PROXY STATEMENT

Annual Meeting Information

This proxy statement contains information about the Annual Meeting of Shareholders (the “Annual Meeting”) of Orrstown Financial Services, Inc. (the “Company”) to be held Tuesday, April 28, 2015, beginning at 9:00 a.m., at the H. Ric Luhrs Performing Arts Center, 1871 Old Main Drive, Shippensburg, Pennsylvania, and at any adjournments or postponements of the Annual Meeting. This proxy statement was prepared at the direction of the Company’s Board of Directors to solicit your proxy for use at the Annual Meeting. This proxy statement and the enclosed form of proxy will be mailed to shareholders on or about March 24, 2015.

Who is entitled to vote?

Shareholders owning Company common stock as of the close of business on March 13, 2015 are entitled to vote at the Annual Meeting or any adjournment or postponement of the Annual Meeting. Each shareholder has one vote per share on all matters to be voted on. As of March 13, 2015 there were 8,291,683 shares of the Company’s common stock outstanding.

On what am I voting?

You will be asked to:

- (i) elect three (3) directors to Class C for three (3) year terms expiring in 2018;
- (ii) approve a non-binding advisory vote regarding the compensation paid to our Named Executive Officers as disclosed in this proxy statement (“Say-On-Pay”); and
- (iii) ratify the Audit Committee’s selection of Crowe Horwath LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2015.

The Board of Directors is not aware of any other matters to be presented for action at the meeting. If any other matter requiring a vote of the shareholders would be presented at the Annual Meeting, the proxies will vote according to the directions of the Board of Directors.

How does the Board of Directors recommend I vote?

The Board of Directors recommends that shareholders vote:

- (i) “FOR” the election of each of the three nominees as directors to Class C named in this proxy statement;
- (ii) “FOR” approval of the non-binding advisory vote on the compensation paid to our Named Executive Officers as disclosed in this proxy statement; and
- (iii) “FOR” ratification of the Audit Committee’s selection of Crowe Horwath LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2015.

How do I vote?

Sign and date each proxy form you receive and return it in the postage-paid envelope provided. If you sign your proxy form but do not mark your choices, your proxies will vote your shares represented by such proxy:

- (i) “FOR” the three persons nominated for election as directors to Class C named in this proxy statement;
- (ii) “FOR” approval of the non-binding advisory vote on the compensation paid to our Named Executive Officers as disclosed in this proxy statement; and
- (iii) “FOR” ratification of the Audit Committee’s selection of Crowe Horwath LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2015.

You may revoke your proxy at any time before it is exercised. To do so, you must give written notice of revocation to the Secretary, Orrstown Financial Services, Inc., 77 East King Street, Shippensburg, Pennsylvania 17257, submit another properly signed proxy with a more recent date or vote in person at the Annual Meeting. Please note that simply attending the Annual Meeting in person without voting will not revoke your proxy.

You are only entitled to vote at the Annual Meeting if our records show that you held shares of the Company's common stock as of the close of business on March 13, 2015. If your shares are held by a broker or other intermediary, you can only vote your shares at the Annual Meeting if you have a properly executed proxy from the broker or other intermediary which is the record holder of your shares.

What is a quorum?

A "quorum" is the presence at the meeting, in person or by proxy, of the holders of a majority of the outstanding shares. There must be a quorum for the Annual Meeting to be held.

How are abstentions and broker non-votes counted?

Abstentions are counted for purposes of determining the presence or absence of a quorum, but are not considered a vote cast under Pennsylvania law.

A broker non-vote occurs when a broker, bank or other nominee holding shares on your behalf does not receive voting instructions from you. If that happens, the broker, bank or other nominee may vote those shares only on matters deemed "routine," such as the ratification of the appointment of the Company's independent registered public accounting firm. On non-routine matters, such as the election of directors and Say-on-Pay, the broker, bank or other nominee cannot vote those shares unless they receive voting instructions from the beneficial owner. A "broker non-vote" occurs when a broker has not received voting instructions and either declines to exercise its discretionary authority to vote on routine matters or is barred from doing so because the matter is non-routine. Broker non-votes are counted to determine if a quorum is present, but are not considered a vote cast under Pennsylvania law.

As a result, abstentions and broker non-votes are not included in the tabulation of the voting results on issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulation.

What vote is required to elect directors?

Directors are elected by a plurality of votes. The three nominees for election as directors to Class C receiving the highest number of votes will be elected to the Board of Directors. Votes withheld and broker non-votes will have no effect on the election of directors.

What vote is required to approve the other proposals?

A majority of the votes cast by shareholders present in person or by proxy at the Annual Meeting, assuming a quorum is present, is required to approve each of the other proposals. Abstentions and broker non-votes, if any, are not treated as votes cast and, therefore, will have no effect on whether or not a proposal is approved.

Who will count the vote?

The Judge of Election appointed by the Board of Directors will count the votes cast in person or by proxy.

What is the deadline for shareholder proposals for next year's Annual Meeting?

Shareholders may submit proposals on matters appropriate for shareholder action at future annual meetings by following the rules of the Securities and Exchange Commission (the "SEC") and the Company's bylaws. Proposals intended for inclusion in next year's proxy statement and proxy card must be received by the Company not later than November 25, 2015. In addition, in order to be considered for possible action by the shareholders at the 2016 Annual Meeting of Shareholders (the "2016 Annual Meeting"), proposals not included in the Company's proxy statement must also be submitted to the Secretary of the Company not later than November 25, 2015. All proposals should be addressed to the Secretary of the Company.

How are proxies being solicited?

In addition to solicitation by mail, the officers, directors and employees of the Company may, without additional compensation, solicit proxies by telephone or personal interview. Brokers and other custodians, nominees and fiduciaries will be requested to forward soliciting material to the beneficial owners of common stock held by such persons and will be reimbursed by the Company for their expenses.

PROPOSAL 1 – ELECTION OF DIRECTORS

The bylaws of the Company provide that the directors will serve in three classes, as nearly equal in number as possible, with each class of directors serving a three year term of office. At each annual meeting of shareholders, a class consisting of approximately one third of all of the Company's directors is elected to hold office for a term expiring at the annual meeting held in the third year following the year of their election and until their successors have been elected and qualified. Accordingly, at the Annual Meeting, the shareholders will be asked to elect three directors to Class C to serve until the annual meeting of shareholders in 2018 or until their successors are elected and qualified. The Board of Directors has nominated the following persons for election as directors to Class C:

Anthony F. Ceddia

Andrea Pugh

Floyd E. Stoner

All three nominees are presently serving as directors of the Company and the Bank.

If you return a properly signed and dated proxy form your shares of Company Common Stock represented by your proxy will be voted FOR the election of the three named nominees unless you mark the proxy form to withhold authority to vote for one or more of the nominees. If one or more of the named nominees is unable or unwilling to serve as a director, the persons named in the proxy will vote for the election of such substitute nominee, if any, as will be named by the Board of Directors. The Company has no reason to believe that any of the named nominees will be unable or unwilling to serve as a director. Each named nominee has expressed a willingness to serve if elected. The Board of Directors recommends that you vote FOR the election of each of the named nominees as directors to Class C.

