Item 5.07 Submission of Matters to a Vote of Security Holders.

On May 6, 2015, Fuse Science, Inc. (the “Company”) held a Special Meeting of Shareholders to approve an amendment to the Company’s Articles of Incorporation to effect a 1-for-100 reverse split of the Company’s common stock. In order to conduct the business of the Special Meeting, the Company required the presence, in person or by proxy, of a quorum consisting of a majority of the outstanding shares of stock entitled to vote as of the record date, March 19, 2015. Because a quorum was not present at the Special Meeting, no business was conducted and the Company adjourned the Special Meeting.

As of the record date, the outstanding voting power consisted of 80,000,000 shares of common stock and 11,730,192 shares issuable upon conversion of the Company’s Series C Convertible Preferred Stock, which votes on an as-converted-to-common-stock basis together with the holders of the Company’s common stock as a single class.

The vote results were as follows, although, as previously noted, the vote had no effect due to insufficient quorum at the Special Meeting.
