LETTER TO SHAREHOLDERS

December 2004

Dennis H. Ferro

President and Chief
Executive Officer

Dear Shareholder,

We are pleased to provide the annual report for the Evergreen Managed Income Fund, which covers the twelve-month period ended October 31, 2004.

As we entered the investment period, the portfolio team for the Managed Income Fund had to navigate between a variety of crosswinds: volatile interest rates, surging economic growth, solid corporate profits, and a Federal Reserve that had yet to tackle concerns about future inflation. In addition, the uncertain geopolitical environment

had added to market volatility, a condition that we expected to continue. Indeed, it was for times just like these that the Managed Income Fund was created. By placing an allocated approach to income through mortgage-backed securities, high yield and international bonds, it was our vision that income would provide our clients with the portfolio balance necessary during uncertain times.

The period began on the heels of a powerful reversal in the bond market. After publicly sharing their fears about the prospects for deflation, monetary policy officials, led by Federal Reserve Chairman Alan Greenspan, were forecasting the potential for economic growth in excess of 4% during 2004. As a result, the bond market quickly switched its worries from deflation to inflation, and the yield on the 10-year Treasury had surged 150 basis points in just a matter of weeks. Having learned a painful lesson, it appeared central bankers would be less clandestine in future policy directives. Terms such as "patient" and "measured" were being used more frequently in policy missives, and we determined the Federal Reserve would not be as aggressive as the bond market initially feared. This forecast would play a major role for our investment process in the Managed Income Fund.

LETTER TO SHAREHOLDERS continued

For the mortgage aspect of the fund, our managers positioned the portfolio for gradually higher interest rates in the year ahead. As a result, the duration of the mortgage sleeve was shortened, and some fixed rate securities were swapped for floating rate issues. As the Federal Reserve became increasingly clear about its intentions to raise rates by the middle of 2004, the overall market, in our opinion, had become too bearish on long rates. Anticipating a rally, our mortgage portfolio managers then adapted to a "barbell strategy," balancing the earlier short duration approach with increased exposure to longer maturity securities. As the Federal Reserve proved to be less aggressive than the market initially feared, this change in focus benefited the overall portfolio.

Our portfolio managers for the high yield portion of the fund had also been positioning the fund for less stimulation, rather than more restriction, in monetary policy. With economic growth still strong, and balance sheets healthy, default rates were down. As such, we decided to maintain an overweight position in lower quality issues, whose yields continued to attract investor interest throughout the investment period. Economically sensitive and commodity driven industries were our primary focus, as the weaker dollar and low yields domestically increased the attraction of these areas.

The weaker dollar over the past year also played into the strategy of our international fixed income team. Higher interest rates abroad and currency translation proved to be a positive combination for the fund. In addition, performance was supported by positions in some of the smaller global markets, such as Australia, New Zealand, Norway, Sweden, Hungary and Poland, where we believed the investment backdrop for bond investment was more favorable than the larger markets. Our international bond managers also over-weighted the corporate sector, in order to take advantage of the improving global economy over the past year.

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION

Evergreen Managed Income Fund (the "Fund") was organized as a statutory trust under the laws of the state of Delaware on April 10, 2003 and is registered as a diversified closed-end management investment company under the Investment Company Act of 1940, as amended. The Fund's investment objective is to seek a high level of current income consistent with limiting its overall exposure to domestic interest rate risk.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with generally accepted accounting principles in the United States of America, which require management to make estimates and assumptions that affect amounts reported herein. Actual results could differ from these estimates.

a. Valuation of investments

Portfolio debt securities acquired with more than 60 days to maturity are valued at prices obtained from an independent pricing service which takes into consideration such factors as similar security prices, yields, maturities, liquidity and ratings. Securities for which valuations are not available from an independent pricing service may be valued by brokers which use prices provided by market makers or estimates of market value obtained from yield data relating to investments or securities with similar characteristics.

Short-term securities with remaining maturities of 60 days or less at the time of purchase are valued at amortized cost, which approximates market value.

