PART 1 -- FINANCIAL INFORMATION

Item 1. Financial Statements

The accompanying unaudited consolidated balance sheets, statements of income, changes in partners' capital, and cash flows and related notes thereto, have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") for interim financial information and in conjunction with the rules and regulations of the Securities and Exchange Commission ("SEC"). Accordingly, they do not include all of the disclosures required by GAAP for complete financial statements. The financial statements reflect all adjustments consisting only of normal, recurring adjustments, which are, in the opinion of management, necessary for a fair presentation for the interim periods.

The consolidated balance sheet as of December 31, 2017 has been derived from the audited consolidated balance sheet at that date but does not include all of the information and footnotes required by U.S. generally accepted accounting principles for complete financial statements.

The aforementioned financial statements should be read in conjunction with the notes to the aforementioned financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations and the financial statements and notes thereto included in New England Realty Associates L.P.'s Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

The results of operations for the three month period ended March 31, 2018 are not necessarily indicative of the results to be expected for the entire fiscal year or any other period.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2017

(Unaudited)

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

Line of Business: New England Realty Associates Limited Partnership (“NERA” or the “Partnership”) was organized in Massachusetts in 1977. NERA and its subsidiaries own 27 properties which include 19 residential buildings; 4 mixed use residential, retail and office buildings; 3 commercial buildings and individual units at one condominium complex. These properties total 2,711 apartment units, 19 condominium units and 108,043 square feet of commercial space. Additionally, the Partnership also owns a 40- 50% interest in 8 residential and mixed use properties consisting of 711 apartment units, 12,500 square feet of commercial space and a 50 car parking lot. The properties are located in Eastern Massachusetts and Southern New Hampshire.

Basis of Presentation: The financial statements have been prepared in conformity with GAAP. The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. These estimates and assumptions are based on management’s historical experience that are believed to be reasonable at the time. However, because future events and their effects cannot be determined with certainty, the determination of estimates requires the exercise of judgement. The Partnership’s critical accounting policies are those which require assumptions to be made about matters that are highly uncertain. Different estimates could have a material effect on the Partnership’s financial results. Judgements and uncertainties affecting the application of these policies and estimates may result in materially different amounts being reported under different conditions and circumstances.

Principles of Consolidation: The consolidated financial statements include the accounts of NERA and its subsidiaries. NERA has a 99.67% to 100% ownership interest in each subsidiary except for the eight limited liability companies (the “Investment Properties” or “Joint Ventures”) in which the Partnership has a 40 - 50% ownership interest. The consolidated group is referred to as the “Partnership”. Minority interests are not recorded, since they are insignificant. All significant intercompany accounts and transactions are eliminated in consolidation. The Partnership accounts for its investment in the above-mentioned Investment Properties using the equity method of consolidation. (See Note 14: Investment in Unconsolidated Joint Ventures.)

The Partnership accounts for its investments in joint ventures using the equity method of accounting. These investments are recorded initially at cost, as Investments in Unconsolidated Joint Ventures, and subsequently adjusted for equity in earnings and cash contributions and distributions. Generally, the Partnership would discontinue applying the equity method when the investment (and any advances) is reduced to zero and would not provide for additional losses unless the Partnership has guaranteed obligations of the venture or is otherwise committed to providing further financial support for the investee. If the venture subsequently generates income, the Partnership only recognizes its share of such income to the extent it exceeds its share of previously unrecognized losses. In 2013 and beyond, the carrying values of some investments fell below zero. We intend to fund our share of the investments' future operating deficits should the need arise. However, we have no legal obligation to pay for any of the liabilities of such investments nor do we have any legal obligation to fund operating deficits. (See Note 14: Investment in Unconsolidated Joint Ventures.)

The authoritative guidance on consolidation provides guidance on the identification of entities for which control is achieved through means other than voting rights ("variable interest entities" or "VIEs") and the determination of which business enterprise, if any, should consolidate the VIE (the "primary beneficiary"). Generally, the consideration of whether an entity is a VIE applies when either (1) the equity investors (if any) lack one or more of the essential characteristics of a controlling financial interest, (2) the equity investment at risk is insufficient to finance that equity's activities without additional subordinated financial support or (3) the equity investors have voting rights that are not proportionate to their economic interests and the activities of the entity involve or are conducted on behalf of an investor with a disproportionately small voting interest. The primary beneficiary is defined by the entity having both of the following characteristics: (1) the power to direct the activities that, when taken together, most significantly impact the

Table of Contents

variable interest entity's performance; and (2) the obligation to absorb losses and rights to receive the returns from VIE that would be significant to the VIE.

Impairment: On an annual basis management assesses whether there are any indicators that the value of the Partnership's rental properties or investments in unconsolidated subsidiaries may be impaired. In addition to identifying any specific circumstances which may affect a property or properties, management considers other criteria for determining which properties may require assessment for potential impairment. The criteria considered by management include reviewing low leased percentages, significant near term lease expirations, recently acquired properties, current and historical operating and/or cash flow losses, near term mortgage debt maturities or other factors that might impact the Partnership's intent and ability to hold property. A property's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property is less than the carrying value of the property. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the property over the fair value of the property. The Partnership's estimates of aggregate future cash flows expected to be generated by each property are based on a number of assumptions that are subject to economic and market uncertainties including, among others, demand for space, competition for tenants, changes in market rental rates, and costs to operate each property. As these factors are difficult to predict and are subject to future events that may alter management's assumptions, the future cash flows estimated by management in its impairment analyses may not be achieved.

Revenue Recognition: Rental income from residential and commercial properties is recognized over the term of the related lease. For residential tenants, amounts 60 days in arrears are charged against income. The commercial tenants are evaluated on a case by case basis. Certain leases of the commercial properties provide for increasing stepped minimum rents, which are accounted for on a straight-line basis over the term of the lease. Contingent rent for commercial properties are received from tenants for certain costs as provided in the lease agreement. The costs generally include real estate taxes, utilities, insurance, common area maintenance and recoverable costs. Rental concessions are also accounted for on the straight-line basis.

Above-market and below-market lease values for acquired properties are initially recorded based on the present value (using a discount rate which reflects the risks associated with the leases acquired) of the differences between (i) the contractual amounts to be paid pursuant to each in-place lease and (ii) management's estimate of fair market lease rates for each corresponding in-place lease, measured over a period equal to the remaining term of the lease for above-market leases and the initial term plus the term of any below-market fixed-rate renewal options for below-market leases. The capitalized above-market lease values for acquired properties are amortized as a reduction of base rental revenue over the remaining term of the respective leases, and the capitalized below-market lease values are amortized as an increase to base rental revenue over the remaining initial terms plus the terms of any below-market fixed-rate renewal options of the respective leases.

Rental Properties: Rental properties are stated at cost less accumulated depreciation. Maintenance and repairs are charged to expense as incurred; improvements and additions which improve or extend the life of the assets are capitalized. When assets are retired or otherwise disposed of, the cost of the asset and related accumulated depreciation is eliminated from the accounts, and any gain or loss on such disposition is included in income. Fully

depreciated assets are removed from the accounts. Rental properties are depreciated by both straight-line and accelerated methods over their estimated useful lives. Upon acquisition of rental property, the Partnership estimates the fair value of acquired tangible assets, consisting of land, building and improvements, and identified intangible assets and liabilities assumed, generally consisting of the fair value of (i) above and below market leases, (ii) in-place leases and (iii) tenant relationships. The Partnership allocated the purchase price to the assets acquired and liabilities assumed based on their fair values. The Partnership records goodwill or a gain on bargain purchase (if any) if the net assets acquired/liabilities assumed exceed the purchase consideration of a transaction. In estimating the fair value of the tangible and intangible assets acquired, the Partnership considers information obtained about each property as a result of its due diligence and marketing and leasing activities, and utilizes various valuation methods, such as estimated cash flow projections utilizing appropriate discount and capitalization rates, estimates of replacement costs net of depreciation, and available market information. The fair value of the tangible assets of an acquired property considers the value of the property as if it were vacant.

Other intangible assets acquired include amounts for in-place lease values and tenant relationship values, which are based on management's evaluation of the specific characteristics of each tenant's lease and the Partnership's overall relationship with the respective tenant. Factors to be considered by management in its analysis of in-place lease values include an estimate of carrying costs during hypothetical expected lease-up periods considering current market

Table of Contents

conditions, and costs to execute similar leases at market rates during the expected lease-up periods, depending on local market conditions. In estimating costs to execute similar leases, management considers leasing commissions, legal and other related expenses. Characteristics considered by management in valuing tenant relationships include the nature and extent of the Partnership's existing business relationships with the tenant, growth prospects for developing new business with the tenant, the tenant's credit quality and expectations of lease renewals. The value of in-place leases are amortized to expense over the remaining initial terms of the respective leases. The value of tenant relationship intangibles are amortized to expense over the anticipated life of the relationships.

In the event that facts and circumstances indicate that the carrying value of a rental property may be impaired, an analysis of the value is prepared. The estimated future undiscounted cash flows are compared to the asset's carrying value to determine if a write-down to fair value is required.

Leasing Fees: Leasing fees are capitalized and amortized on a straight-line basis over the life of the related lease. Unamortized balances are expensed when the corresponding fee is no longer applicable.

Deferred Financing Costs: Costs incurred in obtaining financing are capitalized and amortized over the term of the related indebtedness. Deferred financing costs are presented in the balance sheet as a direct deduction from the carrying value of the debt liability to which they relate, except deferred financing costs related to the revolving credit facility, which are presented in prepaid expenses and other assets. In all cases, amortization of such costs is included in interest expense and was approximately \$52,000 and \$47,000 for the three months ended March 31, 2018 and 2017, respectively.

Income Taxes: The financial statements have been prepared on the basis that NERA and its subsidiaries are entitled to tax treatment as partnerships. Accordingly, no provision for income taxes have been recorded (See Note 13).

