Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Liquidity and Capital Resources

At December 31, 2004, the Company had cash and equivalents of \$2,032,406 as compared to \$90,081 at March 31, 2004. The increase was primarily the result of net proceeds of of \$3,161,718 from a private placement of unsecured convertible notes which was completed in December 2004 offset by increased personnel, research and development and marketing activities of \$1,190,947 at the Company's subsidiary, Ivivi Technologies, Inc. ("Ivivi").

In December 2004, the Company, together with one if its subsidiaries, Ivivi, completed a private placement (the "December Private Placement") pursuant to which they issued unsecured convertible notes in an aggregate principal amount of \$3,637,500 and realized net proceeds of approximately \$3,150,000 from the sale of the notes. The notes issued in the private placement are joint unsecured convertible notes of the Company and Ivivi and bear interest at an annual rate of 6%. Interest on the notes is payable quarterly in cash or shares of common stock of Ivivi, at the direction of the holder. The notes are due and payable at various times from July 2009 through December 2009, unless earlier converted. In February 2005, the Company and Ivivi issued an additional \$2,450,000 principal amount of notes (the "February Private Placement") and realized net proceeds of approximately \$2,165,000 from the sale of the notes, which have primarily the same terms as the notes issued in the December Private Placement. The notes issued in the February Private Placement are due and payable in February 2010, unless earlier converted.

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

The principal and accrued interest on the notes will either be: (i) convertible into the Company's common stock at \$.29 per share or (ii) convertible into Ivivi's common stock at \$8.30 per share. For each note in the principal amount of \$100,000 issued in the private placements, one warrant for the purchase of up to 344,828 shares of the Company's common stock at \$.41 per share (the "Company Warrant") and one warrant for the purchase of up to 12,048 shares of Ivivi's common stock at \$5.70 per share (the "Ivivi Warrant") were issued. Each of the Company Warrants and the Ivivi Warrants provides that in addition to paying the exercise price upon exercise of the warrant, the holder must surrender the non-exercised warrant (i.e., either the Company Warrant or the Ivivi Warrant, as the case may be).

The Company and Ivivi have executed registration rights agreements with the investors which require the registration for resale of the securities sold in the private placement. In the event that the Company and Ivivi fail to satisfy certain covenants related to the registration of the common stock underlying the notes and warrants on behalf of the holders, the number of shares of common stock underlying the notes and warrants will be increased. The notes contain customary operating covenants. As of February 14, 2005, the Company and Ivivi were in material compliance with the covenants contained in the notes.

6

Operating Activities

Net cash flows used in operating activities was \$1,187,384 for the nine months ended December 31, 2004 as compared to \$17,565 provided by operating activities for the nine months ended December 31, 2003. Cash used in operating activities primarily resulted from the net loss for the period of \$1,150,381. The significant increase in operating expenses relates to the medical device subsidiary's (Ivivi) expansion; principally salaries of added personnel, consulting fees and research and development expense resulted in a net cash outflow from operating activities.

Investing Activities

Investing activities during the nine months ended December 31, 2004 were \$31,793 as compared to zero for the nine months ended December 31, 2003. The increase resulted from the purchases of property and equipment.

Financing Activities

Cash flows provided by financing activities for the nine months ended December 31, 2004 was \$3,161,502 as compared to \$750 for the nine months ended December 31, 2003. The increase resulted from \$3,637,500 received from private placements of unsecured convertible notes of the Company and Ivivi reduced by deferred loan fees related thereto.

The proceeds of the private placements are being used primarily for sales and marketing activities of Ivivi, for research and development of potential products being developed by Ivivi and to repay a portion of indebtedness owed to the Company by Ivivi. The Company will need to obtain additional capital to continue to operate and grow its business, including the business of its subsidiaries, and its ability to obtain additional financing in the future will depend in part upon the prevailing capital market conditions, as well as

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

its and its subsidiaries' business performance. In February 2005, the Company's subsidiary, Ivivi, filed a registration statement with the Securities and Exchange Commission related to the proposed initial public offering of Ivivi's common stock. There can be no assurance that the Company or Ivivi will be successful in their efforts to arrange additional financing, including through the proposed initial public offering of Ivivi's common stock, on terms satisfactory to the Company and/or Ivivi or at all.

Results of Operations

Quarter Ended December 31, 2004

Revenues

Revenues were \$334,183 in 2004 as compared to \$237,021 in 2003 representing an increase of \$97,162 or 41%. Revenues from the Company's medical technology activities increased \$75,123 and chemical revenues increased \$22,039 in 2004 as compared to 2003. The increase in revenues from the Company's medical technology activities was due to higher rental revenues for Ivivi's medical products resulting from increased marketing and sales efforts. Chemical revenues increased due to new customers for the Company's water-based chemical products.

7

Gross Profit

Gross profit of \$164,781 in 2004 as compared to \$110,596 in 2003 was \$54,185 or 49% above the gross profit in 2003. Gross profit was 49% of revenues in 2004 as compared with 47% of revenues in 2003. The increase in gross profit margin was primarily due to the increase in rental revenues of the Company's medical device products already in stock thereby resulting in higher gross margins as well as the product mix of chemical products sold with a higher gross margin.

Operating (Loss)

Operating loss in 2004 was (\$666,177) compared to (\$77,063) in 2003. Selling, general and administrative expenses increased by \$643,299 primarily due to the significant increase in personnel, marketing, research and development and overhead costs from the Company's Ivivi subsidiary.

Other Income (Expense)

Other expense in 2004 was (\$54,922) as compared to other income of \$3,770 in 2003. The increase in other expense was primarily due to the interest accrued on the convertible notes issued in the private placement offset by interest earned from amounts invested in money market funds.

