are reclassified back to their original asset group in the period that the assets are determined to no longer be held for sale. The assets are recorded at the lower of the carrying value before being classified as held for sale adjusted for depreciation that would have been recognized during the time they were classified as held for sale or fair value at the date the Company decided not to sell.

As of December 31, 2017 the Company held for sale WMI Group. In June 2018, upon the termination of its agreement to sell the WMI Group to CPI, management of the Company decided not to hold for sale the WMI Group. Upon the change in plan of sale, the Company reclassified the assets held for sale at the lower of the carrying value before being classified as held for sale adjusted for depreciation that would have been recognized during the time they were classified as held for sale or fair value at the date the Company decided not to sell and liabilities held for sale were also reclassified to their liability group. For presentation purposes, the assets and liabilities previously held for sale as of December 31, 2017 were reclassified in the December 31, 2017 balance sheet in the accompanying financial statements back to their original asset and liability groups at their previous carrying values. In connection with this reclassification, the Company recorded a gain of \$1,563,000 during the quarter ended June 30, 2018 that was reversed in the quarter ended September 30, 2018 that resulted in no gain or loss on change in assets held for sale.

As of September 30, 2018 the Company again held for sale WMI Group. On September 30, 2018 the Company recorded a loss on assets held for sale of \$930,000 during the nine months ended September 30, 2018. On October 3, 2018, the Company entered into a stipulation with CPI pursuant to which it agreed to deliver to CPI no later than November 16, 2018, audited financial statements of WMI Group. CPI will have three weeks after receipt of the audited financial statements to close the transaction in accordance with the terms of the SPA. The stipulation contemplates that the parties will enter into an Amendment to the SPA incorporating the terms of the Stipulation into the SPA. On November 9, 2018, the Court issued an Order directing that the Company and CPI enter into an Amendment to the SPA which, among other things, confirms the parties' obligations with respect to the delivery of the audited financial statements of WMI Group and obligation to close the transaction within 21 days thereafter.

Inventory Valuation

For annual periods, the Company values inventory at the lower of cost on a first-in-first out basis or an estimated net realizable value. The Company does not take physical inventories at interim quarterly reporting periods. As such, approximately 50% of the inventory value at September 30, 2018 has been estimated using a gross profit percentage based on sales of previous periods to the net sales of the current period, as management believes that the gross profit percentage on these items are materially consistent from period to period. The remainder of the inventory value at September 30, 2018 is estimated based on the Company's standard cost perpetual inventory system, as management believes the perpetual system computed value for these items provides a better estimate of value for that inventory. Adjustments to reconcile the annual physical inventory to the Company's books are treated as changes in accounting estimates and are recorded in the fourth quarter. Inventories consist of the following at:

	September 30, 2018 (unaudited)	December 31, 2017
Raw Materials	\$ 4,912,000	\$ 5,346,000
Work In Progress	19,787,000	19,947,000
Finished Goods	10,783,000	10,122,000
Inventory Reserve	(4,533,000)	(4,274,000)
Total Inventory	\$ 30,949,000	\$ 31,141,000

Credit and Concentration Risks

There were three customers that represented 67.4% and 72.1% of total net sales for the three months ended September 30, 2018 and 2017, respectively. This is set forth in the table below.

Customer	Percentage of Sales	
	September 2018	September 2017
	(Unaudited)	
1	27.7	27.5
2	26.4	23.7
3	13.3	*
4	**	20.9

*Customer was less than 10% of sales at September 30, 2017.

**Customer was less than 10% of sales at September 30, 2018.

There were three customers that represented 69.1% and 68.8% of total sales for the nine months ended September 30, 2018 and 2017, respectively. This is set forth in the table below.

Customer	Percentage of Sales	
	September 2018	September 2017
	(Unaudited)	
1	31.8	25.4
2	26.3	22.0
3	11.0	*
4	**	21.4

*Customer was less than 10% of sales at September 30, 2017.

**Customer was less than 10% of sales at September 30, 2018.

There were three customers that represented 67.9% and 68.7% of gross accounts receivable at September 30, 2018 and December 31, 2017, respectively. This is set forth in the table below.

Customer	Percentage of Receivables	
	September 2018	December 2017
	(Unaudited)	
1	37.8	41.9
2	19.9	14.6
3	10.2	*
4	**	12.2

*Customer was less than 10% of gross accounts receivable at December 31, 2017.

**Customer was less than 10% of gross accounts receivable at September 30, 2018.

During the year, the Company had occasionally maintained balances in its bank accounts that were in excess of the FDIC limit. The Company has not experienced any losses on these accounts.

The Company has several key sole-source suppliers of various parts that are important for one or more of its products. These suppliers are its only source for such parts and, therefore, in the event any of them were to go out of business or be unable to provide parts for any reason, its business could be severely harmed.

Earnings per share

Basic earnings per share is computed by dividing the net income applicable to common stockholders by the weighted-average number of shares of common stock outstanding for the period. Potentially dilutive shares, using the treasury stock method, are included in the diluted per-share calculations for all periods when the effect of their inclusion is dilutive.

The following is a reconciliation of the denominators of basic and diluted earnings per share computations:

	Three Months Ended		Nine Months Ended	
	September 30, 2018 (Unaudited)	September 30, 2017 (Unaudited)	September 30, 2018 (Unaudited)	September 30, 2017 (Unaudited)
Weighted average shares outstanding used to compute basic earnings per share	26,768,914	13,463,372	26,295,703	13,463,372
Effect of dilutive stock options and warrants	36,758	-	50,216	-
Weighted average shares outstanding and dilutive securities used to compute diluted earnings per share	26,805,672	13,463,372	26,345,919	13,463,372

The following securities have been excluded from the calculation as the exercise price was greater than the average market price of the common shares:

	Nine Months Ended	
	September 30, 2018 (Unaudited)	September 30, 2017 (Unaudited)
Convertible Preferred Stock	-	2,631,000

Stock Options	215,000	516,000
Warrants	1,480,000	1,479,000
	1,695,000	4,626,000

The following securities have been excluded from the calculation even though the exercise price was less than the average market price of the common shares because the effect of including these potential shares was anti-dilutive due to the net loss incurred during that period:

	September 30, 2018	September 30, 2017
	(Unaudited)	(Unaudited)
Stock Options	695,000	22,000
Warrants	480,000	-
	1,175,000	22,000

Stock-Based Compensation

The Company accounts for stock-based compensation in accordance with FASB ASC 718, "Compensation – Stock Compensation." Under the fair value recognition provision of the ASC, stock-based compensation cost is estimated at the grant date based on the fair value of the award. The Company estimates the fair value of stock options and warrants granted using the Black-Scholes-Merton option pricing model. Stock based compensation amounted to \$308,000 and \$9,000 for the nine months ended September 30, 2018 and 2017, respectively, and was included in operating expenses on the accompanying Condensed Consolidated Statements of Operations.

Goodwill

Goodwill represents the excess of the acquisition cost of businesses over the fair value of the identifiable net assets acquired. The goodwill amount of \$272,000 at September 30, 2018 and December 31, 2017 relates to the acquisitions of NTW \$163,000 and ECC \$109,000.

Goodwill is not amortized, but is tested at least annually for impairment, or if circumstances occur that more likely than not reduce the fair value of the reporting unit below its carrying amount.

The Company has determined that there has been no impairment of goodwill at September 30, 2018.

Recently Issued Accounting Pronouncements

On May 28, 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers. ASU 2014-09 supersedes existing revenue recognition guidance, including ASC 605-35, Revenue Recognition - Construction-Type and Production-Type Contracts, and outlines a single set of comprehensive principles for recognizing revenue under U.S. GAAP. Among other things, it requires companies to identify contractual performance obligations and determine whether revenue should be recognized at a point in time or over time. On July 9, 2015, the FASB approved a one year deferral of the effective date of ASU 2014-09 to annual reporting periods beginning after December 15, 2017. The Company will adopt the New Revenue Standard effective December 31, 2018, as allowed under the Company's Emerging Growth Status designation.

The new guidance allows for two transition methods in application - (i) retrospective to each prior reporting period presented, or (ii) prospective with the cumulative effect of adoption recognized on December 31, 2018 (also known as the modified retrospective approach). The Company is still assessing which transition method to adopt. This guidance requires additional disclosures of the amount by which each financial statement line item affected in the current reporting period during 2018 as compared to the guidance that was in effect before the change, and an explanation of the reasons for the significant changes.

The Company currently recognizes the majority of its revenues based on shipment of products (at a point in time). Currently, some contracts the Company enters into with customers are accounted for on a percentage of completion or milestone basis. For contracts with a significant amount of development and/or requiring the delivery of a minimal number of units, revenue and profit are recognized using the percentage-of-completion cost-to-cost method or a

milestone to measure progress. For contracts that require the Company to produce a substantial number of similar items without a significant level of development, the Company currently records revenue and profit using the units-of-delivery method as the basis for measuring progress on the contract.

Under ASC 606, revenue will be recognized as the customer obtains control of the goods and services promised in the contract (i.e., performance obligations). The Company may also have more performance obligations in our contracts under ASC 606, which may impact the timing of recording sales and operating profit, including those where sales recognition is deferred pending the incurrence of costs.

The Company plans to adopt the New Revenue Standard on December 31, 2018 as allowed under their Emerging Growth Status designation.

In February 2016, the FASB issued ASU No. 2016-02, "Leases (Topic 842)." Among other things, in the amendments in ASU 2016-02, lessees will be required to recognize the following for all leases (with the exception of short-term leases) at the commencement date: (1) A lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and (2) A right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. Under the new guidance, lessor accounting is largely unchanged. Certain targeted improvements were made to align, where necessary, lessor accounting with the lessee accounting model and Topic 606, Revenue from Contracts with Customers. The amendments in this ASU are effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early application is permitted upon issuance. Lessees (for capital and operating leases) and lessors (for sales-type, direct financing, and operating leases) must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The modified retrospective approach would not require any transition accounting for leases that expired before the earliest comparative period presented. Lessees and lessors may not apply a full retrospective transition approach. The Company is currently assessing the impact that ASU 2016-02 will have on its consolidated financial statements. The Company has been gathering the lease agreement data and has begun to analyze the financial impact to the consolidated financial statements.

In July 2018, the FASB issued ASU 2018-10, Codification Improvements to Topic 842, Leases and ASU 2018-11 "Leases (Topic 842): Targeted Improvements" (ASU 2018-11). ASU 2018-10 clarifies certain areas within ASU 2016-02. Prior to ASU 2018-11, a modified retrospective transition was required for financing or operating leases existing at or entered into after the beginning of the earliest comparative period presented in the financial statements. ASU 2018-11 allows entities an additional transition method to the existing requirements whereby an entity could adopt the provisions of ASU 2016-02 by recognizing a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption without adjustment to the financial statements for periods prior to adoption. ASU 2018-11 also allows a practical expedient that permits lessors to not separate non-lease components from the associated lease component if certain conditions are present. An entity that elects to use the practical expedients will, in effect, continue to account for leases that commenced before the effective date in accordance with previous GAAP unless the lease is modified, except that lessees are required to recognize a right-of-use asset and a lease liability for all operating leases at each reporting date based on the present value of the remaining minimum rental payments that were tracked and disclosed under previous GAAP. ASU 2016-02, ASU 2018-10 and ASU 2018-11 will be effective for the Company's fiscal year beginning April 1, 2019 and subsequent interim periods. The Company's current lease arrangements expire through 2021 and the Company is currently evaluating the impact the adoption of these ASUs will have on the Company's condensed consolidated financial statements.

In April 2016, the FASB issued ASU 2016-10 Revenue from Contracts with Customers (Topic 606) ("ASU 2016-10"). The core principle of the guidance in Topic 606 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The amendments in ASU 2016-10 affect the guidance in ASU 2014-09, Revenue from Contracts with Customers, which is not yet effective. The effective date and transition requirements of ASU 2016-10 are the same as the effective date and transition requirements of ASU 2014-09. They are effective prospectively for reporting periods beginning after December 15, 2017 and early adoption is not permitted. The Company is currently assessing the impact of the adoption of these amendments on its consolidated financial statements.

In May 2016, the FASB issued Accounting Standards Update No. 2016-12, Revenue from Contracts with Customers (Topic 606): Narrow -Scope Improvements and Practical Expedients. The amendments do not change the core revenue recognition principle in Topic 606. The amendments provide clarifying guidance in certain narrow areas and add some practical expedients. These amendments are effective at the same date that Topic 606 is effective. Topic 606 is effective for public entities for annual reporting periods beginning after December 15, 2017, including interim reporting periods therein (i.e., January 1, 2018, for a calendar year entity). Topic 606 is effective for nonpublic entities one year later. The Company is currently assessing the impact of the adoption of the amendments to Topic 606 and these amendments on its consolidated financial statements.

In September 2017, the FASB issued ASU 2017-13, “Revenue Recognition (Topic 605), Revenue from Contracts with Customers (Topic 606), Leases (Topic 840), and Leases (Topic 842),” which provides additional implementation guidance on the previously issued ASU 2016-02 Leases (Topic 842). The revenue standard is effective for annual periods beginning after December 15, 2017. ASU 2016-02 requires a lessee to recognize assets and liabilities on the balance sheet for leases with lease terms greater than 12 months. ASU 2016-02 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018, and early adoption is permitted. The Company is currently assessing the impact of the adoption of this guidance on its consolidated financial statements.

