Details regarding the business to be conducted at the Annual Meeting are more fully described in the accompanying Notice of Annual Meeting of Stockholders and Proxy Statement. We encourage you to carefully read these materials, as well as our Annual Report to Stockholders.

We are acting under a U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet rather than in paper form. Consequently, stockholders will not receive paper copies of our proxy materials unless they specifically request them. We believe that this delivery process will reduce our environmental impact and lower the costs of printing and distributing our proxy materials. We believe that we can achieve these benefits with no impact on our stockholders' timely access to this important information.

Your vote is important. Whether or not you expect to attend the Annual Meeting, please vote by telephone or the Internet according to the instructions on your proxy card or in the Notice of Internet Availability of Proxy Materials (the "Notice") or request a proxy card from us by email at ir@five9.com and complete, date, sign, and return your proxy card in the envelope provided, in each such case, as soon as possible to ensure that your shares will be represented and voted at the Annual Meeting. Even if you have voted by proxy, you may still vote through our virtual web conference if you attend the Annual Meeting.

On behalf of the Board of Directors, thank you for your continued interest and support.

Sincerely,

PROXY STATEMENT

FOR THE 2018 ANNUAL MEETING OF STOCKHOLDERS

To Be Held Virtually over the Internet at www.virtualshareholdermeeting.com/FIVN2018

On May 18, 2018 at 8:00 a.m., Pacific Daylight Time

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We are making these proxy materials available because the Board of Directors (the “Board of Directors” or the “Board”) of Five9, Inc. (sometimes referred to as “we,” the “Company” or “Five9”) is soliciting your proxy to vote at the 2018 Annual Meeting of Stockholders (the “Annual Meeting”). You are invited to attend the Annual Meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the Annual Meeting to vote your shares.

Instead, you may follow the instructions below to submit your proxy by telephone or on the Internet or request a proxy card from us by email at ir@five9.com, and complete, sign and return the proxy card in the envelope provided.

The Company intends to commence mailing to all stockholders of record entitled to vote at the Annual Meeting the Notice of Internet Availability of Proxy Materials (the “Notice”) on or about April 3, 2018. Additionally, the Company intends to post its Annual Report to Shareholders, this Proxy Statement and accompanying proxy card on the Internet at <http://investors.five9.com> on or about April 3, 2018. We will mail printed copies of the proxy materials to stockholders who request them.

The Company’s principal executive office is located at Bishop Ranch 8, 4000 Executive Parkway, Suite 400, San Ramon, CA 94583 and its telephone number is (925) 201-2000.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full paper copy of this Proxy Statement and Annual Report to Stockholders?

We are acting under a Securities and Exchange Commission (“SEC”) rule that allows companies to furnish their proxy materials over the Internet rather than in paper form. This rule allows a company to send its stockholders a notice regarding Internet availability of proxy materials. Instructions on how to access the proxy materials over the Internet or how to request a paper copy of proxy materials may be found in the Notice. If you would prefer to receive proxy materials in printed form by mail or electronically by email on an ongoing basis, please follow the instructions contained in the Notice.

Who can vote at the Annual Meeting?

You will be entitled to vote at the Annual Meeting if you owned the Company’s common stock (“Common Stock”), either as a stockholder of record or as a beneficial owner, as of the close of business on March 22, 2018 (“Record Date”). On the Record Date, there were 57,653,677 shares of Common Stock outstanding. Holders of these outstanding shares are entitled to one vote for each share of Common Stock held by them as of March 22, 2018 at the Annual Meeting.

Stockholder of Record: Shares Registered in Your Name

If on March 22, 2018 your shares were registered directly in your name with Five9’s transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record with respect to those shares. As a stockholder of record, you may vote at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy by telephone or the Internet as instructed on your proxy card or the Notice or to request a proxy card from us by email at ir@five9.com and complete, date, sign and return the proxy card in the envelope provided to ensure your vote is counted.

Table of Contents

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on March 22, 2018 your shares were held in an account at a broker, bank or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares in your account. Please refer to the voting instructions provided by your bank or broker. Many organizations enable beneficial owners to give voting instructions by telephone or the Internet as well as in writing. You are also welcome to attend the virtual Annual Meeting and to vote online. However, because you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you request and obtain a valid proxy (sometimes referred to as a “legal proxy”) from your broker, bank or other organization.

What am I voting on?

There are four matters scheduled for a vote:

Proposal No. 1. Election of the two (2) members of the Board of Directors identified in Proposal No. 1 to serve as Class I directors until the Company’s 2021 Annual Meeting of Stockholders or until their successors are duly elected and qualified.

Proposal No. 2. Advisory Vote on Executive Compensation. The Board of Directors is holding a non-binding, advisory vote on the compensation of our named executive officers, as described in the “Compensation Discussion and Analysis” section, executive compensation tables and accompanying narrative disclosures contained in this Proxy Statement. This vote is non-binding and advisory in nature, but the Compensation Committee and the Board of Directors will take into account the outcome of the vote when considering future executive compensation arrangements,

Proposal No. 3. Advisory Vote on the Frequency of Advisory Votes on Executive Compensation. The Board of Directors is holding a non-binding, advisory vote regarding how frequently (“one year,” “two years,” or “three years”) to hold future advisory votes on the compensation of our named executive officers. This vote is non-binding and advisory in nature, but our Compensation Committee of the Board of Directors and the Board of Directors will take into account the outcome of the vote when considering the frequency of soliciting future advisory votes.

Proposal No. 4. Ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the year ending December 31, 2018.

How do I vote?

For Proposal No. 1, you may either vote “For” all the nominees to the Board of Directors, you may withhold your vote from all the nominees or you may withhold your vote from any nominee you specify. You may not vote your proxy “For” the election of any persons other than the two named nominees. For Proposal No. 3, you may vote for every “one year,” “two years” or “three years” or may abstain from voting. For all other matters to be voted on, you may vote “For” or “Against” or abstain from voting on the applicable proposal.

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote by proxy using a proxy card, vote by proxy on the Internet or by telephone as set forth in the Notice, or vote at the Annual Meeting. Regardless of whether you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote if you have already voted by proxy.

To vote using the proxy card, request a proxy card from us by email at ir@five9.com, and complete, date and sign the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote on the Internet, please follow the instructions provided on your proxy card or the Notice.

To vote by telephone, please follow the instructions provided on your proxy card or the Notice.

To vote at the Annual Meeting, attend the Annual Meeting online and follow the instructions posted at www.virtualshareholdermeeting.com/FIVN2018.

Table of Contents

We provide Internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

See “Who can vote at the Annual Meeting? — Beneficial Owner: Shares Registered in the Name of a Broker or Bank” for voting instructions if you beneficially own shares held in street name.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of Common Stock you own as of the close of business on March 22, 2018.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted as follows:

- “For” the election of each of the two nominees for director,
- “For” the approval of the compensation of our named executive officers, as disclosed in this proxy statement,
- For the selection of “one year” to be the frequency with which stockholders vote on executive compensation, and
- “For” the ratification of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018.

If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

Five9 will pay for the entire cost of soliciting proxies. In addition to Five9 mailing these proxy materials, the Notice and the annual report (as applicable), Five9’s directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. Five9 has engaged Alliance Advisors to serve as our proxy solicitor for the Annual Meeting at a base fee of \$8,500 plus reimbursement of reasonable expenses. Alliance Advisors will conduct our broker search, solicit banks, brokers, institutional investors and hedge funds to determine voting instructions, monitor voting and deliver executed proxies to our voting tabulator. Five9 may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials (including multiple copies of this Proxy Statement and multiple proxy cards or multiple Notices), your shares are registered in more than one name or are registered in different accounts. Please complete, date, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting.

If you are a stockholder of record, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may vote again on a later date over the Internet or by telephone as set forth on the Notice.
- You may send a written notice that you are revoking your proxy to the Secretary of the Company at Five9, Inc., Bishop Ranch 8, 4000 Executive Parkway, Suite 400, San Ramon, CA 94583.

Table of Contents

You may attend the virtual Annual Meeting and vote online by following the instructions posted at www.virtualshareholdermeeting.com/FIVN2018. Simply logging into the Annual Meeting will not, by itself, revoke your proxy or prior vote.

If you are a beneficial owner of shares held in street name, you may change your vote in any one of the following ways:

• You may submit new voting instructions to your broker, trustee or nominee.

If you have obtained a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares, by attending the virtual Annual Meeting and following the instructions posted at www.virtualshareholdermeeting.com/FIVN2018.

How are votes counted?

Votes will be counted by the inspector of elections appointed for the meeting as follows:

Proposal No. 1. The inspector of elections will count “For” votes. Withhold, abstentions and broker non-votes will not affect the outcome of Proposal No. 1.

Proposal No.2. The inspector of elections will count “For” and “Against” votes. Abstentions and broker non-votes will not affect the outcome of Proposal No. 2 as they are not considered to be votes cast affirmatively or negatively on such matter.

Proposal No. 3. The inspector of elections will count votes for the options of every “one year,” “two years” and “three years”. The option that receives the greatest number of votes will be deemed to be the frequency selected by our stockholders. Abstentions and broker non-votes will not affect the outcome of Proposal No. 3.

Proposal No. 4. The inspector of elections will count “For” and “Against” votes. Abstentions will not affect the outcome of Proposal No. 4 as they are not considered to be votes cast affirmatively or negatively on such matter. Brokers have discretionary voting authority to vote on Proposal No. 4 in the absence of voting instructions from their customers. As a result, there should be no broker non-votes with respect to this proposal, but if there are any such broker non-votes, they will not affect the outcome of Proposal 4.

