Annual Meeting of Shareholders

Statement
NAM TAI ELECTRONICS, INC.
Chairman's Message

May 3, 2010

Dear Shareholders:

To draw a parallel for our investors in the US, the global financial recession has affected Nam Tai in a manner similar to the economic effects of Hurricane Katrina on areas of the Southeastern United States. Katrina began as a modest tropical wave in the Caribbean, but eventually grew to become one of the most powerful hurricanes of all time and most devastating in the history of the United States. The global economic recession, the effects of which on our company were felt substantially in 2008, took an even more severe toll on Nam Tai during 2009, causing, among other adverse effects, our total net sales to fall below the half billion dollar level for the first time since 2003, our gross profit to drop to its lowest point since 2002, our operating income to decrease below \$1 million for the first time since our fiscal 1989 and our net income per share to be the lowest we have reported since we became a public company in March 1988.

The Company responded with cost-cutting measures that reduced our net headcount in our operating subsidiaries by approximately 1,900, from 7,104 at December 31, 2008 to 5,203 at December 31, 2009. We realized the benefits of the cost savings from the reduction in our workforce beginning in the second quarter of 2009 and do not expect that our 2009 workforce reductions will materially impact our operating results, cash position or financial condition for periods after December 31, 2009. Net cash provided by operating activities was up 4.6 percent to \$38.5 million in 2009. We reduced inventory by \$11.2 million. We ended the year with \$182.7 million in cash and \$12.9 million in fixed deposits, even after spending \$44.3 million in our successful completion of a tender offer for the publicly-traded shares of our subsidiary, Nam Tai Electronic & Electrical Products Limited, concluding our multi-year effort to achieve 100 percent ownership of all our operating subsidiaries. And we did that, as well as complete construction of our new manufacturing facility in Wuxi, approximately 80 miles Northwest of Shanghai near the East Coast Mainland China, our first expansion outside of Guangdong Province in Southern China, without incurring any debt.

2009 Reviewed

For the year ended December 31, 2009, Nam Tai's net sales were \$408.1 million, a decrease of 34.5% as compared to \$622.9 million in the same period of 2008. Gross profit was \$40.3 million, a decrease of 43.0% as compared to \$70.7 million in the same period in 2008. Operating income for 2009 decreased 94% to \$0.4 million, or \$0.009 per share (diluted), compared to \$6.4 million, or \$0.14 per share (diluted), in the same period in 2008. Net income was \$1.7 million, or \$0.04 per share (diluted), a decrease of 94.6% as compared to \$30.6 million or \$0.68 per share (diluted) in the same period of 2008.

To guard against risks in these turbulent economic times, we have invested our cash on hand at December 31, 2009 conservatively in term deposits, which provide near immediate

availability for use as working capital. We believe that the security achieved from this conservatism justifies forgoing higher returns available from less prudent investments.

Outlook for 2010

Our operations remain organized into three reportable segments, consisting of consumer electronics and communication products (CECP), telecommunication components assembly (TCA), and liquid crystal display, or LCD, products (LCDP). Our revenues by product sector in 2009 were as follows:

2009 Revenue by Product Sector

Although some believe that the global recession has reached bottom and economic conditions are improving, we believe that conditions prevailing at the end of 2009 will continue during 2010 and limit our business and growth. We expect demand for LCD panels and modules and flexible printed circuit, or FPC, boards and subassemblies to increase in 2010. However, we also anticipate that orders for optical and educational products in our CECP segment will remain weak and may even decrease from 2009 levels. Our business in the first quarter of 2010 support these predictions. As a consequence, we now believe that our overall business in 2010 may grow, but only slightly from 2009 levels, provided that inflation in China, which we expect to increase in 2010, does not drive wages and manufacturing costs to a point where our gross margins further deteriorate materially from the depths reached in 2009. In 2010, we plan to focus on developing and manufacturing FPC products. I am personally pleased to report that our new Wuxi facility began low-volume manufacturing of FPC products on schedule. We are using this production not only as a source for other products we manufacture in our LCDP segment but also for products we manufacture for automotive applications. We anticipate developing other product applications for our FPC products, such as backlights and digital cameras, and that these will contribute to revenues from our TCA segment in future periods.

