**REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION**

To the Shareholders, Board of Directors and Management of

Companhia Brasileira de Distribuição

São Paulo - SP

**Introduction**

We have reviewed the accompanying individual and consolidated interim financial information of Companhia Brasileira de Distribuição (the “Company”), identified as Company and Consolidated, respectively, included in the Interim Financial Information Form (ITR), for the three-month period ended June 30, 2014, which comprises the balance sheet as of June 30, 2014 and the related statements of income and comprehensive income for the three and six-month periods then ended and of changes in equity and cash flows for the six-month period then ended, including the explanatory notes.

The Company’s Management is responsible for the preparation of the individual interim financial information in accordance with technical pronouncement CPC 21 (R1) - Interim Financial Information and the consolidated interim financial information in accordance with technical pronouncement CPC 21 (R1) and the international standard IAS 34 - Interim Financial Reporting, issued by the International Accounting Standards Board - IASB, as well as for the presentation of such information in accordance with the standards established by the Brazilian Securities and Exchange Commission (CVM), applicable to the preparation of the Interim Financial Information (ITR). Our responsibility is to express a conclusion on this interim financial information based on our review.

**Scope of review**

We conducted our review in accordance with Brazilian and international standards on review of interim financial information (NBC TR 2410 and ISRE 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity, respectively). A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with standards on auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Conclusion on individual interim financial information**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying individual interim financial information included in the Interim Financial Information (ITR) referred to above was not prepared, in all material respects, in accordance with technical pronouncement CPC 21 (R1), applicable to the preparation of the Interim Financial Information (ITR), and presented in accordance with the standards established by CVM.

Deloitte Touche Tohmatsu

### **Conclusion on consolidated interim financial information**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial information included in the Interim Financial Information (ITR) referred to above was not prepared, in all material respects, in accordance with technical pronouncement CPC 21 (R1) and international standard IAS 34, applicable to the preparation of Interim Financial Information (ITR), and presented in accordance with the standards established by CVM.

### **Other matters**

#### *Statements of value added*

We have also reviewed the individual and consolidated statements of value added for the six-month period ended June 30, 2014, prepared under the responsibility of the Company's Management, the presentation of which is required by the standards issued by CVM applicable to the preparation of Interim Financial Information (ITR) and considered as supplemental information for International Financial Reporting Standards - IFRS, which do not require the presentation of these statements. These statements were subject to the same review procedures described above and, based on our review, nothing has come to our attention that causes us to believe that they were not prepared, in all material respects, in relation to the individual and consolidated interim financial information taken as a whole.

The accompanying interim financial information has been translated into English for the convenience of readers outside Brazil

## Sales Performance - Consolidated

Net sales revenue amounted to R\$15.2 billion, increasing 13.4% on the prior-year period, driven by the opening of 116 new stores in the last 12 months and by the 9.5% growth in same-store sales. The quarter's results also benefited from a positive calendar impact of 110 basis points.

A total of 25 stores were opened in the quarter, bringing the total number of new store openings in the first six months of the year to 46.

**Performance by category:**

ü **Food:** strong same-store sales growth of 9.7%; adjusted for the calendar effect, growth was still strong, at 7.8%. The best performing categories were grocery, beverages and seafood, all of which benefitted from the Easter holiday falling in the period this year.

ü **Non-food:** growth of 9.3%, led by technology products, especially TVs and smartphones.

### Food Businesses (Multivarejo + Assaí)

ü Net sales revenue grew 14.5%, with 19 new stores opened in the period, of which 16 were neighborhood stores (including 15 Minimercados Extra and 1 Minuto Pão de Açúcar), 1 Pão de Açúcar, 1 Assaí and 1 drugstore. ü June marked the opening of the first Minuto Pão de Açúcar, a neighborhood store with approximately 300 m<sup>2</sup> and a unique assortment and services to meet the needs of higher income customers.

ü **Assaí** posted yet another quarter of strong net sales growth (35.8%), driven by solid same-store growth and the significant contribution from new store openings. The format's strategy continues to focus on expanding into strategic regions, such as Brazil's Northeast, which already has 12 stores (over 15% of total stores). In the last 12 months, 11 new stores were added, three of which were opened in the first six months of 2014. In the last six months of this year, Assaí plans to accelerate the number of store openings.