Cash Equivalents: The Partnership considers cash equivalents to be all highly liquid instruments purchased with a maturity of three months or less.

Segment Reporting: Operating segments are revenue producing components of the Partnership for which separate financial information is produced internally for management. Under the definition, NERA operated, for all periods presented, as one segment.

Comprehensive Income: Comprehensive income is defined as changes in partners' equity, exclusive of transactions with owners (such as capital contributions and dividends). NERA did not have any comprehensive income items in 2018 or 2017 other than net income as reported.

Income (Loss) Per Depositary Receipt: Effective January 3, 2012, the Partnership authorized a 3-for-1 forward split of its Depositary Receipts listed on the NYSE Amex and a concurrent adjustment of the exchange ratio of Depositary Receipts for Class A Units of the Partnership from 10-to-1 to 30-to-1, such that each Depositary Receipt represents one-thirtieth (1/30) of a Class A Unit of the Partnership. All references to Depositary Receipts in the report are reflective of the 3- for-1 forward split.

Income Per Unit: Net income per unit has been calculated based upon the weighted average number of units outstanding during each period presented. The Partnership has no dilutive units and, therefore, basic net income is the same as diluted net income per unit (see Note 7: Partner's Capital).

Concentration of Credit Risks and Financial Instruments: The Partnership's properties are located in New England, and the Partnership is subject to the general economic risks related thereto. No single tenant accounted for more than 5% of the Partnership's revenues in 2018 or 2017. The Partnership makes its temporary cash investments with high-credit quality financial institutions. At March 31, 2018, substantially all of the Partnership's cash and cash equivalents were held in interest-bearing accounts at financial institutions, earning interest at rates from 0.01% to 0.20%. At March 31, 2018 and December 31, 2017, respectively approximately \$6,637,000, and \$8,898,000 of cash and cash equivalents, and security deposits included in prepaid expenses and other assets exceeded federally insured amounts.

Advertising Expense: Advertising is expensed as incurred. Advertising expense was \$44,381 and \$59,611 for the three months ended March 31, 2018 and 2017, respectively.

Table of Contents

Interest Capitalized: The Partnership follows the policy of capitalizing interest as a component of the cost of rental property when the time of construction exceeds one year. During the three months ended March 31, 2018 and 2017 there was no capitalized interest.

Extinguishment of Debt: When existing mortgages are refinanced with the same lender and it is determined that the refinancing is substantially different, then they are recorded as an extinguishment of debt. However if it is determined that the refinancing is substantially the same, then they are recorded as an exchange of debt. All refinancing qualify as extinguishment of debt.

Reclassifications: Certain reclassifications have been made to prior period amounts in order to conform to current period presentation.

NOTE 2. RENTAL PROPERTIES

As of March 31, 2018, the Partnership and its Subsidiary Partnerships owned 2,711 residential apartment units in 23 residential and mixed-use complexes (collectively, the “Apartment Complexes”). The Partnership also owns 19 condominium units in a residential condominium complex, all of which are leased to residential tenants (collectively referred to as the “Condominium Units”). The Apartment Complexes and Condominium Units are located primarily in the metropolitan Boston area of Massachusetts.

Additionally, as of March 31, 2018, the Partnership and Subsidiary Partnerships owned a commercial shopping center in Framingham, commercial buildings in Newton and Brookline and mixed-use properties in Boston, Brockton and Newton, all in Massachusetts. These properties are referred to collectively as the “Commercial Properties.”

The Partnership also owned a 40% to 50% ownership interest in eight residential and mixed use complexes (the “Investment Properties”) at March 31, 2018 with a total of 711 units, accounted for using the equity method of consolidation. See Note 14 for summary information on these investments.

On March 29, 2018, Hamilton Highlands, LLC (“Hamilton Highlands”), a wholly-owned subsidiary of New England Realty Associates Limited Partnership (the “Partnership”), purchased Webster Green Apartments, a 79 unit apartment complex located at 755-757 Highland Avenue, Needham, Massachusetts. The sale was consummated pursuant to the terms of a Purchase and Sale Contract by and between Webster Green Apartments, LLC, the prior owner of the Property, and The Hamilton Companies, Inc., an affiliate of the Partnership, which agreement was subsequently assigned by Hamilton to Hamilton Highlands.

Table of Contents

In connection with the purchase, the Hamilton Highlands entered into an Assumption and Modification Agreement dated as of March 29, 2018 with Brookline Bank pursuant to which the Hamilton Highlands assumed a note dated as of January 14, 2016 in the principal amount of \$21,500,000 and various agreements relating to the Note including a Mortgage, Assignment of Leases and Rents, Security Agreement, Fixture Filing dated as of January 14, 2016. The purchase price was \$34,500,000, consisting of a payment of approximately \$13,000,000 in cash and the assumption of the note and mortgage. Hamilton Highlands funded \$5,000,000 of the cash portion of the purchase price out of cash reserves and the remaining \$8,000,000 by drawing on an existing line of credit. The closing costs were approximately \$141,000. From the purchase price, the Partnership allocated approximately \$502,000 for in- place leases, and approximately \$40,000 to the value of tenant relationships. These amounts are being amortized over 12 and 24 months respectively.

On July 6, 2017, Woodland Park Partners, LLC, a newly formed subsidiary of the Partnership, purchased the Woodland Park Apartments, a 126-unit apartment complex located at 264-290 Grove Street, Newton, Massachusetts (the "Property"), for a purchase price of \$45,600,000. The closing costs were approximately \$64,000. To fund the purchase price, the Partnership borrowed \$25,000,000 under its outstanding line of credit with KeyBank, NA, and \$16,000,000 from HBC Holdings, LLC, a Massachusetts limited liability company controlled by Harold Brown. The loan from HBC Holdings will mature on July 16, 2018, with interest only at 4.75%. The balance of the purchase price was funded by the Partnership's cash reserves. The line of credit was paid down to \$17,000,000 and the loan payable to HBC Holdings was paid in full through the refinancing of Woodland Park and partnership cash reserves by December 31, 2017. From the purchase price, the Partnership allocated approximately \$541,000 for in- place leases, and approximately \$42,000 to the value of tenant relationships. These amounts are being amortized over 12 and 24 months respectively.

NOTE 3. RELATED PARTY TRANSACTIONS

The Partnership's properties are managed by an entity that is owned by the majority shareholder of the General Partner. The management fee is equal to 4% of gross receipts of rental revenue and laundry income on the majority of the Partnership's properties and 3% on Linewt. Total fees paid were approximately \$560,000 and \$537,000 for the three months ended March 31, 2018 and 2017, respectively.

The Partnership Agreement permits the General Partner or Management Company to charge the costs of professional services (such as counsel, accountants and contractors) to NERA. During the three months ended March 31, 2018 and 2017, approximately \$354,000 and \$182,000, was charged to NERA for legal, accounting, construction, maintenance, brokerage fees, rental and architectural services and supervision of capital improvements. Of the 2018 expenses referred to above, approximately \$82,000 consisted of repairs and maintenance, \$84,000 of administrative expense

and \$20,000 for commercial brokerage fees. Approximately \$168,000 of expenses for construction, architectural services and supervision of capital projects were capitalized in rental properties. Additionally in 2018, the Hamilton Company received approximately \$243,000 from the Investment Properties of which approximately \$160,000 was the management fee, approximately \$23,000 was for maintenance services, approximately \$20,000 was for administrative services and approximately \$40,000 for architectural services and supervision of capital projects. The management fee is equal to 4% of gross receipts of rental income on the majority of investment properties and 2% on Dexter Park.

The Partnership reimburses the management company for the payroll and related expenses of the employees who work at the properties. Total reimbursement was approximately \$824,000 and \$811,000 for the three months ended March 31, 2018 and 2017, respectively. The Management Company maintains a 401K plan for all eligible employees whereby the employees may contribute the maximum allowed by law. The plan also provides for discretionary contributions by the employer. There were no employer contributions during 2018 and 2017.

Bookkeeping and accounting functions are provided by the Management Company's accounting staff, which consists of approximately 14 people. During the three months ended March 31, 2018 and 2017, the Management Company charged the Partnership \$31,250 (\$125,000 per year) for bookkeeping and accounting services included in administrative expenses above.

The President of the Management Company performs asset management consulting services and receives an asset management fee from the Partnership. The Partnership does not have a written agreement with this individual. During the three months ended March 31, 2018 and 2017 this individual received fees of \$18,750.

Table of Contents

The Partnership has invested in eight limited partnerships, which have invested in mixed use residential apartment complexes. The Partnership has a 40% to 50% ownership interest in each investment property. The other investors are Harold Brown, the President of the Management Company and five other employees of the Management Company. Harold Brown's ownership interest is between 43.2% and 56%. See Note 14 for a description of the properties and their operations.

NOTE 4. OTHER ASSETS

Approximately \$2,564,000, and \$2,420,000 of security deposits are included in prepaid expenses and other assets at March 31, 2018 and December 31, 2017, respectively. The security deposits and escrow accounts are restricted cash.

Included in prepaid expenses and other assets at March 31, 2018 and December 31, 2017 is approximately \$387,000 and \$357,000, respectively, held in escrow to fund future capital improvements.

Intangible assets on the acquisitions of Webster Green Apartments and Woodland Park Apartments are included in prepaid expenses and other assets. Intangible assets are approximately \$690,000 net of accumulated amortization of approximately \$140,000 and approximately \$302,000 net of accumulated amortization of approximately \$280,000 at March 31, 2018 and December 31, 2017, respectively.

Financing fees in association with the line of credit of approximately \$110,000 and \$121,000 are net of accumulated amortization of approximately \$18,000 and \$7,000 at March 31, 2018 and December 31, 2017 respectively.

