GENERAL INFORMATION AND FREQUENTLY ASKED QUESTIONS

We are furnishing this Proxy Statement to the stockholders of Littelfuse, Inc. in connection with the solicitation by the Board of Directors of Littelfuse, Inc. (the "Board") of proxies to be voted at our annual meeting of stockholders to be held on April 26, 2019, (the "Annual Meeting"). The Annual Meeting will be held at the O'Hare Plaza, First Floor Conference Center, 8745 West Higgins Road, Chicago, Illinois 60631, at 9:00 a.m., local time, and at any postponements or adjournments of that meeting.

When used in this Proxy Statement, the terms "we," "us," "our," "the Company" and "Littelfuse" refer to Littelfuse, Inc.

The Notice of Internet Availability of Proxy Materials is first being mailed to stockholders on or about March 15, 2019 to notify stockholders of record that the proxy materials (this Proxy Statement, proxy card, and the 2018 Annual Report on Form 10-K) are available online at www.proxyvote.com, or in hard copy by request, free of charge. We encourage all stockholders to access their proxy materials online to reduce the environmental impact and the cost of our proxy solicitation. You may request a paper copy of the proxy materials using any of the following methods:

- 1.By Internet: go to www.proxyvote.com
- 2.By Phone: 1-800-579-1639
- 3.By Email: sendmaterial@proxyvote.com

We encourage you to access and review all of the important information in the proxy materials before voting.

What is required for a quorum at the Annual Meeting?

A quorum of stockholders is required for the transaction of business at our Annual Meeting. Our bylaws provide that a majority of all of the shares of common stock entitled to vote, whether present in person or represented by proxy, constitutes a quorum for the transaction of business at the meeting. Abstentions and "broker non-votes" will also be considered as present for purposes of determining the presence or absence of a quorum at the Annual Meeting.

How are proxies solicited and what is the cost?

The proxy accompanying this proxy statement is solicited on behalf of our Board, for use at the Annual Meeting. We will bear the cost of soliciting proxies. Copies of solicitation materials will be furnished to brokerage firms, fiduciaries and custodians holding shares in their names that are beneficially owned by others to forward to such beneficial owners. The Company may reimburse such persons for the costs they incur to forward the solicitation material to such beneficial owners. In addition to solicitation by mail, our officers and employees may solicit proxies by telephone or in person.

What is Householding?

Under SEC rules, only one copy of this proxy statement is being delivered to stockholders residing at the same address, unless the stockholders have notified the Company of their desire to receive multiple copies of the proxy statement. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

If you receive notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker directly or direct your written request to our Corporate Secretary at 8755 West Higgins Road, Suite 500, Chicago, Illinois 60631.

Who may vote at the Annual Meeting?

Stockholders of record at the close of business on March 1, 2019, the record date for the Annual Meeting, will be entitled to notice of and to vote at the meeting. On March 1, 2019, we had outstanding 24,710,223 shares of our common stock, par value \$0.01 per share. Each outstanding share of common stock entitles the holder to one vote per share on each matter submitted to a vote at the meeting.

2019 Proxy Statement 1

Table of Contents

A list of the stockholders of record entitled to vote at the meeting will be available for examination by stockholders for any purpose germane to our Annual Meeting during ordinary business hours for a period of at least ten days prior to the meeting at our headquarters located at 8755 West Higgins Road, Suite 500, Chicago, Illinois 60631.

What shares are included on the proxy card?

If your shares are registered directly in your name with the Company's transfer agent, EQ Shareowner Services, you are considered a stockholder of record with respect to those shares. If your shares are held in a bank or brokerage account, you are considered the beneficial owner of those shares.

If you are a stockholder of record, you will receive only one notice or proxy card for all the shares you hold in certificate form, or book-entry form.

If you are a beneficial owner, you will receive voting instructions from the bank, broker or other nominee through which you own your shares.

What if I am a beneficial owner and do not give voting instructions to my broker?

If you are a beneficial owner and do not provide voting instructions to your bank, broker or other nominee, the following applies:

Non-Discretionary Items. The election of directors and the advisory vote on executive compensation are non-discretionary items and may not be voted on by brokers, banks or other nominees that have not received specific voting instructions from beneficial owners. This is called a "broker non-vote."

Discretionary Items. The ratification of the appointment of the Company's independent registered public accounting firm (Grant Thornton LLP) is a discretionary item. Generally, banks, brokers and other nominees that do not receive voting instructions from beneficial owners may vote on this proposal in their discretion.

What can I do if I change my mind after I vote my shares?

A proxy may be revoked by (1) written notice to us sent to the attention of our Corporate Secretary at 8755 West Higgins Road, Suite 500, Chicago, Illinois 60631, (2) execution of a subsequent proxy, (3) voting on the Internet or by telephone, or (4) attending the Annual Meeting and voting in person. In addition to cash compensation, each non-employee director received an annual equity grant under the Amended and Restated Littelfuse, Inc. Long-Term Incentive Plan (the "Long-Term Plan") valued at approximately \$120,000. The equity grant is comprised of (1) one-third stock options that vest equally on the first three annual anniversaries of the grant date, have an exercise price equal to the fair market value of our common stock on the date of grant, and expire seven years from the grant date, and (2) two-thirds restricted stock units ("RSUs") that are granted upon the non-employee director's election or reelection to the Board at the Company's annual meeting and that vest equally on the first three annual anniversaries of the grant date. On April 27, 2018, Messrs. Chung, Fu, Grillo, Hunter, Major, Noglows, Schubel and Zommer were each granted 800 stock options having a per share exercise price of \$192.59 and 468 RSUs.

As described in the table below, during 2018, Mr. Hunter served as the Chairman of the Board and received additional compensation pursuant to his Executive Retirement Agreement, and Dr. Zommer, who joined the Board on January 17, 2018 pursuant to the merger agreement with IXYS Corporation, received additional compensation pursuant to his IXYS Employment Agreement and Consulting Agreement.

Upon recommendation of our independent compensation consultant, for the 2019 fiscal year the following changes were made to non-employee director compensation to better align with the updated peer group's practices:

Non-employee annual retainer was increased from \$70,000 to \$75,000

Annual equity grant value was increased from \$120,000 to \$140,000

Non-employee directors may elect to defer receipt of their cash fees under the Littelfuse Deferred Compensation Plan for Non-employee Directors (the "Directors Plan") and defer payout of their equity grants and any related dividend distributions. All deferrals are deposited with a third-party trustee, where they (and any distributions thereon) are invested in Littelfuse common stock. Deferrals under the Directors Plan are generally paid out when the director ceases to be a director or on the date specified by the director at the time of the non-employee director's deferral election. Deferred payments owing to Mr. Hunter as a result of his prior service as a non-employee director are expected to be delayed an additional six months following his separation from service as both a director and employee of Littelfuse as required by law due to his status as a "specified employee" under Section 409A of the Internal Revenue Code of 1986, as amended.

CERTAIN GOVERNANCE MATTERS

Board Leadership

In conjunction with his retirement as President and Chief Executive Officer on January 1, 2017, Gordon Hunter became the Executive Chairman of the Board. Effective January 1, 2018, Mr. Hunter transitioned into his current role as Chairman of the Board, and no longer serves as an employee of the Company. Additionally, William Noglows serves as the independent Lead Director. Among other things, the Lead Director convenes and chairs regular and special executive sessions of the independent directors and serves as a liaison between the independent directors and our Chief Executive Officer ("CEO"). We believe that our leadership structure allows the Board to have better control of the direction of management, while still retaining independent oversight.

Attendance at Meetings

The Board held six meetings during fiscal year 2018. All of the directors, other than Ms. Cerniglia who joined the Board in December 2018, attended at least 75% of the meetings of the Board and 100% of the meetings of the committees on which they served. Consistent with our policy, all of our directors at that time attended our 2018 annual meeting of stockholders. Independent members of our Board regularly meet in executive session without management present.

Director Independence; Financial Experts

There is no arrangement or understanding between any of our directors and any other person or entity other than the company to which any director was or is to be selected as a director. The Board has affirmatively determined that each current board member, except Messrs. Hunter and Heinzmann and Dr. Zommer, (i) is "independent" within the definitions contained in the current NASDAQ listing standards and the rules and regulations of the SEC, and (ii) has no other "material relationship" with the Company that could interfere with his or her ability to exercise independent judgment. In addition, the Board has determined that (i) each Audit Committee member is "independent" within the enhanced requirements for audit committee members under NASDAQ and SEC rules, (ii) each Compensation Committee member is a "non-employee director" under SEC rules, and (iii) each Compensation Committee member qualifies as an "outside director" pursuant to IRS Code Section 162(m). Furthermore, the Board has determined that Messrs. Fu and Grillo are "audit committee financial experts" as defined by the SEC.

Board Diversity

We believe that our Board best serves the Company and our stockholders when there are diverse backgrounds, skillsets, industry experiences and expertise and a balance between fresh perspectives and longer serving directors who bring continuity and experience to our business and the end markets we serve. Although we do not have a formal diversity policy, to help ensure continued diversity on our Board we have:

Appointed two new directors in 2018.

