1. to elect two Class I directors to hold office for three-year terms; and
2. to transact such other business as may properly come before the meeting or any adjournment or adjournments thereof.

The Board of Directors of the Company has fixed the close of business on October 31, 2006, as the record date for the determination of shareholders entitled to notice of and to vote at this meeting and at any and all adjournments thereof.

By Order of the Board of Directors

RAYMOND M. BEEBE
Secretary

Forest City, Iowa
November 10, 2006

Your Vote Is Important

Whether or not you expect to attend the meeting in person, please date, sign and return the proxy card in the enclosed envelope to appoint your proxy to vote your shares at the Annual Meeting, or you may do so electronically via the Internet or telephone. A prompt response is helpful and your cooperation is appreciated.

WINNEBAGO INDUSTRIES, INC.

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Winnebago Industries, Inc., an Iowa corporation (the *Company*), P.O. Box 152, Forest City, Iowa 50436, of proxies to be used at the Annual Meeting of Shareholders of the Company to be held in the Company's South Office Complex Theater, 605 West Crystal Lake Road, Forest City, Iowa on January 9, 2007, at 4:00 p.m., Central Standard Time, and at any and all adjournments thereof (the *Annual Meeting* or the *Meeting*). This Proxy Statement was first mailed to shareholders on or about November 10, 2006.

Only holders of Common Stock of record at the close of business on October 31, 2006 will be entitled to vote at the

Annual Meeting. At such date, the Company had outstanding 31,364,089 shares of Common Stock, par value \$.50 per share (*Common Stock*). Each share of Common Stock entitles the holder to one vote upon each matter to be voted upon at the meeting. A majority of the outstanding shares of Common Stock represented in person or by proxy will constitute a quorum for the Annual Meeting.

If you have returned valid proxy instructions or attend the Meeting in person, your Common Stock will be counted for the purpose of determining whether there is a quorum.

If you hold shares in your own name, by submitting a proxy you may either vote for or withhold authority to vote for each nominee for the Board of Directors. If you withhold authority to vote with respect to any nominee, your shares will still be counted for purposes of establishing a quorum but will have no effect on the election of that nominee. If you sign and submit your proxy card without voting instructions, your shares will be voted for each director nominee.

If you hold shares through a broker, follow the voting instructions provided by your broker. If you want to vote in person, a legal proxy must be obtained from your broker and brought to the Meeting. If you do not submit voting instructions to your broker, generally your broker is permitted to vote your shares in the election of directors in its discretion.

Directors must be elected by a plurality of the votes cast at the Meeting. This means that the two nominees receiving the greatest number of votes will be elected as directors. Votes withheld from any nominee have no legal effect on the election of directors due to the fact that such elections are by a plurality of the votes cast.

The Company is not now aware of any matters to be presented at the Annual Meeting other than the election of the two nominees described in this Proxy Statement. If any matters not described in this Proxy Statement are properly presented at the Meeting, the proxies will use their personal judgment to determine how to vote your shares. If the Meeting is adjourned, the proxies can vote your Common Stock on the new Meeting date as well, unless you have revoked your proxy instructions.

A form of proxy is enclosed for use at the Annual Meeting. Before the Meeting, you can appoint a proxy to vote your shares of Common Stock (i) by completing and signing the enclosed proxy card and mailing it in time to be received before the Annual Meeting, (ii) by using the Internet (<http://www.eproxy.com/wgo/>) or (iii) by calling the toll-free telephone number (1-800-560-1965).

The electronic proxy appointment procedures are designed to confirm your identity and to allow you to give your proxy your voting instructions. If you wish to vote by the Internet or telephone, please follow the enclosed instructions.

If the enclosed proxy card is executed and returned, it may nevertheless be revoked at any time insofar as it has not been exercised. A person may revoke a proxy electronically by entering a new vote via the Internet or by telephone or the enclosed proxy may be revoked by (i) giving written notice to the

Secretary of the Company (the *Secretary*), (ii) subsequently granting a later-dated proxy or (iii) attending the Meeting and voting in person. You may also be represented by another person at the Meeting by executing a proper proxy designating that person. Unless revoked, the shares represented by validly executed proxies will be voted at the

Meeting in accordance with the instructions indicated thereon. To revoke a proxy by telephone or the Internet, you must do so by 12:00 p.m. Central Standard Time on January 8, 2007 (following the directions on the enclosed instructions). Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

If no instructions are indicated on a proxy that is signed and mailed to the Company, it will be voted: (i) for the election of the two nominees for director named below (Item 1) and (ii) in the discretion of the named proxies upon such other matters as may properly come before the Meeting.

BOARD OF DIRECTORS, COMMITTEES OF THE BOARD AND CORPORATE GOVERNANCE

The Board has established standing Audit, Human Resources and Nominating and Governance Committees to assist it in the discharge of its responsibilities. Each of such Committees is governed by a written charter, each of which is available for review on the Company's website at <http://www.winnebagoind.com/company/investor/governance.php>. The principal responsibilities of each of these committees are described below.

Audit Committee. The current members of the Audit Committee are Messrs. England, Aal and Currie, all of whom are independent directors under criteria established by the SEC and the listing standards of the New York Stock Exchange (*NYSE*). Based on the attributes, education and experience requirements set forth in Section 407 of the Sarbanes-Oxley Act of 2002 and associated regulations, the Board of Directors has determined that Joseph W. England qualifies as an Audit Committee Financial Expert. Each year, the committee appoints independent public accountants to examine the books of the Company. It reviews with representatives of the independent public accountants the auditing arrangements and scope of the independent public accountants' examination of the books, results of those audits, any non-audit services, their fees for all such services and any problems identified by and recommendations of the independent public accountants regarding internal controls. The Audit Committee is also prepared to meet privately at any time at the request of the independent public accountants or members of management to review any special situation arising on any of the above subjects. The Audit Committee also performs

the duties set forth in its written charter which was amended as of June 21, 2006 by the Board of Directors, a copy of which is attached hereto as Appendix A. The Audit Committee regularly reviews its written charter and recommends to the Board changes to the charter. Reference is also made to the Report of the Audit Committee herein. In fiscal 2006, as required by its charter, the Audit Committee conducted an annual self-evaluation of its performance. The committee met eight times in fiscal 2006.