In February 2018, the FASB issued Accounting Standards Update No. 2018-02, Income Statement – Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income. This update will be effective for all interim and annual reporting periods beginning after December 15, 2018. The Company is currently assessing the impact of the adoption of these amendments on its consolidated financial statements.

In March 2018, the FASB issued Accounting Standards Update No. 2018-05, Income Taxes (Topic 740): Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 118 (“ASU 2018-05”). ASU 2018-05 adds various SEC paragraphs pursuant to the issuance of the December 2017 SEC Staff Accounting Bulletin No. 118, Income Tax Accounting Implications of the Tax Cuts and Jobs Act (“SAB No. 118”), which was effective immediately. SAB No.118 provides for a provisional one year measurement period for entities to finalize their accounting for certain income tax effects related to the Tax Cuts and Jobs Act. The adoption of ASU 2018-05 had no material impact on the Company’s consolidated financial statements as of and for the three and nine months ended September 30, 2018. See Note 10, Income Taxes, for disclosures related to this amended guidance.

In June 2018, the FASB issued ASU No. 2018-07, Compensation Stock Compensation (Topic 718), Improvements to Nonemployee Share-Based Payment Accounting. This ASU is intended to simplify aspects of share-based compensation issued to non-employees by making the guidance consistent with the accounting for employee share based compensation. The guidance is effective for the Company for the fiscal year beginning January 1, 2020. While the exact impact of this standard is not known, the guidance is not expected to have a material impact on the Company’s consolidated financial statements, as non-employee stock compensation is nominal relative to the Company’s total expenses as of September 30, 2018.

In October 2018, the FASB issued ASU No. 2018-17, “Consolidation (Topic 810): Targeted Improvements to Related Party Guidance for Variable Interest Entities” (“ASU 2018-17”). This ASU reduces the cost and complexity of financial reporting associated with consolidation of variable interest entities (VIEs). A VIE is an organization in which consolidation is not based on a majority of voting rights. The new guidance supersedes the private company alternative for common control leasing arrangements issued in 2014 and expands it to all qualifying common control arrangements. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. The Company is currently assessing the impact the adoption of ASU 2018-17 will have on the Company’s condensed consolidated financial statements.

The Company does not believe that any other recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying consolidated financial statements.

Note 4. PROPERTY AND EQUIPMENT

The components of property and equipment at September 30, 2018 and December 31, 2017 consisted of the following:

September 30, 2018	December 31, 2017
-----------------------	----------------------

Edgar Filing: AIR INDUSTRIES GROUP - Form 10-Q

	(unaudited)		
Land	\$ 300,000	\$ 300,000	
Buildings and Improvements	1,650,000	1,650,000	31.5 years
Machinery and Equipment	11,590,000	11,554,000	5 - 8 years
Capital Lease Machinery and Equipment	6,534,000	6,534,000	5 - 8 years
Tools and Instruments	9,124,000	8,538,000	1.5 - 7 years
Automotive Equipment	172,000	172,000	5 years
Furniture and Fixtures	316,000	311,000	5 - 8 years
Leasehold Improvements	528,000	528,000	Term of Lease
Computers and Software	409,000	406,000	4 - 6 years
Total Property and Equipment	30,623,000	29,993,000	
Less: Accumulated Depreciation	(21,985,000)	(19,943,000)	
Property and Equipment, net	\$ 8,638,000	\$ 10,050,000	

Depreciation expense for the three months ended September 30, 2018 and 2017 was \$681,000 and \$575,000, respectively. Depreciation expense for the nine months ended September 30, 2018 and 2017 was \$2,042,000 and \$1,938,000, respectively.

Assets held under capitalized lease obligations are depreciated over the shorter of their related lease terms or their estimated productive lives. Depreciation of assets under capital leases is included in depreciation expense for 2018 and 2017. Accumulated depreciation on these assets was approximately \$4,576,000 and \$3,595,000 as of September 30, 2018 and December 31, 2017, respectively.

Note 5. ASSETS HELD FOR SALE AND LIABILITIES DIRECTLY ASSOCIATED**WMI Group**

As discussed in Note 1, on March 21, 2018, the Company signed a SPA to sell all of the outstanding shares of WMI Group to CPI for a purchase price of \$9,000,000, subject to a working capital adjustment, and a contingent payment of \$1,000,000. At September 30, 2018 and December 31, 2017, the Company reclassified its assets held for sale and the liabilities directly associated to these assets. The components of these assets and liabilities are as follows:

Components of Assets Held for Sale and Liabilities Directly Associated

	September 30, 2018	December 31, 2017
Assets Held for Sale		
Accounts Receivable, net of allowance for doubtful accounts	\$1,945,000	\$ 2,217,000
Inventory, net of reserves	9,093,000	8,065,000
Prepaid and other assets	1,479,000	485,000
Property and equipment, net of accumulated depreciation	754,000	878,000
Impairment of Assets Held for Sale	(930,000)	(1,563,000)
Assets Held for Sale, net	\$12,341,000	\$ 10,082,000
Accounts payable and accrued expenses	1,074,000	2,138,000
Deferred Revenue	2,100,000	521,000
Notes Payable & Capital lease obligations	-	11,000
Deferred rent	153,000	125,000
Liabilities directly associated to Assets Held for Sale	\$3,327,000	\$ 2,795,000

Additionally, WMI Group's operations were previously reported in the Company's Aerostructures & Electronics segment. The amounts below represent WMI Group's operations that have been excluded from this segment for the three month and nine month periods ended September 30, 2018 and 2017, respectively:

Three Months Ended September 30,	Nine Months Ended September 30,
---	--

Edgar Filing: AIR INDUSTRIES GROUP - Form 10-Q

	2018	2017	2018	2017
	(Unaudited)	(Unaudited)	(Unaudited)	(Unaudited)
<u>Segment Data</u>				
Aerostructures and Electronics				
Net Sales	\$4,951,000	\$3,588,000	\$11,396,000	\$10,280,000
Gross Profit	1,016,000	600,000	2,127,000	2,247,000
Pre Tax (Loss) Income	(1,770,000)	62,000	172,000	280,000
Assets	12,341,000	16,959,000	12,341,000	16,959,000

Note 6. NOTES PAYABLE AND CAPITAL LEASE OBLIGATIONS

Notes payable and capital lease obligations consist of the following:

	September 30, 2018 (unaudited)	December 31, 2017
Revolving credit note payable to PNC Bank N.A. (“PNC”)	\$ 20,070,000	\$ 16,455,000
Term loans, PNC	2,363,000	3,471,000
Capital lease obligations	2,115,000	3,073,000
Related party notes payable, net of debt discount	2,860,000	1,912,000
Convertible notes payable-third parties, net of debt discount	2,606,000	1,930,000
Subtotal	30,014,000	26,841,000
Less: Current portion of notes and capital obligations	(24,047,000)	(23,393,000)
Notes payable and capital lease obligations, net of current portion	\$ 5,967,000	\$ 3,448,000

PNC Bank N.A. (“PNC”)

The Company has a Loan Facility with PNC secured by substantially all of its assets which has been amended many times since 2013.

The Loan Facility was amended on May 30, 2018 (the “Sixteenth Amendment”). The Sixteenth Amendment provides for a \$20,000,000 revolving loan and a Term Loan with a balance of \$2,363,000 at September 30, 2018.

Under the terms of the Loan Facility, as amended, the revolving loan and the term loan now bear interest at (a) the sum of the Alternate Base Rate plus three percent (3%) with respect to Domestic Rate Loans, and (b) the sum of the Eurodollar rate plus four and one-half percent (4.5%) with respect to Eurodollar Rate Loans. Both the revolving loan and the term loan mature on December 31, 2018 and are classified with the current portion of notes and capital lease obligations.

The Sixteenth Amendment waived the Fixed Charge Coverage Ratio covenant violations for the periods ending September 30, 2017, December 31, 2017 and March 31, 2018. The Sixteenth Amendment imposes minimum EBITDA (as defined in the Loan Agreement) covenants of not less than (i) \$75,000 for the three-month period ending

March 31, 2018, (ii) \$485,000 for the six month period ending June 30, 2018, and (iii) \$1,200,000 for the nine-month period ending September 30, 2018. The Company complied with these new covenants for the three-months ended March 31, 2018, the six-month period ended June 30, 2018 and the nine-month period ended September 30, 2018. In addition, the Company is prohibited from paying dividends to its stockholders and limits capital expenditures. In connection with the Sixteenth Amendment; the Company paid PNC a fee of \$125,000 in two installments and reimbursed it for the fees and expenses of its counsel.

On June 19, 2017, the Company entered into the Fifteenth Amendment to the Loan Facility, which waived the failure to comply with the minimum EBITDA covenant for the periods ended December 31, 2016 and March 31, 2017 and the Capital Expenditures covenant for the period ended December 31, 2016. The amendment also requires that the Company maintain at all times a Fixed Charge Coverage Ratio, tested quarterly on a consolidated basis beginning September 30, 2017, as follows: (i) 1.00 to 1.00 for the quarter ending September 30, 2017, tested based upon the prior three (3) months, (ii) 1.05 to 1.00 for the quarter ending December 31, 2017, tested based upon the prior six (6) months and (iii) 1.05 to 1.00 for the quarter ending March 31, 2018, tested based upon the prior nine months and that we maintain EBITDA of not less than \$345,000 for the period ending September 30, 2017. The amendment also provided that we were not required to maintain a Fixed Charge Coverage Ratio and that no testing was required to the Fixed Charge Coverage Ratio for the periods ending December 31, 2016 and June 30, 2017 and that the Company is not required to maintain a Fixed Charge Coverage Ratio and that no testing will be required of the Fixed Charge Coverage Ratio for the period ending June 30, 2017. In addition, the Fifteenth Amendment reduced the weekly payments the Company is required to make to reduce our \$2,244,071 over-advance under the revolving credit facility as of June 19, 2017 from \$100,000 to \$25,000 per week during the period commencing May 22, 2017 through and including July 10, 2017. At December 31, 2017, the over-advance had been paid in full. The Company paid \$50,000 to PNC in connection with the amendment and reimbursed PNC's counsel fees.

As of September 30, 2018, the Company's debt to PNC in the amount of \$22,433,000 consisted of the revolving credit loan in the amount of \$20,070,000 and the term loan in the amount of \$2,363,000. The revolver balance presented was increased to include the Company's negative general ledger balances of its controlled disbursement cash accounts. As of December 31, 2017, the Company's debt to PNC in the amount of \$19,926,000 consisted of the revolving credit note due to PNC in the amount of \$16,455,000 and the term loan due to PNC in the amount of \$3,471,000.

Each day, the Company's cash collections are swept directly by the bank to reduce the revolving loans and the Company then borrows according to a borrowing base formula. The Company's receivables are payable directly into a lockbox controlled by PNC (subject to the terms of the Loan Facility). PNC may use some elements of subjective business judgment in determining whether a material adverse change has occurred in the Company's condition, results of operations, assets, business, properties or prospects allowing it to demand repayment of the Loan Facility.

As of September 30, 2018 the future minimum principal payments for the term loan is as follows:

For the twelve months ending	Amount
September 30, 2019	\$1,477,000
September 30, 2020	886,000
PNC Term Loans payable	2,363,000
Less: Current portion	(2,363,000)
Long-term portion	\$-

Interest expense related to these credit facilities amounted to \$981,000 and \$1,660,000 for the nine months ended September 30, 2018 and 2017, respectively.

Capital Leases Payable – Equipment

The Company is committed under several capital leases for manufacturing and computer equipment. All leases have bargain purchase options exercisable at the termination of each lease. Capital lease obligations totaled \$2,115,000 and \$3,073,000 as of September 30, 2018 and December 31, 2017, respectively, with various interest rates ranging from approximately 4% to 14%.

As of September 30, 2018, the aggregate future minimum lease payments, including imputed interest, with remaining terms of greater than one year are as follows:

For the twelve months ending	Amount
September 30, 2019	\$ 1,297,000
September 30, 2020	813,000
September 30, 2021	84,000
September 30, 2022	34,000
Thereafter	-
Total future minimum lease payments	2,228,000
Less: imputed interest	(113,000)
Less: current portion	(1,213,000)
Total Long Term Portion	\$902,000

Related Party Notes Payable

Taglich Brothers, Inc. is a corporation co-founded by two directors of the Company, Michael and Robert Taglich. In addition, a third director of the Company is a vice president of Taglich Brothers, Inc.

Taglich Brothers, Inc. has acted as placement agent for various debt and equity financing transactions and has received cash and equity compensation for their services. In addition, Michael and Robert Taglich have also invested as individuals in the Company a total of \$ 8,860,000 through various debt and equity financings.

From November 23, 2016 through March 21, 2017, the Company received gross proceeds of \$1,950,000 from Robert and Michael Taglich, from the sale of an equal principal amount of our 8% Subordinated Convertible Notes (the “8% Notes”). See “Private Placements of 8% Subordinated Convertible Notes” below.

In November 2017, Michael Taglich and Robert Taglich purchased 144,927 shares and 72,463 shares, respectively, of common stock, together with warrants to purchase an additional 48,000 shares and 24,000 shares, respectively, of common stock, for a purchase price of \$200,000 and \$100,000, respectively, in a private placement of the Company's equity securities completed in January 2018 from which the Company received gross proceeds of \$2,000,000. Taglich Brothers, Inc., which as placement agent for the sale of the shares and warrants, received a placement agent fee equal to \$160,000 (8% of the amounts invested), payable at the Company's option, in cash or additional shares of common stock and warrants having the same terms and conditions as the shares and warrants issued in the offering. See Note 7 below.

