CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

As a matter of policy, the Company does not provide forecasts of future financial performance. The statements made in this quarterly report on Form 10-Q which are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements often contain or are prefaced by words such as "believe", "will" and "expect." These statements are based on current expectations, estimates and projections about our business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. As a result of a number of factors, our actual results could differ materially from those set forth in the forward-looking statements. Certain factors that might cause the Company's actual results to differ materially from those in the forward-looking statements include, without limitation, general business conditions, the demand for the Company's services, competitive market pressures, the ability of the Company to attract and retain qualified personnel for regular full-time placement and contract assignments, the possibility of incurring liability for the Company's business activities, including the activities of its contract employees and events affecting its contract employees on client premises, and the ability to attract and retain qualified corporate and branch management, as well as those risks discussed in the Company's annual report on Form 10-K for the year ended September 30, 2017, and in other documents which we file with the Securities and Exchange Commission. Any forward-looking statements speak only as of the date on which they are made, and the Company is under no obligation to (and expressly disclaims any such obligation to) and does not intend to update or alter its forward-looking statements whether as a result of new information, future events or otherwise.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. Description of Business

GEE Group Inc. (the “Company”, “us”, “our” or “we”) was incorporated in the State of Illinois in 1962 and is the successor to employment offices doing business since 1893. We are a provider of permanent and temporary professional, industrial and physician assistant staffing and placement services in and near several major U.S cities. We specialize in the placement of information technology, engineering, medical and accounting professionals for direct hire and contract staffing for our clients and provide temporary staffing services for our commercial clients.

2. Significant Accounting Policies and Estimates

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete consolidated financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the three and six-month period ended March 31, 2018 are not necessarily indicative of the results that may be expected for the year ending September 30, 2018. The unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended September 30, 2017 as filed on December 28, 2017.

Liquidity

The Company experienced significant net losses for its most recent fiscal year ended September 30, 2017, and for the first six-months of 2018. Management has implemented a strategy which includes cost reduction efforts, consolidation of certain back office activities to gain efficiencies as well as identifying strategic acquisitions, financed primarily through the issuance of preferred and common stock and convertible debt, to improve the overall profitability and cash flows of the Company.

As explained more fully in Note 6, the Company and its subsidiaries, as borrowers, entered into a Revolving Credit, Term Loan and Security Agreement (the “Credit Agreement”) after the close of business on March 31, 2017. Under the

terms of the Credit Agreement, the Company may borrow up to \$73,750,000 consisting of a four-year term loan in the principal amount of \$48,750,000 and revolving loans in a maximum amount up to the lesser of (i) \$25,000,000 or (ii) an amount determined pursuant to a borrowing base that is calculated based on the outstanding amount of the Company's eligible accounts receivable, as described in the Credit Agreement. The loans under the Credit Agreement mature on March 31, 2021.

On April 3, 2017, the Company borrowed \$48,750,000 from term-loans and borrowed approximately \$7,476,316 from the Revolving Credit Facility for a total of \$56,226,316, which was used by the Company to repay existing indebtedness, to pay fees and expenses relating to the Credit Agreement, and to pay a portion of the purchase price for the acquisition of all of the outstanding stock of SNI Holdco Inc. pursuant to the Merger Agreement. Amounts borrowed under the Credit Agreement also may be used by the Company to partially fund capital expenditures, provide for on-going working capital needs and general corporate needs, and to fund future acquisitions subject to certain customary conditions of the lenders.

As of March 31, 2018, the Company had cash of approximately \$2,938,000, which was an increase of approximately \$153,000 from approximately \$2,785,000 at September 30, 2017. Negative working capital at March 31, 2018 was approximately \$960,000, as compared to working capital of approximately \$1,588,000 for September 30, 2017. The net loss for the six months ended March 31, 2018, was approximately \$4,669,000.

Management believes that the future cash flow from operations and the availability under the Revolving Credit Facility will provide sufficient liquidity for the next 12 months.

Table of Contents

Principles of Consolidation

The unaudited condensed consolidated financial statements include the accounts and transactions of the Company and its wholly-owned subsidiaries. All significant inter-company accounts and transactions are eliminated in consolidation.

Estimates and Assumptions

Management makes estimates and assumptions that can affect the amounts of assets and liabilities reported as of the date of the condensed consolidated financial statements, as well as the amounts of reported revenues and expenses during the periods presented. Those estimates and assumptions typically involve expectations about events to occur subsequent to the balance sheet date, and it is possible that actual results could ultimately differ from the estimates. If differences were to occur in a subsequent period, the Company would recognize those differences when they became known. Significant matters requiring the use of estimates and assumptions include, but may not be limited to, deferred income tax valuation allowances, accounts receivable allowances, accounting for acquisitions, accounting for derivatives and evaluation of impairment. Management believes that its estimates and assumptions are reasonable, based on information that is available at the time they are made.

Revenue Recognition

Direct hire placement service revenues are recognized when applicants accept offers of employment, less a provision for estimated losses due to applicants not remaining employed for the Company's guarantee period. Contract staffing service revenues are recognized when services are rendered.

Falloffs and refunds during the period are reflected in the unaudited condensed consolidated statements of operations as a reduction of placement service revenues and were approximately \$933,000 and \$125,000 for the six-month period ended March 31, 2018 and 2017 respectively. Expected future falloffs and refunds are reflected in the unaudited condensed consolidated balance sheet as a reduction of accounts receivable and were approximately \$491,000 as of March 31, 2018 and \$997,000 as of September 30, 2017, respectively.

