The Equity Plan became effective upon such stockholder approval. Following such approval and effectiveness, the Corporation will cease to issue awards under the Horizon Global Corporation 2015 Equity and Incentive Compensation Plan. The Equity Plan, among other things, authorizes 2,000,000 shares of the Corporation’s common stock, \$0.01 par value per share (“Common Stock”), plus any shares of Common Stock that become available under the Equity Plan as a result of forfeiture, cancellation, expiration, or cash settlement of awards, for issuance thereunder in the form of stock options, appreciation rights, restricted stock, restricted stock units, performance shares, performance units, dividend equivalents and other awards that may be denominated or payable in, based on or related to shares of Common Stock.

The Equity Plan allows for the grant of qualified performance-based awards that may be able to qualify as “qualified performance-based compensation” under Section 162(m) of the Internal Revenue Code. The performance measures for such awards are to be based on one or more of the following management objectives:

Profits (e.g., gross profit, EBITDA, operating income, EBIT, EBT, net income, net sales, cost of sales, earnings per share, residual or economic earnings, inventory turnover, operating profit, economic profit - these profitability metrics could be measured before certain specified special items and/or subject to GAAP definition);

Returns (e.g., profits or cash flow returns on: assets, invested capital, net capital employed, and equity);

Working Capital (e.g., working capital divided by sales, days’ sales outstanding, days’ sales inventory, and days’ sales in payables);

Profit Margins (e.g., profits divided by revenues, gross margins and material margins divided by revenues);

Liquidity Measures (e.g., debt-to-capital, debt-to-EBITDA, total debt ratio);

Sales Growth, Gross Margin Growth, Cost Initiative and Stock Price Metrics (e.g., revenues, revenue growth, revenue growth outside the United States, gross margin and gross margin growth, material margin and material margin growth, stock price appreciation, market capitalization, total return to stockholders, sales and administrative costs divided by sales, and sales and administrative costs divided by profits); and

Strategic Initiative Key Deliverable Metrics consisting of one or more of the following: product development, strategic partnering, research and development, vitality index, market penetration, market share, geographic business expansion goals, cost targets, selling, general and administrative expenses, customer satisfaction, employee satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, productivity, economic value added (or another measure of profitability that considers the cost of capital employed), product quality, sales of new products, and goals relating to acquisitions or divestitures of subsidiaries, affiliates and joint ventures.