Human Resources Committee. The current members of the Human Resources Committee are Messrs. Kitch, Aal and Currie, all of whom are independent directors within the meaning of the NYSE listing requirements and the Company's Policy Regarding Nominations of Directors. This committee makes recommendations to the Board of Directors as to the salary of the Chief Executive Officer (*CEO*) and sets the salaries and bonus payments, if any, of all other employee-directors and elected officers. It also has responsibility for administration of the Company's Incentive Compensation Plan and certain other employee incentive plans. In fiscal 2006, as required by its charter, the Human Resources Committee conducted an annual self-evaluation of its performance. The committee met four times in fiscal 2006.

Nominating and Governance Committee. The current members of the Nominating and Governance Committee are Messrs. Currie, England and Kitch, all of whom are independent directors within the meaning of NYSE listing requirements and the Company's Policy Regarding Nominations of Directors. This committee recommended to the Board the director-nominees proposed in this Proxy Statement for election by the shareholders. It reviews the qualifications of, and recommends to the Board, candidates to fill Board vacancies as they may occur during the year. The Nominating and Governance Committee will consider suggestions from all sources, including shareholders, regarding possible candidates for director in accordance with the Company's Policy Regarding Nominations of Directors as discussed below. See also Fiscal Year 2007 Shareholder Proposals for a summary of the procedures that shareholders must follow. In fiscal 2006, as required by its charter, the Nominating and Governance Committee conducted an annual self-evaluation of its performance. The committee met once in fiscal 2006.

The Board of Directors of the Company held eight meetings during fiscal 2006. Actions taken by any committee of the Board are reported to the Board of Directors, usually at its next meeting. During fiscal 2006, all of the directors attended more than 75 percent of the aggregate of Board of Directors

7

meetings and meetings of committees of the Board on which they served. The Corporate Governance Policy of the Company, discussed below, encourages, but does not require, Board members to attend the Annual Meeting. At the last annual meeting, all of the then-incumbent directors and director nominees were in attendance. Additionally, in fiscal 2006, in accordance with the Company's Corporate Governance Policy described below, the Board of Directors conducted an annual self-evaluation to determine whether it and its committees are functioning effectively. The Nominating and Governance Committee received comments from all directors and reported to the Board with an assessment of the Board's performance.

Executive Sessions of Non-employee Directors The directors who are not employees of the Company or a subsidiary (the *Non-employee Directors*) meet privately in executive sessions to consider such matters as they deem appropriate, without management being present, as a routinely scheduled agenda item for every Board meeting. An executive session including only independent directors, as defined by the NYSE listing standards, is held at least once a year. During fiscal 2006, except for Mr. Erickson, all other Non-employee Directors were independent. Director Gerald C. Kitch was chosen as Lead Director to preside at such executive sessions.

The Board has adopted and annually reviews the Corporate Governance Policy which incorporates the corporate governance principles by which the Company operates. A copy of the Company's Corporate Governance Policy is available on the Company's website at <http://www.winnebagoind.com/company/investor/governance.php>.

Policy Regarding Nominations of Directors. The Nominating and Governance Committee will consider director nominations from shareholders in accordance with the Policy Regarding Nominations of Directors, a copy of which is attached hereto as Appendix B. Briefly, the Nominating and Governance Committee will consider as a candidate any director of the Company who has indicated to the Nominating and Governance Committee that he or she is willing to stand for re-election, and who has not reached the age of 70 years prior to the date of re-election to the Board, as well as any other person who is recommended by any shareholder of the Company who provides the required information and certifications within the specified time requirements, as set forth in Section 1 of the Policy Regarding Nominations of Directors. The Nominating and Governance Committee may also undertake its own search process for candidates and may retain the services of professional search firms or other third parties to assist in identifying and evaluating potential nominees.

In considering a potential nominee for the Board, shareholders should note that in recommending candidates, the Nominating and Governance Committee endeavors to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who display the qualifications, skills and independence to effectively represent the best interests of all shareholders. Candidates are selected for their ability to exercise good judgment, and to provide practical insights and diverse perspectives. Although the Nominating and Governance Committee may seek candidates that have different qualities and experiences at different times in order to maximize the aggregate experience, qualities and strengths of the Board members, nominees for each election or appointment of directors will be evaluated using a substantially similar process and under no circumstances will the Nominating and Governance Committee evaluate nominees recommended by a shareholder of the Company pursuant to a process substantially different than that used for other nominees for the same election or appointment of directors.

The Nominating and Governance Committee considers the following qualifications at a minimum to be required of any Board members in recommending to the Board potential new Board members, or the continued service of existing members:

- the highest professional and personal ethics;
- broad experience in business, government, education or technology;
- ability to provide insights and practical wisdom based on their experience and expertise;
- commitment to enhancing shareholder value;
- sufficient time to effectively carry out their duties; their service on other boards of public companies should be limited to a reasonable number;

8

ability to develop a good working relationship with other Board members and contribute to the Board's working relationship with senior management of the Company; and

independence; a majority of the Board shall consist of independent directors, as defined by the Company's Policy Regarding Nominations of Directors. See Corporate Governance Director Independence below.

The Nominating and Governance Committee continues to evaluate the Company's and the Board's governance practices at least annually. Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Nominating and Governance Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria for an Audit Committee Financial Expert as defined by SEC rules.

Corporate Governance. *Corporate Governance Policies and Codes of Conduct* The Board of Directors has adopted a Corporate Governance Policy, a Policy Regarding Nominations of Directors, a Shareholder and Other Interested Party Communications Policy and written charters for its Audit Committee, Human Resources Committee and Nominating and Governance Committee.

The Board of Directors also has adopted the Company's Code of Ethics applicable to all of the Company's directors, officers and employees and the Code of Ethics for CEO and Senior Financial Officers. These policies, charters, codes and other items relating to the governance of the Company are available on the Company's website at <http://www.winnebagoind.com/company/investor/governance.php>. These documents are also available in print free of charge to any shareholder who requests them in writing from: Winnebago Industries, Inc., Attn: Vice President-General Counsel and Secretary, 605 West Crystal Lake Road, Forest City, Iowa 50436. Information contained on the Company's website is not incorporated into this Proxy Statement or other securities filings.

