FAIRFAX FINANCIAL HOLDINGS LIMITED

We are a financial services holding company primarily engaged in property and casualty insurance and reinsurance. We are incorporated under the Canada Business Corporations Act. We operate through a decentralized operating structure, with autonomous management teams applying a focused underwriting strategy to our markets. We seek to differentiate ourselves by combining disciplined underwriting with the investment of our assets on a total return basis, which we believe provides above-average returns over the long-term. We provide a full range of property and casualty products, maintaining a diversified portfolio of risks across classes of business, geographic regions, and types of insureds. We have been under current management since September 1985. Our principal executive offices are located at 95 Wellington Street West, Suite 800, Toronto, Ontario, M5J 2N7, Canada. Our telephone number is (416) 367-4941.

We conduct our business through the following segments, with each of our continuing operations maintaining a strong position in its respective markets.

Our reinsurance business is conducted through OdysseyRe, Group Re, Advent and Polish Re. OdysseyRe is a U.S.-based underwriter of a full range of property and casualty reinsurance on a worldwide basis. We have a majority interest in OdysseyRe, whose common stock is traded on the New York Stock Exchange under the symbol ORH and have announced that we are proposing to acquire all of the outstanding common stock of OdysseyRe that we do not already own. Group Re primarily constitutes the participation by CRC (Bermuda) and Wentworth (based in Barbados) in the reinsurance of Fairfax's subsidiaries by quota share or through participation in those subsidiaries' third-party reinsurance programs on the same terms and pricing as the third party reinsurers. Since 2004, Group Re has also written third party business. Advent, based in the U.K., was included in our reinsurance segment effective from September 11, 2008, the date we acquired control of Advent, and is a reinsurance and insurance company, operating through Syndicate 780 and 3330 at Lloyd's, focused on specialty property reinsurance and insurance risks. Advent's

shares are listed on the London Stock Exchange and we have made an offer to acquire the shares of Advent that we do not currently own. Polish Re, based in Warsaw, Poland was included in our reinsurance segment effective from its date of acquisition on January 7, 2009 and writes reinsurance business in the Central and Eastern European regions.

Our insurance business is conducted through Northbridge (Canadian insurance), Crum & Forster (U.S. insurance) and Fairfax Asia (Asian insurance). OdysseyRe also conducts insurance business through its U.S. Insurance and London Market divisions. Northbridge provides commercial and personal lines property and casualty insurance primarily in Canada through a wide range of distribution channels. We completed a going-private transaction on February 20, 2009 pursuant to which we acquired all of the outstanding shares of Northbridge we did not already own and Northbridge became a wholly-owned subsidiary of Fairfax. Crum & Forster, based in the U.S., provides a full range of commercial

Table of Contents

property and casualty insurance, which targets specialty classes of business that emphasize strong technical underwriting expertise. We own all of the equity of Crum & Forster. OdysseyRe provides a range of professional and specialty liability insurance in the United States and internationally through its U.S. Insurance and London Market divisions. Fairfax Asia is comprised of our 98%-owned, Singapore based First Capital subsidiary which writes property and casualty insurance primarily to Singapore markets and our wholly-owned, Hong Kong based Falcon Insurance subsidiary which writes property and casualty insurance to niche markets in Hong Kong.

Our runoff business primarily includes our discontinued business that did not meet our underwriting criteria or strategic objectives and selected business previously written by our other subsidiaries that was put under dedicated runoff management. In addition, our runoff segment also includes third-party runoff operations that we have acquired, which we believe will provide us with the opportunity to earn attractive returns on our invested capital.

Our invested assets are managed by our wholly-owned investment management subsidiary, Hamblin Watsa. Hamblin Watsa has managed our invested assets since September 1985 and emphasizes a conservative investment philosophy, seeking to invest our assets on a total return basis, which includes realized and unrealized gains over the long-term, using a value-oriented approach.

Recent Developments

Proposed Acquisition of Minority Stake in OdysseyRe

On September 4, 2009, we announced that we are proposing to acquire all of the outstanding shares of common stock of OdysseyRe that we do not currently own for \$60.00 per share of common stock in cash (the Proposed Transaction), representing a 19.8% premium over the closing price on September 4, 2009 and a 23.2% premium over the 30-day average closing price of OdysseyRe common stock on the New York Stock Exchange. We currently own approximately 72.6% of all outstanding shares of common stock of OdysseyRe.

Prior to this announcement, we previously advised the board of directors of OdysseyRe that we wished to explore a potential transaction in which we would acquire all of the outstanding shares of OdysseyRe common stock we did not already own. We have been advised that the board of directors of OdysseyRe has formed a special committee of independent directors to evaluate our proposal and that the special committee has engaged independent financial and legal advisors. Directors of OdysseyRe affiliated with us will not participate in the evaluation of the proposal.

If the Proposed Transaction is completed, there would be no changes in OdysseyRe's strategic or operating philosophy. Under the leadership of Andy Barnard President and Chief Executive Officer of OdysseyRe, OdysseyRe would continue to operate its business exactly as it has always been run, on an independent and decentralized basis.

We have advised OdysseyRe that our sole interest is in acquiring the shares of common stock of OdysseyRe that we do not currently own and that we have no interest in a disposition of our controlling interest in OdysseyRe.

