Explanatory Note

This Amendment No. 1 on Form 10-K/A (the “Amendment”) amends the Annual Report on Form 10-K of Carbonite, Inc., a Delaware corporation (“Carbonite”, “we,” “our,” “us” or the “Company”), for the fiscal year ended December 31, 2014, originally filed with the SEC on March 10, 2015 (the “Original Filing”). This Amendment is being filed to amend Part III of the Original Filing to include the information required by and not included in Part III of the Original Filing because the Company no longer intends to file a definitive proxy statement for an annual meeting of stockholders within 120 days of the end of its fiscal year ended December 31, 2014. Part IV of the Original Filing is being amended solely to add as exhibits certain new certifications in accordance with Rule 13a-14(a) promulgated by the SEC under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Because no financial statements have been included in this Amendment and this Amendment does not contain or amend any disclosure with respect to Items 307 and 308 of Regulation S-K, paragraphs 4 and 5 of the certifications have been omitted.

Except as described above, no other changes have been made to the Original Filing. The Original Filing continues to speak as of the date of the Original Filing, and the Company has not updated the disclosures contained therein to reflect any events which occurred at a date subsequent to the filing of the Original Filing other than as expressly indicated in this Amendment. Accordingly, this Amendment should be read in conjunction with the Original Filing and the Company’s other filings made with the SEC on or subsequent to March 10, 2015.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Our Board of Directors

The principal responsibility of our Board is to oversee the risk management of the Company and, in so doing, serve the best interests of the Company and its stockholders.

In selecting director candidates, the Nominating and Corporate Governance Committee and our Board consider whether the candidates possess the required skill sets and fulfill the qualification requirements of directors approved by our Board. In this respect, the Nominating and Corporate Governance Committee and our Board consider, among other qualifications: experience; background; judgment; integrity; understanding of the Company's business environment; personal accomplishment; diversity of viewpoint, experience, education, skill, race, gender and/or national origin; experience in corporate management or as an officer or director of another publicly held company; and willingness to devote adequate time to Board duties. In evaluating candidates for nomination to our Board, the Nominating and Corporate Governance Committee shall take into account Nasdaq listing rules and any other applicable law, regulation or rule. Other than the foregoing, there are no minimum criteria for director nominees, and the Nominating and Corporate Governance Committee may consider such other qualifications as it may deem appropriate. The Board evaluates each individual in the context of our Board as a whole, with the objective of recommending a group that can best achieve the success of the Company's business and represent shareholder interests through the exercise of sound judgment.

Potential director candidates will be discussed by the Nominating and Corporate Governance Committee and proposed for nomination by the entire Board. The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of our Board willing to continue in service. Current members of our Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for nomination, balancing the value of continuity of service with that of obtaining a new perspective. If any member of our Board did not wish to continue in service or if the Nominating and Corporate Governance Committee decided not to nominate a member for reelection, the Nominating and Corporate Governance Committee would identify the desired skills and experience of a new nominee based on the criteria listed above. Executive search firms may be retained to identify individuals that meet the criteria of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. For a stockholder to nominate an individual for election to our Board at an annual meeting, the stockholder must provide notice to the Company, which notice must be delivered to, or mailed and received at, the Company's principal executive offices not less than 90 days and not more than 120 days prior to the one-year anniversary of the preceding year's annual meeting; provided, that if the date of the applicable annual meeting is more than 30 days before or more than 70 days after such anniversary date, the stockholder's notice must be delivered, or mailed and received, not less than 70 days and not more than 120 days prior to the date of such annual meeting or, if later, the 10th day following the date on which public disclosure of the date of such annual meeting is made. Further updates and supplements to such notice may be required at the times and in the forms required under our By-Laws. As set forth in our By-Laws, submissions must include the name and address of the proposed nominee and information regarding the proposed nominee that is required to be disclosed in a proxy statement or other filings in a contested election pursuant to Section 14(a) under the Exchange Act. Our By-Laws also specify further requirements as to the form and content of a stockholder's notice. We recommend that any stockholder wishing to make a nomination for a director review a copy of our By-Laws, as amended and restated to date, which are available, without charge, from our Secretary, at Two Avenue de Lafayette, Boston, Massachusetts 02111.

The Company's Amended and Restated Certificate of Incorporation provides that our Board shall be divided into three classes, with the directors in each class serving a three-year term. Executive officers, directors, and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms that they file.

Based solely on the Company's review of the reports that have been filed by or on behalf of such persons in this regard and written representations from our executive officers and directors that no other reports were required,

during and for the fiscal year ended December 31, 2014, the Company believes that all Section 16(a) filing requirements applicable to the Company's directors, executive officers, and greater than 10% stockholders were met, except one late Form 4 filed by David Friend on January 21, 2015 relating to the grant of stock options.

Board Leadership Structure

Executive Chairman

Mr. Friend served as the Chairman of our Board and Chief Executive Officer from 2005 to December 2014. Effective as of December 3, 2014, Mr. Friend resigned as President and Chief Executive Officer of the Company and became Executive Chairman of the Board. He will continue to advise the Company on key strategic initiatives. As former Chief Executive Officer and one of our founders, Mr. Friend is intimately familiar with our business, growth strategy, and the key issues that we face and is therefore uniquely positioned to focus our Board. In connection with Mr. Friend's resignation as our Chief Executive Officer, we separated the positions of chairman and chief executive officer, as we believe it is important for Mr. Friend to continue leading our Board in light of his understanding of our business and strategic vision for our Company.