Director Independence Under the Company's Corporate Governance Policy and NYSE rules, the Board must have a majority of directors who meet the standards for independence under the Company's Policy Regarding Nominations of Directors and applicable NYSE rules, respectively. The Board must determine, based on all of the relevant facts and circumstances, whether each director satisfies the criteria for independence. The Board of Directors has determined, after careful review and upon consideration of the following, that Mr. Aal (nominee for election as a Class I director), Mr. England (nominee for election as a Class I director), Mr. Currie (Class II director), Mr. Hanson (Class III director), Mr. Herlitz (Class II director) and Mr. Kitch (Class III director), are independent as defined by the relevant provisions of applicable law, the NYSE listing standards and the Company's Policy Regarding Nominations of Directors and that each independent director has no material relationship with the Company, determined in accordance with the standards disclosed below.

Under the Company's Policy Regarding Nominations of Directors, an independent director is one who:

has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company;

is not an employee of the Company and no member of his or her immediate family is an executive officer of the Company;

has not been employed by the Company and no member of his or her immediate family has been an executive officer of the Company during the past three years;

has not received and no member of his or her immediate family has received more than \$100,000 per year in direct compensation from the Company in any capacity other than as a director during the past three years;

(i) is not and no member of his or her immediate family is a current partner of a firm that is the Company's internal or external auditor; (ii) is not a current employee of the Company's internal or external auditor; (iii) does not have an immediate family member who is a current employee

of the Company's internal or external auditor and who participates in that firm's audit, assurance or tax compliance (but not tax planning) practice; and (iv) within the last three years was not and no member of his or her immediate family was (and no longer is), a partner or employee of the Company's internal or external auditor and personally worked on the Company's audit within that time;

is not and no member of his or her immediate family is currently, and for the past three years has not been, and no member of his or her immediate family has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director or an immediate family member of the director;

is not an executive officer or an employee, and no member of his or her immediate family is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single year, exceeds the greater of \$1 million, or 2 percent of such other company's consolidated revenues during any of the past three years;

is free of any relationships with the Company that may impair, or appear to impair his or her ability to make independent judgments; and

is not and no member of his or her immediate family is employed by or serves as a director, officer or trustee of a charitable organization that receives contributions from the Company or a Company charitable trust, in an amount which exceeds the greater of \$1 million or 2 percent of such charitable organization's total annual receipts.

This policy may be modified temporarily if, due to unforeseen circumstances, strict adherence would be detrimental to the Board's performance.

For purposes of determining a material relationship, the following standards are utilized:

any payments by the Company to a director's primary business affiliation or the primary business affiliation of an immediate family member of a director for goods or services, or other contractual arrangements, must be made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons; and

the aggregate amount of such payments must not exceed 2 percent of the Company's consolidated gross revenues.

For purposes of these independence standards, (i) immediate family members of a director include the director's spouse, parents, children, siblings, mother- and father-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone (other than domestic employees) who shares the director's home and (ii) the term primary business affiliation means an entity of which the director is a principal/executive officer or in which the director holds at least a 5 percent equity interest.

Mr. Erickson is not considered independent under the NYSE listing standards and the Company's Policy Regarding Nominations of Directors solely because his son, Thad Erickson, is employed by the Company's independent accountants as an audit manager. Thad Erickson has not personally worked on any audits of the Company or any other work involving the Company. Mr. Hertzke is not considered independent because of his employment as Chairman and Chief Executive Officer of the Company.

Shareholder and Other Interested Party Communications with Directors The Nominating and Governance Committee has adopted a policy for shareholders and other interested parties to send communications to the Board. Shareholders and other interested parties who desire to communicate with the Company's directors or a particular director may write to: Winnebago Industries, Inc., Attn: Vice President-General Counsel and Secretary, 605 West Crystal Lake Road, Forest City, Iowa 50436; or send an e-mail to: rbeebe@winnebagoind.com. All communications must be accompanied by the following information (i) if the person submitting the communication is a shareholder, a statement of the number of shares of the Company's Common Stock that the person holds; (ii) if the person submitting

10

the communication is not a shareholder and is submitting the communication to the non-management directors as an interested party, the nature of the person's interest in the Company; (iii) any special interest, meaning an interest not in the capacity of a shareholder of the Company, of the person in the subject matter of the communication; and (iv) the address, telephone number and e-mail address, if any, of the person submitting the communication. Communications received from shareholders and other interested parties to the Board of Directors will be reviewed by the Vice President-General Counsel and Secretary, or such other person designated by all non-management members of the Board, and if they are relevant to, and consistent with, the Company's operations and policies that are approved by all non-management members of the Board, they will be forwarded to the Lead Director or applicable Board member or members as expeditiously as reasonably practicable.

Director Compensation. Employee directors receive no additional compensation for serving on the Board or its Committees. In fiscal 2006, Non-employee Directors received an annual retainer of \$25,000 (paid in monthly installments), a \$1,000 per day attendance fee for Board and Committee meetings, and a \$500 fee for participation in Board meetings held telephonically. Additionally, the Audit Committee Chairman received an annual retainer of \$5,000 (paid in monthly installments) and the Chairmen of other Board Committees received an annual retainer of \$4,000 (paid in monthly installments). Each Non-employee Director received an annual stock option grant of 4,000 shares.

Effective April 1, 1997, the Board of Directors adopted the Winnebago Industries, Inc. Directors' Deferred Compensation Plan (as amended, the *Directors' Deferred Compensation Plan*). The purpose of the Directors' Deferred Compensation Plan is to enable Non-employee Directors (the *Participants*) to receive their fees and retainers as members of the Board of Directors and Committees of the Board (the *Deferred Compensation*) in a form other than as direct payments. A Participant may elect to apply either 50 or 100 percent of his or her Deferred Compensation to either, but not both, of the following forms: Money Credits or Winnebago Stock Units. Money Credits are units credited in the form of dollars in accordance with the Participant's election to such Participant's account established by the Company. The Money Credits accrue interest from the credit date. The interest rate to be applied to the Participant's Money Credits is the 30-year Treasury bond yield as of the first business day of the plan year. The Board of Directors may from time to time prescribe additional methods for the accrual of interest on Money Credits with respect to Deferred Compensation. Winnebago Stock Units are units credited in the form of Common Stock of the Company in accordance with the Participant's election to such Participant's account established by the Company. The Common Stock utilized for purposes of the Directors' Deferred Compensation Plan will be treasury shares of the Company and like all Common Stock, generally, will accrue dividends paid by the Company. Winnebago Stock Units will be recorded in such Participant's account on the basis of the mean between the high and the low prices of the Common Stock of the Company on the date upon which the account is to be credited, as officially reported by the NYSE. Any Participant investing Deferred Compensation in Winnebago Stock Units will receive a matching contribution in the form of Winnebago Common Stock from the Company equal to 25 percent of the Deferred Compensation so invested.