See “How many votes are needed to approve each proposal?” for further details regarding the votes needed to approve each proposal.

What is a “broker non-vote”?

If your shares are held by your broker, bank or other similar organization as your nominee (that is, in “street name”), you will need to follow the voting instructions provided by that organization on how to vote your shares. If you do not provide voting instructions, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker, bank, or other organization is not permitted to vote on that matter, including the election of directors or executive compensation matters, without instructions from the beneficial owner and instructions are not given.

While broker non-votes will be counted as present for the purpose of determining the presence of a quorum at the meeting, broker non-votes will not affect the outcome of any matter being voted on at the meeting. See “How are votes counted?” for further details regarding the effect of broker non-votes on the proposals set forth in this proxy statement.

How many votes are needed to approve each proposal?

Proposal No. 1. Directors are elected by a plurality of the affirmative votes cast “For” a director nominee at the Annual Meeting. The nominees for director receiving the highest number of affirmative “For” votes will be elected.

Stockholders may not cumulate votes in the election of directors.

Proposal No. 2. Approval of the compensation of our named executive officers as disclosed in this proxy statement requires the affirmative “For” vote of a majority in voting power of the votes cast by the holders of all shares present in person, or represented by proxy, and voting affirmatively or negatively on such matter.

Proposal No. 3. The frequency (“one year,” “two years” or “three years”) that receives the greatest number of votes cast by those shares present in person, or represented by proxy at the Annual Meeting will be deemed to be the frequency selected by our stockholders.

Table of Contents

Proposal No. 4. Ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018 requires the affirmative "For" vote of a majority in voting power of the votes cast by the holders of all shares present in person, or represented by proxy, and voting affirmatively or negatively on such matter.

See "How are votes counted?" for further details regarding the effect of abstentions and broker-non votes on the proposals set forth in this proxy statement.

What are the Board's voting recommendations?

Proposal No. 1. "For" each of the nominees to the Board of Directors.

Proposal No. 2. "For" the approval of the compensation of our named executive officers as disclosed in this proxy statement.

Proposal No. 3. For the selection of "one year" to be the frequency with which stockholders vote on executive compensation.

Proposal No. 4. "For" the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2018.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if a majority of all outstanding shares is represented by stockholders at the Annual Meeting, in person, by means of remote communication or by proxy. On the Record Date, there were 57,653,677 shares of Common Stock outstanding and entitled to vote. Thus, 28,826,839 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum. Your shares will be counted towards the quorum if you submit a valid proxy or vote at the Annual Meeting. In addition, under the General Corporation Law of the State of Delaware, abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Current Report on Form 8-K within four business days following the Annual Meeting. In the event we are unable to obtain the final voting results within four business days, we will file the preliminary voting results in a Current Report on Form 8-K within four business days following the Annual Meeting, and will file an amended Form 8-K with the final voting results within four business days after the final voting results are known.

How can stockholders submit a proposal for inclusion in our Proxy Statement for the 2019 annual meeting of stockholders?

To be included in our proxy statement for the 2019 annual meeting of stockholders, stockholder proposals must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Except as provided below, stockholder proposals must be received by our Secretary at our principal executive offices no later than December 4, 2018.

How can stockholders submit proposals to be raised at the 2019 annual meeting of stockholders that will not be included in our proxy statement for the 2019 annual meeting of stockholders?

To be raised at the 2019 annual meeting of stockholders, stockholder proposals must comply with our amended and restated bylaws (the "Bylaws"). Under our Bylaws, a stockholder must give advance written notice to our Secretary of any business, including nominations of directors for our Board, which the stockholder wishes to raise at the 2019 annual meeting of stockholders. Except as provided below, a stockholder's notice must be delivered to our Secretary at our principal executive offices no earlier than January 18, 2019 and no later than February 17, 2019, in order to be raised at our 2019 annual meeting of stockholders. If a stockholder wishes only to recommend a candidate for consideration by the Nominating and Governance Committee as a potential nominee for director, see the procedures discussed in "Corporate Governance — Nominating and Governance Committee."

Table of Contents

What if the date of the 2019 annual meeting of stockholders changes by more than 30 days from the anniversary of this year's Annual Meeting?

Under Rule 14a-8 of the Exchange Act, if the date of the 2019 annual meeting of stockholders changes by more than 30 days from the anniversary of this year's Annual Meeting, to be included in our proxy statement for such meeting, stockholder proposals must be received by us within a reasonable time before our solicitation is made. Under our Bylaws, if the date of the 2019 annual meeting of stockholders is more than thirty (30) days before or more than seventy (70) days after the anniversary of the Annual Meeting, for stockholder proposals that will not be included in our proxy statement for such meeting, notice of such proposal must be delivered no earlier than the close of business on the one hundred twentieth (120) day prior to the 2019 annual meeting, nor later than the close of business on the later of (A) the ninetieth (90) day prior to the 2019 annual meeting or (B) the tenth (10) day following the day on which public announcement of the date of the 2019 annual meeting is first made by the Company.

Does a stockholder proposal require specific information?

To be included in our proxy statement, stockholder proposals must comply with the requirements of Rule 14a-8 under the Exchange Act. With respect to a stockholder's nomination of a candidate for our Board, the stockholder notice to our Secretary must contain certain information as set forth in our Bylaws about both the nominee and the stockholder making the nomination. With respect to any other business that the stockholder proposes, the stockholder notice must contain a brief description of such business and the reasons for conducting such business at the meeting, as well as certain other information as set forth in our Bylaws. If you wish to bring a stockholder proposal or nominate a candidate for director, you are advised to review Rule 14a-8 under the Exchange Act and our Bylaws, as applicable, which contain additional requirements about advance notice of stockholder proposals and director nominations.

Table of ContentsPROPOSAL No. 1
ELECTION OF DIRECTORS

The Company's amended and restated certificate of incorporation (the "Charter") and Bylaws provide for a classified Board of Directors. There are three classes of directors, with each class of directors serving three-year terms that end in successive years. Five9 currently has authorized seven directors. Class I directors are standing for election at the Annual Meeting. In order to ensure the Classes of the Board were divided as evenly as possible, Mr. DeWalt resigned as a Class II director and was appointed as a Class I director on March 28, 2018. Class I currently consists of two directors who will be elected at the Annual Meeting to serve until the 2021 annual meeting of stockholders of Five9 or until their successors are duly elected and qualified. The directors being nominated for election to the Board of Directors (each, a "Nominee"), their ages as of April 3, 2018, the date of this Proxy Statement, their positions and offices held with Five9 and certain biographical information are set forth below.

The proxy holders intend to vote all proxies received by them in the accompanying form FOR the Nominees listed below unless otherwise instructed. In the event that any Nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who may be designated by the current Board of Directors to fill the vacancy. As of the date of this Proxy Statement, the Board of Directors is not aware that any Nominee is unable or will decline to serve as a director. The two Nominees receiving the highest number of affirmative votes of the shares entitled to vote at the Annual Meeting will be elected directors of Five9. Proxies cannot be voted for more than two individuals. For further information about how votes will be counted, please refer to "How many votes are needed to approve each proposal." in the Questions and Answers about this Proxy Material and Voting section above.

The following table sets forth, for the Class I nominees and our other current directors who will continue in office after the Annual Meeting, information with respect to their ages and positions held with Five9 as of April 3, 2018, the date of this Proxy Statement.

CORPORATE GOVERNANCE

Director Independence

Our Board of Directors reviews at least annually the independence of each director. During these reviews, the Board of Directors considers transactions and relationships between each director (and his or her immediate family and affiliates) and our company and its management to determine whether any such transactions or relationships are inconsistent with a determination that the director is independent. This review is based primarily on responses of the directors to questions in a directors' and officers' questionnaire regarding employment, business, familial, compensation and other relationships with us and our management.

The Board of Directors has determined that each of Jack Acosta, Kimberly Alexy, Michael Burdick, David DeWalt, David Welsh and Robert Zollars are "independent" under the applicable listing standards of NASDAQ.

As required by NASDAQ, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Board Leadership Structure

Our Board does not have a policy requiring that the positions of Chairman and Chief Executive Officer be separate or be occupied by the same individual. Until Mr. Burkland's transition, due to health reasons, from Chief Executive Officer and President to Executive Chairman in December 2017, the roles of Chairman and Chief Executive Officer were combined. Currently, the roles are separate, with Mr. Burkland serving as our Executive Chairman and Mr. Zwarenstein as our Interim Chief Executive Officer. Our Board believes that this leadership structure is appropriate for us at this time because it allows Mr. Burkland to set our strategic direction, while allowing Mr. Zwarenstein to focus on our day-to-day operations. This leadership structure also allows Mr. Burkland, who has over 10 years of experience with our company to set the Board's agenda, in coordination with our Lead Independent Director, and lead the Board in its oversight of management. Our Board may periodically review its leadership structure and may combine the positions of Chairman and Chief Executive Officer in the future if it believes that would be in the best interests of the Company and its stockholders.

Our corporate governance guidelines provide that one of our independent directors shall serve as our Lead Independent Director at any time when our Chief Executive Officer serves as the Chairman of our Board of Directors or if the Chairman is not otherwise independent. Our Lead Independent Director presides over regular meetings of our independent directors, serves as a liaison between our Executive Chairman and our independent directors and between our Interim Chief Executive Officer and our independent directors, and performs such additional duties as our Board of Directors may otherwise determine and delegate. Mr. David Welsh has served as our Lead Independent Director since February 2014.

