Item 2.05. Costs Associated With Exit or Disposal Activities.

The Company previously announced a 2018 restructuring plan pursuant to which the Company expected to incur approximately \$110 million to \$130 million of estimated pre-tax restructuring and related charges during 2018. After further review, the Company has identified further opportunities and on July 23, 2018, the Company’s Board of Directors approved additional restructuring initiatives, resulting in an increase to the 2018 restructuring plan to approximately \$190 million to \$210 million of total pre-tax restructuring and related charges during 2018.

Based on the updated 2018 restructuring plan, the Company anticipates that these restructuring and related charges for its full 2018 fiscal year will consist primarily of:

• up to \$155 million of cash restructuring charges, consisting of up to \$75 million in facility and lease termination costs, and up to \$80 million in contract termination and other restructuring costs; and

• up to \$55 million of non-cash charges comprised of up to \$20 million of inventory related charges, and up to \$35 million of asset related impairments.

Through the six months ended June 30, 2018, the Company has incurred approximately \$96 million in cash restructuring related charges, and \$34 million in non-cash restructuring related charges.

This disclosure contains forward-looking statements within the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. All statements other than those that are purely historical are forward-looking statements, and include statements regarding anticipated charges and restructuring costs and the timing of these measures. These forward-looking statements are subject to risks, uncertainties, assumptions and changes in circumstances that may cause the estimated future impact of these charges and restructuring costs to differ materially from the forward-looking statements.