We have completed the integration of our management of TCA and LCDP segments and plan to reduce our business in the CECP segment, eventually eliminating that low margin area of our business. Instead, we plan to concentrate our efforts toward restructuring our LCD module manufacturing, consolidating and integrating capacities and capabilities for these higher margin products in the belief that this segment offers the most compelling opportunity for our return to growth.

In the near-term we will direct our attention to improving management, and, where necessary, recruiting new executives to fill gaps we perceive in our hierarchy. We also plan to increase our sales and marketing personnel to stimulate efforts to attract new customers and expand our business with existing ones.

We have continued and will continue to exercise rigorous corporate governance and control policies and will maintain our utilization of an effective risk control system.

My sincere thanks to those who have continued to work hard under difficult circumstances and to those who continue to support and invest in our company.

QUESTIONS AND ANSWERS RELATING TO THE ANNUAL MEETING

Why did I receive these materials?

Our shareholders as of the close of business on April 21, 2010, which we refer to as the Record Date, are entitled to vote at our Annual Meeting of shareholders, which will be held on June 3, 2010. As a shareholder, you are invited to attend the annual meeting and are requested to vote on the items of business described in this proxy statement. We distribute these proxy materials to all of our shareholders of record on the Record Date.

This proxy statement provides notice of the annual meeting of shareholders, describes the proposals presented for shareholder action and includes information about the proposals, information concerning our management, corporate governance and principal shareholders and other information that we desire to disclose to shareholders. The accompanying proxy card enables shareholders to vote on the matters without having to attend the annual meeting in person.

What is a proxy?

A proxy is your legal designation of another person (the proxy) to vote on your behalf. By completing and returning the enclosed proxy card, you are giving the Chairman of the Board and the Chief Financial Officer of the Company and/or the Chief Executive Officer of the Company the authority to vote your shares in the manner you indicate on your proxy card.

Why did I receive more than one proxy card?

You will receive multiple proxy cards if you hold your shares in different ways (e.g., joint tenancy, trusts, and custodial accounts) or in multiple accounts. If your shares are held by a broker, bank, trustee or other nominee (i.e., in street name), you will receive your proxy card or other voting information from your broker, bank, trustee or other nominee, and you should return your proxy card or cards to your broker, bank, trustee or other nominee. You should vote on and sign each proxy card you receive.

Who is entitled to vote at the Meeting?

Only shareholders of record at the close of business on the Record Date are entitled to receive notice of and to participate in the annual meeting. If you were a shareholder of record on the Record Date, you will be entitled to vote all of the shares that you held on that date at the Meeting, or any postponements or adjournments of the Meeting.

How many votes do I have?

You will be entitled to one vote for each outstanding share of our common stock you own as of the Record Date. As of the Record Date, there were 44,803,735 shares of our common stock outstanding and eligible to vote.

What is the difference between a stockholder of record and a street name holder?

These terms describe how your shares are held. If your shares are registered directly in your name with Registrar and Transfer Company, or RTC, the Company's transfer agent, you are a stockholder of record. If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a street name holder.

How many shares must be present or represented to conduct business at the Meeting?

The presence at the Meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the Company's common shares outstanding on the Record Date will constitute a quorum, permitting the conduct of business at the Meeting. Based on the number of shares of our common stock outstanding on the Record Date, the presence of the holders of our common stock representing at least 22,401,868 votes will be required to establish a quorum.

Proxies received but marked as abstentions, votes withheld and broker non-votes will be included in the calculation of the number of votes considered present at the Meeting.

How can I vote my shares in person at the Meeting?

Shares held in your name as the shareholder of record may be voted by you in person at the Meeting. Shares held by you beneficially in street name through a broker, bank or other nominee may be voted by you in person at the Meeting only if you obtain a legal proxy from the broker, bank or other nominee that holds your shares giving you the right to vote the shares.

Who can attend the annual meeting?

All shareholders of record as of the close of business on April 21, 2010, can attend the meeting. However, seating is limited and will be on a first arrival basis.