Investments in other mutual funds are valued at net asset value. Securities for which market quotations are not available or not reflective of current market value are valued at fair value as determined in good faith, according to procedures approved by the Board of Trustees.

b. Repurchase agreements

Securities pledged as collateral for repurchase agreements are held by the custodian bank or in a segregated account in the Fund's name until the agreements mature. Each agreement requires that the market value of the collateral be sufficient to cover payments of interest and principal. However, in the event of default or bankruptcy by the other party to the agreement, retention of the collateral may be subject to legal proceedings. The Fund will only enter into repurchase agreements with banks and other financial institutions, which are deemed by the investment advisor to be creditworthy pursuant to guidelines established by the Board of Trustees.

c. Foreign currency translation

All assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of portfolio securities and income items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions. The Fund does not separately account for that portion of the results of operations resulting from changes in foreign exchange rates on investments and the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gains or losses on securities.

d. Forward foreign currency contracts

A forward foreign currency contract is an agreement between two parties to purchase or sell a specific currency for an agreed-upon price at a future date. The Fund enters into forward foreign currency contracts to facilitate transactions in foreign-denominated securities and to attempt to minimize the risk to the Fund from adverse changes in the relationship between currencies. Forward foreign currency contracts are recorded at the forward rate and marked-to-market daily. When the contracts are closed, realized gains and losses arising from such transactions are recorded as realized gains or losses on foreign currency related transactions. The Fund could be exposed to risks if the counterparties to the contracts are unable to meet the terms of their contracts or if the value of the foreign currency changes unfavorably.

e. When-issued and delayed delivery transactions

The Fund records when-issued or delayed delivery securities as of trade date and maintains security positions such that sufficient liquid assets will be available to make payment for the securities purchased. Securities purchased on a when-issued or delayed delivery basis are marked-to-market daily and begin earning interest on the settlement date. Losses may occur on these transactions due to changes in market conditions or the failure of counterparties to perform under the contract.

f. Securities lending

The Fund may lend its securities to certain qualified brokers in order to earn additional income. The Fund receives compensation in the form of fees or interest earned on the investment of any cash collateral received.

The Fund also continues to receive interest and dividends on the securities loaned. The Fund receives collateral in the form of cash or securities with a market value at least equal to the market value of the securities on loan, including accrued interest. In the event of default or bankruptcy by the borrower, the Fund could experience delays and costs in recovering the loaned securities or in gaining access to the collateral. The Fund has the right under the lending agreement to recover the securities from the borrower on demand.

g. Dollar roll transactions

The Fund may enter into dollar roll transactions with respect to mortgage-backed securities. In a dollar roll transaction, the Fund sells mortgage-backed securities to financial institutions and simultaneously agrees to accept substantially similar (same type, coupon and maturity) securities at a later date at an agreed upon price. The Fund will use the proceeds generated from the transactions to invest in short-term investments, which may enhance the Fund's current yield and total return. The Fund accounts for dollar roll transactions as purchases and sales.

h. Interest rate swaps

The Fund may enter into interest rate swap agreements to manage the Fund's exposure to interest rates. A swap agreement is an exchange of cash payments between the Fund and another party based on a notional principal amount. Cash payments or receipts are recorded as realized gains or losses. The value of the swap agreements is marked-to-market daily based upon quotations from market makers and any change in value is recorded as an unrealized gain or loss. The Fund could be exposed to risks if the counterparty defaults on its obligation to perform or if there are unfavorable changes in the fluctuation of interest rates.

NOTES TO FINANCIAL STATEMENTS continued

i. Security transactions and investment income

Security transactions are recorded on trade date. Realized gains and losses are computed using the specific cost of the security sold. Interest income is recorded on the accrual basis and includes accretion of discounts and amortization of premiums. Foreign income and capital gains realized on some securities may be subject to foreign taxes, which are accrued as applicable.

j. Federal taxes

The Fund intends to continue to qualify as a regulated investment company and distribute all of its taxable income, including any net capital gains (which have already been offset by available capital loss carryovers). Accordingly, no provision for federal taxes is required.

k. Distributions

Distributions to common shareholders from net investment income and net realized gains, if any, are recorded on the ex-dividend date. Such distributions are determined in conformity with income tax regulations, which may differ from generally accepted accounting principles.