Lead Independent Director

Our governance structure provides that one of our independent directors should serve as a lead independent director at any time when the chief executive officer serves as the chairman of the Board, or if the chairman of our Board is not otherwise independent. Given that Mr. Friend and Mr. Ali are both non-independent directors, our Board has appointed Mr. Krasnow as lead independent director. The lead independent director presides over periodic meetings of our independent directors, serves as a liaison between our chairman and the independent directors and performs such additional duties as our Board may otherwise determine and delegate.

Our Board has established the following committees: an audit committee, a compensation committee, and a nominating and corporate governance committee. The current members of our Audit Committee are Messrs. Kane, Krasnow and Munford, with Mr. Kane serving as the chair of the committee. ITEM 11. EXECUTIVE COMPENSATION

DIRECTOR COMPENSATION

Overview of Director Compensation Program

We use a combination of cash and stock-based compensation to attract and retain qualified persons to serve on our Board of Directors. The form and amount of director compensation is determined by our Board. We also reimburse our non-employee directors for reasonable travel and other expenses incurred in connection with attending Board and committee meetings. Our directors who are also employees are compensated for their service as employees and do not receive any additional compensation for their service on our Board. The compensation that we pay to Messrs. Ali and Friend is discussed in the “Compensation Discussion and Analysis” section beginning on page 34.

Director Cash Compensation

Non-employee directors receive cash compensation for their services as members of our Board, as follows:

Lead Director Annual Retainer Fee	\$ 35,000
Annual Retainer Fee (Non-Employee Directors other than Lead Director)	\$ 25,000
Audit Committee Chairperson	\$ 15,000

In addition, in February 2014, the Board established a search committee to manage the recruitment of a successor Chief Executive Officer of the Company. The chairperson of the search committee received an additional annual cash retainer of \$15,000 and each member received an additional annual cash retainer of \$7,500.

Director Stock-Based Compensation

Each newly elected or appointed non-employee director receives an initial stock option grant to purchase 25,000 shares of our Common Stock when he or she joins our Board and, thereafter, on the date of each annual meeting of stockholders, an annual grant of (i) a stock option to purchase 9,000 shares of our Common Stock and (ii) restricted shares with respect to 4,500 shares of our Common Stock, which are settled in shares of Common Stock. All such stock options and restricted shares vest ratably in quarterly installments over three years, subject to the continued service by the non-employee director on our Board, and automatically vest in full and become exercisable immediately prior to a change in control of the Company.

COMPENSATION DISCUSSION AND ANALYSIS

This section discusses the principles underlying our policies and decisions with respect to the compensation of our named executive officers who are included in the “2014 Summary Compensation Table.” These 2014 named executive officers were as follows:

Name	Title
Mohamad Ali	President and Chief Executive Officer (our “CEO”) (effective December 3, 2014)
David Friend	Executive Chairman and former Chief Executive Officer (effective December 3, 2014)

2014 Executive Summary

We believe that it is critical that we attract and retain motivated leaders who can best position the Company to deliver financial and operational results for the benefit of our stockholders. Our executive compensation program, which is administered by the Compensation Committee is designed to achieve this objective.

Recent Compensation Actions

As part of its annual compensation process, the Compensation Committee of the Board, approved the following compensation decisions with respect to the 2014 named executive officers:

2014 Base Salary Adjustments. Four of our named executive officers received base salary increases ranging from 3% to 7.7%.

2014 Cash Bonus. Under the 2014 cash bonus plan, bonuses were determined based on the Company's performance with respect to new small business bookings and free cash flow, weighted 60% and 40%, respectively. Based on the Company's performance, the Compensation Committee certified a bonus payout of 40% of target for the participating named executive officers.

2014 Equity Incentives. The 2014 equity program consisted of stock options and RSUs. The Compensation Committee approved the use of RSUs in the Company's executive compensation program to encourage retention and reward performance over the vesting period.

On December 3, 2014, the Company appointed Mohamad Ali as President and Chief Executive Officer and as a member of our Board. Effective upon such appointment, David Friend became Executive Chairman of the Board of Directors. In connection with Mr. Ali's appointment to the position of President and Chief Executive Officer, the Company entered into an executive employment agreement, which included, among other benefits: (i) an annual base salary of \$375,000, (ii) a sign-on bonus of \$500,000 to offset the compensation Mr. Ali forfeited by leaving his prior employer, which is subject to a prorated repayment by Mr. Ali in the event that prior to the one year anniversary of Mr. Ali's employment with the Company he voluntarily terminates his employment other than for Good Reason, Disability, or death or the Company terminates his employment for Cause (each as defined in Mr. Ali's Employment Agreement), (iii) an option to purchase 250,000 shares of Common Stock, with the vesting of such option determined based on the Company's stock price performance; and (iv) 450,000 RSUs, with 50,000 of such RSUs to vest on December 31, 2015 and 400,000 of such RSUs to vest 25% on the one year anniversary of Mr. Ali's employment with the Company and the remainder in equal quarterly installments over the following 36 months, subject to Mr. Ali's continued employment with the Company through each applicable vesting date.

How We Set Executive Compensation

Executive Compensation Philosophy

Our compensation philosophy is to tie a significant percentage of an executive officer's compensation to stockholder returns. We believe that because the achievement of our business and financial objectives will be reflected in the value of our equity, our executive officers will be incentivized to achieve these objectives when a significant portion of their compensation is tied to the value of our equity. To this end, we use stock options and RSUs as components of our named executive officer compensation program because we believe that equity compensation best ties individual compensation to the creation of stockholder value over time. We believe that equity compensation is a significant motivator in attracting employees to internet-related and other technology companies.