Incorporated a mandatory retirement age into our Corporate Governance Guidelines where absent a finding of exceptional circumstances by a majority of the Nominating and Governance Committee, no person 75 years or older at the time of election or re-election will be nominated to serve as a director.

Established a robust evaluation process including individual interviews conducted by the Nominating and Governance Committee Chairperson with each director.

Updated our Nominating and Governance Committee charter in 2017 to reflect that we recognize the benefit of a Board of Directors that reflects the diversity of the Company's stockholders, employees and customers and the communities in which we operate and we shall actively seek qualified candidates for nomination and election to the Board of Directors in order to reflect such diversity, including gender and ethnic diversity.

In general, the composition of the Board is diversified across financial, accounting, operational and corporate governance expertise, as well as expertise within the Company's business, industry, and end markets, including experience in global markets, engineering, finance and technology.

Director Candidates

The Nominating and Governance Committee considers diversity of gender, race, ethnicity, age, cultural background, geographical and professional experience in evaluating candidates for membership on the Board. We have recently appointed Ms. Cerniglia as a non-employee director of our Board, and we continue to remain committed to ensuring that candidates of diverse ethnic and/or gender backgrounds are considered the next time a new non-employee director is appointed or nominated. Other factors that the Nominating and Governance Committee takes into consideration when evaluating a director candidate, as it deems appropriate, include:

Experience as an executive or director of a publicly traded company

Familiarity with our business and our industry

Availability to actively participate in meetings of the Board and attend the annual meeting of stockholders

Knowledge and experience in the preparation or evaluation of financial statements

Diversity of background, including gender and ethnic diversity, knowledge, skills and experience to create a well-rounded Board

Satisfaction of the criteria for independence established by the SEC and NASDAQ listing standards, as they may be amended from time to time and

Ability to interact in a productive manner with the other members of the Board.

In connection with his retirement, Mr. Hunter and the Company entered into an Executive Retirement Agreement, which provided that (i) Mr. Hunter would serve as Chairman of the Board through at least the Company's annual meeting of stockholders occurring in the 2019 calendar year and that, effective December 31, 2017, Mr. Hunter would hold the title of Non-Executive Chairman of the Board, and (ii) the Company would nominate Mr. Hunter for service on the Board as its Chairman at each annual meeting of stockholders occurring during the 2017 and 2018 calendar years. Dr. Zommer was appointed as a director pursuant to the Company's acquisition of IXYS Corporation. For 2019, neither Mr. Hunter or Dr. Zommer are party to any agreement pursuant to which they have been selected to serve as a director and the Nominating and Governance Committee used the above criteria to evaluate them and determined it to be in the best interest of the Company to nominate each of them as a director at the 2019 annual meeting of stockholders.

Director Nominations

The Nominating and Governance Committee will consider director nominees recommended by stockholders using the same evaluation process as for any other nominee. Recommendations must comply with the procedures in our bylaws and be submitted to the Corporate Secretary at 8755 West Higgins Road, Suite 500, Chicago, Illinois 60631. Any recommendation must include:

The name and address of the candidate

A brief biographical description, including his or her occupation for at least the last five years, and a statement of the qualifications of the candidate, taking into account the qualification factors set forth above and

The candidate's signed consent to be named in the Proxy Statement if nominated and to serve as a director if elected.

To be considered by the Nominating and Governance Committee for nomination and inclusion in our proxy statement for the 2020 annual meeting of stockholders, stockholder recommendations for director must have been received by us no later than November 16, 2019. Each stockholder recommendation must include the name and address of the nominating stockholder and the number of shares beneficially owned by such stockholder.

Proxy Access

A stockholder, or stockholder group of no more than 20 stockholders, that has owned at least three percent of our outstanding common stock continuously for at least three years may nominate directors to our Board and have the nominees included in our proxy materials to be voted on at our annual meeting of stockholders. The maximum number of stockholder nominees that will be included in our proxy materials with respect to any such annual meeting is the greater of (i) two directors or (ii) twenty percent of directors to be elected. A stockholder who seeks to nominate a director or directors to our Board must provide proper notice to the Company's Corporate Secretary as described in our bylaws and comply with all other procedures in our bylaws. See additional information under "Stockholder Proposals" starting on page 50.

The full Board, or the appropriate committee, receives these reports from management to enable it to understand our risk identification, risk management and risk mitigation strategies. All Board committees meet regularly and report to the full Board on risk management matters. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

The Zommer Employment Agreement had an initial three-year term ending on the third anniversary of the effective date, and automatically renewed for successive one-year periods thereafter unless either party elected not to renew the term of the agreement by notifying the other party in writing of such election at least 90 days prior to the commencement of any renewal period.

Pursuant to the Zommer Employment Agreement, Dr. Zommer received an annual base salary of \$525,000 and was eligible for a discretionary annual performance bonus, stock options, restricted stock and/or other equity award grants in the Company's discretion. He was also eligible to participate in the Company's retirement, health and welfare benefit plans and programs generally made available to similarly situated executives from time to time. Under the Zommer Employment Agreement, Dr. Zommer was entitled to (i) payment or reimbursement for reasonable costs of a yearly medical exam, (ii) company-maintained life insurance, (iii) payment or reimbursement for personal tax and/or investment advisor services, and (iv) either (a) a company-provided car and reimbursement for the costs incurred in connection with the use of such car for business purposes or (b) payment of a monthly car allowance. In addition, under the Zommer Employment Agreement, all IXYS stock options held by Dr. Zommer became vested upon the acquisition of IXYS by Littelfuse.

Employment Separation

Effective March 31, 2018, Dr. Zommer separated as an employee of the Company. Pursuant to the Zommer Employment Agreement, Dr. Zommer received the following payments and benefits: (i) his regular wages through March 31, 2018, including payout of his accrued paid time off in the amount of \$167,380, (ii) a lump-sum payment equal to three times his average annual cash compensation over the three prior years in the amount of \$2,197,433 which included a cash equivalent payment for continued employee health and welfare benefits for 18 months, until September 30, 2019; (iii) imputed income related to transfer of ownership of Dr. Zommer's company car in the amount of \$75,413, including car insurance; (iv) imputed income related to tax and estate planning in the amount of \$9,338; and (v) imputed income related to annual medical exam in the amount of \$506. The Company paid Dr. Zommer the total amount of \$2,450,070 in 2018. In addition, per the terms of Dr. Zommer's Employment Agreement, the Company accelerated the vesting of 948 converted Littelfuse stock options. Dr. Zommer also received \$30,000 imputed income related to the ownership transfer of a second company car.

The Zommer Employment Agreement also provided that, to the extent that any payment, distribution or other benefit provided in connection with a change in control would be subject to an excise tax under Section 4999 of the Internal Revenue Code, such payments, distributions and/or benefits will be subject to a "best pay cap" reduction if such reduction would result in Dr. Zommer receiving a greater net after-tax amount than receiving the full amount of such payments after payment by Dr. Zommer of such excise tax. None of the above payments triggered such excise tax payment, therefore no reductions were made to Dr. Zommer's payout.

Consulting Agreement

Effective August 1, 2018, the Company entered into a Consulting Agreement with Dr. Zommer (the "Consulting Agreement"). The Consulting Agreement has a one-year term through July 31, 2019, and states that Dr. Zommer will provide general advisory services related to the IXYS business as requested by our Chief Executive Officer, for up to a maximum of 10 hours per week. Pursuant to the Consulting Agreement, Dr. Zommer receives a Consulting Fee of \$8,333 per month and reimbursement of reasonable business expenses related to his performance under the Consulting Agreement.

The Consulting Agreement may be terminated at any time for any reason, including no reason, by either party providing 30 days' advance written notification of such termination.

Stockholder Engagement

We believe that effective corporate governance should include regular engagement with our stockholders. Regular engagement forums include conferences, non-deal roadshows, meetings and phone calls.

Stockholder feedback is shared with the Executive Leadership Team and/or Board and if applicable, responses to stockholder feedback is provided in a timely manner. We value the views of stockholders and consider stockholder feedback when establishing and evaluating relevant policies and practices. For example, in 2017 we amended our Nominating and Governance Committee Charter to improve the director selection process to specifically require that gender diversity be considered in the nomination of non-employee directors and this year we have enhanced our disclosures around diversity as reflected on page 10. In January 2019, after careful consideration of stockholder feedback and other information, our Board proactively adopted an amendment to our Bylaws to improve corporate governance and stockholder proxy access with respect to director nominations. The proxy access provisions are detailed further on page 11.

We believe that regular engagement with our stockholders helps to strengthen our relationships with stockholders and helps us to better understand stockholder views on our corporate governance practices.

PROPOSAL NO. 2 - ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

Under the Dodd-Frank Act and the related rules promulgated by the SEC, we are requesting your advisory, non-binding approval of the compensation of our NEOs as disclosed in the following Compensation Discussion and Analysis, the compensation tables, and the accompanying narrative as presented in this Proxy Statement. This proposal, commonly known as a "Say-on-Pay" proposal, gives stockholders the opportunity to provide their input on our executive pay program and policies.