Risk Oversight Management

Risk is inherent with every business and we face a number of risks, including strategic, financial, operational, legal/compliance, governance and reputational risks. Our management is responsible for the day-to-day management of the risks that we face. Our Board of Directors as a whole has responsibility for the oversight of enterprise risk management. Our Audit Committee is responsible for overseeing the process by which management assesses and manages our exposure to risk, as well as our major financial risk exposures and the steps management takes to monitor and control such exposures, based on consultation with our management, independent auditors and our internal auditors. The Compensation Committee reviews processes related to, and steps taken to mitigate material risks related to our compensation programs. The Nominating and Governance Committee is responsible for overseeing risks related to corporate governance. The oversight roles of the Board and the committees are supported by management reporting processes that are designed to provide the Board, the Audit Committee, the Compensation Committee and the Nominating and Governance Committee visibility into the identification, assessment and management of critical risks.

The Audit Committee has the power to investigate any matter brought to its attention within the scope of its duties and the authority to retain counsel and advisors at our expense to fulfill its responsibilities and duties.

Our Audit Committee is comprised of Mr. Acosta, Ms. Alexy and Mr. Burdick. Mr. Acosta is the chairperson of the committee. Our Board of Directors has designated Mr. Acosta as an “audit committee financial expert” as defined under the rules of the SEC implementing Section 407 of the Sarbanes Oxley Act of 2002. The Audit Committee met six times during the year ended December 31, 2017.

independence criteria set forth under Rule 10A-3 under the Exchange Act. In order to be considered independent for purposes of the Rule 10A-3, an Audit Committee member may not, other than in his or her capacity as a member of the audit committee, accept consulting, advisory or other fees from us or be an affiliated person. Each of the members of our Audit Committee qualifies as an independent director pursuant to Rule 10A-3.

Compensation Committee

Our Compensation Committee operates under a formal charter, which is available free of charge on the Company's website at <http://investors.five9.com> in the "Governance" section. Our Compensation Committee is responsible for developing and maintaining our compensation strategies and

- reviewing and approving our executive and director compensation policies and programs;

- reviewing and approving base salary, cash incentive compensation, equity incentive compensation and other compensation for our executive officers;

- administering our cash and equity based incentive plans;

- overseeing the management continuity and succession planning process (except as otherwise within the scope of our nominating and governance committee) with respect to our officers;

- preparing any report on executive compensation required by the applicable rules and regulations of the SEC and other regulatory bodies; and

- managing such other matters that are delegated to our Compensation Committee by applicable law or by the Board of Directors from time to time.

The Compensation Committee also has the power to investigate any matter brought to its attention within the scope of its duties and authority to retain counsel and advisors at our expense to fulfill its responsibilities and duties.

Our Compensation Committee is comprised of Ms. Alexy, Mr. Burdick and Mr. Zollars, who is the chairperson of the committee. Each of the Compensation Committee members meet the independence requirements set forth in the rules of NASDAQ, the "non-employee director" standard within the meaning of Rule 16b-3(b)(3) promulgated under the Exchange Act, and the "outside director" standard within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code. The Compensation Committee met six times during the year ended December 31, 2017.

Processes and Procedures for Compensation Decisions

Our Compensation Committee is responsible for the executive compensation programs for our executive officers and reports to our Board of Directors on its discussions, decisions and other actions. Typically, our Chief Executive Officer makes recommendations to our Compensation Committee, often attends committee meetings and is involved in the determination of compensation for the respective executive officers who report to him, except that the Chief Executive Officer does not make recommendations as to his own compensation. Our Chief Executive Officer makes recommendations to our Compensation Committee regarding short- and long-term compensation for all executive officers (other than himself) based on our results, an individual executive officer's contribution toward these results and performance toward individual goal achievement. In 2018, our Interim Chief Executive Officer and Executive Chairman performed the above roles, and in each case, did not make recommendations regarding their respective compensation. Our Compensation Committee then reviews the recommendations and other data and makes decisions as to total compensation for each executive officer including the Chief Executive Officer, as well as each individual compensation component.

Our Compensation Committee is authorized to retain the services of one or more executive compensation advisors, as it sees fit, in connection with the establishment of our compensation programs and related policies. In 2013, our Compensation Committee retained Compensia, a national compensation consultant, to provide it with information, recommendations and other advice relating to executive compensation on an ongoing basis. Accordingly, Compensia now serves at the discretion of our Compensation Committee. Our Compensation Committee engaged Compensia to assist in developing an appropriate group of peer companies to help us determine the appropriate level of overall compensation for our executive officers, as well as assess each separate element of compensation, with a goal of ensuring that the compensation we offer to our executive officers is consistent with our compensation philosophy and objectives.

Following a review of the independence of Compensia, the Compensation Committee concluded that no conflict of interest exists with respect to the work of Compensia.

Identifying, Evaluating and Recommending Nominees

The Nominating and Governance Committee initiates the process of identifying and recommending Board nominees by preparing a slate of potential candidates who, based on their biographical information and other information available to the Nominating and Governance Committee, appear to meet the criteria specified below and/or who have specific qualities, skills or experience being sought (based on input from the full Board of Directors). The Nominating and Governance Committee may engage a third-party search firm or other advisors to assist in identifying prospective nominees, consider stockholder suggestions for potential nominees or re-nominate existing directors based

Table of Contents

on their continuing qualifications. The Nominating and Governance Committee limits the number of officers or employees of the Company serving at any time on the Board to maintain a majority of independent directors. After reviewing appropriate biographical information and qualifications, first-time candidates are to be interviewed by at least one member of the Nominating and Governance Committee and by the Chairman of the Board. Upon completion of the above procedures, the Nominating and Governance Committee determines the list of potential candidates to be recommended to the full Board of Directors for nomination at the annual meeting or special meeting or to fill any vacancy. The Board of Directors selects the slate of nominees (or in the case of a vacancy, selects such nominee) only from candidates identified, screened and approved by the Nominating and Governance Committee.

Qualifications for Director Nominees

The Nominating and Governance Committee has established the following minimum criteria for evaluating prospective board candidates:

• Reputation for integrity, strong moral character and adherence to high ethical standards.

• Holds or has held a generally recognized position of leadership in community and/or chosen field of endeavor, and has demonstrated high levels of accomplishment.

• Demonstrated business acumen and experience, and ability to exercise sound business judgment and common sense in matters that relate to the current and long-term objectives of the Company.

• Ability to read and understand basic financial statements and other financial information pertaining to the Company.

• Commitment to understand the Company and its business, industry and strategic objectives.

• Commitment and ability to regularly attend and participate in meetings of the Board of Directors, Board of Directors committees and stockholders, number of other company boards of directors on which the candidate serves and ability to generally fulfill all responsibilities as a director of the Company.

• Willingness to represent and act in the interests of all stockholders of the Company rather than the interests of a particular group.

• Good health, and ability to serve.

For prospective non-employee directors, independence under applicable SEC and stock exchange rules, and the absence of any conflict of interest (whether due to a business or personal relationship) or legal impediment to, or restriction on, the nominee serving as a director.

• Willingness to accept the nomination to serve as a director of the Company.

Other Factors for Potential Director Nominee Consideration

The Nominating and Governance Committee will also consider the following factors in connection with its evaluation of each prospective nominee:

• Whether the prospective nominee will foster a diversity of backgrounds, skills, perspectives and experiences.

For potential audit committee members, whether the nominee possesses the requisite education, training and experience to qualify as “financially literate” or as an audit committee “financial expert” or equivalent requirement under applicable SEC and stock exchange rules.

For incumbent directors standing for re-election, the incumbent director’s performance during his or her term, including the number of meetings attended, level of participation, overall contribution to the Company, number of other company boards on which the director serves, and any changed circumstances affecting the individual director that may bear on his or her ability to continue to serve on the Board.

• The composition of the Board of Directors and whether the prospective nominee will add to or complement the Board of Director’s existing strengths.

In addition, in February 2018, the Compensation Committee approved an RSU to Mr. Burkland, with an aggregate grant date fair value equal to \$360,000, in consideration of the increased time commitment by Mr. Burkland in his role as Executive Chairman. PROPOSAL No. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), and Section 14A of the Securities Exchange Act, we are providing our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers (“NEOs”) as disclosed in this Proxy Statement. As described in detail in the “Compensation Discussion and Analysis” section in this Proxy Statement, our executive compensation program is designed to attract, motivate and retain our executive officers, who are critical to our success. Under this program our executive officers are rewarded for the achievement of specific short-term, long-term and strategic goals, as well as increased stockholder value. The Board of Directors believes our compensation program achieves the important goal of attracting and retaining talented professionals, while at the same time tying a substantial portion of potential compensation for such executives to the achievement of Company goals. In addition, the Board of Directors believes that through the use of a blend of different elements of compensation, such as an annual performance bonus and equity incentive awards, our compensation program balances incentives for both short-term and long-term Company performance. Overall, the Board of Directors believes our compensation program is fair to both the Company and our executives, appropriate for our industry and competitive with what our executives could otherwise receive elsewhere. Please read the “Compensation Discussion and Analysis” section in this proxy statement for additional details about our executive compensation program, including “Key Elements of Our 2017 Executive Compensation Program.”