Executive Compensation Objectives

We recognize that our ability to excel depends on the integrity, knowledge, imagination, skill, diversity, and teamwork of our employees. To this end, we strive to create an environment of mutual respect, encouragement and teamwork that rewards commitment and performance and that is responsive to the needs of our employees. The principles and objectives of our compensation and benefits program for our employees generally, and for our named executive officers specifically, are to:

• attract, engage and retain individuals of superior ability, experience, and managerial talent, enabling us to be an employer of choice in the highly-competitive and dynamic technology industry;

• align compensation incentives with our corporate strategic, business, and financial objectives and the long-term interests of our stockholders;

• motivate and reward executives whose knowledge, skills, and performance are deemed instrumental to our continued success; and

• provide total compensation that is fair, reasonable, and competitive.

Many of our compensation components simultaneously fulfill one or more of these principles and objectives. As discussed in further detail below, the material components of our 2014 executive compensation program consisted of base salary, annual cash incentive awards and equity compensation. In addition, our named executive officers are eligible to receive post-termination benefits upon a qualifying termination of employment and participate in our corporate-wide benefit programs. We view each component of executive compensation as related but distinct, and we review total compensation of our executive officers annually to determine whether our overall compensation objectives are achieved. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to be flexible and complementary and to collectively serve the executive compensation objectives described above. We determine the appropriate level for each compensation component in part based on reference to the compensation offered to similarly situated executives at a peer group of companies as well as on the market experience of members of the Compensation Committee and the insight of the Compensation Committee's independent compensation consultant.

In addition, we consider internal equity and consistency, the length of service of our executive officers, our overall performance, the executive officer's individual performance, and other considerations that the Compensation Committee deems relevant.

Compensation Determination Process

In 2014, our Compensation Committee determined compensation for our executive officers and our former Chief Executive Officer, Mr. Friend, based on recommendations from an independent compensation consultant. In light of Mr. Friend's daily involvement in our executive team's efforts, Mr. Friend has been heavily involved in the determination of compensation for our other executive officers, although he did not participate in Compensation Committee discussions regarding his own compensation. Members of our human resources, finance, and legal departments attend Compensation Committee meetings from time-to-time and provide background on materials presented to the Compensation Committee.

Independent Compensation Consultant

In order to assist our Compensation Committee in making executive compensation decisions, in July 2013, the Compensation Committee engaged Radford, an Aon Hewitt Company. In 2014, Radford provided a competitive market analysis for our executive positions. Radford also provides assistance to the Compensation Committee on determining financial and operational performance goals and advice on rules, regulations, and general compensation trends regarding executive compensation.

Radford is directly accountable to the Compensation Committee for the performance of its services. In its role as advisor to the Compensation Committee, a senior representative of Radford attends meetings of the Compensation Committee, if requested by the Chairperson of the Compensation Committee, and to otherwise consult with members of the Compensation Committee as necessary. The Compensation Committee reviewed the independence of Radford under Nasdaq and SEC rules and concluded that the work of the Compensation Consultant has not raised any conflict of interest.

Competitive Peer Group

We operate in a competitive talent environment, particularly in the geographic areas in which we maintain a presence. As such, our Compensation Committee believes that it is important to review the executive compensation practices of companies that are similar in business and size to us to evaluate whether our executive compensation program is competitive and to assist us in meeting our overall executive compensation objectives. While the Compensation Committee factors peer compensation levels and practices into setting compensation levels, this peer information is one of many factors that the Compensation Committee considers in determining compensation levels. For base salary and target bonus, the Compensation Committee uses a guideline compensation positioning at the 50th percentile of the market data and for equity compensation uses a guideline competitive positioning at the 65th percentile of the market data. However, compensation may vary from the competitive positioning guidelines due to experience, scope of the position, individual performance and the overall performance of the Company.

In evaluating 2014 compensation adjustments, the Compensation Committee considered peer data as the primary data point and, as a secondary data point, considered data from the Radford Global Technology Survey with respect to a broader group of public software companies with revenue sizes deemed comparable to the Company. In 2014, the Compensation Committee directed Radford to review the Company's historical peer group and conduct a competitive market analysis of our executive positions, which in some cases do not follow traditional roles. Radford developed, with the assistance and approval of the Compensation Committee, a peer group comprised of high-growth, small business/consumer facing companies with a focus on software-as-a-service businesses that were U.S. based and publicly-traded as of the date on which the group was developed (the "Peer Group"). The Peer Group is made up of the following companies:

Bazaarvoice, Inc.	Brightcove, Inc.*	Callidus Software, Inc.
eGain Corporation*	Guidance Software, Inc.*	Keynote Systems, Inc.
LivePerson, Inc.	LogMeIn, Inc.	Marchex, Inc.
Market Leader, Inc.*	PROS Holdings, Inc.*	Responsys, Inc.
Sciquest, Inc.	SPS Commerce, Inc.	Stamps.com Inc.
Support.com, Inc.	Tangoe, Inc.	TechTarget, Inc.
Vocus, Inc.	XO Group, Inc.	Zix Corporation*

Stockholder Advisory Vote on Executive Compensation

At our 2014 annual meeting of stockholders, we conducted our annual non-binding advisory vote on the compensation of our named executive officers, commonly referred to as a “say-on-pay” vote, in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. At our 2014 annual meeting, 61.8% of the votes cast by stockholders on this proposal were cast in support of the 2014 compensation of our named executive officers as reported in our 2014 Proxy Statement.

