INDEPENDENT AUDITORS' REPORT

Plan Administration Committee
MacDermid, Incorporated Profit Sharing and
Employee Stock Ownership Plan:

We have audited the accompanying statements of net assets available for plan benefits of MacDermid, Incorporated Profit Sharing and Employee Stock Ownership Plan as of December 31 and March 31, 2001 and the related statements of changes in net assets available for plan benefits for the nine months ended December 31, 2001 and year ended March 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of MacDermid, Incorporated Profit Sharing and Employee Stock Ownership Plan as of December 31 and March 31, 2001 and the changes in net assets available for plan benefits for the nine months ended December 31, 2001 and year ended March 31, 2001 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of period is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MACDERMID, INCORPORATED PROFIT SHARING
AND EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31 and March 31, 2001

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF PRESENTATION

The accompanying financial statements have been prepared on an accrual basis. Current values of investments are determined using quoted market prices and current yields. Purchases and sales of securities are recorded on a trade-date basis. The cost of investments sold is determined on an average cost basis.

(b) TRUST FUND

Prudential Investments was the Trustee of the Plan through December 31, 2000. Effective January 1, 2001, First Union National Bank is the Trustee of the Plan. The assets of the Plan were transferred in January 2001. Under the terms of a trust agreement between the Trustee and the MacDermid, Incorporated Profit Sharing

Edgar Filing: MACDERMID INC - Form 11-K

and Employee Stock Ownership Plan (the Plan), the Trustee manages a trust fund on behalf of the Plan. The Plan Trustee has discretionary authority concerning purchases and sales of investments in the trust fund. The investments and changes therein of this trust fund have been reported to the Plan by the Trustee as having been determined through the use of current values for all assets and liabilities.

(c) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) PAYMENT OF BENEFITS

Benefits are recorded when paid.

(e) GENERAL

Effective December 31, 2001, the Plan year changed from a March 31 fiscal year end to a December 31 calendar year end.

(2) PLAN PROVISIONS

The Plan, as amended and restated, is a defined contribution plan sponsored by MacDermid, Incorporated (the Company).

All domestic employees of the Company are eligible to participate in the Plan. This includes employees of MacDermid Incorporated and its continental United States subsidiaries, except MacDermid Equipment, Inc. and Dynacircuits LLC.

MACDERMID, INCORPORATED PROFIT SHARING
AND EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements

December 31 and March 31, 2001

Effective March 31, 2002, the Company announced the termination of the MacDermid Equipment, Inc. 401K Plan (ME4). In connection with the anticipated termination of the ME4 Plan, the assets will be distributed to participants (or to their beneficiaries). Distributions may be made, in whole or in part, in the form of eligible rollover distributions to the MacDermid, Incorporated Profit Sharing and Employee Stock Ownership Plan or an IRA. The forfeitable portion of eligible, active participants' account balances will be fully vested on the date the ME4 Plan is terminated.

Effective January 1, 1999, the ESOP provision of the Plan was changed to allow participants to contribute to the Plan using pre-tax dollars to

Edgar Filing: MACDERMID INC - Form 11-K

purchase company stock. This provision is referred to as a KSOP.

Under the terms of the Plan, employees are eligible to contribute under the KSOP, 401(k) and after-tax options on the first of the month following their date of hire. Participating employees may elect to have up to 8% of pre-tax wages contributed to the Plan under the 401(k) option, and up to 7% of pre-tax wages under the KSOP provision. Participating employees may elect to have up to 3% deducted from their after-tax wages and invested in the same investment options as the 401(k) arrangement. The Company will match 50% of the employee's KSOP contribution, up to a maximum of 3.5% of the employee's compensation. Employees may elect to make pre-tax contributions up to the IRS limit of \$10,500 in 2001 and 2000 to the same investment options as the 401(k) arrangement.

The Company may make profit-sharing contributions to the Plan. This is a discretionary contribution determined by the Board of Directors. In order to be eligible for the profit-sharing contributions, employees must be at least 18 years of age and have completed five months of service. Employees will be eligible for profit-sharing as of the March 1st subsequent to their completion of the above requirements. Profit sharing contributions were \$0 for the nine months ended December 31, 2001 and the year ended March 31, 2001.

Employees vest immediately in their contributions. Full vesting with respect to the Company's contributions requires five years of credited service, except that full vesting will apply when an employee attains age 55, dies or becomes totally disabled. Any forfeited amounts related to the maximum additional 3.5% of compensation allocated to the MacDermid Company Stock Fund are used to reduce the cash contribution required by the Company in the following year. Forfeitures available to reduce future employer contributions amounted to \$193,808 and \$153,007 at December 31 and March 31, 2001, respectively.

The 1,000-hour rule for credited service was waived for the plan period ending December 31, 2001. For the plan period April 1, 2001 to December 31, 2001, all participants employed by MacDermid on December 31, 2001 would receive one credited year of service towards vesting.

Distribution of participants' accounts upon separation shall be paid in (a) a lump sum, or (b) equal installments over a period not to exceed 15 years. If the non-forfeitable balance does not, and did not at the time of any prior distribution, exceed \$5,000, the participant's account shall be distributed in a lump-sum.

The Company expects to continue the Plan indefinitely, but necessarily reserves the right to amend, modify or terminate the Plan at any time. If it is necessary to discontinue the Plan, the assets in the Trust Fund will be used to provide benefits in accordance with the provisions of the Plan document.

Edgar Filing: MACDERMID INC - Form 11-K

December 31 and March 31, 2001

(3) FEDERAL INCOME TAXES

The Plan has received a tax determination letter from the Internal Revenue Service (IRS) dated July 13, 1995 indicating that the Plan qualifies under the provisions of Section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal income taxes. The Plan has been amended since receiving the determination letter, however, the Company believes the Plan is designed and is currently being operated in compliance with the applicable sections of the IRC.

Plan participants are taxed on plan benefits at the time of distribution to the extent such distribution exceeds a participant's post-tax contribution to the Plan. Effective January 1, 1993, the Plan withholds the mandatory 20% federal tax from all taxable distributions, which are not direct rollovers. The tax consequences to the participant will depend on the type of distribution (lump sum, annuity or installments).

(4) INVESTMENT PROGRAMS

Plan participants may elect among 17 separate investment funds in which to have their contributions and a portion of the Company's contributions invested. The 17 investment funds as of December 31, 2001 are as follows:

(8) SUBSEQUENT EVENTS

As of January 1, 2002, the deferral amount that participants could contribute to the Plan was increased from 8% to 10%.

As required by EGTRRA, the Plan adopted new vesting requirements. All matching contributions made on or after January 1, 2002 will vest pursuant to a 3-year cliff. All matching contributions prior to January 1, 2002 will remain on a 5-year cliff.

(9) RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Prudential prior to January 1, 2001 and subsequently by First Union from January 1, 2001 forward.
