AMERICAN LAND LEASE, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

A. THE COMPANY

American Land Lease, Inc. ("ALL" and, together with its subsidiaries and its predecessors, the "Company"), formerly Asset Investors Corporation ("AIC"), is a Delaware corporation incorporated on May 25, 1999. Prior to May 25, 1999, AIC was a Maryland corporation. ALL has elected to be taxed as a real estate investment trust ("REIT"). ALL is the sole general partner of Asset Investors Operating Partnership, L.P. (the "Operating Partnership") and held an approximate 87% interest in the Operating Partnership as of March 31, 2001. The Operating Partnership directly and indirectly owns and operates land lease communities. ALL's Common Stock, par value \$.01 per share ("Common Stock"), is listed on the New York Stock Exchange under the symbol "ANL."

Interests in the Operating Partnership held by limited partners other than ALL are referred to as "OP Units". The Operating Partnership's income is allocated to holders of OP Units based on the weighted average number of OP Units outstanding during the period. The Operating Partnership records the issuance of OP Units and the assets acquired in purchase transactions based on the market price of the Company's common stock at the date of the execution of the purchase contract. The holders of the OP Units receive distributions, prorated from the date of issuance, in an amount equivalent to the dividends paid to holders of common stock. After holding the OP Units for one year, the limited partners generally have the right to redeem their OP Units for cash. Notwithstanding that right, the Operating Partnership may elect to acquire some or all of the OP Units tendered for redemption in exchange for shares of common stock in lieu of cash. At March 31, 2001, the Operating Partnership had 1,045,000 OP units outstanding, excluding those owned by ALL.

B. PRESENTATION OF FINANCIAL STATEMENTS

The accompanying unaudited consolidated financial statements of the Company have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2001, are not necessarily indicative of the results that may be expected for the year ending December 31, 2001.

The balance sheet at December 31, 2000 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

For further information, refer to the statements and notes thereto included on Form 10-K for the year ended December 31, 2000. Certain 2000 financial statement amounts have been reclassified to conform to the 2001 presentation.

4

C. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The Condensed Consolidated Financial Statements include the accounts of ALL, the Operating Partnership and all majority-owned subsidiaries. The minority interest in the Operating Partnership represents OP Units. All significant intercompany balances and transactions have been eliminated in consolidation. The Company's investment in Commercial Assets, Inc. prior to its merger with American Land Lease, Inc. on August 11, 2000 was recorded under the equity method.

Rental Properties and Depreciation

Rental properties are recorded at cost less accumulated depreciation, unless considered impaired. If events or circumstances indicate that the carrying amount of a property may be impaired, the Company will make an assessment of its recoverability by estimating the future undiscounted cash flows, excluding interest charges, of the property. If the carrying amount exceeds the aggregate future cash flows, the Company would recognize an impairment loss to the extent the carrying amount exceeds the fair value of the property. As of March 31, 2001, management believes that no impairments exist based on periodic reviews. No impairment losses were recognized for the three months ended March 31, 2001 and 2000.

Depreciation is computed using the straight-line method over an estimated useful life of 25 years for land improvements and buildings and five years for furniture and other equipment. Significant renovations and improvements, which improve or extend the useful life of the asset, are capitalized and depreciated over the remaining estimated life. Maintenance, repairs and minor improvements are expensed as incurred.

Inventory

Inventories are recorded at the lesser of cost or market. At March 31, 2001, there was no reserve for inventory losses.

Edgar Filing: AMERICAN LAND LEASE INC - Form 10-Q

Revenue Recognition

The Company derives most of its income from the rental of homesites. The leases entered into by residents for the rental of the site are generally for terms not longer than one year and the rental revenues associated with the leases are recognized when earned and due from residents. Property management revenues for services provided to communities not owned by the Company are recognized when earned.

Home sales by the Company are recorded upon the closing of the sale transaction and title passing to the purchaser.

Deferred Financing Costs

Fees and costs incurred in obtaining financing are capitalized. Such costs are amortized over the terms of the related loan agreements using the effective interest method and are charged to interest expense.

5

Income Taxes

ALL has elected to be taxed as a REIT as defined under the Internal Revenue Code of 1986, as amended (the "Code"). In order for ALL to qualify as a REIT, among other requirements, specified percentages of its income and assets must consist of certain qualifying categories.