The Board of Directors is asking our stockholders to indicate their support for the compensation of our NEOs as described in this Proxy Statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our NEOs’ compensation. This vote is not intended to address any specific item of compensation or any single compensation philosophy, policy or practice, but rather the overall compensation of our NEOs as described in this Proxy Statement. Accordingly, we are asking our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the Company’s NEOs, as disclosed in the Company’s proxy statement for the 2018 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related compensation tables and disclosure.”

The say-on-pay vote is advisory, and therefore not binding on Five9, the Compensation Committee or the Board of Directors. The Board of Directors and Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the NEO compensation as disclosed in this Proxy Statement, the Board will consider our stockholders’ concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board of Directors Recommends A Vote “FOR” the Approval of the Compensation of Our Named Executive Officers as disclosed in this Proxy Statement.

PROPOSAL No. 3

ADVISORY VOTE ON THE FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

Pursuant to the Dodd-Frank Act and Section 14A of the Securities Exchange Act, we are also providing our stockholders the opportunity to cast a non-binding, advisory vote on how frequently to hold advisory votes on executive compensation. Stockholders may specify whether they prefer such votes to occur every one year, two years, or three years, or abstain from voting.

After careful consideration, the Board of Directors, recommends that future advisory votes on executive compensation occur every one year. In formulating its recommendation, the Board of Directors considered that an annual advisory vote on executive compensation will allow our stockholders to provide us with their direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year. Additionally, an annual advisory vote on executive compensation is consistent with our policy of seeking input from, and engaging in discussions with, stockholders on corporate governance matters and executive compensation philosophy, policies and practices.

This proposal is not binding on Five9, the Board of Directors, or the Compensation Committee. However, the Board of Directors and the Compensation Committee value the opinions expressed by stockholders in their votes on this proposal and will consider the outcome of the vote when making future decisions regarding the frequency of conducting a say-on-pay vote.

The Board of Directors Recommends A Vote for Every “One Year.”

PROPOSAL No. 4

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018. KPMG LLP has audited our financial statements since their appointment in 2012. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions. Neither our Bylaws nor other governing documents or law require stockholder ratification of the appointment of KPMG LLP as our independent registered public accounting firm. However, the Board of Directors is submitting the appointment of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Independent Registered Public Accounting Firm's Fees

The following table summarizes the aggregate fees billed by KPMG LLP, our independent registered public accounting firm, for professional services provided for 2017 and 2016:

	2017	2016
	(In thousands)	
Audit fees ⁽¹⁾	\$1,618	\$1,068
Audit-related fees ⁽²⁾	33	18
Tax fees ⁽³⁾	10	19
All other fees	—	—
Total fees	\$1,661	\$1,105

Represents fees for professional services rendered for the audit of our annual financial statements, audit of the (1) adoption of the new revenue standard, review of our quarterly financial statements and international statutory audits.

(2) Represents expenses related to the performance of the audit and review of our financial statements.

(3) Represents fees for tax compliance and consulting services performed.

Pre-Approval Policies and Procedures

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services rendered by KPMG LLP, our independent registered public accounting firm, and related fees. The Audit Committee can pre-approve specified services in defined categories of audit services, audit-related services, tax services and related fees up to specified amounts, as part of the Audit Committee's approval of the scope of the engagement of KPMG LLP or on an individual case-by-case basis before KPMG LLP is engaged to provide a service. Additionally, the Audit Committee Chair is authorized to pre-approve audit and non-audit services and the fees therefor if (i) they are individually less than or equal to \$50,000, (ii) the Audit Committee Chair reports such approvals to the Audit Committee at its next regular meeting thereafter and (iii) KPMG LLP confirms that such services will not impact KPMG LLP's independence. All audit, audit-related and tax services were pre-approved by the Audit Committee or Audit Committee Chair (as set forth above). The Audit Committee has determined that, subject to reasonable limits, the rendering of the services other than audit services by KPMG LLP is compatible with maintaining the independent registered public accounting firm's independence.

The Board of Directors Recommends A Vote "FOR" the Ratification of the Appointment of KPMG LLP As Five9's Independent Registered Public Accounting Firm for Its Fiscal Year Ending December 31, 2018.

Table of Contents**Audit Committee Report**

The Audit Committee of the Board of Directors currently consists of the three non-employee directors named below. The Board of Directors annually reviews the NASDAQ listing standards' definition of independence for Audit Committee members and has determined that each member of the Audit Committee meets that standard. The Board of Directors has also determined that Mr. Acosta is an audit committee financial expert as described in applicable rules and regulations of the SEC.

The principal purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's accounting practices, system of internal controls, audit processes and financial reporting processes. The Audit Committee is responsible for appointing and retaining our independent registered public accounting firm and approving the audit and non-audit services to be provided by the independent registered public accounting firm. The Audit Committee's function is more fully described in the Audit Committee Charter, which the Board of Directors has adopted and which the Audit Committee reviews on an annual basis.

The Company's management is responsible for preparing our consolidated financial statements in accordance with generally accepted accounting principles in the United States ("U.S. GAAP"). KPMG LLP, our independent registered public accounting firm, is responsible for performing an independent audit of our consolidated financial statements and expressing an opinion as to whether those consolidated financial statements fairly present, in all material respects, the financial position, results of operations, and cash flows of the Company in conformity with U.S. GAAP.

The Audit Committee has reviewed and discussed with our management the audited consolidated financial statements of the Company included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 ("10-K"). The Audit Committee has also reviewed and discussed with KPMG LLP the audited consolidated financial statements in the 10-K and the audit results. In addition, the Audit Committee discussed with KPMG LLP the matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 1301 "Communication with Audit Committees", Rule 2-07 "Communication with Audit Committees" of Regulation S-X, and other PCAOB Rules and Standards. In addition, the Audit Committee received from and discussed with KPMG LLP the written disclosures and the letter, as required by PCAOB Ethics and Independence Rule 3526 "Communication with Audit Committees Concerning Independence," and discussed KPMG LLP's independence with them. Upon completing these activities, the Audit Committee concluded that KPMG LLP is independent from the Company and its management.

Based upon the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's 10-K and filed with the Securities and Exchange Commission.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of the Board of Directors, our executive officers and persons who hold more than 10% of our outstanding common stock are subject to the reporting requirements of Section 16(a) of the Exchange Act, which require them to file reports with respect to their ownership of our common stock and their transactions in our common stock. Based solely on a review of the copies of those reports furnished to us, or written representations that no reports were required, we believe that, during the most recent fiscal year, all Section 16(a) filing requirements applicable to our directors, executive officers and 10% or more beneficial owners were satisfied, except for one Form 4 for each of Mr. Zwarenstein and Mr. D. Burkland that was filed timely in 2017, but due to a clerical error incorrectly reported the number of options granted in one transaction, which has been amended to correct the clerical error. Additionally, one Form 4 for each of Mr. Zwarenstein, Mr. Welch and Mr. Passi was filed timely in 2018, but due to a clerical error incorrectly reported the number of options granted in one transaction, which has been amended to correct the clerical error.

Compensation Discussion and Analysis

As of December 31, 2017, we ceased to be an emerging growth company. Therefore, this year's Proxy Statement includes additional detail regarding executive compensation that was previously not required, including this Compensation Discussion and Analysis, which provides information regarding our 2017 compensation program for the following named executive officers ("NEOs") whose compensation is also set forth in the Summary Compensation Table and other compensation tables in this Proxy Statement:

total revenue for 2017 increased 24% to a record \$200.2 million, compared to \$162.1 million in 2016.

operating cash flow for 2017 was \$11.1 million, compared to operating cash flow of \$6.8 million in 2016.

2017 Executive Compensation Actions

In line with our performance and compensation objectives, the following actions related to 2017 compensation for our NEOs were approved:

Table of Contents

Base Salary During 2017, the Compensation Committee increased the base salaries of Mr. Daniel Burkland and Mr. Passi to reflect promotions to new positions and their respective increased responsibilities in those positions. No other NEOs received base salary increases in 2017.

Annual Cash Incentive Awards In February 2017, the Compensation Committee approved performance targets for 2017 that were used to determine the amount of cash bonus awards that could be earned on a quarterly basis by our NEOs. Consistent with 2016, performance targets with respect to revenue and Adjusted EBITDA (and, in the case of Mr. Daniel Burkland, bookings) were established to focus our NEOs on key quarterly company financial goals contained in our annual operating plan, as well as individual performance objectives (other than Mr. Michael Burkland, whose bonus was determined solely based on our company financial goals). We exceeded the target levels established for our company financial goals in each quarter in 2017, and, after taking into account achievement of each NEO's met individual performance objectives, the NEOs received an average payout of 111% of each NEO's target bonus opportunity.

Equity Awards In 2017, the Compensation Committee continued its practice of providing annual equity awards in the form of stock options and service-based restricted stock units. Mr. Zwarenstein and Mr. Daniel Burkland also received promotional equity grants to reflect their promotions to new positions and their respective increased responsibilities in those positions.

2017 Executive Compensation Policies and Practices

We endeavor to design and implement our executive compensation policies and practices in accordance with sound governance standards. The Compensation Committee meets regularly throughout the year to review our executive compensation program on an ongoing basis to ensure that it is consistent with our short-term and long-term goals given the dynamic nature of our business and the market in which we compete for executive talent. The following policies and practices continued in effect during 2017:

Independent Compensation Committee The Compensation Committee is comprised solely of independent directors.

Independent Compensation Committee Advisor The Compensation Committee engaged its own compensation consultant to assist with its 2017 compensation reviews and determinations. This consultant performed no consulting or other services for us.