Reclassifications have been made to the Fund's components of net assets to reflect income and gains available for distribution (or available capital loss carryovers, as applicable) under income tax regulations. The primary permanent differences causing such reclassifications are due to net realized foreign currency gains and losses, mortgage paydown gains and losses, interest rate swap payments, consent fees on tendered bonds and premium amortization.

3. ADVISORY FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Evergreen Investment Management Company, LLC ("EIMC"), an indirect, wholly-owned subsidiary of Wachovia Corporation ("Wachovia"), is the investment advisor to the Fund and is paid an annual rate of 0.55% of the Fund's average daily net assets applicable to common shareholders. The advisory fee increases to 0.82% of the Fund's

Edgar Filing: EVERGREEN MANAGED INCOME FUND - Form N-CSR

average daily net assets applicable to common shareholders once preferred shares are issued. For the year ended October 31, 2004, the Fund had preferred shares issued and outstanding.

Evergreen International Advisors, an indirect, wholly-owned subsidiary of Wachovia, is the investment sub-advisor to the foreign debt securities portion of the Fund and is paid by EIMC for its services to the Fund.

From time to time, EIMC may voluntarily or contractually waive its fee and/or reimburse expenses in order to limit operating expenses. For fee waivers and/or reimbursements made after January 1, 2003, EIMC may recoup any amounts waived and/or reimbursed up to a period of three years following the end of the fiscal year in which the fee waivers and/or reimbursements were made.

Evergreen Investment Services, Inc. ("EIS"), an indirect, wholly-owned subsidiary of Wachovia, is the administrator to the Fund. As administrator, EIS provides the Fund with facilities, equipment and personnel and is paid an administrative fee at an annual rate of 0.05% of the Fund's average daily total assets.

4. CAPITAL SHARE TRANSACTIONS

The Fund has authorized capital of 100,000,000 common shares with no par value. For the year ended October 31, 2004 and for the period from June 25, 2003 (commencement of operations), to October 31, 2003, the Fund issued 0 and 42,055,000 common shares, respectively.

5. SECURITIES TRANSACTIONS

Cost of purchases and proceeds from sales of investment securities (excluding short-term securities) were as follows for the year ended October 31, 2004:

Cost of Purchases		Proceeds from Sales	
U.S. Government	Non-U.S. Government	U.S. Government	Non-U.S. Government
\$ 205,144,019	\$ 847,788,312	\$115,771,097	\$ 793,440,079

During the year ended October 31, 2004, the Fund loaned securities to certain brokers. At October 31, 2004, the value of securities on loan and the value of collateral amounted to \$124,046,344 and \$126,049,175, respectively. During the year ended October 31, 2004, the Fund earned \$238,371 in income from securities lending which is included in interest income on the Statement of Operations.

At October 31, 2004, the Fund had the following open interest rate swap agreements:

Expiration	Notional Amount	Counterparty	Cash Flows Paid by the Fund	Cash Flows Received by the Fund	Unrealized Gain (Loss)
11/27/2006	\$168,000,000	JPMorgan Chase & Co.	Fixed-2.79%	Floating-1.94% ¹	\$ 499,120
11/26/2008	112,000,000	JPMorgan Chase & Co.	Fixed-3.582%	Floating-1.94% ¹	(317,713)

¹ This rate represents the 1 month USD London InterBank Offered Rate (LIBOR) effective for the period of October 26, 2004 through November 26, 2004.

On October 31, 2004, the aggregate cost of securities for federal income tax purposes was \$1,310,424,659. The gross unrealized appreciation and depreciation on securities based on tax cost was \$330,931,939 and \$281,150,260, respectively, with a net unrealized appreciation of \$49,781,679.

6. DISTRIBUTIONS TO SHAREHOLDERS

As of October 31, 2004, the components of distributable earnings on a tax basis were as follows:

Undistributed Ordinary Income	Unrealized Appreciation
\$ 2,207,619	\$ 49,781,679

The differences between the components of distributable earnings on a tax basis and the amounts reflected in the Statement of Assets and Liabilities are primarily due to premium amortization. Additionally, short-term capital gains are considered ordinary income for income tax purposes.