Elements of Our Executive Compensation Program

The summary table below and the narrative that follows identifies and describes the key elements of our 2014 annual executive compensation program:

Element	Form of Compensation	Objective & Considerations
Base Salary	Fixed cash payment	<p>Designed to establish a base foundation to attract, retain and motivate executive officers and remain competitive among peer companies.</p> <p>Salary increases are determined after giving consideration to the base compensation paid to similarly situated executives within the Peer Group and making an assessment of each executive officer’s responsibilities, individual performance and contributions, prior experience, current base salary, equity ownership, and the amounts paid to such executive officer’s peers inside the Company.</p> <p>Designed to motivate and reward executives for the achievement of pre-established performance goals for the applicable fiscal year, as set by the Compensation Committee.</p>
Incentive Cash Bonus	Variable cash payment	<p>Our Compensation Committee recommends target bonuses after considering incentive cash bonuses paid to similarly situated executives within the Peer Group and other factors such as each executive officer’s responsibilities, individual contributions, prior experience, sustained performance, current base salary, equity ownership, and the target bonuses of such executive officer’s peers inside the Company.</p> <p>Designed to align the interests of our named executive officers with the interests of our stockholders and encourage the retention of our named executive officers through the vesting period of the awards.</p>
Equity Incentives	Stock options and RSUs	<p>In granting equity incentive awards, our Board at the recommendation of our Compensation Committee considers certain internal factors, such as the relative job scope, the value of prior and outstanding equity awards, individual performance and contributions, as well as certain external factors such as the levels of unvested equity awards held by our executive officers in relation to similarly situated executives within the Peer Group.</p>

Base Salaries

The initial base salaries for our named executive officers were established through arm’s-length negotiations at the time that each executive was hired, taking into account the executive’s qualifications, experience, expected position with the Company, and prior salary. After hire, the annual base salaries of our named executive officers are approved

and reviewed annually by our Compensation Committee and our CEO.

14

Effective in 2014, our Compensation Committee recommended the base salaries for each of our then-serving named executive officers after considering the base salary paid to similarly-situated executives in the Peer Group and making an assessment of each executive officer's responsibilities, individual performance and contributions, prior experience, current base salary, equity ownership, and the amounts paid to such executive officer's peers inside the Company. Our Compensation Committee set the base salaries of our named executive officers for 2014 as set forth in the table below.

Name	2014 Base Salary	Percentage Increase over 2013 Base Salary
Mohamad Ali	\$375,000	N/A
David Friend	\$340,000	0%
Anthony Folger	\$300,000	7.1%
Peter Lamson	\$283,300	3.0%
Brad Meiseles	\$280,000	7.7%
Danielle Sheer	\$257,500	3.0%
Swami Kumaresan	\$267,800	3.0%

Incentive Cash Bonuses

Each of our named executive officers is eligible to participate in our incentive cash bonus plan based upon attainment of key corporate operating metrics, each of which are established annually by our Compensation Committee. Our Compensation Committee annually measures the attainment of these metrics and bonuses.

In 2014, our Compensation Committee approved, incentive cash bonus arrangements for our then-serving named executive officers. Our Compensation Committee recommended target bonuses for each of our executives for 2014 after considering incentive cash bonuses paid to similarly situated executives within the Peer Group and other factors such as each executive officer's responsibilities, individual performance and contributions, current base salary, equity ownership, and the target bonuses of such executive officer's peers inside the Company. Consistent with this recommendation, for 2014, our Compensation Committee approved target bonus opportunities for each of our named executive officers as set forth in the table below. Except for Ms. Sheer whose target bonus increased from 30% to 35% of base salary, for 2014, the target bonus percentages for our named executive officers remain unchanged relative to 2013.

Name	2014 Target Bonus Opportunity (as a % of Base Salary)
Mohamad Ali(1)	N/A
David Friend(2)	75%
Anthony Folger	40%
Peter Lamson	45%
Brad Meiseles	30%
Danielle Sheer	35%
Swami Kumaresan	35%

(1) Mr. Ali was appointed Chief Executive Officer, effective December 3, 2014, and did not participate in the 2014 incentive cash bonus plan.

(2) Mr. Friend was appointed Executive Chairman of the Board of Directors, effective January 8, 2015.

For 2014, the Compensation Committee chose new small business bookings and free cash flows as the performance metrics for the incentive cash bonus program, weighted 60% and 40%, respectively. In order to link

the incentive cash bonus program with the Company's strategic operating plan, the underlying performance targets were based on the Company's Board-approved budget and operating plan. The Compensation Committee established the payout formula for both the performance metrics to encourage strong, focused performance. Given the economic and market conditions at the time the targets were set, the target payout level was designed to be achievable with strong management performance, while payout at the maximum level was designed to be very difficult to achieve.

Under the design of the 2014 incentive cash bonus program, if we achieved less than 94% of the new small business bookings target, participants would receive no payout with respect to this metric. For achievement of at least 94% of the target, participants would receive a payout of 25% of their bonus opportunities, with the payout percentage increased by 12.5% for each additional percentage of the new small business bookings target achieved. Achievement of 100% of the new small business bookings target would result in a 100% target payout for this metric, with the payout increasing by 3.125% for each additional percentage of the new small business bookings target achieved, up to a maximum payout of 200%. In 2014, we achieved 69% of the new small business bookings target, resulting in a payout level of 0% for this portion of the incentive cash bonus. With respect to the free cash flow target, under the design of the 2014 incentive cash bonus program, if we achieved less than 80% of the free cash flow target, participants would receive no payout with respect to this metric. For achievement of at least 80% of the target, participants would receive a payout of 60% of their bonus opportunities, with the payout percentage increased by 2% for each additional percentage of the free cash flow target achieved. Achievement of 100% of the free cash flow target would result in a 100% target payout for this metric, with the payout increasing by 2.5% for each additional percentage of the free cash flow target achieved, up to a maximum payout of 200%, provided, however that this acceleration could only be achieved if at least 100% of our total bookings target was achieved. For 2014, the free cash flow target was set at \$14,521,882. In 2014, we achieved 107% of the free cash flow target, resulting in a payout level of 100% for this portion of the incentive cash bonus. Based on the Company's combined performance on these two metrics, the weighted average payout level for the 2014 incentive cash bonus was 40%.