Cost of Contract Staffing Services

The cost of contract services includes the wages and the related payroll taxes and employee benefits of the Company's employees while they work on contract assignments.

Cash and Cash Equivalents

Highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents. At March 31, 2018 and September 30, 2017, there were no cash equivalents. The Company maintains deposits in financial institutions in excess of amounts guaranteed by the Federal Deposit Insurance Corporation. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. We have never experienced any losses related to these balances.

Accounts Receivable

The Company extends credit to its various customers based on evaluation of the customer's financial condition and ability to pay the Company in accordance with the payment terms. An allowance for placement fall-offs is recorded, as a reduction of revenues, for estimated losses due to applicants not remaining employed for the Company's guarantee period. An allowance for doubtful accounts is recorded, as a charge to bad debt expense, where collection is considered to be doubtful due to credit issues. These allowances together reflect management's estimate of the potential losses inherent in the accounts receivable balances, based on historical loss statistics and known factors impacting its customers. The nature of the contract service business, where companies are dependent on employees for the production cycle allows for a small accounts receivable allowance. Based on management's review of accounts receivable, an allowance for doubtful accounts of approximately \$1,047,000 is considered necessary as of March 31, 2018 and \$1,712,000 at September 30, 2017, respectively. The Company charges uncollectible accounts against the allowance once the invoices are deemed unlikely to be collectible. The reserve includes the \$491,000 reserve for permanent placement falloffs considered necessary as of March 31, 2018 and \$997,000 as of September 30, 2017, respectively.

Table of Contents

Property and Equipment

Property and equipment are recorded at cost. Depreciation expense is calculated on a straight-line basis over estimated useful lives of five years for computer equipment and two to ten years for office equipment, furniture and fixtures. The Company capitalizes computer software purchased or developed for internal use and amortizes it over an estimated useful life of five years. The carrying value of property and equipment is reviewed for impairment whenever events or changes in circumstances indicate that it may not be recoverable. If the carrying amount of an asset group is greater than its estimated future undiscounted cash flows, the carrying value is written down to the estimated fair value. There was no impairment of property and equipment for the six-months ended March 31, 2018 and 2017.

Goodwill

Goodwill represents the excess of cost over the fair value of the net assets acquired in the various acquisitions. The Company assesses goodwill for impairment at least annually. Testing goodwill for impairment allows the Company to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the entity determines that this threshold is not met, then performing the two-step impairment test is unnecessary. An impairment loss would be recognized to the extent the carrying value of goodwill exceeds its implied fair value.

Fair Value Measurement

The Company follows the provisions of the accounting standard which defines fair value, establishes a framework for measuring fair value and enhances fair value measurement disclosure. Under these provisions, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

The standard establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use on unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

The fair value of the Company's current assets and current liabilities approximate their carrying values due to their short-term nature. The carrying value of the Company's long-term liabilities represents their fair value based on level 3 inputs. The Company's goodwill and other intangible assets are measured at fair value on a non-recurring basis using level 3 inputs, as discussed in Note 5.

Earnings and Loss per Share

Basic loss per share is computed by dividing net loss attributable to common stockholders by the weighted average common shares outstanding for the period. Diluted loss per share is computed giving effect to all potentially dilutive common shares. Potentially dilutive common shares may consist of incremental shares issuable upon the exercise of stock options and warrants and the conversion of notes payable to common stock. In periods in which a net loss has been incurred, all potentially dilutive common shares are considered anti-dilutive and thus are excluded from the calculation. There were approximately 10,319,000 and 1,038,602 of common stock equivalents excluded for the six months ended March 31, 2018 and 2017 because their effect is anti-dilutive, respectively. There were approximately 10,364,000 and 1,053,421 of common stock equivalents excluded for the three months ended March 31, 2018 and 2017, because their effect is anti-dilutive, respectively.

Table of Contents

Advertising Expenses

Most of the Company's advertising expense budget is used to support the Company's business. Most of the advertisements are in print or internet media, with expenses recorded as they are incurred. For the three and six months ended March 31, 2018 and 2017, included in selling, general and administrative expenses was advertising expense totaling approximately \$566,000 and \$1,165,000, and approximately \$216,000 and \$504,000, respectively.

Intangible Assets

Customer lists, non-compete agreements, customer relationships, management agreements and trade names were recorded at their estimated fair value at the date of acquisition and are amortized over their estimated useful lives ranging from two to ten years using both accelerated and straight-line methods.

Impairment of Long-lived Assets

The Company records an impairment of long-lived assets used in operations, other than goodwill, when events or circumstances indicate that the asset might be impaired and the estimated undiscounted cash flows to be generated by those assets over their remaining lives are less than the carrying amount of those items. The net carrying value of assets not recoverable is reduced to fair value, which is typically calculated using the discounted cash flow method. The Company did not record any impairment during the six months ended March 31, 2018 and 2017.

Stock-Based Compensation

The Company accounts for stock-based awards to employees in accordance with applicable accounting principles, which requires compensation expense related to share-based transactions, including employee stock options, to be measured and recognized in the financial statements based on a determination of the fair value of the stock options. The grant date fair value is determined using the Black-Scholes-Merton ("Black-Scholes") pricing model. For all employee stock options, we recognize expense over the requisite service period on an accelerated basis over the employee's requisite service period (generally the vesting period of the equity grant). The Company's option pricing model requires the input of highly subjective assumptions, including the expected stock price volatility, expected term, and forfeiture rate. Any changes in these highly subjective assumptions significantly impact stock-based compensation expense.