Results of Operations

Nine Months Ended December 31, 2004

Revenues

Revenues were \$987,166 as compared to \$830,803 in 2003 representing an increase of \$156,363 or 19%. Revenues from the Company's medical technology activities increased \$164,585 offset by a decrease in chemical revenues of \$8,221. The increase in revenues from the Company's medical technology activities was due to higher rental revenues for Ivivi's medical product resulting from increased marketing and sales efforts. Chemical revenues decreased due to reduced volume of orders from certain of the Company's

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

chemical customers.

Gross Profit

Gross profit of \$451,994 in 2004 as compared to \$372,804 in 2003 was \$79,190 or 21% higher than the gross profit in 2003. Gross profit was 46% of revenues in 2004 and 45% in 2003. The gross profit margin in 2004 was comparable to the gross profit margin in 2003.

Operating (Loss)

Operating loss was (\$1,135,405) in 2004 compared to (\$158,109) in 2003. Selling, general and administrative expenses increased by \$1,056,486 primarily due to the significant increase in personnel, marketing, research and development and overhead costs from the Company's Ivivi subsidiary.

8

Other Income (Expense)

Other expense in 2004 was (\$14,975) as compared to other income of \$3,934 in 2003. The increase in other expense was primarily due to the interest accrued on the convertible notes issued in the private placement offset by interest received from amounts invested.

ITEM 3. CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. Management necessarily applies its judgment in assessing the costs and benefits of such controls and procedures, which, by their nature, can provide only reasonable assurance regarding management's control objectives.

As of the end of the period covered by this Quarterly Report on Form 10-QSB, the Company carried out an evaluation, with the participation of its management, including its Chief Executive Officer and Chief Financial Officer, of the effectiveness of its disclosure controls and procedures pursuant to Securities Exchange Act Rule 13a-15. Based upon that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in ensuring that information required to be disclosed by the Company in the reports that the Company files or submits under the Securities Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms.

CHANGES IN INTERNAL CONTROLS OVER FINANCIAL REPORTING.

There have been no changes in the Company's internal controls over financial reporting that occurred during the Company's last fiscal quarter to which this Quarterly Report on Form 10-QSB relates that have materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting.

PART II. OTHER INFORMATION

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

In December 2004, the Company, together with one of its subsidiaries, Ivivi, completed a private placement pursuant to which they issued unsecured convertible notes in an aggregate principal amount of \$3,637,500 and realized net proceeds of approximately \$3,150,000 from the sale of the notes to institutional and accredited investors. The notes issued in the private placement are joint unsecured convertible notes of the Company and Ivivi and bear interest at an annual rate of 6%. Interest on the notes is payable quarterly in cash or shares of common stock of Ivivi, at the direction of the

9

holder. The notes are due and payable at various times from July 2009 through December 2009, unless earlier converted. In February 2005, the Company and Ivivi issued an additional \$2,450,000 principal amount of notes to institutional investors and realized net proceeds of approximately \$2,165,000 from the sale of the notes, which have primarily the same terms as the notes issued in the December Private Placement. The notes issued in February are due and payable in February 2010, unless earlier converted.

The principal and accrued interest on the notes will either be: (i) convertible into the Company's common stock at \$.29 per share or (ii) convertible into Ivivi's common stock at \$8.30 per share. For each note in the principal amount of \$100,000 issued in the private placements, one warrant for the purchase of up to 344,828 shares of the Company's common stock at \$.41 per share (the "Company Warrant") and one warrant for the purchase of up to 12,048 shares of Ivivi's common stock at \$5.70 per share (the "Ivivi Warrant") were issued. Each of the Company Warrants and the Ivivi Warrants provides that in addition to paying the exercise price upon exercise of the warrant, the holder must surrender the non-exercised warrant relating to the other company (i.e., either the Company Warrant or the Ivivi Warrant, as the case may be).

Maxim Group, LLC, an NASD member firm ("Maxim Group"), acted as exclusive placement agent with respect to the private placements. In connection with the December Private Placement, Maxim Group received an aggregate of approximately \$400,125 in commissions, fees and other expense reimbursements and received warrants for the purchase of: (i) 1,003,450 shares of Company common stock at an exercise price of \$0.29 per share, (ii) 1,003,450 shares of Company common stock at an exercise price of \$0.41 per share, (iii) 35,060 shares of Ivivi common stock at an exercise price of \$8.30 per share and (iv) 35,060 shares of Ivivi common stock at an exercise price of \$5.70 per share. In connection with the February 2005 private placement, Maxim Group received cash commissions, non-accountable expense allowance and warrants for the initial \$2,250,000 and received no cash commission, non-accountable expense allowance or warrants with respect to \$200,000 received in such offering. In connection with the February private placement, Maxim Group received an aggregate of approximately \$247,500 in commissions, fees and other expense reimbursements and received warrants for the purchase of: (i) 620,690 shares of Company common stock at an exercise price of \$0.29 per share, (ii) 620,690 shares of Company common stock at an exercise price of \$0.41 per share, (iii) 21,687 shares of Ivivi common stock at an exercise price of \$8.30 per share and (iv) 21,687 shares of Ivivi common stock at an exercise price of \$5.70 per share.

In addition, the Company issued 2,000,000 shares of its common stock to a consulting firm for \$1,000 and consulting services.

The issuances of the securities in connection with these transactions were considered to be exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"), in reliance on Section 4(2) of the Securities

Edgar Filing: ADM TRONICS UNLIMITED INC/DE - Form 10QSB

Act or Regulation D promulgated thereunder, as transactions by an issuer not involving a public offering. The recipients of securities in each of these transactions represented their intention to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were affixed to the share certificates and other instruments issued in these transactions.