Nomination of Directors

In connection with the Annual Meeting, the Nominating and Governance Committee of the Company's Board of Directors has reviewed the qualifications of and made recommendations regarding potential candidates to be nominated by the Board of Directors for election to the Board. The three nominees named above were recommended by the Nominating and Governance Committee, then submitted to and approved by the Board of Directors as the three nominees for election as directors to Class C.

In addition to meeting the minimum criteria to serve as a director as outlined in the Company's bylaws, the Nominating and Governance Committee has considered a variety of factors including each candidate's integrity, independence, qualifications, skills, experience (including experience in finance and banking and diversity of experience in relation to other members of the Board of Directors), compatibility with other members of the Board of Directors, the strategic direction of the Company and the Bank, involvement in the communities served by the Bank and such other factors as it has deemed to be in the best interest of the Company, the Bank and the Company's shareholders, which factors may change from time to time.

The Nominating and Governance Committee will consider the incumbent directors whose terms are expiring at the forthcoming annual meeting, other candidates, if any, recommended to it by shareholders, other qualified individuals within the community, including the Bank's regional advisory boards, and any candidates nominated by shareholders in accordance with the procedures set forth in the Company's bylaws. The criteria for consideration of board candidates nominated by the Company's shareholders, if nominated in a timely manner, is the same as for other board nominees.

Director Eligibility Requirements. The Company's bylaws provide for certain director eligibility requirements for a nominee to be eligible to become a member of the Board. All directors must hold at least 3,500 shares of the Company's common stock. Directors will have one year from the date they join the Board to meet this requirement. On March 12, 2015, the Board of Directors approved a recommendation from the Nominating and Governance Committee to give Mr. Segal a six month extension to meet this requirement. In granting the extension, the Nominating and Corporate Governance Committee noted the prohibitions under Company policies and SEC regulations which limited all directors, including Mr. Segal, in buying or selling Company stock during the relevant period of time. In addition, no one may be nominated to serve as a director of the Company that: (a) is under

indictment or has been convicted of a crime involving a breach of trust with a penalty of imprisonment for more than one year; (b) has been issued within the past 10 years a non-appealable cease and desist order by a federal or state bank regulatory agency related to conduct involving dishonesty or breach of trust; (c) has been found guilty in a final decision, either by any federal or state regulatory agency of: (i) committing a willful violation of any law governing banking, securities, commodities or insurance, or any final cease and desist order issued by a banking, securities, commodities or insurance regulatory agency, or (ii) breaching a fiduciary duty involving personal profit; or (d) has been nominated by someone who is ineligible to serve as a director of the Company under requirements (a)-

(c) listed above. In addition, the age of members of the Board is limited to 75 years, provided that any director who reaches such age during his or her term of office may continue to serve on the Board until the expiration of their term. No recommendations were received by the Nominating and Governance Committee in connection with this Annual Meeting from shareholders or others, nor, as of the date of this proxy statement, had any candidates been nominated by shareholders in accordance with the procedures set forth in the bylaws.

Any future nominations should be submitted in writing addressed to Orrstown Financial Services, Inc., 77 East King Street, Shippensburg, Pennsylvania 17257, Attn: Nominating and Governance Committee.

Shareholder nominations in accordance with the procedures set forth in the Company's bylaws must be submitted not less than 120 days prior to the anniversary date of the immediately preceding Annual Meeting of Shareholders of the corporation, and must include a statement setting forth the background, education and business experience of the nominee.

A copy of the Nominating and Governance Committee Charter is posted on the Company's website at www.orrstown.com.

From 1983 through 2004, Mr. Coy served as a Representative to the Pennsylvania General Assembly, representing the 89th Legislative District. The Board of Directors values the knowledge, experience and perspective Mr. Coy has attained through his long tenure as a director of the Company and the Bank and the substantial knowledge of the Bank's Franklin and Cumberland Counties, Pennsylvania market areas he attained through his representation of those areas in the General Assembly.

Eric A. Segal – 57, was appointed to the Boards of Directors of both the Company and the Bank in 2013. Since 2008, Mr. Segal has been Managing Director, and head of the Banking and Financial Institutions Group at CFO Consulting Partners LLC in Princeton, New Jersey. The Board of Directors values Mr. Segal's strong financial acumen and the knowledge and experience he has gained through his consulting experience in many banking organizations in the Mid-Atlantic region.

Joel R. Zullinger – 66, is Chairman of the Boards of Directors of the Company and of the Bank. Mr. Zullinger has served as a director since 1981. Mr. Zullinger is an attorney at law with Zullinger Davis, P.C., in Chambersburg, Pennsylvania. The Board of Directors also values the leadership and communication skills manifested by Mr. Zullinger's service as Chairman.

Director Independence

The Board of Directors of the Company has adopted the definition of "independent director" as set forth in Rule 5605(a)(2) of the NASDAQ Stock Market and has determined that each director is independent under this rule, other than Mr. Quinn due to his position as President and CEO of the Company. Under NASDAQ rules, employees of the Company are deemed not to be independent. In making this determination on the remaining directors, the Board of Directors was aware of and considered the loan and deposit relationships and other transactions with directors and their related interests, which the Company or the Bank enters into in the ordinary course of business. Except as noted above and for loans, deposits, fiduciary and other similar relationships with the Company or the Bank, no director or any of his or her related interests has engaged in any transaction or series of transactions, or is involved in any relationships, as a result of which the director would not be independent under the rules of the NASDAQ Stock Market.

Shareholder Communications with the Board of Directors

The Company has a formal process by which shareholders may send communications to the Board of Directors. Our policy is to recommend that all correspondence from shareholders be addressed to the Chief Executive Officer of the Company, who shares such correspondence with the Board of Directors. As a matter of practice, shareholder communications received by the Chief Executive Officer are included under the topic "Correspondence" with the Board of Directors' meeting materials routinely furnished by management to directors in connection with meetings of the Board of Directors. In addition, shareholder communications determined by the Chief Executive Officer, at his discretion, to require immediate attention, also are promptly furnished by him to the Chairman. When and as

appropriate, the Company seeks to provide a timely response to shareholder communications it receives.

