the month of July 2003 increased by 9.1 percent from the comparable period last year.

Due to the current situation following the events of September 11, 2001, in the U.S. and the start of the armed conflict in the Middle East, ASUR's management is doing an extraordinary effort to publish passenger traffic figures for the company's airports on a monthly basis to keep investors well informed. Once the situation has normalized, ASUR management expects to return to normal quarterly reporting procedures.

All figures in this announcement reflect comparisons between the 28-day period from July 2 through July 29, 2003, and the equivalent 28-day period last year from July 3 through July 30, 2002. Transit and general aviation passengers are excluded.