Executive Compensation Vote

We believe that our executive compensation program effectively aligns the interests of stockholders and executives, incentivizes the accomplishment of company goals, and attracts and retains talented executives. The key components of our compensation program are as follows:

- Alignment of executive and stockholder interests through short and long-term incentives linked to operating performance
- Short-term cash compensation based upon individual contribution and performance
- Compensation structured to attract and retain the most talented industry leaders and
- Compensation program based, in part, on the practices of peers in our industry and other comparable companies.

At our 2018 annual meeting of stockholders, approximately 92% of the shares voted were cast in support of our executive compensation program. The Board and Compensation Committee value the opinions of our stockholders and took this high level of approval into account when developing the compensation for our NEOs.

This vote is not intended to address any specific item of compensation; rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. Our Board urges you to approve the compensation of our NEOs by voting in favor of the following resolution:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation of our NEOs, as disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative as presented in this Proxy Statement."

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NEOS

Executive Summary

As described below, our executive compensation programs are designed to pay for performance and align the interests of our executives with those of our stockholders. In fiscal year 2018, our annual incentive awards for our NEOs were based on the Company's achievement of financial objectives related to its base business operations including sales growth, earnings per share growth and cash generation, and the NEOs' individual performances. In addition, a significant portion of our executive compensation program consists of long-term compensation subject to long-term vesting requirements.

The Compensation Committee continually reviews the compensation programs for our NEOs to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices. We believe that our compensation programs align the compensation of our executives with the interests of our stockholders while managing compensation risk, including through stock ownership guidelines, an independent Compensation Committee and the use of an independent compensation consultant.

The compensation of our NEOs during fiscal year 2018 directly ties to our strong performance during the year. For 2018, we grew sales by 41%, diluted earnings per share by 25%, and cash flow from operations by 23%. We also made substantial progress on key strategic initiatives. We acquired IXYS Corporation, the largest acquisition in our history, expanding our power control technology platform, and made significant progress integrating this business. We continued to focus on innovation including our investment in silicon carbide by acquiring 100% ownership in Monolith Semiconductor Inc. With our strong cash generation, we returned cash to our stockholders in 2018 through dividends, increasing our quarterly cash dividend by 16% in 2018, and repurchasing our common stock.

Total Rewards Philosophy

The Compensation Committee is responsible for overseeing the formulation and application of the Company's Total Rewards Philosophy relating to the compensation and benefit programs for executive officers. Pay for performance is an essential element of our Total Rewards Philosophy, which is designed to drive performance in the form of global

business growth by financially incentivizing our executive officers to create stockholder value.

The Compensation Committee has worked with our management and the independent compensation consultant to design compensation programs with the following primary objectives:

Attract, retain and motivate highly qualified executives

Reward executives based upon our financial performance at levels competitive with peer companies and

Align a significant portion of the executive compensation with driving our performance and stockholder value in the form of performance-based executive incentive awards and long-term awards.

2019 Proxy Statement 23

Table of Contents

The guiding principles of our Total Rewards Philosophy are as follows:

Performance. We believe that the best way to accomplish alignment of compensation with the interests of our stockholders is to link a significant portion of total compensation directly to meeting or exceeding individual, business unit and overall Company performance goals. When performances exceed expectations, total pay levels are expected to be higher. When performances fall below expectations, total pay levels are expected to be lower.

Competitiveness. Our compensation and benefit programs are designed to be competitive with the compensation provided by companies with whom we compete for talent. While we generally target the 50th percentile of the total compensation of competitor companies, in some instances, we provide compensation above or below the 50th percentile to account for other factors such as an executive’s operating responsibilities, management level, tenure and performance in the position. To help us analyze the competitiveness of our compensation programs, we developed, with guidance from our independent compensation consultant, a compensation peer group that was used to set compensation for the 2018 fiscal year, as discussed below.

Cost. Our compensation and benefit programs are designed to be cost effective, which we believe to be in the best interests of our stakeholders.

Best Practices in Compensation Governance

Highlighted below are the key features of our executive compensation program, including the pay practices that we have implemented to drive sustainable results, encourage executive retention and align executive and stockholder interests. We also identify certain pay practices that we have not implemented because we believe they do not serve our risk management goals or stockholders’ long-term interests.

- Pay for performance and allocate individual awards based on actual results
- Provide an appropriate mix of short-term and long-term compensation
- ü Require stock ownership and retention of a significant portion of equity-based awards
- What Prohibit pledging and speculative trading of company securities
- We Engage independent compensation consultant
- Do Provide limited perquisites
- Limit the annual incentive cash payout amounts and annual equity grants to any individual executive officer in a given year

- X Multi-year guaranteed incentive awards for executive officers
- What Excise tax gross-ups upon change in control payments and benefits
- We Discounting, reloading or re-pricing stock options
- Don’t Provide incentives that encourage excessively risky behavior
- Do

Allocation between Short-Term and Long-Term Compensation

The allocation between short-term and long-term compensation is based primarily on competitive market practices relative to base salaries, annual incentive awards and long-term incentive values, as opposed to a targeted allocation between short-term and long-term pay. We also consider certain internal factors that may cause us to target a particular element of a NEO’s compensation differently. These internal factors may include the NEO’s operating

responsibilities, management level and tenure and performance in the position. We consider the total compensation to be delivered to individual NEOs, and as such, exercise discretion in determining the portion allocated to annual and long-term incentive opportunity. We believe that this "total compensation" approach provides the ability to align pay decisions with the short-term and long-term needs of the business and the interests of our stockholders. It also allows for the flexibility needed to recognize differences in performance of each NEO by providing differentiated pay.

Benchmarking

2019 Proxy Statement 24

Table of Contents

Competitive compensation levels for our executive officers are in part established through the review of competitive market compensation data provided by the Compensation Committee's independent compensation consultant. This review includes base salary, annual incentive opportunities and long-term incentive opportunities for comparable companies. Upon recommendation of our independent compensation consultant, we utilized the same industry compensation peer group as a source to evaluate compensation levels for the 2018 fiscal year as was used for the 2016 and 2017 fiscal years. The compensation peer group for 2018 consisted of 16 publicly-traded companies of reasonably similar size to us in the electronic equipment/electronic manufacturing services industry, the electronic components and equipment industry and the semiconductor/semiconductor equipment and manufacturing industry, representing different segments of our business. The compensation peer group for 2018 is set forth below:

| | |
|--|------------------------------------|
| Cabot Microelectronics Corporation (CCMP) | MTS Systems Corporation (MTSC) |
| CTS Corporation (CTS) | ON Semiconductor Corporation (ON) |
| Diodes Incorporated (DIOD) | Rogers Corporation (ROG) |
| Electro Scientific Industries, Inc. (ESIO) | Semtech Corporation (SMTC) |
| Gentex Corporation (GNTX) | Stoneridge, Inc. (SRI) |
| Hubbell Incorporated (HUBA, HUBB) | TTM Technologies, Inc. (TTMI) |
| KEMET Corporation (KEM) | Veeco Instruments Inc. (VECO) |
| Methode Electronics, Inc. (MEI) | Vishay Intertechnology, Inc. (VSH) |

For 2018, the raw data derived from each compensation peer group companies' 2017 proxy statement was size-adjusted to approximate our revenues for the corresponding fiscal year. The total compensation for our NEOs is generally targeted at the 50th percentile of the competitive market data. In 2018, the Compensation Committee awarded total target compensation to Messrs. Heinzmann, Stafford, Rutz and Nayar and Ms. Sethna that was 0%, +19%, +13%, +9% and +5%, respectively, in relation to the median of our peer group. In setting the compensation of our NEOs in 2018, the Compensation Committee considered the individual scope of responsibility of each NEO, each NEO's historical compensation levels, the NEO's years of experience, the NEO's past, and expected future contributions to our success, market practice, internal equity considerations and individual performance. Additional information regarding the components of total compensation for our NEOs is discussed below under "Components of Total Compensation."

As part of its ongoing review of the compensation peer group, in October 2018 the Committee approved updates to the compensation peer group for the 2019 fiscal year. The new peer group better reflects the organizational structure of Littelfuse following the IXYS acquisition and expansion in the semiconductor business. This further positions Littelfuse at the median of the peer group based on revenue and at the fifty-eight percentile of the peer group based on market capitalization. The following peer group will be used to evaluate 2019 compensation decisions for our NEOs.

Annual Compensation Process

The Compensation Committee reviews industry data and performance results presented by its independent compensation consultant in determining the appropriate aggregate and individual compensation levels for the year. In conducting its review, the Compensation Committee considers quantitative performance results, the overall need of the organization to attract, retain and motivate the executive team, and the total cost of compensation programs.