Board Structure, Committees and Meeting Attendance

During 2014, the Board of Directors of the Company met 15 times and the Board of Directors of the Bank met 15 times. The Board of Directors of the Company has a Compensation Committee, an Audit Committee and a Nominating and Governance Committee. During 2014, all of the directors of the Company attended at least 75% of all meetings of the respective Boards and Committees on which they served. It is Company policy that all directors will attend the Annual Meeting. All of the Company's directors attended the Annual Meeting of Shareholders in 2014. With the exception of Mr. Quinn, all of the directors of the Company and the Bank are independent as defined in Rule 5605(a)(2) of the NASDAQ Stock Market. Leadership of the Boards of Directors of the Company and the Bank is entrusted to an independent Chairman and an independent Vice Chairman. The Vice Chairman also serves as Chair of the Executive Committee. The Boards of

Directors believe that this independent leadership structure helps to provide an appropriate check and balance on the influence of the executive management team generally and the President and Chief Executive Officer more specifically, particularly in consideration of the President and Chief Executive Officer's membership on the Boards of Directors and Executive Committee. In addition, the directors have two regularly scheduled meetings each year in which they meet in executive session without Mr. Quinn being present. The directors also may meet in executive session at additional times as necessary.

Compensation Committee. The Compensation Committee discharges the responsibilities of the Board of Directors relating to the compensation of the Company's Chief Executive Officer and other executive officers and of the Board of Directors. The Compensation Committee Charter is posted on the Company's website at www.orrstown.com.

The Compensation Committee Charter provides that the Compensation Committee is to be composed of three or more members, each of whom is to be "independent" as defined in NASDAQ Rule 5605(a)(2), an "outside director" within the meaning of Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), Section 162(m) and a "non-employee director" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended. The members of the Compensation Committee are to be appointed by the Board of Directors upon the recommendation of the Nominating and Governance Committee.

The members of the Compensation Committee during fiscal 2014 were Jeffrey W. Coy, Chair, Floyd E. Stoner and Joel R. Zullinger, each of whom the Board of Directors has determined to be independent, and an outside director and a non-employee director. Each of these members currently serves on the Compensation Committee.

The Compensation Committee Charter provides that the Compensation Committee is to meet at least two times each year and at such other times as it deems necessary to fulfill its responsibilities. The Compensation Committee met four times during 2014.

Nominating and Governance Committee. The Nominating and Governance Committee exercises general oversight with respect to the governance of the Board of Directors. It reviews the qualifications of and recommends to the Board of Directors proposed nominees for election to the Board. As discussed above, it also is responsible for evaluating and recommending to the Board corporate governance practices applicable to the Company and for leading the Board in its self-evaluation process.

The Nominating and Governance Committee reviews its Charter annually and recommends proposed changes for Board approval. The members of the Nominating and Governance Committee are Glenn W. Snoke, Chair, Jeffrey W. Coy, Mark K. Keller and Joel R. Zullinger, each of whom the Board of Directors has determined to be independent, and an outside director and a non-employee director. The Nominating and Governance Committee Charter is posted on the Company's website at www.orrstown.com. The Nominating and Governance Committee met one time in 2014.

Audit Committee. The Audit Committee provides oversight of the qualifications, independence and performance of the Company's independent auditors; the performance of the Company's internal audit function; and management's implementation of a system of controls designed to safeguard the Company's assets and income, assure the integrity of the Company's financial statements and maintain compliance with the Company's ethical standards, policies, plans and procedures, and with laws and regulations. The Audit Committee Charter is posted on the Company's website at www.orrstown.com.

The Audit Committee Charter provides that the Audit Committee is to be composed of not less than three members, each of whom is to be "independent" as defined in NASDAQ Stock Market Rule 5605(a)(2) and SEC Rule 10A-3(b)(1); has not participated in the preparation of the Company's financial statements at any time during the past three years; and is able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. In addition, at least one member of the Audit Committee is to have had past employment experience in finance or accounting, or other comparable experience or background, which results in the member's financial sophistication as contemplated by NASDAQ Stock Market Rules.

The members of the Audit Committee are Dr. Anthony F. Ceddia, Chair, Mark K. Keller, Andrea Pugh and Floyd E. Stoner each of whom the Board of Directors has determined to be independent.

In addition, the Board of Directors, has determined that Dr. Ceddia has the requisite financial sophistication required by the Audit Committee Charter to serve as the Audit Committee financial expert. Dr. Ceddia has experience as

president of a large organization where the finance and accounting functions reported directly to him. Dr. Ceddia has had ultimate responsibility for overseeing and assessing the performance of the respective organizations in the preparation of their respective financial statements which, together with his tenure as a member of the Audit Committee, has provided him with an understanding of, and familiarity with Generally Accepted Accounting Principles and internal controls over financial reporting.

The Audit Committee Charter provides that the Audit Committee is to meet at least four times each year. The Audit Committee met 18 times during 2014.

Audit Committee Report

The Audit Committee has reviewed and discussed with management the Company's audited financial statements for the year ended December 31, 2014. The Audit Committee also has discussed with Crowe Horwath LLP, the matters required to be discussed under Public Company Accounting Oversight Board standards governing communications with audit committees, Auditing Standard No. 16 (AS16), Communications with Audit Committees; received from Crowe Horwath LLP, the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Crowe Horwath LLP's communications with the Audit Committee concerning independence and has discussed with Crowe Horwath LLP, that firm's independence. In that regard, the Audit Committee has considered whether the provision by Crowe Horwath LLP of certain limited permissible non-audit services in addition to its audit services is compatible with maintaining that firm's independence and has determined that it is. Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, filed with the Securities and Exchange Commission.

Submitted by the Audit Committee:

Dr. Anthony F. Ceddia, Chair

Mark K. Keller

This report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such acts.

Compensation Committee Interlocks and Insider Participation

As noted previously, the members of the Compensation Committee during fiscal 2014 were Jeffrey W. Coy, Chair, Floyd E. Stoner and Joel R. Zullinger, each of whom the Board of Directors has determined to be independent, an outside director and a non-employee director. There are no interlocking relationships, as defined by SEC regulations under the Securities Exchange Act of 1934, as amended, involving members of the Compensation Committee or the overall Board of Directors of the Company.

Transactions with Related Persons, Promoters and Certain Control Persons

During 2014, some of the directors and executive officers of the Company and the Bank, members of their immediate families and some of the companies with which they are associated, had banking transactions in the ordinary course of business with the Bank and may have similar transactions in the future. These transactions were made on substantially the same terms, including interest rates, collateral requirements and repayment terms, as those prevailing at the time for comparable transactions with non-affiliated persons and did not involve more than the normal risk of collectability or present other unfavorable features.

Any business dealing, including extensions of credit, between the Company or the Bank and a director of the Company or the Bank, or with any entity controlled by such a director, other than a deposit, trust service or other product or service provided by a bank in the ordinary course of business, is required to be reviewed and approved by a majority of the disinterested directors. In considering a proposed insider transaction, the disinterested directors are to reasonably determine whether the transaction would be in the best interest of the Company or the Bank and on terms and conditions, including price, substantially the same as those prevailing at the time for comparable transactions with non-insiders. No transactions or series of related transactions, other than outstanding extensions of credit exceeded \$120,000 during 2014.