25

The tax character of distributions paid was as follows:

	Year Ended October 31,	
	2004	2003
Ordinary Income	\$72,412,858	\$17,343,978
Long-term Capital Gain	1,279,960	0

7. AUCTION MARKET PREFERRED SHARES

The Fund has issued 16,000 Auction Market Preferred Shares ("Preferred Shares") consisting of five series, each with a liquidation value of \$25,000 plus accumulated but unpaid dividends (whether or not earned or declared). Dividends on each series of Preferred Shares are cumulative at a rate which is reset based on the result of an auction. The annualized dividend rate was 1.40% during the year ended October 31, 2004. The Fund will not declare, pay or set apart for payment any dividend to its common shareholders unless the Fund has declared and paid or contemporaneously declares and pays full cumulative dividends on each series of Preferred Shares through its most recent dividend payment date.

Each series of Preferred Shares is redeemable, in whole or in part, at the option of the Fund on any dividend payment date at \$25,000 per share plus any accumulated or unpaid dividends (whether or not earned or

declared). Each series of Preferred Shares is also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends (whether or not earned or declared) if the requirement relating to the asset coverage with respect to the outstanding Preferred Shares would be less than 200%.

The holders of Preferred Shares have voting rights equal to the holders of the Fund's common shares and will vote together with holders of common shares as a single class. Holders of Preferred Shares, voting as a separate class, are entitled to elect two of the Fund's Trustees.

8. EXPENSE REDUCTIONS

Through expense offset arrangements with the Fund's custodian, a portion of fund expenses has been reduced.

9. DEFERRED TRUSTEES' FEES

Each Trustee of the Fund may defer any or all compensation related to performance of their duties as Trustees. The Trustees' deferred balances are allocated to deferral accounts, which are included in the accrued expenses for the Fund. The investment performance of the deferral accounts are based on the investment performance of certain Evergreen funds. Any gains earned or losses incurred in the deferral accounts are reported in the Fund's Trustees' fees and expenses. At the election of the Trustees, the deferral account will be paid either in one lump sum or in quarterly installments for up to ten years.

10. CONCENTRATION OF RISK

The Fund may invest a substantial portion of its assets in an industry, sector or foreign country and, therefore, may be more affected by changes in that industry, sector or foreign country than

26

NOTES TO FINANCIAL STATEMENTS continued

would be a comparable mutual fund that is not heavily weighted in any industry, sector or foreign country.

11. LITIGATION

From time to time, EIMC is involved in various legal actions in the normal course of business. In EIMC's opinion, it is not involved in any legal actions that will have a material effect on its ability to provide services to the Fund.

12. REGULATORY MATTERS

Since September 2003, governmental and self-regulatory authorities have instituted numerous ongoing investigations of various practices in the mutual fund industry, including investigations relating to revenue sharing, market-timing, late trading and record retention, among other things. The investigations cover investment advisors, distributors and transfer agents to mutual funds, as well as other firms. EIMC, EIS and Evergreen Service Company, LLC (collectively, "Evergreen") have received subpoenas and other requests for documents and testimony relating to these investigations, are endeavoring to comply with those requests, and are cooperating with the investigations. Evergreen is continuing its own internal review of policies, practices, procedures and personnel, and is taking remedial action where appropriate.

In connection with one of these investigations, on July 28, 2004, the staff of the Securities and Exchange Commission ("SEC") informed Evergreen that the staff intends to recommend to the SEC that it institute an enforcement action against Evergreen. The SEC staff's proposed allegations relate to (i) an arrangement pursuant to which a broker at one of EIMC's affiliated broker-dealers had been authorized, apparently by an EIMC officer (no longer with EIMC), to engage in short-term trading, on behalf of a client, in Evergreen Mid Cap Growth Fund (formerly Evergreen Small Company Growth Fund and prior to that, known as Evergreen Emerging Growth Fund) during the period from December 2000 through April 2003, in excess of the limitations set forth in this fund's prospectus, (ii) short-term trading from September 2001 through January 2003, by a former Evergreen portfolio manager of Evergreen Precious Metals Fund, a fund he managed at the time, (iii) the sufficiency of systems for monitoring exchanges and enforcing exchange limitations as stated in each fund's prospectuses, and