To attend the annual meeting, please follow these instructions:

If you are a shareholder of record, bring proof of ownership of Nam Tai shares and a form of identification; or

If a broker or other nominee holds your shares, bring proof of ownership of Nam Tai shares through such broker or nominee and a form of identification.

Shareholders who plan to attend the Meeting should first check in at the Reception Desk on the 12th Floor of Four Embarcadero Center in San Francisco, the venue for the meeting, for directions to the conference room where the meeting will be held.

How can I vote my shares without attending the Meeting?

Whether you hold shares directly as the shareholder of record or beneficially in street name, you may direct how your shares are voted without attending the Meeting. If you are a shareholder of record (that is, if your shares are registered directly in your name with RTC), you must complete and properly sign and date the accompanying proxy card and return it. A pre-addressed envelope is included for your use and is postage paid if mailed in the United States. If you are a shareholder of record and attend the meeting, you may deliver your completed proxy card in person.

If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, bank or other nominee.

Can I vote by telephone or electronically?

If you are a shareholder of record, you may vote by telephone, or electronically through the Internet, by following the instructions included with your proxy card. If your shares are held in street

name, please check your proxy card or contact your broker, bank or other nominee to determine whether you will be able to vote by telephone or electronically and the deadline for such voting.

Can I change my vote after I return my proxy card?

Yes. If you are a shareholder of record, you may revoke or change your vote at any time before the proxy is exercised by delivering to our Secretary at the address shown at the beginning of this proxy statement a notice of revocation, or by signing a proxy card bearing a later date or by attending the Meeting and voting in person.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the Meeting and voting in person. In either case, the powers of the proxy holders will be suspended if you attend the Meeting in person and so request, although attendance at the Meeting will not by itself revoke a previously granted proxy.

What are the proposals to be considered by shareholders?

The Board of Directors is submitting two proposals for shareholder action at the 2010 annual meeting: Proposal 1 the election of five (5) nominees for directors of the Company, each to serve until the next annual meeting of shareholders, and Proposal 2 the ratification of the appointment of Moore Stephens as independent registered public accounting firm of the Company for the year ending December 31, 2010.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the Meeting is required for the election of directors (Proposal 1). Plurality means that the individuals who receive the highest number of votes are elected as directors, up to the number of directors to be chosen at the meeting. A properly executed proxy marked withhold authority with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Item. For the proposal to ratify the appointment of our independent registered public accounting firm for our year ending December 31, 2010 (Proposal 2) the affirmative vote of the holders of a majority of the votes cast in person or represented by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked abstain with respect to Proposal 2 will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

What are the Board of Directors recommendations?

Unless you give other instructions on your proxy card, the person named as proxy holder on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board of Directors recommends that shareholders vote FOR the election of directors named; and FOR the ratification of the selection of Moore Stephens as independent public accountants of the Company for the year ending December 31, 2010.

Will shareholders be asked to vote on any other matters?

To the knowledge of the Company and its management, shareholders will vote only on the matters described in this proxy statement. However, if any other matters properly come before the Meeting, the persons named as proxies for shareholders will vote on those matters in the manner they consider appropriate.

Who counts the votes?

Votes will be counted and certified by the Inspectors of Election, who are employees of RTC. If you are a shareholder of record, your signed proxy card is returned directly to RTC for tabulation. If you hold your shares in street name through a broker, bank or other nominee, your broker, bank or other nominee will return one proxy card to RTC on behalf of its clients.

How are votes counted?

In the election of directors, you may vote FOR all or some of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. You may not cumulate your votes for the election of directors.

For Proposal 2, you may vote FOR, AGAINST or ABSTAIN. If you elect to ABSTAIN, the abstention has the same effect as a vote AGAINST.

If you hold your shares in street name through a broker, bank or other nominee rather than directly in your own name, then your broker, bank or other nominee is considered the shareholder of record, and you are considered the beneficial owner of your shares. We have supplied copies of our proxy statement to the broker, bank or other nominee holding your shares of record, and they have the responsibility to send it to you. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares at the Meeting. The broker, bank or other nominee that is the shareholder of record for your shares is obligated to provide you with a voting instruction card for you to use for this purpose.