Extensions of credit by the Bank to a director of the Company or of the Bank, or to a related interest of such a director, are subject to Federal Reserve Board Regulation O. Although Regulation O requires the prior approval of such an extension of credit by the Bank's disinterested directors if the aggregate amount of all extensions of credit to such director and the related interests of the director would exceed \$500,000, the Company requires prior approval of all such extensions of credit.

Compensation of Directors

The following table sets forth compensation received by directors of the Company in 2014, other than Thomas R. Quinn, Jr., President and Chief Executive Officer. Mr. Quinn does not receive compensation in his capacity as a director.

Mr. Stoner and Mr. Segal have not received option awards from the Company.

⁽¹⁾ Represents the aggregate increase in the present value of the directors' accumulated benefit under defined benefit and supplemental plans for the year ended December 31, 2014. This includes both the director's retirement and "brick" plans.

Directors' Fees. During 2014, each director of the Company and the Bank was paid an annual fee of \$50,000. Fees are paid quarterly on the first business day of the months of January, April, July and October. In addition, Board officers were paid a stipend as follows: Chairman, \$13,000; Vice Chairman, \$11,000; and Secretary, \$9,000.

Deferred Compensation Plan. In 1995, the Company and the Bank established a non-qualified deferred compensation plan for directors and executive officers. Participation in the plan is voluntary. Each participant may elect each year to defer all or a portion of his or her directors' fees or, in the case of an executive officer, compensation. Directors deferring compensation must begin withdrawals from the plan by age 75 or termination of service as a director, whichever occurs later. Executive officers must begin withdrawals by age 65 or retirement, whichever occurs later. Payments may be made in equal monthly or annual installments over not more than ten years. Immediate distributions may be made in the event the Company would experience a hostile takeover, an acquiring bank or bank holding company would fail to approve the plan, or the Bank, or any acquiring bank or bank holding company, would

experience bankruptcy. If a participant would die before payment of his or her entire account, the Company will pay the balance to his or her beneficiary in a single lump sum payment. The amounts deferred are invested in a rabbi trust with the trust department of the Bank as trustee. The participants direct the investment of their own accounts among various publicly available mutual funds designated by the Bank's Trust Investment Committee. Growth of each participant's account is a result of investment performance and the public markets and is not a result of an interest factor or interest formula established by the participant or by the Company or the Bank. In 2014, Mr. Zullinger deferred \$15,000 and Mr. Snoke deferred \$10,000.

Directors Retirement Plan. The Bank has entered into director retirement agreements with Ms. Pugh and Messrs. Ceddia, Coy, Keller, Rosenberry, Snoke, and Zullinger. Each director retirement agreement provides the respective director with a normal retirement benefit in a specified amount, payable in 120 consecutive monthly installments commencing the month following the director's termination of service after having reached the normal retirement age of 65. Generally, the amount of a director's annual normal retirement benefit is intended to approximate the amount of his or her directors' fees during the year in which he or she became a party to a director retirement agreement, projected to the normal retirement age of 65 based upon annual increases of four percent. For every complete plan year after normal retirement age and before termination of service, the amount of the annual benefit will increase by four percent.

A director will forfeit his or her benefits under his or her director retirement agreement if the Bank terminates his or her service for gross negligence or gross neglect of duties, commission of a felony or gross misdemeanor involving moral turpitude or fraud, disloyalty

or willful violation of any law or policy committed in connection with the director's service resulting in an adverse effect on the Bank or if the director, after termination of service (other than following a change in control of the Bank), competes with the Bank within a 50 mile radius of its main office in Shippensburg, Pennsylvania. The Bank also would not be obligated to pay any benefit under a director retirement agreement to the extent the benefit would constitute an excess parachute payment under Section 280G of the Internal Revenue Code.

If a director is in active service of the Bank at the time of a change in control of the Bank, as defined in Section 409A of the Internal Revenue Code, the director will be entitled to begin receiving his or her normal retirement benefit following the later of the director's termination of service or attaining normal retirement age. The director retirement agreement provides for an early termination benefit in a specified amount in the event of an early termination of service before normal retirement age, a disability benefit in the event of an early termination of service due to disability and a death benefit.

The amount of the increase in 2014 in the net present value of the accrued benefit under the directors retirement agreement is reported in the 2014 Director Compensation Table for each participating director in the "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column.

Brick Plan. Mr. Zullinger and three of the Bank's former Directors participate in so-called "brick plans" that provide the director or his or her beneficiaries with a monthly cash benefit for a period of 10 years beginning at age 65. The change in the net present value of Mr. Zullinger's accrued benefit under his brick plan from 2013 is reported in the 2014 Director Compensation Table above in the "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column. Under the brick plan, Mr. Zullinger's annual benefit at age 65, which is fully vested, would be \$21,804. Mr. Zullinger's total accrued benefit at December 31, 2014 was \$124,799.

Compensation Discussion and Analysis

Executive Compensation Philosophy and Principles

The Company's compensation and benefits programs and policies are, for the long term, intended to provide fair, reasonable and competitive levels of compensation and benefits in order to recruit, motivate, reward and retain qualified executive officers and generate long term value for the Company's shareholders. This philosophy had been adjusted in 2011-2013, whereby no raises, cash bonuses or incentive equity awards had been granted. In 2014, with improvement in the operating performance and risk profile of the Company, the committee has begun to adjust the philosophy as follows:

A well designed compensation program provides incentives to achieve desired results, helps retain and attract talent, and discourages excessive risk-taking. This section describes how we view compensation going forward and why we make the decisions that we do. The committee believes that successful application of the guiding principles, outlined below, requires program design that balances risk and reward. The committee believes that judgment, flexibility and discretion are critical to its ability to deliver effective incentive compensation that focuses on both current period performance results and long-term value creation for the shareholders. The guiding principles are as follows:

Compensation Principles:

1. Pay for performance;
2. Align executive compensation with the long-term interests of our shareholders;
3. Encourage focus on the long-term success of Orrstown Financial Services and discourage excessive risk-taking; and
4. Provide competitive compensation opportunities to attract, retain and motivate executives

Shareholder Advisory Votes on Compensation. At the 2014 Annual Meeting of Shareholders, the Company's shareholders approved an advisory vote on its executive compensation policies and practices as disclosed in the Compensation Discussion and Analysis and the proxy statement by more than 83% of the shares voting on the matter. At the 2011 Annual Meeting of Shareholders, a majority of the shareholders approved an advisory vote recommending that such advisory vote be taken annually. The Company continues to follow this advisory vote on the annual frequency of such shareholder advisory votes.

The Executive Incentive Plan has historically been based directly on Company performance metrics including net income, return on assets and return on equity and select asset quality ratios. It is the intention of the Compensation Committee to insure that the plan does not encourage executive management to take excessive risk in the future. Additionally, if the Committee deems that management did expose the Bank to excessive risks, there is appropriate claw-back language in the incentive compensation plan guidelines to address the situation in subsequent years.