Annual Executive Compensation Review The Compensation Committee conducts an annual review and approval of our compensation strategy, including a review of our compensation peer group used for comparative purposes and a review of our compensation-related risk profile to ensure that our compensation-related risks are not reasonably likely to have a material adverse effect on us.

Executive Compensation Policies and Practices Our compensation philosophy and related corporate governance policies and practices are complemented by several specific compensation practices that are designed to align our executive compensation with long-term stockholder interests, including the following:

Compensation At-Risk Our executive compensation program is designed so that a significant portion of compensation is "at risk" based on corporate performance, as well as equity-based to align the interests of our executive officers and stockholders.

No Perquisites We do not provide any perquisites or other personal benefits to our executive officers, other than standard relocation benefits.

No Tax Reimbursements We do not provide any tax reimbursement payments (including "gross-ups") on any perquisites or other personal benefits.

No Special Health or Welfare Benefits Our NEOs participate in broad-based company-sponsored health and welfare benefits programs on the same basis as our other full-time, salaried employees.

No Post-Employment Tax Reimbursements We do not provide any tax reimbursement payments (including "gross-ups") on any severance or change-in-control payments or benefits.

"Double-Trigger" Change in Control Arrangements All change in control payments and benefits for our current executive officers are based on a "double-trigger" arrangement (that is, they require both a change in control plus a qualifying termination of employment before payments and benefits are paid), other than certain change in control vesting rights for Mr. Daniel Burkland that he previously negotiated in connection with joining the Company in 2009.

Minimum Share Ownership Our board members and executive officers, including our NEOs, are subject to stock ownership guidelines described in greater detail below.

Hedging and Pledging Prohibited We prohibit our employees and directors, including our NEOs, from engaging in transactions that are of a speculative nature, including entering into any short sales, put option contracts, transaction in straddles or similar arrangements based on our securities. We also prohibit our employees, including our NEOs, from pledging our securities.

2017 Stockholder Advisory Votes on Executive Compensation

Beginning with this Annual Meeting, our stockholders will have the opportunity to vote to approve, on an advisory (non-binding) basis, the compensation of our NEOs as disclosed in this Proxy Statement in accordance with SEC rules (a “say-on-pay” vote). We value the opinion of our stockholders and will consider the outcome of future say-on-pay votes, including the vote to be held at this Annual Meeting, as well as feedback received throughout the year, when making compensation decisions for our NEOs. In addition, at this Annual Meeting, our stockholders will have the opportunity to vote, on an advisory basis, on the frequency of future say-on-pay votes regarding the compensation of the NEOs (commonly known as a “say-on-frequency” vote). As described in Proposal 3, the Board recommends that such say-on-pay votes occur on an annual basis. See Proposals 2 and 3 in this Proxy Statement for further information on the say-on-pay and say-on-frequency advisory votes.

Compensation Philosophy and Objectives

We believe that the quality, skills, and dedication of our NEOs are critical factors affecting our performance and stockholder value. Accordingly, the key objective of our executive compensation program is to attract, retain, and motivate superior executive talent while maintaining an appropriate cost structure. In addition, we seek to implement a pay-for-performance philosophy by designing our executive compensation program to link a substantial component of our NEOs’ target total direct compensation to the achievement of financial and strategic performance objectives that directly correlate to key company objectives and the long-term enhancement of stockholder value. Thus, the Compensation Committee believes that the compensation paid to our NEOs should be closely aligned with our corporate performance on both a short-term and long-term basis, linked to specific, measurable results such as revenue and Adjusted EBITDA, and that such compensation should assist us in motivating and retaining the key executive officers critical to our long-term success. Finally, our executive compensation program is designed to maintain an appropriate balance of annual and long-term incentive compensation opportunities to ensure an appropriate focus on operational objectives and the creation of long-term stockholder value.

Design and Approval of Our 2017 Compensation Program

As we were an emerging growth company until December 31, 2017, we structured our executive compensation program to have the flexibility to meet the demands of the dynamic nature of our business and the competitive market for executive talent in our industry. Therefore, our pay mix and annual incentive program for 2017 reflects the Compensation Committee’s ability to react quickly to retain and motivate our key executives. To accomplish the foregoing objectives, for 2017, the Compensation Committee structured our executive compensation program to include the following principal compensation elements:

- base salaries at levels that we believe allow us to attract and retain key executive officers;
- quarterly cash incentive compensation opportunities tied to the achievement of pre-established quarterly performance goals related to important financial objectives set forth in our annual operating plan;
- long-term incentive compensation using a mix of restricted stock unit and stock options, to align the interests of our executive officers with those of our stockholders and to promote our performance and retention objectives; and
- limited post-employment compensation arrangements payable on an involuntary termination of employment.

Generally, the Compensation Committee seeks to allocate a significant portion of our NEOs’ target total direct compensation opportunity to elements that are performance-based and, therefore, “at risk,” including quarterly cash incentives. However, the Compensation Committee does not maintain formal policies for allocating between short-term and long-term compensation or between cash and non-cash compensation. Instead, the Compensation Committee maintains flexibility and adjusts different elements of compensation based upon its evaluation of our financial position (including cash needs), the impact on stockholder dilution, hiring and retention concerns, and the compensation level and mix paid by our compensation peer group.

Table of Contents

While compensation levels and weighting of performance goals may differ among our NEOs based on the role, responsibilities and performance of each individual, there are no material differences in the compensation philosophy, policies, or practices among our NEOs.

Role of Compensation Committee

The Compensation Committee is the primary architect of our executive compensation program. The Compensation Committee conducts an annual review of our executive compensation strategy to ensure that it is appropriately aligned with our business strategy, reflective of our compensation philosophy and designed to incentivize our executives to accomplish key corporate objectives. The Compensation Committee also reviews market trends and changes in compensation practices. Based on its review and assessment, the Compensation Committee approves annual changes in our executive compensation program.

For 2017, the Compensation Committee reviewed and approved the compensation for each of our NEOs. The Compensation Committee also administered our equity compensation plans, and evaluated the effectiveness of our overall executive compensation program.

The Compensation Committee's authority, duties, and responsibilities are described in its charter, which is reviewed annually and revised and updated as warranted. The current charter, which was most recently updated in February 2018, is available at <http://investors.five9.com/governance>.

Role of Executive Officers

In formulating its compensation decisions, the Compensation Committee meets with our Chief Executive Officer to obtain his feedback and recommendations with respect to the structure of our executive compensation program, as well as his assessment of the performance of each of the other executive officers and his recommendations on the compensation for each other executive officer. In addition, our Chief Executive Officer and Vice President of Human Resources develop recommendations for performance metrics and target award opportunities under our annual cash incentive compensation program based on our annual operating plan, as well as provide information at quarter end regarding individual and company performance.

The Compensation Committee reviews and discusses these recommendations and proposals with our Chief Executive Officer and considers them as one factor in determining the compensation for our executive officers, including our other NEOs. Our Chief Executive Officer recuses himself from all discussions and recommendations regarding his own compensation.

Role of Compensation Consultant

The Compensation Committee has the authority to retain the services of external advisors, including compensation consultants, legal counsel, accounting, and other advisors. During 2017, the Compensation Committee continued to directly engage Compensia, Inc., a national compensation consulting firm ("Compensia"), as its advisor for executive officer and director compensation, and broad based equity compensation matters. More specifically, Compensia:

- reviewed and provided market data on executive officer and director cash and equity compensation for 2017 compensation planning;
- reviewed and provided recommendations on the annual and long-term incentive compensation award design;
- reviewed and provided recommendations regarding certain of our compensation-related policies, including our stock ownership guidelines;
- reviewed and provided an analysis of annual share utilization and stockholder dilution levels resulting from our employee stock plans; and
- reviewed and provided comments on the Compensation Discussion & Analysis section of our Proxy Statement for 2017.

In 2017, the Compensation Committee considered the independence of Compensia in light of the listing standards of NASDAQ on compensation committee independence and the rules of the Securities and Exchange Commission. Based on these standards and rules, the Compensation Committee concluded that the work performed by Compensia did not raise a conflict of interest.

Competitive Positioning

In July 2016, the Compensation Committee directed Compensia to develop and recommend a compensation peer group to be used as a reference in its executive compensation deliberations for 2017. Among other things, Compensia developed this compensation peer group to reflect our market capitalization, recognize our evolving business focus, and account for acquisitions of prior peer companies. The companies in this compensation peer group were selected on the basis of their similarity to us, based on the following criteria:

- similar revenue size - ~0.5x to ~2.0x our last four quarter revenue of approximately \$150 million as of the second quarter of 2016 (approximately \$75 million to approximately \$300 million);

- similar market capitalization - ~0.3x to ~3.0x our market capitalization of \$593 million as of July 1, 2016 (approximately \$195 million to approximately \$1.8 billion);

- Industry - SaaS companies;

- executive positions similar in breadth, complexity, and/or scope of responsibility; and

- competitors for executive talent.

As a result, in July 2016, the Compensation Committee approved a revised compensation peer group for use in 2017 consisting of the following companies:

2U	HubSpot	Qualys
8x8	inContact	RingCentral
AppFolio	Instructure	SPS Commerce
Benefitfocus	MINDBODY	Workiva
Castlight Health	Model N	Xactly
ChannelAdvisor	Q2 Holdings	Zendesk

To analyze the compensation practices of the companies in our compensation peer group, Compensia gathered data from public filings (primarily proxy statements) for the peer group companies. This market data was then used as a reference point for the Compensation Committee to assess our current compensation levels in the course of its deliberations on compensation forms and amounts. While the Compensation Committee does not target any component of our executive compensation program to a particular level versus the competitive market, our Compensation Committee generally refers to a range of the 50th to the 75th market percentile when making its executive compensation decisions.