NOTE 5. MORTGAGE NOTES PAYABLE

At March 31, 2018 and December 31, 2017, the mortgages payable consisted of various loans, all of which were secured by first mortgages on properties referred to in Note 2. At March 31, 2018, the interest rates on these loans ranged from 3.61% to 5.81%, payable in monthly installments aggregating approximately \$1,116,000 including principal, to various dates through 2029. The majority of the mortgages are subject to prepayment penalties. At March 31, 2018, the weighted average interest rate on the above mortgages was 4.52%. The effective rate of 4.60% includes the amortization expense of deferred financing costs. See Note 12 for fair value information. The Partnership's mortgage debt and the mortgage debt of its unconsolidated joint ventures generally is non-recourse except for customary exceptions pertaining to misuse of funds and material misrepresentations.

Financing fees of approximately \$1,615,000 and \$1,531,000 are net of accumulated amortization of approximately \$1,101,000 and \$1,149,000 at March 31, 2018 and December 31, 2017, respectively.

The Partnership has pledged tenant leases as additional collateral for certain of these loans.

Approximate annual maturities at March 31, 2018 are as follows:

2019—current maturities	\$ 1,863,000
2020	1,944,000
2021	4,344,000
2022	2,566,000
2023	67,096,000
Thereafter	177,277,000

On March 29, 2018, Hamilton Highlands, LLC (Hamilton Highlands), a wholly-owned subsidiary of New England Realty Associates Limited Partnership, purchased Webster Green Apartments, a 79 unit apartment complex located at 755-757 Highland Avenue, Needham, Massachusetts. The sale was consummated pursuant to the terms of a Purchase and Sale Contract by and between Webster Green Apartments, LLC, the prior owner of the Property, and The Hamilton Companies, Inc., an affiliate of the Partnership, which agreement was subsequently assigned to Hamilton Highlands.

Table of Contents

In connection with the purchase, Hamilton Highlands entered into an Assumption and Modification Agreement dated as of March 29, 2018 with Brookline Bank pursuant to which Hamilton Highlands assumed a note dated as of January 14, 2016 in the principal amount of \$21,500,000 and various agreements relating to the Note including a Mortgage, Assignment of Leases and Rents, Security Agreement, Fixture Filing dated as of January 14, 2016. The purchase price was \$34,500,000, consisting of a payment of approximately \$13,000,000 in cash and the assumption of the Note and Mortgage. Hamilton Highlands funded \$5,000,000 of the cash portion of the purchase price out of cash reserves and the remaining \$8,000,000 by drawing on an existing line of credit. The closing costs were approximately \$141,000.

On March 12, 2018, the loan for 659 Worcester Road was refinanced with Brookline Bank in the amount of \$6,083,683. The loan is due on March 12, 2023. Interest only until March 12, 2021. Commencing on the next payment, monthly payments of principal and interest in the amount of \$32,427 will be made based on an assumed amortization period of thirty (30) years. The loan bears a fixed annual rate equal to 4.87%. The proceeds of the new loan were used to pay off the existing loan.

On September 29, 2017, Woodland Park Partners LLC, (“Woodland Park”), entered into a Multifamily Loan and Security Agreement with KeyBank National Association. The Loan Agreement provides for a term loan in the principal amount of \$22,250,000. The Loan is due on October 1, 2027, unless the due date is accelerated in accordance with the Loan’s terms, with interest only through October 1, 2022. Borrowings under the Loan will bear interest at the rate of 3.79%. The proceeds of the loan were used to pay off the loan from HBC Holdings, LLC and pay down the line of credit.

Line of Credit

On July 31, 2014, the Partnership entered into an agreement for a \$25,000,000 revolving line of credit. The term of the line was for three years with a floating interest rate equal to a base rate of the greater of (a) the Prime Rate (b) the Federal Funds Rate plus one-half of one percent per annum, or (c) the LIBOR Rate for a period of one month plus 1% per annum, plus the applicable margin of 2.5%.

The agreement originally expired on July 31, 2017, and was extended until October 31, 2020. The costs associated with the line of credit extension were approximately \$128,000. The Partnership borrowed \$25,000,000 to partially fund the purchase of Woodland Park. It paid down \$8,000,000 through the financing of the property and its’ cash reserve. As of December 31, 2017, the credit line had an outstanding balance of \$17,000,000.

On March 29, 2018, the Partnership drew down \$8,000,000 in conjunction with the purchase of Webster Green Apartments. As of March 31, 2018, the credit line had an outstanding balance of \$25,000,000.

The line of credit may be used for acquisition, refinancing, improvements, working capital and other needs of the Partnership. The line may not be used to pay distributions, make distributions or acquire equity interests of the Partnership.

The line of credit is collateralized by varying percentages of the Partnership's ownership interest in 23 of its subsidiary properties and joint ventures. Pledged interests range from 49% to 100% of the Partnership's ownership interest in the respective entities.

The Partnership paid fees to secure the line of credit. Any unused balance of the line of credit is subject to a fee ranging from 15 to 20 basis points per annum. The Partnership paid approximately \$3,000 in fees for the three months ended March 31, 2018.

The line of credit agreement has several covenants, such as providing cash flow projections and compliance certificates, as well as other financial information. The covenants include, but are not limited to the following: maintain a leverage ratio that does not exceed 65%; aggregate increase in indebtedness of the subsidiaries and joint ventures should not exceed \$15,000,000; maintain a tangible net worth (as defined in the agreement) of a minimum of \$150,000,000; a minimum ratio of net operating income to total indebtedness of at least 9.5%; debt service coverage ratio of at least 1.6 to 1, as well as other items. The Partnership is in compliance with these covenants as of March 31, 2018.

NOTE 6. ADVANCE RENTAL PAYMENTS AND SECURITY DEPOSITS

The Partnership's residential lease agreements may require tenants to maintain a one-month advance rental payment and/or a security deposit. At March 31, 2018, amounts received for prepaid rents of approximately \$2,175,000 are included in cash and cash equivalents, and security deposits of approximately \$2,564,000 are included in prepaid expenses and other assets and are restricted cash.

NOTE 7. PARTNERS' CAPITAL

The Partnership has two classes of Limited Partners (Class A and B) and one category of General Partner. Under the terms of the Partnership Agreement, distributions to holders of Class B Units and General Partnership Units must represent 19% and 1%, respectively, of the total units outstanding. All classes have equal profit sharing and distribution rights, in proportion to their ownership interests.

In January 2018, the Partnership approved a quarterly distribution to its Class A Limited Partners and holders of Depository Receipts of record as of March 15, 2018 and payable on March 31, 2018, of \$9.00 per unit (\$0.30 per receipt).

In April 2018, the Partnership approved a quarterly distribution to its Class A Limited Partners and holders of Depository Receipts of record as of June 15, 2018 and payable on June 29, 2018, of \$9.00 per unit (\$0.30 per receipt).

In 2017, regular quarterly distributions of \$9.00 per unit (\$0.30 per receipt) were paid in March, June, September and December. In December 2017, the Partnership paid a special distribution of \$28.50 per unit (\$0.95 per receipt).

The Partnership has entered into a deposit agreement with an agent to facilitate public trading of limited partners' interests in Class A Units. Under the terms of this agreement, the holders of Class A Units have the right to exchange each Class A Unit for 30 Depository Receipts. The following is information per Depository Receipt:

	Three Months Ended March 31,	
	2018	2017
Net Income per Depository Receipt	\$ 0.50	\$ 0.51
Distributions per Depository Receipt	\$ 0.30	\$ 0.30

NOTE 8. TREASURY UNITS

Treasury Units at March 31, 2018 are as follows:

Class A	44,671
Class B	10,609
General Partnership	559
	55,839

On August 20, 2007, NewReal, Inc., the General Partner authorized an equity repurchase program (“Repurchase Program”) under which the Partnership was permitted to purchase, over a period of twelve months, up to 300,000 Depository Receipts (each of which is one-tenth of a Class A Unit). Over time, the General Partner has authorized increases in the equity repurchase program. On March 10, 2015, the General Partner authorized an increase in the Repurchase Program from 1,500,000 to 2,000,000 Depository Receipts and extended the Program for an additional five years from March 31, 2015 until March 31, 2020. The Repurchase Program requires the Partnership to repurchase a proportionate number of Class B Units and General Partner Units in connection with any repurchases of any Depository Receipts by the Partnership based upon the 80%, 19% and 1% fixed distribution percentages of the holders of the Class A, Class B and General Partner Units under the Partnership’s Second Amended and Restate Contract of Limited Partnership. Repurchases of Depository Receipts or Partnership Units pursuant to the Repurchase Program may be made by the Partnership from time to time in its sole discretion in open market transactions or in privately negotiated

transactions. From August 20, 2007 through March 31, 2018, the Partnership has repurchased 1,365,306 Depositary Receipts at an average price of \$27.14 per receipt (or \$814.20 per underlying Class A Unit), 3,072 Class B Units and 162 General Partnership Units, both at an average price of \$926.26 per Unit, totaling approximately \$40,274,000 including brokerage fees paid by the Partnership.

During the three months ended March 31, 2018, the Partnership did not purchase any Depositary Receipts.

NOTE 9. COMMITMENTS AND CONTINGENCIES

From time to time, the Partnership is involved in various ordinary routine litigation incidental to its business. The Partnership either has insurance coverage or provides for any uninsured claims when appropriate. The Partnership is not involved in any material pending legal proceedings.

NOTE 10. RENTAL INCOME

During the three months ended March 31, 2018, approximately 93% of rental income was related to residential apartments and condominium units with leases of one year or less. The majority of these leases expire in June, July and August. Approximately 7% was related to commercial properties, which have minimum future annual rental income on non-cancellable operating leases at March 31, 2018 as follows:

	Commercial Property Leases
2019	\$ 2,662,000
2020	2,213,000
2021	1,943,000
2022	1,290,000
2023	646,000
Thereafter	1,105,000
	\$ 9,859,000

The aggregate minimum future rental income does not include contingent rentals that may be received under various leases in connection with common area charges and real estate taxes. Aggregate contingent rentals from continuing operations were approximately \$223,000 and \$166,000 for the three months ended March 31, 2018 and 2017

respectively. Staples and Trader Joes, tenants at Staples Plaza, are approximately 31% of the total commercial rental income.