Compensation Structure. We compensate our executive officers through a combination of base salary, annual cash incentives, equity based compensation, and other benefits. Base salaries are set at levels competitive within the industry and the local market area in order to attract and retain executive officers who possess the knowledge, skills and abilities necessary to successfully execute their duties and responsibilities.

As further detailed below, the incentive compensation program is structured to align our executives' bonus opportunities with the financial performance of the Bank, as well as to reflect individual contribution and success. In addition to cash, a portion of the executives' earned bonus will be paid in restricted stock, further aligning management with the interests of the shareholders.

Health and welfare benefit programs are provided to executive officers on the same terms and conditions as all other employees and are intended to be competitive within the industry and the local market area.

Process for Determining Executive Compensation. The Compensation Committee and management participate in the determination of executive compensation programs and practices. Generally, the Compensation Committee is responsible for carrying out the responsibilities of its charter, including (but not limited to) establishing, implementing

and monitoring adherence to the Company's compensation philosophy. The Compensation Committee seeks to ensure that the total compensation paid to our executive officers is fair, reasonable and competitive.

Management's role in determining executive compensation programs and practices consists of developing proposals regarding program design and administration for the Compensation Committee's review and approval. Management also is responsible for making compensation recommendations each year, typically in the form of salary adjustments, short-term incentive targets and awards, and long-

term incentive grants. The Compensation Committee, comprised entirely of independent directors, makes and approves recommendations regarding the compensation of Mr. Quinn, our President and CEO.

Disclosure of Role of Compensation Consultants and potential conflicts of interest assessment. From time to time, the Compensation Committee also uses outside compensation consultants. A compensation consultant generally reviews, analyzes and provides advice about the Company's executive compensation programs in relation to the objectives of those programs, including comparisons to designated peer group companies along with information and advice on competitive compensation practices and trends, and specific views on the Company's compensation programs. In connection with an update to the Company's overall guidelines related to executive compensation (collectively, the "Executive Incentive Guidelines") for fiscal 2014, the Compensation Committee engaged the services of Pearl Meyer & Partners, LLC ("Pearl Meyer") to review and comment on its proposed guidelines. Prior to engaging this consultant, the Compensation Committee considered the independence of Pearl Meyer in light of NASDAQ listing standards related to the Compensation Committee. The Compensation Committee also requested and received a letter from Pearl Meyer addressing the consulting firm's independence, including the following factors: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Compensation Committee; (5) any Company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. The Compensation Committee discussed these considerations and concluded that the work of the consultant did not raise any conflict of interest.

Benchmarking of Compensation Levels. In making compensation decisions, the Compensation Committee reviewed market data related to base salary, annual bonus and total compensation. While consideration is given to banks in the Mid-Atlantic region with assets between \$1-3 billion, we also continue to monitor a peer group of 13 banks which met the following basic criteria:

Assets of approximately 0.5x – 2.0x that of the Company (which had approximately \$1.18 billion in assets as of December 31, 2014);

Commercial banks;

Domiciled in the Mid-Atlantic region of the United States; and

Similar business models to include commercial bank focus, or significant wealth and/or mortgage businesses

These criteria, further refined to reduce the number of comparators, resulted in the following peer group in fiscal 2014:

Metro Bancorp, Inc.;	Citizens & Northern Corporation;
Financial Institutions, Inc.;	CNB Financial Corporation;
Univest Corporation of Pennsylvania;	Bryn Mawr Bank Corporation;
Cardinal Financial Corporation;	Chemung Financial Corp.;
Eagle Bancorp, Inc.;	City Holdings Company; and
Arrow Financial Corporation;	Shore Bancshares, Inc.
Peapack-Gladstone Financial Corporation;	

The Company reviews the data from this peer group and industry surveys. The Company does not use a formulaic approach to benchmarking compensation for individual job positions. The Compensation Committee also considers data related to three year average total compensation for executive officer positions as that is a metric available through SNL Financial for banks, in the Mid-Atlantic region, with assets between \$1 and \$3 billion.

2014 Compensation Decisions. The Compensation Committee met four times in 2014. On December 17, 2014 the Committee again recognized management's efforts to improve the net income, return on assets and return on equity and asset quality metrics for the Company. The Committee accepted Mr. Quinn's recommendation that the timing of salary increases be aligned with the rest of the employee base in May. The Committee reviewed the projected performance awards under the executive incentive compensation plan, and discussed potential discretionary awards.

Base Salary. Historically, base salaries for executive officers have been determined based upon a comparison of the Company to competitive market data, as well as individual performance and contributions. However, base salaries to existing Named Executive Officers who have continued in their original positions had been frozen from 2011-2014. In determining the level of base salary, an individual's personal performance in achieving previously established goals is a contributing factor. Following consideration of the information obtained and reviewed the members of the Compensation Committee recommended and the Bank's independent directors approved, at its January 2015 meeting, moving base salary adjustment decisions to May 1 to align with the remaining employee population of the company.

Incentive Compensation Plan: In 2013, the Compensation Committee approved changes to the Executive Incentive Guidelines, which were intended to reflect changes in market practice, plan design and internal considerations regarding incentive compensation at the Company. The program was structured to provide cash bonuses based on a combination of company performance and individual contributions. For 2014, it was decided that Company performance would be defined as performance versus budget and return on equity compared to cost of capital, including the following measures and attributes:

Return on equity (ROE) compared to the Company's cost of capital;

Performance to Budget Target;

- Claw-back provisions and;

Multi-year payouts.

This set of measures was chosen to effectively balance incentivizing management on core operating measures, linking annual incentives to measures that in the aggregate create shareholder value, and taking into account risk. The 2014 plan calls for the following payment structure:

40% of earned incentive paid in year 1;

25% of earned incentive paid in year 2 (subject to claw-back);

35% of earned incentive paid in restricted stock with 3 year cliff vesting (subject to claw-back).

The results for 2014 used as inputs to determine incentive payouts were adjusted downward at the discretion of the Compensation Committee to EXCLUDE the following: the reversal of the deferred tax asset valuation allowance; the impact of negative provision for loan losses; and securities gains/losses, all of which, if included, would have produced higher incentive payouts.