Going forward, the Compensation Committee intends to review and update the compensation peer group at least annually and make adjustments to its composition when appropriate, taking into account changes in both our business and the businesses of the companies in the peer group.

Key Elements of Our 2017 Executive Compensation Program

Base Salary

We pay a base salary to each of our NEOs to provide a base level of fixed income for services rendered, and the Compensation Committee attempts to establish base salaries for our NEOs that are competitive with those received by individuals in similar positions at the companies in our compensation peer group. At the start of 2017, the Compensation Committee evaluated our performance in 2016 and the performance of our NEOs. Consistent with the Compensation Committee's policy to increase "at risk" compensation and improve the balance between base salary and incentive compensation, the Compensation Committee approved no changes to the base salary of our NEOs from 2016, with the exception of Mr. Passi, who had been promoted during 2016 but had not yet received an increase in his base salary to recognize his increased responsibilities. In addition, effective December 2, 2017, the Compensation Committee increased Mr. Daniel Burkland's base salary to \$400,000 in connection with his promotion to President.

Table of Contents

The annual base compensation of our NEOs for 2017 and 2016 was as follows. The 2017 base salaries of Mr. Daniel Burkland and Mr. Michael Burkland set forth below are pro-rated based on changes to their base salaries during 2017. In addition, the 2016 base salary of Mr. Daniel Burkland is pro-rated based on changes to his base salary during 2016.

NEO	2017 Base Salary	2016 Base Salary	% Change
Barry Zwarenstein	\$367,189	\$367,189	— %
Daniel Burkland ⁽¹⁾	331,164	318,891	4 %
Gaurav Passi	327,750	280,000	17 %
Scott Welch	327,750	327,750	— %
Michael Burkland ⁽²⁾	502,935	530,400	(5)%

(1) Effective December 2, 2017, Mr. Daniel Burkland's base salary was increased to \$400,000 in connection with his promotion to President.

Effective December 2, 2017, Mr. Michael Burkland resigned from his positions as Chief Executive Officer and President and was appointed as Executive Chairman. Under his Executive Chairman independent contractor agreement, he receives annual cash compensation of \$200,000 and continued healthcare benefits in consideration of his advice and consultation on strategic initiatives, investor relations, talent development, organizational and other matters. Mr. Michael Burkland's 2017 base salary as our former Chief Executive Officer and President was 530,400.

Annual Cash Incentive Compensation

We use performance-based cash incentives to motivate our executive officers, including our NEOs, to focus on specific goals established by the Board in our annual operating plan, to provide additional cash compensation opportunities beyond base salary in a manner that is consistent with our peers' practices, and to recognize and reward achievement at or above our pre-established levels of performance.

2017 Bonus Program and Target Bonus Amounts

Consistent with 2016, in 2017, each of our executive officers, including our NEOs, was eligible to earn cash bonuses under our annual cash incentive program (the "2017 Bonus Program") on a quarterly basis. Funding of the 2017 Bonus Program was based upon company financial performance and each NEO's individual performance for each quarter in 2017 as summarized below:

Name	Financial Performance Target Weight ⁽¹⁾	Individual Performance Target Weight ⁽²⁾
Barry Zwarenstein	75%	25%
Dan Burkland	37.5%	62.5%
Scott Welch	75%	25%
Gaurav Passi	75%	25%
Mike Burkland	100%	—%

Financial performance was based upon our achievement of predetermined revenue and Adjusted EBITDA targets (1) using a weighting of 80% for performance achieved against the revenue target and 20% for performance achieved against the Adjusted EBITDA target.

Individual performance was based on the achievement of individual objectives consistent with the key strategic (2) goals established by the Board. Mr. Daniel Burkland's individual objectives are based on a combination of bookings commissions (50%) and key individual strategic goals (12.5%).

At the start of 2017, the Compensation Committee reviewed each NEO's target bonus opportunity, and, after taking into account internal pay equity with our other executive officers, pay practices within our compensation peer group, and market compensation data provided by Compensia, the Compensation Committee determined to increase Mr. Zwarenstein's target bonus percentage to 45% of his then-base salary, Mr. Daniel Burkland's target bonus

Table of Contents

percentage to 100% of his then-base salary, and Mr. Michael Burkland's target bonus percentage to 65% of his then-base salary.

In connection with his promotion to Interim Chief Executive Officer, the Compensation Committee increased Mr. Zwarenstein's target bonus percentage to 75% of his base salary, effective December 2, 2017.

The following table shows the changes to each NEO's annual target bonus opportunity during 2017:

NEO	Annual Target Bonus as of the end of 2017		Annual Target Bonus as of the end of 2016		% Change in Dollar Value of Annual Target Bonus
	% of Base Salary	Amount	% of Base Salary	Amount	
Barry Zwarenstein ⁽¹⁾	75%	\$275,000	40%	\$147,000	87%
Daniel Burkland ⁽²⁾	81%	325,000	78%	247,000	32%
Gaurav Passi	50%	164,000	50%	140,000	17%
Scott Welch	50%	164,000	50%	164,000	—%
Michael Burkland ⁽³⁾	65%	316,644	60%	320,000	(1)%

Effective December 2, 2017, Mr. Zwarenstein's annual target bonus increased to \$275,000 in connection with his promotion to Interim Chief Executive Officer. His fourth quarter bonus for 2017 was prorated based on a target (1) bonus of \$165,235 for the period from October 1, 2017 through December 1, 2017 and a target bonus of \$275,000 for the period from December 2, 2017 to December 31, 2017. Therefore, his target bonus for the full year was approximately \$174,258.

(2) Effective December 2, 2017, Mr. Daniel Burkland's base salary was increased to \$400,000 in connection with his promotion to President; however, his annual target bonus amount remained at \$325,000.

Mr. Michael Burkland remained eligible to receive a bonus for the fourth quarter of 2017, prorated for the period (3) from October 1, 2017 through December 1, 2017. His annual target bonus for 2017 was increased to \$345,000 in the first quarter of 2017.

2017 Bonus Program: Company Financial Performance

Consistent with 2016, in February 2017, the Compensation Committee approved revenue and Adjusted EBITDA performance targets for each quarter based on our annual operating plan approved by the Board. The Compensation Committee chose revenue and Adjusted EBITDA as performance criteria for the 2017 Bonus Program because they are key performance indicators used by us in managing our business, and are linked to our growth and profitability and the creation of long-term stockholder value. For purposes of the 2017 Bonus Program, Adjusted EBITDA equals net income (loss) before (1) depreciation and amortization, (2) stock-based compensation, (3) interest income, expense and other, (4) provision for income taxes, and (5) other unusual items that do not directly affect what we consider to be our core operating performance. Achievement below 90% of the revenue target, or \$500,000 below the Adjusted EBITDA target, resulted in no cash payout with respect to such target. Achievement up to 125% of the revenue target resulted in increasing payouts up to a maximum payout of 150% of the portion of the target bonus allocated to the revenue target. Achievement up to \$2,000,000 over the Adjusted EBITDA target resulted in increasing payouts up to a maximum payout of 180% of the portion of the target bonus allocated to the Adjusted EBITDA target. In the event that our actual Adjusted EBITDA was more than \$500,000 below the Adjusted EBITDA target, the maximum cash payout for achieving the revenue target would have been 100% of the revenue target bonus.

After the conclusion of each quarter, the Compensation Committee determined achievement against those targets and approved the corresponding payout to each of our NEOs.

Table of Contents

The following table summarizes our achievement of the revenue and Adjusted EBITDA targets for each quarter in 2017.

Quarter Ending	Revenue			Adjusted EBITDA		
	Target in million	Actual in million	Payout %	Target in million	Actual in million	Payout %
March 31, 2017	\$45.8	\$ 47.0	105.4%	\$ 1.2	\$ 2.6	154.7%
June 30, 2017	46.5	47.7	105.4%	1.6	3.0	153.3%
September 30, 2017	49.5	50.1	102.2%	2.7	5.2	180.0%
December 31, 2017	54.0	55.4	105.1%	5.3	6.8	161.1%

2017 Bonus Program: Individual Performance Objectives

Payout of the individual performance objectives component of the 2017 Bonus Program was based on achievement of challenging, but achievable, individual strategic objectives for each NEO (other than Mr. Michael Burkland, whose bonus was determined solely based on our financial performance) that aligned with our key strategic goals established by the Board. Each applicable NEO's quarterly individual strategic objectives generally included results to be achieved in the NEO's function or area, such as achievement of corporate development initiatives and technological milestones, successful releases of new products or updates, hiring and retention of key employees, and increased efficiency and gross margins. In each quarter of 2017, the Compensation Committee determined that our NEOs with individual performance objectives achieved between 94% and 100% of their quarterly individual strategic objectives.

50% of Mr. Daniel Burkland's bonus under the 2017 Bonus Program was based on achievement of certain bookings levels against the quarterly bookings quotas for our larger and smaller clients. In the four quarters of 2017, the Compensation Committee determined that Mr. Daniel Burkland achieved commissions of \$37,807, \$38,371, \$39,403 and \$37,666, respectively.

2017 Bonus Program: 2017 Payment Summary

The following table summarizes the total payments made to each of our NEOs for 2017 as a result of the achievement of the company financial and individual performance objectives described above.