The matching contribution to a Participant's Winnebago Stock Unit account will vest on a graduated basis at the rate of 33-1/3 percent for each complete 12-month period of service as a director following the effective date of the Directors Deferred Compensation Plan. Any matching Winnebago Stock Units thereafter recorded in the Participant's account after the Participant's completion of 36 months of service after the effective date of the Directors' Deferred Compensation Plan will be fully vested and nonforfeitable. Notwithstanding the above, the Participant's Winnebago Stock Unit account will become fully vested upon his or her attainment of age 69-1/2 while serving as a director. In the event that a Participant terminates his or her service as a director, any unvested Winnebago Stock Units will be forfeited by the director. The Winnebago Stock Units credited to Participant's accounts are included in the Common Stock ownership table under the caption "Voting Securities and Principal Holders Thereof."

In the event of any change in the outstanding shares of Common Stock of the Company by reason of any stock dividend or split, recapitalization, merger, consolidation, spin-off, reorganization, combination or exchange of shares or other similar corporate change, then if the Directors' Deferred Compensation Plan administrator determines, in its sole discretion, that such change equitably requires an adjustment

11

in the number of Winnebago Stock Units then held in a Participant's Winnebago Stock Unit account, such adjustments will be made by the Directors' Deferred Compensation Plan administrator and will be conclusive and binding for all purposes of said plan.

In the event of a change in the control of the Company, as defined in the Directors' Deferred Compensation Plan, a Participant will receive a lump sum distribution of his or her account within 30 days following his or her termination of service as a director after such change in control. Notwithstanding the above, in no event will a Participant's receipt of a distribution of Winnebago Stock Units from his or her accounts precede the six-month anniversary of his or her election to convert Deferred Compensation into Winnebago Stock Units.

Unless terminated earlier by the Board of Directors, the Directors' Deferred Compensation Plan terminates on June 30, 2013.

The Winnebago Industries, Inc. 2004 Incentive Compensation Plan, as amended (the *Incentive Compensation Plan*) provides that Non-employee Directors may receive Stock Awards, Performance Awards or Non-qualified Stock Options each as defined under the Incentive Compensation Plan (collectively, *Director Awards*) and may not be granted incentive stock options. Terms, conditions and limitations applicable to any Stock Awards or Performance Awards granted to a Non-employee Director pursuant to this Plan shall be determined by the Board. On the grant date, the grant price of a Non-qualified Stock Option shall be not less than the fair market value of the Common Stock subject to such Option. The term of the Non-qualified Stock Option shall extend no more than 10 years after the grant date. Non-qualified Stock Options may not include provisions that reload the option upon exercise. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Non-qualified Stock Options awarded to directors pursuant to the Incentive Compensation Plan, including the grant price, the term of the Non-qualified Stock Options, the number of shares of Common Stock subject to the Non-qualified Stock Option and the date or dates upon which they become exercisable, shall be determined by the Human Resources Committee. No participant may be granted, during any fiscal year, Director Awards consisting of Stock Awards or Performance Awards covering or relating to more than 10,000 shares of Common Stock or Non-qualified Stock Options for more than 20,000 shares of Common Stock during any fiscal year.

The following table sets forth the total compensation paid to each Non-employee Director during fiscal 2006.

Long-Term Incentive Plan Awards in Fiscal 2006

The following table provides information concerning the participation of the named executive officers in a long-term compensation plan called the Officers' Long-Term Incentive Plan Fiscal Three-Year Period 2006, 2007 and 2008. Under this Plan, they were awarded the right to stock grants made in restricted shares of the Company's Common Stock (or at the election of the participating officer, in cash) payable in fiscal 2009 based upon the achievement of long-term performance results as measured at the end of the three-year fiscal period. Actual payouts of incentive compensation, if any, will be determined based upon the financial performance of the Company as established by a three-year plan approved by the Human Resources Committee, as administrator of this Plan. Under the Plan, the financial performance measurements are earnings per share and return on equity of the Company for the three-year period. Reference is made to the description of the plan under the caption Report of the Human Resources Committee on Executive Compensation below.

14

Name	Incentive Compensation (1)	Performance Period (or Other Period Until Maturation of Payment) (2)	Estimated Future Payouts Under Non-Stock Price-Based Plans (3)		
			Threshold (%)	Target (%)	Maximum (%)
Bruce D. Hertzke		Fiscal 2006-2008	1.6	25	37.5
Edwin F. Barker		Fiscal 2006-2008	1.6	25	37.5
Robert J. Olson		Fiscal 2006-2008	1.6	25	37.5
Raymond M. Beebe		Fiscal 2006-2008	1.6	25	37.5
William J. O'Leary		Fiscal 2006-2008	1.6	25	37.5

- (1) The actual incentive compensation, if any, that will be paid out after the conclusion of the three-year period cannot be determined because the incentive compensation earned by the named executive officers will be based on the Company's future performance. The incentive compensation will be a percentage of the officer's annualized base salary, which is the salary in place for each officer as of January 2006. The annualized base salary as of January 2006 for each of the named officers is as follows: Mr. Hertzke \$523,615; Mr. Barker \$364,000; Mr. Olson \$259,237; Mr. Beebe \$242,740; and Mr. O'Leary \$231,504.
- (2) Payouts will be made in Common Stock or cash, as elected by the officer, in fiscal 2009 depending on the level of attainment of the Plan approved by the Human Resources Committee for achievement of earnings per share for the three-year period.
- (3) Shown in these columns are the percentages of the named executive officers' annualized base salary as of January 2006 that would be payable under the Plan if the Company attains the threshold, target or maximum

achievement of financial objectives of earnings per share. If actual Company performance falls below an established level, no payments are made.

Pension Plans

The Company's Non-Qualified Deferred Compensation Program permitted key employees to annually elect (via individual contracts) to defer a portion of their compensation until their retirement. The plan has been closed to any additional deferrals since January 2001. The retirement benefit to be provided is based upon the amount of compensation deferred and the age of the individual at the time of the contracted deferral. An individual generally vests at the later of age 55 and five years of service since the deferral was made. For deferrals prior to December 1992, vesting occurs at the later of age 55 and five years of service from first deferral or 20 years of service.

To assist in funding the deferred compensation liability, the Company invested in corporate-owned life insurance policies.