In April 2015, the Compensation Committee also approved a discretionary performance cash bonus of \$25,000 to each of Ms. Sheer and Mr. Folger in recognition of their additional efforts in 2014.

The following table sets for the incentive cash bonuses paid to each of our participating named executive officers based on the 2014 incentive cash bonus program:

Name	2014 Target Bonus Opportunity	2014 Bonus Payouts
Mohamad Ali (1)	N/A	N/A
David Friend (2)	\$255,000	\$102,000
Anthony Folger	\$120,000	\$47,467
Peter Lamson	\$127,485	\$50,745
Brad Meiseles	\$80,000	\$48,565
Danielle Sheer	\$90,125	\$35,875
Swami Kumaresan (3)	\$93,730	N/A

(1) Mr. Ali was appointed Chief Executive Officer, effective December 3, 2014, and did not participate in the 2014 incentive cash bonus plan.

(2) Mr. Friend was appointed Executive Chairman of the Board of Directors, effective January 8, 2015.

(3) Mr. Kumaresan separated from the Company, effective July 31, 2014. As a result of Mr. Kumaresan's separation, he forfeited his annual bonus.

2014 Sign-on Bonuses

In connection with the commencement of his employment and on the recommendation of the Compensation Committee, Mr. Ali received a cash sign-on bonus of \$500,000 to offset the compensation that Mr. Ali forfeited by leaving his prior employer. Mr. Ali is obligated to repay a prorated portion of this sign-on bonus in the event that prior to the one year anniversary of Mr. Ali's employment with the Company he voluntarily terminates his

employment other than for Good Reason, Disability, or death or the Company terminates his employment for Cause (each as defined in Mr. Ali's Employment Agreement).

Equity Incentives

The goal of our equity incentive awards is to align the interests of our named executive officers with the interests of our stockholders. Vesting is based on continued employment; therefore, our equity incentive awards also encourage the retention of our named executive officers through the vesting period of the awards. In determining the size of the equity incentives to be awarded to our named executive officers, we take into account a number of internal factors, such as the relative job scope, the value of prior and outstanding equity awards, and individual performance and contributions, as well as external factors such as the levels of unvested stock options held by our executive officers in relation to similarly situated executives within the Peer Group.

We use equity grants to compensate our named executive officers both in the form of initial grants in connection with the commencement of employment and additional, or "refresher," grants. Our Compensation Committee and Board consider the award of refresher grants on an annual basis; however, our Board retains discretion to make equity grants to our employees, including our named executive officers, at any time, including in connection with the promotion of an employee, to reward an employee, for retention purposes, or for other circumstances recommended by management.

To reward and retain our named executive officers in a manner that aligns their interests with stockholders' interests, we historically used stock options as the primary incentive vehicles for long-term compensation. We believe that stock options are an effective tool for meeting our compensation goal of increasing long-term stockholder value by tying the value of the stock options to our future performance. Since our named executive officers are able to profit from their stock options only if our stock price increases relative to the option exercise price, we believe that stock options provide meaningful incentives to them to achieve increases in the value of our stock over time. In 2014, we introduced RSUs as a limited element of equity compensation so that, in the interest of retention, our executives would obtain value from their equity interests independent of appreciation in the market price of our stock.

Based on the recommendation of the Compensation Committee, our Board made option grants and restricted stock unit awards to each of our then-serving named executive officers set forth in the table below. The number of shares of our Common Stock subject to each award was determined based on the current and projected value of existing equity awards and the percentage of such existing equity awards that have vested, relative to similarly situated executives within the Peer Group and/or individual and company performance. The following table sets forth the February 2014 equity grants to each of our then-serving named executive officers.

Name	Shares of Common Stock Subject to Option Award	Shares of Common Stock Subject to RSU Award
Mohamad Ali	—	—
David Friend	100,000	50,000
Anthony Folger	50,000	25,000
Peter Lamson	25,000	12,500
Brad Meiseles	—	—
Danielle Sheer	20,000	10,000
Swami Kumaresan	25,000	12,500

During 2014, the Compensation Committee also approved RSU grants to Ms. Sheer and Mr. Meiseles. On June 11, 2014, the Compensation Committee approved a grant to Ms. Sheer for 17,500 RSUs vesting in 16 equal quarterly installments, to Mr. Meiseles for 25,227 RSUs vesting in 4 equal annual installments, and on October 28, 2014, the Compensation Committee also approved an RSU grant for Mr. Meiseles for 15,000 RSUs vesting in four equal annual installments, each to further align with market data and internal pay equity.

In addition, in December 2014, in connection with his commencement of employment, on the recommendation of the Compensation Committee, our Board granted Mr. Ali performance-based options to purchase 250,000 shares of our Common Stock with such options becoming exercisable on the first day after the completion of a 20-day trading period in which a share of Common Stock has traded at a price per share of \$15.00 with respect to 25% of the shares, \$17.50 with respect to 25% of the shares, \$20.00 with respect to 25% of the shares and \$22.50 with respect to 25% of the shares, in each case, subject to his continued employment through the applicable vesting date. The vesting thresholds were designed to reward Mr. Ali for performance which resulted in significant gains to the Company's stock price. Mr. Ali also received an RSU award with respect to 450,000 shares of our Common Stock, which will vest and be settled in shares as follows: (i) 50,000 RSUs (the "One-Year RSUs") will vest on December 31, 2015, and (ii) 400,000 RSUs (the "Four-Year RSUs") will vest and be settled 25% on the one year anniversary of Mr. Ali's employment with the Company and the remainder in equal quarterly installments over the following 36 months, in each case, subject to Mr. Ali's continued employment with the Company through each applicable vesting date. The Compensation Committee determined this vesting schedule to compensate Mr. Ali for compensation forfeited when Mr. Ali joined the Company, and to reflect the vesting schedules of other named executive officers. Further, as described in more detail below, pursuant to the employment agreement entered into between the Company and Mr. Friend in January 2015 in connection with his transition from President and Chief Executive Officer to Executive Chairman, Mr. Friend was granted an option to purchase 100,000 shares of Common Stock, with such option exercisable quarterly over four years, subject to Mr. Friend's continued employment through the applicable vesting dates.

