Item 1.01. Entry Into A Material Definitive Agreement.

On October 18, 2007, PetroHunter Energy Corporation (“PetroHunter”) entered into a First Amendment to Acquisition and Consulting Agreement (“First Amendment”) with MAB Resources LLC (“MAB”), which significantly changed several of the provisions of the Acquisition and Consulting Agreement between the parties dated effective January 1, 2007. Marc A. Bruner, who had an approximate 43% beneficial ownership interest in PetroHunter as of September 30, 2007, is the controlling owner of MAB.

Under the original agreement, MAB relinquished and assigned to PetroHunter all of MAB’s 50% working interest in ten separate projects covering approximately 220,000 net acres of oil and gas properties in Colorado, Utah and Montana, and approximately 7,000,000 net acres in Australia, resulting in PetroHunter owning 100% working interest in the leases covering 7.2 million net mineral acres that were previously owned 50/50. In addition, the original agreement provided for a reduction in monthly consulting payments to MAB (from \$600,000 to \$25,000).

In consideration for MAB’s full relinquishment of its working interest and the carried interest, and the reduction in the monthly payment, and in connection with MAB’s ongoing consulting services, the original agreement between MAB and PetroHunter provided for the consideration to MAB set forth in the first column of the table below. The second column sets forth the changes contained in the First Amendment.

Original Agreement

An increase in MAB’s previous 3% overriding royalty interest to a 5% override (the “Override”) on all the properties PetroHunter owned as of January 1, 2007, and on future acquisitions, but limited to such future acquisitions which MAB identifies and recommends to PetroHunter. The Override continues as long as oil and gas is produced from the properties. However, the Override (a) will not apply to or burden the Piceance II properties in any respect and (b) will be proportionately reduced to the extent it causes PetroHunter’s net revenue interest to be less than 75%.

The issuance of 50 million shares of PetroHunter common stock to MAB and the right and opportunity to receive up to an additional 50 million shares (the “Additional Shares”) if certain proved reserves thresholds were met by PetroHunter by January 1, 2012.

MAB to provide consulting services for a monthly fee of \$25,000.

First Amendment

Elimination of the Override as to any leases within the states of Montana or Utah.

Elimination of the right to receive the Additional Shares. PetroHunter is to issue to MAB 25 million shares of common stock (in addition to the 50 million shares that were issued under the Original Agreement).

Elimination of consulting services and the monthly fee.

This summary description of the First Amendment does not purport to be complete and is qualified in its entirety by reference to the document that is filed as an exhibit hereto.

Item Unregistered Sales of Equity Securities

3.02

PetroHunter will issue 25,000,000 shares of its common stock to MAB in consideration for the elimination of MAB's right to receive Additional Shares as described in Item 1.01 above. PetroHunter relied upon the exemption from registration contained in Section 4(2) of the Securities Act of 1933, as MAB is sophisticated with regard to an investment in PetroHunter's securities. A restrictive legend was placed on the certificate evidencing these shares. No underwriters were used.

Item Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers.