(iv) the adequacy of e-mail retention practices. In connection with the activity in Evergreen Mid Cap Growth Fund, EIMC reimbursed this fund \$378,905, plus an additional \$25,242, representing what EIMC calculated at that time to be the client's net gain and the fees earned by EIMC and the expenses incurred by this fund on the client's account. In connection with the activity in Evergreen Precious Metals Fund, EIMC reimbursed this fund \$70,878, plus an additional \$3,075, representing what EIMC calculated at that time to be the portfolio manager's net gain and the fees earned by EIMC and expenses incurred by this fund on the portfolio manager's account. Evergreen currently intends to make a written Wells submission explaining why it believes that no such enforcement action should be instituted, and Evergreen is engaging in discussions with the staff of the SEC concerning its recommendation.

27

NOTES TO FINANCIAL STATEMENTS continued

Any resolution of these matters with regulatory authorities may include, but not be limited to, sanctions, penalties or injunctions regarding Evergreen, restitution to mutual fund shareholders and/or other financial penalties and structural changes in the governance or management of Evergreen's mutual fund business. Any penalties or restitution will be paid by Evergreen and not by the Evergreen funds.

Evergreen does not believe the foregoing investigations and action will have a material adverse impact on the Evergreen funds. There can be no assurance, however, that these matters and any publicity surrounding or resulting from them will not result in reduced sales or increased redemptions of fund shares, which could increase fund transaction costs or operating expenses, or have other adverse consequences on the Evergreen funds.

13. SUBSEQUENT DISTRIBUTIONS

On October 20, 2004, the Fund declared distributions from net investment income of \$0.13084 per share, payable on December 1, 2004 to shareholders of record on November 15, 2004. On November 22, 2004, the Fund declared distributions from net investment income of \$0.13084 per share, payable on January 3, 2004 to shareholders of record on December 15, 2004. These distributions are not reflected in the accompanying financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Trustees and Shareholders Evergreen Managed Income Fund

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of the Evergreen Managed Income Fund, as of October 31, 2004, and the related statement of operations the year then ended, and statements of changes in net assets, and the financial highlights for each of the years or periods from June 25, 2003 (commencement of operations) to October 31, 2004. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of October 31, 2004 by correspondence with the custodian. As to securities purchased or sold but not yet received or delivered, we performed other appropriate auditing procedures. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Evergreen Managed Income Fund, as of October 31, 2004, the results of its operations, its cash flows, changes in its net assets and financial highlights for the period from June 25, 2003 to October 31, 2004 for the period in conformity with accounting principles generally accepted in the United States of America.

AUTOMATIC DIVIDEND REINVESTMENT PLAN (unaudited)

All common shareholders are eligible to participate in the Automatic Dividend Reinvestment Plan ("the Plan"). Pursuant to the Plan, unless a common shareholder is ineligible or elects otherwise, all cash dividends and capital gains distributions are automatically reinvested by EquiServe Trust Company, N.A., as agent for shareholders in administering the Plan ("Plan Agent"), in additional common shares of the Fund. Whenever the Fund declares an ordinary income dividend or a capital gain dividend (collectively referred to as "dividends") payable either in shares or in cash, non-participants in the Plan will receive cash, and participants in the Plan will receive the equivalent in shares of common shares. The shares are acquired by the Plan Agent for the participant's account, depending upon the circumstances described below, either (i) through receipt of additional unissued but authorized common shares from the Fund ("newly issued common shares") or (ii) by purchase of outstanding common shares on the open market (open-market purchases) on the American Stock Exchange or elsewhere. If, on the payment date for any dividend or distribution, the net asset value per share of the common shares is equal to or less than the market price per common share plus estimated brokerage commissions ("market premium"), the Plan Agent will invest the amount of such dividend or distribution in newly issued shares on behalf of the participant. The number of newly issued common shares to be credited to the participant's account will be determined by dividing the dollar amount of the dividend by the net asset value per share on the date the shares are issued, provided that the maximum discount from the then current market price per share on the date of issuance may not exceed 5%. If on the dividend payment date the net asset value per share is greater than the market value or market premium ("market discount"), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participant in open-market purchases. There will be no brokerage charges with respect to shares issued directly by the Fund as a result of dividends or capital gains distributions payable either in shares or in cash. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open-market purchases in connection with the reinvestment of dividends. The automatic reinvestment of dividends and distributions will not relieve participants of any federal, state or local income tax that may be payable (or required to be withheld) on such dividends. All correspondence concerning the Plan should be directed to the Plan Agent at P.O. Box 43010, Providence, Rhode Island 02940-3010.