The following table sets forth the estimated annual benefits payable for 15 years upon the following named executive officers reaching age 65:

<u>Named Executive Officer</u>	<u>Estimated Annual Benefits Payable (\$)</u>
Bruce D. Hertzke	241,922
Edwin F. Barker	254,242
Robert J. Olson	82,176
Raymond M. Beebe	163,545

William J. O'Leary did not participate in this program.

Report of the Human Resources Committee on Executive Compensation

Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this Proxy Statement in whole or in part, the following report and the Performance Graph which follows shall not be deemed to be incorporated by reference into any such filings.

The Human Resources Committee of the Board is the compensation committee of the Company. This Committee reviews and approves compensation plans for all corporate officers, including salaries, profit sharing awards and stock option grants.

In designing its compensation programs, the Company follows its belief that compensation should reflect the value created for shareholders while furthering the Company's strategic goals. In doing so, the compensation programs reflect the following goals:

align the interests of management with those of shareholders;
provide fair and competitive compensation;
integrate compensation with the Company's business plans;
reward both business and individual performance; and
attract and retain key executives critical to the success of the Company.

The Company's executive compensation is primarily based on the following three components, each of which is intended to help achieve the overall compensation philosophy: base salary, quarterly incentive awards and long-term incentives.

Base salary levels for the Company's named executive officers are set by the Committee and approved by the Board of Directors. In determining base salary levels and annual salary adjustments for the named executive officers, including the CEO, the Committee considers market compensation levels of similarly sized manufacturing companies as well as individual performance and contributions.

The base salary of Mr. Hertzke, as the CEO, was \$503,476 for the period from the beginning of fiscal 2006 until January 2, 2006 and \$523,615 thereafter and in fiscal 2005 was \$486,450 for the period from the beginning of fiscal 2005 until January 3, 2005 and \$503,476 thereafter. The CEO participates in the quarterly incentive award program for officers and other key management personnel described below. The Committee has not found it practicable to, and has not attempted to, assign relative weights to the specific factors considered in determining the CEO's compensation.

The Company's officers including the CEO are eligible for quarterly incentive awards under the Company's Officers Incentive Compensation Plan Fiscal Period 2006 (the *Officers Incentive Compensation Plan*). Under the Officers Incentive Compensation Plan, the incentive awards are based upon financial performance of the Company, as established by the Board of Directors. The Officers Incentive Compensation Plan is an annual program that provides for quarterly cumulative measurements of financial performance and an opportunity for quarterly incentive payments based on financial results measured against the management plan adopted by the Board of Directors (the *Management Plan*).

In fiscal 2006, the Human Resources Committee recommended that the Officers Incentive Compensation Plan utilize the same plan format that had been used in prior years, but that the manner of calculating the financial targets for the officers be changed such that the financial performance measurement for the Plan is solely earnings per share (*EPS*). Additionally, the 100% target bonus payout was set to be the same as the actual EPS for the prior fiscal year, the 200% target bonus payout (maximum) was set at 10% above the best EPS in the Company's history, payout under the Officers Compensation Plan would begin only after EPS for the year reached 75% of the prior years EPS and an appropriate target bonus matrix was developed for 75% 100% 200% based upon EPS. The Committee believes that the Officers Incentive Compensation Plan provides an excellent link between the value created for shareholders and incentives paid to participants.

Under the Officers Incentive Compensation Plan, the amount of the participants' incentive compensation for the quarter shall be in direct proportion to the Company's financial performance expressed as a percentage (Financial Factor) against compensation targets (Target) for each participant as determined by the Board of Directors prior to the commencement of the fiscal year.

The Officers Incentive Compensation Plan provides for a bonus (Target) of 60% of base salary (comprised of 2/3 cash and 1/3 stock (or in cash at the participant's election)) at 100% achievement of the financial objectives of EPS for participating officers, except the CEO. The Officers Incentive Compensation Plan provides for a bonus (Target) of

105% of base salary (comprised of 2/3 cash and 1/3 stock (or in cash at the participant's election)) at 100% achievement of the financial objectives of EPS for the CEO. Fifty percent (50%) of the quarterly calculated incentive is paid within 45 days after the close of each quarter. The remaining fifty percent (50%) of the quarterly calculated incentive is held back and carried forward into the next quarter on a cumulative basis. At the end of the fourth fiscal quarter (fiscal year end), a final year-end accounting is made prior to the payment of any remaining

16

incentive holdback for the year. Fifty percent (50%) of a participant's cash incentive compensation earned for the year, as described above, is matched annually (in the form of restricted stock or cash, as elected by the participant). The Target bonus is inclusive of this matched incentive compensation. The annual supplementary cash payment is paid as soon as practical after the final fiscal year-end compensation accounting and payment of any remaining incentive compensation holdback for the fiscal year.

The Committee reserves the right to modify the Financial Factor used in determining the incentive compensation by plus or minus 20% based upon strategic organizational priorities. Strategic performance is measured only at the end of the fiscal year. Strategic measurements may focus on one or more of the following strategic factors, but are not limited to those stated:

Revenue Growth	Customer Satisfaction
Market Share	Inventory Management
Product Quality	Technical Innovation
Product Introductions	Ethical Business Practices

For purposes of the Officers Incentive Compensation Plan, the Board determined that industry performance, market share, product quality and planning (both strategic and succession) would be the strategic factors used in determining this compensation.

In the event of a Change in Control (as defined in the Officers Incentive Compensation Plan) participants are entitled to receive awards (including the annual supplementary cash match payment described above) within 15 days of the Effective Date (as defined in the Officers Incentive Compensation Plan) based on the Committee's estimate of the Company's financial performance through the end of the fiscal year in which such Change in Control occurs.

Financial performance of less than 75% of the Target for EPS results in no bonus and the maximum bonus of 200% of the Target will be paid at attainment of approximately 120% of the Target.

As provided by the Officers Incentive Compensation Plan, the Committee has the discretion and authority to make any and all determinations necessary or advisable for administration of the Officers Incentive Compensation Plan.

Mr. Hertzke received \$39,638 in cash in fiscal 2006 and \$421,908 in cash in fiscal 2005 pursuant to the Officers Incentive Compensation Plan and the Officers Incentive Compensation Plan Fiscal Period 2005, respectively.