NEO	Q1 2017	Q2 2017	Q3 2017	Q4 2017	Total 2017 Payout	% of Target ⁽¹⁾

(1) The achievement percentages for Messrs. Zwarenstein and Michael Burkland are based on their prorated 2017 target bonus amounts of \$174,258 and \$316,644, as described in further detail above.

(2) Mr. Daniel Burkland's quarterly bonuses are funded 62.5% based on individual performance, with 50% based on bookings commissions and 12.5% based on key individual strategic goals established by the Committee.

Long-Term Incentive Compensation

We provide equity compensation opportunities to our executive officers, including our NEOs, to align their financial interests with those of our stockholders and to provide compensation that is consistent with the practices of our compensation peer group so that we can attract and retain qualified talent. At this time, we only grant stock options and service-based restricted stock units ("RSUs") for annual retention and promotion purposes, as we believe these awards provide an incentive for our NEOs to enhance stockholder value. Our stock options and RSUs generally vest over four year vesting schedules, depending on the type of award and the recipient's continued service through each vesting date.

Table of Contents

2017 Equity Awards

In the first quarter of 2017, the Compensation Committee made ordinary course stock option and service-based RSU grants to our NEOs, the size of which were determined after taking into account internal pay equity with our other executive officers, pay practices within our compensation peer group, and market compensation data provided by Compensia. In addition, in connection with their promotions effective in December 2017, the Compensation Committee granted a mix of stock options and service-based RSUs to Mr. Zwarenstein and Mr. Daniel Burkland with aggregate grant date fair values of approximately \$0.5 million and \$1.9 million, respectively.

The following table shows the number and grant date fair value of stock options and RSUs originally granted to each of our NEOs during 2017.

NEO	RSUs Granted (#)	Stock Options Granted (#)	Aggregate Grant Date Fair Value of RSUs and Stock Options (\$)
Barry Zwarenstein	37,086	79,697	\$1,383,622 ⁽¹⁾
Daniel Burkland	64,401	136,832	2,732,715 ⁽²⁾
Gaurav Passi	33,230	68,549	1,079,912
Scott Welch	24,000	49,507	779,940
Michael Burkland	87,753	181,020	2,851,785

Includes approximately \$0.5 million in promotional stock options and RSUs granted in connection with Mr. (1)Zwarenstein's appointment as Interim Chief Executive Officer effective December 2, 2017, which vest over one year from the vesting commencement date.

(2) Includes approximately \$1.9 million in promotional stock options and RSUs granted in connection with Mr. Daniel Burkland's appointment as President effective December 2, 2017.

Former CEO Transition

Following his resignation from his positions as our Chief Executive Officer and President in December 2017, Mr. Michael Burkland continued to serve as a director of the Company and continued to vest in his then-outstanding equity awards in accordance with the Company's standard vesting terms, which provide for continued vesting so long as the award holder remains in service as an employee, director or consultant. However, under applicable accounting rules, Mr. Michael Burkland's change in status from an employee and director to solely a director resulted in incremental stock-based compensation expense in respect of his RSUs and stock options that were unvested and outstanding on his resignation date, which expense will be recognized over the remaining vesting period of such awards. Refer to footnote (2) to the "Summary Compensation Table" for additional information. In addition, in connection with his resignation, the Company and Mr. Michael Burkland entered into an independent contractor agreement pursuant to which Mr. Michael Burkland would assist the Company with strategic initiatives, investor relations, talent development, organizational and other matters. Under the terms of the independent contractor agreement, Mr. Michael Burkland's then-outstanding equity awards remain outstanding, will continue to vest according to the terms of the applicable award agreements and will accelerate in full immediately prior to a change in control, in each case, subject solely to Mr. Michael Burkland's continued service on the Board.

Health, Welfare, and Other Benefits

We currently do not provide special employee benefits for our NEOs. We do maintain a 401(k) plan that provides eligible employees with an opportunity to save for retirement, subject to applicable annual Internal Revenue Code limits. We did not provide any matching contributions under the 401(k) plan in 2017. Consistent with market practices and our retention goals, we provide these broad based employee benefits to our NEOs on the same terms and conditions as our other employees.

Each of our NEOs is employed on an at-will basis.

Perquisites and Other Personal Benefits

Currently, we do not provide any perquisites or other personal benefits to our NEOs other than standard relocation benefits if applicable. In the future, we may provide perquisites or other personal benefits in limited

Table of Contents

circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment, motivation or retention purposes. We do not expect that these perquisites or other personal benefits will be a significant aspect of our executive compensation program. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Key Employee Severance Plan

Each of our current NEOs participates in our Key Employee Severance Plan (the “Severance Plan”), which provides severance benefits, including “double trigger” benefits in the event of a qualifying termination of employment in connection with a change of control, as more fully described under “Potential Payments Upon Termination or Change of Control” below. The Compensation Committee believes the Severance Plan maximizes stockholder value because it prevents an unintended windfall to our executive officers in the event of a change of control, while still providing them appropriate incentives to cooperate in negotiating a transaction involving a potential change of control in which they believe they may lose their jobs. We believe providing the Severance Plan helps us compete for and retain executive talent. We believe that the payments and benefits under the Severance Plan are generally comparable with severance packages offered to the NEOs of the companies in our compensation peer group.

Key Elements of Our 2018 Executive Compensation Program

In setting 2018 compensation, the Compensation Committee decided not to make any changes to the base salary or target bonus amounts or percentages of our executive officers from the end of 2017, consistent with its policy to increase “at risk” compensation and improve the balance between base salary and incentive compensation. For our 2018 Bonus Program, the Compensation Committee decided to continue to use the same quarterly payout structure and corporate financial performance goals (revenue and Adjusted EBITDA), and set the levels of achievement based on our annual operating plan for 2018. In 2018, Mr. Zwarenstein’s bonus opportunity will be determined based solely on corporate financial performance goals during the period of time in which he serves as our Interim Chief Executive Officer, after which, assuming he continues to serve as our Chief Financial Officer, his bonus opportunity will be determined based 75% on corporate financial performance goals and 25% on individual objectives (consistent with his performance goal mix prior to his promotion to Interim Chief Executive Officer in December 2017). Consistent with 2017, the Compensation Committee also granted a mix of stock options and service-based RSUs to our executive officers, the size of which were determined based on pay practices within our compensation peer group, and market compensation data provided by Compensia.

Additional Policies and Considerations in our Executive Compensation Program

Equity Award Grant Policy

The Compensation Committee has adopted an equity award grant policy that establishes a predictable and deliberative process for consideration and approval of equity awards. Under the policy, new hire, promotion or retention equity awards have a grant date of the later of the date on which the grantee’s employment begins, promotion is effective or retention event occurs and the date on which all necessary corporate actions for the approval of the applicable equity award are complete. Regular annual equity awards have a grant date that is on or after the date of approval of the equity award by the Compensation Committee. The equity award grant policy also includes rules on how we calculate the number of shares subject to equity awards granted based on a target grant date dollar value.

The exercise price of all newly issued stock options and stock appreciation rights must be equal to or greater than the fair market value of our common stock on the date of grant.

Table of Contents

Director and Officer Stock Ownership Guidelines

In November 2017, the Compensation Committee adopted stock ownership guidelines (“Stock Ownership Guidelines”) that apply to our directors and executive officers. The Compensation Committee adopted the Stock Ownership Guidelines because it believes that stock ownership promotes alignment with our stockholder interests. The Stock Ownership Guidelines are based on the lesser of a multiple of base salary (or cash retainer, in the case of non-employee directors) and a fixed number of shares of our common stock, as set forth below, provided that if the closing price of our common stock on any compliance measurement date is less than \$10 per share, only the share-based guidelines will apply:

Position	Guidelines
Directors	Lesser of 300% of annual retainer or 9,000 shares
CEO	Lesser of 300% of annual base salary or 160,000 shares
Other Executive Officers	Lesser of 100% of annual base salary or 30,000 shares

Shares owned plus vested, in the money, stock options are counted toward the ownership requirement. Our directors and executive officers are expected to meet their respective ownership requirements by the later of five years after the Stock Ownership Guidelines were adopted or within five years after being appointed, hired or promoted into a role covered by the Stock Ownership Guidelines. Compliance with the Stock Ownership Guidelines is measured at the end of each year using our 90-trading day average stock price. As of March 22, 2018, all of our directors and executive officers except one had satisfied their applicable ownership requirements, and the one officer is expected to meet his ownership requirement within the compliance window described above.

Derivatives Trading, Hedging and Pledging Policy

Our Insider Trading Policy includes a policy regarding the trading of derivatives and the hedging of our equity securities by our employees, including our NEOs, and members of the Board. This policy provides that all employees and members of the Board are prohibited from engaging in transactions that are of a speculative nature at any time, including, but not limited to, put options. In addition, all employees and members of the Board are prohibited from short-selling our common stock or engaging in transactions involving our derivative securities (including put option contracts, transacting in straddles, and the like) and holding our securities in a margin account and pledging our securities as collateral for a loan.

Clawback Policy

We have not yet implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. We intend to adopt a clawback policy covering our incentive-based compensation arrangements once the SEC adopts final rules implementing the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Tax and Accounting Considerations

Deductibility of Executive Compensation

The Compensation Committee does not consider the deductibility of executive compensation as a material factor when determining the form, size and terms of executive compensation elements. The Compensation Committee reserves the discretion, in its judgment, to authorize compensation payments that do not comply with an exemption from the deduction limit when it believes that such payments are in the best interests of us and our stockholders.