Private Placement of Subordinated Notes due May 31, 2018, together with Shares of Common Stock

On March 29, 2018 and April 4, 2018, Michael Taglich and Robert Taglich advanced \$1,000,000 and \$100,000, respectively, to the Company for use as working capital. The Company subsequently issued its Subordinated Notes due May 31, 2019 to Michael Taglich and Robert Taglich, together with shares of common stock, in the financing described below, to evidence its obligation to repay the foregoing advances.

In May 2018, the Company issued \$1,200,000 of Subordinated Notes due May 31, 2019 (the "2019 Notes"), together with a total of 214,762 shares of common stock (the "Shares"), to Michael Taglich, Robert Taglich and another accredited investor. As part of the financing, the Company issued to Michael Taglich \$1,000,000 principal amount of 2019 Notes and 178,571 shares of common stock for a purchase price of \$1,000,000 and the Company issued to Robert Taglich \$100,000 principal amount of 2019 Notes and 17,857 shares of common stock. The Company issued and sold a 2019 Note in the principal amount of \$100,000, plus 18,334 shares of common stock, to the other accredited investor for a purchase price of \$100,000. Seventy percent (70%) of the total purchase price for the 2019 Notes and Shares purchased by each investor has been allocated to the 2019 Notes with the remaining thirty percent (30%) allocated to the Shares purchased with the 2019 Notes. The number of Shares purchased by Michael Taglich and Robert Taglich was calculated based upon \$1.68, the closing price of the common stock on May 20, 2018, the trading day immediately preceding the date they purchased the 2019 Notes and shares of common stock.

Interest on the 2019 Notes is payable on the outstanding principal amount thereof at the rate of one percent (1%) per month, payable monthly commencing June 30, 2018. Upon the occurrence and continuation of a failure to pay accrued interest, interest shall accrue and be payable on such amount at the rate of 1.25% per month; provided that upon the occurrence and continuation of a failure to timely pay the principal amount of the 2019 Note, interest shall accrue and be payable on such principal amount at the rate of 1.25% per month and shall no longer be payable on interest accrued but unpaid. The 2019 Notes are subordinate to the Company's obligations to PNC.

Taglich Brothers acted as placement agent for the offering and received a commission in the aggregate amount of 4% of the amount invested which was paid in kind.

Related party advances and notes payable, net of debt discounts to Michael and Robert Taglich, and their affiliated entities, totaled \$2,860,000 and \$1,912,000, as of September 30, 2018 and December 31, 2017, respectively.

The gross proceeds of \$1,200,000 was completed in the following closings:

Date	Gross Proceeds	Promissory Note	\$	Common Stock Price	Shares
3/29/2018	1,000,000	700,000	300,000	1.68	178,571
4/4/2018	100,000	70,000	30,000	1.68	17,857
5/21/2018	100,000	70,000	30,000	1.64	18,334
Total	1,200,000	840,000	360,000		214,762

Private Placements of 8% Subordinated Convertible Notes

From November 23, 2016 through March 21, 2017, the Company received gross proceeds of \$4,775,000, of which \$1,950,000 were received from Robert and Michael Taglich, from the sale of an equal principal amount of our 8% Subordinated Convertible Notes (the “8% Notes”), together with warrants to purchase a total of 383,080 shares of our common stock, in private placement transactions with accredited investors (the “8% Note Offerings”). In connection with the offering of the 8% Notes, the Company issued 8% Notes in the aggregate principal amount of \$382,000 to Taglich Brothers, Inc., placement agent for the 8% Note Offerings, in lieu of payment of cash compensation for sales commissions, together with warrants to purchase a total of 180,977 shares of our common stock. Payment of the principal and accrued interest on the 8% Notes are junior and subordinate in right of payment to our indebtedness under the Loan Facility.

Interest on the 2018 Notes is payable on the outstanding principal amount thereof at the annual rate of 8%, payable quarterly commencing February 28, 2017, in cash, or at our option, in additional 2018 Notes, provided that if accrued interest payable on \$1,269,000 principal amount of the 2018 Notes issued in December 2016 is paid in additional 2018 Notes, interest for that quarterly interest payment shall be calculated at the rate of 12% per annum. Upon the occurrence and continuation of an event of default, interest shall accrue at the rate of 12% per annum.

During the nine months ended September 30, 2018, we issued \$297,000 principal amount of 8% Notes in lieu of cash payment of accrued interest. As of September 30, 2018, we had outstanding \$4,775,000 principal amount of 8% Notes, of which \$2,575,000 principal amount is due on November 30, 2018 and \$2,200,000 principal amount is due on February 28, 2019.

The outstanding principal amount plus accrued interest on the 8% Notes is convertible at the option of the holder into shares of common stock conversion prices ranging from \$2.25 to \$4.45 per share, subject to certain anti-dilution and other adjustments, including stock splits, and in the event of certain fundamental transactions such as mergers and other business combinations.

An event of default under the 8% Notes will occur (i) if the Company fails to make any payment under the 8% Notes within ten days after the date first due, or (ii) if the Company files a petition in bankruptcy or under any similar insolvency law, makes an assignment for the benefit of its creditors, or if any voluntary petition in bankruptcy or under any similar insolvency law is filed against the Company and such petition is not dismissed within sixty (60) days after the filing thereof. Upon the occurrence and continuation of an event of default, holders of a majority of the outstanding principal amount of the 8% Notes then outstanding, upon notice to the Company and the holders of the Senior Indebtedness (as defined in the 8% Notes), may demand immediate payment of the unpaid principal amount of the 8% Notes, together with accrued interest thereon and all other amounts payable under the 8% Notes, subject to the subordination provisions of the 8% Notes.

The exercise price of the warrants issued in connection with the 8% Note Offerings ranges from \$3.00 to \$4.53 per share, subject to certain anti-dilution and other adjustments, including stock splits, distributions in respect of the common stock and in the event of certain fundamental transactions such as mergers and other business combinations, and may be exercised on a cashless basis for a lesser number of shares depending upon prevailing market prices at the time of exercise. Of these warrants, 320,702 warrants may be exercised until November 30, 2021 and 243,307 warrants may be exercised until January 31, 2022.

Amendments to 8% Notes

In September 2018, holders of a majority of the outstanding principal amount of the 8% Notes consented to an amendment to the terms of the 8% Notes to extend the maturity date to December 31, 2020 and to provide that interest on the 8% Notes, as amended (the "Amended Notes"), shall accrue and be paid on the due date of the Amended Notes or, if earlier, upon conversion of the Amended Notes into shares of common stock. From and after September 30, 2018, interest on the unpaid principal amount of the Amended Notes shall accrue and be paid at the rate of six (6%) percent per annum, if paid in cash, or at the rate of eight (8%) percent per annum if converted into common stock.

At September 30, 2018, Michael Taglich, Robert Taglich and Taglich Brothers (collectively, the "Taglich Parties") owned \$1,300,000, \$650,000 and \$382,000, respectively, principal amount of 8% Notes, with accrued interest thereon from the date of issuance through September 30, 2018 of \$203,613, \$120,097 and \$68,294, respectively. In consideration for waiving all defaults in payment of principal and accrued interest on the 8% Notes through the date of the amendment, the conversion price of the Amended Notes owned by the Taglich Parties and the other holders of the Amended Notes has been reduced to \$1.50 per share, subject to the anti-dilution adjustments set forth in the Amended

Notes and the 8% Notes, and the Company issued to the Taglich Parties and the other holders of the 8% Notes such number of shares of common stock calculated based upon a value of \$1.39 per share, the closing market price of common stock on the NYSE American on September 28, 2018, the date immediately prior to the date the holders of a majority of the outstanding principal amount of the 8% Notes approved the amendment as is equal to the interest accrued on their 8% Notes from the date of issuance through September 30, 2018. As a result, the Company issued to Michael Taglich, Robert Taglich and Taglich Brothers 146,484 shares, 86,401 shares and 49,132 shares, respectively, of common Stock.

For soliciting noteholders in connection with the adoption of the amendments, the Company agreed to pay Taglich Brothers \$95,550, representing a fee equal to 2% of the outstanding principal amount of Notes whose registered holders (other than Taglich Brothers) received shares of common stock in lieu of cash payment of accrued interest on the 8% Notes as of September 30, 2018.

Note 7. STOCKHOLDERS' EQUITY

Common Stock -- Sale of Unregistered Equity Securities

On November 29, 2017, the Company entered into a Placement Agency Agreement with Taglich Brothers, Inc. as placement agent (the "Placement Agent"), pursuant to which the Placement Agent agreed to offer on behalf of the Company, on a best efforts basis, up to 1,600,000 shares of the Company's common stock (the "Shares") to accredited investors (the "Offering"), together with five-year warrants to purchase 24,000 shares of common stock (the "Warrants") for each \$100,000 of shares purchased, in a private placement exempt from the registration requirements of the Securities Act.

On January 9, 2018 the Company issued and sold to 35 accredited investors an aggregate of 852,000 Shares and Warrants to purchase an additional 255,600 shares of common stock, for gross proceeds of \$1,065,000 pursuant to the Offering. The purchase price for the Shares and Warrants was \$1.25 per Share. The Company had previously sold a total of 725,390 Shares and Warrants to purchase an additional 224,400 shares of common stock for gross proceeds of \$935,000 on November 29, 2017, December 5, 2017 and December 29, 2017 pursuant to the Offering.

The Warrants have an exercise price of \$1.50 per share, subject to certain anti-dilution and other adjustments, including stock splits, and in the event of certain fundamental transactions such as mergers and other business combinations, and may be exercised on a cashless basis for a lesser number of shares depending upon prevailing market prices at the time of exercise. The Warrants may be exercised until November 30, 2022.

In connection with the Offering, Taglich Brothers, Inc., a related party, which acted as placement agent for the sale of the Shares and Warrants, is entitled to a placement agent fee equal to \$104,000 (8% of the amounts invested), payable at the Company's option, in cash or additional shares of common stock and warrants having the same terms and conditions as the Shares and Warrants. Michael Taglich and Robert Taglich, directors of the Company, are principals of Taglich Brothers, Inc. The placement agent fee was \$85,200 and \$0 for the nine months ended September 30, 2018 and 2017, respectively.

The Offering commenced November 29, 2017 and was completed in four closings for gross proceeds of \$2,000,000 as follows:

Date	Total Investment	Shares # of shares	Price	Warrants	
				# of warrants	Ex Price
11/29/2017	\$ 300,000	217,390	\$ 1.38	72,000	\$ 1.50
12/5/2017	400,000	320,000	\$ 1.25	96,000	\$ 1.50
12/29/2017	235,000	188,000	\$ 1.25	56,400	\$ 1.50
Subtotal - 2017	935,000	725,390		224,400	
1/9/2018	1,065,000	852,000	\$ 1.25	255,600	\$ 1.50
Total Offering	\$ 2,000,000	1,577,390		480,000	

During the nine months ended September 30, 2018, the Company issued 123,456 shares of common stock in lieu of cash payment for various services provided to the Company.

On July 19, 2018, the Company issued and sold a total of 322,000 shares of common stock for gross proceeds of \$460,460, or a \$1.43 per share, to four accredited investors pursuant to subscription agreements.

For acting as placement agent of the offering, Taglich Brothers, Inc. is entitled to a placement agent fee equal to \$27,627 (6% of the gross proceeds of the offering), payable at the Company's option, in cash or shares of Common Stock on the terms sold to the purchasers.

On October 1, 2018, the Company sold 800,000 shares of common stock and warrants to purchase 280,000 additional shares of common stock for gross proceeds of \$1,000,000 to an accredited investor within the meaning of Rule 501(a) of Regulation D under the Securities Act ("Regulation D"), in a private offering exempt from the registration requirements of the Securities Act under Rule 506 of Regulation D and Section 4(a)(2) of the Securities Act. The Company agreed to pay Taglich Brothers \$70,000 (7% of the gross proceeds of the offering) for acting as placement agent for the offering.

Note 8. COMMITMENTS AND CONTINGENCIES

Contingencies

On July 5, 2018, CPI filed a complaint in the Supreme Court of the State of New York, County of New York, against the Company relating to the previously announced SPA dated as of March 21, 2018 between the Company and CPI, pursuant to which the Company agreed to sell to CPI all of the shares of capital stock of WMI Group. On July 2, 2018, the Company notified CPI that it was terminating the SPA due to CPI's failure to close on a timely basis.

The complaint alleges that the Company willfully breached its contractual obligation to provide financial information required to fulfill key conditions for closing under the SPA. CPI is seeking, among other things, an order of specific performance requiring the Company to comply with its obligations under the SPA, monetary damages, and attorneys' fees and costs.

On July 30, 2018, the Company filed its answer and asserted counterclaims against CPI. The Company denied the allegations made by CPI in the complaint and alleged that CPI breached the Agreement and the covenant of good faith and fair dealing. The Company is seeking a declaration that the SPA has terminated, along with monetary damages, attorneys' fees, and costs.

On July 31, 2018, CPI filed a motion for a preliminary injunction against the Company. The motion argued that the Company's failure to provide financial data and other information necessary to close the transaction contemplated by the SPA will cause irreparable injury to CPI. CPI is seeking an order directing the Company to furnish CPI with all previously requested financial, operating, and other data and information relating to WMI Group.

The Company disputes the validity and applicability of the claims asserted by CPI and believes that it has meritorious defenses to those claims and intends to contest the action vigorously.