As a REIT, ALL generally will not be subject to federal income taxes at the corporate level if it distributes at least 90% of its REIT taxable income to its stockholders (or 95% prior to January 1, 2001). REITs are also subject to a number of other organizational and operational requirements. If ALL fails to qualify as a REIT in any taxable year, its taxable income will be subject to federal income tax at regular corporate rates (including any applicable alternative minimum tax). Even if ALL qualifies as a REIT, it may be subject to certain state and local income taxes and to federal income and excise taxes on its undistributed income.

At March 31, 2001, ALL's net operating loss ("NOL") carryover was approximately \$95,000,000 and its capital loss carryover was approximately \$413,000. The NOL carryover may be used to offset all or a portion of ALL's REIT income, and as a result, to reduce the amount that ALL is required to distribute to stockholders to maintain its status as a REIT. The NOL carryover is scheduled to expire between 2007 and 2009, and the capital loss carryover is scheduled to expire in 2001.

Earnings Per Share

Basic earnings per share for the three months ended March 31, 2001 and 2000 are based upon the weighted-average number of shares of Common Stock outstanding during each such period. Diluted earnings per share for the three months ended March 31, 2001 reflect the effect of dilutive, unexercised stock options of 10,392, without regard to vesting restrictions on options issued. For the three months period ended March 31, 2001 and 2000, 580,300 and 508,000 stock options were excluded from the computation of diluted earnings per share due to their antidilutive effect.

Development and Redevelopment

Edgar Filing: AMERICAN LAND LEASE INC - Form 10-Q

The Company capitalizes direct and indirect costs (including interest, taxes and other costs) in connection with the development of unoccupied sites and the redevelopment of its owned properties during the periods of construction or development. Interest of \$721,000 and \$419,000 was capitalized for the three months ended March 31, 2001 and 2000, respectively.

Treasury Stock

Prior to August 2000, the Company owned approximately 27% of Commercial Assets' common stock. In connection with the August 2000 merger of ALL and Commercial Assets, these shares of Commercial Assets were converted into 1,125,000 shares of the Company's Common Stock and have been recorded as treasury stock for accounting purposes. On October 17, 2000 the Board of Directors authorized the Company to repurchase up to 2,000,000 shares of the outstanding Common Stock. The timing of stock purchases is at the discretion of management. The Company repurchased 41,000 shares of Common Stock during the three months ended March 31, 2001 at an average price of \$11.29 per share.

6

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

D. MERGER WITH COMMERCIAL ASSETS

Effective August 11, 2000, ALL and Commercial Assets, Inc. merged. Prior to the merger, the Company owned 2,761,000 shares (approximately 27%) of the common stock of Commercial Assets. Pursuant to the amended merger agreement, Commercial Assets shareholders, with the exception of the Company, its officers and directors, and the officers and directors of Commercial Assets, were provided an election to receive either (1) \$5.75 in cash per share of Commercial Assets common stock or (2) 0.4075 shares of ALL Common Stock per share of Commercial Assets common stock.

As a result of the merger, the Company acquired the remaining shares of Commercial Assets by paying \$20,418,000 in cash for 3,551,000 Commercial Assets shares and issuing 1,664,000 shares of ALL Common Stock with a trading value of \$20,067,000 for 4,085,000 Commercial Assets shares, excluding ALL shares issued in exchange for the Commercial Assets shares previously held by the Company, which have been recorded as treasury stock. The merger with Commercial Assets was recorded using the purchase method of accounting. The aggregate purchase price was \$97,372,000 (including the Company's previous investment in Commercial Assets of \$18,875,000, assumption of liabilities and minority interest of \$34,020,000 and transaction costs of \$3,992,000).

E. REAL ESTATE

Real estate at March 31, 2001 and December 31, 2000, was (in thousands):

March 31,
2001

Edgar Filing: AMERICAN LAND LEASE INC - Form 10-Q

Land	\$ 37,854
Land improvements and buildings	160,383
Furniture and other equipment	370

Less accumulated depreciation	(12,200)

Real estate, net	\$186,407
	=====

Land improvements and buildings consist primarily of infrastructure, roads, landscaping, clubhouses, maintenance buildings and common amenities.