Options awarded to purchase shares of common stock issued to non-employees in exchange for services are accounted for as variable awards in accordance with applicable accounting principles. Such options are valued using the Black-Scholes option pricing model.

Upon the exercise of options, it is the Company's policy to issue new shares rather than utilizing treasury shares.

Income Taxes

We account for income taxes under the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements. Under this method, we determine deferred tax assets and liabilities on the basis of the differences between the financial statement and tax bases of assets and liabilities by using enacted tax rates in effect for the year in which the differences are expected to reverse. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date.

Table of Contents

We recognize deferred tax assets to the extent that we believe that these assets are more likely than not to be realized. In making such a determination, we consider all available positive and negative evidence, including future reversals of existing taxable temporary differences, projected future taxable income, tax-planning strategies, and results of recent operations. If we determine that we would be able to realize our deferred tax assets in the future in excess of their net recorded amount, we would make an adjustment to the deferred tax asset valuation allowance, which would reduce the provision for income taxes.

We record uncertain tax positions in accordance with ASC 740 on the basis of a two-step process in which (1) we determine whether it is more likely than not that the tax positions will be sustained on the basis of the technical merits of the position and (2) for those tax positions that meet the more-likely-than-not recognition threshold, we recognize the largest amount of tax benefit that is more than 50 percent likely to be realized upon ultimate settlement with the related tax authority.

We recognize interest and penalties related to unrecognized tax benefits on the income tax expense line in the accompanying consolidated statement of operations. As of September 30, 2017, no accrued interest or penalties are included on the related tax liability line in the consolidated balance sheet.

Reclassification

Certain reclassifications have been made to the financial statements as of and for the three and six months ended March 31, 2017 to conform to the current year presentation. There is no effect on assets, liabilities, equity or net income.

Segment Data

The Company provides the following distinctive services: (a) direct hire placement services, (b) temporary professional services staffing in the fields of information technology, engineering, medical, and accounting, and (c) temporary light industrial staffing. These distinct services can be divided into two reportable segments, Industrial Staffing Services and Professional Staffing Services. Selling, general and administrative expenses are not completely separately allocated among light industrial services and professional staffing services. Operating results are regularly reviewed by the chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. Other factors, including type of business, type of employee, length of employment and revenue recognition are considered in determining these operating segments.

3. Recent Accounting Pronouncements

On May 28, 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2014-09, Revenue from Contracts with Customers, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. In August 2015, the FASB issued ASU No. 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date, which delayed the effective date of the new standard from January 1, 2017 to January 1, 2018. The FASB also agreed to allow entities to choose to adopt the standard as of the original effective date. This ASU permits the use of either the retrospective or cumulative effect transition method. The new standard is effective for the Company beginning October 1, 2018. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

In February 2016, the FASB issued authoritative guidance which changes financial reporting as it relates to leasing transactions. Under the new guidance, lessees will be required to recognize a lease liability, measured on a discounted basis; and a right-of-use asset, for the lease term. The new guidance is effective for annual and interim periods beginning after December 15, 2018. Early application is permitted for all entities upon issuance. Lessees and lessors must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

Table of Contents

In January 2017, the FASB issued ASU 2017-04, “Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment”. The update simplifies how an entity is required to test goodwill for impairment by eliminating Step 2 from the goodwill impairment test. Step 2 measures a goodwill impairment loss by comparing the implied fair value of a reporting unit’s goodwill with the carrying amount. The new rules will be effective for the Company in the first quarter of 2021. Early adoption is permitted. The Company is currently evaluating the impact of adopting this ASU on its consolidated financial statements.

No other recent accounting pronouncements were issued by FASB and the SEC that are believed by management to have a material impact on the Company’s present or future financial statements.

Non-Compete Agreements	4,331	965	3,366	
	\$ 41,730	\$ 6,681	\$ 35,049	

The amortization expense attributable to the amortization of identifiable intangible assets was approximately \$1,394,000 and \$2,790,000 and \$369,000 and \$738,000 for the three and six months ended March 31, 2018 and 2017, respectively.

The trade names are amortized on a straight – line basis over the estimated useful life of ten years. Customer relationships are amortized based on the future undiscounted cash flows or straight – line basis over estimated remaining useful lives of five to ten years. Non-compete agreements are amortized based on a straight-line basis over the term of the non-compete agreement, typically five years. Over the next five years and thereafter, annual amortization expense for these finite life intangible assets will total approximately \$32,259,000, as follows: fiscal 2018 - \$2,792,000, fiscal 2019 - \$5,586,000, fiscal 2020 - \$5,005,000, fiscal 2021 - \$4,148,000, fiscal 2022 - \$3,469,000 and thereafter - \$11,259,000.

Long-lived assets, including purchased intangibles subject to amortization, are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company regularly evaluates whether events and circumstances have occurred that indicate possible impairment and relies on a number of factors, including operating results, business plans, economic projections, and anticipated future cash flows. The Company uses an estimate of the future undiscounted net cash flows of the related asset or asset group over the remaining life in measuring whether the assets are recoverable.