Other Benefits

Our named executive officers participate in our corporate-wide benefit plans and programs, which includes participation in our tax-qualified defined contribution plan. We do not offer a service-based defined benefit pension plan or other similar benefits to our employees. Similarly, we do not provide nonqualified retirement programs or perquisites that are often provided at other companies to executive officers.

Separation Benefits

Generally, at the time an executive commences employment with the Company, the Company enters into an offer letter agreement, severance agreement or employment agreement with that executive which provides for certain termination benefits if the executive's employment is terminated by the Company without Cause or due to good reason. In approving executive severance arrangements, our Board considers the Company's historical compensation practices as well as termination benefits provided to similarly situated employees within the Peer Group. We believe that these severance arrangements help secure the continued employment and dedication of our named executive officers and are important as a recruitment and retention device as many of the companies with which we compete for executive talent have similar agreements in place for their senior management.

Additional information regarding the employment arrangements with each of our named executive officers, including a quantification of benefits that would have been received by each named executive officer had his or her employment terminated on December 31, 2014, is provided under "2014 Potential Payments upon Termination or Change in Control."

Executive Chairman Employment Agreement

In connection with Mr. Friend's transition from the role of President and Chief Executive Officer to Executive Chairman, the Company entered into a new employment agreement with Mr. Friend effective January 8, 2015. Prior to this transition, the Company was party to a severance agreement with Mr. Friend which was superseded by his new employment agreement.

Pursuant to the terms of Mr. Friend's new employment agreement, upon a termination of employment without Cause or as a result of Constructive Termination (each as defined in Mr. Friend's employment agreement), in each

case prior to February 28, 2016, Mr. Friend is entitled to receive a severance payment in an amount equal to \$595,000, paid ratably over the 12-month period following the termination date, subject to Mr. Friend's execution and delivery of a full release in favor of the Company.

Pursuant to the employment agreement, Mr. Friend was granted an option to purchase 100,000 shares of Common Stock with such option exercisable quarterly over four years, subject to Mr. Friend's continued employment through the applicable vesting dates. The vesting schedule for such option accelerates in full upon or following a change in control (as applicable) if (i) Mr. Friend is not offered employment or continued employment by the successor entity upon consummation of such change of control, (ii) prior to the first anniversary of such change in control, Mr. Friend is discharged by the successor entity other than for Cause or resigns from his employment with the successor entity as a result of a Constructive Termination (each as defined in Mr. Friend's employment agreement) or (iii) Mr. Friend is terminated as a director of the Company prior to June 1, 2017 or is requested by the successor entity to tender his resignation as a director of the Company as a condition to, and simultaneous with, the consummation of a change in control by the successor entity.

With respect to previously granted equity awards and subject to Mr. Friend's continued employment as Executive Chairman, pursuant to the terms of Mr. Friend's award agreements, upon a change in control, Mr. Friend is entitled to full vesting acceleration with respect to his unvested options and RSUs if he is not offered continued employment with the successor entity in connection with the change in control or if prior to the first anniversary of the change in control he is terminated by the Company without Cause or he is constructively terminated by the Company or resigns from his employment with the successor entity as a result of a Constructive Termination or is terminated as a director of the Company prior to June 1, 2017, or is requested by the successor entity to tender his resignation as a director of the Company as a condition to and simultaneous with the consummation of the change of control by the successor entity.

Tax considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for such corporation's president and chief executive officer and each of such corporation's next three most highly compensated executive officers (other than its chief financial officer), unless the compensation is "performance based" or based on another available exemption. Our Compensation Committee has considered the potential future effects of Section 162(m) on the compensation paid to our executive officers. However, the Compensation Committee also recognizes the need to retain flexibility to make compensation decisions that may not meet the standards of Section 162(m) when considered necessary to enable the Company to continue to attract, retain, and motivate highly-qualified executives.

2014 Summary Compensation Table

The following table summarizes the compensation earned by our chief executive officer, executive chairman, chief financial officer, our three other most highly compensated executive officers as of December 31, 2014, and one former executive officer of the Company who departed during 2014.

Potential Payments Upon Termination or Change in Control

Employment Agreement with Mohamad Ali

On December 3, 2014, the Company entered into an employment agreement with Mr. Ali setting forth the terms of his employment as the Company's President and Chief Executive Officer, including his eligibility to receive severance benefits. Under the employment agreement, Mr. Ali is entitled to continued payment of his base salary for twelve months and an additional payment in an amount equal to twelve times the Company's contribution amount for the monthly health insurance premium during the month immediately prior to termination, in each case, subject to Mr. Ali's execution and delivery of a full release in favor of the Company. In addition, the 450,000 RSUs granted to Mr. Ali pursuant to his employment agreement are subject to the following termination and change in control provisions:

- The vesting and settlement schedule for the 50,000 RSUs scheduled to vest on December 31, 2015 (the "One-Year RSUs") will fully accelerate upon the first to occur of a change of control or termination of Mr. Ali's employment with the Company without Cause or upon his resignation for Good Reason (each as defined in Mr. Ali's employment agreement).

