The Sales Manager will be entitled to compensation at a commission rate of up to 2.50% of the gross sale price per share of any common shares sold under the sales agreement, with the exact amount of such compensation to be mutually agreed upon by the Fund and the Sales Manager from time to time. Table of Contents**CAPITALIZATION**

We may offer and sell up to 180,000 of our common shares from time to time through the Sales Manager as our agent for the offer and sale of the common shares under this prospectus supplement and the accompanying prospectus. There is no guaranty that there will be any sales of our common shares pursuant to this prospectus supplement and the accompanying prospectus. The table below assumes that we will sell 180,000 common shares, at a price of \$13.17 per share (the last reported sale price per share of our common shares on the NYSE on April 24, 2009). Actual sales, if any, of our common shares under this prospectus supplement and the accompanying prospectus may be less than as set forth in the table below. In addition, the price per share of any such sale may be greater or less than \$13.17, depending on the market price of our common shares at the time of any such sale. To the extent that the market price per share of our common shares on any given day is less than the net asset value per share on such day, we will instruct the Sales Manager not to make any sales on such day.

The following table sets forth the audited capitalization of the Fund as of December 31, 2008, and its adjusted capitalization assuming the common shares offered in this prospectus supplement had been issued.

	As of December 31, 2008	
	Actual	As Adjusted
Preferred shares, \$0.001 par value per share, unlimited shares authorized. (The Actual column reflects the Fund's outstanding capitalization of 3,957,475 shares of Series A Preferred, \$25 liquidation preference per share as of December 31, 2008; the As adjusted column reflects the outstanding capitalization of 3,955,687 shares of Series A Preferred, \$25 liquidation preference per share as of April 17, 2009)	98,936,875	98,892,175
Shareholders' equity applicable to common shares:		
Common shares, \$0.001 par value per share; unlimited shares authorized. (The Actual column reflects the Fund's outstanding capitalization of 18,303,157 shares as of December 31, 2008; the As adjusted column assumes the issuance of 724,400 shares and outstanding capitalization of 19,027,557 shares)	18,303	19,028
Paid-in surplus*	326,216,767	335,452,296
Accumulated distributions in excess of net investment income	5,198,194	5,198,194
Accumulated net realized gain	(31,870,376)	(31,870,376)
Net unrealized depreciation	(109,453,567)	(109,453,567)
Net assets applicable to common shares	190,109,321	199,345,575

Net assets, plus the liquidation preference of preferred shares	289,046,196	298,237,750

* As adjusted paid-in surplus reflects a deduction for the estimated underwriting discounts of \$242,596 and estimated offering expenses of common share offerings borne by the Fund of \$225,000; such offering expenses include the expenses borne by the Fund for this offering and for common shares offered by the Fund in the fiscal year ending December 31, 2009.

Table of Contents**TABLE OF FEES AND EXPENSES**

The following tables are intended to assist you in understanding the various costs and expenses directly or indirectly associated with investing in our common shares as a percentage of net assets attributable to common shares. Amounts are for the current fiscal year after giving effect to anticipated net proceeds of the offering, assuming that we incur the estimated offering expenses, including preferred share offering expenses.

Shareholder Transaction Expenses

Sales Load (as a percentage of offering price)	2.50%
Offering Expenses Borne by the Fund (as a percentage of offering price)	0.28%
Dividend Reinvestment Plan Fees	None (1)

	Percentage of Net Assets Attributable to Common Shares
Annual Expenses	
Management Fees	1.44% (2)
Interest on Borrowed Funds	None
Other Expenses	.82% (2)
Total Annual Expenses	2.26% (2)

- (1) You will be charged a \$1.00 service charge and pay brokerage charges if you direct the plan agent to sell your common shares held in a dividend reinvestment account.
- (2) The Investment Adviser's fee is 1.00% annually of the Fund's average weekly net assets, with no deduction for the liquidation preference of any outstanding preferred shares. Consequently, in as much as the Fund has preferred shares outstanding, the investment management fees and other expenses as a percentage of net assets attributable to common shares are higher than if the Fund did not utilize a leveraged capital structure. Other Expenses are based on estimated amounts for the current year assuming completion of the proposed issuances.

Example

The following example illustrates the expenses you would pay on a \$1,000 investment in common shares, assuming a 5% annual portfolio total return.*

	1 Year	3 Years	5 Years	10 Years
Total Expenses Incurred	\$ 47	\$ 94	\$ 143	\$ 278

* **The example should not be considered a representation of future expenses.** The example assumes that the amounts set forth in the Annual Expenses table are accurate and that all distributions are reinvested at net asset value. Actual expenses may be greater or less than those assumed. Moreover, the Fund's actual rate of return may be greater or less than the hypothetical 5% return shown in the example.

Table of Contents**USE OF PROCEEDS**

Sales of our common shares, if any, under this prospectus supplement and the accompanying prospectus may be made in negotiated transactions or transactions that are deemed to be "at the market" as defined in Rule 415 under the 1933 Act, including sales made directly on the NYSE or sales made to or through a market maker other than on an exchange. There is no guaranty that there will be any sales of our common shares pursuant to this prospectus supplement and the accompanying prospectus. Actual sales, if any, of our common shares under this prospectus supplement and the accompanying prospectus may be less than as set forth in this paragraph. In addition, the price per share of any such sale may be greater or less than the price set forth in this paragraph, depending on the market price of our common shares at the time of any such sale. As a result, the actual net proceeds we receive may be more or less than the amount of net proceeds estimated in this prospectus supplement. Assuming the sale of all of our common shares offered under this prospectus supplement and the accompanying prospectus, at the last reported sale price of \$13.17 per share for our common shares on the NYSE as of April 24, 2009, we estimate that the net proceeds of this offering will be approximately \$2,301,335 after deducting the estimated underwriting discount and our estimated offering expenses.