6. Revolving Credit Facility and Term Loan

Revolving Credit, Term Loan and Security Agreement

After the close of business on March 31, 2017, the Company and its subsidiaries, as borrowers, entered into a Revolving Credit, Term Loan and Security Agreement (the “Credit Agreement”) with PNC, and certain investment funds managed by MGG. Initial funds were distributed on April 3, 2017 (the “Closing Date”) to repay existing indebtedness, pay fees and expenses relating to the Credit Agreement, and to pay a portion of the purchase price for the acquisition of the SNI Companies.

Under the terms of the Credit Agreement, the Company may borrow up to \$73,750,000 consisting of a four-year term loan in the principal amount of \$48,750,000 and revolving loans in a maximum amount up to the lesser of (i) \$25,000,000 or (ii) an amount determined pursuant to a borrowing base that is calculated based on the outstanding amount of the Company’s eligible accounts receivable, as described in the Credit Agreement. The loans under the Credit Agreement mature on March 31, 2021.

On August 31, 2017, the Company entered into a Consent to Extension of Waiver to the Credit Agreement (the “Waiver”). Under the terms of the Waiver, the Lenders and the Agents agreed to extend to October 3, 2017 the deadline by which the Company must deliver updated financial information satisfactory to the lenders in order to amend the financial covenant levels, execute a fully executed amendment to the Credit Agreement, and any other terms and conditions required by the lenders in their sole discretion. Additionally, the Company paid a \$73,500 consent fee to the Agents for the pro rata benefit of the lenders, in connection with the Waiver.

On August 31, 2017, an additional waiver to the Credit Agreement (“Additional Waiver”), pursuant to which the due date for the Company to deliver the subordination agreement and an amended subordinated note, executed by one of the Company’s subordinated lenders was extended from August 31, 2017 to October 3, 2017, was also obtained.

On October 2, 2017, the Company, the other borrower entities and guarantor entities named therein (collectively, the “Loan Parties”), PNC, and certain investment funds managed by MGG (collectively the (“Lenders”)) entered into a First Amendment and Waiver (the “First Amendment”) to the Revolving Credit, Term Loan and Security Agreement dated as of March 31, 2017 (the “Credit Agreement”) by and among the Loan Parties, and the Lenders.

The First Amendment, which was effective as of October 2, 2017, modified the required principal repayment schedule with respect to the Term Loans. The Amendment also modified the ability of the Loan Parties to repay or make other payments with respect to certain other loans that are subordinated in right of payment to the indebtedness under the Credit Agreement.

Pursuant to the First Amendment the Lenders also waived any Event of Default arising out of the Loan Parties' failure to deliver, on or before October 3, 2017, the materials satisfying the requirements of clauses (i) and (ii) of Section 5 of the Waiver to Revolving Credit, Term Loan and Security Agreement, dated as of August 14, 2017, as amended.

On November 14, 2017, the Company and its subsidiaries, as Borrowers, entered into a second amendment (the "Second Amendment") to the Revolving Credit, Term Loan and Security Agreement, dated as of March 31, 2017 (the "Credit Agreement").

Pursuant to the Second Amendment the Borrowers agreed, among other things, to use commercially reasonable efforts to prepay, or cause to be prepaid, \$10,000,000 in principal amount of Advances (as defined in the Credit Agreement) outstanding, which amount shall be applied to prepay the Term Loans in accordance with the applicable terms of the Credit Agreement. Any prepayment to the term loan is contingent upon a future financing, non-operational cash flow or excess cash flow as defined in the agreement. The Company also agreed to certain amendments to the loan covenants required to be maintained and agreed to pay to the Administrative Agent for the account of the Revolving Lenders, an amendment fee of \$364,140, in connection with their execution and delivery of the Second Amendment. Such fee is payable on the earlier of June 30, 2018, or the first date on which all of the obligations are paid in full in cash and the Credit Agreement is terminated.

Table of ContentsRevolving Credit Facility

At March 31, 2018, the Company had \$9,900,000 in outstanding borrowings under the Revolving Credit Facility, of which approximately \$8,000,000 was fixed for a three-month period at an interest of approximately 10.75%.

As of March 31, 2018, the Company had approximately \$3,400,000 available on the Revolving Credit facility.

The Revolving Credit Facility is secured by all of the Company's property and assets, whether real or personal, tangible or intangible, and whether now owned or hereafter acquired, or in which it now has or at any time in the future may acquire any right, title or interests.

Term Loan

At March 31, 2018 and September 30, 2017, the Company had outstanding balances under its Term Loan, as follows (in thousands):

	March 31, 2018	September 30, 2017
Term loan	\$ 46,828	\$ 48,141
Unamortized debt discount	(2,305)	(2,690)
	44,523	45,451
Short term portion of term loan	(6,187)	(3,433)
Term loan	\$ 38,336	\$ 42,018

The Term Loan is payable as follows, subject to acceleration upon the occurrence of an Event of Default under the Credit Agreement or termination of the Credit Agreement and provided that all unpaid principal, accrued and unpaid interest and all unpaid fees and expenses shall be due and payable in full on March 31, 2021. Principal payments are required as follows: Fiscal year 2018 – \$2,323,000, Fiscal year 2019 – \$7,728,000, Fiscal year 2020 – \$8,337,000 and Fiscal year 2021 - \$28,440,000.

The Company also is required to prepay the outstanding amount of the Term Loan in an amount equal to the Specified Excess Cash Flow Amount (as defined in the agreement) for the immediately preceding fiscal year, commencing with

the fiscal year ending September 30, 2018.