The following information is provided for commercial leases:

Through March 31,	Annual base rent for expiring leases	Total square feet for expiring leases	Total number of leases expiring	Percentage of annual base rent for expiring leases	
2019	\$ 431,751	16,542	12	14	%

Totals	\$ 2,988,883	108,043	46	100	%

Rents receivable are net of an allowance for doubtful accounts of approximately \$605,000 and \$644,000 at March 31, 2018 and December 31, 2017. Included in rents receivable at March 31, 2018 is approximately \$114,000 resulting from recognizing rental income from non-cancelable commercial leases with future rental increases on a straight-line basis. The majority of this amount is for long-term leases at 62 Boylston Street in Boston, Massachusetts.

Table of Contents

Rents receivable at March 31, 2018 also includes approximately \$120,000 representing the deferral of rental concession primarily related to the residential properties.

NOTE 11. CASH FLOW INFORMATION

During the three months ended March 31, 2018 and 2017, cash paid for interest was approximately \$3,010,000, and \$2,472,000 respectively. Cash paid for state income taxes was approximately \$47,000 and \$33,000 during the three months ended March 31, 2018 and 2017 respectively. At March 31, 2018, the Partnership was involved in a non-cash financing activity of approximately \$21,000,000 in connection with the purchase of Webster Green Apartments.

NOTE 12. FAIR VALUE MEASUREMENTS

Fair Value Measurements on a Recurring Basis

At March 31, 2018 and December 31, 2017, we do not have any significant financial assets or financial liabilities that are measured at fair value on a recurring basis in our consolidated financial statements.

Financial Assets and Liabilities not Measured at Fair Value

At March 31, 2018 and December 31, 2017 the carrying amounts of certain of our financial instruments, including cash and cash equivalents, accounts receivable, and note payable, accounts payable and accrued expenses were representative of their fair values due to the short-term nature of these instruments or, the recent acquisition of these items.

At March 31, 2018 and December 31, 2017, we estimated the fair value of our mortgages payable and other notes based upon quoted market prices for the same (Level 1) or similar (Level 2) issues when current quoted market prices are available. We estimated the fair value of our secured mortgage debt that does not have current quoted market prices available by discounting the future cash flows using rates currently available to us for debt with similar terms and maturities (Level 3). The differences in the fair value of our debt from the carrying value are the result of differences in interest rates and/or borrowing spreads that were available to us at March 31, 2018 and December 31, 2017, as compared with those in effect when the debt was issued or acquired. The secured mortgage debt contain

pre-payment penalties or yield maintenance provisions that could make the cost of refinancing the debt at lower rates exceed the benefit that would be derived from doing so.

The following methods and assumptions were used by the Partnership in estimating the fair value of its financial instruments:

- For cash and cash equivalents, accounts receivable, other assets, investment in partnerships, accounts payable, advance rents and security deposits: fair value approximates the carrying value of such assets and liabilities.
- For mortgage notes payable: fair value is generally based on estimated future cash flows, which are discounted using the quoted market rate from an independent source for similar obligations. Refer to the table below for the carrying amount and estimated fair value of such instruments.

The following table reflects the carrying amounts and estimated fair value of our debt.

		Carrying Amount	Estimated Fair Value
Mortgage Notes Payable			
Partnership Properties			
At March 31, 2018	*	\$ 253,584,894	\$ 233,103,625
At December 31, 2017	*	\$ 233,221,258	\$ 237,895,708
Investment Properties			
At March 31, 2018	*	\$ 123,720,733	\$ 123,539,032
At December 31, 2017	*	\$ 124,145,012	\$ 125,519,974

Disclosure about fair value of financial instruments is based on pertinent information available to management as of March 31, 2018 and December 31, 2017. Although management is not aware of any factors that would significantly affect the fair value amounts, such amounts have not been comprehensively revalued for purposes of these financial statements since March 31, 2018 and current estimates of fair value may differ significantly from the amounts presented herein.

NOTE 13. TAXABLE INCOME AND TAX BASIS

Taxable income reportable by the Partnership and includable in its partners' tax returns is different than financial statement income because of tax free exchanges, accelerated depreciation, different tax lives, timing differences related to prepaid rents, allowances and intangible assets related to significant acquisitions and the treatment of certain expenditures. Taxable income of approximately \$5,438,000 was approximately \$1,500,000 less than statement income for the year ended December 31, 2017. The primary reason for the difference was due to accelerated depreciation, tax free exchange and other differences in the treatment of certain expenditures. Substantial property acquisitions could also cause a significant difference between book and tax depreciation. The cumulative tax basis of the Partnership's real estate at December 31, 2017 is approximately \$1,532,000 less than the statement basis. The primary reasons for the lower tax basis were tax free exchanges, and accelerated depreciation. The Partnership's tax basis in its joint venture investments is approximately \$5,000,000 more than statement basis because of accelerated depreciation.

Certain entities included in the Partnership's consolidated financial statements are subject to certain state taxes. These taxes are not significant and are recorded as operating expenses in the accompanying consolidated financial statements.

While allowable accelerated depreciation deductions were extended, future tax law changes may significantly affect taxable income.

The Partnership adopted the amended provisions related to uncertain tax provisions of ASC 740, Income Taxes. As a result of the implementation of the guidance, the Partnership recognized no material adjustment regarding its tax accounting treatment. The Partnership expects to recognize interest and penalties related to uncertain tax positions, if any, as income tax expense, which would be included in general and administrative expense.

In the normal course of business the Partnership or one of its subsidiaries is subject to examination by federal, state and local jurisdictions in which it operates, where applicable. As of March 31, 2018, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2014 forward.

NOTE 14. INVESTMENT IN UNCONSOLIDATED JOINT VENTURES

Since November 2001, the Partnership has invested in nine limited partnerships and limited liability companies, the majority of which have invested in residential apartment complexes, with three partnerships investing in commercial property. The Partnership has between a 40%-50% ownership interest in each investment. The other investors are Harold Brown, the President of the Management Company and five other employees of the Management Company. Harold Brown's ownership interest is between 43.2% and 56%, with the balance owned by the others. A description of each investment is as follows:

On October 28, 2009 the Partnership invested approximately \$15,925,000 in a joint venture to acquire a 40% interest in a residential property located in Brookline, Massachusetts. The property, Hamilton Park Towers LLC, referred to as Dexter Park, or Hamilton Park is a 409 unit residential complex. The purchase price was \$129,500,000. The total mortgage was \$89,914,000 with an interest rate of 5.57% and it matures in 2019. The mortgage calls for interest only payments for the first two years of the loan and amortized over 30 years thereafter. The balance of this mortgage before unamortized deferred financing costs is approximately \$81,601,000 at March 31, 2018. This investment, Hamilton Park Towers, LLC is referred to as Dexter Park.

On March 22, 2018, Hamilton Park Towers, LLC entered into a Rate Lock Confirmation with John Hancock Life Insurance Company (U.S.A.) and paid the requisite deposit of \$1,290,000. The Confirmation calls for a loan of \$125,000,000 at a fixed interest rate of 3.99% per annum. Hamilton Park intends to use the proceeds of the loan, when closed, to pay off an outstanding loan of approximately \$82,000,000 currently secured by, among other collateral, the property owned by Hamilton Park. In connection with this refinancing, we expect a defeasance charge of approximately \$3,750,000, based on current interest rates. Based on its' ownership in the property, the Partnership will incur 40% of

Table of Contents

this charge, an expense of approximately \$1,500,000. This charge will have a material effect on the 2018 second quarter net income.

On October 3, 2005, the Partnership invested \$2,500,000 for a 50% ownership interest in a 168-unit apartment complex in Quincy, Massachusetts. The purchase price was \$30,875,000. The Joint Venture sold 120 units as condominiums and retained 48 units for long-term investment. In February 2007, the Joint Venture refinanced the 48 units with a new mortgage in the amount of \$4,750,000 with an interest rate of 5.57%, interest only for five years. The loan was to be amortized over 30 years thereafter and matured in March, 2017. On March 1, 2017, the mortgage balance was paid in full, with the Partnership contributing its share of the mortgage balance of approximately \$2,222,000. As of December 31, 2017, 29 units had been sold with a gain on the sales of approximately \$3,628,000. As of March 31, 2018, 5 additional units were under purchase and sale agreements, and the Partnership owned 13 units. Six units were sold in the first quarter of 2018, resulting in a gain of approximately \$828,000. This investment is referred to as Hamilton Bay Apartments, LLC.

On March 7, 2005, the Partnership invested \$2,000,000 for a 50% ownership interest in a building comprising 48 apartments, one commercial space and a 50-car surface parking lot located in Boston, Massachusetts. The purchase price was \$14,300,000, with a \$10,750,000 mortgage. The Joint Venture planned to operate the building and initiate development of the parking lot. In June 2007, the Joint Venture separated the parcels, formed an additional limited liability company for the residential apartments and obtained a mortgage on the property. The new limited liability company formed for the residential apartments and commercial space is referred to as Hamilton Essex 81, LLC. In August 2008, the Joint Venture restructured the mortgages on both parcels at Essex 81. On September 28, 2015, Hamilton Essex Development, LLC paid off the outstanding mortgage balance of \$1,952,286. The Partnership made a capital contribution of \$978,193 to Hamilton Essex Development LLC for its share of the funds required for the transaction. Additionally, the Partnership made a capital contribution of \$100,000 to Hamilton Essex 81, LLC. On September 30, 2015, Hamilton Essex 81, LLC obtained a new 10 year mortgage in the amount of \$10,000,000, interest only at 2.18% plus the one month Libor rate. The proceeds of the note were used to pay off the existing mortgage of \$8,040,719 and the Partnership received a distribution of \$978,193 for its share of the excess proceeds. As a result of the distribution, the carrying value of the investment fell below zero. The Partnership will continue to account for this investment using the equity method of accounting. Although the Partnership has no legal obligation, the Partnership intends to fund its share of any future operating deficits if needed. The investment in the parking lot is referred to as Hamilton Essex Development, LLC; the investment in the apartments is referred to as Hamilton Essex 81, LLC. At March 31, 2018, the balance on this mortgage before unamortized deferred financing costs is approximately \$10,000,000.