The Company's officers (including the CEO) are eligible for annual incentive awards under the Company's Officers Long-Term Incentive Plan (the *Long-Term Incentive Plan*). The purpose of the Long-Term Incentive Plan is to promote the long-term growth and profitability of the Company and to attract and retain officers by providing the

officers of the Company an opportunity for an incentive award consisting of stock grants made in restricted shares of the Company's Common Stock (or at the election of a participating officer, in cash) with compensation based on the achievement of long-term performance results as measured at the end of a three-year fiscal period.

The awards under the Long-Term Incentive Plan are based upon the Company's financial performance as measured against the three-year management plan established by the Committee and approved by the Board of Directors. The financial performance measurements for the Long-Term Incentive Plan are EPS and a minimum average return on equity (*ROE*) of the Company (collectively, the *Long-Term Financial Target*). Stockholders' equity at the start of the Company's fiscal year of the applicable plan period is used as the basis figure for the calculation of ROE.

Under the Long-Term Incentive Plan, the amount of the participants' long-term incentive award for the three-year fiscal period is in direct proportion to the Company's financial performance expressed as a percentage (Financial Factor) against award targets for each participant established by the Committee and approved by the Board of Directors prior to the commencement of the three-year fiscal period. The Company's financial results for the three-year fiscal period are used in determining the Financial Factor to be used for that plan period when calculating the participants' long-term incentive awards. In fiscal 2006, the Human Resources Committee determined that the year one target under the Long-Term Incentive Plan would be the same as that defined for such year in the annual plans, the target for 150% would be set at 10% above the best EPS year in the Company's history, the second year target would

17

be the first year target EPS increased by 10% and the third year target would be the second year target EPS increased by 10%, subject, however, to the further requirement that a minimum average ROE would be identified to insure that officers also focus on ROE financial factors and that if such minimum threshold was not reached there would be no payout under the Long-Term Incentive Plan regardless of the amount of bonus the officer would be entitled by meeting certain EPS targets.

The long-term incentive for the officers provides for an opportunity of 25% of the annualized base salary (Target) to be awarded in restricted stock or cash at 100% achievement of the Long-Term Financial Target. The annualized base salary figure used is the salary in place for each participant as of January 2006. The resultant incentive award (at 100% of the three-year fiscal management plan) will be adjusted up or down as determined by actual financial performance expressed as a percentage (Financial Factor) at the end of the three-year fiscal period.

Financial performance of less than 80% of the Long-Term Financial Target results in no incentive award under the Long-Term Incentive Plan and the maximum incentive award of 150% of the target will be paid at attainment of 120% of the Long-Term Financial Target.

In the event of a Change in Control (as defined in the Long-Term Incentive Plan) participants are entitled to receive awards within 15 days of the Effective Date (as defined in the Long-Term Incentive Plan) based on the Committee's estimate of the Company's financial performance through the end of the Long-Term Incentive Plan three-year fiscal period in which such Change in Control occurs.

A participant must be employed by the Company at the end of the three-year fiscal period to be eligible for any long-term incentive award except for a Change in Control as described above or as waived by the Committee for normal retirement and disability.

Mr. Hertzke received \$167,825 in cash in fiscal 2006 and \$199,674 in cash in fiscal 2005 pursuant to the Long-Term Incentive Plans for the three-year fiscal periods ended August 26, 2006 and August 27, 2005, respectively. These Long-Term Incentive Plans provided for incentive awards consisting of stock grants made in restricted shares of the Company's Common Stock, or at the election of a participating officer, in cash. The Board of Directors amended the Long-Term Incentive Plan Fiscal Three-Year Period 2004, 2005 and 2006 to provide that all awards payable under such Plan shall be made in cash. Awards under the Long-Term Incentive Plan Fiscal Three-Year Periods 2005, 2006 and 2007, 2006, 2007 and 2008, and 2007, 2008 and 2009, respectively, are payable in restricted shares of the Company's Common Stock or in cash upon the election of the participant.

Other long-term incentives, provided through grants of stock options to the named executives and others, are intended to retain and motivate executives to seek to improve long-term stock market performance. Stock options are granted at the prevailing market price on the date of grant by the Human Resources Committee and will only have value if the Company's stock price increases. No option is exercisable until six months after the date such option is granted. Thereafter, options are exercisable during the period thereof at such time or times and in such amount or amounts as determined by the Committee. No option may be exercised more than ten years from the date of its grant. Executives must be employed by the Company at the time of vesting in order to exercise options. The Committee awarded Mr. Hertzke stock options for 50,000 shares of the Company's Common Stock in fiscal 2006 and stock options for 70,000 shares in fiscal 2005 under the Incentive Compensation Plan.

Since all options are granted at the then-current market price, the value of an option bears a direct relationship to the Company's stock price and is an effective incentive for executives to create value for shareholders. The Committee, therefore, views stock options as an important component of its long-term performance-based compensation philosophy, but does not believe that granting options every year is necessary to achieve such goals.

No member of the Human Resources Committee is a current or former officer or employee of the Company or any of its subsidiaries.

CHANGE IN CONTROL ARRANGEMENTS

During fiscal 2001, the Board of Directors approved Executive Change of Control Agreements (the *Agreements*) for each of the named executive officers in the Summary Compensation Table and, at later dates, approved Agreements for certain other executive officers. The purpose of the Agreements is to reinforce and encourage such executives to maintain objectivity and a high level of attention to their duties without distraction from the possibility of a change of control of the Company. These Agreements provide that in the event of a Change of Control of the Company, as that term is defined in the Agreements and summarized below, each such executive (*provided* such Change of Control occurs when the executive is in the employ of the Company) would receive, in the event he ceases to be employed by the Company within three years following a Change of Control of the Company (for a reason other than death, disability, willful misconduct, normal retirement or under certain circumstances a voluntary termination of employment by the executive), a lump sum equal to three times the average of the aggregate annual compensation paid to the executive during the three fiscal years preceding the Change of Control.

In addition, under the Agreements, if an executive's employment is terminated (other than as described above) within three years following a Change of Control (*provided* the Change of Control occurs when the executive is in the employ of the Company) the executive would be entitled to (i) life, dental, vision, long term disability and health insurance benefits for three years following such Change of Control (*provided* that in the case of the dental, vision and health insurance benefits, such benefits shall be extended to the time the executive reaches age 65), (ii) transfer of title to the company car, if

any, then utilized by such executive to such executive, (iii) continued coverage, at the Company's expense, in the Executive Split Dollar Life Insurance Program, under certain circumstances until the later of the time the executive reaches age 55 or three years following the executive's termination, (iv) immediate vesting under the Company's Deferred Compensation and Deferred Bonus Plans and immediate vesting of all stock options and rights, (v) purchase by the Company, at the option of the executive, of any restricted stock then owned by the executive at the fair market

value thereof and (vi) a cash payment of the amount necessary to ensure that the payments or value of the benefits listed in this paragraph and the immediately preceding paragraph are not subject to net reduction due to the imposition of federal excise taxes.