The Compensation Committee reviews base salaries annually and changes them when it determines appropriate. The approval of incentive awards for NEOs under the Littelfuse, Inc. Annual Incentive Plan (the "Annual Incentive Plan") for the preceding year and the terms of the incentive awards for NEOs for the current year are approved by the Compensation Committee at its January or February meeting. Long-term equity compensation is granted by the Compensation Committee and the full Board at the April meeting, held in connection with the annual meeting of stockholders. The Compensation Committee oversees the administration of the Company's equity-based programs and makes recommendations to the Board for its consideration and approval of equity awards to be made to the CEO and other executive officers. The Compensation Committee has delegated authority to the CEO to grant equity awards to other non-executive officer employees. Ratification of grants for any non-executive officers who are newly-hired or promoted during the course of the year generally occurs at the Compensation Committee meeting immediately following the hiring or promotion, as applicable.

Role of the Board, Compensation Committee, Management and Consultants

The Compensation Committee establishes, reviews and recommends all elements of the executive compensation program to the members of the Board for approval. The Compensation Committee works with an independent compensation consultant, Compensation Strategies, Inc., for advice and perspective regarding market trends that may affect decisions about our executive compensation program and practices. Our independent compensation consultant also advises the Compensation Committee on non-employee director compensation matters. Additional responsibilities of the Board, the Compensation Committee, management and the independent compensation consultant include:

Board of Directors and Compensation Committee

The Compensation Committee reviews and recommends the CEO's business goals and objectives relevant to executive compensation to the members of the Board, other than the CEO, for approval. The Compensation Committee evaluates the performance of the CEO in light of those goals and objectives and recommends the CEO's compensation level to such members of the Board based on this evaluation. The Compensation Committee reviews and recommends the CEO's annual and long-term incentive target opportunities and payouts for approval by the members of the Board, other than the CEO. For NEOs other than the CEO, the Compensation Committee reviews and makes recommendations based on a review of compensation survey data and publicly-disclosed compensation information for our peer group, individual performance, internal pay equity and other relevant factors for approval by the full Board for all NEO compensation arrangements including base salary determination and annual and long-term incentive target opportunities and payouts.

Management and Consultants

Compensation program design: Management makes recommendations in consultation with the independent compensation consultant on compensation program design and pay levels and implements the compensation programs approved by the Board.

Develop performance measures: Management identifies appropriate performance measures, recommends performance targets that are used to determine annual awards, and develops individual performance objectives for each NEO.

Compile competitive market data: Management works with the independent compensation consultant in compiling compensation information and preparing the data for presentation to the Compensation Committee.

Develop compensation recommendations: Based on the compensation survey data and publicly-disclosed compensation information, our CEO and our CHRO prepare recommendations for the NEOs (other than for the CEO) and present these recommendations to the Compensation Committee. The Compensation Committee reviews these recommendations along with the competitive market data and other information and advice of the independent compensation consultant, and makes a recommendation to the full Board for approval. Our CEO also assists the

Table of Contents

Compensation Committee by providing input with regards to the fulfillment of the individual performance objectives of the other NEOs. Compensation recommendations for the CEO are made by the Compensation Committee based on the compensation survey data and are presented for approval to the directors other than the CEO. Our Executive Vice President and Chief Financial Officer also assists in the preparation of performance targets and objectives based on our short-term and long-term growth plans and provides financial information used by the Compensation Committee to make decisions with respect to incentive goals based on achievement of financial targets and related payouts.

Compensation Risk

At the direction of the Compensation Committee, management conducts a comprehensive risk assessment of our compensation policies and practices and presents its findings to the Compensation Committee. The assessment includes a review of the risk areas within the Company's compensation programs to ensure that there are no design flaws which motivate inappropriate or excessive risk taking. Management conducted this assessment of all compensation policies and practices for all employees, including the NEOs, and determined that the compensation programs are not reasonably likely to have a material adverse effect on the Company.

During the review, several risk mitigating factors in our programs were noted, including:

Our annual incentive program awards are capped to limit compensation in any given year
The Compensation Committee has the ability to apply negative discretion over annual incentive program payouts and to adjust any performance measure for extraordinary events or circumstances
Our equity incentive awards vest over several years, so while the potential compensation payable for equity incentive awards is tied directly to appreciation of our stock price, taking excessive risk for a short-term gain is discouraged because it would not maximize the value of equity incentive awards over the long term and
Our executive officers and directors are subject to a stock ownership policy with minimum stock holding requirements that aligns their interests with the interests of our stockholders.

Impact of Accounting and Tax Issues on Executive Compensation

In setting each NEO's compensation levels, we do not have a stated policy that all compensation must be tax deductible. The Compensation Committee and Board analyze the overall expense arising from aggregate executive compensation levels and consider various alternatives to preserving the tax deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with our compensation goals.

Prior to the Tax Cuts and Jobs Act ("Tax Reform") that was signed into law on December 22, 2017, Section 162(m) of the Internal Revenue Code ("Section 162(m)") placed a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to our CEO and our three other most highly compensated officers other than the principal financial officer. For years prior to 2018, we were also permitted to receive a tax deduction for "performance-based" compensation as defined under Code Section 162(m) without regard to the \$1,000,000 limitation. However, the Tax Reform made various changes to Section 162(m). The Tax Reform eliminated the performance-based exception and expanded the group of executives covered by Section 162(m). As a result, the fiscal 2018 compensation paid to our covered executive officers in excess of \$1 million and later tax years is not deductible by the Company unless it qualifies for limited transition relief that applies to certain arrangements in place as of November 2, 2017. While the Committee will continue to consider the tax deductibility of compensation programs, the Committee believes that stockholder interests are best served by maintaining our ability to remain flexible in structuring compensation to attract and retain senior talent even though such programs may result in non-deductible compensation for federal income tax purposes.

The Committee also considers the accounting implications of significant compensation decisions, including decisions that relate to our equity incentive plans. If accounting standards change, we may revise certain programs to

appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

Table of Contents

Components of Total Compensation

The compensation of our NEOs consists of five components, each designed to help achieve our compensation objectives and to contribute to a total compensation arrangement that is competitive, appropriately performance-based and valued by our NEOs, as described in the following table.

Compensation Component Purpose

| | |
|--|--|
| Base Salary | Designed to attract, retain and motivate highly-qualified executives by paying a competitive salary. |
| Annual Incentive Plan (cash awards) | Designed to provide a performance-based cash reward to executives and key employees of the Company for contributing to the achievement of our short-term company goals. |
| Long-Term Incentive Plan (stock option and RSU awards) | Designed to emphasize the goals of our equity compensation: (1) align each NEO's financial interests with driving stockholder value (2) focus the NEOs' efforts on long-term financial performance of the Company and (3) assist in the retention of our NEOs. |

Health and Welfare Programs and Perquisites

| | |
|---|--|
| Retirement and Post-Employment Arrangements | Designed to provide competitive levels of health and welfare protection and retirement and savings programs. |
|---|--|

Information regarding the administration and the determination of amounts of each component is below.

A. Base Salary

Administration: Our CEO and our CHRO recommend NEO salary levels (other than for the CEO) to the Compensation Committee for approval. The Compensation Committee reviews the NEO salary recommendations and makes its recommendations to the full Board for approval. The Compensation Committee determines and makes CEO salary recommendations to the Board, other than the CEO, for approval.

Determination of amounts: Base salary is generally targeted at the 50th percentile of the compensation peer group, although we also take into account factors such as individual scope of responsibility, years of experience, past and future contributions to our success and possible differences in compensation standards in our industry. We strive to be market competitive in an effort to attract, retain and motivate highly-talented executive officers.

In 2018 and for 2019, the Compensation Committee recommended to the Board and the Board approved increases in base salary for all NEOs. Salary increases in 2018 were effective as of April 1, and salary increases in 2019 will become effective April 1. The base salary amounts for the NEOs, effective as of April 1, 2018 and approved to become effective on April 1, 2019, are as follows:

| | | |
|------|------------|------------|
| Name | 2018 | 2019 |
| | Annualized | Annualized |

| | Base Salary | Base Salary |
|--------------------|-------------|-------------|
| David W. Heinzmann | \$784,000 | \$901,600 |
| Meenal A. Sethna | \$441,000 | \$467,460 |
| Ryan K. Stafford | \$495,945 | \$515,783 |
| Michael P. Rutz | \$397,534 | \$409,460 |
| Deepak Nayar | \$347,151 | \$367,980 |

Table of Contents**B. Annual Incentive Plan**

In January 2014, our Compensation Committee and our Board approved the Annual Incentive Plan and on April 25, 2014 our stockholders approved the Annual Incentive Plan ("AIP").

Administration: The Compensation Committee establishes, after (1) consulting with our CEO and CHRO, (2) reviewing the compensation peer group information and other information and advice of the independent compensation consultant and (3) discussing the financial goals and targets of the Company for the next fiscal year with our CEO and our CFO, the threshold, target and maximum amounts that may be awarded under the AIP to each NEO for the fiscal year. The annual target amounts are set as percentages of each NEO's base salary and the maximum amount is generally set at 220% percent of the annual target percentage.