The aggregate consideration payable by us under the Proposed Transaction is expected to be approximately \$960.4 million. We intend to use the net proceeds from this offering, together with available cash on hand (if necessary), to complete the Proposed Transaction. There can be no assurance that we will be able to raise sufficient proceeds from this offering to complete the Proposed Transaction. Even if sufficient funds are raised pursuant to this offering, there can be no assurance that we will be able to complete the Proposed Transaction or that we will be able to complete it on the currently proposed terms. If we are unsuccessful in completing the Proposed Transaction, we intend to use the net proceeds to augment our cash position, to increase short-term investments and marketable securities held at the holding company, to retire outstanding debt and other corporate obligations from time to time, and for general corporate purposes.

Going-Private Transaction for Advent

On July 17, 2009, we announced a formal offer to acquire all of the outstanding common shares of Advent, other than those shares not already owned by us and our affiliates, for 220 U.K. pence in cash per common share. At the time, we owned approximately 66.7% of Advent's outstanding common shares. The aggregate cash consideration payable under the transaction for the 33.3% of the Advent shares that we did not already own was approximately \$56.5 (£34.3 million). On September 2, 2009, we announced that we had received valid acceptances representing 97.6% of the outstanding shares of Advent not already owned by us and our affiliates. We have now commenced the process to acquire all remaining Advent shares pursuant to the compulsory acquisition provisions of U.K. law.

- (1) The Company has reclassified realized and unrealized foreign currency gains and losses in its consolidated statements of net earnings from losses on claims and operating expenses to net gains (losses) on investments to enhance the transparency of its financial reporting by removing distortions to underwriting results caused by volatility in foreign currency rates and by giving recognition to the economic hedging relationship which exists between claims liabilities and portfolio investments denominated in foreign currencies within the same operating company.
- (2) On January 1, 2007, the Company adopted five new accounting standards that were issued by the Canadian Institute of Chartered Accountants (CICA): CICA Handbook Section 1530, Comprehensive Income; Section 3855, Financial Instruments - Recognition and Measurement;

Section 3251, Equity; Section 3861, Financial Instruments Disclosure and Presentation; and Section 3865, Hedges. The adoption of these new accounting standards resulted in changes in the accounting for financial instruments as well as the recognition of certain transition adjustments that have been recorded in opening retained earnings or opening accumulated other comprehensive income. The company adopted these standards prospectively and, accordingly, prior period balances have not been restated (except for the reclassification of the currency translation account which was adopted retroactively with prior period restatement).

- (3) For the six months ended June 30, 2009 and the year ended December 31, 2008, the Other revenue and Other expenses includes Ridley Inc. since its acquisition on November 4, 2008. Ridley is engaged in the animal nutrition business and operates in the U.S. and Canada. For the years ended December 31, 2007 and 2006, the Other revenue and Other expenses comprised Cunningham Lindsey Group Inc. and its operating companies, which is engaged in the claims adjusting, appraisal and loss management business.
- (4) Includes holding company cash, short-term investments and marketable securities and total portfolio investments, and is net of short sale and derivative obligations. See note 3 to our audited consolidated financial statements for the year ended December 31, 2008 and note 3 to our unaudited interim consolidated financial statements for the six months ended June 30, 2009, incorporated by reference into this prospectus for a discussion of the components of our holding company and portfolio investments.

RISK FACTORS

An investment in our securities involves risk. You should carefully consider the following risk factors and the risk factors beginning on page 6 of the accompanying base shelf prospectus, as well as the other information contained in and incorporated by reference into this prospectus supplement, before deciding whether to participate in the offering. Any of the following risks could materially adversely affect our business, financial condition or results of operations and could materially adversely affect your investment in the Subordinate Voting Shares. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially and adversely affect our business, financial condition or results of operations.

Risks Related to Our Business

We may not be successful in completing the Proposed Transaction

The aggregate consideration payable by us under the Proposed Transaction is expected to be approximately \$960.4 million. Of the approximately \$1.0 billion being raised pursuant to this offering, approximately \$791.8 million is being offered on a best efforts basis. The offering of Subordinate Voting Shares on a best efforts basis is not conditional upon any minimum amount of proceeds. The obligation of the Underwriters to purchase the Subordinate Voting Shares pursuant to the underwritten offering is conditional upon the simultaneous closing of the sale of Subordinate Voting Shares offered on a best efforts basis for aggregate gross proceeds of at least \$500.0 million. There can be no assurance that we will be able to sell such Subordinate Voting Shares and, accordingly, there can be no assurance that we will raise sufficient funds pursuant to the offering to complete the Proposed Transaction. Completion of the Proposed Transaction will also be subject to a number of conditions, and there can be no assurance that the Proposed Transaction will be completed or will be completed on the currently proposed terms. The completion of this offering is not conditional upon the completion of the Proposed Transaction, and the completion of this offering will occur prior to the date the Proposed Transaction could be completed and whether or not sufficient funds are raised pursuant to this offering to complete the Proposed Transaction.

Risks Related to Our Subordinate Voting Shares

The market price of our Subordinate Voting Shares may be subject to fluctuations and volatility

The market price of our Subordinate Voting Shares has been subject to fluctuations and volatility. These fluctuations and volatility could continue. Among the factors that could affect the market price of our Subordinate Voting Shares are those discussed in the accompanying base shelf prospectus, as well as:

- actual or anticipated variations in our financial condition or operating results;
- introductions of innovations, new services or products or significant price reductions by us or our competitors;
- changes in financial reports by securities analysts;
- a downgrade, suspension or withdrawal of the rating assigned by a rating agency to our senior debt;
- the occurrence of major catastrophic events;
- our failure to complete the Proposed Transaction or to complete it on the currently proposed terms; and

any of the other events discussed in the Risk Factors section beginning at page 7 of the accompanying base shelf prospectus.