On March 2, 2005, the Partnership invested \$2,352,000 for a 50% ownership interest in a 176 unit apartment complex with an additional small commercial building located in Quincy, Massachusetts. The purchase price was \$23,750,000. The Joint Venture sold 127 of the units as condominiums and retained 49 units for long term investment. The Joint Venture obtained a new 10 year mortgage in the amount of \$5,000,000 on the units to be retained by the Joint Venture. The interest on the new loan was 5.67% fixed for the 10 year term with interest only payments for five years and amortized over a 30 year period for the balance of the loan term. On July 8, 2016, Hamilton 1025 LLC paid off the outstanding balance of the mortgage balance. The Partnership made a capital contribution of \$2,359,500 to Hamilton 1025, LLC for its share of the funds required for the transaction. 20 units were sold in the year ended December 31, 2017 with a gain on the sales of approximately \$2,380,000. As of March 31, 2018, 3 units were under purchase and sales agreements and the Partnership owned 10 units. Eight units were sold in the first quarter ending March 31, 2018, resulting in a gain of approximately \$817,000. This investment is referred to as Hamilton 1025, LLC.

In September 2004, the Partnership invested approximately \$5,075,000 for a 50% ownership interest in a 42 unit apartment complex located in Lexington, Massachusetts. The purchase price was \$10,100,000. In October 2004, the Joint Venture obtained a mortgage on the property in the amount of \$8,025,000 and returned \$3,775,000 to the Partnership. The Joint Venture obtained a new 10- year mortgage in the amount of \$5,500,000 in January 2007. The interest on the new loan was 5.67% fixed for the ten year term with interest only payments for five years and amortized over a 30 year period for the balance of the loan. This loan required a cash contribution by the Partnership of \$1,250,000 in December 2006. On September 12, 2016, the property was refinanced with a 15 year mortgage in the amount of \$6,000,000, at 3.71%, interest only. The Joint Venture Partnership paid off the prior mortgage of approximately \$5,158,000 with the proceeds of the new mortgage and made a distribution of \$385,000 to the Partnership. The cost associated with the refinancing was approximately \$123,000. This investment is referred to as Hamilton

Minuteman, LLC. At March 31, 2018, the balance on this mortgage before unamortized deferred financing costs is approximately \$6,000,000. This investment is referred to as Hamilton Minuteman, LLC. In the first quarter of 2018, the carrying value of the investment fell below zero. The Partnership will continue to account for this investment using the equity method of accounting, although the Partnership has no legal obligation to fund its share of any future operating deficiencies, if needed.

In August 2004, the Partnership invested \$8,000,000 for a 50% ownership interest in a 280 unit apartment complex located in Watertown, Massachusetts. The total purchase price was \$56,000,000. The Joint Venture sold 137 units as condominiums. The assets were combined with Hamilton on Main Apartments. Hamilton on Main, LLC is known as Hamilton Place. In 2005, Hamilton on Main Apartments, LLC obtained a ten year mortgage on the three buildings to be retained. The mortgage was \$16,825,000, with interest only of 5.18% for three years and amortizing on a 30 year schedule for the remaining seven years when the balance is due. The net proceeds after funding escrow accounts and closing costs on the mortgage were approximately \$16,700,000, which were used to reduce the existing mortgage. In August 2014, the property was refinanced with a 10 year mortgage in the amount of \$16,900,000 at 4.34% interest only. The Joint Venture paid off the prior mortgage of approximately \$15,205,000 with the proceeds of the new mortgage and distributed \$850,000 to the Partnership. The costs associated with the refinancing were approximately \$161,000. At March 30, 2018, the balance of the mortgage before unamortized deferred financing costs is approximately \$16,900,000. The investment is referred to as Hamilton On Main LLC.

In November 2001, the Partnership invested approximately \$1,533,000 for a 50% ownership interest in a 40-unit apartment building in Cambridge, Massachusetts. In June 2013, the property was refinanced with a 15 year mortgage in the amount of \$10,000,000 at 3.87%, interest only for 3 years and is amortized on a 30-year schedule for the balance of the term. The Joint Venture paid off the prior mortgage of approximately \$6,776,000 with the proceeds of the new mortgage. After the refinancing, the Joint Venture made a distribution of \$1,610,000 to the Partnership. As a result of the distribution, the carrying value of the investment fell below zero. The Partnership will continue to account for this investment using the equity method of accounting. Although the Partnership has no legal obligation, the Partnership intends to fund its share of any future operating deficits if needed. At March 31, 2018, the balance of this mortgage before unamortized deferred financing costs is approximately \$9,696,000. This investment is referred to as 345 Franklin, LLC.

NOTE 15. IMPACT OF RECENTLY-ISSUED ACCOUNTING STANDARDS

In February 2016, the FASB issued ASU 2016-02, modifying the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e. lessees and lessors). The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight line basis over the term of the lease, respectively. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for in the same manner as operating leases today. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales-type leases, direct financing leases and operating leases. The guidance supersedes previously issued guidance under ASC Topic 840 "Leases". The guidance is effective on January 1, 2019, with early adoption permitted. The Partnership has evaluated the impact the adoption of ASU 2016-02 will have on the Partnership's consolidated financial statements. Management foresees no significant impact at this time.

In March 2016, the FASB issued ASU 2016-07, which eliminates a requirement for the retroactive adjustment on a step by step basis of the investment, results of operations, and retained earnings as if the equity method had been effective during all previous periods that the investment had been held when an investment qualifies for equity method accounting due to an increase in the level of ownership or degree of influence. The cost of acquiring the additional interest in the investee is to be added to the current basis of the investor's previously held interest and the equity method of accounting should be adopted as of the date the investment becomes qualified for equity method accounting. This guidance is to be applied on a prospective basis and is effective for interim and annual periods beginning after December 15, 2016. Early adoption is permitted for financial statements that have not been previously issued. The adoption of ASU 2016-07 will have no significant impact on the Partnership's consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows: Classification of Certain Cash Receipts and Cash Payments. ASU 2016-15 addresses eight specific cash flow issues and intends to reduce the diversity in practice in how certain cash receipts and cash payments are presented and classified in the statement of cash flows. This guidance is effective for annual periods beginning after December 15, 2017, including interim periods within that reporting period. Early adoption is permitted. The Partnership is currently in the process of evaluating the impact the adoption of ASU 2016-15 will have on the Partnership's consolidated statement of cash flows.

NOTE 16. SUBSEQUENT EVENTS

On March 22, 2018, Hamilton Park Towers, LLC entered into a Rate Lock Confirmation with John Hancock Life Insurance Company (U.S.A.) and paid the requisite deposit of \$1,290,000. A subsequent deposit was made on April 11, 2018 for \$1,250,000. The partnership contributed \$1,016,000 of these payments. The confirmation calls for a loan of \$125,000,000 at a fixed interest rate of 3.99% per annum. Hamilton Park intends to use the proceeds of the loan, when closed, to pay off an outstanding mortgage of approximately \$82,000,000. In association with this refinancing, there will be a defeasance cost of approximately \$3,750,000. Based on its' ownership in the property, the Partnership will incur 40% of this charge, an expense of approximately \$1,500,000. This charge will have a material effect on the 2018 second quarter net income.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward Looking Statements

Certain information contained herein includes forward looking statements, which are made pursuant to the safe harbor provisions of the Private Securities Liquidation Reform Act of 1995 (the "Act"). Forward looking statements in this report, or which management may make orally or in written form from time to time, reflect management's good faith belief when those statements are made, and are based on information currently available to management. Caution should be exercised in interpreting and relying on such forward looking statements, the realization of which may be impacted by known and unknown risks and uncertainties, events that may occur subsequent to the forward looking statements, and other factors which may be beyond the Partnership's control and which can materially affect the Partnership's actual results, performance or achievements for 2018 and beyond. Should one or more of the risks or uncertainties mentioned below materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected. We expressly disclaim any responsibility to update our forward looking statements, whether as a result of new information, future events or otherwise. Accordingly, investors should use caution in relying on past forward looking statements, which are based on results and trends at the time they are made, to anticipate future results or trends.

Since the Partnership's long-term goals include the acquisition of additional properties, a portion of the proceeds from the refinancing and sale of properties is reserved for this purpose. If available acquisitions do not meet the Partnership's investment criteria, the Partnership may purchase additional depositary receipts. The Partnership will consider refinancing existing properties if the Partnership's cash reserves are insufficient to repay existing mortgages or if the Partnership needs additional funds for future acquisitions.

The Partnership year ended with strong revenue gains and continued high occupancy. The core portfolio continued this experience during the first quarter of 2018. As the majority of the Partnership's assets are in the category of Rent by Necessity (RBN) or student related housing, the properties continue to enjoy in place revenue gains established in the third and fourth quarters of last year. The Partnership's revenue increases continue to exceed national levels and Management expect these increases to be sustained through the balance of 2018.

Rent renewal increases are comparable to last year. Consolidated revenue gains, including the new acquisitions, were 10.4%. Same store residential revenue increased by 3.23% compared to last year. On the surface, this would be below Management's expectations. The majority of the Partnership properties, excluding four outliers, demonstrate an average year over year increase of 4.6%. Management believes the second and third quarter same store results will improve over the first quarter and that the current lower revenue increase is not an indicator of the market overall, given its other management experience with multifamily properties outside of the Partnership.

