- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

## SECTION 1 - REGISTRANT'S BUSINESS AND OPERATIONS

The purpose of this Current Report on Form 8-K/A (Amendment No. 1) is to amend the Current Report on Form 8-K filed by the Registrant on December 29, 2006, by amending and restating Item 2.05 thereof in order to provide estimates of expected costs associated with the activities disclosed therein. Accordingly, Item 2.05 of the Registrant's Current Report on Form 8-K filed December 29, 2006, is amended and restated in its entirety to read as follows.

### Item 2.05. Costs Associated with Exit or Disposal Activities

At a meeting on December 28, 2006, the audit committee of the board of directors ratified a plan submitted by management to terminate production of Precision-branded analog plates used in newspaper applications located in South Hadley, Massachusetts effective immediately. Manufacturing operations of analog plates used in newspaper applications had been suspended due to an incident that occurred on Monday, October 30, 2006, at the South Hadley facility that involved a chemical release and the resultant closure of the facility. On November 6, 2006, the Company restarted production of digital printing plates at another building at the South Hadley facility, which was interrupted as a result of the incident. The termination of production of the analog plates used in newspaper applications will result in a loss of 27 jobs from the South Hadley facility, which will result in a one-time severance cost of approximately \$250,000. In addition, in the fourth quarter of fiscal 2006, the company expects to accrue approximately \$550,000 relating to shutdown and other related costs. The Company also expects to write off approximately \$6.38 million in intangibles, building, equipment and other assets.

On December 29, 2006, the Company issued a letter to certain of its dealers and customers for affected products, and on January 2, 2006, the Company issued a press release, announcing the termination of production of Precision-branded analog plates used in newspaper applications on December 29, 2006. A copy of such letter and press release are attached to this current report as Exhibit 99.1 and 99.2 and are incorporated herein by reference in their entirety.

This Current Report on Form 8-K contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements are subject to a number of risks and uncertainties, many of which are beyond the Company's control, that could cause actual results to differ materially from those set forth in, or implied by, such forward-looking statements. All statements other than statements of historical facts included in this Current Report on Form 8-K, including statements regarding the Company's future financial position and results, are forward-looking statements. All forward-looking statements speak only as of the date of this Current Report on Form 8-K. The Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In addition to the risks and uncertainties of ordinary business operations and conditions in the general economy and the markets in which the Company competes, the forward-looking statements of the Company contained in this Current Report on Form 8-K are also subject to other risks and uncertainties described in the Company's Annual Report on Form 10-K for the fiscal year ended January 1, 2005, and other SEC filings.

## SECTION 9 — FINANCIAL STATEMENTS AND EXHIBITS

### Item 9.01. Financial Statements and Exhibits

(d) Exhibits
