REPORT OF INDEPENDENT AUDITORS

To the Participants and Administrator of
Donaldson Company, Inc.
Employees' Retirement Savings Plan

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Donaldson Company, Inc. Employees' Retirement Savings Plan (the "Plan") at December 31, 2002, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. The statement of net assets available for benefits at December 31, 2001, was audited by other independent accountants who have ceased operations. Those independent accountants issued an unqualified opinion on that statement in their report dated April 26, 2002.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule referred to in the accompanying index is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

EMPLOYEES' RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002 AND 2001

1. DESCRIPTION OF PLAN

The Donaldson Company, Inc. Employees' Retirement Savings Plan (the "Plan") is a contributory defined contribution plan sponsored by Donaldson Company, Inc. (the "Company"). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The following description of the Plan is provided for general information purposes only. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

Fidelity Management Trust Company is the Plan's trustee (the "Trustee") and recordkeeper.

ELIGIBILITY

Employees are eligible to participate in the Plan upon employment, as defined by the Plan document.

CONTRIBUTIONS

Each year, eligible participants may contribute to the Plan up to 25 percent of pre-tax annual compensation, as defined by the Plan. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans with the approval of the Administrative Committee.

The Company may, at its discretion, make discretionary contributions from

Edgar Filing: DONALDSON CO INC - Form 11-K

time to time. Discretionary contributions are allocated pro rata based upon total annual compensation of participants who have 1,000 hours of service in the Plan year and are in employment of the Company on the last day of the Plan year. The Company made no discretionary contributions for the year ended December 31, 2002.

In connection with the Company's acquisition of AirMaze Corporation ("AirMaze") in November 1999, certain monies were placed in escrow pending finalization of the acquisition. Under the sale and purchase agreement, any monies released to the Company from the escrow account are to be contributed to former AirMaze employees participating in the Plan. During the Plan year ended December 31, 2002, amounts totaling \$722,100 were released and contributed to the Plan as employer contributions. These contributions were allocated to the former AirMaze employees participating in the Plan pro rata based on the total account balances of these participants.

PARTICIPANT ACCOUNTS

Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant does not allocate their contributions, the contributions are placed in the Fidelity Managed Income Portfolio II Fund.

The allocation of the participant's contributions to the investment funds may be changed daily. Each participant's account is credited with his or her contributions and his or her share of Company contributions, and an allocation of related investment earnings thereon. Allocation of investment earnings is based on the value of the participant's account at the close of each day.

VESTING

Participants are 100 percent vested in their accounts at all times.

PAYMENT OF BENEFITS

Upon termination of employment, disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance in a lump-sum payment. Rollover contributions and hardship withdrawals are allowed at any time.

PARTICIPANT LOANS

Under the Plan document, participants may borrow up to 50 percent of their account balance or \$50,000, whichever is less. Loans must be repaid by the participant within five years, unless the loan is used to acquire the participant's primary residence in which case the term may not exceed ten years. The loan interest is one percent over the prime lending rate on the last business day of the month preceding the month in which the loan is granted. Interest rates on outstanding loans at December 31, 2002, ranged from 5.75 percent to 10.5 percent. Loans mature at various dates through September 2012 and are generally paid through monthly payroll deductions.

PLAN TERMINATION

Edgar Filing: DONALDSON CO INC - Form 11-K

The Company has the right under the plan agreement to amend or terminate the Plan. In the event of termination of the Plan, each participant is fully vested and the assets of the Plan will be distributed to the participants in accordance with the Plan document.

2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared on an accrual basis. The following is a summary of significant policies which are in conformity with accounting principles generally accepted in the United States of America and are consistently followed by the Plan in the preparation of its financial statements.

VALUATION OF INVESTMENTS

Investments in mutual funds are stated at fair value based on quoted market prices. Participant loans are valued at estimated fair value, which consists of outstanding principal and any related accrued interest. Investments in the Donaldson Company, Inc. Common Stock Fund are valued based on the fair value of the underlying investments, primarily Donaldson Company, Inc. common stock, which is valued at quoted market prices.

INVESTMENT EARNINGS

Investment income is recorded as earned. Dividend income is recorded on the ex-dividend date. The Plan presents the net appreciation (depreciation) in the fair value of its investments in the Statement of Changes in Net Assets Available for Benefits. Net appreciation (depreciation) consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

5

DONALDSON COMPANY, INC.
EMPLOYEES' RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002 AND 2001

CONTRIBUTIONS

Participant contributions are recorded in the period the employer makes the payroll deductions. Employer discretionary contributions, if any, are recorded in the period they are approved by the Company.

BENEFITS PAID TO PARTICIPANTS

Benefits paid to participants are recorded when paid.

PLAN EXPENSES

Investment management fees and administrative fees charged by the Trustee are paid by the Plan. All other expenses are paid by the Company, including legal, accounting and other services.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Ultimate results could differ from those estimates.

Edgar Filing: DONALDSON CO INC - Form 11-K

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various combinations of investment securities. Investment securities are exposed to various risk factors including, but not limited to, interest rates, market conditions and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits in future periods.

CONCENTRATION OF MARKET RISK

As of December 31, 2002 and 2001, approximately 24 percent and 25 percent of the Plan's net assets were invested in the Donaldson Company, Inc. Common Stock Fund, respectively. The underlying value of this fund is dependent on the performance of Donaldson Company, Inc. and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of Donaldson Company, Inc. common stock in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

4. TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service, dated October 20, 1995, stating that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the "Code") and is therefore generally exempt from federal income taxes under provisions of Section 501(a). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. RELATED PARTY TRANSACTIONS

The Trustee is authorized, under contract provisions and by exemption under 29 CFR 408(b) of ERISA regulations, to invest in securities under its control and in the Company. For the year ended December 31, 2002, purchases and sales of securities of the Company were \$1,878,072 and \$1,476,534, respectively.