On October 3, 2018, the Company entered into a stipulation with CPI pursuant to which it agreed to deliver to CPI no later than November 16, 2018, audited financial statements of WMI Group. The audit of WMI Group was not completed as of that date, and is still in process as of the date of the Company's third quarter 2018 Form 10-Q. CPI will have three weeks after receipt of the audited financial statements to close the transaction in accordance with the terms of the SPA. The stipulation contemplates that the parties will enter into an Amendment to the SPA incorporating the terms of the Stipulation into the SPA. On November 9, 2018, the Court issued an Order directing that the Company and CPI enter into an Amendment to the SPA which, among other things, confirms the parties' obligations with respect to the delivery of the audited financial statements of WMI Group and obligation to close the transaction within 21 days thereafter.

A number of actions have been commenced against the Company by vendors, landlords and former landlords, including a third party claim as a result of an injury suffered on a portion of a leased property not occupied by the Company. As certain of these claims represent amounts included in accounts payable they are not specifically discussed herein.

Westbury Park Associates, LLC commenced an action on or about January 11, 2017 against Air Industries Group in the NYS Supreme Court, County of Suffolk, seeking the recovery of approximately \$31,000 for past rent arrears, and for an unidentified sum representing all additional rent due under an alleged commercial lease through the end of its term, plus attorney's fees. The Company believes that it has a meritorious defense, and there was no lease on the property and that its subsidiary Compac Development Corp was a hold-over tenant occupying the space on month-to-month tenancy.

An employee of the Company commenced an action against, among others, Rechler Equity B-2, LLC and Air Industries Group, in the Supreme Court State of New York, Suffolk County, seeking compensation in an undetermined amount for injuries suffered while leaving the premises occupied by Welding Metallurgy, Inc. Rechler Equity B-2, LLC, has served a Third Party Complaint in this action against Air Industries Group, Inc. and Welding Metallurgy, Inc. The action remains in the early pleading stage. The Company believes it is not liable to the employee and any amount it might have to pay would be covered by insurance.

An employee of the Company commenced an action against, among others, Sterling Engineering and Air Industries Group, in Connecticut Commission on Human Rights and Opportunities, seeking lost wages in an undetermined amount for the employee's termination. The action remains in the early pleading stage. The Company believes it is not liable to the employee and any amount it might have to pay would be covered by insurance.

Contract Pharmacal Corp. commenced an action on October 2, 2018, relating to a Sublease entered into between the Company and Contract Pharmacal in May 2018 with respect to the property occupied by WMI at 110 Plant Avenue, Hauppauge, New York. In the action Contract Pharmacal seeks damages and an order directing that the Company

make all of the space referenced in the Sublease available to Contract Pharmacal. The Company disputes the validity of the claims asserted by Contract Pharmacal and believes that it has meritorious defenses to those claims and intends to contest the action vigorously.

On October 15, 2018, a class action complaint was filed in the United States District Court for the Eastern District of New York (Michael Kishmoian vs. Air Industries et al Case No. 18cv5757) naming the Company and certain of its directors and a former director. The Complaint alleges that the proxy statement for the Company's 2017 Annual Meeting of Stockholders contained false and misleading misstatements relating to whether brokers had discretionary authority to vote the shares of their customers in connection with the proposal to increase the number of shares the Company is authorized to issue. In the Complaint the plaintiff seeks to void the amendment and rescind any shares issued using the shares authorized by the amendment. The Company has contacted its insurers and is in the early stages of determining the merits of the claim and available defenses. Given the uncertainty of litigation, the preliminary stage of the case, and the legal standards that must be met for, among other things, class certification and success on the merits, the Company cannot estimate the reasonably possible loss or range of loss, if any, that may result from this action.

Note 9. INCOME TAXES

The Tax Cuts and Jobs Act (the “Tax Act”) was enacted on December 22, 2017, and permanently reduces the U.S. federal corporate rate from 35% to 21%, effective January 1, 2018.

SAB No. 118 allows a company to record a provisional amount when it does not have the necessary information available, prepared, or analyzed in reasonable detail to complete its accounting for the change in the tax law during the measurement period. As of September 30, 2018, the Company has not completed its accounting for the tax effects of the enactment of the Tax Act; however, the Company has made a reasonable estimate of the effects on its existing deferred tax balances. The Company is still analyzing the Tax Act and refining its calculations, which could potentially impact the measurement of its tax balances. The Company expects to complete its analysis within the measurement period.

The Company recorded no Federal income tax benefit for the nine months ended September 30, 2018. A tax benefit of approximately \$1,075,000 would have been recorded for the nine months ended September 30, 2018, had there not been a full valuation allowance recorded against incremental deferred tax assets created during the period. In determining the estimated annual effective income tax rate, the Company analyzes various factors, including projections of our annual earnings and taxing jurisdictions in which the earnings will be generated, the impact of state and local income taxes, their ability to use tax credits and net operating loss carry forwards, and available tax planning alternatives. As of September 30, 2018 and December 31, 2017, the Company provided a valuation allowance against its net deferred tax assets since the Company believes it is more likely than not that its deferred tax assets will not be realized.

The provision for (benefit from) income taxes as of September 30, is set forth below:

	2018 (unaudited)	2017 (unaudited)
Current		
Federal	\$ -	\$ -
State	2,000	8,000
Prior year over accrual		
Federal	-	(178,000)
State	-	-
Total current expense (benefit)	2,000	(170,000)
Deferred Tax Benefit	-	-
Valuation Allowance	-	-

Net Provision for (Benefit from) Income Taxes \$ 2,000 \$(170,000)

Note 10. SEGMENT REPORTING

In accordance with FASB ASC 280, “Segment Reporting” (“ASC 280”), the Company discloses financial and descriptive information about its reportable operating segments. Operating segments are components of an enterprise about which separate financial information is available and regularly evaluated by the chief operating decision maker in deciding how to allocate resources and in assessing performance.

The Company follows ASC 280, which establishes standards for reporting information about operating segments in annual and interim financial statements, and requires that companies report financial and descriptive information about their reportable segments based on a management approach. ASC 280 also establishes standards for related disclosures about products and services, geographic areas and major customers.

The Company currently divides its operations into three operating segments: Complex Machining, which consists of AIM and NTW; Aerostructures and Electronics which consists of WMI (including WPI, MSI and Compac), Eur-Pac, and ECC; and Turbine Engine Components which consists of Sterling and AMK, for the period January 1, 2017 until it was disposed of on January 27, 2017. Along with our operating subsidiaries, we report the results of our corporate division as an independent segment.

The accounting policies of each of the segments are the same as those described in the Summary of Significant Accounting Policies. The Company evaluates performance based on revenue, gross profit contribution and assets employed. Corporate level operating costs are allocated to segments. These costs include corporate costs such as legal, audit, tax and other professional fees including those related to being a public company.

Given the pending sale of WMI Group, in the future, the Company may change its reportable operating segments.

Financial information about the Company’s operating segments for the three and nine months ended September 30, 2018 and 2017 are as follows:

Three Months Ended September 30,		Nine Months Ended September 30,	
2018	2017	2018	2017
(Unaudited)	(Unaudited)	(Unaudited)	(Unaudited)

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

The following discussion of our financial condition and results of operations should be read in conjunction with the unaudited consolidated financial statements and notes to those statements included elsewhere in this Form 10-Q and with the audited consolidated financial statements and the notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2017 (the "2017 Form 10-K"). This discussion contains forward-looking statements that involve risks and uncertainties. You should specifically consider the various risk factors identified in this report that could cause actual results to differ materially from those anticipated in these forward-looking statements.

Business Overview

We are an aerospace company operating primarily in the defense industry, though the proportion of our business represented by the commercial and industrial sector is increasing. We manufacture and design structural parts and assemblies that focus on flight safety, including landing gear, arresting gear, engine mounts, flight controls, throttle quadrants, and other components. Our Turbine Engine Components segment makes components and provides services for jet engines and ground-power turbines. Our products are currently deployed on a wide range of high profile military and commercial aircraft including Sikorsky's UH-60 Blackhawk and CH-47 Chinook helicopters, Lockheed Martin's F-35 Joint Strike Fighter, Northrop Grumman's E2D Hawkeye, the US Navy F-18 and USAF F-16 fighter aircraft, Boeing's 777 and Airbus' 380 commercial airliners. Our Turbine Engine segment makes components for jet engines that are used on the USAF F-15 and F-16, the Airbus A-330 and A-380, and the Boeing 777, in addition to a number of ground-power turbine applications.

Air Industries Machining, Corp. ("AIM") became a public company in 2005 when its net sales were approximately \$30 million. AIM has manufactured components and subassemblies for the defense and commercial aerospace industry for over 45 years and has established long-term relationships with leading defense and aerospace manufacturers. Since becoming public, we have completed a series of acquisitions of defense aerospace and commercial aerospace businesses which have enabled us to broaden the range of products and services beyond those which were provided by AIM.

Since January 1, 2018, we have received gross proceeds of \$3,725,460 from the issuance and sale of our debt and equity securities in the following private placements:

- a) In January 2018, we issued and sold 852,000 shares of common stock and warrants to purchase an additional 255,600 shares of common stock, for gross proceeds of \$1,065,000;
- b) In May 2018, we issued and sold \$1,200,000 of Subordinated Notes due May 31, 2019, together with a total of 214,762 shares of Common Stock for gross proceeds of \$1,200,000; and
- c) In July 2018, we issued and sold 322,000 shares of common stock for gross proceeds of \$460,460.
- d) In October 2018, we issued and sold 800,000 shares of common stock and warrants to purchase 280,000 additional shares of common stock for gross proceeds of \$1,000,000.

In addition to repositioning our business to obtain profitability and positive cash flow, we remain resolute on meeting customers' needs and continue to align production schedules to meet the needs of customers in our Complex Machining and Turbine Engine segments. We believe that an unyielding focus on our customers will allow us to execute on our existing backlog in a timely fashion and take on additional commitments. We are pleased with our progress and the positive responses received from our customers. As we focused on and devoted our finances to our customers in our Complex Machining and Turbine Engine segments, we inadvertently failed to timely perform under various contracts undertaken by our Eur-Pac subsidiary. On November 8, 2018 EPC received formal notice from the Department of the Navy that EPC's opposition to debarment was rejected and that the EPC was debarred from future government contracts until October 29, 2020. Management is considering completing existing contracts that had already been awarded, and management's plan is to eventually close EPC in the first or second quarter of 2019.

The aerospace market is highly competitive in both the defense and commercial sectors and we face intense competition in all areas of our business. Nearly all of our revenues are derived by producing products to customer specifications after being awarded a contract through a competitive bidding process. As the commercial aerospace and defense industries continue to consolidate and major contractors seek to streamline supply chains by buying more complete sub-assemblies from fewer suppliers, we have sought to remain competitive not only by providing cost-effective world class service but also by increasing our ability to produce more complex and complete assemblies for our customers.

Our ability to operate profitably is determined by our ability to win new contracts and renewals of existing contracts, and then fulfill these contracts on a timely basis at costs that enable us to generate a profit based upon the agreed upon contract price. Winning a contract generally requires that we submit a bid containing a fixed price for the product or

products covered by the contract for an agreed upon period of time. Thus, when submitting bids, we are required to estimate our future costs of production and, since we often rely upon subcontractors, the prices we can obtain from our subcontractors.

While our revenues are largely determined by the number of contracts we are awarded, the volume of product delivered and price of product under each contract, our costs are determined by a number of factors. The principal factors impacting our costs are the cost of materials and supplies, labor, financing and the efficiency at which we can produce our products. The cost of materials used in the aerospace industry is highly volatile. In addition, the market for the skilled labor we require to operate our plants is highly competitive. The profit margin of the various products we sell varies based upon a number of factors, including the complexity of the product, the intensity of the competition for such product and, in some cases, the ability to deliver replacement parts on short notice. Thus, in assessing our performance from one period to another, a reader must understand that changes in profit margin can be the result of shifts in the mix of products sold. Many of our operations have a large percentage of fixed factory overhead. As a result our profit margins are also highly variable with sales volumes as low sales volumes can result in the under-absorption of factory overhead which can decrease profits.

A very large percentage of the products we produce are used on military as opposed to civilian aircraft. These products can be replacements for aircraft already in the fleet of the armed services or for the production of new aircraft. Reductions to the Defense Department budget and decreased usage of aircraft have reduced the demand for both new production and replacement spares. This has reduced our sales, particularly in our complex machining segment. In response to the reduction in military sales, we are focusing greater efforts on the civilian aircraft market though we remain dependent upon the military for an overwhelming portion of our revenues.

Segment Data

We currently divide our operations into three operating segments: Complex Machining; Aerostructures and Electronics; and Turbine Engine Components. We separately report our corporate overhead (which was comprised of certain operating costs that were not directly attributable to a particular segment).

The accounting policies of each of the segments are the same as those described in the Summary of Significant Accounting Policies. We evaluate performance based on revenue, gross profit contribution and assets employed.

RESULTS OF OPERATIONS-CONTINUING OPERATIONS

In March 2018, we announced our intention to divest WMI and related operations. These operations are part of our Aerostructures & Electronics operating segment. Once the sale is completed, our Company will be more focused on complex, machined products for aircraft landing gear and jet turbine applications. Although WMI and the related operations have been classified as a discontinued operation, we will continue to operate these businesses until the sale is closed which is anticipated to occur in December 2018. For purposes of the following discussion of our selected financial information and operating results, we have presented our financial information based on our continuing operations unless otherwise noted.

