This proxy statement and the accompanying proxy card are first being mailed to stockholders on or about [XXX], 2013.

The Company has hired Issuer Direct and will pay the expenses for the preparation, mailing and tabulation of the proxy materials. The Company's directors, officers and regular employees may solicit proxies on behalf of Callon, personally or by telephone, without additional compensation.

QUESTIONS AND ANSWERS

Q: Who can vote at the meeting?

A: You can attend and vote at the meeting if you were a stockholder at the close of business on the Record Date. The Board set [XXX], 2013 as the Record Date for the meeting. On that date, there were 40,444,973 shares outstanding and entitled to vote at the meeting.

Q: What proposals will be voted on at the meeting?

A: One proposal is scheduled to be voted upon at the meeting:

Approval of an amendment to the Company's Certificate of Incorporation to increase the number of authorized shares of Common Stock from 60 million to 110 million.

Q: Why did I receive a full set of proxy materials?

A: Pursuant to rules promulgated by the Securities and Exchange Commission ("SEC"), we have elected to provide access to the Company's proxy materials both by sending you this full set of proxy materials, including a proxy card, and by notifying you of the availability of the proxy material on the Internet. The Company's Board has made these proxy materials available to you on the Internet on or about [XXX], 2013 at <https://www.iproxydirect.com/CPE>, which is the cookies-free website.

Arrangements may be made with brokerage firms or other custodians, nominees, and fiduciaries to send proxy materials to the beneficial owners of the Common Stock for which the Company has agreed to pay those costs. In addition, the Company has retained the services of Morrow & Co., LLC to assist us in the Company's solicitation efforts.

Q:How do I cast my vote?

A:There are three convenient methods for registered stockholders to direct their vote by proxy without attending the Special Meeting:

Vote by Internet. You can vote via the Internet. The website address for Internet voting is provided on your proxy card. You will need to use the control and request ID appearing on your proxy card to vote via the Internet. You can use the Internet to transmit your voting instructions up until 11:59 p.m. CST on [XXX], 2014. Internet voting is available 24 hours a day.

Vote by Telephone. You can also vote by telephone by calling the toll-free telephone number provided on the Internet link on your proxy card. You will need to use the control and request ID appearing on your proxy card to vote by telephone. You may transmit your voting instructions from any touch-tone telephone up until 11:59 p.m. CST on [XXX], 2014.

Vote by Mail. You can vote by marking, dating and signing the printed copy of the proxy card and returning it in the postage-paid envelope provided. Please promptly mail your proxy card to ensure that it is received prior to the closing of the polls at the Special Meeting.

In the event that you return a signed proxy card on which no directions are specified, your shares will be voted as recommended by the Company's Board on the proposal, and in the discretion of the proxy holders as to any other matters that may properly come before the meeting or any postponement or adjournment of the meeting. The Board is not presently aware of any other proposals or any other business to be considered at the Special Meeting.

If your shares are registered in the name of a broker, bank or other nominee (typically referred to as being held in "street name"), you will receive instructions from your broker, bank or other nominee that must be followed in order for your broker, bank or other nominee to vote your shares per your instructions. Many brokerage firms and banks have a process for their beneficial holders to provide instructions via the Internet or over the telephone. If Internet or telephone voting is unavailable from your broker, bank or other nominee, please complete and return the enclosed voting instruction card in the addressed, postage paid envelope provided.

In the event you do not provide instructions on how to vote, your broker may have authority to vote your shares. Under the rules that govern brokers who are voting with respect to shares that are held in street name, brokers may have the discretion to vote such shares on routine matters, including the proposal to approve the amendment to our Certificate of Incorporation to increase the number of authorized shares, but not on non-routine matters.

Your vote is especially important. Therefore, please instruct your broker regarding how to vote your shares on these matters promptly. See "Vote Required" following the proposal for further information.

If you hold shares through a broker, bank or other nominee and wish to be able to vote in person at the meeting, you must obtain a legal proxy from your broker, bank or other nominee and present it to the inspector of election with your ballot at the meeting. If you

need assistance in obtaining a legal proxy, please call Morrow & Co., LLC toll-free at (800) 414-4313. Submitting your proxy by mail will not affect your right to vote in person if you decide to attend the Special Meeting. The inspector of election will count votes cast at the meeting.