Taxation of “Parachute” Payments

Sections 280G and 4999 of the Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to significant additional taxes if they receive payments or benefits in connection with a change in control that exceeds certain prescribed limits, and that we (or a successor) may forfeit a deduction on the amounts subject to this additional tax. We are not obligated to provide any NEO with a “gross-up” or other reimbursement payment for any tax liability that he or she may owe as a result of the application of Sections 280G or 4999 in the event of a change in control. While the Compensation Committee considers deductibility of compensation as one of many factors when determining the form, size and terms of executive compensation elements, the Compensation Committee retains the discretion, in its judgment, to authorize compensation payments that

Table of Contents

may not be fully deductible under Section 280G of the Code when it believes that such payments are in the best interests of us and our stockholders.

Accounting for Stock-Based Compensation

The Compensation Committee considers the accounting impact of equity awards when designing compensation plans and arrangements for our executive officers and other employees. Chief among these is ASC 718, the standard which governs the accounting treatment of stock-based compensation awards. However, accounting cost is just one factor considered when designing such compensation plans and arrangements for our NEOs and other employees.

Compensation-Related Risks

In July 2017, the Compensation Committee, with the assistance of Compensia, reviewed our compensation policies and practices applicable to all employees and determined that our compensation programs do not encourage excessive or inappropriate risk-taking. The Compensation Committee believes that the design and mix of our compensation programs appropriately encourages our executive officers and other employees to focus on the creation of long-term stockholder value. In its review, the Compensation Committee noted the following features:

- the compensation program includes a reasonable mix of cash, short-term incentive and equity compensation, with the vesting of equity compensation tied to multi-year time periods;
- the performance goals for the 2017 Bonus Program are based on a mix of corporate goals and individual performance, with payouts capped if the corporate goals are achieved below a certain threshold; and
- we have formal policies in place for equity administration, insider trading, hedging and pledging and we annually review succession plans for key executives.

(1) Mr. Zwarenstein first became a named executive officer in 2016 and Mr. Passi first became a named executive officer in 2017.

The aggregate grant date fair value of equity awards in this column has been calculated in accordance with FASB ASC Topic 718. See Note 7 of the notes to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2017 for a discussion of assumptions made in determining the grant date fair value of equity awards. These amounts do not correspond to the actual value that our NEOs will recognize.

(2) Our NEOs will only realize compensation from these awards to the extent they meet the vesting requirements under the awards. In addition, Mr. Michael Burkland’s resignation as Chief Executive Officer and President on December 2, 2017 resulted in an accounting modification in respect of his RSUs and options that were unvested and outstanding on his resignation date, due to his change in status from an employee and director to solely a director. The incremental stock-based compensation expense associated with such change in status was \$2,916,306 and \$4,315,527 in respect of such RSUs and options, respectively, which amounts are not reported in the table above because Mr. Burkland’s continued vesting for his service as a director following his resignation was included in the terms of his original awards.

(3) Amounts in this column represent amounts earned under our 2017, 2016 and 2015 Bonus Programs based on the achievement of company and individual performance goals and other factors deemed relevant by our compensation

committee. As discussed in the section above entitled “Compensation Discussion and Analysis - Key Elements of Our 2017 Executive Compensation Program,” the annual target bonus opportunities for Messrs. Zwarenstein, Daniel Burkland, Passi, Welch and Michael Burkland, as of the end of 2017 were 75%, 81%, 50%, 50% and 65%

of each NEO's annual base salary, respectively. Mr. Zwarenstein's target bonus amount was increased in December 2017 in connection with his promotion to Interim Chief Executive Officer.

The 2017 amounts represent life insurance paid by us for the named executive officers. The 2017 amount for Mr. (4) Michael Burkland also includes health insurance premium of \$2,698 paid by us as part of his compensation under his Executive Chairman independent consultant agreement effective December 2, 2017.

(5) Amount includes consulting fees of \$16,438 earned by Mr. Michael Burkland as part of Mr. Burkland's compensation under his Executive Chairman independent contractor agreement effective December 2, 2017.

This column sets forth the target annual bonus amount under our 2017 Bonus Program for each NEO. We do not establish thresholds or maximum annual bonus amounts for each individual NEO. Refer to "Key Elements of Our 2017 Executive Compensation Program" section above for more detail. Effective December 2, 2017, Mr.

(1) Zwarenstein's annual target bonus increased to \$275,000 in connection with his promotion to Interim Chief Executive Officer. His fourth quarter bonus for 2017 was prorated based on a target bonus of \$165,235 for the period from October 1, 2017 through December 1, 2017 and a target bonus of \$275,000 for the period from December 2, 2017 to December 31, 2017. Therefore, his target bonus amount for the full year was approximately \$174,258.

(2)

Amounts reflect the grant date fair value of equity awards granted in 2017 in accordance with FASB ASC Topic 718. For information regarding assumptions underlying the value of equity awards, see Note 7 of the notes to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2017 for a discussion of assumptions made in determining the grant date fair value of equity awards. These amounts do not correspond to the actual value that the NEOs will recognize.

The Compensation Committee approved grants of RSUs and stock options to Mr. Zwarenstein and Mr. Daniel (3)Burkland in connection with their promotions to Interim Chief Executive Officer and President, respectively, effective December 2, 2017.

Mr. Michael Burkland's resignation as Chief Executive Officer and President on December 2, 2017 resulted in an accounting modification in respect to his RSUs and options that were unvested and outstanding on his resignation (4) date, due to his change in status from an employee and director to solely a director. The incremental stock-based compensation expense associated with such change in status is not reported in the table above because Mr.

Burkland's continued vesting for his service as a director following his resignation was included in the terms of his original awards. Refer to footnote (2) to the "Summary Compensation Table" for additional information.

Potential Payments upon Termination or Change in Control

Our Board of Directors approved the Key Employee Severance Benefit Plan (the “Severance Plan”) to provide more consistency in severance benefit rights for our executive officers upon certain qualifying terminations, whether or not in connection with a change in control.

Under the Severance Plan, if an NEO’s employment with us is terminated by us without “cause” (as defined in the 2014 Plan) (other than due to death or disability), and such termination is not in connection with a “change in control” (as defined in the Severance Plan), then the NEO is eligible to receive:

a lump sum cash payment equal to 9 months (in the case of Mr. Zwarenstein), or 6 months (in the case of Messrs. Daniel Burkland, Gaurav Passi and Scott Welch) of his then-current base salary, and either payment of the premiums for his continued post-termination health insurance coverage, or continued coverage under our health insurance plans for up to 9 months (in the case of Mr. Zwarenstein), or 6 months (in the case of Messrs. Daniel Burkland, Gaurav Passi and Scott Welch).

If an NEO’s employment with us is terminated by us without cause (other than due to death or disability) or by the NEO pursuant to a “constructive termination” (as defined in the Severance Plan), and in each case, such qualifying termination occurs within three months prior to, on or within twelve months after a change in control, then the NEO is instead eligible to receive:

a lump sum cash payment equal to 15 months (in the case of Mr. Barry Zwarenstein), or 12 months (in the case of Messrs. Daniel Burkland, Gaurav Passi and Scott Welch) of his then-current base salary and his target annual bonus opportunity,

either payment of the premiums for his continued post-termination health insurance coverage for up to 15 months (in the case of Mr. Zwarenstein), or 12 months (in the case of Messrs. Daniel Burkland, Gaurav Passi and Scott Welch), and

full accelerated vesting of his then-outstanding and unvested equity awards.

If the payments or benefits payable to under the Severance Plan would be subject to the excise tax imposed under Section 4999 of the Code, then those payments or benefits will be reduced if such reduction would result in a higher net after tax benefit to him. Each NEO must execute and deliver an effective release of claims and continue to comply with any applicable restrictive covenants in order to receive the payments and benefits provided for under the Severance Plan.

In addition to his benefits under the Severance Plan, Mr. Daniel Burkland has certain vesting rights upon a change in control that he previously negotiated in connection with joining the Company in 2009. Pursuant to these previously

negotiated vesting rights, in the event of a change in control, if more than 50% of any of Mr. Daniel

41

Table of Contents

Burkland's equity awards are then outstanding and unvested, the vesting of those awards will accelerate such that (after giving effect to such acceleration and taking into account any portion of those options that had theretofore become vested and exercisable) those awards will become vested and exercisable as of the change in control date with respect to 50% of the total number of shares subject to those awards. As of December 31, 2017, the value of such acceleration of Mr. Daniel Burkland's outstanding equity awards was \$1,402,650, based on the closing market price of \$24.88 per share of our common stock at December 29, 2017, the last trading day of 2017.

Mr. Michael Burkland's rights and benefits under the Severance Plan terminated at the time of his resignation from his positions as our Chief Executive Officer and President in December 2017. Under the terms of his independent contractor agreement with the Company entered into in connection with his resignation, Mr. Michael Burkland's then-outstanding equity awards remain outstanding, will continue to vest according to the terms of the applicable award agreements and will accelerate in full immediately prior to a change in control, in each case, subject solely to his continued service on the Board. As of December 31, 2017, the value of such acceleration of Mr. Michael Burkland's outstanding equity awards was \$9,693,666, based on the closing market price of \$24.88 per share of our common stock at December 29, 2017, the last trading day of 2017.

The table below sets forth the estimated payments and benefits that would be provided to each of our NEOs upon a qualifying termination of employment under the Severance Plan on December 31, 2017.