The stock markets have experienced extreme volatility that has often been unrelated to the operating performance of particular companies. These broad market fluctuations may adversely affect the trading price of our Subordinate Voting Shares. As a result, you may not be able to resell your Subordinate Voting Shares at or above the offering price.

Additional issuances of Subordinate Voting Shares may result in dilution

Our articles of incorporation allow us to issue an unlimited number of Subordinate Voting Shares. Future issuances of additional Subordinate Voting Shares may result in dilution to the holders of the Subordinate Voting Shares.

USE OF PROCEEDS

The obligation of the Underwriters to purchase the Subordinate Voting Shares pursuant to the underwritten offering is conditional upon the simultaneous closing of the sale of Subordinate Voting Shares offered on a best efforts basis for aggregate gross proceeds of at least \$500.0 million. The net proceeds to be received by the Company from the sale of the underwritten Subordinate Voting Shares pursuant to the offering and the sale of \$500.0 million of Subordinate Voting Shares offered on a best efforts basis are estimated at an aggregate of \$694.1 million after payment of the Underwriters' fee and estimated expenses of the offering (assuming that all Subordinate Voting Shares offered on a best efforts basis are sold to certain institutions for which the Underwriters will be entitled to a fee of 1.0% and that the Underwriters' aggregate fee is \$13.3 million). If the maximum number of Subordinate Voting Shares are sold, the net proceeds are estimated at \$983.0 million after payment of the Underwriters' fee and estimated expenses of the offering (assuming that all Subordinate Voting Shares offered on a best efforts basis are sold to certain institutions for which the Underwriters will be entitled to a fee of 1.0% and that the Underwriters' aggregate fee is \$16.2 million). The offering of Subordinate Voting Shares on a best efforts basis is not conditional upon any minimum amount of proceeds.

The net proceeds of the offering, together with available cash on hand (if necessary), will be used to complete the Proposed Transaction as described under Recent Developments Proposed Acquisition of Minority Stake in OdysseyRe . The aggregate consideration payable by us under the Proposed Transaction is expected to be approximately \$960.4 million. If we do not raise sufficient funds pursuant to this offering to complete the Proposed Transaction or if we are otherwise unsuccessful in completing the Proposed Transaction, we intend to use the net proceeds to augment our cash position, to increase short term investments and marketable securities held at the holding company, to retire outstanding debt and other corporate obligations from time to time, and for general corporate purposes.

Table of Contents**CAPITALIZATION**

The table below sets forth our capitalization as of June 30, 2009 under Canadian GAAP. The **As Adjusted** column reflects our capitalization after giving effect to: (a) the repurchases, from July 1, 2009 to September 4, 2009 of the Subordinate Voting Shares of Fairfax and common stock of OdysseyRe as part of their previously announced share repurchase programmes; (b) the repurchases, from July 1, 2009 to September 4, 2009 of our Subordinate Voting Shares for treasury; (c) the offering completed on August 18, 2009 of Cdn\$400 million aggregate principal amount of our 7.5% senior notes due 2019; and (d) this offering of Subordinate Voting Shares, assuming that the maximum number of Subordinate Voting Shares offered pursuant to this prospectus supplement are sold and that all Subordinate Voting Shares offered on a **best efforts** basis are sold to certain institutions for which the Underwriters will be entitled to a fee of 1.0% of the gross proceeds. The table below does not give effect to the Proposed Transaction. If the Proposed Transaction were to be completed on the currently proposed terms, holding company cash, short-term investments and marketable securities, net of short sale and derivative obligations in the **As Adjusted** column would decrease by \$960.4 million and non-controlling interests would decrease by \$823.8 million. As a result, the **As Adjusted** total debt as a percentage of total capitalization would increase from 23.2% to 25.4% and the **As Adjusted** net debt as a percentage of net total capitalization would increase from 1.3% to 13.5%. The dividends are payable in U.S. dollars. Future dividends on our Subordinate Voting Shares or Multiple Voting Shares, if any, are expected to be paid in U.S. currency.

The declaration and payment of dividends are at the sole discretion of our board of directors and depend on, among other things, our financial condition, general business conditions, legal restrictions regarding the payment of dividends by us and other factors which the board of directors may in the future consider to be relevant. As a holding company with no direct operations, we rely on cash dividends and other payments from our subsidiaries and our own cash balances to pay dividends to our shareholders.

We have not issued any Subordinate Voting Shares during the 12-month period prior to the date of this prospectus supplement.

DESCRIPTION OF SUBORDINATE VOTING SHARES

The following briefly summarizes the provisions of our articles of incorporation relating to our Subordinate Voting Shares, including a description of our Multiple Voting Shares. Table of Contents

Sixty Two owns 50,620 Subordinate Voting Shares and 1,548,000 Multiple Voting Shares, representing 48.3% of the total votes attached to all classes of our shares (100% of the total votes attached to the Multiple Voting Shares and 0.3% of the total votes attached to the Subordinate Voting Shares). V. Prem Watsa, our Chairman and Chief Executive Officer, controls Sixty Two and himself beneficially owns an additional 257,193 Subordinate Voting Shares and exercises control or direction over an additional 2,100 Subordinate Voting Shares. These shares, together with the shares owned directly by Sixty Two, represent 49.1% of the total votes attached to all classes of our shares (100% of the total votes attached to the Multiple Voting Shares and 1.9% of the total votes attached to the Subordinate Voting Shares).