Q: Can I revoke or change my proxy?

A: Yes. You may revoke or change a previously delivered proxy at any time before the meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, or by delivering written notice of revocation of your proxy to the Company's Corporate Secretary at our principal executive offices before the beginning of the meeting. You may also revoke your proxy by attending the meeting and voting in person, although attendance at the meeting will not in and of itself revoke a valid proxy that was previously delivered. If you hold shares through a broker, bank or other nominee, you must contact that nominee to revoke any prior voting instructions. You also may revoke any prior voting instructions by voting in person at the meeting if you obtain a legal proxy as described above.

Q: How does the Board recommend I vote on the proposal?

A: The Board recommends you vote "FOR" the amendment to the Certificate of Incorporation increasing the number of authorized shares of Common Stock from 60 million shares to 110 million shares.

Q: Who will count the vote?

A: The inspector of election will count the vote. An independent party will act as the inspector of election.

Q: What is a “quorum”?

A: A quorum is the number of shares that must be present to hold the meeting. The quorum requirement for the meeting is a majority of the outstanding shares as of the Record Date, present in person or represented by proxy. Your shares will be counted for purposes of determining if there is a quorum if you are present and vote in person at the meeting, or have voted on the Internet, by telephone or by properly submitting a proxy card or voting instruction card by mail. Abstentions and broker non-votes also count toward the quorum. An abstention will have the same practical effect as a vote against the Company’s Certificate of Incorporation to increase the number of authorized shares of Common Stock. “Broker non-votes” occur when brokers, banks or other nominees that hold shares on behalf of beneficial owners do not receive voting instructions from the beneficial owners prior to the meeting and do not have discretionary voting authority to vote those shares.

Q: What vote is required to approve the amendment to the Certificate of Incorporation?

A: The affirmative vote of a majority of the outstanding shares of Common Stock is required to approve the proposed amendment to the Company’s Certificate of Incorporation.

Q: What does it mean if I get more than one proxy card?

A: Your shares are likely registered in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: How many votes can I cast?

A: On all matters, you are entitled to one vote per share.

Q: Where can I find the voting results of the meeting?

A: The preliminary voting results will be announced at the meeting. The final results will be published in a current report on Form 8-K to be filed with the SEC within four business days of the meeting.

PROPOSAL

AMENDMENT TO ARTICLE FOUR OF THE COMPANY'S CERTIFICATE OF INCORPORATION INCREASING THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK OF THE COMPANY FROM 60 MILLION SHARES TO 110 MILLION SHARES

Proposed Amendment to Certificate of Incorporation

The Board has adopted a resolution approving and recommending to the stockholders for their approval a proposal to amend Article Four of the Company's Certificate of Incorporation to increase the number of authorized shares of Common Stock from 60 million shares to 110 million shares (the "Article Four Amendment").

The form of the Article Four Amendment is as follows:

The first sentence of Article Four is hereby amended and restated to be read in its entirety as follows:

"The Corporation shall have authority to issue two classes of stock, and the total number authorized shall be 110,000,000 shares of Common Stock, par value \$.01 per share, and 2,500,000 shares of Preferred Stock, par value \$.01 per share."

Background and Reasons for Increasing the Authorized Shares of Common Stock

The Company has significantly grown its onshore asset base over the past four years and is seeking the approval of additional authorized shares of Common Stock in order to provide flexibility to meet the demands of future growth and other corporate obligations. As the current capitalization table below indicates, there are only 472,690 shares currently available for issuance in conducting business and to accommodate possible equity demands in the future. The Company feels that this is a small operating margin, and it is prudent and good business practice to have an adequate amount of Common Stock available in order to be in a position to take advantage of potential growth opportunities that might arise.

The Board concurs with this assessment, and believes that the recommended increase in the number of authorized shares of Common Stock is warranted and will give the Company the financial flexibility to timely meet the future equity capital requirements of its business. If the Certificate of Incorporation is amended, the additional shares would be available for possible acquisitions requiring equity as consideration, equity issuance in capital markets transactions, stock incentive plans, the reservation related to the Series A Preferred Stock (as described below), and for any other proper general corporate purpose. The Company has no present plans, agreements or understandings for the issuance of any of the additional shares to be authorized by the proposed amendment. There will be no increase to the number of authorized preferred stock.