If you hold your shares in a brokerage account but you fail to return your voting instruction card to your broker, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting results for the proposals, shares that constitute broker non-votes are not considered present and entitled to vote on that proposal, but are counted for purposes of establishing a quorum. If a quorum is present at the Meeting, the persons receiving the greatest number of votes will be elected to serve as directors. As a result, broker non-votes will not affect the outcome of the voting on the election of directors (Proposal 1). The ratification of the appointment of our independent registered public accounting firm (Proposal 2) requires the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Meeting and entitled to vote on the proposal. A broker non-vote is treated as not being entitled to vote on the matter and, therefore, is not counted for purposes of determining whether the proposal has been approved. If you are a beneficial owner and your broker, bank or other nominee holds your shares in its name, it is not permitted for the broker, bank or other nominees to vote your shares on the election of directors (Proposal 1) or the ratification of the appointment of our independent registered public accounting firm (Proposal 2).

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a shareholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive.

**PROPOSAL NO. 1

Each director holds office according to the terms of his appointment until their successors take office or until their earlier death, resignation or removal. Unless otherwise directed by shareholders, the proxy holders will vote all shares represented by proxies held by them for the election of the nominees named below. Each of the members of our Board of Directors serving on our Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee, and each member of our Board of

Directors (other than Mr. M. K. Koo, our Executive Chairman of the Board), is independent as that term is defined in Corporate Governance Rules of the NYSE.

Nam Tai adopts the directors' independence criteria as established by NYSE Corporate Governance Rules Section 303A.02. In July 2008, the Board of Directors evaluated the independence of Mr. M. K. Koo in accordance with the directors' independence criteria as established by NYSE Corporate Governance Rules Section 303A.02 and affirmatively determined that Mr. Koo had no material relationship with Nam Tai and was an independent director within the meaning of Section 303A.02. However, when Mr. Koo was appointed as Nam Tai's Executive Chairman and Chief Financial Officer on March 1, 2009, this determination ceased to be applicable to Mr. Koo.

Among other things, an independent Non-Executive Director (INED) is an individual:

who has no material relationship with the Company as affirmatively determined by the Board;

who is not nor has been within the last 3 years immediately prior to the date of his appointment as the INED an employee of the Company, provided, however, employment as an interim Chairman of the Board or Chief Executive Officer or other executive officer of the Company shall not disqualify a director from being considered independent following that employment;

who is neither a partner nor an employee of the internal or external audit firm of the Company and within the last 3 years immediately prior to the date of his appointment as the INED was neither a partner nor an employee of such firm and personally worked on the Company's audit during that time;

none of whose immediate family members* is (a) a current partner of the internal or external audit firm of the Company, or (b) a current employee of the internal or external audit firm of the Company and personally works on the Company's audit;

who is not an employee of, or whose immediate family members* are not executive officers of, a company that has made payments to, or received payments from, the Company for property or services in an amount which in any of the 3 fiscal years prior to his appointment as the INED, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

The Company's Board of Directors has determined that one member of the Audit Committee, Mark Waslen, qualifies as an audit committee financial expert as defined by Item 401(h) of Regulation S-K, adopted pursuant to the Securities Exchange Act of 1934.

Our Compensation Committee consisted of four independent non-executive directors during most of 2009: Dr. Lo and Messrs. Chu, Waslen and Kellogg. Mr. Chu serves as the Chairman of the Compensation Committee. At the time of his appointment as Nam Tai's Executive Chairman and Chief Financial Officer, Mr. Koo resigned from the Board's Compensation Committee and since then the Compensation Committee has consisted of the four other members.

Nominating / Corporate Governance Committee

Our Nominating / Corporate Governance Committee consisted of four independent non-executive directors during most of 2009: Dr. Lo and Messrs. Chu, Waslen and Kellogg. Dr. Lo serves as the Chairman of the Nominating / Corporate Governance Committee. Mr. Koo served on our Nominating / Corporate Governance Committee from July 23, 2008 until March 1, 2009, when he was appointed as Nam Tai's Executive Chairman and Chief Financial Officer and thereupon resigned from our Nominating / Corporate Governance Committee.

