DIANA SHIPPING INC. ANNOUNCES DELIVERY OF TWO NEWBUILDING NEWCASTLEMAX DRY BULK VESSELS
AND
DRAWDOWN OF US\$57.24 MILLION TERM LOAN FACILITY WITH THE EXPORT-IMPORT BANK OF CHINA

ATHENS, GREECE, January 4, 2017 – Diana Shipping Inc. (NYSE: DSX), (the "Company"), a global shipping company specializing in the ownership of dry bulk vessels, today announced that, through two separate wholly-owned subsidiaries, it has taken delivery of the m/v San Francisco (formerly Hull No. H2548) and the m/v Newport News (formerly Hull No. H2549), two newbuilding Newcastlemax dry bulk vessels of approximately 208,500 dwt that were contracted in May 2013.

The m/v San Francisco is time chartered to Koch Shipping Pte. Ltd., Singapore, at a gross charter rate of US\$11,750 per day, minus a 5% commission paid to third parties, for a period of minimum twelve (12) months to about sixteen (16) months. The charter is expected to commence on January 6, 2017. This employment is anticipated to generate approximately US\$4.23 million of gross revenue for the minimum scheduled period of the time charter.

The m/v Newport News is time chartered to SwissMarine Services S.A., Geneva, for a period of minimum twenty-two (22) months to maximum twenty-six (26) months. The daily gross charter rate will be 24% above the BCI_2014 average of the five pre-determined time charter routes as published by the Baltic Exchange, minus a 5% commission paid to third parties. The initial charter payment will be made on delivery of the vessel to the charterers based on the average of the five pre-determined time charter routes for the 15 days preceding the vessel's delivery date. At the end of the time charter period, there will be a final settlement to reflect the average daily rate of the five pre-determined time charter routes for the actual duration of the charter. The charter is expected to commence on January 9, 2017.

Additionally, the Company announced that, through the two separate wholly-owned subsidiaries, it has completed a drawdown of US\$57.24 million from its previously announced term loan facility with The Export-Import Bank of China. The purpose of this drawdown is to partially finance the acquisition cost of the m/v San Francisco and the m/v Newport News.

Including the "San Francisco" and the "Newport News", Diana Shipping Inc.'s fleet currently consists of 48 dry bulk vessels (4 Newcastlemax, 14 Capesize, 3 Post-Panamax, 4 Kamsarmax and 23 Panamax). As of today, the combined carrying capacity of the Company's fleet is approximately 5.7 million dwt with a weighted average age of 7.6 years. A table describing the current Diana Shipping Inc. fleet can be found on the Company's website,

Cautionary Statement Regarding Forward-Looking Statements

Matters discussed in this press release may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

The Company desires to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and is including this cautionary statement in connection with this safe harbor legislation. The words "believe," "anticipate," "intends," "estimate," "forecast," "project," "plan," "potential," "may," "should," "expect," "pending" and similar expressions identify forward-looking statements.

The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, our management's examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs or projections.

In addition to these important factors, other important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including fluctuations in charter rates and vessel values, changes in demand for dry bulk shipping capacity, changes in our operating expenses, including bunker prices, drydocking and insurance costs, the market for our vessels, availability of financing and refinancing, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, vessel breakdowns and instances of off-hires and other factors. Please see our filings with the Securities and Exchange Commission for a more complete discussion of these and other risks and uncertainties.