Multiple Voting Shares and Subordinate Voting Shares

Dividend Rights

Holders of Multiple Voting Shares and Subordinate Voting Shares participate equally as to dividends and are entitled to dividends, in equal amounts per share and at the same time, that our board of directors may declare out of legally available funds, subject to the preferential dividend rights of the preferred shares.

Voting Rights

Holders of Multiple Voting Shares and Subordinate Voting Shares are entitled to receive notice of any meeting of our shareholders and may attend and vote at such meetings, except those meetings where only the holders of shares of another class or of a particular series are entitled to vote. The Multiple Voting Shares are entitled to ten votes per share, except as set forth below, and the Subordinate Voting Shares are entitled to one vote per share.

The ten votes per share attached to the Multiple Voting Shares are automatically and permanently reduced to one vote per share if:

- (i) the number of the Multiple Voting Shares held by Sixty Two (and its 75%-owned subsidiaries, of which there are currently none) falls below 1,197,480 shares, unless this results from a sale of shares to purchasers who make an equivalent unconditional offer to purchase all outstanding Subordinate Voting Shares; or
- (ii) the number of the Multiple Voting Shares held by purchasers referred to in (i) above (and their 75%-owned subsidiaries) falls below 1,197,480.

A change of control of Sixty Two or a purchaser referred to in (i) above will disqualify that shareholder's holding of shares for the purposes of the calculations contained in (i) and (ii) above. Except in connection with a sale to a purchaser who makes an offer to purchase all outstanding Subordinate Voting Shares as contemplated by (i) above, Sixty Two has agreed with us that it will not sell its Multiple Voting Shares (except to its 75%-owned subsidiaries).

The number of votes attached to the Multiple Voting Shares will automatically but temporarily be reduced to one vote per share for any shareholders' meeting if, during the three months ending ten days prior to the date we send notice of the shareholders' meeting, the weighted average trading price in the principal trading market of the Subordinate Voting Shares for any period of thirty consecutive trading days is less than Cdn\$4.00 per share (subject to adjustment).

Preemptive, Subscription, Redemption and Conversion Rights

Holders of Subordinate Voting Shares and Multiple Voting Shares have no preemptive, subscription or redemption rights. Holders of Subordinate Voting Shares have no conversion rights. Multiple Voting Shares are convertible at any time into Subordinate Voting Shares on the basis of one Subordinate Voting Share for each Multiple Voting Share

being converted.

Liquidation Rights

Upon our liquidation, dissolution or winding up, whether voluntary or involuntary, the holders of the Subordinate Voting Shares and Multiple Voting Shares, without preference or distinction, are entitled to receive ratably all of our assets remaining after payment of all debts and other liabilities, subject to the prior rights of holders of any outstanding preferred shares and any other prior ranking shares.

Table of Contents

Modifications

Modifications to the provisions attaching to the Multiple Voting Shares as a class, or to the Subordinate Voting Shares as a class, require the separate affirmative vote of two-thirds of the votes cast at meetings of the holders of the shares of each class.

No subdivision or consolidation of the Multiple Voting Shares or of the Subordinate Voting Shares may take place unless the shares of both classes are subdivided or consolidated at the same time in the same manner and proportion.

No rights to acquire additional shares or other securities or property of ours will be issued to holders of Multiple Voting Shares or Subordinate Voting Shares unless the same rights are issued at the same time to holders of shares of both classes.

RELATIONSHIP BETWEEN FAIRFAX AND CERTAIN UNDERWRITERS

An affiliate of Merrill Lynch Canada Inc., one of the Underwriters, is also acting as financial adviser to us in connection with the Proposed Transaction and will receive customary fees, which may include a fee upon the successful completion of the Proposed Transaction. Consequently, we may be considered a connected issuer of Merrill Lynch Canada Inc. under applicable securities laws. A portion of the net proceeds of the offering may be applied towards expenses incurred by us in connection with the Proposed Transaction, including the fees payable to our financial advisor. The decision to proceed with the offering was made by us, in consultation with the Underwriters, and the terms of the offering were determined by negotiation between us, on the one hand, and the Underwriters, on the other hand.

PLAN OF DISTRIBUTION

Pursuant to the Underwriting Agreement, we have agreed to sell and the Underwriters have severally agreed to purchase on September 11, 2009 or such later date as may be agreed upon, but not later than September 18, 2009, subject to the terms and conditions stated therein, all but not less than all of the 600,000 Subordinate Voting Shares being offered on an underwritten basis at a price of \$347.00 per share payable to us against delivery of such Subordinate Voting Shares. Closing of the underwritten offering is conditional upon certain closing conditions, including the simultaneous closing of the sale of Subordinate Voting Shares offered pursuant to the Agency Agreement on a best efforts basis for aggregate gross proceeds of at least \$500.0 million. The obligations of the Underwriters under the Underwriting Agreement may also be terminated upon the occurrence of certain stated events. The Underwriters are, however, obligated to take up and pay for all of the underwritten Subordinate Voting Shares if any are purchased under the Underwriting Agreement. The Underwriting Agreement provides that the Underwriters will be paid a fee per share equal to \$13.88 per underwritten Subordinate Voting Share on account of underwriting services rendered in connection with the offering, which fee will be paid out of the proceeds of the offering.

