## Edgar Filing: CAPITAL SENIOR LIVING CORP - Form 8-K

is not being filed but is being furnished pursuant to Item 9 below:

99.1 Press Release dated April 30, 2003

### Item 9. Regulation FD Disclosure.

In accordance with SEC Release No. 33-8216, the following information (including the attached exhibit), intended to be furnished under "Item 12. Results of Operations and Financial Condition," is instead furnished under "Item 9. Regulation FD Disclosure." As provided in General Instructions B.2 and B.6 of Form 8-K, such information shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), nor shall it be deemed to be incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such a filing.

On April 30, 2003, the registrant announced its financial results for the quarter ended March 31, 2003 by issuing a press release. The full text of the press release issued in connection with the announcement is attached hereto as Exhibit No. 99.1. The press release contains and may implicate, forward-looking statements regarding the registrant and includes cautionary statements identifying important factors that could cause actual results to differ materially from those anticipated.

In the press release, the registrant's management utilized non-GAAP financial measures to describe the registrant's EBITDA, cash earnings and cash earnings per share. These non-GAAP financial measures are used by management to evaluate financial performance and resource allocation for its facilities and for the registrant as a whole. These measures are commonly used as an analytical indicator within the senior housing industry, and also serve as a measure of leverage capacity and debt service ability. The registrant has provided this information in order to enhance investors overall understanding of registrant's financial performance and prospects. In addition, because the registrant has historically provided this type of information to the investment community, the registrant believes that including this information provides consistency in its financial reporting.

These non-GAAP financial measures should not be considered as measures of financial performance under generally accepted accounting principles, and items excluded from them are significant components in understanding and assessing financial performance. These measures should not be considered in isolation or as an alternative to net income, cash flows generated by operating, investing, or financing activities, earnings per share or other financial statement data presented in the consolidated financial statements as an indicator of financial performance or liquidity. Because these measures are not measurements determined in accordance with generally accepted accounting principles and are thus susceptible to varying calculations, these measures as presented may not be comparable to other similarly titled measures of other companies.

### SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the