### Nova Pontocom

ü Business volume at Nova Pontocom, which includes direct sales and the volume of marketplace goods, grew approximately 41% in 2Q14 compared to 2Q13, driven by strong growth in site traffic, better conversion rates and the higher contribution to sales by the marketplace business, which in this quarter alone registered sales volume one and a half times higher than in the whole of last year.

### Via Varejo

ü Net sales revenue amounted to R\$5.5 billion, with total-store sales growing 8.0% and same-store sales growing 6.8%.

ü In line with the trend observed in recent quarters, the top performing categories were smartphones and TVs. Six new stores were opened in the quarter, all under the Casas Bahia banner, bringing the total number of stores opened in the last 12 months to 45.

The higher share of Nova Pontocom and Assaí in the Company's sales mix contributed to the 30 basis point contraction in consolidated gross margin.

Selling, general and administrative expenses as a ratio of net sales revenue continued the downward trend of recent quarters, decreasing from 19.4% in 2Q13 to 18.7% in 2Q14, which is explained by efficiency gains at Via Varejo, the continuation of the plan to adopt greater discipline in spending and the streamlining of processes at Multivarejo.

EBITDA amounted to R\$1.090 billion, increasing 79.1% from 2Q13. Adjusted for the line Other Operating Income (Expenses), EBITDA amounted to R\$1.155 billion, increasing 21.1% on the prior-year period to outpace revenue growth. Adjusted EBITDA margin was 7.6%, which is explained by the margin gains at Via Varejo and Multivarejo.

In the first six months of the year, which neutralizes the calendar effect, adjusted EBITDA grew by 22.0% to R\$2.232 billion, with margin expanding from 6.8% in 1H13 to 7.4% in 1H14.

In 2Q14, Multivarejo maintained its efforts to increase price competitiveness with the aim of capturing market share. The gross margin expansion of 20 basis points mainly reflects the higher share of revenue from commercial centers, which were previously classified as selling expenses and, as of this quarter, are now classified as revenue. Moreover, note that since the strategy to increase sales competitiveness was begun in 2Q13, gross margin is now comparable between the periods.

Selling, general and administrative expenses amounted to R\$1.286 billion, increasing 8.2% from 2Q13 and lagging sales revenue growth in the period, due to the continued adoption of greater discipline in corporate expenses and the efficiency gains captured at stores.

EBITDA amounted to R\$492 million, with EBITDA margin of 7.6%. EBITDA adjusted by Other Operating Income (Expenses) amounted to R\$549 billion, increasing 18.2% on the prior-year period to outpace sales revenue growth in the period. Adjusted EBITDA margin was 8.5%, expanding by 60 basis points from 2Q13. In the first six months of the year, which neutralizes the calendar effect, adjusted EBITDA amounted to R\$1.065 billion, growing by 9.9% to outpace sales revenue growth in the period.

In line with recent quarters, Assaí posted net sales revenue growth of 35.8% to R\$1.947 billion, driven by **solid same-store sales growth and the significant contribution from the expansion in the store network**. In the last 12 months, 11 new stores were added, three of which were opened in the first six months of 2014. In the last six months of this year, Assaí plans to accelerate the number of store openings.

**EBITDA amounted to R\$66 million in the quarter, advancing 35.4% from 2Q13, which is in line with sales revenue growth in the period.** Despite the investments in price competitiveness, the higher expenses to support the strong expansion plan and the stores still in the maturation phase, EBITDA margin was 3.4%, unchanged from the level in 2Q13.

**In the first six months of 2014, EBITDA amounted to R\$119 million, increasing 40.4% on the prior-year period to outpace gross sales revenue growth in the period.** EBITDA margin expanded by 10 basis points to 3.2% due to operational efficiency gains. - Higher cash flow from operating activities;
- Improvement in working capital needs;
- Inflow of the net proceeds from Via Varejo's public share offering.

As a result, the Net Debt/EBITDA ratio decreased from 0.44x to 0.07x.