Under the Agreements, a *Change of Control* occurs when (i) any person or other entity (except for the Company and certain Hanson family members or certain related persons or entities to the Company or such Hanson family members) acquires 20 percent or more of the outstanding stock of the Company or (ii) individuals who shall qualify as Continuing Directors (as defined below) shall have ceased for any reason to constitute at least a majority of the Board of Directors of the Company; *provided, however*, that in the case of either clause (i) or (ii) a Change of Control shall not be deemed to have occurred if the event shall have been approved prior to the occurrence thereof by a majority of the Continuing Directors who shall then be members of such Board of Directors. *Continuing Director* means (i) any member of the Company's Board of Directors, while such person is a member of the Board, who is not an affiliate or associate of any person or group described in clause (i) of the preceding sentence (an *acquiring person*) or of any such acquiring person's affiliate or associate and was a member of the Board prior to the time when such acquiring person shall have become an acquiring person and (ii) any successor of a Continuing Director, while such successor is a member of the Board, who is not an acquiring person or any affiliate or associate of any acquiring person or a representative or nominee of an acquiring person or of any affiliate or associate of such acquiring person and is recommended or elected to succeed the Continuing Director by a majority of the Continuing Directors.

CERTAIN TRANSACTIONS WITH MANAGEMENT AND BUSINESS RELATIONSHIPS

Mr. Hanson is also Chairman of the Board of the Bank and is a director of MBT Corp.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the *Exchange Act*) requires the Company's officers and directors and persons who own more than ten percent of the Company's Common Stock (collectively, *Reporting Persons*) to file reports of ownership and changes in ownership with the SEC and the NYSE. Reporting Persons are required by the SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received or written representations from certain Reporting Persons that no Forms 5 were required for those persons, the Company believes that, during fiscal year 2006, all Reporting Persons complied with all applicable filing requirements, with the exception of Jerry N. Currie who, due to an inadvertent administrative error, filed one late Form 4 reporting two transactions.

The Company's By-Laws also require that in order to present a proposal for action by shareholders at an annual meeting, a shareholder must provide advance written notice to the Secretary, which notice must contain detailed information specified in the Company's By-Laws. This notice must be delivered to or mailed and received at the Company's principal executive offices not less than 90 days nor more than 120 days before the anniversary of the preceding year's annual meeting. As to any proposal that a shareholder intends to present to shareholders without inclusion in the Company's proxy statement for the Company's fiscal year 2007 annual meeting, the proxies named in management's proxy for that meeting will be entitled to exercise their discretionary authority on that proposal by advising shareholders of such proposal and how they intend to exercise their discretion to vote on such matter, unless the shareholder making the proposal solicits proxies with respect to the proposal to the extent required by Rule 14a-4(c)(2) under the Exchange Act. The specific procedures to be used by shareholders, including those to be used by shareholders of more than 5 percent of the Common Stock, to recommend nominees for director are set forth in the Company's Policy Regarding Nominations of Directors, a copy of which is attached hereto as Appendix A, and the Company's By-Laws. Periodically review with the internal auditor any significant difficulties, disagreements with management, or scope restrictions encountered in the course of the function's work.

24. Review the appointment, replacement, reassignment or dismissal of the internal audit manager (if any) or approve the retention of, and engagement terms for, any third party provider of internal audit services.

25. Review the internal auditors' audit plan, discuss scope, staffing, budget, locations, and general audit approach.

Other Responsibilities

26. Annually prepare a report to shareholders as required by the SEC. The report should be included in the Company's annual proxy statement.

27. Annually conduct a self-evaluation of the Audit Committee.

28. Perform any other activities consistent with this Charter, the Company's By-Laws, and governing law, as the Board of Directors deems necessary or appropriate.

While the Audit Committee has the responsibilities and powers set forth in this Charter, the Audit Committee's function is one of oversight. The Company's management is responsible for preparing the Company's financial statements and, along with the internal auditors, for developing and maintaining systems of internal accounting and financial controls, while the independent auditors will assist the Audit Committee and the Board in fulfilling their responsibilities for their review of these financial statements and internal controls. The Audit Committee expects the independent auditors to call to its attention any accounting, auditing, internal accounting control, regulatory or other related matters that they believe warrant consideration or action. The Audit Committee recognizes that the financial management and the internal and independent auditors have more knowledge and information about the Company than do Audit Committee members. Consequently, in carrying out its oversight responsibilities, the Audit Committee does not provide any expert or special assurance as to the Company's financial statements or internal controls or any professional certification as to the independent auditors' work.

The Nominating and Governance Committee (*Committee*) has adopted the following policy (the *Director Nomination Policy*) to assist it in fulfilling its duties and responsibilities as provided in its charter (the *Charter*). This Director