The Credit Agreement contains certain covenants applicable to both the Revolving Credit Facility and Term Loan. At March 31, 2018, the Company did not meet its financial loan covenants and has obtained a temporary waiver from its lenders. Although there can be no absolute assurance, management believes that the conditions that led to the inability to achieve compliance with the financial covenants of the Credit Agreement as of March 31, 2018, improving and continues to believe that the Company will return to compliance with applicable future financial covenants.

In addition to these financial covenants, the Credit Agreement includes other restrictive covenants. The Credit Agreement permits capital expenditures up to a certain level and contains customary default and acceleration provisions. The Credit Agreement also restricts, above certain levels, acquisitions, incurrence of additional indebtedness, and payment of dividends.

The loans under the Credit Agreement for the period commencing on the Second Amendment Effective Date up to and including May 31, 2018, (i) so long as the Senior Leverage Ratio is equal to or greater than 3.75 to 1.00, an amount equal to 9.75% for Advances consisting of Domestic Rate Loans and 10.75% for Advances consisting of LIBOR Rate Loans and (ii) so long as the Senior Leverage Ratio is less than 3.75 to 1.00, an amount equal to 9.00% for Advances consisting of Domestic Rate Loans and 10.00% for Advances consisting of LIBOR Rate Loans.

Table of Contents**10. Income Tax**

The following table presents the provision for income taxes and our effective tax rate for the three and six months ended March 31, 2018 and 2017 (in thousands):

	Three Months Ended, March 31,	
	2018	2017
Provision for Income Taxes	694	64
Effective Tax Rate	-32%	-99%

The effective income tax rate on operations is based upon the estimated income for the year, and adjustments, if any, in the applicable quarterly periods for the potential tax consequences, benefits, resolutions of tax audits or other tax contingencies.

Our effective tax rate for the three months ended March 31, 2018 is higher than the statutory tax rate primarily due to a tax provision for state income taxes and an increase in the deferred tax liability related to indefinite lived assets.

Our effective tax rate for the three months ended March 31, 2018 was higher than the statutory rate primarily due to a change in the valuation allowance.

	Six Months Ended, March 31,	
(in thousands)	2018	2017
Provision for Income Taxes	666	130
Effective Tax Rate	-17%	250%

Our effective tax rate for the six months ended March 31, 2018 is lower than the statutory tax rate primarily due to a tax provision for state income taxes and an increase in the deferred tax liability related to indefinite lived assets being offset by a discrete tax benefit recorded for the impact from the US Tax Reform. The tax provision for the six months ended March 31, 2018 includes discrete tax benefit totaling \$0.4 million relating to the US Tax Reform that was recorded in the period ending December 31, 2017.

Our effective tax rate for the six months ended March 31, 2017 was higher than the statutory rate primarily due to a change in the valuation allowance.

On December 22, 2017, President Trump signed into law the “Tax Cuts and Jobs Act” (“US Tax Reform”). The US Tax Reform provides for significant changes in the U.S. Internal Revenue Code of 1986, as amended. Certain provisions of the US Tax Reform will become effective during our fiscal year ending September 30, 2018 with all provisions of the US Tax Reform effective as of the beginning of our fiscal year ending September 30, 2019. As the US Tax Reform was enacted after our year end of September 30, 2017, it had no impact on our fiscal 2017 financial results. The US Tax Reform contains provisions with separate effective dates but is generally effective for taxable years beginning after December 31, 2017.

Beginning on January 1, 2018, the US Tax Reform lowers the US corporate income tax rate to 21% from that date and beyond. We estimate that the revaluation of our US deferred tax assets and liabilities to the 21% corporate tax rate will reduce our net deferred tax liability by approximately \$0.4 million and is reflected as a tax benefit in our results for the quarter ending December 31, 2017.

Although we believe we have accounted for the parts of the US Tax Reform that will have the most significant impact on our financials, the ultimate impact of the US Tax Reform on our reported results in 2018 may differ from the estimates provided herein, due to, among other things, changes in interpretations and assumptions we have made, guidance that may be issued, and other actions we may take as a result of the US Tax Reform different from that presently contemplated.

11. Acquisitions

SNI

The Company entered into an Agreement and Plan of Merger dated as of March 31, 2017 (the “Merger Agreement”) whereby it has acquired 100% of the outstanding capital stock of SNI Companies, Inc., a Delaware corporation and a wholly-owned subsidiary of SNI Holdco (“SNI Companies” and collectively with SNI Holdco, the “Acquired Companies”). The aggregate consideration paid for the shares of SNI Holdco (the “Merger Consideration”) was approximately \$66,300,000.

Consolidated pro-forma unaudited financial statements

The following unaudited pro forma combined financial information is based on the historical financial statements of the Company and SNI Companies, Inc., after giving effect to the Company’s acquisition as if the acquisition occurred on October 1, 2016.

The following unaudited pro forma information does not purport to present what the Company’s actual results would have been had the acquisitions occurred on October 1, 2016, nor is the financial information indicative of the results of future operations. The following table represents the unaudited consolidated pro forma results of operations for the six months ended March 31, 2017 as if the acquisition occurred on October 1, 2016. The pro forma results of operations for the six months ended March 31, 2017 only include SNI Companies, as all other acquisitions either occurred prior to October 1, 2016 or had an immaterial effect on pro forma balances. Operating expenses have been increased for the amortization expense associated with the estimated fair value adjustment as of each acquisition during the respective period for the expected definite lived intangible assets. Operating expenses have been increased for the amortization expense associated with the fair value adjustment of definite lived intangible assets of approximately \$2,000,000 for the six months ended March 31, 2017 and \$1,000,000 for the three months ended March 31, 2017 for the SNI acquisition.