7

During the three month period ended March 31, 2001, the Company sold three properties containing 604 operational homesites to unaffiliated third parties. Cash proceeds of approximately \$14.5 million were used to repay all of the Company's short term indebtedness and a portion of the Company's outstanding indebtedness. The Company recognized a gain of approximately \$4.0 million on the disposition of these properties, each of which was sold at a gain.

During the three month period ended March 31, 2000, the Company sold one property containing 138 operational homesites to an unaffiliated third party. Cash proceeds from the sales of approximately \$2.5 million were used to repay a portion of the Company's outstanding indebtedness. The Company recognized a gain of approximately \$0.1 million on the disposition of this property.

F. HOME SALES BUSINESS

Effective January 1, 2000, the Company acquired assets of Brandywine Home Sales Corporation, which previously conducted home sales activities at our properties. The Company now engages in this business through our home sales subsidiary in order to accelerate the rate of absorption at our development properties through the origination of new ground leases. Through the date of our merger with Commercial Assets, the Company owned approximately 62% of the home sales business in the form of nonvoting stock of the subsidiary, with the balance of the subsidiary's non-voting stock owned by Commercial Assets. Two of our directors owned, directly or indirectly, all of the voting stock of the subsidiary, comprising 5% of its equity.

The Company views the home sales activities as a way to convert land held for development to leased land with long term cash flows. The Company evaluates the home sales activity on the same return on investment basis that it uses for acquiring stabilized properties. The leases originated during the three months ended March 31, 2001 by the home sales subsidiary are estimated to result in a first year return on investment of 12.8%, as shown below based upon pro forma information:

Sites Leased	38
Estimated first year annualized profit on leases originated	\$110,000
Development costs of sites leased	\$662,000
Loss from home sales business	\$202,000
Total costs incurred to originate leases	\$864,000
Estimated first year annualized return on investment	12.8%

	=====	=====

H. SECURED SHORT-TERM FINANCING

In April 2000, the Company entered into a \$15,000,000 revolving line of credit with a bank. The line of credit bears interest at the bank's prime rate (8.5% at March 31, 2001) and matures in May 2001. The line of credit is secured by three manufactured home communities and one recreational vehicle park which have a combined net book value of \$17,070,000 at March 31, 2001. At March 31, 2001, no amounts are outstanding and available borrowing capacity under the revolving line of credit was \$15,000,000.

During 2000, the Company had a \$2,120,000 promissory note payable to Community Management Investors Corporation ("CMIC") that was scheduled to mature in January 2001 and bore interest at 8.5%. The Company purchased CMIC's 50% interest in two property management companies as of January 1, 2000 in exchange for the note payable. This resulted in the Company owning 100% of the property management companies. The Company's President owns 35% of CMIC, and the Company's Vice President of Development owns 20% of CMIC. In August 2000, the Company repaid the note.

I. COMMITMENTS AND CONTINGENCIES

The Company is party to various legal actions resulting from its operating activities. These actions are routine litigation and administrative proceedings arising in the ordinary course of business, some of which are covered by liability insurance, and none of which is expected to have a material adverse effect on the consolidated financial condition or results of operations of the Company and its subsidiaries taken as a whole.

As a result of the Company's merger with Commercial Assets in August 2000,

Edgar Filing: AMERICAN LAND LEASE INC - Form 10-Q

the Company became subject to an earn-out agreement relating to a manufactured home community with respect initially to 170 unoccupied homesites. The Company pays an additional \$17,000 pursuant to the earn-out agreement for each newly occupied homesite. During the three months ended March 31, 2001, the Company advanced \$69,000 for newly unoccupied homesites subject to the earn-out. At March 31, 2001, there were 149 unoccupied homesites subject to the earn-out.

In connection with the acquisition of a manufactured home community, the Company entered into an earn-out agreement with respect initially to 142 unoccupied homesites. The Company pays an additional \$17,000 pursuant to the earn-out agreement for each newly occupied homesite either in the form of cash or 946 OP Units, as determined by the seller. During each of the three months ended March 31, 2001 and 2000, the Company advanced \$65,500 and \$83,000 in cash for newly occupied homesites. At March 31, 2001, there were 100 unoccupied homesites subject to the earn-out.