The portion of the remaining 400,000 RSUs (the "Four-Year RSUs") and the unvested shares subject to all outstanding annual equity grants, if any, that would have vested during the twelve month period following the date of termination or change of control, as applicable, will fully accelerate upon the first to occur of the change of control or termination of Mr. Ali's employment with the Company without Cause or upon his resignation for Good Reason (each as defined in Mr. Ali's employment agreement).

The balance of the Four-Year RSUs and the unvested shares subject to all outstanding equity grants, if any, will fully accelerate upon the occurrence of either (A) termination of Mr. Ali's employment with the Company without Cause or upon his resignation for Good Reason within one year following or three months prior to, a change of control or (B) upon the first anniversary of the change of control, provided that Mr. Ali is employed by the Company or the acquirer in such change of control on such first anniversary date.

Employment Agreement with Mr. Friend

As discussed above, effective December 3, 2014, Mr. Friend transitioned from the role of President and Chief Executive Officer to Executive Chairman. Prior to this transition, Mr. Friend was subject to the terms of a separation agreement that we entered into with him in May 2011. Pursuant to the terms of his prior severance agreement, if Mr. Friend was terminated by the Company without cause at any time, if he terminated his employment with the Company for good reason or if upon a change in control he was not offered employment on substantially similar terms as those provided for in the severance agreement, he would have been entitled to continued payment of his base salary for twelve months and an additional payment in an amount equal to twelve times the Company's contribution amount for the monthly health insurance premium for him during the month immediately prior to termination. Mr. Friend did not receive any severance or acceleration of benefits pursuant to his old severance agreement in connection with his change in position.

Effective January 8, 2015, the Company entered into a new employment agreement with Mr. Friend in connection with his role as Executive Chairman. Pursuant to the terms of Mr. Friend's new employment agreement, upon a termination of employment without cause or for good reason, in each case prior to February 28, 2016, Mr. Friend is entitled to receive a severance payment in an amount equal to \$595,000, paid ratably over the twelve-month period following the termination date, subject to Mr. Friend's execution and delivery of a full release in favor of the Company.

Pursuant to the employment agreement, Mr. Friend was also granted an option to purchase 100,000 Shares with such option becoming exercisable quarterly over four years, subject to Mr. Friend's continued employment through the applicable vesting dates. The vesting schedule for such option accelerates in full upon or following a change in control (as applicable) if (i) Mr. Friend is not offered employment or continued employment by the successor entity, (ii) prior to the first anniversary of such change in control, Mr. Friend is discharged by the successor entity other than for Cause or resigns from his employment with the successor entity as a result of a Constructive Termination or (iii) Mr. Friend is terminated as a director of the Company prior to June 1, 2017 or is requested by the successor entity to tender his resignation as a director of the Company as a condition to and simultaneous with the consummation of a change in control by the successor entity.

With respect to previously granted equity awards and subject to Mr. Friend's continued employment as Executive Chairman, pursuant to the terms of Mr. Friend's award agreements, upon a change in control, Mr. Friend is entitled to full vesting acceleration with respect to his unvested options and RSUs if he is not offered continued employment with the successor entity in connection with the change in control or if prior to the first anniversary of the change in control he is terminated by the Company without Cause or he is constructively terminated by the Company or resigns from his employment with the successor entity as a result of a Constructive Termination or is terminated as a director of the Company prior to June 1, 2017, or is requested by the successor entity to tender his resignation as a director of the Company as a condition to and simultaneous with the consummation of the change of control by the successor entity.

Offer Letter Agreement

The Company has entered into offer letter agreements with each of Messrs. Folger, Lamson, Meiseles and Ms. Sheer. Pursuant to these offer letter agreements the executive is entitled to receive severance benefits if his or her employment is terminated by us without cause at any time or if he or she is constructively terminated by us. In such an event, Messrs. Folger, Lamson, Meiseles and Ms. Sheer are entitled to continued payment of his or her base salary for six months, six months, three months and six months, respectively, and an additional payment in an amount equal to six, six, three, and six times the Company's contribution amount for the monthly health insurance premium for him or her during the month immediately prior to termination.

In addition to the severance benefits detailed above, if prior to the first anniversary of a change in control Messrs. Folger, Lamson, Meiseles or Ms. Sheer are terminated by the Company without cause or constructively terminated, then (i) each of Messrs. Folger, Lamson and Meiseles are entitled to full vesting acceleration with respect to unvested options and RSUs and (ii) Ms. Sheer is entitled to continued payment of her base salary for three additional months, an additional payment in an amount equal to three times the Company's contribution amount for the monthly health insurance premium, and full vesting acceleration with respect to her unvested options and RSUs.

Separation Agreement with Mr. Kumaresan

Effective July 31, 2014, Mr. Kumaresan's employment with the Company terminated. Pursuant to the terms of his Separation Agreement with the Company dated April 11, 2014, Mr. Kumaresan received a lump sum cash severance payment of \$133,900 equal to six months base salary and the Company continued to pay his monthly health premiums for six months following his termination. The value of continued health care coverage for Mr. Kumaresan was approximately \$3,070.72. In addition, pursuant to the terms of the Company's equity incentive plan, Mr. Kumaresan retained the right to exercise any vested options for 90 days following his termination date.

Potential Payments Upon Termination, Upon a Change in Control, and Upon Termination Following a Change in Control

The following table sets forth quantitative estimates of the payments and benefits that would have accrued to each of our named executive officers other than Mr. Kumaresan upon a termination of employment or a change in control of the Company as of December 31, 2014, as described above under "-Severance Provisions" and "-Offer Letter Agreements."