Pursuant to the Agency Agreement, we have agreed to sell and the Underwriters have agreed to use their best efforts to arrange for the purchase of up to 2,281,844 Subordinate Voting Shares on September 11, 2009, or on such other date as may be agreed upon, subject to the terms and conditions contained in the Agency Agreement. The obligations of the Underwriters under the Agency Agreement may be terminated upon the occurrence of certain stated events. While the Underwriters have agreed to use their best efforts to sell the Subordinate Voting Shares being offered on a best efforts basis, the Underwriters will not be obligated to purchase any of such Subordinate Voting Shares which are not sold. The Agency Agreement provides that the Underwriters will be paid a fee per share sold on a best efforts basis for services rendered in connection with the best efforts offering, which fee will be paid out of the proceeds of the offering. Such fee will be equal to \$3.47 per Subordinate Voting Share sold to certain institutions and \$13.88 per

Subordinate Voting Share sold to all other purchasers.

The offering of the Subordinate Voting Shares is being made concurrently in each of the provinces and territories of Canada and in the United States pursuant to the multi-jurisdictional disclosure system implemented by securities regulatory authorities in the United States and Canada. The Underwriters will offer the Subordinate Voting Shares for sale in the United States and Canada either directly or through their respective broker-dealer affiliates or agents registered in each jurisdiction. Subject to applicable law and the terms of the Underwriting Agreement and the Agency Agreement, the Underwriters may offer the Subordinate Voting Shares outside the United States and Canada.

The Subordinate Voting Shares initially are offered at the offering price of \$347.00. After a reasonable effort has been made to sell all of the Subordinate Voting Shares in the underwritten offering at the offering price, subject to applicable law, the Underwriters may subsequently reduce and thereafter change, from time to time, the price at which the Subordinate Voting Shares are offered to an amount not greater than the offering price. The compensation realized by the

S-15

Table of Contents

Underwriters will be decreased by the amount that the aggregate price paid by purchasers for the Subordinate Voting Shares is less than the gross proceeds paid to us by the Underwriters.

The Underwriters may not, throughout the period of distribution, bid for or purchase the Subordinate Voting Shares. The foregoing restriction is subject to certain exceptions, on the condition that the bid or purchase not be engaged in for the purpose of creating actual or apparent active trading in, or raising the price of the Subordinate Voting Shares. These exceptions include a bid or purchase permitted under the Universal Market Integrity Rules administered by the Investment Industry Regulatory Organization of Canada relating to market stabilization and passive market-making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution.

We have been advised that, in connection with this offering and subject to the foregoing, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Subordinate Voting Shares at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

The offering price of the Subordinate Voting Shares offered under this prospectus supplement was determined by negotiation between us and the Underwriters.

Application has been made to list the Subordinate Voting Shares offered by this prospectus supplement on the TSX and the NYSE. Listing will be subject to us fulfilling all the listing requirements of the TSX and the NYSE.

We and the Underwriters have agreed to indemnify each other against certain liabilities, including liabilities under Canadian provincial securities legislation and U.S. federal securities laws.

CERTAIN INCOME TAX CONSIDERATIONS

Certain Canadian Federal Income Tax Information For Canadian Residents

The following is a summary of the principal Canadian federal income tax considerations generally applicable to a purchaser who acquires Subordinate Voting Shares pursuant to this offering and who, within the meaning of the Tax Act and at all relevant times, is or is deemed to be a resident of Canada, deals at arm's length and is not affiliated with us or the Underwriters, and holds or will hold the Subordinate Voting Shares as capital property (a Resident Purchaser). Generally the Subordinate Voting Shares will be capital property to a Resident Purchaser provided the Resident Purchaser does not acquire or hold those Subordinate Voting Shares in the course of carrying on business or as part of an adventure or concern in the nature of trade. Certain Resident Purchasers whose Subordinate Voting Shares do not otherwise qualify as capital property may be entitled, in certain circumstances, to make the irrevocable election under subsection 39(4) of the Tax Act to have their Subordinate Voting Shares and every Canadian security (as defined in the Tax Act) owned by such Resident Purchaser in the taxation year of the election, and in all subsequent years, deemed to be capital property.

This summary is not applicable to a purchaser that is a financial institution for purposes of certain rules (referred to as the mark-to-market rules) applicable to securities held by financial institutions, to a purchaser an interest in which is a tax shelter investment, to a purchaser that is a specified financial institution or to a purchaser that has elected to report its Canadian tax results in a functional currency in accordance with the provisions of the Tax Act (all as defined in the Tax Act). Such taxpayers should consult their own tax advisors.

This summary is based upon the current provisions of the Tax Act and regulations thereunder, specific proposals to amend the Tax Act or regulations thereunder that have been publicly announced by or on behalf of the Minister of

Finance (Canada) prior to the date hereof (the Proposed Amendments), and counsel's understanding of the current published administrative policies and assessing practices of the Canada Revenue Agency (CRA). Except as otherwise indicated, this summary does not take into account or anticipate any changes in the applicable law or administrative policy or assessing practice, whether by legislative, regulatory, administrative or judicial action, nor does it take into account provincial, territorial or foreign tax laws or considerations, which might differ significantly from those discussed herein. No assurance can be given that the Proposed Amendments will be enacted or that they will be enacted in the form announced by the Minister of Finance (Canada).

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular investor. This summary is not exhaustive of all possible income tax considerations under the Tax Act that may affect an investor. Accordingly, prospective purchasers of Subordinate Voting Shares should consult their own tax advisors with respect to their particular circumstances.