12. Commitments and Contingencies

Leases

The Company leases space for all of its branch offices, which are located either in downtown or suburban business centers, and for its corporate headquarters. Branch offices are generally leased over periods ranging from three to five years. The corporate office lease expires in 2018. The leases generally provide for payment of basic rent plus a share of building real estate taxes, maintenance costs and utilities.

Rent expense was approximately \$856,000 and \$1,729,000 and \$307,000 and \$579,000 for the three and six-month periods ended March 31, 2018 and 2017, respectively. As of March 31, 2018, future minimum lease payments due under non-cancelable lease agreements having initial terms in excess of one year, including certain closed offices, totaled approximately \$5,445,000 as follows: fiscal 2018 - \$1,374,000, fiscal 2019 - \$2,303,000 fiscal 2020 - \$1,192,000, fiscal 2021 - \$320,000 fiscal 2022 - \$203,000 and thereafter - \$53,000.

Working Capital Deposit

The Company retained approximately \$1,500,000 of the purchase price, in cash, as a guarantee from the sellers of the SNI Companies that would provide a minimum of \$9,200,000 of working capital, as defined in the purchase agreement. As of March 31, 2018, the Company and the sellers of the SNI Companies have not agreed to the provided working capital and the cash continues to be retained by the Company with a corresponding liability reported in its consolidated balance sheet, pending final determination and resolution among the parties.

13. Segment Data

The Company provides the following distinctive services: (a) direct hire placement services, (b) temporary professional services staffing in the fields of information technology, engineering, medical, and accounting, and (c) temporary light industrial staffing. These distinct services can be divided into two reportable segments, Industrial Staffing Services and Professional Staffing Services. Some selling, general and administrative expenses are not fully allocated among light industrial services and professional staffing services.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

Overview

We specialize in the placement of information technology, engineering, and accounting professionals for direct hire and contract staffing for our clients, data entry assistants (medical scribes) who specialize in electronic medical records (EMR) services for emergency departments, specialty physician practices and clinics and provide temporary staffing services for our light industrial clients. The acquisitions of Agile Resources, Inc. (“Agile”), Access Data Consulting Corporation (“Access”), Paladin Consulting Inc. (“Paladin”) and SNI Companies, Inc. (“SNI”) expanded our geographical footprint within the placement and contract staffing of information technology.

The Company markets its services using the trade names General Employment Enterprises, Omni One, Ashley Ellis, Agile Resources, Scribe Solutions Inc., Access Data Consulting Corporation, Paladin Consulting Inc., SNI Companies, Inc., Triad Personnel Services and Triad Staffing. As of March 31, 2018, we operated forty-four branch offices in downtown or suburban areas of major U.S. cities in sixteen states. We have one office located in each of Arizona, Connecticut, Georgia, Iowa, Maryland, Minnesota, Pennsylvania, Washington DC and Virginia, two offices in New Jersey, four offices in Colorado, Massachusetts, Illinois and Texas, seven offices in Ohio and ten offices in Florida.

Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of equity and debt to improve the overall profitability and cash flows of the Company. We believe our current segments complement one another and position us for future growth.

Results of Operations – Three Months Ended March 31, 2018 Compared to the Three Months Ended March 31, 2017

Results of Operations

Net Revenues

Consolidated net revenues are comprised of the following:

Three Months

(In thousands)	Ended March 31,		\$ change	% change
	2018	2017		
Direct hire placement services	\$ 5,337	\$ 1,459	\$ 3,878	266%
Professional contract services	29,393	13,965	15,428	110
Industrial contract services	5,127	6,125	(998)	(16)
Consolidated Net Revenues	\$ 39,857	\$ 21,549	\$ 18,308	85%

Consolidated net revenues increased approximately \$18,308,000 or 85% compared with the same period last year. The Company acquired SNI as of March 31, 2017, which increased the direct hire placement and professional contract services significantly in the fiscal 2018 second quarter. These substantial increases were offset to a small extent by declines in the total number of recruiters, sales professionals and others as the result of strategic personnel actions instituted by management and by a slower than normal post-holiday recovery in hiring in many markets coupled with inclement weather stemming from Nor'easters and Snow Storms in the Northeast, MidAtlantic and Midwest regions where the Company has offices. The result was a slower than normal start for the 2018 fiscal second quarter resulting in a reduction in billable hours for contract workers as well as fewer direct hire placements during the months of January and February.

Table of Contents*Cost of Contract Services*

Cost of services includes wages and related payroll taxes and employee benefits of the Company's employees while they work on contract assignments. Cost of contract services for the three-month period ended March 31, 2018 increased by approximately 65% to approximately \$26,231,000 compared with the prior period of approximately \$15,894,000. The increase includes approximately \$12,377,000 in cost of contract services related to SNI. The Cost of contract services, as a percentage of contract revenue, for the three-month period ended March 31, 2018 improved approximately 8 percentage points (800 bps) to 66% compared with the prior period of approximately 74%. The change in the contract revenue gross margin is related to several factors, including the increased amount of permanent placements from SNI and margin improvement initiatives in professional contract services, offset to a small extent by a decrease in industrial contract services revenues.