Determination of eligible AIP amounts: Our AIP is intended to compensate NEOs for their short-term contributions to the Company's performance. Annual incentive awards to NEOs are granted based on the NEOs' and the Company's performances and are approved by the Compensation Committee and recommended to the full Board for approval. While one factor the Compensation Committee considers regarding the compensation of our NEOs is where that compensation falls in relation to the 50th percentile of the total compensation of our compensation peer group, it does not necessarily match our annual incentive awards against a certain percentile of the compensation peer group and it considers other factors, such as internal equity considerations, executive experience and the years of service of the NEO, in setting the targets as a percent of base salary. It sets the threshold, target and maximum amounts for the AIP so that, if earned, we pay sufficient total annual compensation to remain competitive. The maximum incentive amount that may be paid to an employee for a performance period has been limited under the AIP to \$2,500,000.

The following table summarizes the AIP opportunity percentages for the NEOs for 2018:

| Name | 2018 AIP Target Opportunity (as a % of 2018 Base Salary) | | |
|--------------------|---|--------|-------------|
| | Threshold | Target | Maximum (1) |
| David W. Heinzmann | 55% | 110% | 242% |
| Meenal A. Sethna | 35% | 70% | 154% |
| Ryan K. Stafford | 35% | 70% | 154% |
| Michael P. Rutz | 30% | 60% | 132% |
| Deepak Nayar | 30% | 60% | 132% |

(1) The performance goals related to business operations have a payout range from 0% - 200% of target. The maximum payout range for the individual performance goal, weighted at 20% for each NEO, was increased to 0% - 300%.

In 2018, the Compensation Committee structured the AIP to ensure sufficient flexibility to determine appropriate non-equity incentive compensation. Under the 2018 AIP, the Compensation Committee established performance goals each with a maximum annual award percentage that could be paid to each NEO. For 2018, the NEOs were eligible to receive up to a maximum of 200% of their target annual incentive opportunities for each of the performance goals other than for the individual performance goal, which was increased to a 300% maximum payout. The Compensation Committee is authorized to exercise negative discretion to reduce any award not determined appropriate.

Table of Contents

The Compensation Committee considered the performance of the Company's base business operations when selecting the below financial performance metrics and relevant weighting. The Compensation Committee believes that these metrics reflect the performance of the Company's ongoing operations with respect to its existing business.

| NEO | AIP Corporate Sales | AIP Earnings per Share | AIP Cash Flow from Operations | Applicable Business Individual Unit Performance Metrics | |
|--------------------|---------------------|------------------------|-------------------------------|---|-------------|
| | | | | Unit | Performance |
| David W. Heinzmann | 20% | 30% | 30% | - | 20% |
| Meenal A. Sethna | 10% | 40% | 30% | - | 20% |
| Ryan K. Stafford | 10% | 40% | 30% | - | 20% |
| Michael P. Rutz | 10% | 40% | 30% | - | 20% |
| Deepak Nayar | - | 20% | 10% | 50% (1) | 20% |

(1) Mr. Nayar's applicable business unit (Electronics - passive products and sensors) performance metrics were weighted at 15% for business unit sales and 35% for business unit operating income.

In January 2019, the Compensation Committee evaluated the Company's performance against the AIP performance metrics, which was as follows:

| Base Business Operations Performance Metric (1) | Threshold Performance (50%) | Target Performance (100%) | Maximum Performance (200%) | Actual Performance | Percentage Achievement |
|---|-----------------------------|---------------------------|----------------------------|--------------------|------------------------|
| AIP Corporate Sales (\$M) | \$1,220.0 | \$1,284.0 | \$1,348.0 | \$1,340.3 | 188% |
| AIP Earnings per Share ("AIP EPS") | \$7.81 | \$8.40 | \$8.99 | \$9.44 | 200% |
| AIP Cash flow from Operations (\$M) | \$249.0 | \$283.0 | \$323.0 | \$298.0 | 137% |
| Applicable Business Unit Metrics | (2) | (2) | (2) | (2) | (3) |

(1) The performance metrics were determined as follows:

AIP Corporate Sales – represents our 2018 net sales as reported in our audited financial statements, less net sales attributable to business acquired in 2018.

AIP EPS – represents our 2018 AIP net income, as described below, divided by our diluted weighted-average shares and equivalent shares outstanding. "AIP net income" is calculated as our GAAP net income, as reported in our audited financial statements, excluding the after-tax impact of the following items: acquisition and integration costs; restructuring, impairment and other charges; non-operating foreign exchange gains and losses; and certain other significant and unusual items.

AIP Cash flow from Operations – represents our 2018 cash flow from operations, as reported in our audited financial statements, excluding cash flow from operations and acquisition related and integration payments attributable to the IXYS acquisition.

(2) Mr. Nayar's business unit target goals were set to be attainable with good performance.

(3) Based on the actual performance of his business unit, Mr. Nayar's percentage achievement for the sales metric was 180% and the percentage achievement for the operating income metric was 200%.

The Compensation Committee also reviews the individual performance of each NEO. These reviews are qualitative in nature and require subjective determinations by the Compensation Committee. The Compensation Committee receives input from the CEO and CHRO with respect to each NEO's performance and considers factors generally related to (i) overall Company business performance, (ii) development of managerial leaders and talent within the Company; (iii) legal compliance and corporate governance best practices, and (iv) other matters specific to each NEO's scope of

responsibility. For 2018, the Compensation Committee determined the achievement of the individual performance goals for each of the NEOs as follows: Mr. Heinzmann - 261%, Ms. Sethna - 250%, Mr. Stafford - 250%, Mr. Rutz - 250% and Mr. Nayar - 175%.

2019 Proxy Statement 30

Table of Contents

The Compensation Committee also received recommendations from Mr. Heinzmann related to the 2018 AIP award amounts for the other NEOs. It received input from its independent compensation consultant with respect to the appropriate 2018 AIP award amount for Mr. Heinzmann. After consideration of the performance metrics described above and the recommendations from Mr. Heinzmann and input from the independent compensation consultant, the Compensation Committee approved and recommended to the Board, and the Board approved, the following 2018 AIP awards to the NEOs:

| NEO | AIP Target | AIP Maximum | | 2018 AIP Payout (Paid in March 2019) | |
|--------------------|---------------------|----------------|----------------|---|------------------------------|
| | % of Base Salary(1) | Amount (\$) | Amount (\$) | % of AIP Target | Amount of AIP Payout (\$) |
| David W. Heinzmann | 110% | \$862,400 | \$1,897,280 | 190.9% | \$1,646,322 |
| Meenal A. Sethna | 70% | \$308,700 | \$679,140 | 189.9% | \$586,221 |
| Ryan K. Stafford | 70% | \$347,162 | \$763,755 | 189.9% | \$659,260 |
| Michael P. Rutz | 60% | \$238,520 | \$524,745 | 189.9% | \$452,950 |
| Deepak Nayar | 60% | \$208,290 | \$458,238 | 185.7% | \$386,795 |

(1) For AIP purposes, incentive opportunities are based on our NEO's 2018 annualized base salary.

2019 Annual Incentive Plan: At its January 2019 meeting, the Compensation Committee approved the annual incentive plan structure along with performance goal weights and established the NEOs' target annual incentive plan opportunity percentages for the 2019 AIP. In February, it also established 2019 financial performance goals that are in excess of budget but attainable with good performance. The performance metrics for Messrs. Heinzmann, Stafford and Ms. Sethna are based on the same performance metrics as in 2018. Due to the changes to Messrs. Rutz's and Nayar's roles in February 2019, their performance metrics for 2019 have not been finalized. The following table summarizes each NEO's AIP target opportunity, as a percentage of base salary for the NEOs:

| Name | 2019 AIP Opportunity (as a % of Base Salary) | | |
|--------------------|---|--------|---------|
| | Threshold | Target | Maximum |
| David W. Heinzmann | 55% | 110% | 242% |
| Meenal A. Sethna | 37.5% | 75% | 165% |
| Ryan K. Stafford | 37.5% | 75% | 165% |
| Michael P. Rutz | 32.5% | 65% | 143% |
| Deepak Nayar | 32.5% | 65% | 143% |

C. Long-Term Incentive Compensation

Consistent with prior years' practice, in 2018 the Compensation Committee awarded a combination of two types of equity awards under the Long-Term Incentive Plan to our NEOs: stock option awards and RSUs. The stock options vest one-third annually over a three-year vesting period and have an exercise price equal to the fair market value of our common stock on the date of grant. The RSUs also vest one-third annually over a three-year vesting period.

Administration: The Compensation Committee reviews the compensation peer group information, the advice of the independent compensation consultant and, for NEOs other than the CEO, the recommendation of our CEO and our CHRO with respect to the NEOs' long-term incentive grants of stock options and RSUs. The Compensation Committee makes recommendations to the Board, other than the CEO, for the grant of stock options and RSUs to the NEOs.

Determination of amounts: We target total equity compensation awards at the 50th percentile of our compensation peer group, although we also take into account other factors, such as years of service with the Company and internal

pay equity considerations, when determining total equity compensation. In 2018, based on a valuation performed by the independent compensation consultant, the Compensation Committee determined that 50% of the value of the equity awards would be made in stock options, and 50% of the value of the equity awards would be made in RSUs.