The target payout under the 2014 Incentive Compensation Plan was 50% of the executive's base salary. This payout would be scaled (adjusted) upward or downward depending upon the performance of the Company as it relates to the metrics evaluated. The metrics included budgeted earnings and return on equity, which were equally weighted at 50%. The following table represents the target net income and target return on equity as approved by the Compensation Committee and the performance (adjusted for negative provision, securities gains and recapture of the valuation allowance on its net deferred tax assets) relative to the targets and outlines the corresponding payout as a percentage of base salary:

Performance targets set by Compensation Committee:

	Net Income	Payout % of Base Salary	ROE	Payout % of Base Salary
	\$12,300,000	150%	12.17%	150%

Discretionary Cash Bonus. In 2014, the Compensation Committee approved discretionary cash bonuses to the named executive officers to be paid in 2015. This was done in recognition of the efforts over the past several years to improve overall asset quality, restoration of sustained earnings and work through the regulatory issues and remove the Company from the regulatory orders by the State of Pennsylvania. The discretionary bonuses are subject to payment in full at the time of award. The discretionary bonuses were as follows:

Name	Amount
Thomas R. Quinn, Jr.	\$50,000
David P. Boyle	34,000
Jeffrey M. Seibert	34,000
Philip E. Fague	25,000
Benjamin W. Wallace	25,000

Long-term Incentives. In 2011, the Board of Directors of the Company unanimously approved and adopted the Orrstown Financial Services, Inc. Stock Incentive Plan of 2011 (the "Stock Incentive Plan"). The Stock Incentive Plan was approved by the shareholders at the 2011 Annual Meeting. The purpose of this plan is to promote the long term success of the Company and the creation of shareholder value by:

- o providing additional incentives to those officers and key employees who are in a position to contribute to the long term growth and profitability of the Company;
- o assisting the Company to attract, retain and motivate key personnel with experience and ability; and
- o linking employees receiving stock options directly to shareholder interests through increased stock ownership.

The Compensation Committee, on behalf of the Board of Directors, has been administering the Stock Incentive Plan, and determines the number of shares to be granted, as well as the relevant terms and conditions of each grant. Historically, the Company has granted stock options, all of which are exercisable at an option price equal to the "fair market value" of the Company's common stock on the date of grant of the option, defined as the closing price for shares of Company common stock reported on the NASDAQ Stock Market on such date. It is anticipated that going forward, the Company will make use of additional equity instruments covered under the Stock Incentive Plan, including restricted stock. Grants to officers of the Company and other key employees are based on criteria established

by the Compensation Committee including past performance, job duties, scope and responsibilities and contributions to overall Company performance.

The Compensation Committee has discretion over the number of shares or shares covered by option grants awarded at any given time, subject to the conditions and restrictions of the Stock Incentive Plan. See the table below titled "2014 Grant of Plan-Based Awards Table" for restricted stock grants made in 2014.

401(k) Plan. The Bank maintains a 401(k) plan for the benefit of eligible employees. The Bank makes annual matching contributions of up to 50 percent of employee contributions under the plan up to three percent of an employee's annual compensation.

Deferred Compensation and Supplemental Benefit Programs. The Bank has established salary continuation plans and group term replacement plans for certain of its executive officers. The purposes of these programs are to provide to those executive officers an economic incentive for long term service to the Company and the Bank. The Compensation Committee believes that these programs are competitive with those offered by other banks of similar size on a regional basis.

The Bank has established salary continuation plans for certain of its executive officers including Messrs. Quinn and Fague, in order to provide them with supplemental retirement income (the "Salary Continuation Agreements"). The purpose of the plans is to provide an incentive to such persons to continue in the employ of the Bank.

The Bank also has established an officer group term replacement plan (split dollar plan) for the benefit of Messrs. Quinn and Fague. This plan provides participating officers with a life insurance benefit equal to two times current salary with no cap. Under the plan the officer receives the same coverage as he currently receives under the Bank's group term plan but at less cost to the Bank while the officer is employed. The officer receives continued coverage after retirement for a small annual charge. The post-retirement coverage will approximate two times annual salary (but not exceed the net coverage purchased).

As noted above in connection with director compensation, the Company also has established a non-qualified deferred compensation plan for directors and executive officers, but no executive officer made any deferrals pursuant to that plan in 2014.

Executive Employment Agreements. In August 2011, the Company extended an executive employment agreement with Mr. Quinn which continues until August 25, 2015. The minimum annual base salary is \$414,000. During the term of the agreement, the Company will cause Mr. Quinn to be elected to the Board of Directors of the Bank and to nominate him to serve as a director of the Company. During the period of employment and for one year thereafter, Mr. Quinn agrees not to directly or indirectly engage in business competition with the Company or the Bank with respect to its services, products, processes, customers, methods of doing business and similar matters within an eighty mile radius of Shippensburg, Pennsylvania. In addition, during this period, Mr. Quinn will not solicit or attempt to solicit, divert or appeal to any employees, customers, clients or referral sources of the Company, the Bank or any of their respective subsidiaries.

Change in Control Benefits. The Company and the Bank entered into a Change in Control Agreements with Mr. Quinn in March 2009 and Mr. Fague in May 2008. The purpose of the Change in Control Agreement is to promote the interests of the Company and the Bank by mitigating the concerns for job security, authority or compensation in connection with a change in control of the Company or the Bank, such that the business and strategic decisions Mr. Quinn and Mr. Fague may make on behalf of the Company and the Bank may be made independently of such concerns. The Compensation Committee believes that providing change in control benefits is competitive with the practices of its peers. The key terms and conditions of the change in control arrangements are described below under "Potential Payments Upon Termination or Change in Control."

Risk Management. We believe that the Company's compensation programs and practices for its employees are not reasonably likely to have a material adverse effect on the Company. Annual incentive compensation is wholly subject to the discretion of the Compensation Committee and the independent directors. Similarly, not only is long-term incentive compensation in the forms of restricted stock and stock options also subject to Compensation Committee and independent director discretion, it also reflects a modest portion of total compensation at lesser levels than among the Company's peers. With respect to those employees whose compensation may involve a variable component such as

loan originators and investment counselors who are paid, in significant part, based upon production, we believe the aggregate absolute amount of such compensation is not material to the Company and that the Company's internal controls further mitigate the risks that otherwise might be incurred as a result of such activities and compensation practices.

Tax and Accounting Considerations. The Company takes into account the tax and accounting implications in the design of its compensation programs. For example, in the selection of long-term incentive instruments, the Compensation Committee reviews the projected expense amounts and expense timing associated with alternative types of awards. Under current accounting rules (i.e., Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718), the Company must expense the grant-date fair value of share-based grants such as stock option awards, restricted stock, performance shares, and stock appreciation rights settled in stock. The grant-date value is amortized and expensed over the service period or vesting period of the grant. In selecting appropriate incentive devices, the Compensation Committee reviews appropriate expense analyses and considers the related tax and accounting issues.

Section 162(m) of the Internal Revenue Code places an annual limit on the tax deduction for certain compensation paid in excess of \$1 million to the Chief Executive Officer and the three most highly compensated executive officers of a corporation. All of the compensation the Company paid in 2014 to the Named Executive Officers is expected to be deductible under Section 162(m) of the Internal Revenue Code. Whether all elements of compensation paid by the Company in future years will be fully deductible is dependent upon many factors as required by Section 162(m) of the Internal Revenue Code and applicable regulations. Such factors include the aggregate level of taxable income received by an executive in each year, the structure of various compensation plans, the manner in which incentive compensation goals are established and a determination of satisfaction of those goals, and the relationship between the Company and the directors serving on the committee determining the performance goals related to incentive compensation and the satisfaction of such performance goals. The Compensation Committee retains the flexibility to pay both compensation that will be fully deductible and compensation that may not be deductible in structuring the Company's compensation programs in its actions to promote the best interests of the Company and its shareholders. Upon a change in control of the Company, some portion of the severance payments may exceed the deductible limitations under Section 280G of the Internal Revenue Code. Although the Compensation Committee does not anticipate that any such non-deductible payments, if applicable, will constitute a material portion of the total shareholder consideration that might be paid in connection with such a change in control transaction, it believes that it is necessary for the Company to have flexibility in designing its compensation programs to meet necessary business objectives and pay strategies.