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT
AND RELATED STOCKHOLDER MATTERS

Security Ownership Of Certain Beneficial Owners And Management

The following table sets forth, as of April 27, 2015, information regarding beneficial ownership of our Common Stock by:

- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our Common Stock;
- each executive officer whose name appears in the Summary Compensation Table in this Proxy Statement;
- each of our directors and director nominees; and
- all of our executive officers and directors as a group.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if such person possesses sole or shared voting or investment power of that security, including options and warrants that are currently exercisable or exercisable within 60 days of April 27, 2015. Except as indicated in the footnotes below, we believe, based on the information furnished to us and SEC filings, that the persons named in the table below have sole voting and investment power with respect to all shares of Common Stock shown that they beneficially own, subject to community property laws where applicable. The information does not necessarily indicate beneficial ownership for any other purpose.

Shares of Common Stock subject to stock options currently exercisable or exercisable within 60 days of April 27, 2015, are deemed to be outstanding for computing the percentage ownership of the person holding these options and the percentage ownership of any group of which the holder is a member but are not deemed outstanding for computing the percentage of any other person.

We have based our calculation of the percentage of beneficial ownership on 27,332,782 shares of Common Stock outstanding on April 27, 2015. Unless otherwise noted below, the address for each of the stockholders in the table below is c/o Carbonite, Inc., Two Avenue de Lafayette, Boston, Massachusetts, 02111.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Certain Relationships And Related Transactions

We describe below transactions (or proposed transactions) and series of similar transactions, during our last fiscal year to which we were a participant or will be a participant in which:

the amounts involved exceeded or will exceed \$120,000; and

any of our directors, executive officers, holders of more than 5% of our Common Stock, or any member of their respective immediate families, had or will have a direct or indirect material interest.

Investors' Rights Agreement

We are party to an investors' rights agreement which provides that certain holders of our Common Stock have the right to demand that we file a registration statement or request that their shares be covered by a registration statement that we are otherwise filing. We obtained a waiver of the provisions of this investors' rights agreement in connection with the filing of our registration statement on Form S-3 in November 2013.

Other than as described above under this section "Certain Relationships and Related Transactions," since the beginning of our last fiscal year, we have not entered into any transactions, nor are there any currently proposed transactions, between us and a related party where the amount involved exceeds, or would exceed, \$120,000, and in which any related person had or will have a direct or indirect material interest. We believe the terms of the transactions described above were comparable to terms we could have obtained in arm's length dealings with unrelated third parties.

Policies and Procedures for Related Person Transactions

Our Board has adopted a written related person transaction policy that sets forth the policies and procedures for the review and approval or ratification of related person transactions. This policy is administered by our Audit Committee and covers any transaction, arrangement, or relationship, or any series of similar transactions, arrangements, or relationships, in which (i) we were or are to be a participant, (ii) the amount involved exceeds \$50,000 and (iii) a related person had or will have a direct or indirect material interest. While the policy covers related person transactions in which the amount involved exceeds \$50,000, the policy states that related person transactions in which the amount involved exceeds \$120,000 are required to be disclosed in applicable filings as required by the Securities Act of 1933, as amended (the "Securities Act"), Exchange Act, and related rules. Our Board set the \$50,000 threshold for approval of related person transactions in the policy at an amount lower than that which is required to be disclosed under the Securities Act, Exchange Act, and related rules because we believe that a greater level of scrutiny is appropriate for our Audit Committee in reviewing transactions or potential transactions with related persons. Pursuant to this policy, our Audit Committee will (i) review the relevant facts and circumstances of each related person transaction, including if the transaction is on terms comparable to those that could be obtained in arm's-length dealings with an unrelated third party and the extent of the related party's interest in the transaction, and (ii) take into account the conflicts of interest and corporate opportunity provisions of our code of business conduct and ethics. Management will present to our Audit Committee each proposed related person transaction, including all relevant facts and circumstances relating thereto, and will update the Audit Committee as to any material changes to any related person transaction. All related person transactions may only be consummated if our Audit Committee has approved or ratified such transaction in accordance with the guidelines set forth in the policy. Certain types of transactions have been exempted from this policy. These exempted transactions include: (i) certain compensation arrangements; (ii) transactions in the ordinary course of business where the related party's interest arises only (a) from his or her position as a director of another entity that is party to the transaction, (b) from an equity interest of less than 5% in another entity that is party to the transaction, or (c) from a limited partnership interest of less than 5%, subject to certain limitations; and (iii) transactions in the ordinary course of business where the interest of the related party arises solely from the ownership of a class of equity securities in the Company where all holders of such class of equity securities will receive the same benefit on a pro rata basis. No director may participate in the approval of a related person transaction for which he or she is a related party.

Independence of Our Board of Directors

As required under the rules and regulations of The Nasdaq Stock Market, or Nasdaq, independent directors must comprise a majority of a listed company's board of directors. Our Board, in consultation with our counsel, has

undertaken a review of its composition, the composition of its committees, and the independence of each director. Based upon information requested from and provided by each director concerning his background, employment, and affiliations, including family relationships, our Board has determined that Messrs. Clifford (who recently resigned from the Board but served as a member during the Company’s last fiscal year), Gyenes, Kane, Krasnow, Munford, and Vazirani, representing five of our eight current directors and six of the nine directors serving on the Board since the beginning of the last fiscal year, do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under the applicable rules and regulations of the SEC and the listing requirements and rules of Nasdaq. There are no family relationships among any of our directors, director nominees, or named executive officers. In making this determination, our Board considered the current and prior relationships that each non-employee director has with us and all other facts and circumstances that our Board deemed relevant in determining each non-employee director’s independence, including the beneficial ownership of our capital stock by each non-employee director. Because it is not possible to anticipate or explicitly provide for all circumstances that might signal potential conflicts of interest or bear on the materiality of a director’s relationship with the Company, our Board, when making its “independence” determinations, prefers to broadly consider all relevant facts and circumstances, including, without limitation, applicable independence standards promulgated by Nasdaq.