Table of Contents

For purposes of the Tax Act, all amounts relating to the acquisition, holding or disposition of Subordinate Voting Shares must be expressed in Canadian dollars including dividends, adjusted cost base and proceeds of disposition. For purposes of the Tax Act, amounts denominated in United States dollars generally must be converted into Canadian dollars using the rate of exchange quoted by the Bank of Canada at noon on the date such amounts arose, or such other rate of exchange as is acceptable to the CRA.

Taxation of Dividends

Dividends (including deemed dividends) received on Subordinate Voting Shares in a taxation year by a Resident Purchaser who is an individual will be included in the individual's income for that year and be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received by an individual from taxable Canadian corporations, including the enhanced dividend tax credit rules applicable to any dividends designated by us as eligible dividends in accordance with the Tax Act. Taxable dividends received by an individual may give rise to alternative minimum tax under the Tax Act, depending on the individual's circumstances.

Dividends (including deemed dividends) received on Subordinate Voting Shares in a taxation year by a Resident Purchaser that is a corporation will be included in the corporation's income for that year and generally will be deductible in computing such corporation's taxable income. A Resident Purchaser that was, at any time in a taxation year, a private corporation as defined in the Tax Act, or a corporation controlled, whether by reason of a beneficial interest in one or more trusts or otherwise, by or for the benefit of an individual (other than a trust) or a related group of individuals (other than trusts), generally will be liable to pay a refundable tax of 33 1/3% under Part IV of the Tax Act on dividends received on the Subordinate Voting Shares in that year to the extent that such dividends are deductible in computing the corporation's taxable income for the year.

Disposition of Subordinate Voting Shares

In general, a disposition, or a deemed disposition, of a Subordinate Voting Share by a Resident Purchaser will give rise to a capital gain (or a capital loss) equal to the amount, if any, by which the proceeds of disposition of the Subordinate Voting Share, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base to the Resident Purchaser of the Subordinate Voting Share. The adjusted cost base to the Resident Purchaser of a Subordinate Voting Share acquired pursuant to this offering will be determined by averaging the cost of the Subordinate Voting Share with the adjusted cost base of all other Subordinate Voting Shares held by that Resident Purchaser as capital property at that time.

Generally, one-half of a capital gain must be included in income as a taxable capital gain. One-half of a capital loss is an allowable capital loss. Subject to and in accordance with the provisions of the Tax Act, an allowable capital loss realized in a year must be deducted by the Resident Purchaser in computing income to the extent of any taxable capital gains realized in the year, and any allowable capital loss not deductible in the year it is realized generally may be carried back and deducted against taxable capital gains in any of the three preceding years or carried forward and deducted against taxable capital gains in any subsequent year. Capital gains realized by an individual may give rise to alternative minimum tax under the Tax Act, depending on the individual's circumstances.

The amount of any capital loss realized on the disposition or deemed disposition of a Subordinate Voting Share by a Resident Purchaser that is a corporation may be reduced by the amount of dividends received or deemed to have been received by it on the Subordinate Voting Share to the extent and in the circumstances prescribed by the Tax Act. Similar rules may apply where the Subordinate Voting Share is owned by a partnership or trust of which a corporation, trust or partnership is a member or beneficiary. Resident Purchasers to whom these rules may be relevant should consult their own tax advisors.

A Resident Purchaser that is a Canadian-controlled private corporation (as defined in the Tax Act) may be liable to pay an additional refundable tax of 62/3% on certain investment income, including amounts in respect of taxable capital gains (but not dividends or deemed dividends deductible in computing taxable income).

Certain Canadian Federal Income Tax Information For Non-Residents of Canada

The following is a summary of the principal Canadian federal income tax considerations generally applicable to a purchaser who acquires Subordinate Voting Shares pursuant to this offering and who, within the meaning of the Tax Act and at all relevant times, is not and is not deemed to be a resident of Canada, deals at arm's length and is not affiliated with

us or the Underwriters, holds or will hold the Subordinate Voting Shares as capital property and does not use or hold and is not deemed to use or hold the Subordinate Voting Shares in a business carried on in Canada (a Non-Resident Purchaser). Special rules, which are not discussed in this summary, may apply to a Non-Resident Purchaser that is an insurer that carries on an insurance business in Canada and elsewhere.

This summary is based upon the current provisions of the Tax Act and regulations thereunder, the Proposed Amendments, and counsel's understanding of the current published administrative policies and assessing practices of the CRA. Except as otherwise indicated, this summary does not take into account or anticipate any changes in the applicable law or administrative policy or assessing practice, whether by legislative, regulatory, administrative or judicial action, nor does it take into account provincial, territorial or foreign tax laws or considerations, which might differ significantly from those discussed herein. No assurance can be given that the Proposed Amendments will be enacted or that they will be enacted in the form announced by the Minister of Finance (Canada).

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular investor. This summary is not exhaustive of all possible income tax considerations under the Tax Act that may affect an investor. Accordingly, prospective purchasers of Subordinate Voting Shares should consult their own tax advisors with respect to their particular circumstances.

For purposes of the Tax Act, all amounts relating to the acquisition, holding or disposition of Subordinate Voting Shares must be expressed in Canadian dollars including dividends, adjusted cost base and proceeds of disposition. For purposes of the Tax Act, amounts denominated in United States dollars generally must be converted into Canadian dollars using the rate of exchange quoted by the Bank of Canada at noon on the date such amounts arose, or such other rate of exchange as is acceptable to the CRA.