Under the newly adopted executive incentive compensation program effective for 2014, there are in place forfeiture and or claw-back provisions for the recoupment of incentive compensation in the event of excessive risk impacting financial performance and restatement or adjustment of the performance measures in the future after incentive awards have been made. The Company did not utilize provisions for recoupment of incentive compensation for 2014 due to restatement or adjustment of the performance measures. The Company does not currently maintain stock ownership guidelines or equity incentive retention guidelines for its Named Executive Officers (unless they also serve on the Board of Directors), but generally such officers hold personal investments in the Company's stock. The Company does not have any policies regarding hedging strategies applicable to the Named Executive Officers or directors and their personal investments in Company stock.

Compensation Risk Assessment

The Company periodically conducts a Compensation Risk Self-Assessment. The latest Compensation Risk Self-Assessment, which was conducted in fiscal 2014, concluded that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

- (1) The cash bonus for Mr. Quinn, at his insistence, will not be paid until the Company has been removed from all regulatory orders and the Company has restored a cash dividend to common shareholders.
- Stock and option awards are valued based on the aggregate grant date fair value of awards granted during the year computed for financial reporting purposes pursuant to FASB ASC Topic 718. There is no assurance the value realized by an executive officer will be at or near the value estimated by ASC Topic 718. The actual value, if any, an executive officer may realize will depend upon the excess of the stock price over the exercise price on the date the option is exercised or stock awards vest. Please see the 2014 Outstanding Equity Awards at Fiscal Year-End Table below for more information regarding options outstanding at December 31, 2014. There were no option or other stock awards made in 2014, 2013 and 2012, other than the 2,500 shares of restricted stock granted to each of Messrs. Boyle and Seibert in 2013
- (2) Represents the aggregate increase in the present value of the officer's accumulated benefit under the salary continuation agreement plan.

- (5) Represents part-year compensation because the named executive officer joined the Company during fiscal 2013.

As indicated in the 2014 Summary Compensation Table, salary is the single most significant component of executive compensation, comprising approximately one-half or more of total compensation paid to an executive officer.

The compensation represented by the amounts for 2014 set forth in the “All Other Compensation” column in the 2014 Summary Compensation Table is detailed in the following table.

In the previous table:

¶The number of years of credited service equals the number of years of employment service.

When we use the phrase “present value of accumulated benefit,” we are referring to the actuarial present value of the Named Executive Officer’s accumulated benefits under our pension plans, calculated as of the Plan Measurement Date.

The present value of accumulated benefits shown in the table above has been determined using the assumptions set forth in our audited financial statements for the year ended December 31, 2014.

¶No amounts were actually paid or provided to the Named Executive Officers during 2014.

A description of the Salary Continuation Agreement appears below under “Potential Payments Upon Termination or Change in Control.”

Potential Payments Upon Termination or Change in Control

Salary Continuation Agreements. The Bank has entered into a Salary Continuation Agreements with Thomas R. Quinn, Jr. and Philip E. Fague. The Salary Continuation Agreements provide the executive officers with certain specified benefits upon a separation from service as a result of normal retirement, early termination, disability, death or a change in control. In the event of early termination by the Company other than for cause, or by the Executive, unrelated to a change in control transaction and prior to reaching normal retirement age, the executive would receive the accumulated benefit described in the 2014 Pension Benefit Table.

Benefits are payable in monthly installments over a 15 year period beginning within 60 days following the executive officer’s separation from service upon or after the executive reaching normal retirement age, within 60 days following the executive officer reaching normal retirement age in the cases of early termination and change in control or within 60 days after separation from service in the case of disability. Under the Salary Continuation Agreements, the amount of the normal retirement benefit when combined with Social Security and amounts available under the Bank’s 401(k) and profit sharing plans is intended to provide the executive officer with retirement income equal in amount to 70 percent of final annual salary. The Salary Continuation Agreement with Mr. Quinn provides for an annual normal retirement benefit of \$400,000 at age 65; and with Mr. Fague, \$73,000 at age 65.

In the event of an early separation from service or a separation from service due to disability prior to normal retirement age, the amount of benefit under the plan will be actuarially reduced from the normal retirement benefit. In the event of a change in control, the amount of the benefit will be the amount of the normal retirement benefit. In the event an executive officer dies while in active service, the officer’s beneficiary will be entitled to receive the normal retirement benefit payable in monthly installments over a 15 year period. In the event an executive officer dies after benefit distributions have commenced, the Bank will continue to distribute the remaining benefits to the officer’s beneficiary at the same time and in the same amounts as would have been distributed to the executive officer had he or she survived.

Benefits under the Salary Continuation Agreement will be forfeited by an executive officer who is terminated for cause, or if the executive officer commits suicide within 2 years after the effective date of the Salary Continuation

Agreement, or if an insurance company which issued a life insurance policy covering the executive officer and owned by the Bank denies coverage because of misstatements of fact made by the executive officer on an application for life insurance, or if the executive officer is subject to a final removal or prohibition order issued by a federal banking agency pursuant to the Federal Deposit Insurance Act, or the executive officer becomes interested as a sole proprietor, partner, substantial shareholder, officer, director, or employee in a competitor of the Bank within a 50 mile radius of the Bank's headquarters in Shippensburg, Pennsylvania.

Executive Employment Agreements. As detailed in the “Compensation Discussion and Analysis” section, the Company previously entered into an executive employment agreement with Mr. Quinn providing for a term continuing until August 25, 2015.

The following table summarizes potential benefits for Mr. Quinn, under his employment contract, in the event of termination of his employment unrelated to a change in control transaction if it had occurred on December 31, 2014.

Name	Cash Payment Upon Involuntary Termination (without cause) (\$) ⁽¹⁾	Cash Payment Upon Voluntary Termination for “Good Reason” (\$) ⁽¹⁾	General Health and Welfare Benefits (\$) ⁽²⁾	Total (\$)
Thomas R. Quinn, Jr.	\$269,340	\$269,340	\$8,078	\$277,418

⁽¹⁾ Assumes payment of continued salary under existing employment contracts for remaining term of contract in effect as of December 31, 2014.

⁽²⁾ Estimated benefits contribution expense during period of continued salary payment noted at footnote 1 above.