With regard to net operating income, Management expects operating expenses to be consistent with expectations. Operating expenses are in line with expectations with the exception of repairs and maintenance expenses related to snow removal costs and real estate taxes.

Similar to the Woodland Park acquisition in 2017, the Webster Green acquisition has similar characteristics. The size and location of the asset is well suited for the Partnership, and will provide near term benefits to the Partnership's taxable income while remaining an excellent asset long term.

As anticipated, the Joint Ventures of 1025 Hancock and Hamilton Bay are continuing to trend to a third quarter 2018 sellout estimated at \$25.6 million. Management competitively bid the Dexter Park (Hamilton Park) refinancing loan during the first quarter and will shortly execute on a \$125 million refinance. The excess proceeds will be distributed to the owners in proportion to their percentage of ownership. It is estimated that the Partnership will receive approximately \$16 million from the refinancing. The proceeds from the refinancing will be used to pay down the Partnership's existing Line of Credit. At 3.99% interest only for 10 years, the new debt service will be \$1.25 million per annum less than current debt service at Dexter Park (Hamilton Park). In association with this refinancing, there will be a defeasance cost of approximately \$3,750,000. Based on its' ownership in the property, the Partnership will incur 40% of this charge, an expense of approximately \$1,500,000. This charge will have a material effect on the 2018 second quarter net income.

Table of Contents

The Stock Repurchase Program that was initiated in 2007 has purchased 1,365,306 Depositary Receipts through March 31, 2018 or approximately 32% of the outstanding Class A Depositary Receipts.

At May 1, 2018, Harold Brown, his brother Ronald Brown and the President of Hamilton, Carl Valeri, collectively own approximately 33% of the Depositary Receipts representing the Partnership Class A Units (including Depositary Receipts held by trusts for the benefit of such persons' family members). Harold Brown also controls 75% of the Partnership's Class B Units, 75% of the capital stock of NewReal, Inc. ("NewReal"), the Partnership's sole general partner, and all of the outstanding stock of Hamilton. Ronald Brown also owns 25% of the Partnership's Class B Units and 25% of NewReal's capital stock. In addition, Ronald Brown is the President and director of NewReal and Harold Brown is NewReal's Treasurer and a director. The 75% of the issued and outstanding Class B units of the Partnership, controlled by Harold Brown, are owned by HBC Holdings LLC, an entity of which he is the manager.

In addition to the Management Fee, the Partnership Agreement further provides for the employment of outside professionals to provide services to the Partnership and allows NewReal to charge the Partnership for the cost of employing professionals to assist with the administration of the Partnership's properties. Additionally, from time to time, the Partnership pays Hamilton for repairs and maintenance services, legal services, construction services and accounting services. The costs charged by Hamilton for these services are at the same hourly rate charged to all entities managed by Hamilton, and management believes such rates are competitive in the marketplace.

Residential tenants sign a one year lease. During the three months ended March 31, 2018, tenant renewals were approximately 63% with an average rental increase of approximately 3.8%, new leases accounted for approximately 37% with rental rate increases of approximately 4.6%. During the three months ended March 31, 2018, leasing commissions were approximately \$38,000 compared to approximately \$13,000 for the three months ended March 31, 2017, an increase of approximately \$25,000 (192.3%) from 2017. Tenant concessions were approximately \$16,000 for the three months ended March 31, 2018, compared to approximately \$13,000 for the three months ended March 31, 2017, an increase of approximately \$3,000 (23.1%). Tenant improvements were approximately \$517,000 for the three months ended March 31, 2018, compared to approximately \$322,000 for the three months ended March 31, 2017, an increase of approximately \$195,000 (60.6%).

Hamilton accounted for approximately 4.5% of the repair and maintenance expenses paid for by the Partnership during the three months ended March 31, 2018 and 3.0% during the three months ended March 31, 2017. Of the funds paid to Hamilton for this purpose, the great majority was to cover the cost of services provided by the Hamilton maintenance department, including plumbing, electrical, carpentry services, and snow removal for those properties close to Hamilton's headquarters. Several of the larger Partnership properties have their own maintenance staff. Those properties that do not have their own maintenance staff and are located more than a reasonable distance from Hamilton's headquarters in Allston, Massachusetts are generally serviced by local, independent companies.

Hamilton's legal department handles most of the Partnership's eviction and collection matters. Additionally, it prepares most long-term commercial lease agreements and represents the Partnership in selected purchase and sale transactions. Overall, Hamilton provided approximately \$53,000 (84.4%) and approximately \$59,000 (78.9%) of the legal services paid for by the Partnership during the three months ended March 31, 2018 and 2017 respectively.

Additionally, as described in Note 3 to the consolidated financial statements, The Hamilton Company receives similar fees from the Investment Properties.

The Partnership requires that three bids be obtained for construction contracts in excess of \$15,000. Hamilton may be one of the three bidders on a particular project and may be awarded the contract if its bid and its ability to successfully complete the project are deemed appropriate. For contracts that are not awarded to Hamilton, Hamilton charges the Partnership a construction supervision fee equal to 5% of the contract amount. Hamilton's architectural department also provides services to the Partnership on an as-needed basis. During the three months ended March 31, 2018, Hamilton provided the Partnership approximately \$168,000 in construction and architectural services, compared to approximately \$40,000 for the three months ended March 31, 2017.

Hamilton's accounting staff perform bookkeeping and accounting functions for the Partnership. During the three months ended March 31, 2018 and 2017, Hamilton charged the Partnership \$31,250 for bookkeeping and accounting services. For more information on related party transactions, see Note 3 to the Consolidated Financial Statements.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of the consolidated financial statements, in accordance with accounting principles generally accepted in the United States of America, requires the Partnership to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosures of contingent assets and liabilities. The Partnership regularly and continually evaluates its estimates, including those related to acquiring, developing and assessing the carrying values of its real estate properties and its investments in and advances to joint ventures. The Partnership bases its estimates on historical experience, current market conditions, and on various other assumptions that are believed to be reasonable under the circumstances. However, because future events and their effects cannot be determined with certainty, the determination of estimates requires the exercise of judgment. The Partnership's critical accounting policies are those which require assumptions to be made about such matters that are highly uncertain. Different estimates could have a material effect on the Partnership's financial results. Judgments and uncertainties affecting the application of these policies and estimates may result in materially different amounts being reported under different conditions and circumstances. See Note 1 to the Consolidated Financial Statements, Principles of Consolidation.

Revenue Recognition: Rental income from residential and commercial properties is recognized over the term of the related lease. For residential tenants, amounts 60 days in arrears are charged against income. The commercial tenants are evaluated on a case by case basis. Certain leases of the commercial properties provide for increasing stepped minimum rents, which are accounted for on a straight-line basis over the term of the lease. Concessions made on residential leases are also accounted for on the straight-line basis.

Rental Properties: Rental properties are stated at cost less accumulated depreciation. Maintenance and repairs are charged to expense as incurred; improvements and additions are capitalized. When assets are retired or otherwise disposed of, the cost of the asset and related accumulated depreciation is eliminated from the accounts, and any gain or loss on such disposition is included in income. Fully depreciated assets are removed from the accounts. Rental properties are depreciated by both straight-line and accelerated methods over their estimated useful lives. Upon acquisition of rental property, the Partnership estimates the fair value of acquired tangible assets, consisting of land, building and improvements, and identified intangible assets and liabilities assumed, generally consisting of the fair value of (i) above and below market leases, (ii) in-place leases and (iii) tenant relationships. The Partnership allocated the purchase price to the assets acquired and liabilities assumed based on their fair values. The Partnership records goodwill or a gain on bargain purchase (if any) if the net assets acquired/liabilities assumed exceed the purchase consideration of a transaction. In estimating the fair value of the tangible and intangible assets acquired, the Partnership considers information obtained about each property as a result of its due diligence and marketing and leasing activities, and utilizes various valuation methods, such as estimated cash flow projections utilizing appropriate discount and capitalization rates, estimates of replacement costs net of depreciation, and available market information. The fair value of the tangible assets of an acquired property considers the value of the property as if it were vacant.

Intangible assets acquired include amounts for in-place lease values above and below market leases and tenant relationship values, which are based on management's evaluation of the specific characteristics of each tenant's lease and the Partnership's overall relationship with the respective tenant. Factors to be considered by management in its

analysis of in-place lease values include an estimate of carrying costs during hypothetical expected lease-up periods considering current market conditions, and costs to execute similar leases at market rates during the expected lease-up periods, depending on local market conditions. In estimating costs to execute similar leases, management considers leasing commissions, legal and other related expenses. Characteristics considered by management in valuing tenant relationships include the nature and extent of the Partnership's existing business relationships with the tenant, growth prospects for developing new business with the tenant, the tenant's credit quality and expectations of lease renewals. The value of in-place leases are amortized to expense over the remaining initial terms of the respective leases. The value of tenant relationship intangibles are amortized to expense over the anticipated life of the relationships.

In the event that facts and circumstances indicate that the carrying value of a rental property may be impaired, an analysis of the value is prepared. The estimated future undiscounted cash flows are compared to the asset's carrying value to determine if a write-down to fair value is required.

Impairment: On an annual basis management assesses whether there are any indicators that the value of the Partnership's rental properties may be impaired. A property's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property is less than the carrying value of the property. To the extent impairment has occurred, the loss shall be measured as the excess of the

Table of Contents

carrying amount of the property over the fair value of the property. The Partnership's estimates of aggregate future cash flows expected to be generated by each property are based on a number of assumptions that are subject to economic and market uncertainties including, among others, demand for space, competition for tenants, changes in market rental rates, and costs to operate each property. As these factors are difficult to predict and are subject to future events that may alter management's assumptions, the future cash flows estimated by management in its impairment analyses may not be achieved. The Partnership has not recognized an impairment loss during the first three months of 2018.