The restricted stock unit awards and stock options granted in 2018 to each NEO are set forth below.

| Ryan K. Stafford | 2,659 | 3-year vest | 9,092 | 3-year vest | \$192.59 |
| Michael P. Rutz | 1,696 | 3-year vest | 5,798 | 3-year vest | \$192.59 |
| Deepak Nayar | 1,616 | 3-year vest | 5,525 | 3-year vest | \$192.59 |

(1) 2018 grant of RSUs and Options vest in annual installments of 33% on each of the first three anniversaries of the grant date.

Stock Ownership Policy

As discussed on page 14, the Company maintains a stock ownership policy applicable to all executive officers and directors that is reviewed annually by the Compensation Committee. The table below describes the ownership guidelines for each NEO, and their progress towards the ownership requirements, as of March 1, 2019.

| Name | Ownership Requirement as % of Base Salary | Number of Shares Required (1) | Number of Shares Owned (2) |
|--------------------|---|-------------------------------|----------------------------|
| David W. Heinzmann | 500% | 19,700 | 46,696 |
| Meenal A. Sethna | 300% | 6,600 | 10,875 |
| Ryan K. Stafford | 300% | 7,500 | 24,331 |
| Michael P. Rutz | 200% | 4,000 | 5,360 |
| Deepak Nayar | 200% | 3,500 | 3,601 |

(1) Pursuant to the stock ownership policy, the Compensation Committee may adjust the ownership requirements in the event of a significant increase in the price of the Company's common stock. The current ownership requirements are based on the 30-business-day average stock price for the period of December 4, 2017 through January 17, 2018, of \$199.29 per share and the NEO's annualized base salaries for 2018.

(2) Includes direct and indirect ownership of beneficially owned shares and unvested restricted stock/units.

D. Health and Welfare Programs and Perquisites

Health and Welfare Programs

Our NEOs participate in the same health and welfare programs designed for all of our full-time U.S. employees. The program includes partial reimbursement of gym membership dues, group health, dental, disability, business travel accident, life and accidental death and dismemberment (AD&D) coverage. Our NEOs are also provided with an increased amount of life and AD&D insurance in order to provide a targeted level of coverage equal to the lesser of three times annual base salary and \$1,000,000. These programs are important components of our total compensation program, and we provide them to remain competitive.

Perquisites

Our NEOs are provided with the opportunity to receive executive physicals and financial planning services on an annual basis. The executive physical program provides approximately \$5,000 in services per NEO annually. The financial planning program provides up to \$12,000 per year of financial planning services per NEO annually. We provide these benefits to help our NEOs efficiently manage their time and financial affairs and to allow them to stay

focused on business issues. Amounts and types of perquisites are included in the 2018 All Other Compensation Table on page 36.

E. Retirement and Post-Employment Arrangements

Retirement Plans

We provide retirement benefits to our U.S. employees and NEOs through the following plans:

Littelfuse, Inc. 401(k) Retirement and Savings Plan

NEOs may elect to participate in the Littelfuse, Inc. 401(k) Retirement and Savings Plan ("401(k) Plan") on the same basis as all other U.S. employees. The 401(k) Plan provides employees the opportunity to save for retirement on a tax-favored basis. The Company amended the 401(k) Plan, effective as of January 1, 2012, to provide discretionary Company contributions equal to 2% of a participant's annual eligible pay. This is in addition to the existing Company matching contributions, which provide a dollar-for-dollar match on participant salary deferrals up to 4% of a participant's annual eligible pay (subject to IRS compensation limits). The 401(k) Plan also provides for discretionary contributions for those eligible, active participants who as of January 1, 2010, participated in the Littelfuse, Inc. Retirement Plan ("Pension Plan") and had earned a minimum of 10 years of service and a combined age and years of service of at least 60 (the "60 Point Group"). Currently, Mr. Heinzmann is the only NEO who is a member of the 60 Point Group. The Company has currently set these contributions at 5% of base pay (subject to IRS compensation limits). All contributions to the 401(k) Plan are fully vested and nonforfeitable.

Littelfuse, Inc. Supplemental Retirement and Savings Plan

The Littelfuse, Inc. Supplemental Retirement and Savings Plan (the "Supplemental Plan") is a non-qualified retirement plan that is intended to provide supplemental retirement income benefits to employees whose benefits under our tax-qualified 401(k) plan are limited by the application of Internal Revenue Code Section 415, which includes our NEOs. Participants can defer a portion of their annual compensation to the Supplemental Plan. The Company provides a matching contribution designed to ensure that participants receive a combined match under the Supplemental Plan and the Company's 401(k) Plan on the first 4% of their annual compensation that they defer to both plans. The Company also makes the same 5% contribution as it makes to the Company's 401(k) Plan for Supplemental Plan participants who are members of the 60 Point Group, based on their compensation in excess of the IRS limit. Currently Mr. Heinzmann is the only NEO who receives this additional contribution as a member of the 60 Point Group.

Post-Employment Arrangements

Change in Control Agreements

Each of the NEOs has entered into a change of control agreement with the Company that provides certain payments and benefits on termination of employment in connection with a change of control of the Company. Additional information including the terms of our NEO's change of control agreements is included on page 42.

Employment Contracts

We have not entered into an employment agreement with any NEO, other than a Letter Agreement with Mr. Heinzmann, effective January 1, 2017 in connection with his assumption of the President and Chief Executive Officer role.

Pursuant to the Letter Agreement, Mr. Heinzmann's base salary was \$700,000 for 2017 and his target bonus was set at 90% of base salary. In addition, the Letter Agreement provided for the grant of restricted stock units having a grant

date value of \$1,050,000, that vest entirely on the third anniversary of the grant. The Company also entered into a new change of control agreement with Mr. Heinzmann, consistent with the terms described on page 42.

(2) These amounts reflect Company and matching contributions made under the Supplemental Plan. These amounts were reported in the All Other Compensation column of the Summary Compensation Table for 2018. These amounts include contributions that are attributable to the 2018 fiscal year but that were made in 2019 after the end of the 2018 fiscal year.

(3) These amounts represent interest earnings/losses credited to each NEO's account in the Supplemental Plan. Interest earnings/losses credited to these accounts are derived from the actual returns on the same investment options that are available under the 401(k) Plan, and the allocation the executives make amongst those qualified plan investment options. Given that these investment options are available to all employees participating in the non-discriminatory, tax-qualified 401(k) Plan, the interest earnings credited to the Supplemental Plan are not considered to be above market and, thus, do not need to be reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Termination of Employment Generally

As further described below, we have not entered into any employment agreements with our NEOs, other than a Letter Agreement with Mr. Heinzmann. We have entered into a change in control agreement with each NEO and each NEO is entitled to receive certain payments and benefits upon termination of employment pursuant to (i) the Long-Term Incentive Plan, (ii) Individual Award Agreements, (iii) the Executive Severance Policy, and (iv) Supplemental Plan provisions.

Long-Term Incentive Plan Termination Provisions

The Long-Term Plan governs equity grants made in years 2010 and later, and under the provisions of the Long-Term Plan, all outstanding (unvested) equity grants shall be cancelled and no longer exercisable on the date of employment termination, unless otherwise provided in an individual award agreement or by approval of the Compensation Committee. Key definitions in our Long-Term Plan and the individual award agreements are described below.

Disability

For purposes of the Long-Term Plan, "disability" has the same meaning as in the Award Agreements and the change in control agreements in effect. Disability is defined as the inability to engage in substantial gainful activity or receipt of income replacement benefits under our (or our subsidiary's) accident and health plan for at least three months, in either case, because of a medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of at least 12 months.

Change in Control

"Change in control" under the Long-Term Plan generally means the first to occur of (1) certain acquisitions by any person becoming the owner of more than 50% of the Company, by vote or by value, (2) certain acquisitions (other than as described in (1)) by any person becoming the owner of 30% or more of the total voting power of Company stock within a 12 month period, (3) replacement of a majority of the Board within a 12 month period by directors whose appointment or election is not previously endorsed by the then majority of the Board, or (4) certain acquisitions of 40% or more of the Company's assets.

Eligible Retirement

Eligible retirement under the individual award agreements entered into prior to 2017 means the date upon which an employee, having attained an age of not less than 62 and completing five years of employment with us, terminates employment with the Company. Following the 2017 Annual Meeting of Stockholders, the Compensation Committee approved a new form restricted stock unit award agreement and form stock option award agreement to certain executive-level employees, including all NEOs, that provides that the definition of eligible retirement is 55 plus 10 years of service with the Company.

Award Agreement Termination Provisions

In October 2016, the Compensation Committee and full Board approved a prospective amendment to the retirement provisions effective beginning in the 2017 form award agreements for stock options and restricted stock units granted

to executive-level employees, including all NEOs. The amended agreements provide that upon eligible retirement both outstanding stock options and restricted stock units become immediately vested.

Stock Options

Stock options granted to the NEOs in 2017 under the Long-Term Plan automatically become fully vested upon the recipient's termination of employment due to death or "disability," termination without cause within two years following a "change in control," or termination without cause on or after "eligible retirement." Upon any such termination of employment, recipient may exercise his or her vested stock options until the earlier of (1) the date on which the stock options would otherwise terminate in accordance with the terms of their grants or (2) the expiration of three months (or 90 days in some cases) after the date of termination or 12 months in the case of death or the 7th anniversary of the grant date in the case of eligible retirement.