1. *Recommended Candidates.* The Committee shall consider any and all candidates recommended as nominees for directors to the Committee by any directors, officers, shareholders of the Company, third party search firms and other sources. Under the terms of the Company's By-Laws, the Committee will consider director nominations from shareholders of record who provide timely written notice along with prescribed information to the Secretary of the Company. To be timely, the notice must be received by the Secretary at the principal executive offices of the Company not later than 90 or earlier than 120 days prior to the anniversary of the previous year's annual meeting, except in the case of candidates recommended by shareholders of more than 5% of the Company's Common Stock who may also submit nominations in accordance with the procedures in Section 2 under 5% Shareholder Recommendations and except as otherwise provided in the Company's By-Laws. The shareholder's notice must set forth (1) all information relating to such director nominee that is required to be disclosed under the federal securities laws in solicitation of proxies for election of directors in an election contest, including the person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (2) the name and address of the shareholder and any beneficial owner giving the notice as they appear on the Company's books together with the number of shares of the Company's Common Stock which are owned beneficially and of record by the shareholder and any beneficial owner; and (3) a signed statement by the nominee agreeing that, if elected, such nominee will (a) represent all Company shareholders in accordance with applicable laws and the Company's By-Laws and (b) comply with the Company's Code of Ethics.
2. *5% Shareholder Recommendations.* For purposes of facilitating disclosure required in the Proxy Statement, the Committee and the Corporate Secretary shall identify any candidates recommended by shareholders owning more than 5% of the Company's Common Stock, and identify the shareholder making such recommendation, as provided in and to the extent required by the federal securities laws. In addition to the procedures for shareholders to recommend nominees described in Section 1 above, shareholders or a group of shareholders who have owned more than 5% of the Company's Common Stock for at least one year as of the date the recommendation was made, may recommend nominees for director to the Committee provided that (1) written notice from the shareholder(s) must be received by the Secretary of the Company at the principal executive offices of the Company not later than 120 days prior to the anniversary of the date the Company's proxy statement was released to shareholders in connection with the previous year's annual meeting, except as otherwise provided in the Company's By-Laws; (2) such notice must contain the name and address of the shareholder(s) and any beneficial owner(s) giving the notice as they appear on the Company's books, together with evidence regarding the number of shares of the Company's Common Stock together with the holding period and the written consent of the recommended candidate and the shareholder(s) to being identified in the Company's proxy statement; (3) such notice must contain all information relating to such director nominee that is required to be disclosed under federal securities laws in solicitation of proxies for election of directors in an election contest; and (4) such notice must contain a signed statement by the nominee agreeing that, if elected, such nominee will (a) represent all Company shareholders in accordance with applicable laws and the Company's By-Laws and (b) comply with the Company's Code of Ethics.

3. *Desired Qualifications, Qualities and Skills.* The Committee shall endeavor to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who possess the

qualifications, qualities and skills to effectively represent the best interests of all shareholders. Candidates will be selected for their ability to exercise good judgment, and to provide practical insights and diverse perspectives.

The Committee considers the following qualifications at a minimum to be required of any Board members in recommending to the Board of Directors potential new Board members, or the continued service of existing members:

- the highest professional and personal ethics;
- broad experience in business, government, education or technology;
- ability to provide insights and practical wisdom based on their experience and expertise;
- commitment to enhancing shareholder value;
- sufficient time to effectively carry out their duties; their service on other boards of public companies should be limited to a reasonable number;
- ability to develop a good working relationship with other Board members and contribute to the Board's working relationship with senior management of the Company; and
- independence; a majority of the Board shall consist of independent directors, as defined in this Director Nomination Policy.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria for an audit committee financial expert as defined by Securities and Exchange Commission rules.

4. *Independence.* The Committee believes and it is the policy of the Company that a majority of the members of the Board meet the definition of independent director set forth in this Director Nomination Policy. The Committee shall annually assess each nominee for director by reviewing any potential conflicts of interest and outside affiliations, based on the criteria for independence set out below.

An independent director is one who:

- (1) has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company;
- (2) is not an employee of the Company and no member of his or her immediate family is an executive officer of the Company;

- (6) is not and no member of his or her immediate family is currently, and for the past three years has not been, and no member of his or her immediate family has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director or an immediate family member of the director;
- (7) is not an executive officer or an employee, and no member of his or her immediate family is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single year, exceeds the greater of \$1 million, or 2% of such other company's consolidated revenues during any of the past three years;
- (8) is free of any relationships with the Company that may impair, or appear to impair, his or her ability to make independent judgments; and
- (9) is not and no member of his or her immediate family is employed by or serves as a director, officer or trustee of a charitable organization that receives contributions from the Company or a Company charitable trust, in an amount which exceeds the greater of \$1 million or 2% of such charitable organization's total annual receipts.

This policy may be modified temporarily if, due to unforeseen circumstances, strict adherence would be detrimental to the Board's performance.

For purposes of determining a material relationship, the Committee shall utilize the following standards:

1. Any payments by the Company to a director's primary business affiliation or the primary business affiliation of an immediate family member of a director for goods or services, or other contractual arrangements, must be made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons.
2. The aggregate amount of such payments must not exceed 2% of the Company's consolidated gross revenues.

For purposes of these independence standards, (i) immediate family members of a director include the director's spouse, parents, children, siblings, mother- and father-in-law, sons- and daughters-in-law, and brothers and sisters-in-law and anyone (other than domestic employees) who shares the director's home and (ii) the term primary business affiliation means an entity of which the director is a principal/executive officer or in which the director holds at least a 5% equity interest.

5. *Nominee Evaluation Process.* The Committee will consider as a candidate any director of the Company who has indicated to the Committee that he or she is willing to stand for re-election as well as any other person who is recommended by any shareholders of the Company in accordance with the procedures described under Recommended Candidates in Section 1 and under 5% Shareholder Recommendations in Section 2. The Committee may also undertake its own search process for candidates and may retain the services of professional search firms or other third parties to assist in identifying and evaluating potential nominees and, if fees are paid to such persons in any year, such fees shall be disclosed in the next annual Proxy Statement relating to such year. The Committee may use any process it deems appropriate for the purpose of evaluating candidates which is consistent with the policies set forth in the Charter, Corporate Governance Policy and this Director Nomination Policy, which process may include, without limitation, personal interviews, background checks, written submissions by the candidates and third party references.

Although the Committee may seek candidates that have different qualities and experiences at different times in order to maximize the aggregate experience, qualities and strengths of the Board members, nominees for each election or appointment of directors shall be evaluated using a substantially similar process and under no circumstances shall the Committee evaluate nominees recommended by a

B-3

shareholder of the Company pursuant to a process substantially different than that used for other nominees for the same election or appointment of directors.

6. *Categorize Recommendations.* For purposes of facilitating disclosure required in the Proxy Statement, the Committee and the Corporate Secretary shall identify and organize the recommendations for nominees received by the Committee (other than nominees who are executive officers or who are directors standing for re-election) in accordance with one or more of the following categories of persons or entities that recommended that nominee:
 - (1) a shareholder, a 5% shareholder, independent director, chief executive officer, or other executive officer of the Company;
 - (2) a third-party search firm used by or on behalf of the Company; and
 - (3) any other specified source.
7. *Material Changes to Nomination Procedures.* For purposes of facilitating disclosure required in Form 10-K and Form 10-Q, the Committee and the Corporate Secretary shall identify any material changes to the procedures for shareholder nominations of directors for the reporting period in which such material changes occur.
8. *Posting of Policy.* This Director Nomination Policy shall be posted to the Company's website in accordance with the Company's Corporate Governance Policy.
9. *Amendments to This Policy.* Any amendments to this Director Nomination Policy must be approved by the Committee and ratified by the Board.