Investments in Joint Ventures: The Partnership accounts for its 40% - 50% ownership in the Investment Properties under the equity method of accounting, as it exercises significant influence over, but does not control these entities. These investments are recorded initially at cost, as Investments in Joint Ventures, and subsequently adjusted for the Partnership's share in earnings, cash contributions and distributions. Under the equity method of accounting, our net equity is reflected on the consolidated balance sheets, and our share of net income or loss from the Partnership is included on the consolidated statements of income. Generally, the Partnership would discontinue applying the equity method when the investment (and any advances) is reduced to zero and would not provide for additional losses unless the Partnership has guaranteed obligations of the venture or is otherwise committed to providing further financial support for the investee. If the venture subsequently generates income, the Partnership only recognizes its share of such income to the extent it exceeds its share of previously unrecognized losses.

The authoritative guidance on consolidation provides guidance on the identification of entities for which control is achieved through means other than voting rights ("variable interest entities" or "VIEs") and the determination of which business enterprise, if any, should consolidate the VIE (the "primary beneficiary"). Generally, the consideration of whether an entity is a VIE applies when either (1) the equity investors (if any) lack one or more of the essential characteristics of a controlling financial interest, (2) the equity investment at risk is insufficient to finance that entity's activities without additional subordinated financial support or (3) the equity investors have voting rights that are not proportionate to their economic interests and the activities of the entity involve or are conducted on behalf of an investor with a disproportionately small voting interest. The primary beneficiary is defined by the entity having both of the following characteristics: (1) the power to direct the activities that, when taken together, most significantly impact the variable interest entity's performance; and (2) the obligation to absorb losses and rights to receive the returns from VIE that would be significant to the VIE.

With respect to investments in and advances to the Investment Properties, the Partnership looks to the underlying properties to assess performance and the recoverability of carrying amounts for those investments in a manner similar to direct investments in real estate properties. An impairment charge is recorded if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property is less than the carrying value of the property.

Legal Proceedings: The Partnership is subject to various legal proceedings and claims that arise, from time to time, in the ordinary course of business. These matters are frequently covered by insurance. If it is determined that a loss is likely to occur, the estimated amount of the loss is recorded in the financial statements. Both the amount of the loss and the point at which its occurrence is considered likely can be difficult to determine.

RESULTS OF OPERATIONS

Three Months Ended March 31, 2018 and March 31, 2017

The Partnership and its Subsidiary Partnerships earned income before interest expense, income from investments in unconsolidated joint ventures, gain on sale of real estate and other income and expense of approximately \$3,762,000 during the three months ended March 31, 2018, compared to approximately \$3,742,000 for the three months ended March 31, 2017, an increase of approximately \$20,000 (0.5%).

Rental income for the three months ended March 31, 2018 was approximately \$13,943,000, compared to approximately \$12,631,000 for the three months ended March 31, 2017, an increase of approximately \$1,311,000 (10.4%). The factors that can be attributed to this increase are as follows: the acquisitions of Woodland Park and Hamilton Highland resulted in an increase in rental income of approximately \$689,000. In addition, rental income has increased at a number of properties due to increased demand and increases in rental rates. The Partnership Properties with the most significant increases in rental income include, Hamilton Cypress, 62 Boylston, 1144 Commonwealth Avenue, Westside Colonial, Hamilton Oaks, and Westgate Apartments, with increases of approximately \$79,000, \$67,000, \$67,000, \$57,000, \$47,000, and \$36,000 respectively. Included in rental income is contingent rentals collected on commercial properties. Contingent rentals include such charges as bill backs of common area maintenance charges, real estate taxes, and utility charges.

Operating expenses for the three months ended March 31, 2018 were approximately \$10,297,000 compared to approximately \$9,002,000 for the three months ended March 31, 2017, an increase of approximately \$1,295,000 (14.4%). Excluding the increase in operating expenses attributable to the acquisitions of Woodland Park and Hamilton

Highland of approximately \$1,020,000, operating expenses increased approximately \$275,000 (3.1%). The factors contributing to this net increase are an increase in repairs and maintenance costs of approximately \$ 302,000 (20.7%), an increase in operating expenses of approximately \$58,000 (3.4%), which include an increase in snow removal costs of approximately \$96,000, and an increase in taxes and insurance of approximately \$40,000 (2.3%), partially offset by a decrease in depreciation and amortization of approximately \$132,000 (4.4%).

Interest expense for the three months ended March 31, 2018 was approximately \$2,984,000 compared to approximately \$2,521,000 for the three months ended March 31, 2017, an increase of approximately \$463,000 (18.4%). Excluding the increase in interest expense attributable to Woodland Park and Hamilton Highland of approximately \$222,000, there was an increase in interest expense of approximately \$241,000, primarily due to an increase in interest expense on the line of credit of approximately \$223,000.

At March 31, 2018, the Partnership has between a 40% and 50% ownership interests in eight different Investment Properties. See a description of these properties included in the section titled Investment Properties as well as Note 14 to the Consolidated Financial Statements for a detail of the financial information of each Investment Property.

Table of Contents

As described in Note 14 to the Consolidated Financial Statements, the Partnership's share of the net income from the Investment Properties was approximately \$1,101,000 for the three months ended March 31, 2018, compared to net income of approximately \$673,000 for the three months ended March 31, 2017, an increase in income of approximately \$428,000 (63.6%). This increase is primarily due to a gain on the sale of real estate of approximately \$1,645,000 on the sale of 6 units at Hamilton Bay Apartments LLC, and 8 units at Hamilton 1025 LLC, compared to a gain of approximately \$711,000 on the sale of 6 units at Hamilton 1025 LLC for the three months ended March 31, 2017. Included in the income for the three months ended March 31, 2018 is depreciation and amortization expense of approximately \$627,000. The proportional income for the three months ended March 31, 2018 from the investment in Dexter Park is approximately \$233,000.

As a result of the changes discussed above, net income for the three months ended March 31, 2018 was approximately \$1,878,000 compared to income of approximately \$1,894,000 for the three months ended March 31, 2017, a decrease in income of approximately \$16,000 (0.8 %).

Table of Contents

LIQUIDITY AND CAPITAL RESOURCES

The Partnership's principal source of cash during the first three months of 2018 was the collection of rents and the proceeds from the line of credit. The Partnership's principal source of cash in 2017 was the collection of rents and the proceeds from the mortgage for Woodland Partners. The majority of cash and cash equivalents of \$4,827,468 at March 31, 2018 and \$7,238,905 at December 31, 2017 were held in interest bearing accounts at creditworthy financial institutions.

The decrease in cash of \$2,411,437 for the three months ended March 31, 2018 is summarized as follows:

	Three Months Ended March 31,	
	2018	2017
Cash provided by operating activities	\$ 3,853,026	\$ 3,977,272
Cash (used in) investing activities	(12,627,762)	(2,028,544)
Cash provided by (used in) financing activities	7,482,780	(434,018)
Repurchase of Depositary Receipts, Class B and General Partner Units	—	(42,548)
Distributions paid	(1,119,481)	(1,119,687)
Net (decrease) increase in cash and cash equivalents	\$ (2,411,437)	\$ 352,475

The change in cash provided by operating activities is due to various factors, including a change in depreciation expense due to recent acquisitions, a change in income from joint ventures due to the sale of units, as well as other factors. The decrease in cash used in investing activities is primarily due to the acquisition of Hamilton Highlands, and a contribution to a joint venture. The change in cash provided by financing activities is primarily due to the proceeds from the line of credit for the purchase of Hamilton Highlands.

During 2018, the Partnership and its Subsidiary Partnerships have completed improvements to certain of the Properties at a total cost of approximately \$868,000. These improvements were funded from cash reserves. Cash reserves have been adequate to fully fund improvements. The most significant improvements were made at Redwood Hills, Hamilton Oaks, Captain Parker, 1144 Commonwealth, Woodland Park, and Hamilton Green at a cost of approximately \$183,000, \$151,000, \$115,000, \$109,000, \$75,000 and \$62,000 respectively. The Partnership plans to invest approximately \$2,384,000 in additional capital improvements in 2018.

On July 6, 2017, Woodland Park Partners, LLC, a newly formed subsidiary of the Partnership, purchased the Woodland Park Apartments, a 126-unit apartment complex located at 264-290 Grove Street, Newton, Massachusetts (the “Property”), for a purchase price of \$45,600,000.

To fund the purchase price, the Partnership borrowed \$25,000,000 under its outstanding line of credit with KeyBank, NA, and \$16,000,000 from HBC Holdings, LLC, a Massachusetts limited liability company controlled by Harold Brown. The loan from HBC Holdings will mature on July 16, 2018, with interest only at 4.75%. The balance of the purchase price was funded by the Partnership’s cash reserves. The Partnership paid off the loan of HBC Holdings on September 29, 2017, and the total interest paid on the loan was approximately \$182,000.

On September 29, 2017, Woodland Park Partners LLC, (“Woodland Park”), entered into a Multifamily Loan and Security Agreement with KeyBank National Association . The manager of Woodland Park is NewReal, Inc. (“New Real”), the general partner of New England Realty Associates Limited Partnership. The Partnership is the sole member of Woodland Park. The Loan Agreement provides for a term loan in the principal amount of \$22,250,000. The Loan is due on October 1, 2027 unless the due date is accelerated in accordance with the Loan’s terms, with interest only through October 1, 2022. Borrowings under the Loan will bear interest at the rate of 3.79%.