Audit and Non-Audit Services Pre-Approval Policy

I. Statement of Principles

Under the Sarbanes-Oxley Act of 2002 (the "Act"), the Audit Committee of the Board of

Trustees/Directors is responsible for the appointment, compensation and oversight of the work of the independent auditor. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditor in order to assure that they do not impair the auditor's independence from the Funds. To implement these provisions of the Act, the Securities and Exchange Commission (the "SEC") has issued rules specifying the types of services that an independent auditor may not provide to its audit client, as well as the audit committee's administration of the engagement of the independent auditor. Accordingly, the Audit Committee has adopted, and the Board of Trustees/Directors has ratified, the Audit and Non-Audit Services Pre Approval Policy (the "Policy"), which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent auditor may be pre-approved.

The SEC's rules establish two different approaches to pre-approving services, which the SEC considers to be equally valid. Proposed services either: may be pre-approved without consideration of specific case-by-case services by the Audit Committee ("general pre-approval"); or require the specific pre-approval of the Audit Committee ("specified pre-approval"). The Audit Committee believes that the combination of these two approaches in this Policy will result in an effective and efficient procedure to pre-approve services performed by the independent auditor. As set forth in this Policy, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit Committee if it is to be provided by the independent auditor. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the Audit Committee.

For both types of pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee will also consider whether the independent auditor is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Funds' business people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Funds' ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor should necessarily be determinative.

The Audit Committee is also mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may determine, for each fiscal year, the ratio between the total amount of fees for Audit, Audit-related and Tax services and the total amount of fees for certain permissible non-audit services classified as All Other services.

The appendices to this Policy describe the Audit, Audit-related, Tax and All Other services that have the general pre-approval of the Audit Committee. The term of any general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee considers a different period and states otherwise. The Audit Committee

Edgar Filing: EVERGREEN MANAGED INCOME FUND - Form N-CSR

will annually review and pre-approve the services that may be provided by the independent auditor without obtaining specific pre-approval from the Audit Committee. The Audit Committee will add or subtract to the list of general pre-approved services from time to time, based on subsequent determinations.

The purpose of this Policy is to set forth the procedures by which the Audit Committee intends to fulfill its responsibilities. It does not delegate the Audit Committee's responsibilities to pre-approve services performed by the independent auditor to management.

The independent auditor has reviewed this Policy and believes that implementation of the policy will not adversely affect the auditor's independence.

II. Delegation

As provided in the Act and the SEC's rules, the Audit Committee may delegate either type of pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions of the Audit Committee at its next scheduled meeting.

III. Audit Services

The annual Audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. Audit services include the annual financial statement audit and other procedures required to be performed by the independent auditor to be able to form an opinion on the Funds' financial statements. These other procedures include information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control, and consultations relating to the audit. Audit services also include the attestation engagement for the independent auditor's report on management's report on internal controls for financial reporting. The Audit Committee will monitor the Audit services engagement as necessary, but no less than on a quarterly basis, and will also approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Fund service providers or other items.

In addition to the annual Audit services engagement approved by the Audit Committee, the Audit Committee may grant general pre-approval to other Audit services, which are those services that only the independent auditor reasonably can provide. Other Audit services may include services associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with mergers or acquisitions.

The Audit Committee has pre-approved the Audit services in Appendix A. All other audit services not listed in Appendix A must be specifically pre-approved by the Audit Committee.

IV. Audit-related Services

Audit -related services are assurance and related services that are reasonably related to the performance of the audit or review of the Funds' financial statements or that are traditionally performed by the independent auditor. Because the Audit Committee believes that the provision of Audit-related services does not impair the independence of the auditor and is consistent with SEC's rules on auditor independence, the Audit Committee may grant general pre-approval to Audit-related services. Audit-related services include, among others, due diligence services pertaining to potential business acquisitions/dispositions; accounting consultations related to accounting, financial reporting or disclosure matters not classified as "Audit services"; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; agreed-upon or expanded audit procedures related to accounting records required to respond to or comply with financial, accounting or regulatory reporting matters; and assistance with internal control reporting requirements.