Selling, General and Administrative Expenses

Selling, general and administrative expenses include the following categories:

- Compensation and benefits in the operating divisions, comprised of salaries, wages and commissions earned by the Company's employment consultants and branch managers on permanent and temporary placements.

Edgar Filing: GEE Group Inc. - Form 10-Q

- Administrative compensation, which includes salaries, wages, payroll taxes and employee benefits associated with general management and the operation of the finance, legal, human resources and information technology functions.
- Occupancy costs, which includes office rent, and other office operating expenses.
- Recruitment advertising, which includes the cost of identifying job applicants.
- Other selling, general and administrative expenses, which includes travel, bad debt expense, fees for outside professional services and other corporate-level expenses such as business insurance and taxes.

Table of Contents

The Company's largest selling, general and administrative expense is for compensation in the operating divisions. Most of the Company's sales agents and recruiters are paid on a commission basis and receive advances against future commissions. When commissions are earned, prior advances are applied against them and the sales agent or recruiter is paid the net amount. The Company recognizes the full amount as commission expense, and advance expense is reduced by the amount recovered. Thus, the Company's advance expense represents the net amount of advances paid, less amounts applied against commissions, plus commission accruals for billed but uncollected revenue.

Selling, general and administrative expenses for the three months ended March 31, 2018 increased by approximately \$7,127,000 or approximately 148% compared to the same period last year. The net increase was primarily related to the inclusion of selling, general and administrative expenses of SNI following the acquisition by the Company, offset by cost reductions, principally in general and administrative costs, undertaken by management. Management continues efforts to reduce general and administrative expenses as the Company consolidates the back office and can capitalize on the Company's growth.

Amortization Expense

Amortization expense for the three months ended March 31, 2018, increased \$1,025,000, or 278% compared with the prior period, primarily as a result of the acquisition of SNI in April 2017 and the related amortization of their identified intangible assets.

Interest Expense

Interest expense for the three months ended March 31, 2018, increased by approximately \$1,807,000 or 461% compared with the same period last year primarily as a result of the newly obtained long-term debt, the interest expense and fees associated with acquisition payments, and higher average borrowings related to the new acquisitions. Interest expense includes non-cash payments in kind ("PIK") of the Company's common stock of approximately \$402,000 for the fiscal 2018 quarter ended March 31, 2018.

Net Loss

Higher interest expense and amortization of intangibles related to the fiscal 2017 third quarter acquisition of the SNI Companies contributed to the increased net loss for the quarter.

Results of Operations – Six Months Ended March 31, 2018 Compared to the Six Months Ended March 31, 2017**Results of Operations***Net Revenues*

Consolidated net revenues increased approximately \$42,534,000 or 100% compared with the same period last year. The Company acquired SNI as of March 31, 2017, which increased the direct hire placement and professional contract services significantly in the first six months of fiscal 2018. These substantial increases were offset to a small extent by declines in the total number of recruiters, sales professionals and others as the result of strategic personnel actions instituted by management and by a slower than normal post-holiday recovery in hiring in many markets coupled with inclement weather stemming from Nor'easters and Snow Storms in the Northeast, MidAtlantic and Midwest regions where the Company has offices. Cost of contract services for the six-month period ended March 31, 2018 increased by approximately 77% to approximately \$55,689,000 compared with the prior period of approximately \$31,457,000. The increase includes approximately \$26,622,000 in cost of contract services related to SNI. The cost of contract services, as a percentage of contract revenue, for the six-month period ended March 31, 2018 decreased approximately 9 percentage points (850 bps) to 65% compared with the prior period of approximately 74%. The change in the contract revenue gross margin is related to several factors, including the increased amount of permanent placements from SNI and margin improvement initiatives in professional contract services, offset to a small extent by a decrease in industrial contract services revenues.

Selling, general and administrative expenses for the six months ended March 31, 2018 increased by approximately \$15,398,000 or approximately 165% compared to the same period last year. The net increase was primarily related to the inclusion of selling, general and administrative expenses of SNI following the acquisition by the Company, offset by cost reductions, principally in general and administrative costs, undertaken by management. Management continues efforts to reduce general and administrative expenses as the Company consolidates the back office and can capitalize on the Company's growth.

Amortization Expense

Amortization expense for the six months ended March 31, 2018, increased \$2,052,000, or 278% compared with the prior period, primarily as a result of the acquisition of SNI in April 2017 and the related amortization of their identified intangible assets.

Interest Expense

Interest expense for the six months ended March 31, 2018, increased by approximately \$4,741,000 or 630% compared with the same period last year primarily as a result of the newly obtained long-term debt, the interest expense for acquisition payments and higher average borrowings related to the new acquisitions. Interest expense includes non-cash payments in kind ("PIK") of the Company's common stock of approximately \$402,000 for the fiscal 2018 quarter ended March 31, 2018.

Net Loss

Higher interest expense and amortization of intangibles related to the fiscal 2017 third quarter acquisition of the SNI Companies contributed to the increased net loss for the first six months of fiscal 2018.

Liquidity and Capital Resources

The principal sources of cash and liquidity used in operations by the Company are revenues from clients who contract for its staffing and placement services and temporary borrowings under its Revolving Credit Facility. Principal uses of cash are for the payment of cost of contract services, which are principally comprised of compensation and benefits, including salaries, bonuses and commissions to contract personnel and for the payment sales, general and administrative expenses, income taxes and related items, and principal and interest payments on borrowings.