Capitalization Tables

The Company has outstanding 1,578,948 shares of a Series A Cumulative Preferred Stock ("Series A Preferred Stock") with a total liquidation value of \$79 million. The Series A Preferred Stock provides that upon a change of control, generally defined as the acquisition of 50% of the Company's Common Stock by a Person or group of persons (provided that, following the acquisition, neither the Company nor the surviving entity has a class of common securities listed on a national securities exchange) ("Change of Control"), the Company may make a cash offer to purchase the Series A Preferred Stock within 120 days following the Change of Control for the liquidation value plus accrued dividends. The Series A Preferred Stock further provides that if Callon does not elect (or is unable) to purchase the Series A Preferred Stock for cash, the holders of the Series A Preferred Stock may convert the liquidation

value of their holdings into shares of Common Stock as alternate consideration pursuant to the Limited Conversion Rights provision. The number of shares subject to such a conversion would be equal to (i) the total liquidation value of the Series A Preferred (\$79 million) divided by (ii) the market price of the Common Stock at the time of the Change of Control. For example, if the closing Common Stock price of \$6.65 on November 29, 2013 is assumed to be the acquisition price per share in a Change of Control transaction, Callon would be required to issue approximately 11.9 million shares to satisfy a potential conversion of the Series A Preferred Stock into Common Stock (if the Series A Preferred Stock is not redeemed for cash).

Currently, the Series A Preferred Stock further provides that in no circumstance would the price of the Common Stock issued in exchange for the Series A Preferred Stock be less than \$4.70 per share. Using this floor price, the theoretical maximum number of shares that could be issued if the Company elects not to redeem the Series A Preferred Stock for cash would be 16,800,007 shares (“Share Cap”). Similar to other precedent cumulative preferred transactions completed for companies across a variety of industries, the Share Cap is reserved against the Company’s authorized share count. Under the terms of the Series A Preferred Stock offering, Callon agreed that if it were to amend the Company’s certificate of incorporation to increase its number of authorized shares, Callon would increase the Share Cap to 42,331,046 shares (implying an effective floor price for the Common Stock of \$1.87 per share).

The ability to issue Common Stock rather than cash in a Change of Control transaction provides the Company with flexibility in the event it were unable to finance a cash offer for the liquidation value of the Series A Preferred Stock. If the amendment to the Company’s certificate of incorporation is approved and the authorized share count is increased, the Board will reserve the increased number of common shares as the new Share Cap. While the Series A Preferred Stock is outstanding, these reserved shares will not be available for any other purpose.

Currently, the Company’s authorized capital stock consists of 60,000,000 shares of Common Stock and 2,500,000 shares of Preferred Stock. As of [XXX], 2013, the Company had 40,444,973 shares of Common Stock outstanding and an additional 19,082,337 shares reserved for issuance upon vesting or exercise of restricted stock, stock options and the Limited Conversion Rights of the Series A Preferred Stock.

The following table depicts the authorized capital stock of the Company as of the Record Date prior to the amendment of the Certificate of Incorporation and assuming the proposed amendment to the Certificate of Incorporation is adopted by the stockholders:

Current

Total authorized	60,000,000
Total shares outstanding	40,444,973
Reserved for issuance upon exercise of outstanding stock options	52,000
Reserved for issuance upon vesting of outstanding equity awards & 401(k) Plan	2,230,330
Reserved for issuance for limited conversion feature of Series A Preferred Stock (current Share Cap)	16,800,007
Total outstanding and reserved	59,527,310
Total available	472,690

Post Amendment

Total authorized	110,000,000
Total shares outstanding	40,444,973
Reserved for issuance upon exercise of outstanding stock options	52,000
Reserved for issuance upon vesting of outstanding equity awards & 401(k) Plan	2,230,330
Reserved for issuance for limited conversion feature of Series A Preferred Stock (new Share Cap)	42,331,046
Total outstanding and reserved	85,058,349
Total available	24,941,651

If the stockholders approve the amendment to the Company's Certificate of Incorporation to increase the Company's authorized Common Stock, the Company will have 24,941,651 shares of authorized Common Stock available for future issuance. The additional shares of Common Stock authorized by the amendment that are not reserved for other purposes may be issued periodically on authorization by the Board, without further approval by the stockholders, unless such authorization is required by applicable law or the rules of the NYSE. Shares of Common Stock may be issued for such consideration as the Board may determine, and as may be permitted by applicable law.