Results of Operations for the three months ended September 30, 2018

Net Sales:

Consolidated net sales for the three months ended September 30, 2018 were \$11,043,000, a decrease of \$2,647,000, or 19.3%, compared with \$13,690,000 for the three months ended September 30, 2017. Net sales of our Complex Machining segment were \$9,690,000, a decrease of \$508,000, or 5.0%, from \$10,198,000 in the prior year. Net sales of our Aerostructures & Electronics segment were \$310,000, a decrease of \$1,533,000, or 83.2%, from \$1,843,000 in the prior year. Net sales in our Turbine Engine Components segment were \$1,043,000, a decrease of \$606,000, or 36.7% compared with \$1,649,000 for the three months ended September 30, 2017. This decrease at Complex Machining resulted from production disruptions from the ongoing consolidation of NTW and AIM. The decrease at Aerostructures and Electronics resulted from a decline at EPC. The decrease in net sales at Turbine Engine Components resulted from a lack of new bookings. As a result, the General Manager at Sterling Engineering was replaced in February 2018.

As indicated in the table below, three customers represented 67.4% and 72.1% of total sales for the three months ended September 30, 2018 and September 30, 2017, respectively.

Customer	Percentage of Sales		
	2018	2017	
	(unaudited)		
Goodrich Landing Gear Systems	27.7%	27.5	%
Sikorsky Aircraft	26.4%	23.7	%
Rohr	13.3%	*	
United States Department of Defense	**	20.9	%

* Customer was less than 10% of sales at September 30, 2017.

** Customer was less than 10% of sales at September 30, 2018.

Gross Profit:

Consolidated gross profit from operations for the three months ended September 30, 2018 was \$1,360,000, a decrease of \$197,000, or 12.7%, as compared to gross profit of \$1,557,000 for the three months ended September 30, 2017. Consolidated gross profit as a percentage of sales was 12.3% and 11.4% for the three months ended September 30, 2018 and 2017, respectively. Our gross profit percentage during the three months ended September 30, 2018, was most notably impacted by lower gross margins in our Complex Machine segments due to a different product mix. We believe in future periods, we can improve our gross margins as compared to our most recent period.

Interest and Financing Costs

Interest and financing costs for the three months ended September 30, 2018 were \$833,000, a decrease of \$1,032,000 or 55.3% compared to \$1,865,000 for the three months ended September 30, 2017.

Operating Expense

Consolidated operating expenses for the three months ended September 30, 2018 totaled \$1,975,000, a decrease of \$532,000 or 21.2% compared to \$2,507,000 for the three months ended September 30, 2017. The decrease in operating expenses is primarily due to reduced salary, professional and amortization expenses.

Net Loss

Net loss for the three months ended September 30, 2018 was \$3,130,000, an increase of \$250,000 compared to a net loss of \$2,880,000 for the three months ended September 30, 2017. The increase is due to the loss from discontinued operations.

Results of Operations for the nine months ended September 30, 2018**Net Sales:**

Consolidated net sales for the nine months ended September 30, 2018 were \$35,200,000, a decrease of \$5,035,000, or 12.5%, compared with \$40,235,000 for the nine months ended September 30, 2017. Net sales of our Complex Machining segment were \$30,022,000, a decrease of \$540,000, or 1.8%, from \$30,562,000 in the prior year. Net sales of our Aerostructures & Electronics segment were \$1,585,000, a decrease of \$2,619,000, or 62.3%, from \$4,204,000 in the prior year. The decrease resulted from reduced sales at Eur-Pac. In 2017 Eur-Pac delivered the preponderance of a single \$3,000,000 order. Net sales in our Turbine Engine Components segment were \$3,593,000, a decrease of \$1,876,000, compared with \$5,469,000 for the nine months ended September 30, 2017. The decrease was partially due to the sale of AMK in January 2017, which had sales of \$417,000 in 2017. The balance of the decrease resulted from a lack of new billings at Sterling Engineering.

As indicated in the table below, three customers represented 69.1% and 68.8% of total sales for the nine months ended September 30, 2018 and September 30, 2017, respectively.

Customer	Percentage of Sales		
	2018	2017	
	(unaudited)		
Goodrich Landing Gear Systems	31.8%	25.4	%
Sikorsky Aircraft	26.3%	22.0	%
Rohr	11.0%	*	
United States Department of Defense	**	21.4	%

* Customer was less than 10% of sales at September 30, 2017.

** Customer was less than 10% of sales at September 30, 2018.

Gross Profit:

Consolidated gross profit from operations for the nine months ended September 30, 2018 was \$4,951,000, a decrease of \$580,000, or 10.5%, as compared to gross profit of \$5,531,000 for the nine months ended September 30, 2017. Consolidated gross profit as a percentage of sales was 14.1% and 13.7% for the nine months ended September 30, 2018 and 2017, respectively. Our gross profit percentage during the nine months ended was most notably impacted by lower gross margins in our Complex Machine segment due to different product mix. We believe in future periods, we can improve our gross margins as compared to our most recent period.

Interest and Financing Costs

Interest and financing costs for the nine months ended September 30, 2018 were \$2,471,000 a decrease of \$1,162,000 or 32.0% compared to \$3,633,000 for the nine months ended September 30, 2017.

Operating Expense

Consolidated operating expenses for the nine months ended September 30, 2018 totaled \$7,238,000 and decreased by \$1,181,000 or 14.0% compared to \$8,419,000 for the nine months ended September 30, 2017. The decrease in operating expenses is primarily due to reduced salary, professional and amortization expenses.

Net Loss

Net loss for the nine months ended September 30, 2018 was \$4,413,000, compared to a net loss of \$6,006,000 for the nine months ended September 30, 2017. The improvement is primarily due to lower interest expense and operating expenses.

LIQUIDITY AND CAPITAL RESOURCES

We are highly leveraged and rely upon our ability to continue to borrow under our Loan Facility with PNC or to raise debt and equity from our principal stockholders and third parties to support operations and acquisitions. Substantially all of our assets are pledged as collateral under our Loan Facility. The Loan Facility was amended on May 30, 2018 with a new expiration date of December 31, 2018.

We are required to maintain a lockbox account with PNC, into which substantially all of our cash receipts are paid. If PNC were to cease providing revolving loans to us under the Loan Facility, we would lack funds to continue our operations. Over the past eighteen months we have also relied upon our ability to borrow money from certain stockholders and raise debt and equity capital to support our operations. Should we continue to need to borrow funds from our principal stockholders or raise debt or equity, there is no assurance that we will be able to do so or that the terms on which we borrow funds or raise equity will be favorable to us or our existing shareholders.

The Loan Facility was amended on May 30, 2018 (the “Sixteenth Amendment”). The Sixteenth Amendment provides for a \$20,000,000 revolving loan and a Term Loan with a balance at September 30, 2018 of \$2,363,000.

Under the terms of the Loan Facility, as amended, the revolving loan and the term loan now bear interest at (a) the sum of the Alternate Base Rate plus three percent (3%) with respect to Domestic Rate Loans, and (b) the sum of the Eurodollar rate plus four and one-half percent (4.5%) with respect to Eurodollar Rate Loans. Both the revolving loan and the term loan mature on December 31, 2018 and are classified with the current portion of notes and capital lease obligations.

The Sixteenth Amendment waived the Fixed Charge Coverage Ratio covenant violations for the periods ending September 30, 2017 and December 31, 2017. The Sixteenth Amendment imposes minimum EBITDA (as defined in the Loan Agreement) covenants of not less than (i) \$75,000 for the three-month period ending March 31, 2018, (ii) \$485,000 for the six month period ending June 30, 2018, and (iii) \$1,200,000 for the nine-month period ending September 30, 2018. The Company complied with these covenants for the three-months ended March 31, 2018, the six-month period ending June 30, 2018 and the nine-month period ending September 30, 2018. In addition, the Company is prohibited from paying dividends to its stockholders and limits capital expenditures. In connection with the Sixteenth Amendment, the Company paid PNC a fee of \$125,000 in two instalments and reimbursed it for the fees and expenses of its counsel.

On June 19, 2017, we entered into the Fifteenth Amendment to the Loan Facility, which waived the failure to comply with the minimum EBITDA covenant for the periods ended December 31, 2016 and March 31, 2017 and the Capital Expenditures covenant for the period ended December 31, 2016. The amendment also requires that we maintain at all times a Fixed Charge Coverage Ratio, tested quarterly on a consolidated basis beginning September 30, 2017, as follows: (i) 1.00 to 1.00 for the quarter ending September 30, 2017, tested based upon the prior three (3) months, (ii) 1.05 to 1.00 for the quarter ending December 31, 2017, tested based upon the prior six (6) months and (iii) 1.05 to 1.00 for the quarter ending March 31, 2018, tested based upon the prior nine months and that we maintain EBITDA of not less than \$345,000 for the period ending September 30, 2017. The amendment also provided that we were not required to maintain a Fixed Charge Coverage Ratio and that no testing was required to the Fixed Charge Coverage Ratio for the periods ending December 31, 2016 and June 30, 2017 and that we are not required to maintain a Fixed Charge Coverage Ratio and that no testing will be required of the Fixed Charge Coverage Ratio for the period ending June 30, 2017. In addition, the Fifteenth Amendment reduced the weekly payments we are required to make to reduce our \$2,244,071 over-advance under the revolving credit facility as of June 19, 2017 from \$100,000 to \$25,000 per week during the period commencing May 22, 2017 through and including July 10, 2017. At December 31, 2017, the over-advance had been paid in full. We paid \$50,000 to PNC in connection with the amendment and reimbursed PNC’s counsel fees.

As of September 30, 2018, our debt to PNC in the amount of \$22,433,000 consisted of the revolving credit loan in the amount of \$20,070,000 and the term loan in the amount of \$2,363,000. As of December 31, 2017, our debt to PNC in the amount of \$19,926,000 consisted of the revolving credit note due to PNC in the amount of \$16,455,000 and the

term loan due to PNC in the amount of \$3,471,000. In addition, as of September 30, 2018 we had capitalized lease obligations to third parties of \$2,115,000, as compared to capitalized lease obligations to third parties of \$3,073,000 as of December 31, 2017.

Significant Transactions Since January 1, 2018 Which Have Impacted Our Liquidity

On March 21, 2018, we signed an agreement to sell all of the outstanding shares of WMI, including our wholly owned subsidiaries Miller Stuart, Woodbine, Decimal and Compac Development Corp, to CPI Aerostructures, Inc., pursuant to a Stock Purchase Agreement (SPA) for a purchase price of \$9,000,000, subject to a customary working capital adjustment. In June 2018, we terminated our previously announced sale of WMI and our wholly owned subsidiaries Miller Stuart, Woodbine, Decimal and Compac Development Corp (“WMI Group”) to CPI Aerostructures Inc (“CPI”).

On October 3, 2018, we entered into a stipulation with CPI pursuant to which we agreed to deliver to CPI no later than November 16, 2018, audited financial statements of WMI Group. CPI will have three weeks after receipt of the audited financial statements to close the transaction in accordance with the terms of the Stock Purchase Agreement. The stipulation contemplates that the parties will enter into an amendment to the Stock Purchase Agreement incorporating the terms of the Stipulation into the Agreement. On November 9, 2018, the Court issued an Order directing that we and CPI enter into an amendment to the Agreement which, among other things, confirms the parties’ obligations with respect to the delivery of the audited financial statements of WMI and obligation to close the transaction within 21 days thereafter.

The sale is subject to certain conditions, including CPI obtaining financing for the amount of the purchase price, and requires an escrow deposit of \$2,000,000 to cover the working capital adjustment and our obligation to indemnify CPI against damages arising out of the breach of our representations and warranties and obligations under the SPA. It is anticipated that the sale will occur in December 2018, in accordance with the Stipulation.

8% Subordinated Convertible Notes

From November 23, 2016 through March 21, 2017, we received gross proceeds of \$4,775,000 from the sale of our 8% Notes, together with warrants to purchase a total of 383,080 shares of our common stock, in private placement transactions with accredited investors (the “8% Note Offerings”). In connection with the 8% Notes offerings, we issued 8% Notes in the aggregate principal amount of \$382,000 to Taglich Brothers, placement agent for the 8% Note Offerings, in lieu of payment of cash compensation for sales commissions, together with warrants to purchase a total of 180,977 shares of our common stock. Payment of the principal and accrued interest on the 8% Notes are junior and subordinate in right of payment to our indebtedness under the Loan Facility.

Interest on the outstanding principal of the 8% Notes is payable quarterly at the annual rate of 8%, in cash, or if we are prohibited by applicable law or PNC, our principal lender under our Loan Facility, from paying interest in cash, or we otherwise elect to do so, we may pay accrued interest, in additional 8% Notes (“PIK Notes”), provided that if accrued interest with respect to the 8% Notes is paid in additional 8% Notes, interest for that quarterly interest payment will be calculated at the rate of 12% per annum. Upon the occurrence and continuation of an event of default, interest shall accrue at the rate of 12% per annum.

During the nine months ended September 30, 2018, we issued \$297,000 principal amount of 8% Notes in lieu of cash payment of accrued interest. As of September 30, 2018, we had outstanding \$4,775,000 principal amount of 8% Notes, of which \$2,575,000 principal amount is due on November 30, 2018 and \$2,200,000 principal amount is due on February 28, 2019.

The outstanding principal amount plus accrued interest on the 8% Notes is convertible at the option of the holder into shares of common stock at conversion prices ranging from \$2.25 to \$4.00 per share, subject to certain anti-dilution and other adjustments, including stock splits, and in the event of certain fundamental transactions such as mergers and other business combinations.