The following table sets forth certain consolidated statements of cash flows data (in thousands):

	For the six months ended	For the six months ended
	March 31, 2018	March 31, 2017
Cash flows provided by (used) in operating activities	\$ 172	\$ (281)
Cash flows used in investing activities	\$ (199)	\$ (536)
Cash flows provided by (used in) financing activities	\$ 180	\$ (149)

The Company experienced significant net losses for its most recent fiscal year ended September 30, 2017, and for the first six-months of 2018. Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of common stock, to improve the overall profitability and cash flows of the Company.

Table of Contents

As of March 31, 2018, the Company had cash of approximately \$2,938,000, which was an increase of approximately \$153,000 from approximately \$2,785,000 at September 30, 2017. Negative working capital at March 31, 2018 was approximately \$960,000, as compared to working capital of approximately \$1,588,000 for September 30, 2017. The net loss for the six months ended March 31, 2018, was approximately \$4,669,000.

Net cash provided by (used in) operating activities for the six months ended March 31, 2018 and 2017 was approximately \$172,000 and \$(281,000), respectively. The fluctuation is due to the significant loss from operations, increase in accrued interest, increase in accounts payable, decrease in accrued compensation, decrease in accounts receivable and increase in other current assets for the quarter ended March 31, 2018 and offset by non-cash related expense for depreciation, amortization and stock compensation.

At March 31, 2018 there was approximately \$403,000 of accrued interest that was payable with the Company's common stock.

Net cash used in investing activities for the six months ended March 31, 2018 and 2017 was approximately \$(199,000) and \$(536,000), respectively. The primary use of cash was for acquisition of furniture and equipment for new offices.

Net cash flows provided by and used in financing activities for the six months ended March 31, 2018 was approximately \$180,000 compared to approximately \$(149,000) in the six months ended March 31, 2017. Fluctuations in financing activities are attributable to the net borrowings of the revolving credit facility, offset by payments on other debt.

After the close of business on March 31, 2017, the Company and its subsidiaries, as borrowers, entered into a Revolving Credit, Term Loan and Security Agreement (the "Credit Agreement") with PNC, and certain investment funds managed by MGG. Initial funds were distributed on April 3, 2017 (the "Closing Date") to repay existing indebtedness, pay fees and expenses relating to the Credit Agreement, and to pay a portion of the purchase price for the acquisition of the SNI Companies.

Under the terms of the Credit Agreement, the Company may borrow up to \$73,750,000 consisting of a four-year term loan in the principal amount of \$48,750,000 and revolving loans in a maximum amount up to the lesser of (i) \$25,000,000 or (ii) an amount determined pursuant to a borrowing base that is calculated based on the outstanding amount of the Company's eligible accounts receivable, as described in the Credit Agreement. The loans under the Credit Agreement mature on March 31, 2021.

On the Closing Date of the Credit Agreement, the Company borrowed \$48,750,000 from term-loans and borrowed approximately \$7,476,316 from the Revolving Credit Facility for a total of \$56,226,316, which was used by the Company to repay existing indebtedness, to pay fees and expenses relating to the Credit Agreement, and to pay a portion of the purchase price for the acquisition of all of the outstanding stock of SNI Holdco Inc. pursuant to the Merger Agreement. Amounts borrowed under the Credit Agreement also may be used by the Company to partially fund capital expenditures, provide for on-going working capital needs and general corporate needs, and to fund future acquisitions subject to certain customary conditions of the lenders.

The Credit Agreement contains certain covenants applicable to both the Revolving Credit Facility and Term Loan. At March 31, 2018, the Company did not meet its financial loan covenants and has obtained a temporary waiver from its lenders. Although there can be no absolute assurance, management believes that the conditions that led to the inability to achieve compliance with the financial covenants of the Credit Agreement as of March 31, 2018, are improving and continues to forecast results that indicate that the Company will return to compliance with applicable future financial covenants.

In addition to the financial covenants, the Credit Agreement includes other restrictive covenants. The Credit Agreement permits capital expenditures up to a certain level, and contains customary default and acceleration provisions. The Credit Agreement also restricts, above certain levels, acquisitions, incurrence of additional indebtedness, and payment of dividends.

Table of Contents

Minimum debt service payments (principal) for the twelve-month period commencing after the close of business on March 31, 2018, are approximately \$6,908,000. All of the Company's office facilities are leased. Minimum lease payments under all of the Company's lease agreements for the twelve-month period commencing after the close of business on March 31, 2018, are approximately \$2,526,000.

Management believes that the future cash flow from operations and the availability of borrowings under the Revolving Credit Facility will provide sufficient liquidity for the next 12 months.

Off-Balance Sheet Arrangements

As of March 31, 2018, there were no transactions, agreements or other contractual arrangements to which an unconsolidated entity was a party, under which the Company (a) had any direct or contingent obligation under a guarantee contract, derivative instrument or variable interest in the unconsolidated entity, or (b) had a retained or contingent interest in assets transferred to the unconsolidated entity.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

Disclosure Controls and Procedures

As of March 31, 2018, the Company's management evaluated, with the participation of its principal executive officer and its principal financial officer, the effectiveness of the Company's disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the Exchange Act"). Based on that evaluation, the Company's principal executive officer and its principal financial officer concluded that the Company's disclosure controls and procedures were effective as of March 31, 2018.

Changes in Internal Control over Financial Reporting

There were no changes in the Company's internal control over financial reporting or in any other factors that could significantly affect these controls, during the Company's second quarter ended March 31, 2018, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