Compensation of Directors and Senior Management

Compensation on an Aggregate Basis

The aggregate compensation, including benefits in kind granted, during the year ended December 31, 2009 that we or any of our subsidiaries paid to all directors and senior management as a group for their services in all capacities to the Company or any subsidiary was approximately \$2.1 million (excluding the value of stock option granted in accordance to Statement of Financial Accounting Standard No. 123(R), Share-based Payment (FAS 123(R)), which is now codified as FASB ASC 718 Compensation Stock Compensation , or amounts paid when the Company repurchased stock options from directors).

During the year ended December 31, 2009, we granted to our directors from our stock option plans options to purchase an aggregate of 75,000 of our common shares at an exercise price of \$4.41 per share. The exercise prices of the shares covered by the options granted during 2009 were equal to the fair market value of our shares on the date of grant and the options granted expire on the anniversary of their grant date in 2012.

We pay our directors \$3,000 per month for services as a director, \$750 per meeting attended in person and \$500 per meeting attended by telephone. In addition, we reimburse our directors for all reasonable expenses incurred in connection with their services as a director and member of a board committee.

During 2009, members of our senior management were eligible for annual cash bonuses based on their performance and that of the subsidiaries in which they are assigned for the relevant period. Senior management is entitled to share up to 5% of the operating income from the subsidiary in which they are employed during the year. Our senior management in charge of our subsidiaries recommends the participating staff members from the corresponding subsidiary and the amount, if any, to be allocated from such subsidiary's profit pool to an eligible employee. In addition to cash incentives, members of our senior management are eligible to receive stock options from our Stock Option Plans. With effect from 2009, our Chief Executive Officer is entitled to 20% of the incentive pools of each business unit, and the balance is shared by senior management of the relevant business unit per above.

According to the applicable laws and regulations in China set by the local government of Shenzhen, China, prior to July 2006, we are required to contribute 8% to 9% of the stipulated salary to our staff located there to retirement benefit schemes to fund retirement benefits for our employees. With effect from July 2006, the applicable percentages were adjusted to 10% to 11%. Our principal obligation with respect to these retirement benefit schemes is to make the required contributions under the scheme. No forfeited contributions may be used by us to reduce the existing level of contributions.

Since December 2000, we have enrolled all of our eligible employees located in Hong Kong into the Mandatory Provident Fund, or MPF, scheme, a formal system of retirement protection that is mandated by the government of Hong Kong and provides the framework for the establishment of a system of privately managed, employment-related MPF schemes to accrue financial benefits for members of the Hong Kong workforce when they retire. Since first establishing a subsidiary in Macao in 2003, we have enrolled all of our eligible employees in Macao into Macao's retirement benefit scheme, or RBS. Both the MPF and RBS are available to all employees aged 18 to 64 and with at least 60 days of service under the employment of Nam Tai in Hong Kong and Macao. Contributions are made by us at 5% based on the staff's relevant income. The maximum relevant income for contribution purpose per employee is \$3,000 per month. Staff members are entitled to 100% of the Company's contributions, together with accrued returns, irrespective of their length of service with us, but the benefits are required by law to be preserved until the retirement age of 65 for employees in Hong Kong while the benefit can be withdrawn by the employees in Macao at the end of employment contracts.

The cost of our contributions to the staff retirement plans in Hong Kong, Macao and China amounted to approximately \$1,800,000, \$1,814,000 and \$1,480,000 for the years ended December 31, 2007, 2008 and 2009 respectively.

PROPOSAL 2 RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Moore Stephens as independent registered public accounting firm of the Company for the year ending December 31, 2010. The Board of Directors further directed that the Company submit the selection of independent registered public accounting firm for ratification by shareholders at the Meeting.

Moore Stephens served as our independent registered public accounting firm for year ended December 31, 2009, for which our audited consolidated financial statements at and for the year ended December 31, 2009 appeared in our annual report on Form 20-F filed with the Securities and Exchange Commission on March 16, 2010.