As a result of the Company's merger with Commercial Assets in August 2000, the Company became subject to an earn-out agreement on a mini storage facility with 391 units whereby it will pay the former owner an amount equal to the increase in the property's net operating income divided by 9.5% up to a maximum of \$2,160,000. At March 31, 2001, \$1,885,000 remained unpaid under the earn-out agreement.

As a result of the Company's merger with Commercial Assets in August 2000, the Company became subject to an agreement to invest up to an additional \$680,000 in a real estate joint venture beginning November 2000. No amount has been paid from inception of the agreement through March 31, 2001.

J. COMMON STOCK AND DIVIDENDS

The Company has adopted a key employee stock purchase assistance plan whereby the Company may extend credit to officers and key executives to purchase the Company's Common Stock through the exercise of options. These loans are secured by the shares issued and are repaid pursuant to partial recourse promissory notes. The notes bear interest at 7.5% payable quarterly and the loans mature at various times in 2009 and 2010. These loans are included as a separate component of stockholders' equity under the caption Notes Receivable on Common Stock Purchases. During 2001, an executive officer of the Company exercised options to purchase 40,000 shares of common stock by issuing a note payable to the Company of \$395,000. The options were simultaneously issued and exercised at the market price on the date of issuance.

The amount receivable for these notes was \$1,352,000 and \$964,000 at December 31, 2001 and March 31, 2000, respectively. At March 31, 2001, \$342,000 of the balance due was recourse to the respective executive officer and \$1,030,000 was non-recourse.

On February 15, 2001, the Company made an award of 30,000 restricted stock shares to key executives under the 1998 Stock Option Plan. The stock vests in equal installments at various dates from 2005 through 2006. The fair value of the stock of \$343,500 has been recorded as deferred compensation and is reflected as a reduction of equity. Compensation expense is recognized ratably over the vesting period. For the three months ended March 31, 2001, the Company recognized compensation expense of \$9,300 related to this award.

During the three month periods ended March 31, 2001 and 2000, the Company paid \$0.25 per share dividends on common stock and OP Units totaling \$1,820,000 and

Edgar Filing: AMERICAN LAND LEASE INC - Form 10-Q

\$1,669,000, respectively.

K. TRANSACTIONS WITH RELATED PARTIES

Commercial Assets Management Agreement

The Commercial Assets Management Agreement was terminated on August 1, 2000 as a result of the Company's acquisition of Commercial Assets. The Company earned management fees under the Commercial Assets Management Agreement during the three months ended March 31, 2000 totaling \$141,000. As of August 11, 2000, (the date of the Company's acquisition of Commercial Assets) the net book value of the Commercial Assets Management Agreement was \$638,000, and the Company expensed this amount in August 2000.

Formation of Taxable REIT Subsidiary

During 2000, certain subsidiaries of the company and other entities engaged in activities and received fees that would not otherwise be permitted under the tax rules governing REITs during the year. In order to allow us to maintain our REIT status for federal income tax purposes, activities related to home sales, golf course, and certain utilities operations were conducted through entities in which Messrs. Considine and Rhodes, the Company's Chief Executive Officer and a director respectively, directly or indirectly, owned the outstanding voting securities of these entities equally. We owned all of the outstanding non-voting common stock of these entities.

H.R. 1180, the Work Incentives Improvement Act of 1999 (the "Act") was enacted on December 17, 1999 and contained several provisions known as the REIT Modernization Act. The Act was effective January 1, 2001.

After the effective date of the Act, the Company is permitted to own voting control of Taxable REIT Subsidiaries which provide certain services which cannot be provided directly by the Company. As a result and as of January 1, 2001, the Company has agreed to purchase from Messrs. Considine and Rhodes their entire interest, which included voting control in these entities and "preferred stock subsidiaries," for consideration including cancellation or assumption of debt totaling \$68,000 and amounts due under lease agreements.

L. RECENT ACCOUNTING DEVELOPMENTS

In June 1998, Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities ("Statement 133") was issued. In June 2000, Statement of Financial Accounting Standards No. 138, Accounting for Certain Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133 ("SFAS 138") was issued. SFAS 133 and SFAS 138 address the accounting for derivative instruments, including certain derivative instruments embedded in other contracts, and hedging activities. The Company has adopted SFAS 133 and SFAS 138 in the first quarter of 2001, which did not have a material effect on its financial position or results of operations.