2019 Proxy Statement 41

Table of Contents

Under all other termination of employment events, all unvested stock options are forfeited upon termination and the recipient has three months after termination to exercise his or her stock options which were vested immediately prior to termination (unless the recipient is terminated for cause, in which case the options will no longer be exercisable effective immediately upon the recipient's termination date).

Restricted Stock Units

RSUs granted to the NEOs in 2017 under the Long-Term Plan that have not vested are generally forfeited upon the recipient's termination of employment. However, if a recipient terminates employment due to death or "disability," then a pro rata portion of his or her unvested RSUs may become vested based on the recipient's prior service with the Company. For awards granted prior to 2017, if a recipient terminates employment due to "eligible retirement," then a pro-rata portion of his or her unvested RSUs will vest. Any unvested RSUs will automatically fully vest if an event occurs that constitutes a "change in control" or upon "eligible retirement" for awards granted in or after 2017.

Change of Control Agreements Termination Provisions

As disclosed in the Current Report on Form 8-K filed with the SEC on January 23, 2018, we entered into new Tier I change of control agreements with each of our executive officers, including our NEOs, effective January 1, 2018 through December 31, 2020. These agreements replaced the previous change of control agreements that had expired on December 31, 2017. If a change of control occurs at any time on or before December 31, 2020, the Company has agreed to continue to retain the services of such NEOs and each of them has agreed to remain in our service, for two years after the occurrence of the change of control (the "Service Period"). During the Service Period, the Company will provide them with (i) monthly base salary that is no less than the highest monthly base salary provided to them during the twelve months prior to the change of control, (ii) fringe benefits, reimbursement of business expenses, paid vacation time and office support at levels no less than provided to them during the 120 days prior to the change of control, (iii) annual bonuses that shall be the greater of (a) the average of the NEO's annual bonus for the three years prior to the change of control and (b) the target bonus amount applicable to the NEO for the fiscal year in which the change of control occurs, and (iv) health and welfare benefits and incentive, paid vacation, savings and retirement opportunities generally no less favorable, in the aggregate, than the plans in effect during the 120 days prior to the change of control or those provided after the change of control to other peer executives of the Company if more favorable.

In the event that the Company terminates the service of the NEOs during the Service Period other than for cause, death or disability, or if any of them terminate their service for good reason, they will be entitled to the following payments and benefits in addition to certain accrued amounts:

- (1) a lump sum payment equal to two times (three times in the case of Mr. Heinzmann) his or her annual base salary and the greater of: (i) the average of the NEO's annual bonus for the three years prior to termination from service and (ii) the target bonus amount applicable to the NEO for the fiscal year in which the termination occurs
- (2) a pro-rata amount equal to the greatest of such NEO's (i) target annual bonus for the fiscal year in which the termination occurs, (ii) annual bonus for the year in which the termination occurs based on performance through the termination date, and (iii) average annual bonus for the last three fiscal years for the three years prior to the termination date
- (3) during the two years (three years in the case of Mr. Heinzmann) following termination, reimbursement of the premium cost in excess of the normal active employee rate for his or her peer group to continue group medical benefits under COBRA (or reimbursements of excess individual insurance policy costs, if COBRA is not available) plus reimbursement of any post-tax difference

- (4) for a period of up to two years (three years in the case of Mr. Heinzmann) after termination, or until the NEO accepts employment with any third party if earlier, reasonable outplacement services to the NEO
- (5) any option or right granted to the NEO under any of our equity-based plans will be exercisable by the NEO until the earlier of the date on which the option or right terminates in accordance with the terms of its grant or the expiration of 12 months after the date of termination and
- (6) the payment or provision of other amounts or benefits required to be paid under any of our plans, programs, policies, practices, contracts or agreements.

2019 Proxy Statement 42

Table of Contents

In addition to the above additional benefits and payments, the NEO will no longer be bound by any non-compete agreements.

For purposes of the change in control agreements, "cause" means (i) the willful and continued failure by the NEO to substantially perform his duties (other than due to physical or mental illness), after a written demand for substantial performance is delivered by the Board specifically identifying the manner in which the Board believes that the NEO has not substantially performed his duties and such failure is not cured within 60 calendar days after receipt of such written demand or (ii) the willful engagement by the NEO in illegal conduct or gross misconduct which is materially and demonstrably injurious to the Company.

"Good reason" means (i) the NEO is not elected to, or is removed from, any elected office that the NEO held immediately prior to a change of control, (ii) the assignment to the NEO of any duties materially inconsistent in any respect with the NEO's position, authority, duties or responsibilities, or any other action by the Company which results in a diminution in such position, authority, duties or responsibilities, other than isolated, insubstantial and inadvertent actions not occurring in bad faith which are remedied, (iii) any failure by the Company to comply with any of the provisions of the change of control agreement other than certain isolated, insubstantial and inadvertent failures not occurring in bad faith which are remedied, (iv) requiring the NEO to travel on business to a substantially greater extent than required immediately prior to the change of control, or (v) any purported termination of the NEO's service other than as expressly permitted under the agreements, in all cases provided the NEO provides at least 90 days' notice and allows the Company at least 30 days to cure.

If the NEO's service is terminated by reason of his death or disability during the Service Period, in addition to any accrued amounts due to the NEO for services prior to separation, the Company will pay to the NEO or his or her legal representative (i) a pro-rata amount equal to the greatest of such NEO's (a) target annual bonus for the fiscal year in which the termination occurs, (b) annual bonus for the year in which the termination occurs based on performance through the termination date or (c) average annual bonus for the last three fiscal years prior to the termination date, plus (ii) any other amounts or benefits required to be paid or provided or which the NEO is eligible to receive under any of our plans, programs, policies, practices, contracts or agreements. These other benefits include, in the case of death, benefits at least equal to the most favorable benefits provided by the Company to the estates and beneficiaries of peer executives and, in the case of disability, disability and other benefits at least equal to the most favorable of those generally provided by the Company to disabled NEOs and/or their families.

If the NEO is terminated voluntarily without good reason during the Service Period, the Company will pay to the NEO any accrued amounts due to the NEO for services prior to termination, plus (i) a pro-rata amount equal to the greatest of such NEO's (a) target annual bonus for the fiscal year in which the termination occurs, (b) annual bonus for the year in which the termination occurs based on performance through the termination date or (c) average annual bonus for the last three fiscal years for the three years prior to the termination date, and (ii) any other amounts or benefits required to be paid or provided or which the NEO is eligible to receive under any of our plans, programs, policies, practices, contracts or agreements. If the NEO is terminated for cause during the Service Period, the Company will pay to the NEO any accrued but unpaid base salary due to the NEO for services prior to termination, plus any other amounts or benefits required to be paid or provided or which the NEO is eligible to receive under any of our plans, programs, policies, practices, contracts or agreements.

The new Tier I change of control agreements also include expanded confidentiality provisions and inclusion of provisions for non-disparagement, compensation clawback, return of documents and cooperation in defense of claims made by or against Littelfuse.

Executive Severance Policy

As disclosed in the Current Report on Form 8-K filed with the SEC on January 18, 2018, the Company adopted an Executive Severance Policy (the "Severance Policy") on January 15, 2018.

The Severance Policy provides severance protections to Littelfuse's most senior leadership team holding titles of Senior Vice President or higher and any other key employee specifically designated as a participant by the Board. The severance protections provided by the Severance Policy apply to terminations occurring on or after January 15, 2018 and consist of the following:

Severance benefits equal to a specified multiple of base salary and target annual bonus (2x for CEO, 1.5x for Executive Vice Presidents, and 1x for Senior Vice Presidents);
Pro-rated actual annual bonus for the year of termination;

Table of Contents

Payment of premiums for continued group health coverage for a specified period (18 months for CEO and Executive Vice Presidents, and 12 months for Senior Vice Presidents), or, if shorter, the maximum period provided by law; and Continuation of perquisites through the end of the year of termination, and outplacement services for up to one year after the date of termination.

Provision of these severance benefits under the Severance Policy is conditioned upon the executive entering into a separation and release agreement with Littelfuse, which will include certain protections for Littelfuse such as a general release of claims, agreements not to disclose confidential information, and, for a specified period after the date of termination, (1) solicit employees or interfere with customer, vendor, and other relationships or (2) engage in competitive activities.

No severance is payable under the Severance Policy if termination of employment is for "cause" (as defined below), due to the executive's death or disability, or if the executive voluntarily terminates employment for any reason. "Cause" is defined as set forth in the executive's change of control agreement with Littelfuse as in effect at the time of termination or, in the absence of such an agreement, as determined by the Board, in its sole discretion.

Supplemental Plan Termination Provisions

Supplemental Plan account balances are at all times 100% vested, and each U.S. NEO is entitled to receive his or her Supplemental Plan account balance upon termination of employment, or if elected either (i) age 59½ or (ii) age 65 or the later of five years of service. The benefit is paid in a lump sum or installments over five years, as elected by the NEO. For purposes of the Potential Payments Upon Termination or Change in Control table below we have assumed that the account balances of the NEOs will be paid on termination of employment in a lump sum, although the NEO could have elected a different distribution date and form of payment in accordance with the Supplemental Plan.