If the appointment of Moore Stephens is not ratified, the Audit Committee will evaluate the basis for the shareholders' vote when determining whether to continue the firm's engagement, but may ultimately determine to continue the engagement or engage another audit firm without re-submitting the matter to shareholders. Even if the appointment is ratified, the Audit Committee, in its discretion, may act to engage a different independent auditing firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and its shareholders' best interests.

The Board of Directors recommends that the shareholders to vote FOR this proposal

The following table presents the aggregate fees for professional services and other services rendered by Deloitte Touche Tohmatsu and Moore Stephens to us in 2008 and 2009, respectively.

	(in thousands)	
Audit Fees ⁽¹⁾	\$ 1,211	\$ 329
Audit-related Fees ⁽²⁾	18	8
Tax Fees ⁽³⁾	7	4
Total	\$ 1,236	\$ 341

(1) Audit Fees consist of fees billed for the annual audit of our consolidated financial statements and the statutory financial statements of our subsidiaries. They also include fees billed for other audit services, which are those services that only the independent registered public accounting firm reasonably can provide, and include the provision of attestation services relating to the review of documents filed with the SEC.

(2) Audit-related Fees consist of fees billed for assurance and related services

that are reasonably related to the performance of the audit or review of our financial statements.

- (3) Tax Fees include fees billed for tax compliance services, including the preparation of original and amended tax returns and claims for refund; tax consultations, such as assistance and representation in connection with tax audits and appeals, tax advice related to mergers and acquisitions, transfer pricing, and requests for rulings or technical advice from tax authorities; tax planning services; and expatriate tax compliance, consultation and planning services.

Audit Committee Pre-approval Policies and Procedures

The Audit Committee of our Board of Directors is responsible, among other matters, for the oversight of the independent registered public accounting firm subject to the relevant regulations of the SEC and NYSE. The Audit Committee has adopted a policy, or the Policy, regarding pre-approval of audit and permissible non-audit services provided by our independent registered public accounting firm.

Under the Policy, the Chairman of the Audit Committee is delegated with the authority to grant pre-approvals in respect of all auditing services including non-audit service, but excluding those services stipulated in Section 201

Service Outsider the Scope of Practice of Auditors . Moreover, if the Audit Committee approves an audit service within the scope of the engagement of the audit service, such audit service shall be deemed to have been pre-approved. The decisions of the Chairman of the Audit Committee made under delegated authority to pre-approve an activity shall be presented to the Audit Committee at each of its scheduled meetings.

Requests or applications to provide services that require specific approval by the Audit Committee are submitted to the Audit Committee by both the independent registered public accounting firm and the Chief Financial Officer.

During 2008 and 2009, approximately 98.1% and 98.6%, respectively, of the total audit-related fees and tax fees were approved by the Audit Committee pursuant to the pre-approval requirement provided by paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

OPERATIONS REVIEW

The business environment in Nam Tai's product sectors remains difficult and extremely competitive. Sales in the first quarter of 2010 were \$79.3 million, a decrease of 22.4% as compared to sales of \$102.2 million in the same quarter of 2009. Sales in our CECP segment and TCA segment dropped by 52.2% and 13.2% respectively and LCDP segment increased by 21.2%, during the first quarter of 2010, as compared to same period in 2009. Sales in our CECP segment declined significantly mainly because of the continuing effect from the global economic downturn. The weak demand in the market for our consumer products adversely affected sales of all of our end-user products such as mobile phone accessories, which principally represented sales of our headsets containing Bluetooth®¹ wireless technology, educational products, optical products and home entertainment devices. Sales in our TCA segment also declined as a consequence of the decline in sales of TCA.

The Company's gross profit margin in the first quarter of 2010 was 8.2% as compared to 7.0% in the first quarter of 2009. Gross profit in the first quarter of 2010 was \$6.5 million, a decrease of 8.7%, as compared to \$7.1 million in the first quarter of 2009, primarily resulting from the decrease in sales.

Net loss in the first quarter of 2010 was \$1.1 million, as compared to net loss attributable to Nam Tai shareholders of \$3.9 million in same quarter of 2009. The loss in the first quarter of 2010 primarily resulted from the overall decline in sales, whereas the loss in the first quarter of 2009, was attributable to a \$5.1 million restructuring charge for employee severance expenses in Nam Tai's PRC subsidiaries. Basic and diluted loss per share in the first quarter of 2010 were \$0.02, as compared to basic and diluted loss per share of \$0.09 in the first quarter of 2009.