Change in Control Benefits. The Company and the Bank entered into Change in Control Agreements with Mr. Quinn in March 2009 and Mr. Fague in May 2008. Messrs. Boyle, Seibert and Wallace do not currently have change in control agreements. The Change in Control Agreements provide that the Company and the Bank are to pay to the executive the specified amounts of cash compensation and provide the specified health and welfare benefits in the event that the executive’s employment is terminated by the Company or Bank or any successor without cause or by the executive for good reason within two (2) years after the occurrence of a change in control.

The Change in Control Agreement defines “change in control” as: (a) a merger, consolidation or division of the Company or the Bank, the sale of substantially all of the assets of the Company or the Bank, or the purchase by the Company or Bank of substantially all of the assets of another entity unless (i) the transaction is approved in advance by 80% of the disinterested directors of the Company, and (ii) a majority of the Board of Directors of the resulting entity after the transaction are former members of the Board of Directors of the Company; (b) the event that any person becomes the beneficial owner of 20% or more of the Company’s common stock; (c) during any consecutive two (2) year period more than 50% of the Board of Directors of the Company at the beginning of the period cease to be directors unless the election of each new director was approved in advance by two thirds of the directors at the beginning of the period; or (d) any other change in control of the Company or the Bank similar in effect as determined by the Board of Directors.

The Company and the Bank will have “good cause” to terminate an executive’s employment if the executive (a) commits gross malfeasance in office constituting dishonesty or commits a crime involving fraud, misappropriation, embezzlement or dishonesty; or (b) willfully breaches a fiduciary duty owed to the Company or the Bank.

The executive will have “good reason” to terminate his employment if the Company or the Bank (a) reduces the executive’s responsibility or authority; (b) assigns to the executive duties inconsistent with his office; (c) materially changes the location of the executive’s primary office; (d) reduces the executive’s annual base salary; or (e) any other action or inaction which constitutes a material breach of the executive’s employment agreement; in all cases after notice to the Company or Bank and the failure of the Company or the Bank to cure the situation after such notice. The Change in Control Agreement provides that upon a termination pursuant to a change in control, the Company and Bank are obligated to pay to the executives cash compensation in an amount equal to a specified multiple of (1) annual base salary, plus (2) cash bonus and other annual incentive cash compensation for the calendar year immediately before the calendar year in which the termination of employment. For Mr. Quinn the multiple is 2.99 times and for Mr. Fague 2 times. Payment of this cash compensation is to be made in a single lump sum within twenty (20) days after the termination of employment.

The Change in Control Agreement further provides that upon a termination pursuant to a change in control, the Company and the Bank are obligated to provide to the executive for a specified term the life, disability, medical/health insurance and other health and welfare benefits in effect with respect to the executive immediately prior to the termination pursuant to the change in control. For Mr. Quinn the term is two years and for Mr. Fague the term is two years. The executive, however, will continue to be responsible for the costs of such benefits to the same extent as other similarly situated active employees of the Bank and the executive's spouse and/or eligible dependents will continue to be covered on the same terms that they were covered prior to the termination of employment.

The Change in Control Agreement also provides that in the event the total payments and benefits to be made and provided thereunder, together with any other payments and benefits which the executive has the right to receive from the Company and the Bank upon a termination pursuant to a change in control, would result in the imposition of an excise tax under Section 4999 of the Internal Revenue Code, then the executive will be entitled to an additional "excise tax adjustment payment" in an amount such that, after the

payment of all federal and state income and excise taxes, the executive will be in the same after-tax position as if no excise tax had been imposed.

The following table summarizes potential change in control benefits for each of the Named Executive Officers. PROPOSAL 2 - ADVISORY VOTE ON COMPENSATION PAID TO NAMED EXECUTIVE OFFICERS ("SAY-ON-PAY")

A Non-Binding Advisory Vote to Approve the Compensation Paid to Our Named Executive Officers

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, requires us to hold a shareholder vote to approve, on a non-binding advisory basis, the compensation paid to our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules and regulations. This vote is commonly referred to as the "Say-On-Pay" vote. As required by the Dodd-Frank Act, the vote sought by this proposal is advisory and is non-binding on the Board of Directors. The Company's shareholders voted at the 2011 Annual Meeting of Shareholders to hold this vote on executive compensation annually. The vote is non-binding, however, the Compensation Committee of the Board of Directors values the opinions expressed by our shareholders and will carefully consider the outcome of the vote in connection with future compensation decisions for our named executive officers.

The Compensation Committee of the Board of Directors believes that our executive compensation program achieves our intended objective to provide fair, reasonable and appropriate levels of compensation and benefits in order to recruit, motivate, reward and retain qualified executive officers and generate long term value for the Company's shareholders. Accordingly, we ask our shareholders to vote FOR approval of the non-binding advisory vote on compensation paid to our Named Executive Officers as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the compensation tables and narrative accompanying the tables. The Board of Directors believes the following key aspects of our executive compensation program support our recommendation to vote FOR approval of the non-binding advisory vote on compensation paid to our Named Executive Officers:

Fair, Reasonable and Appropriate Levels of Compensation. A study conducted by the Compensation Committee's independent consultant found that overall cash compensation levels for our Named Executive Officers were in line with the competitive market median and long-term incentive awards were within a competitive range of the market, albeit on the lower end, with our compensation to executive officers having been frozen for the last few years.

Furthermore, the Company provides limited benefits and perquisites to our executives.

Pay and Performance Alignment. The Compensation Committee believes that increases in salaries, incentive bonus payouts and stock option awards when made, are in a responsible manner, consistent with our performance in relation to our operating plan and the performance of our peers.

Risk Mitigation. We strive to have a risk appropriate compensation program. We believe that our mix of pay, which is balanced, and our incentive arrangements, which are not highly leveraged, promote a risk appropriate environment for compensating our executives.

Long-term Incentive Strategy. For 2015 and future years, we anticipate our strategy of granting equity awards to a balanced mix of restricted stock and or stock options, both of which will have multi-year vesting criteria. These changes

reflect the Compensation Committee's desire to increase the emphasis of our executive compensation program on achieving long-term performance, as well as to bolster the retentive effects of our stock-based compensation awards. Additional details on our executive compensation programs and practices are set forth in the Compensation Discussion & Analysis section of this proxy statement, including the Summary Compensation Table and supporting tabular and narrative disclosures.

The affirmative vote of a majority of the votes cast at the Annual Meeting is necessary for the approval of the non-binding advisory vote on compensation paid to our Named Executive Officers as described in this proxy statement. Abstentions and broker non-votes, if any, will have no effect on whether or not this proposal is approved. The Board of Directors recommends that you vote FOR approval of the non-binding advisory vote on compensation paid to our Named Executive Officers as disclosed in this proxy statement.

The Audit Committee and the Board have adopted a policy that if a majority of the votes cast at the annual meeting is against ratification, the Audit Committee will reconsider its selection of Crowe Horwath LLP. The Audit Committee, however, will be under no obligation to select a new independent public accounting firm.