The Investment Adviser anticipates that the investment of the proceeds will be made in accordance with the Fund's investment objectives and policies as appropriate investment opportunities are identified, which is expected to substantially be completed within three months; however, changes in market conditions could result in the Fund's anticipated investment period extending to as long as six months.

RISK FACTORS AND SPECIAL CONSIDERATIONS

Investing in our common shares involves risk, including the risk that you may receive little or no return on your investment or even that you may lose part or all of your investment. Therefore, before investing in our common shares you should consider carefully the risk factors described in the accompanying prospectus in addition to the risk factors described in this prospectus supplement.

Recent Events

The U.S. and global capital markets have been experiencing extreme volatility and disruption for more than 12 months and we believe that the U.S. and many other economies have entered into a period of recession. Disruptions in the capital markets have increased the spread between the yields realized on risk-free and higher risk securities, and have resulted in illiquidity in parts of the capital markets. In addition, many sectors of the stock markets, including those in which we concentrate, have suffered sharp declines in price. We believe these conditions may continue for a prolonged period of time and may worsen in the future. These conditions have had, and may continue to have, an adverse effect on our business, financial condition, and results of operations. Unfavorable economic conditions also could impair our ability to execute our investment strategies.

Purchase at a Premium to Net Asset Value

Our common shares have recently been trading at a substantial premium to net asset value per share which may not be sustainable. If our common shares are trading at a premium to net asset value at the time you purchase shares, you will experience an immediate reduction in the net asset value of the shares you purchase in comparison to the market price of the shares. Please see **Price Range of Common Shares** on page S-6 for further information about our historical share prices and premium or discount to net asset value.

PLAN OF DISTRIBUTION

Under the sales agreement among the Fund, the Investment Adviser and the Sales Manager, upon written instructions from the Fund, the Sales Manager will use its commercially reasonable efforts consistent with its sales and trading practices, to solicit offers to purchase the common shares under the terms and subject to the conditions set forth in the sales agreement. The Sales Manager's solicitation will continue until we instruct the Sales Manager to suspend the solicitations and offers. We will instruct the Sales Manager as to the amount of common shares to be sold by the Sales Manager. We may instruct the Sales Manager not to sell common shares if the sales cannot be effected at or above the price designated by the Fund in any instruction. We or the Sales Manager may suspend the offering of common shares upon proper notice and subject to other conditions.

The Sales Manager will provide written confirmation to the Fund not later than the opening of the trading day on the NYSE following the trading day on which common shares are sold under the sales agreement. Each confirmation will include the number of shares sold on the preceding day, the net proceeds to the Fund and the compensation payable by the Fund to the Sales Manager in connection with the sales.

We will pay the Sales Manager commissions for its services in acting as agent in the sale of common shares. The Sales Manager will be entitled to compensation at a commission rate of up to 2.5% of the gross sale price per share of any common shares sold under the sales agreement, with the exact amount of such compensation to be mutually agreed upon by the Fund and the Sales Manager from time to time.

There is no guaranty that there will be any sales of our common shares pursuant to this prospectus supplement and the accompanying prospectus. Actual sales, if any, of our common shares under this prospectus supplement and the accompanying prospectus may be less than as set forth in this paragraph. In addition, the price per share of any such sale may be greater or less than the price set forth in this paragraph, depending on the market price of our common shares at the time of any such sale. Assuming 180,000 of our common shares offered hereby are sold at a market price of \$13.17 per share (the last reported sale price for

S-7

Table of Contents

our common shares on the NYSE on April 24, 2009), we estimate that the total expenses for this offering, including compensation payable to the Sales Manager under the terms of the sales agreement, would be approximately \$69,265.

Settlement for sales of common shares will occur on the third trading day following the date on which such sales are made, or on some other date that is agreed upon by the Fund and the Sales Manager in connection with a particular transaction, in return for payment of the net proceeds to the Fund. There is no arrangement for funds to be received in an escrow, trust or similar arrangement.

In connection with the sale of the common shares on our behalf, the Sales Manager may, and will with respect to sales effected in an at the market offering , be deemed to be an underwriter within the meaning of the 1933 Act, and the compensation of the Sales Manager may be deemed to be underwriting commissions or discounts. We have agreed to provide indemnification and contribution to the Sales Manager against certain civil liabilities, including liabilities under the 1933 Act.

The offering of our common shares pursuant to the sales agreement will terminate upon the earlier of (i) the sale of all common shares subject the sales agreement or (ii) termination of the sales agreement. The sales agreement may be terminated by the Fund in our sole discretion under the circumstances specified in the sales agreement by giving notice to the Sales Manager. In addition, the Sales Manager may terminate the sales agreement under the circumstances specified in the sales agreement by giving notice to the Fund.

The principal business address of the Sales Manager is Gabelli & Company, Inc., One Corporate Center, Rye, New York, 10580-1422.

LEGAL MATTERS

Certain legal matters will be passed on by Skadden, Arps, Slate, Meagher & Flom LLP, New York, New York, counsel to the Fund in connection with the offering of the common shares.

Under normal market conditions, the Fund will attempt to achieve its objectives by investing at least 80% of its assets in equity securities of companies principally engaged in the gold industry and the natural resources industries. The Fund will invest at least 25% of its assets in the equity securities of companies principally engaged in the exploration, mining, fabrication, processing, distribution or trading of gold or the financing, managing, controlling or operating of companies engaged in gold-related activities.