Non-GAAP Financial Information

Non-GAAP operating loss for the first quarter of 2010 was \$0.6 million, or \$0.01 per share (diluted), compared to non-GAAP operating loss of \$1.4 millions, or \$0.03 per share (diluted), in the first quarter of 2009. Non-GAAP net loss for the first quarter of 2010 increased to \$1.1 million or \$0.02 per share (diluted), compared to loss of \$0.7 million, or \$0.02 per share (diluted), in the first quarter of 2009.

- (1) The Bluetooth® word mark and logo are owned by the Bluetooth SIG, Inc. and any use of such mark by Nam Tai is under license.

Liquidity and Financial Resources

Despite current economic conditions, Nam Tai's financial position as at March 31, 2010 remained strong with \$196.8 million cash on hand. Net cash provided by operating activities in the first quarter was \$4.4 million. During the first quarter, the Company made capital expenditure of \$3.3 million.

Nam Tai's cash on hand has been invested in term deposits with HSBC and China Construction Bank. The Company continues to exercise rigorous corporate governance and control policies and is not involved in trading of any debt securities or financial derivative products.

EXPANSION PROJECTS

The newly completed expansion project of FPC manufacturing plant in Wuxi near the east central coast of China, approximately 80 miles northwest of Shanghai started operation in January 2010. The Company is also still waiting for the release of the land in Guangming by the Government. This piece of land of about 118,000 square meters will be reserved for future expansion of business after 3 to 5 years.

COMPANY OUTLOOK

Although some believe that the global recession has reached bottom and economic conditions are improving, we believe that conditions prevailing at the end of 2009 will continue during 2010 and limit our business and growth. We expect demand for LCD panels and modules and flexible printed circuit, or FPC, boards and subassemblies to increase in 2010. However, we also anticipate that orders for optical and educational products in our CECP segment will remain weak and may even decrease from 2009 levels. Our business in the first quarter of 2010 support these predictions. As a consequence, we now believe that our overall business in 2010 may grow, but only slightly from 2009 levels, provided that inflation in China, which we expect to increase in 2010, does not drive wages and manufacturing costs to a point where our gross margins further deteriorate materially from the depths reached in 2009. In 2010, we plan to focus on developing and manufacturing FPC products. Our new Wuxi facility began low-volume manufacturing of FPC products on schedule. We are using this production not only as a source for other products we manufacture in our LCDP segment but also for products we manufacture for automotive applications. We anticipate developing other product applications for our FPC products, such as backlights and digital cameras, and that these will contribute to revenues from our TCA segment in future periods.

We have completed the integration of our management of TCA and LCDP segments and plan to reduce our business in the CECP segment, eventually eliminating that low margin area of our business. Instead, we plan to concentrate our efforts toward restructuring our LCD module manufacturing, consolidating and integrating capacities and capabilities for these higher margin products in the belief that this segment offers the most compelling opportunity for our return to growth.

In the near-term we will direct our attention to improving management, and, where necessary, recruiting new executives to fill gaps we perceive in our hierarchy. We also plan to increase our sales and marketing personnel to stimulate efforts to attract new customers and expand our business with existing ones. We have continued and will continue to exercise rigorous corporate governance and control policies and will maintain our utilization of an effective risk control system.

FORWARD-LOOKING STATEMENTS AND FACTORS THAT COULD CAUSE OUR SHARE PRICE TO DECLINE

Express or implied statements in this press release, such as the statements included in Company Outlook, particularly management's expectations regarding increases in the demand for LCD modules and FPC products during 2010, growth in future quarters expected from the merger of management in Nam Tai's TCA and LCDP segments or the development of other product applications to be manufactured at Nam Tai's new Wuxi facility and management's assessment that Nam Tai will achieve limited growth during 2010 and statements regarding management's assessment of the strength of Nam Tai's financial condition and cash position, are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934.