**Net debt including the payment book operation** amounted to R\$3.074 billion, a reduction of R\$1.094 million from the balance at the end of June 2013. The Net Debt/EBITDA ratio including the payment book operation ended the quarter at 0.69x, down significantly from the ratio at the end of 2Q13.

- **Increase of R\$22 million or 34.2% in the cost of sales of payment book receivables**, which corresponded to 0.6% of net sales in 2Q14, compared to 0.5% in 2Q13, due to higher interest rates.
- **Increase of R\$42 million or 29.9% in cost of sales of credit card receivables**, mainly due to higher interest rates.

Note that all the following variations lagged the increase in the CDI rate in the period.

Total sales of receivables (cards and payment books) in 2Q14 increased by approximately 2.7% to R\$8.7 billion.

Consolidated capital expenditure amounted to R\$311 million in 2Q14, of which 66% was invested in Food Businesses (Multivarejo + Assaí) and 34% was invested in Via Varejo and Nova Pontocom.

In 2Q14, a total of 19 new stores were delivered (15 Minimercado Extra, 1 Minuto Pão de Açúcar, 1 Pão de Açúcar, 1 Assaí and 1 drugstore). In addition to the stores at Food Businesses (Multivarejo + Assaí), another 6 new stores were opened at Via Varejo in the period, all of which under the Casas Bahia banner.

The reduction in capital expenditure in 2014 compared to 2013 is in line with the strategy to optimize investments, which has resulted in a reduction in capital expenditure per square meter, among other initiatives. The Company expects to invest R\$1.9 billion in line with the previous year, however with a larger number of stores opening due to these optimizations.

## Dividends

The meeting of the Board of Directors held on July 22, 2014 approved the distribution of interim dividends based on the net income recorded on the balance sheet of July 31, 2014, in the amount of R\$35.8 million, which corresponds to R\$0.14 per preferred share and R\$0.127272 per common share. Shareholders of record on August 1, 2014 will be entitled to the payment. As of August 4, 2014, the shares will trade

Edgar Filing: BRAZILIAN DISTRIBUTION CO COMPANHIA BRASILEIRA DE DISTR CBD - Form 6-K  
ex-dividends. The dividends will be paid on August 13, 2014.

## CADE

In compliance with the Settlement (*Termo de Compromisso de Desempenho - TCD*) entered into with Brazil's antitrust agency CADE (*Conselho Administrativo de Defesa Econômica*) after the merger of Ponto Frio and Casas Bahia, Via Varejo closed 32 stores in 2Q14.

## Appendix I - Definitions used in this document

**Company's Business Units:** The Company's business is divided into four units - food retail, cash and carry, electronics and home appliance retail (brick and mortar) and e-commerce – grouped as follows

**Same-store sales:** The basis for calculating same-store sales is defined by the sales registered in stores open for at least 12 consecutive months. Acquisitions are not included in the same-store calculation base in their first 12 months of operation.

**Growth and changes:** The growth and changes presented in this document refer to variations in comparison with the same period of the previous year, except where stated otherwise.

**EBITDA:** As of 4Q12, the results of Equity Income and Other Operating Income (Expenses) were included together with Total Operating Expenses in the calculation of EBITDA. This means that the calculation of EBITDA complies with Instruction 527 issued by the Securities and Exchange Commission of Brazil (CVM) on October 4, 2012. As from 1Q13, the depreciation recognized in the cost of goods sold, which essentially consists of the depreciation of distribution centers, began to be specified in the calculation of EBITDA.

**Adjusted EBITDA:** Measure of profitability calculated by excluding Other Operating Income and Expenses from EBITDA. Management uses this measure because it believes it eliminates nonrecurring expenses and revenues and other nonrecurring items that could compromise the comparability and analysis of results.

**Adjusted net income:** Measure of profitability calculated as net income excluding Other Operating Income and Expenses and discounting the effects from Income and Social Contribution Taxes. Management uses this measure because it believes it eliminates nonrecurring expenses and revenues and other nonrecurring items that could compromise the comparability and analysis of results.

**About GPA:** GPA is Brazil's largest retailer, with a distribution network comprising approximately 2,000 points of sale as well as electronic channels. Established in 1948 in São Paulo, it maintains a head office in the city and operations in 19 Brazilian states and the Federal District of Brasília. With a

to the prior-year period.