An event of default under the 8% Notes will occur (i) if the Company fails to make any payment under the 8% Notes within ten days after the date first due, or (ii) if the Company files a petition in bankruptcy or under any similar insolvency law, makes an assignment for the benefit of its creditors, or if any voluntary petition in bankruptcy or under any similar insolvency law is filed against the Company and such petition is not dismissed within sixty (60) days after the filing thereof. Upon the occurrence and continuation of an event of default, holders of a majority of the outstanding principal amount of the 8% Notes then outstanding, upon notice to the Company and the holders of the Senior Indebtedness (as defined in the 8% Notes), may demand immediate payment of the unpaid principal amount of the 8% Notes, together with accrued interest thereon and all other amounts payable under the 8% Notes, subject to the subordination provisions of the 8% Notes.

The exercise price of the warrants issued in connection with the 8% Note Offerings ranges from \$3.00 to \$4.45 per share, subject to certain anti-dilution and other adjustments, including stock splits, distributions in respect of the common stock and in the event of certain fundamental transactions such as mergers and other business combinations, and may be exercised on a cashless basis for a lesser number of shares depending upon prevailing market prices at the time of exercise. Of these warrants, 320,702 warrants may be exercised until November 30, 2021 and 243,307 warrants may be exercised until January 31, 2022.

Amendments to 8% Notes

In September 2018, we solicited consents from the holders of our outstanding 8% Notes to amend the 8% Notes to, among other things, postpone the due date thereof to December 31, 2020, decrease the interest payable thereon from 8% to 6%, if paid in cash, or at the rate of eight (8%) percent per annum if converted into common stock, decrease the conversion price to \$1.50 per share and pay the interest accrued thereon through September 30, 2018, in shares of common stock valued at the market price thereof (the “6% Notes”).

As a result of the amendments, we have outstanding \$5,157,000 principal amount of 6% Notes. We have issued to holders of the 6% Notes 663,286 shares of common stock valued at \$1.39 per share, the closing market price of a share of common stock on the NYSE American on September 28, 2018, the trading date immediately preceding the receipt of consents from holders of a majority of the outstanding principal amount of the 8% Notes, in lieu of cash payment of accrued interest of \$921,968 on the 8% Notes through and including September 30, 2018.

We will pay Taglich Brothers a solicitation fee equal to two percent (2%) of the principal amount of the 8% Notes of registered holders (other than Taglich Brothers) whose accrued interest through September 30, 2018 is paid for in shares of common stock, which fee is payable, at our option, in cash or 6% Notes in the principal amount equal to the solicitation fee due Taglich Brothers.

Private Placement of Subordinated Notes due May 31, 2018, together with Shares of Common Stock

On March 29, 2018 and April 4, 2018, Michael Taglich and Robert Taglich advanced \$1,000,000 and \$100,000, respectively, to our company for use as working capital. We subsequently issued our Subordinated Notes due May 31, 2019 to Michael Taglich and Robert Taglich, together with shares of our common stock, in the financing described below, to evidence our obligation to repay the foregoing advances.

In May 2018, we issued \$1,200,000 of Subordinated Notes due May 31, 2019 (the “2019 Notes”), together with a total of 214,762 shares of common stock (the “Shares”), to Michael Taglich, Robert Taglich and another accredited investor. As part of the financing, we issued to Michael Taglich \$1,000,000 principal amount of 2019 Notes and 178,571 shares of common stock for a purchase price of \$1,000,000 and we issued to Robert Taglich \$100,000 principal amount of 2019 Notes and 17,857 shares of common stock. We issued and sold a 2019 Note in the principal amount of \$100,000, plus 18,334 shares of common stock, to the other accredited investor for a purchase price of \$100,000. Seventy percent (70%) of the total purchase price for the 2019 Notes and Shares purchased by each investor has been allocated to the 2019 Notes with the remaining thirty percent (30%) allocated to the Shares purchased with the 2019 Notes. The number of Shares purchased by Michael Taglich and Robert Taglich was calculated based upon \$1.68, the closing price of the common stock on May 20, 2018, the trading day immediately preceding the date they purchased the 2019 Notes and shares of common stock.

Interest on the 2019 Notes is payable on the outstanding principal amount thereof at the rate of one percent (1%) per month, payable monthly commencing June 30, 2018. Upon the occurrence and continuation of a failure to pay accrued interest, interest shall accrue and be payable on such amount at the rate of 1.25% per month; provided that upon the occurrence and continuation of a failure to timely pay the principal amount of the 2019 Note, interest shall accrue and be payable on such principal amount at the rate of 1.25% per month and shall no longer be payable on interest accrued but unpaid. The 2019 Notes are subordinate to our obligations to PNC.

Taglich Brothers acted as placement agent for the offering and received a commission in the aggregate amount of 4% of the amount invested which was paid in kind.

Related party notes payable, net of debt discount to Michael and Robert Taglich, and their affiliated entities, totaled \$2,860,000 and \$1,912,000, as of September 30, 2018 and December 31, 2017, respectively.

Equity Private Placements

On November 29, 2017, December 5, 2017, December 29, 2017 and January 9, 2018, we issued and sold to 44 accredited investors, including Michael Taglich and Robert Taglich, an aggregate of 1,577,390 shares of common stock and warrants to purchase an additional 480,000 shares of common stock, for gross proceeds of \$2,000,000, in a private placement exempt from the registration requirements of the Securities Act. Michael Taglich and Robert Taglich purchased 144,927 shares and 72,463 shares, respectively, together with warrants to purchase an additional 48,000 shares and 24,000 shares, respectively, of common stock, for a purchase price of \$200,000 and \$100,000, respectively. The purchase price for the shares and warrants was \$1.25 per share, except that the purchase price paid by Michael Taglich and Robert Taglich was \$1.38 per share, the closing price of a share of common stock immediately prior to the purchase. The warrants have an exercise price of \$1.50 per share, subject to certain anti-dilution and other adjustments, including stock splits, and in the event of certain fundamental transactions such as mergers and other business combinations, and may be exercised on a cashless basis for a lesser number of shares depending upon prevailing market prices at the time of exercise. The warrants may be exercised until November 30, 2022.

Taglich Brothers, Inc., of which Michael Taglich and Robert Taglich are principals, acted as placement agent for the sale of the shares and warrants received a placement agent fee equal to \$160,000 (8% of the amounts invested), payable at the Company's option, in cash or additional shares of common stock and warrants having the same terms and conditions as the shares and warrants issued in the offering.

On July 19, 2018, we issued and sold a total of 322,000 shares of our common stock for gross proceeds of \$460,460, or a \$1.43 per share, to four accredited investors pursuant to subscription agreements.

For acting as placement agent of the offering, Taglich Brothers, Inc. is entitled to a placement agent fee equal to \$27,627.60 (6% of the gross proceeds of the offering), payable at our option, in cash or shares of Common Stock on the terms sold to the purchasers.

On October 1, 2018, we sold 800,000 shares of common stock and warrants to purchase 280,000 additional shares of common stock for gross proceeds of \$1,000,000 to RBI Private Investment III, LLC, an accredited investor within the meaning of Rule 501(a) of Regulation D under the Securities Act ("Regulation D"), in a private offering exempt from the registration requirements of the Securities Act under Rule 506 of Regulation D and Section 4(a)(2) of the Securities Act. We agreed to pay Taglich Brothers \$70,000 (7% of the gross proceeds of the offering) for acting as placement agent for the offering.

Cash Flow

The following table summarizes our net cash flow from operating, investing and financing activities for the periods indicated below:

Edgar Filing: AIR INDUSTRIES GROUP - Form 10-Q

	Nine Months Ended	
	September 30,	
	2018	2017
	(unaudited)	(unaudited)
Cash provided by (used in)		
Operating activities	\$(2,866,000)	(7,754,000)
Investing activities	(1,029,000)	2,929,000
Financing activities	4,182,000	3,929,000
Net increase (decrease) in cash and cash equivalents	\$287,000	(896,000)

Cash Used in Operating Activities

Cash used in operating activities primarily consists of our net loss adjusted for certain non-cash items and changes to working capital items.

For the nine months ended September 30, 2018, net cash was impacted by a net loss of \$4,413,000, offset by \$4,955,000 of non-cash items consisting of a loss on assets held for sale \$930,000, depreciation of property and equipment of \$2,165,000, amortization of convertible notes payable of \$740,000, amortization of capitalized engineering costs of \$493,000, compensation expense of \$308,000 and other non-cash items totaling \$319,000.

Operating assets and liabilities further used cash in the net amount of \$3,408,000 consisting primarily of the net increases in accounts receivable, inventory and deposits and other assets in the amounts of \$1,167,000, \$836,000 and \$1,275,000, respectively, offset by decreases in prepaid expenses and other current assets of \$89,000 and a decrease in accounts payable in the amount of \$1,736,000 partially offset by increases in deferred revenue of \$1,513,000 and deferred rent in the amount \$4,000.

Cash Used in Investing Activities

For the nine months ended September 30, 2018, cash used in investing activities was \$1,029,000. This was comprised of \$629,000 for the purchase of property and equipment and \$400,000 for capitalized engineering costs.

Cash Provided By Financing Activities

Cash provided by financing activities consists of the borrowings and repayments under our credit facilities with our senior lender, increases in and repayments of capital lease obligations and other notes payable, and the proceeds from the sale of our equity.

For the nine months ended September 30, 2018, cash provided by financing activities was \$4,182,000. This was comprised of proceeds from the issuance of common stock of \$1,885,000, note payable related party of \$803,000, note payable from third party of \$70,000 and by proceeds from our revolving loans in the amount of \$3,615,000, partially offset by repayments of \$1,108,000 on our term loan, \$958,000 on our capital lease obligations, and

\$125,000 on our deferred financing costs.

Going Concern

The Company incurred losses from operations of \$2,287,000 and \$12,758,000 and net losses of \$4,413,000 and \$22,551,000 for the nine months ended September 30, 2018 and for the year ended December 31, 2017. The Company also had negative cash flows from operations for the nine months ended September 30, 2018 and the years ended December 31, 2017. In 2016, the Company disposed of the real estate on which an operating subsidiary was located through a sale leaseback transaction. Since January 1, 2016, the Company has sold in excess of \$32,500,000 in debt and equity securities to fund its operations. In January 2017, the Company sold one of its operating subsidiaries, AMK Welding Inc. On March 21, 2018, the Company entered into a Stock Purchase Agreement to sell a majority of its Aerostructures & Electronics segment. Furthermore, at December 31, 2017 the Company was not in compliance with financial covenants under its Amended and Restated Revolving Credit, Term Loan and Security Agreement with PNC Bank. On May 30, 2018 the Company entered into the Sixteenth Amendment of its Loan Agreement with PNC Bank which provided for an extension of the Loan Facility to December 31, 2018, and that, among other things, waived the Covenant violation at December 31, 2017 and March 31, 2018 and instituted new Covenants. The Company is in compliance with these covenants at March 31, 2018, June 30, 2018 and September 30, 2018.

The continuation of the Company's business is dependent upon its ability to achieve profitability and positive cash flow and, pending such achievement, future issuances of equity or other financing to fund ongoing operations.

OFF-BALANCE SHEET ARRANGEMENTS

We did not have any off-balance sheet arrangements as of September 30, 2018.

Critical Accounting Policies

We have identified the policies below as critical to our business operations and the understanding of our financial results.

Assets Held for Sale

The Company classifies assets as held for sale and suspends depreciation and amortization when approval at the appropriate level has been provided, the assets can be immediately removed from operations, an active program has begun to locate a buyer, the assets are being actively marketed for sale at or near their current fair value, significant changes to the plan of sale are not likely and the sale is probable within one year. Upon classification as held for sale, long-lived assets are no longer depreciated, and an assessment of impairment is performed to identify and expense any excess of carrying value over fair value less costs to sell. Subsequent changes to the estimated fair value less costs to sell will impact the measurement of assets held for sale. To the extent fair value increases, any impairment previously recorded is reversed. If the carrying value of the assets held for sale exceeds the fair value less costs to sell, the Company will record a loss for the amount of the excess.

If the Company decides not to sell previously classified assets held for sale, the asset is reclassified back to their original asset group in the period that it's determined to no longer be held for sale. The assets are recorded at the lower of the carrying value before being classified as held for sale adjusted for depreciation that would have been recognized during the time they were classified as held for sale or fair value at the date the Company decided not to sell.

As of December 31, 2017 the Company held for sale WMI Group. In June 2018, upon the termination of its agreement to sell the WMI Group to CPI Aerostructures, Inc., management of the Company decided not to hold for sale the WMI Group. Upon the change in plan of sale, the Company reclassified the assets held for sale at the lower of the carrying value before being classified as held for sale adjusted for depreciation that would have been recognized during the time they were classified as held for sale or fair value at the date the Company decided not to sell and liabilities held for sale were also reclassified to their liability group. For presentation purposes, the assets and liabilities previously held for sale as of December 31, 2017 were reclassified in the December 31, 2017 balance sheet in the accompanying financial statements back to their original asset and liability groups at their previous carrying values. In connection with this reclassification, the Company recorded a gain of \$1,563,000 during the quarter ended June 30, 2018 that was reversed in the quarter ended September 30, 2018 that resulted in no gain or loss on change in assets held for sale.

