## Independent Auditors' Report

The Pension Committee and the Participants  
Genesis Health Ventures, Inc. Union Retirement Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Genesis Health Ventures, Inc. Union Retirement Savings Plan as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purposes of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### (b) Contributions

Each eligible employee may elect to participate in the Plan and make contributions to the Plan through salary deductions in an amount not less than 1% and not in excess of 50% of such participant's compensation, as defined in the Plan, in any calendar year. The Company matches 50% of the participant's pre-tax contributions up to 3% of such participant's compensation.

Notwithstanding any other provision of the Plan, the total pre-tax contribution made to the Plan by any participant may not exceed \$11,000 for 2002. In addition, effective in 2002, each eligible participant who has attained age 50 before the close of the Plan year is eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Internal Revenue Code. For 2002, the catch-up contribution limitation is \$1,000.

### (c) Participant Accounts

Although Plan assets are collectively invested, records are maintained for each participant's individual account. Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and Plan earnings (losses).