In September 2000, Statement of Financial Accounting Standards No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities ("SFAS 140") was issued. SFAS 140 provides accounting and reporting standards for transfers and servicing of financial assets and extinguishments of liabilities. SFAS is effective for recognition and reclassification of collateral and for disclosures relating to securitization transactions and collateral for fiscal years ending after December 15, 2000 and

Edgar Filing: AMERICAN LAND LEASE INC - Form 10-Q

is effective for transfers and servicing of financial assets and extinguishments of liabilities occurring after March 31, 2001. The Company anticipates that the adoption of SFAS 140 will not have a material effect on its financial position or results of operations.

M. SUBSEQUENT EVENTS

Dividend Declared

On May 1, 2001, the Board of Directors declared a quarterly cash dividend of \$0.25 per common share for the quarter ended March 31, 2001, payable on May 22, 2001, to stockholders of record on May 10, 2001.

Inventory Wholesale Credit Facility

In April 2001, the Company entered into a \$7,000,000 floor plan credit facility with a lender expiring April 2003. Advances are made under the facility for 100% of new inventory purchases and bear interest at the prime rate with spreads ranging from 0% to 2.5% based upon the manufacturer and age of the inventory. Advances under the facility require principal repayments of 3% after one year and payment in full within 1 1/2 years.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

INTRODUCTION

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements in certain circumstances. Certain information included in this report and our other filings with the Securities and Exchange Commission under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended, as well as information communicated orally or in writing between the dates of these SEC filings, constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements may include projections relating to our cash flow, dividends, anticipated returns on real estate investments and opportunities to acquire additional communities. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Such factors include: general economic and business conditions; interest rate changes; financing and refinancing risks; risks inherent in owning real estate or debt secured by real estate; future development rate of homesites; competition; the availability of real estate assets at prices which meet our investment criteria; our ability to reduce expense levels, implement rent increases, use leverage and other risks set forth in our SEC filings.

The components of our portfolio are as follows:

In this report, the words "the Company," "we," "ALL" and "us" refer to American Land Lease, Inc., a Delaware corporation, our predecessor, Asset Investors Corporation and, where appropriate, our subsidiaries.

OPERATING STRATEGY

We measure our economic profitability based on Funds From Operations or "FFO", less an annual capital replacement reserve of at least \$50 per developed homesite. This reserve is management's estimate based on its experience in owning, operating and managing manufactured home communities. We believe that the presentation of FFO, when considered with the financial data determined in accordance with generally accepted accounting principles, provides a useful measure of our performance.

FFO is defined by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT") as net income (loss), computed in accordance with generally accepted accounting principles, excluding gains and losses from debt restructuring and sales of property, plus real estate related depreciation and amortization (excluding amortization of financing costs), and after adjustments for unconsolidated partnerships and joint ventures. We calculate FFO based upon the NAREIT definition, as further adjusted for minority interest in the Operating Partnership and non-cash charges that do not reflect a diminution in economic value. There can be no assurance that our basis for computing FFO is comparable with that of other real estate investment trusts.

13

For the three months ended March 31, 2001 and 2000, our FFO was (in thousands):

	Three Months Ended March 31,

MERGER WITH COMMERCIAL ASSETS

Effective August 11, 2000, ALL and Commercial Assets merged. Prior to the merger, the Company owned 2,761,000 shares of Commercial Assets representing approximately 27% of Commercial Assets' issued and outstanding shares. Pursuant to the amended merger agreement, Commercial Assets stockholders, with the exception of the Company and its officers and directors and the officers and directors of Commercial Assets, were provided an election to receive either (1) \$5.75 in cash per share of Commercial Assets common stock or (2) 0.4075 shares of our Common Stock per share of Commercial Assets common stock.

As a result of the merger, we effectively acquired the remaining shares of Commercial Assets by paying \$20,418,000 in cash for 3,551,000 Commercial Assets shares and issuing 1,664,000 shares of our Common Stock with a trading value of \$20,067,000 for 4,085,000 Commercial Assets shares excluding ALL shares issued in exchange for the Commercial Assets shares previously held by the Company, which have been recorded as treasury stock. The merger with Commercial Assets was recorded using the purchase method of accounting. The aggregate purchase price was \$97,372,000 (including the Company's previous investment in Commercial Assets of \$18,875,000, assumed liabilities and minority interest of \$34,020,000 and transaction costs of 3,992,000).