On March 29, 2018, Hamilton Highlands, LLC (Hamilton highlands”), a wholly-owned subsidiary of New England Realty Associates Limited Partnership, purchased Webster Green Apartments, a 79 unit apartment complex located at 755-757 Highland Avenue, Needham, Massachusetts. The sale was consummated pursuant to the terms of a Purchase and Sale Contract by and between Webster Green Apartments, LLC, the prior owner of the Property, and The Hamilton Companies, Inc., an affiliate of the Partnership , which agreement was subsequently assigned by Hamilton to the Purchaser. In connection with the purchase, Hamilton Highlands entered into an Assumption and Modification Agreement dated as of March 29, 2018 with Brookline Bank pursuant to which Hamilton Highlands assumed a note

Table of Contents

dated as of January 14, 2016 in the principal amount of \$21,500,000 and various agreements relating to the note including a Mortgage, Assignment of Leases and Rents, Security Agreement, Fixture Filing dated as of January 14, 2016. The purchase price was \$34,500,000, consisting of a payment of approximately \$13,000,000 in cash and the assumption of the note and mortgage. Hamilton Highlands funded \$5,000,000 of the cash portion of the purchase price out of cash reserves and the remaining \$8,000,000 by drawing on an existing line of credit.

During the three months ended March 31, 2018 the Partnership received distributions of approximately \$1,970,000 from the investment properties. For the three months ended March 31, 2017, the Partnership received distributions of approximately \$1,391,000 from the investment properties. Included in these distributions is the amount from Dexter Park of approximately \$240,000 and \$480,000 for the three months ended March 31, 2018 and 2017 respectively.

On July 31, 2014, the Partnership entered into an agreement for a \$25,000,000 revolving line of credit. The term of the line was for three years with a floating interest rate equal to a base rate of the greater of (a) the Prime Rate (b) the Federal Funds Rate plus one-half of one percent per annum, or (c) the LIBOR Rate for a period of one month plus 1% per annum, plus the applicable margin of 2.5%.

The agreement originally expired on July 31, 2017, and was extended until October 31, 2020. The costs associated with the line of credit extension were approximately \$128,000. The Partnership borrowed \$25,000,000 to partially fund the purchase of Woodland Park. It paid down \$8,000,000 through the financing of the property and its' cash reserve. As of December 31, 2017, the credit line had an outstanding balance of \$17,000,000. An additional \$8,000,000 was drawn for the purchase of Hamilton Highlands on March 29, 2018.

As of March 31, 2018, the credit line had an outstanding balance of \$25,000,000.

The Partnership anticipates that cash from operations and interest bearing accounts will be sufficient to fund its current operations, pay distributions, make required debt payments and finance current improvements to its properties. The Partnership may also sell or refinance properties. The Partnership's net income and cash flow may fluctuate dramatically from year to year as a result of the sale or refinancing of properties, increases or decreases in rental income or expenses, or the loss of significant tenants.

Off-Balance Sheet Arrangements—Joint Venture Indebtedness

As of March 31, 2018, the Partnership had a 40%-50% ownership interest in nine Joint Ventures, all of which have mortgage indebtedness. We do not have control of these partnerships and therefore we account for them using the equity method of consolidation. At March 31, 2018, our proportionate share of the non-recourse debt related to these investments was approximately \$53,938,000. See Note 14 to the Consolidated Financial Statements.

Contractual Obligations

As of March 31, 2018, we are subject to contractual payment obligations as described in the table below.

We have various standing or renewable service contracts with vendors related to our property management. In addition, we have certain other contracts we enter into in the ordinary course of business that may extend beyond one year. These contracts are not included as part of our contractual obligations because they include terms that provide for cancellation with insignificant or no cancellation penalties.

See Notes 5 and 14 to the Consolidated Financial Statements for a description of mortgage notes payable. The Partnerships has no other material contractual obligations to be disclosed.

Factors That May Affect Future Results

Along with risks detailed in Item 1A and from time to time in the Partnership's filings with the Securities and Exchange Commission, some factors that could cause the Partnership's actual results, performance or achievements to differ materially from those expressed or implied by forward looking statements include but are not limited to the following:

- The Partnership depends on the real estate markets where its properties are located, primarily in Eastern Massachusetts, and these markets may be adversely affected by local economic market conditions, which are beyond the Partnership's control.
- The Partnership is subject to the general economic risks affecting the real estate industry, such as dependence on tenants' financial condition, the need to enter into new leases or renew leases on terms favorable to tenants in order to generate rental revenues and our ability to collect rents from our tenants.
- The Partnership is also impacted by changing economic conditions making alternative housing arrangements more or less attractive to the Partnership's tenants, such as the interest rates on single family home mortgages and the availability and purchase price of single family homes in the Greater Boston metropolitan area.
- The Partnership is subject to significant expenditures associated with each investment, such as debt service payments, real estate taxes, insurance and maintenance costs, which are generally not reduced when circumstances cause a reduction in revenues from a property.
- The Partnership is subject to increases in heating and utility costs that may arise as a result of economic and market conditions and fluctuations in seasonal weather conditions.
- Civil disturbances, earthquakes and other natural disasters may result in uninsured or underinsured losses.

- Actual or threatened terrorist attacks may adversely affect our ability to generate revenues and the value of our properties.
- Financing or refinancing of Partnership properties may not be available to the extent necessary or desirable, or may not be available on favorable terms.
- The Partnership properties face competition from similar properties in the same market. This competition may affect the Partnership's ability to attract and retain tenants and may reduce the rents that can be charged.
- Given the nature of the real estate business, the Partnership is subject to potential environmental liabilities. These include environmental contamination in the soil at the Partnership's or neighboring real estate, whether caused by the Partnership, previous owners of the subject property or neighbors of the subject property, and the presence of hazardous materials in the Partnership's buildings, such as asbestos, lead, mold and radon gas. Management is not aware of any material environmental liabilities at this time.
- Insurance coverage for and relating to commercial properties is increasingly costly and difficult to obtain. In addition, insurance carriers have excluded certain specific items from standard insurance policies, which have resulted in increased risk exposure for the Partnership. These include insurance coverage for acts of

Table of Contents

terrorism and war, and coverage for mold and other environmental conditions. Coverage for these items is either unavailable or prohibitively expensive.

- Market interest rates could adversely affect market prices for Class A Partnership Units and Depositary Receipts as well as performance and cash flow.
- Changes in income tax laws and regulations may affect the income taxable to owners of the Partnership. These changes may affect the after-tax value of future distributions.
- The Partnership may fail to identify, acquire, construct or develop additional properties; may develop or acquire properties that do not produce a desired or expected yield on invested capital; may be unable to sell poorly-performing or otherwise undesirable properties quickly; or may fail to effectively integrate acquisitions of properties or portfolios of properties.
- Risk associated with the use of debt to fund acquisitions and developments.
- Competition for acquisitions may result in increased prices for properties.
- Any weakness identified in the Partnership's internal controls as part of the evaluation being undertaken could have an adverse effect on the Partnership's business.
 - Ongoing compliance with Sarbanes-Oxley Act of 2002 may require additional personnel or systems changes.

The foregoing factors should not be construed as exhaustive or as an admission regarding the adequacy of disclosures made by the Partnership prior to the date hereof or the effectiveness of said Act. The Partnership expressly disclaims any obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the exposure to loss resulting from changes in interest rates and equity prices. In pursuing its business plan, the primary market risk to which the Partnership is exposed is interest rate risk. Changes in the general level of interest rates prevailing in the financial markets may affect the spread between the Partnership's yield on invested assets and cost of funds and, in turn, its ability to make distributions or payments to its investors.

As of March 31, 2018, the Partnership, its Subsidiary Partnerships and the Investment Properties collectively have approximately \$404,287,000 in long-term debt, substantially all of which require payment of interest at fixed rates. Accordingly, the fair value of these debt instruments is affected by changes in market interest rates. This long term debt matures through 2029. The Partnership, its Subsidiary Partnerships and the Investment Properties collectively have variable rate debt of \$75,900,000 (without taking out unamortized deferred financing costs) as of March 31, 2018. Interest rates ranged from LIBOR plus 195 basis points to LIBOR plus 350 basis points. Assuming interest- rate caps are not in effect, if market rates of interest on the Partnership's variable rate debt increased or decreased by 100 basis points, then the increase or decrease in interest costs on the Partnership's variable rate debt would be approximately \$709,000 annually and the increase or decrease in the fair value of the Partnership's fixed rate debt as of March 31, 2018 would be approximately \$15 million. For information regarding the fair value and maturity dates of these debt obligations, See Note 5 to the Consolidated Financial Statements — "Mortgage Notes Payable," Note 12 to the Consolidated Financial Statements — "Fair Value Measurements" and Note 14 to the Consolidated Financial Statements — "Investment in Unconsolidated Joint Ventures."

For additional disclosure about market risk, see "Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations—Factors That May Affect Future Results".

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures. The Partnership's management, with the participation of the Partnership's principal executive officer and principal financial officer, has evaluated the effectiveness of the

Table of Contents

Partnership's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report. Based on such evaluation, the Partnership's principal executive officer and principal financial officer have concluded that, as of the end of such period, the Partnership's disclosure controls and procedures were effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Partnership in the reports that it files or submits under the Exchange Act.

Changes in Internal Control over Financial Reporting. There were no changes in our internal control over financial reporting during the first quarter of 2018 that materially affected or are reasonably likely to materially affect our internal control over financial reporting.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings

There are no material legal proceedings, other than ordinary routine litigation incidental to its business, to which the Partnership is a party to or to which any of the Properties is subject.

Item 1A. Risk Factors

If the IRS makes audit adjustments to our income tax returns for tax years beginning after December 31, 2017, it may assess and collect any taxes (including any applicable penalties and interest) resulting from such audit adjustment directly from us, in which case our cash available for distribution to our unitholders might be reduced.

Pursuant to the Bipartisan Budget Act of 2015, for tax years beginning after December 31, 2017, if the IRS makes audit adjustments to our income tax returns, it may assess and collect any taxes (including any applicable penalties and interest) resulting from such audit adjustments directly from the Partnership. If, as a result of any such audit adjustment, we are required to make payments of taxes, penalties and interest, our cash available for distribution to our partners might be substantially reduced. These rules are not applicable to us for tax years beginning on or prior to December 31, 2017.

In addition, see the risk factors disclosed in our annual report on Form 10-K for the year ended December 31, 2017.