Any and all non-accounting information or information based on non-accounting figures have not been reviewed by the independent auditors.

Acquisitions in their first 12 months of operation are not included in the same-store calculation base.

GPA adopts the IPCA consumer price index as its benchmark inflation index, which is also used by the Brazilian Supermarkets Association (ABRAS), since it more accurately reflects the mix of products and brands sold by the Company. The IPCA in the 12 months ended June 2014 was 6.52%.

strategy of focusing its decisions on the customer and better serving them based on their consumer profile in the wide variety of shopping experiences it offers, GPA adopts a multi-business and multi-channel platform with brick-and-mortar stores and e-commerce operations divided into five business units: Multivarejo, which operates the supermarket, hypermarket and neighborhood store formats, as well as fuel stations and drugstores, under the Pão de Açúcar and Extra banners; Assaí, which operates in the cash and carry store segment; Via Varejo, with brick and mortar electronics and home appliance stores under the Casas Bahia and Pontofrio banners; Nova Pontocom, with e-commerce operations through the sites pontofrio.com, casabahia.com.br, extra.com.br, barateiro.com, partiuviagens.com.br and eHub.com.br; and GPA Malls, which is responsible for managing the Group's real estate assets, expansion projects and new store openings.

In April 2, 2014, CADE analyzed the fulfillment of one more PCS' step, determining the payment of a fee in amount of R\$11,645 as penalty for the 32 stores that had not been sold, authorizing their closing. During the months of May and June, in compliance with CADE's guidance, the Company closed the remaining 32 stores. The Company recorded all the lingering effects of non-realization of assets related to closed stores (note 29), and does not expect new effects.

The Company understands that had accomplished with the obligations stated in PCS and waits for a formal pronouncement from CADE.

### 23. Provision for contingencies –Continued

#### c) Taxes

Tax claims are indexed, by law, by monthly restatement, which refers to an adjustment in the amount of provisions for legal claims in accordance with the indexation rates used by each tax jurisdiction. In all cases, both interest charges and fines, when applicable, were computed and fully provisioned with respect to unpaid amounts.

The main provisioned tax claims are as follows:

#### PIS and COFINS

With the non-cumulativeness system when calculating PIS and COFINS, the Company and its subsidiaries are discussing at court the right to exclude ICMS from the calculation basis of these two contributions. In addition, the Company offsetted tax debts related to PIS and COFINS against - IPI credits – inputs subject to a zero rate or exempt - acquired from third parties (transferred based on final and unappealable court decision). The amount for PIS and COFINS claims at June 30, 2014 is R\$100,033 (R\$91,898 at December 31, 2013).

In addition, in 2013 there were progresses in the claims related to the offset of Finsocial, COFINS and PIS, which lead our legal counsel to change their estimation of losses from possible to probable in the amount of R\$176,671 at June 30, 2014 (R\$173,184 at December 3, 2013)

#### Taxes and other

#### Taxes

The Company and its subsidiaries have other tax claims, which after analysis of its legal counsels, were deemed as probable losses and accrued. ##### (ii) Consolidated information stock option plan – GPA – New series B1 and C1

Company implemented two new shared based plans approved by the shareholders meeting on May 09, 2014.

According to the terms of the plans, each option offers to the beneficiary the right to acquire a preferred share. On both plans, there is a vesting period of 36 months from the date the Board of Directors approved the issuance of the series. The plans will be exercisable in until 36 months from the grant date. The condition for the exercise of the options is the beneficiary to stay as an employee. The series are different, exclusively, in the exercise price of the options and in the existence of a restriction of selling after vesting.

According to the plans, the options granted in each of the series may represent maximum 0.7% of the total shares issued by the Company. For these new series were granted 477,458 options of shares.

The fair value of each option granted is estimated in the grant date using the Black & Scholes model, considering the following assumptions in series B1 and C1: (a) Dividends expectations of 0.96%; (b) volatility expectation of 22.09%; (c) interest rate of 11.70% and (d) fair value of the share on grant date of R\$101.84