On October 3, 2018, the Company entered into a stipulation with CPI pursuant to which it agreed to deliver to CPI no later than November 16, 2018, audited financial statements of WMI. CPI will have three weeks after receipt of the audited financial statements to close the transaction in accordance with the terms of the Stock Purchase Agreement. The stipulation contemplates that the parties will enter into an amendment to the Stock Purchase Agreement incorporating the terms of the Stipulation into the Agreement. On November 9, 2018, the Court issued an Order directing that the Company and CPI enter into an amendment to the Agreement which, among other things, confirms the parties' obligations with respect to the delivery of the audited financial statements of WMI and obligation to close the transaction within 21 days thereafter. As of the date of this report, the audit of WMI Group has not been completed nor have the parties entered into an amendment to the Agreement.

Inventory Valuation

We do not take physical inventories at interim quarterly reporting periods. The majority of the inventory been estimated using a gross profit percentage based on sales of previous periods to the net sales of the current period, as management believes that the gross profit percentage on these items are materially consistent from period to period.

The remainder of the inventory value is estimated based on our standard cost perpetual inventory system, as management believes the perpetual system computed value for these items provides a better estimate of value for that inventory.

For annual reporting, we value inventory at the lower of cost on a first-in-first-out basis or estimated net realizable value.

We generally purchase raw materials and supplies uniquely suited to the production of larger more complex parts, such as landing gear, only when non-cancellable contracts for orders have been received for finished goods. We occasionally produce larger more complex products, such as landing gear, in excess of purchase order quantities in anticipation of future purchase order demand. Historically this excess has been used in fulfilling future purchase orders. We purchase supplies and materials useful in a variety of products as deemed necessary even though orders have not been received. The Company periodically evaluates inventory items that are not secured by purchase orders and establishes reserves for obsolescence accordingly. The Company also reserves for excess quantities, slow-moving goods, and for other impairments of value.

We present inventory net of progress billings in accordance with the specified contractual arrangements with the United States Government, which results in the transfer of title of the related inventory from the Company to the United States Government, when such progress payments are received.

Capitalized Engineering Costs

We have contractual agreements with customers to produce parts, which the customers design. The Company has not designed and thus has no proprietary ownership of the parts, the manufacturing of these parts requires pre-production engineering and programming of our machines. The pre-production costs associated with a particular contract are capitalized and then amortized beginning with the first shipment of product pursuant to such contract. These costs are amortized on a straight line basis over the shorter of the estimated length of the contract, or three years.

If we are reimbursed for all or a portion of the pre-production expenses associated with a particular contract, only the unreimbursed portion would be capitalized. We may also progress bill customers for certain engineering costs being incurred. Such billings are recorded as progress billings (a reduction of the associated inventory) until the appropriate revenue recognition criteria have been met. The Terms and Conditions contained in customer purchase orders may provide for liquidated damages in the event that a stop-work order is issued prior to the final delivery of the product.

Revenue Recognition

We recognize revenue in accordance with Staff Accounting Bulletin No. 104, "Revenue Recognition." We recognize revenue when products are shipped and/or the customer takes ownership and assumes risk of loss, collection of the relevant receivable is probable, persuasive evidence of an arrangement exists, and the sales price is fixed or determinable. Payments received in advance from customers for products delivered are recorded as customer deposits until earned, at which time revenue is recognized. The Terms and Conditions contained in our customer purchase orders often provide for liquidated damages in the event that a stop work order is issued prior to the final delivery. We utilize a Returned Merchandise Authorization or RMA process for determining whether to accept returned products. Customer requests to return products are reviewed by the contracts department and if the request is approved, a credit is issued upon receipt of the product. Net sales represent gross sales less returns and allowances. Freight out is included in operating expenses.

We recognize certain revenues under a bill and hold arrangement with two of its large customers. For any requested bill and hold arrangement, we make an evaluation as to whether the bill and hold arrangement qualifies for revenue recognition. The customer must initiate the request for the bill and hold arrangement. The customer must have made this request in writing in addition to their fixed commitment to purchase the item. The risk of ownership has passed to the customer, payment terms are not modified and payment will be made as if the goods had shipped.

Income Taxes

We account for income taxes in accordance with accounting guidance now codified as FASB ASC 740, "Income Taxes," which requires that we recognize deferred tax liabilities and assets based on the differences between the financial statement carrying amounts and the tax bases of assets and liabilities, using enacted tax rates in effect in the years the differences are expected to reverse. Deferred income tax benefit (expense) results from the change in net deferred tax assets or deferred tax liabilities. A valuation allowance is recorded when it is more likely than not that some or all deferred tax assets will not be realized.

We account for uncertainties in income taxes under the provisions of FASB ASC 740-10-05, "Accounting for Uncertainty in Income Taxes." The ASC clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements. The ASC prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The ASC provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

Stock-Based Compensation

We account for stock-based compensation expense in accordance with FASB ASC 718, "Compensation – Stock Compensation." Under the fair value recognition provision of the ASC, stock-based compensation cost is estimated at the grant date based on the fair value of the award. We estimate the fair value of stock options and warrants granted using the Black-Scholes-Merton option pricing model.

Goodwill

Goodwill represents the excess of the acquisition cost of businesses over the fair value of the identifiable net assets acquired. Goodwill is not amortized, but is tested at least annually for impairment, or if circumstances change that will

more likely than not reduce the fair value of the reporting unit below its carrying amount.

We account for the impairment of goodwill under the provisions of ASU 2011-08 (“ASU 2011-08”), “Intangibles Goodwill and Other (Topic 350): Testing Goodwill for Impairment.” ASU 2011-08 updated the guidance on the periodic testing of goodwill for impairment. The updated guidance gives companies the option to perform a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount.

We perform impairment testing for goodwill annually, or more frequently when indicators of impairment exist, using a three-step approach. Step “zero” is a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. Step “one” compares the fair value of the net assets of the relevant reporting unit (calculated using a discounted cash flow method) to its carrying value. Step “two” is performed to compute the amount of the impairment. In this process, a fair value for goodwill is estimated, based in part on the fair value of the operations, and is compared to its carrying value. The shortfall of the fair value below carrying value represents the amount of goodwill impairment.

Long-Lived and Intangible Assets

Identifiable intangible assets are amortized using the straight-line method over the period of expected benefit. Long-lived assets and intangible assets subject to amortization to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the related carrying amount may be impaired. We record an impairment loss if the undiscounted future cash flows are found to be less than the carrying amount of the asset. If an impairment loss has occurred, a charge is recorded to reduce the carrying amount of the asset to fair value. As of December 31, 2017, the intangible assets have been fully amortized and there has been no impairment.

Recently Issued Accounting Pronouncements

On May 28, 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers. ASU 2014-09 supersedes existing revenue recognition guidance, including ASC 605-35, Revenue Recognition - Construction-Type and Production-Type Contracts, and outlines a single set of comprehensive principles for recognizing revenue under U.S. GAAP. Among other things, it requires companies to identify contractual performance obligations and determine whether revenue should be recognized at a point in time or over time. On July 9, 2015, the FASB approved a one year deferral of the effective date of ASU 2014-09 to annual reporting periods beginning after December 15, 2017. We will adopt the New Revenue Standard effective December 31, 2018, as allowed under our Emerging Growth Status designation.

The new guidance allows for two transition methods in application - (i) retrospective to each prior reporting period presented, or (ii) prospective with the cumulative effect of adoption recognized on December 31, 2018 (also known as the modified retrospective approach). We are still assessing which transition method to adopt. This guidance requires additional disclosures of the amount by which each financial statement line item affected in the current reporting period during 2018 as compared to the guidance that was in effect before the change, and an explanation of the reasons for the significant changes.

We currently recognize the majority of our revenues based on shipment of products (at a point in time). Currently, some contracts the Company enters into with customers are accounted for on a percentage of completion or milestone basis. For contracts with a significant amount of development and/or requiring the delivery of a minimal number of units, revenue and profit are recognized using the percentage-of-completion cost-to-cost method or a milestone to measure progress. For contracts that require us to produce a substantial number of similar items without a significant level of development, we record revenue and profit using units-of-delivery method as the basis for measuring progress on the contract.

Under ASC 606, revenue will be recognized as the customer obtains control of the goods and services promised in the contract (i.e., performance obligations). We may also have more performance obligations in our contracts under ASC 606, which may impact the timing of recording sales and operating profit, including those where sales recognition is deferred pending the incurrence of costs.

The Company plans to adopt the New Revenue Standard on December 31, 2018 as allowed under their Emerging Growth Status designation.

In February 2016, the FASB issued ASU No. 2016-02, "Leases (Topic 842)." Among other things, in the amendments in ASU 2016-02, lessees will be required to recognize the following for all leases (with the exception of short-term leases) at the commencement date: (1) A lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and (2) A right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. Under the new guidance, lessor accounting is largely unchanged. Certain targeted improvements were made to align, where necessary, lessor accounting with the lessee accounting model and Topic 606, Revenue from Contracts with Customers. The amendments in this ASU are effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early application is permitted upon issuance. Lessees (for capital and operating leases) and lessors (for sales-type, direct financing, and operating leases) must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The modified retrospective approach would not require any transition accounting for leases that expired before the earliest comparative period presented. Lessees and lessors may not apply a full retrospective transition approach. We are currently assessing the impact that ASU 2016-02 will have on its consolidated financial statements. We are gathering the lease agreement data and has begun to analyze the financial impact to the consolidated financial statements.

In July 2018, the FASB issued ASU 2018-10, Codification Improvements to Topic 842, Leases and ASU 2018-11 “Leases (Topic 842): Targeted Improvements” (ASU 2018-11). ASU 2018-10 clarifies certain areas within ASU 2016-02. Prior to ASU 2018-11, a modified retrospective transition was required for financing or operating leases existing at or entered into after the beginning of the earliest comparative period presented in the financial statements. ASU 2018-11 allows entities an additional transition method to the existing requirements whereby an entity could adopt the provisions of ASU 2016-02 by recognizing a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption without adjustment to the financial statements for periods prior to adoption. ASU 2018-11 also allows a practical expedient that permits lessors to not separate non-lease components from the associated lease component if certain conditions are present. An entity that elects to use the practical expedients will, in effect, continue to account for leases that commenced before the effective date in accordance with previous GAAP unless the lease is modified, except that lessees are required to recognize a right-of-use asset and a lease liability for all operating leases at each reporting date based on the present value of the remaining minimum rental payments that were tracked and disclosed under previous GAAP. ASU 2016-02, ASU 2018-10 and ASU 2018-11 will be effective for our fiscal year beginning April 1, 2019 and subsequent interim periods. Our current lease arrangements expire through 2021 and we are currently evaluating the impact the adoption of these ASUs will have on our condensed consolidated financial statements.

In April 2016, the FASB issued ASU 2016-10 Revenue from Contracts with Customers (Topic 606) (“ASU 2016-10”). The core principle of the guidance in Topic 606 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The amendments in ASU 2016-10 affect the guidance in ASU 2014-09, Revenue from Contracts with Customers, which is not yet effective. The effective date and transition requirements of ASU 2016-10 are the same as the effective date and transition requirements of ASU 2014-09. They are effective prospectively for reporting periods beginning after December 15, 2017 and early adoption is not permitted. We are currently assessing the impact of the adoption of these amendments on its consolidated financial statements.

In May 2016, the FASB issued Accounting Standards Update No. 2016-12, Revenue from Contracts with Customers (Topic 606): Narrow -Scope Improvements and Practical Expedients. The amendments do not change the core revenue recognition principle in Topic 606. The amendments provide clarifying guidance in certain narrow areas and add some practical expedients. These amendments are effective at the same date that Topic 606 is effective. Topic 606 is effective for public entities for annual reporting periods beginning after December 15, 2017, including interim reporting periods therein (i.e., January 1, 2018, for a calendar year entity). Topic 606 is effective for nonpublic entities one year later. We are currently assessing the impact of the adoption of the amendments to Topic 606 and these amendments on its consolidated financial statements.

In September 2017, the FASB issued ASU 2017-13, “Revenue Recognition (Topic 605), Revenue from Contracts with Customers (Topic 606), Leases (Topic 840), and Leases (Topic 842),” which provides additional implementation guidance on the previously issued ASU 2016-02 Leases (Topic 842). The revenue standard is effective for annual periods beginning after December 15, 2017. ASU 2016-02 requires a lessee to recognize assets and liabilities on the balance sheet for leases with lease terms greater than 12 months. ASU 2016-02 is effective for fiscal years, and

interim periods within those years, beginning after December 15, 2018, and early adoption is permitted. We are currently assessing the impact of the adoption of this guidance on its consolidated financial statements.

In February 2018, the FASB issued Accounting Standards Update No. 2018-02, Income Statement – Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income. This update will be effective for all interim and annual reporting periods beginning after December 15, 2018. We are currently assessing the impact of the adoption of these amendments on its consolidated financial statements.

In March 2018, the FASB issued Accounting Standards Update No. 2018-05, Income Taxes (Topic 740): Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 118 (“ASU 2018-05”). ASU 2018-05 adds various SEC paragraphs pursuant to the issuance of the December 2017 SEC Staff Accounting Bulletin No. 118, Income Tax Accounting Implications of the Tax Cuts and Jobs Act (“SAB No. 118”), which was effective immediately. SAB No.118 provides for a provisional one year measurement period for entities to finalize their accounting for certain income tax effects related to the Tax Cuts and Jobs Act. The adoption of ASU 2018-05 had no material impact on our consolidated financial statements as of and for the three and nine months ended September 30, 2018. See Note 10, Income Taxes, for disclosures related to this amended guidance.