14

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED MARCH 31, 2001

COMPARISON OF THREE MONTHS ENDED MARCH 31, 2001 TO THREE MONTHS ENDED MARCH 31, 2000

Rental Property Operations

Rental and other property revenues from our owned properties totaled \$6,107,000 for the three months ended March 31, 2001 compared to \$4,632,000 for the three months ended March 31, 2000, an increase of \$1,475,000 or 32%. The increase was primarily a result of rental increases at our communities, continued absorption at our development properties, and properties acquired in the merger with Commercial Assets, offset by the sale of properties in 2001.

Property operating expenses from our owned properties totaled \$2,415,000 for the three months ended March 31, 2001 compared to \$1,709,000 for the same period in 2000, an increase of \$706,000 or 41%. The increase was primarily a result of properties acquired in the merger with Commercial Assets, offset by the sale of

Edgar Filing: AMERICAN LAND LEASE INC - Form 10-Q

properties in 2001.

Income from participating mortgages and leases was \$600,000 for the three months ended March 31, 2000. During the first quarter of 2000, we purchased manufactured home communities which secured the participating mortgages. A portion of the purchase price was paid by cancellation of participating mortgages. Income from participating mortgages and leases is not expected in 2001 as we no longer hold any investments in participating mortgages or leases.

Depreciation expense was \$1,609,000 during the three months ended March 31, 2001 compared to \$1,089,000 during the same period in 2000. The increase was due to acquisitions of manufactured home communities during 2000, continued investment in our developing properties, and our acquisitions as a result of our merger with Commercial Assets.

Commercial Assets Transactions

Fee revenue from managing Commercial Assets was \$141,000 for the three months ended March 31, 2000. As a result of our acquisition of Commercial Assets in August 2000, we no longer receive these fees.

Amortization of management contracts was \$516,000 for the three months ended March 31, 2000. The decrease is due to the expensing of our contract to manage Commercial Assets in connection with our acquisition of Commercial Assets in August 2000. As a result of our acquisition of Commercial Assets in August 2000, this item of expense no longer occurs.

As a result of our merger with Commercial Assets in August 2000, income from our approximate 27% interest in Commercial Assets was \$0 for the three months ended March 31, 2001 compared to \$208,000 for the same period in 2000. As a result of our acquisition of Commercial Assets in August 2000, this item of income no longer occurs.

15

General and Administrative Expenses

Our general and administrative expenses totaled \$464,000 for the three months ended March 31, 2001 compared to \$437,000 for the same period of 2000. The increase in expense is primarily due to our merger with Commercial Assets, and relocating corporate offices to Florida from Chadds Ford, Pennsylvania, offset by merger savings including the elimination of certain duplicative costs.

Interest and Other Income

During the three months ended March 31, 2001 and 2000, interest and other income were \$359,000 and \$81,000 respectively. The increase in income is related to certain earning assets acquired from Commercial Assets in August 2000, including an interest in CMBS bonds.

Interest Expense

During the three months ended March 31, 2001 and 2000, interest expense was \$975,000 and \$894,000, respectively. The increase in interest expense is due to additional debt assumed with the merger with Commercial Assets in August 2000.

Gain on sale of assets

During the three months ended March 31, 2001, the Company sold three properties. All three properties were sold to the community residents and were sold in support of the Company's program of property evaluation and continuous upgrade

Edgar Filing: AMERICAN LAND LEASE INC - Form 10-Q

of the property portfolio. Proceeds generated from these sales have been used to repurchase the Company's Common Stock and retire short-term debt. A summary of the transactions is as follows:

Net sales proceeds	\$14,546,000
Initial costs	11,630,000
Proceeds in excess of original costs	2,916,000
Gain after capital replacement expenditures	2,639,000
GAAP Gain on Sale	3,977,000

LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2001, we had cash and cash equivalents of \$6,834,000. Our principal activities that demand liquidity include our normal operating activities, payments of principal and interest on outstanding debt, acquisitions of or additional investments in properties, payments of dividends to stockholders and distributions made to Operating Partnership unit holders.

