Item 1.01 Entry into a Material Definitive Agreement.

On February 5, 2015, USA Truck, Inc., a Delaware corporation (the "Company") entered into a new senior secured revolving credit facility (the "Credit Facility") with a group of lenders and Bank of America, N.A., as agent ("Agent"). Contemporaneously with the funding of the Credit Facility, the Company paid off the obligations under its prior credit facility and terminated such facility.

The Credit Facility is structured as a \$170.0 million revolving credit facility, with an accordion feature that, so long as no event of default exists, allows the Company to request an increase in the revolving credit facility of up to \$80.0 million, exercisable in increments of \$20.0 million. The Credit Facility is a five-year facility scheduled to terminate on February 5, 2020. Borrowings under the Credit Facility are classified as either "base rate loans" or "LIBOR loans". Base rate loans accrue interest at a base rate equal to the Agent's prime rate plus an applicable margin that is set at 0.50% through May 31, 2016 and adjusted quarterly thereafter between 0.25% and 1.00% based on the Company's consolidated fixed charge coverage ratio. LIBOR loans accrue interest at LIBOR plus an applicable margin that is set at 1.50% through May 31, 2016 and adjusted quarterly thereafter between 1.25% and 2.00% based on the Company's consolidated fixed charge coverage ratio. The Credit Facility includes, within its \$170.0 million revolving credit facility, a letter of credit sub-facility in an aggregate amount of \$15.0 million and a swing line sub-facility in an aggregate amount of \$20.0 million. An unused line fee of 0.25% is applied to the average daily amount by which the lenders' aggregate revolving commitments exceed the outstanding principal amount of revolver loans and the aggregate undrawn amount of all outstanding letters of credit issued under the Credit Facility. The Credit Facility is secured by a pledge of substantially all of the Company's assets, with the notable exclusion of any real estate or revenue equipment financed outside the Credit Facility.

Borrowings under the Credit Facility are subject to a borrowing base limited to the lesser of (A) \$170.0 million; or (B) the sum of (i) 90% of eligible investment grade accounts receivable (reduced to 85% in certain situations), plus (ii) 85% of eligible non-investment grade accounts receivable, plus (iii) the lesser of (a) 85% of eligible unbilled accounts receivable and (b) \$10.0 million, plus (iv) the product of 85% multiplied by the net orderly liquidation value percentage applied to the net book value of eligible revenue equipment, plus (v) 85% multiplied the net book value of otherwise eligible newly acquired revenue equipment that has not yet been subject to an appraisal. The borrowing base is reduced by an availability reserve, including reserves based on dilution and certain other customary reserves. The Credit Facility contains a single springing financial covenant, which requires a consolidated fixed charge coverage ratio of at least 1.0 to 1.0. The financial covenant springs only in the event excess availability under the Credit Facility drops below 10% of the lenders' total commitments under the Credit Facility.

The Credit Facility includes usual and customary events of default for a facility of this nature and provides that, upon the occurrence and continuation of an event of default, payment of all amounts payable under the Credit Facility may be accelerated, and the lenders' commitments may be terminated. The Credit Facility contains certain

restrictions and covenants relating to, among other things, dividends, liens, acquisitions and dispositions, affiliate transactions, and other indebtedness.

This description of the Credit Facility does not purport to be complete and is qualified in its entirety by reference to the full text of the Credit Facility, which will be filed with the Company's Form 10-Q for the quarter ending March 31, 2015.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 1.01 of this Current Report on Form 8-K is incorporated by reference into this Item 2.03.