In June 2018, the FASB issued ASU No. 2018-07, Compensation Stock Compensation (Topic 718), Improvements to Nonemployee Share-Based Payment Accounting. This ASU is intended to simplify aspects of share-based compensation issued to non-employees by making the guidance consistent with the accounting for employee share based compensation. The guidance is effective for our fiscal year beginning January 1, 2020. While the exact impact of this standard is not known, the guidance is not expected to have a material impact on our consolidated financial statements, as non-employee stock compensation is nominal relative to our total expenses as of September 30, 2018.

In October 2018, the FASB issued ASU No. 2018-17, “Consolidation (Topic 810): Targeted Improvements to Related Party Guidance for Variable Interest Entities” (“ASU 2018-17”). This ASU reduces the cost and complexity of financial reporting associated with consolidation of variable interest entities (VIEs). A VIE is an organization in which consolidation is not based on a majority of voting rights. The new guidance supersedes the private company alternative for common control leasing arrangements issued in 2014 and expands it to all qualifying common control arrangements. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. The Company is currently assessing the impact the adoption of ASU 2018-17 will have on the Company’s condensed consolidated financial statements.

We believe that no other recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying consolidated financial statements.

JOBS Act

On April 5, 2012, the JOBS Act was signed into law. The JOBS Act contains provisions that, among other things, reduce certain reporting requirements for qualifying public companies. As an “emerging growth company,” we may, under Section 7(a)(2)(B) of the Securities Act, delay adoption of new or revised accounting standards applicable to public companies until such standards would otherwise apply to private companies. We may take advantage of this extended transition period until the first to occur of the date that we (i) are no longer an “emerging growth company” or (ii) affirmatively and irrevocably opt out of this extended transition period. We have elected to take advantage of the benefits of this extended transition period. Our consolidated financial statements may therefore not be comparable to those of companies that comply with such new or revised accounting standards. Until the date that we are no longer an “emerging growth company” or affirmatively and irrevocably opt out of the exemption provided by Securities Act Section 7(a)(2)(B), upon issuance of a new or revised accounting standard that applies to our consolidated financial statements and that has a different effective date for public and private companies, we will disclose the date on which adoption is required for non-emerging growth companies and the date on which we will adopt the recently issued accounting standard.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our senior management is responsible for establishing and maintaining a system of disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, (the “Exchange Act”) designed to ensure that the information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer’s management, including its principal executive officer or officers and principal financial officer or officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

We have evaluated the effectiveness of the design and operation of our disclosure controls and procedures under the supervision of and with the participation of management, including our Chief Executive Officer and our Chief Financial Officer as of the end of the period covered by this Report. Based on that evaluation, our Chief Executive Officer and our Chief Accounting Officer have concluded that as of the end of the period covered by this report, our disclosure controls and procedures were not effective. This was due to certain deficiencies in our controls over financial reporting, described below. In particular, certain portions of our inventory control system have not been integrated into the system used by the balance of the Company which could result in a failure to properly account for

the costs associated with work in process, slow moving inventory and the value of inventory on hand and the enterprise reporting system used to track employee hours and, hence, costs to be included in work in process, is not sufficiently automated to ensure compliance at all times. In addition, our Chief Executive Officer and Chief Financial Officer concluded that our quarterly closing process was deficient at our subsidiaries and that our consolidating process and period end reporting and disclosure procedures were materially weak. They also concluded that our system for administering and disclosing stock compensation was deficient and that we lacked the accounting personnel necessary to account for complex accounting matters and unusual and non-standard transactions and were deficient in supervision and internal control monitoring.

To remedy these weaknesses, when financially able, we plan to supplement our accounting staff with additional experienced financial professionals, redefining and realigning responsibilities and by defining additional controls, reporting processes and procedures to address the accounting requirements and disclosures for non-standard and unusual transactions. In addition, until we locate and engage appropriate accounting personnel, we will engage third party consultants to assist in accounting for non-recurring complex transactions.

The material weaknesses discussed above will not be considered remediated until the necessary personnel have been engaged and the applicable remedial controls operate for a sufficient period of time and management has concluded, through testing, that these controls are operating effectively.

Changes in Internal Control over Financial Reporting

There have not been any changes in our internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act, during our most recently completed fiscal quarter which is the subject of this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II

OTHER INFORMATION

Item 1. Legal Proceedings.

On July 5, 2018, CPI Aerostructures, Inc. (the “CPI”) filed a complaint in the Supreme Court of the State of New York, County of New York, against us relating to the previously announced Stock Purchase Agreement dated as of March 21, 2018 (the “Agreement”) with CPI, pursuant to which we agreed to sell to CPI all of the shares of capital stock of WMI and its wholly owned subsidiaries Miller Stuart, Woodbine, Decimal and Compac Development Corp (“WMI Group”). On July 2, 2018, we notified CPI that we were terminating the Agreement due to CPI’s failure to close on a timely basis.

The complaint alleges that we willfully breached our contractual obligation to provide financial information required to fulfill key conditions for closing under the Agreement. CPI is seeking, among other things, an order of specific performance requiring us to comply with our obligations under the Agreement, monetary damages, and attorneys’ fees and costs.

On July 30, 2018, we filed our answer and asserted counterclaims against CPI. We denied the allegations made by CPI in the complaint and alleged that CPI breached the Agreement and the covenant of good faith and fair dealing. We are seeking a declaration that the Agreement has terminated, along with monetary damages, attorneys’ fees, and costs.

On July 31, 2018, CPI filed a motion for a preliminary injunction against us. The motion argued that our failure to provide financial data and other information necessary to close the transaction contemplated by the Agreement will cause irreparable injury to CPI. CPI is seeking an order directing us to furnish CPI with all previously requested financial, operating, and other data and information relating to WMI Group.

On October 3, 2018, we entered into a stipulation with CPI pursuant to which it agreed to deliver to CPI no later than November 16, 2018, audited financial statements of WMI Group. CPI will have three weeks after receipt of the audited financial statements to close the transaction in accordance with the terms of the Stock Purchase Agreement. The stipulation contemplates that the parties will enter into an amendment to the Stock Purchase Agreement incorporating the terms of the Stipulation into the Agreement. On November 9, 2018, the Court issued an Order

directing that we and CPI enter into an amendment to the Agreement which, among other things, confirms the parties' obligations with respect to the delivery of the audited financial statements of WMI Group and obligation to close the transaction within 21 days thereafter. As of the date of this report, the audit of WMI Group has not been completed nor have the parties entered into an amendment to the Agreement.

We disputed the validity and applicability of the claims asserted by CPI and believe that we have meritorious defenses to those claims and intends to contest the action vigorously.

A number of actions have been commenced against us by vendors, landlords and former landlords, including a third party claim as a result of an injury suffered on a portion of a leased property not occupied by us. As certain of these claims represent amounts included in accounts payable they are not specifically discussed herein.

Westbury Park Associates, LLC commenced an action on or about January 11, 2017 against Air Industries Group in the NYS Supreme Court, County of Suffolk, seeking the recovery of approximately \$31,000 for past rent arrears, and for an unidentified sum representing all additional rent due under an alleged commercial lease through the end of its term, plus attorney's fees. We believes that we have a meritorious defense, and there was no lease on the property and that our subsidiary Compac Development Corp was a hold-over tenant occupying the space on month-to-month tenancy. The litigation remains in the early discovery stage.

An employee of our company commenced an action against, among others, Rechler Equity B-2, LLC and Air Industries Group, in the Supreme Court State of New York, Suffolk County, seeking compensation in an undetermined amount for injuries suffered while leaving the premises occupied by Welding Metallurgy, Inc. Rechler Equity B-2, LLC, has served a Third Party Complaint in this action against Air Industries Group, Inc. and Welding Metallurgy, Inc. The action remains in the early pleading stage. We believes we are not liable to the employee and any amount we might have to pay would be covered by insurance.

An employee of our company commenced an action against, among others, Sterling Engineering and Air Industries Group, in Connecticut Commission on Human Rights and Opportunities, seeking lost wages in an undetermined amount for the employee's termination. The action remains in the early pleading stage. We believe we are not liable to the employee and any amount we might have to pay would be covered by insurance.

Contract Pharmacal Corp. commenced an action on October 2, 2018, relating to a Sublease entered into between us and Contract Pharmacal in May 2018 with respect to the property occupied by WMI at 110 Plant Avenue, Hauppauge, New York. In the action Contract Pharmacal seeks damages and an order directing that we make all of the space referenced in the Sublease available to Contract Pharmacal. We dispute the validity of the claims asserted by Contract Pharmacal and believe we have meritorious defenses to those claims and intend to contest the action vigorously.

On October 15, 2018, a class action complaint was filed in the United States District Court for the Eastern District of New York (Michael Kishmoian vs. Air Industries et al Case No. 18cv5757) naming the Company and certain of its directors and a former director. The Complaint alleges that the proxy statement for our 2017 Annual Meeting contained false and misleading misstatements relating to whether brokers had discretionary authority to vote the shares of their customers in connection with the proposal to increase the number of shares we are authorized to issue. In the Complaint the plaintiff seeks to void the amendment and rescind any shares issued using the shares authorized by the amendment. We believe we have a meritorious defense to the claim and intend to contest it vigorously. The Company has contacted its insurers and is in the early stages of determining the merits of the claim and available defenses. Given the uncertainty of litigation, the preliminary stage of the case, and the legal standards that must be met for, among other things, class certification and success on the merits, the Company cannot estimate the reasonably possible loss or range of loss, if any, that may result from this action.

Item 1A. Risk Factors.

Reference is made to the risks and uncertainties disclosed in Item 1A (“Risk Factors”) of our Annual Report on Form 10-K for the year ended December 31, 2017 (the “2017 Form 10-K”), which section is incorporated by reference into this report. Prospective investors are encouraged to consider the risks described in our 2017 Form 10-K, our Management’s Discussion and Analysis of Financial Condition and Results of Operations contained in this Report and other information publicly disclosed or contained in documents we file with the Securities and Exchange Commission before purchasing our securities.

Item 2. Sales of Unregistered Equity Securities

On July 19, 2018, we issued and sold a total of 322,000 shares of our common stock for gross proceeds of \$460,460, or a \$1.43 per share, to four accredited investors pursuant to subscription agreements.

For acting as placement agent of the offering, Taglich Brothers, Inc. is entitled to a placement agent fee equal to \$27,628 (6% of the gross proceeds of the Offering), payable at our option, in cash or shares of Common Stock on the terms sold to the purchasers.

The shares of Common Stock issued to the purchasers were issued pursuant to an exemption from registration afforded by Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D promulgated thereunder, and were endorsed with the customary Securities Act legend.

Except as previously disclosed on our Exchange Act reports, we did not issue or sell any other unregistered equity securities during the period covered by this Report.

Item 6. Exhibits

Exhibit No.	Description
2.1	<u>Agreement and Plan of Merger dated July 29, 2013 between Air Industries Group, Inc. and Air Industries Group (incorporated herein by reference to Exhibit 2.1 to the Company's Current Report on Form 8-K filed August 30, 2013).</u>
2.2	<u>Articles of Merger between Air Industries Group and Air Industries Group, Inc. filed with the Secretary of State of Nevada on August 28, 2013 (incorporated herein by reference to Exhibit 3.2 to the Company's Current Report on Form 8-K filed August 30, 2013).</u>
2.3	<u>Certificate of Merger between Air Industries Group and Air Industries Group, Inc. filed with the Secretary of State of Nevada on August 29, 2013 (incorporated herein by reference to Exhibit 3.3 to the Company's Current Report on Form 8-K filed August 30, 2013).</u>
3.1	<u>Articles of Incorporation of Air Industries Group (incorporated herein by reference to Exhibit 3.1 to the Company's Current Report on Form 8-K filed August 30, 2013).</u>
3.2	<u>Certificate of Designation authorizing the issuance of the Series A Preferred Stock (incorporated herein by reference to exhibit 3.1 to the Company's Current Report on Form 8-K filed on June 1, 2016).</u>
3.3	<u>Certificate of Amendment increasing number of authorized shares of preferred stock and Series A Preferred Stock (incorporated herein by reference to the Company's Annual Report on Form 10-K for the year ended December 31, 2016 filed on April 19, 2017).</u>
3.4	<u>Amendment to Certificate of Designation (incorporated herein by reference to the Company's Registration Statement on Form S-1 (Amendment No. 2) filed on June 19, 2017 declared effective on July 6, 2017).</u>
3.5	<u>Amended and Restated By-Laws of the Company (incorporated herein by reference to Exhibit 3.2 to the Company's Annual Report on Form 10-K for the year ended December 31, 2014 filed on March 31, 2015).</u>
4.1	<u>Warrant issued to RBI Private Investment III, LLC (incorporated herein by reference to exhibit 4.1 to the Company's Current Report on Form 8-K filed on October 4, 2018).</u>
10.39	<u>Placement Agency Agreement with Taglich Brothers, Inc. dated September 28, 2018 (incorporated herein by reference to Exhibit 10.1 to the Company's Current Report on Form 8-K filed on October 4, 2018).</u>
10.40	<u>Subscription Agreement with RBI Private Investment III, LLC (incorporated herein by reference to Exhibit 10.2 to the Company's Current Report on Form 8-K filed on October 4, 2018).</u>
10.41	<u>Form of 6% Subordinated Convertible Note Due December 31, 2020 (incorporated herein by reference to Exhibit 10.3 to the Company's Current Report on Form 8-K filed on October 4, 2018).</u>