The proposed amendment to the Certificate of Incorporation does not change the terms of the Common Stock. The additional shares of Common Stock to be authorized by adoption of the amendment would have rights identical to the currently outstanding Common Stock of the Company. Any future issuance of additional shares of Common Stock would not affect the rights of the holders of currently outstanding Common Stock of the Company, except for effects incidental to increasing the number of shares of the Company's Common Stock outstanding, such as a dilutive effect on the Company's earnings per share. If our stockholders do not approve the proposal, the Company will have only 472,690 shares of authorized Common Stock for general corporate purposes and, as a result, may not be able to access the capital markets, complete acquisition transactions or partnerships, attract, retain and motivate employees, or pursue other business opportunities integral to its growth and success. However, non-approval will not have any impact on the existing terms and conditions of the Series A Preferred Stock, including the current Share Cap.

The existence of certain provisions contained in the Company's Certificate of Incorporation and By-laws may be to render more difficult the accomplishment of any attempted merger, takeover or other change in control affecting the Company and/or the removal of the Company's incumbent Board and management. However, this proposal is not in response to any effort of which the Company is aware to accumulate its stock or to obtain control of the Company and it is not part of a plan by management to recommend a series of similar amendments to the Board and the stockholders.

Effective Date

If approved by the stockholders, it is anticipated that the amendment to the Certificate of Incorporation will become effective as soon as practicable after the Special Meeting. Upon approval of this proposal at the Special Meeting, the Company will file the Article Four Amendment with the Secretary of State of the State of Delaware, and the number of authorized shares of Common Stock will be increased from 60 million shares to 110 million shares (without affecting par value).

If stockholders do not approve this proposal at the Special Meeting, then the Company may seek to obtain stockholder approval of an increase in authorized shares at future stockholder meetings.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE INCREASE IN AUTHORIZED SHARES OF COMMON STOCK FROM 60 MILLION SHARES TO 110 MILLION SHARES.

STOCKHOLDERS' PROPOSALS FOR 2014 ANNUAL MEETING

Our by-laws require that any person desiring to nominate directors at our annual meeting provide us with notice of such intent at least 120 days prior to the annual meeting. We currently plan to hold our 2014 Annual Meeting of Stockholders on May 15, 2014, so any stockholder desiring to nominate a person at the 2014 Annual Meeting should provide us notification no later than January 15, 2014.

Stockholders who desire to present proposals at the 2014 Annual Meeting of Stockholders and to have proposals included in the Company's proxy materials must submit their proposals to the Company at its principal executive offices not later than December 28, 2013. If the date of the 2014 Annual Meeting of Stockholders is changed by more than 30 days from the date of the 2013 Annual Meeting of Stockholders, the deadline for submitting proposals is a reasonable time before the Company begins to print and mail its proxy materials for its 2014 Annual Meeting of Stockholders.

The person named in the Company's form of proxy for the 2014 Annual Meeting will have discretionary authority to vote any proxies they hold at such meeting on any matter for which the Company does not receive notice by February 18, 2014, unless the Company changes the date of its 2014 Annual Meeting of Stockholders by more than 30 days from the date of the 2013 Annual Meeting of Stockholders, in which case such persons will be able to exercise discretionary authority if notice of the matter has not been received in a reasonable time before the Company mails its proxy materials for the 2014 Annual Meeting of Stockholders.

If the date of the 2014 Annual Meeting of Stockholders is advanced or delayed by more than 30 calendar days from the date of the 2013 Annual Meeting of Stockholders, the Company shall, in a timely manner, inform stockholders of such change, by including a notice, under Item 5, in its earliest possible quarterly report on Form 10-Q. The notice will include the new deadline for submitting proposals to be included in the Company's proxy statement and the new date for determining whether the Company may exercise discretionary voting authority because it has not received timely notice of a matter.

In order to avoid controversy as to the date on which the Company receives any such proposal, it is suggested that stockholders submit their proposals by certified mail, return receipt requested, or other means that permit them to prove the date of delivery. The Company reserves the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with the requirements described above or other applicable requirements.