Potential Payments Upon Termination or Change in Control

Upon the termination of employment of a NEO, they may be entitled to additional benefits or payments beyond those provided under our benefit plans, depending on the event triggering the termination. The events that would trigger a NEO's entitlement to additional benefits or payments, and the estimated value of these additional benefits or payments, and the timing of such payments are described in the following table. As each NEO is considered a "specified employee" under Section 409A of the Internal Revenue Code of 1986, as amended, upon separation of service the payments described below for the NEO's Supplemental Plan balance would be subject to a six-month delay.

The table below has been prepared assuming a termination date and, where applicable, a change of control date, of December 28, 2018, the last business day of our 2018 fiscal year, and a stock price of \$168.03 per share, which was the closing price of our common stock on such date.

CEO PAY RATIO

As required by Item 402(u) of Regulation S-K, we are providing the following information for the fiscal year 2018:

the median of the annual total compensation of all employees of our company (other than Mr. Heinzmann, our Chief Executive Officer), was \$15,256; and

the annual total compensation of Mr. Heinzmann, our Chief Executive Officer, was \$4,876,689.

Based on this information, the ratio of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of all employees, which represents a reasonable estimate calculated in accordance with SEC regulations and guidance, is 320 to 1.

Due to our diverse end markets and global workforce, the above pay ratio is only an estimate calculated in accordance with Item 402(u) as permitted by the latest SEC interpretations and is unique to Littelfuse.

We have determined that there have been no significant changes to our employee population or compensation programs and no significant changes to the median employee's compensation arrangements or circumstances compared to our 2017 pay ratio analysis that would impact our pay ratio disclosure. For purposes of this determination, we excluded approximately 1,050 employees of the businesses acquired in connection with the Company's acquisition of IXYS Corporation in January 2018 and Monolith Semiconductor Inc. in October 2018. Therefore, we are using the same median employee from our initial fiscal year 2017 pay ratio disclosure.

COMPENSATION PLAN INFORMATION

We have two equity compensation plans that have been approved by our stockholders: the Littelfuse, Inc. Long-Term Incentive Plan that was approved by our stockholders at the April 2017 annual stockholder meeting and the Deferred Compensation Plan for Non-Employee Directors that was approved by our stockholders at the May 2005 annual stockholder meeting.

Pursuant to our acquisition of IXYS Corporation on January 17, 2018, we assumed four equity compensation plans that have not been approved by our stockholders and pursuant to which we may continue to grant equity awards: IXYS Corporation 2009 Equity Incentive Plan, IXYS Corporation 2011 Equity Incentive Plan, IXYS Corporation 2013 Equity Incentive Plan, IXYS Corporation 2016 Equity Incentive Plan (together, the "IXYS Plans"). We also assumed two expired equity compensation plans that have not been approved by our stockholders and pursuant to which we have outstanding equity awards: the Zilog, Inc. 2002 Omnibus Stock Incentive Plan and Zilog, Inc. 2004 Omnibus Stock Incentive Plan (together the "Zilog Plans").

Information about our equity compensation plans that were either approved or not approved by our stockholders as of December 29, 2018, is as follows:

| Plan Category | Number of securities to be issued upon exercise of outstanding options, warrants and rights | Weighted-average exercise price of outstanding securities (1) | Number of securities remaining available for future issuance under equity compensation plans (excluding |

| Total | 840,832 \$116.29 | 1,362,229 |

(1) The weighted average exercise price does not take into account the shares issuable upon the vesting of outstanding restricted stock units, which have no exercise price.

Includes 161,311 shares reserved for issuance upon vesting of outstanding restricted stock units and 357,964

(2) outstanding stock options granted under the Littelfuse, Inc. Long-Term Incentive Plan and the Deferred Compensation Plan for Non-Employee Directors.

Table of Contents

Includes 10,165 shares reserved for issuance upon vesting of outstanding restricted stock units under the IXYS Plans and 311,392 outstanding stock options granted under the IXYS Plans and Zilog Plans. Below is a brief (3) description of the material features of the compensation plans acquired pursuant to the acquisition of IXYS Corporation.

IXYS Plans

In connection with the acquisition of IXYS Corporation, we assumed the IXYS Corporation 2009 Equity Incentive Plan, IXYS Corporation 2011 Equity Incentive Plan, IXYS Corporation 2013 Equity Incentive Plan, IXYS Corporation 2016 Equity Incentive Plan and outstanding unvested stock options originally granted by IXYS Corporation under the IXYS Plans that were held by continuing employees. At the time of the acquisition of IXYS Corporation, these awards were converted to Littelfuse stock options, with adjustments made to the exercise price of the stock options and the number of shares subject to stock options as agreed upon in the Merger Agreement. These unvested options vest in accordance with their original terms, generally vesting in equal annual installments over a four-year period from the original grant date. The options, once granted, generally expire ten years from the date of grant. Under the IXYS Plans, we may grant to former employees of IXYS Corporation or its subsidiaries restricted stock awards, RSUs, stock options and stock appreciation rights with an exercise price that is no less than the fair market value on the date of grant. Equity awards granted under the IXYS Plans following the acquisition have been on similar terms and consistent with grants made pursuant to the Littelfuse, Inc Long-Term Incentive Plan. As of December 29, 2018, 208,285 shares remained available for issuance under the IXYS Plans.

Zilog Plans

In connection with the acquisition of IXYS Corporation, we assumed the Zilog, Inc. 2002 Omnibus Stock Incentive Plan and Zilog, Inc. 2004 Omnibus Stock Incentive Plan and outstanding stock options originally granted by IXYS Corporation under the Zilog Plans that were held by continuing employees of Zilog. At the time of the acquisition of IXYS Corporation, these awards were converted to Littelfuse stock options, with adjustments made to the exercise price of the stock options and the number of shares subject to stock options as agreed upon in the Merger Agreement. These options vested in accordance with their original terms, generally in equal annual installments over a four-year period from the original grant date. The options generally expire ten years from the date of grant. The Zilog 2002 Omnibus Stock Incentive Plan expired in May 2012 and no additional grants have been made thereunder. The Zilog 2004 Omnibus Stock Incentive Plan expired in February 2014 and no additional grants have been made thereunder. Therefore, as of December 29, 2019, no shares remain available for issuance under the Zilog Plans and 52,804 stock options remain outstanding.

Audit Committee Pre-Approval Policies and Procedures

All audit and non-audit services are pre-approved by the Audit Committee, which considers, among other things, the possible effect of the performance of such services on the registered public accounting firm's independence. The Audit Committee pre-approves the annual engagement of the principal independent registered public accounting firm, including the performance of the annual audit, statutory audits at foreign locations, quarterly reviews and tax services. The Chairperson of the Audit Committee has been delegated the authority to provide any necessary specific pre-approval for services that have not been previously pre-approved, but he must report the pre-approval at the next meeting of the Audit Committee.

REPORT OF THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of our previous or future filings under the Securities Act of 1933, as amended, or the Exchange Act that might incorporate by reference filings, including this Proxy Statement, in whole or in part, the following Report of the Audit Committee shall not be incorporated by reference into any such filings.

The Audit Committee oversees our financial reporting process and compliance with the Sarbanes-Oxley Act of 2002 on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in our Annual Report on Form 10-K for the 2018 fiscal year with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee also reviewed and discussed the audited financial statements with the independent auditors and discussed the matters requiring discussion pursuant to Statement on Auditing Standards No. 1301. In addition, the Audit Committee has discussed with the independent auditors their independence from management and the Company, including the matters in the written disclosures and letter received by the Audit Committee from the independent auditors as required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee regarding the independent auditors' independence, and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the independent auditors the overall scope and plans for their audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal control over financial reporting, and the overall quality of our financial reporting. The Audit Committee held five meetings during fiscal 2018.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 29, 2018, for filing with the SEC.

The stockholder's notice must contain detailed information specified in our bylaws and should be addressed to our Corporate Secretary at 8755 West Higgins Road, Suite 500, Chicago, Illinois 60631. You may obtain a copy of our bylaws upon request by writing to the Corporate Secretary at our principal executive offices.

As to any proposal that a stockholder intends to present to stockholders without inclusion in our Proxy Statement for our 2020 annual meeting of stockholders, the proxies named in management's proxy for that meeting will be entitled to exercise their discretionary authority on that proposal by advising stockholders of such proposal and how they intend to exercise their discretion to vote on such matter, unless the stockholder making the proposal solicits proxies with respect to the proposal to the extent required by Rule 14a-4(c)(2) under the Exchange Act. In order for proposals of stockholders made outside of Rule 14a-8 under the Exchange Act to be considered timely within the meaning of Rule

14a-4(c) under the Exchange Act, such proposals must be received by our Corporate Secretary at the address above by February 26, 2020.

The chairman of the 2020 annual meeting may refuse to allow the transaction of any business or acknowledge the nomination of any person not made in compliance with the procedures set forth for such matters in our bylaws.