Taxation of Dividends

Dividends paid or credited or deemed to be paid or credited to a Non-Resident Purchaser on the Subordinate Voting Shares will be subject to Canadian withholding tax at the rate of 25% subject to any reduction in the rate of withholding to which the Non-Resident Purchaser is entitled under any applicable income tax convention between Canada and the country in which the Non-Resident Purchaser is resident. For example, where the Non-Resident Purchaser is a U.S. resident entitled to benefits under the *Canada-United States Income Tax Convention* (1980) and is the beneficial owner of the dividends, the applicable rate of Canadian withholding tax is generally reduced to 15%.

Disposition of Subordinate Voting Shares

A Non-Resident Purchaser will not be subject to tax under the Tax Act on any capital gain realized on a disposition or deemed disposition of a Subordinate Voting Share, unless the Subordinate Voting Share is or is deemed to be taxable Canadian property to the Non-Resident Purchaser for purposes of the Tax Act and the Non-Resident Purchaser is not entitled to relief under an applicable income tax convention between Canada and the country in which the Non-Resident Purchaser is resident.

Generally, provided the Subordinate Voting Shares are listed on a designated stock exchange as defined in the Tax Act (which includes the TSX and NYSE) at the time of disposition or deemed disposition, the Subordinate Voting Shares will not constitute taxable Canadian property of a Non-Resident Purchaser, unless at any time during the 60-month period immediately preceding the disposition or deemed disposition, the Non-Resident Purchaser, persons with whom the Non-Resident Purchaser did not deal with at arm's length or the Non-Resident Purchaser together with all such persons, owned 25% or more of the issued Subordinate Voting Shares or any other class of shares of us. Notwithstanding the foregoing, in certain circumstances set out in the Tax Act, the Subordinate Voting Shares would be deemed to be taxable Canadian property. Non-Residents Purchasers whose Subordinate Voting Shares constitute

taxable Canadian property should consult with their own tax advisors.

Certain U.S. Federal Income Tax Information For U.S. Holders

The following is a discussion of the material U.S. federal income tax consequences to U.S. Holders, as defined below for purposes of this discussion, of the ownership and disposition of Subordinate Voting Shares. The discussion is based on the U.S. Internal Revenue Code of 1986, as amended (the Code), U.S. Treasury regulations, judicial authorities,

S-18

Table of Contents

published positions of the U.S. Internal Revenue Service (the IRS) and other applicable authorities, all as in effect on the date hereof and all of which are subject to change, possibly with retroactive effect.

A U.S. Holder is a beneficial owner of the Subordinate Voting Shares that is (a) an individual U.S. citizen or resident alien for U.S. federal income tax purposes; (b) a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States, the District of Columbia or any state in the United States; (c) an estate the income of which is subject to U.S. federal income taxation regardless of its source; or (d) a trust, if its administration is subject to the primary supervision of a U.S. court and one or more U.S. persons have the authority to control all substantial decisions of the trust, or if it has made a valid election under applicable U.S. Treasury regulations to be treated as a U.S. person.

The discussion only addresses U.S. Holders who hold the Subordinate Voting Shares as capital assets within the meaning of Section 1221 of the Code. This discussion does not address all the tax consequences that might be relevant to U.S. Holders in light of their particular circumstances or the U.S. federal income tax consequences to U.S. Holders subject to special treatment under U.S. federal income tax laws, including, but not limited to, banks and other financial institutions, insurance companies, dealers in securities or foreign currency, traders that have elected mark-to-market accounting, tax-exempt organizations, certain former citizens or residents of the United States, persons that actually or constructively own 10% or more of our value or voting power, persons that hold the Subordinate Voting Shares as part of a straddle, hedge, conversion transaction or other integrated investment, or U.S. Holders that have a functional currency other than the U.S. dollar, all of whom may be subject to tax rules that differ significantly from those summarized below.

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) holds the Subordinate Voting Shares, the U.S. federal income tax treatment of a partner in the partnership will depend on the status of the partner and the activities of the partnership. Partnerships that hold the Subordinate Voting Shares, and partners in such partnerships, are urged to consult their own tax advisors regarding the U.S. federal income tax consequences of holding the Subordinate Voting Shares.

Prospective investors are urged to consult their own tax advisors regarding the U.S. federal income tax consequences of the ownership and disposition of the Subordinate Voting Shares in their particular circumstances.

Taxation of Dividends

Subject to the passive foreign investment company (PFIC) rules discussed below, distributions with respect to our Subordinate Voting Shares (before reduction for Canadian withholding taxes) out of our current or accumulated earnings and profits, as determined for U.S. federal income tax purposes, will be dividends and will be includable in a U.S. Holder's ordinary income when received. Certain dividends received by a non-corporate U.S. shareholder, including an individual, from a non-U.S. corporation during taxable years beginning before 2011 will be taxed at a maximum rate of 15% under current law, provided the U.S. shareholder has held the stock for more than 60 days during the 121-day period beginning 60 days before the ex-dividend date and certain other conditions are satisfied. Dividends received from a non-U.S. corporation generally will qualify for this reduced tax rate if the corporation is eligible for the benefits of a comprehensive income tax treaty with the United States that includes an exchange of information provision and that the U.S. Treasury Department has determined to be satisfactory for purposes of the qualified dividend provisions of the Code. The U.S. Treasury Department has determined that the Treaty is satisfactory for such purposes. Dividends received from a non-U.S. corporation that otherwise meets this qualification will not qualify for the reduced rate if the non-U.S. corporation is a PFIC for the taxable year in which a dividend is paid or was a PFIC for the previous taxable year. We believe that we are eligible for the benefits of the Treaty and that any dividends that we pay to non-corporate U.S. Holders, including individuals, should qualify for the 15% maximum tax rate under current law. Dividends on our Subordinate Voting Shares will not be eligible for the dividends-received

deduction generally allowed to U.S. corporations.