The Audit Committee has pre-approved the Audit-related services in Appendix B. All other Audit-related services not listed in appendix B must be specifically pre-approved by the Audit Committee.

V. Tax Services

Edgar Filing: EVERGREEN MANAGED INCOME FUND - Form N-CSR

The Audit Committee believes that the independent auditor can provide Tax services to the Funds such as tax compliance, tax planning and tax advice without impairing the auditor's independence, and the SEC has stated that the independent auditor may provide such services. Hence, the Audit Committee believes it may grant general pre-approval to those Tax services that have historically been provided by the auditor, that the Audit Committee has reviewed and believes would not impair the independence of the auditor, and that are consistent with the SEC's rules on auditor independence. The Audit Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the sole business purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Audit Committee will consult with the Director of Fund Administration, the Vice President of Tax Services or outside counsel to determine that the tax planning and reporting positions are consistent with this policy.

Pursuant to the preceding paragraph, the Audit Committee has pre-approved the Tax services in Appendix C. All Tax services involving large and complex transactions not listed in Appendix C must be specifically pre-approved by the Audit Committee, including: tax services proposed to be provide by the independent auditor to any executive officer or director of the Funds, in his or her individual capacity, where such services are paid for by the Funds or the investment advisor.

VI. All Other Services

The Audit Committee believes, based on the SEC's rules prohibiting the independent auditor from providing specific non-audit services, that other types of non-audit services are permitted. Accordingly, the Audit Committee believes it may grant general pre-approval to those permissible non-audit services classified as All Other services that it believes are routine and recurring services, would not impair the independence of the auditor and are consistent with the SEC's rules on auditor independence.

The Audit Committee has pre-approved the All Other services in appendix D. Permissible All Other services not listed in Appendix D must be specifically pre-approved by the Audit Committee.

A list of the SEC's prohibited non-audit services is attached to this policy as Exhibit 1. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions.

VII. Pre-Approval Fee Levels or Budgeted Amounts

Pre-approval fee levels or budgeted amounts for all services to be provided by the independent auditor will be established annually by the Audit Committee. Any proposed services exceeding these levels or amounts will require specific pre-approval by the Audit Committee. The Audit Committee is mindful of the overall relationship of fees for audit and non-audit services in determining whether to pre-approve any such services. For each fiscal year, the Audit Committee may determine to ratio between the total amount of fees for Audit, Audit-related and Tax services, and the total amount of fees for services classified as All Other services.

VIII. Procedures

All requests or applications for services to be provided by the independent auditor that do not require specific approval by the Audit Committee will be submitted to the Director of Fund Administration or Assistant Director of Fund Administration and must include a detailed description of the services to be rendered. The Director/Assistant Director of Fund Administration will determine whether such services are included within the list of services that have received the general pre-approval of the Audit Committee. The Audit Committee will be informed on a quarterly basis (or more frequent if requested by the audit committee) of any such services rendered by the independent auditor.

Request or applications to provide services that require specific approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditor and the Director/Assistant Director of Fund Administration, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee has designated the Chief Compliance Officer to monitor the performance of all services provided by the independent auditor and to determine whether such services are in compliance with this policy. The Chief Compliance Officer will report to the Audit Committee on a periodic basis on the results of its monitoring. Both the Chief Compliance Officer and management will immediately report to the chairman of the Audit Committee any breach of this policy that comes to the attention of the Chief Compliance Officer or any member of management.

The Audit Committee will also review the internal auditor's annual internal audit plan to determine that the plan provides for the monitoring of the independent auditor's services.

IX. Additional Requirements

The Audit Committee has determined to take additional measures on an annual basis to meet its responsibility to oversee the work of the independent auditor and to assure the auditor's independence from the Funds, such as reviewing a formal written statement from the independent auditor delineating all relationships between the independent auditor and the Funds, the Funds' investment advisor and related parties of the investment advisor, consistent with Independence Standards Board Standard No. 1, and discussing with the independent auditor its methods and procedures for ensuring independence.