Our net cash provided by operating activities was \$717,000 and \$854,000 for the quarters ended March 31, 2001 and 2000, respectively. The decrease of \$137,000 was primarily a result of an increase of \$1.1 million in cash used for operating assets and liabilities as compared to the same period in 2000 offset by a \$1.0 million increase in earnings before depreciation, amortization, minority interest, equity in Commercial Assets' earnings, income from participating mortgages and gain on sale of real estate. The increased operating results are driven by the larger portfolio as a result of the Commercial Assets merger, and improved home sales results.

16

During the three months ended March 31, 2001 the net cash provided by investing activities was \$13.5 million compared with \$0.8 million for the same period in 2000. The increase in net cash provided is primarily due to proceeds from the sale of real estate in the 2000 period of \$12 million, expenditures for purchases of real estate in 2000 totaling \$0.8 million that did not recur in the 2001 period, collections totaling \$1.3 million in the 2001 period on assets acquired in our merger with Commercial Assets, offset by dividends received on Commercial Assets stock in the 2000 period totaling \$0.4 million and higher expenditures in the 2001 period for capital replacements and improvements totaling \$1.1 million as a result of the larger portfolio and continued development of unleased sites.

During the three months ended March 31, 2001, net cash used in financing activities was \$8.6 million compared with uses of \$1.4 million for the same period in 2000. The increase in uses is primarily because of higher principal payments on long-term debt totaling \$9.6 million as a result of property sales and higher debt outstanding as a result of the Commercial Assets merger, higher payments of short-term debt totaling \$8.5 million, the acquisition of treasury stock in the current period totaling \$0.4 million, an increase in dividends paid over the prior period of \$0.4 million because of stock issued in August 2000 in conjunction with our merger with Commercial Assets, and the payment of loan costs in the 2001 period totaling \$0.3 million offset by incremental proceeds from financings totaling \$11.4 million as compared to the prior period and the collection in 2001 period of funds from escrow accounts totaling \$0.6 million. During the three months ended March 31, 2001, principal payments of \$441,000 related to scheduled amortization and \$9,630,000 in payment of outstanding balances from loans secured by property sold.

We have a line of credit with a bank providing total borrowing capacity of

Edgar Filing: AMERICAN LAND LEASE INC - Form 10-Q

\$15,000,000 due in May 2001. This line of credit bears interest at the bank's reference rate (8.5% at March 31, 2001) and is secured by three manufactured home communities and one recreational vehicle park which have a combined net book value of \$19,911,000 at March 31, 2001. At March 31, 2001 no amount was outstanding.

In August 2000, we entered into a \$14,300,000 term loan that bears interest at "Libor Rate" plus 2.5% (7.2% At March 31, 2001) and scheduled to mature in August 2002. The term loan was secured by three manufactured home communities. This loan was repaid with proceeds from the sale of the property securing the loan.

In April 2001, we entered into a \$7,000,000 floor plan credit facility with a lender expiring April 2003. Advances are made under the facility for 100% of new inventory purchases and bear interest linked to the prime rate with spreads ranging from 0% to 2.5% based upon the manufacturer and age of the inventory. Advances under the facility require principal repayments of 3% after one year and payment in full of an advance after 1 1/2 years.

We expect to meet our long-term liquidity requirements through long-term, secured borrowings, the issuance of OP Units and other equity securities and cash generated by operations.

17

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our principal exposure to market risk is through our various debt instruments and borrowings and through changes in interest rates. The following is a list of these debt instruments and borrowing arrangements.

We have \$76 million of fixed rate, fully amortizing, non-recourse, secured long-term notes payable. We do not have significant exposure to changing interest rates on these notes as the rates are fixed and the notes are fully amortizing.

We have a \$3.9 million, recourse note issued at a discount of 7.0% and due in 2002. We have refunding and repricing risks with respect to this note.

We have \$11.6 million of fixed rate, partially amortizing, non-recourse, secured long-term notes payable.

We do not have significant exposure to changes in interest rates while the interest rates are fixed, but we do have repricing and refunding risks as to the unpaid balances due at the maturity of these notes.