A U.S. Holder may be entitled to claim a U.S. foreign tax credit for, or deduct, Canadian taxes that are withheld on dividends received by a U.S. Holder, subject to applicable limitations in the Code. Dividends will be income from sources outside the United States and generally will be passive category income or, in certain circumstances, general category income for purposes of computing the U.S. foreign tax credit allowable to a U.S. Holder. The rules governing the U.S. foreign tax credit are complex, and additional limitations on the credit apply to non-corporate U.S. Holders that receive dividends if the dividends are eligible for the 15% maximum tax rate on dividends under current law described

Table of Contents

above. U.S. Holders are urged to consult their tax advisors regarding the availability of the U.S. foreign tax credit under their particular circumstances.

To the extent that the amount of any distribution exceeds our current and accumulated earnings and profits for a taxable year, the distribution would first be treated as a tax-free return of capital to the extent of a U.S. Holder's tax basis in the Subordinate Voting Shares, and any excess over basis will result in capital gain. We do not currently intend to calculate our current and accumulated earnings and profits as determined for U.S. federal income tax purposes. Accordingly, a U.S. Holder should assume that the full amount of any distribution will constitute a dividend for U.S. federal income tax purposes.

Disposition of Subordinate Voting Shares

Subject to the PFIC rules discussed below, a U.S. Holder will recognize taxable gain or loss on any sale or other disposition of Subordinate Voting Shares in an amount equal to the difference between the amount received for the Subordinate Voting Shares and the U.S. Holder's tax basis in the Subordinate Voting Shares. Generally, such gain or loss will be a capital gain or loss. Capital gains of non-corporate U.S. Holders, including individuals, derived with respect to capital assets held for more than one year are eligible for reduced rates of U.S. federal income tax under current law. The deductibility of capital losses is subject to limitations. Such gain or loss generally will be treated as income or loss from sources within the United States for U.S. foreign tax credit limitation purposes.

Passive Foreign Investment Company

We believe that we are engaged in the active conduct of an insurance business and, accordingly, do not believe that we are a PFIC. This conclusion is a factual determination that is made annually, and thus there can be no assurance that we will not be a PFIC for the current year or any future taxable year. If we or one of our non-U.S. subsidiaries were a PFIC for any taxable year during which a U.S. Holder held the Subordinate Voting Shares, gain recognized on the sale or other disposition of the Subordinate Voting Shares would in general not be treated as capital gain. Instead, a U.S. Holder would be treated as if the U.S. Holder had recognized such gain and certain excess distributions ratably over the U.S. Holder's holding period for the Subordinate Voting Shares and would be taxed at the highest tax rate in effect for each such year to which the gain was allocated, together with a special interest charge in respect of the tax attributable to each such year. U.S. Holders should consult their tax advisors about the advisability of making a mark-to-market election to mitigate these tax consequences if we were to become a PFIC. Such an election would not be available with respect to the stock of our subsidiaries. U.S. Holders should consult their own tax advisors with respect to how the PFIC rules could affect their tax situation.

Controlled Foreign Corporation

Certain shareholders of a non-U.S. corporation may be subject to current U.S. federal income tax on their pro rata share of the corporation's income if the corporation is classified as a controlled foreign corporation (a CFC) for U.S. federal income tax purposes. Prospective investors should consult their own tax advisors with respect to the application of the CFC rules to their particular circumstances. A special CFC classification applies to non-U.S. insurance companies that receive certain insurance income derived from insuring a U.S. person who owns any amount of the company's stock directly or indirectly through non-U.S. entities (a U.S. Shareholder) or a person related to such U.S. Shareholder. All U.S. Shareholders of a non-U.S. insurance company that is subject to this special classification are subject to current U.S. federal income tax with respect to their proportionate share of the relevant insurance income of the non-U.S. insurance company, regardless of the size of the individual ownership interests of such U.S. Shareholders. An exception to this special CFC classification applies if less than 20% of the direct or indirect shareholders (by vote and value) are insured by the non-U.S. insurance company or are related to persons who are insured by the non-U.S. insurance company or if the non-U.S. insurance company derives less than 20% of its gross

insurance income from insuring U.S. Shareholders or persons related to U.S. Shareholders. Although we do not specifically track the identity of our shareholders or persons who are insured by us for this purpose, we believe that we should qualify for one of these exceptions and should not be subject to the special CFC classification. There can be no assurance, however, that we qualify for one of these exceptions or will qualify for an exception in future taxable years. If we do not qualify for an exception, certain information reporting will be required by our U.S. Shareholders.

Information Reporting and Backup Withholding

In general, information reporting will apply to dividends on our Subordinate Voting Shares and the proceeds of the sale or other disposition of the Subordinate Voting Shares unless a U.S. Holder is an exempt recipient, such as a corporation. Backup withholding may apply to those payments if a U.S. Holder fails to provide a taxpayer identification number and comply with certain certification procedures or otherwise fails to establish an exemption from backup withholding. If backup withholding applies, the relevant intermediary must withhold U.S. federal income tax on those payments at a rate of 28%. Any amount withheld under the backup withholding rules will be allowed as a refund or credit against a U.S. Holder's U.S. federal income tax liability, provided the required information is furnished to the IRS in a timely manner.
