**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On May 4, 2010, the shareholders of Aaron's, Inc. (the Company), approved the Aaron's, Inc. Executive Bonus Plan, to be effective as of January 1, 2010 (the Plan). Previously, on March 23, 2010, the Board of Directors of the Company authorized the Compensation Committee to finalize, approve and administer the Plan. The purpose of the Plan is to further the growth and financial success of the Company by offering performance incentives to designated executives who have significant responsibility for such success. The Plan will be administered by the Compensation Committee or other committee designated by the Board (the Committee), subject to the Committee's right to delegate to the Chief Executive Officer and others responsibility for administration of the Plan as it relates to participants other than the Chief Executive Officer. Persons eligible to participate in the Plan are the executive officers and other executives of the Company, its operating units, or its affiliates who are in management positions designated as eligible for participation by the Committee or its designee. The Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan may be amended, suspended or terminated by the Committee at any time, subject to ratification by the Board and to the consent of each participant whose rights with respect to an award that has been determined and approved would be adversely affected. Unless terminated, the Plan will remain in effect until awards thereunder are paid for the Company's fiscal year ending in 2015.

Prior to, or as soon as practical after, the commencement of each fiscal year, the Committee will establish plan rules for that year with respect to the following matters: (a) employees who are eligible to participate; (b) performance targets and the measurement criteria for determining the level of achievement of the performance targets; (c) the dollar amount or the percentage of a participant's base salary which may be paid as an incentive award at specified levels of achievement of the performance targets; (d) the form of payment of an incentive award; and (e) the times and conditions subject to which any incentive award may become payable. Performance criteria for the Chief Executive Officer (and such other participants as the Committee may determine) will include one or more of the following: earnings before interest and taxes (EBIT), earnings before interest, taxes, depreciation and amortization (EBITDA), pre-tax earnings, return on capital employed, cash flow, cash flow return, operating income, inventory turnover ratio, cost reductions, leverage ratios, gross margin, product introduction, sales, net income, earnings per share, return on equity, return on assets (or net assets), investments, pre-tax profit, after-tax profit, market value of the Company's stock, total shareholder return, economic profit, capitalized economic profit, and strategic business objectives consisting of one or more objectives based on meeting specified cost targets, business expansion goals, and goals related to acquisitions and divestitures. The Committee may establish other performance criteria for participants other than the Chief Executive Officer (and such other participants as the Committee may determine) if such awards are not intended to be qualified performance-based awards for purposes of Code Section 162(m). The maximum incentive award payable to a participant in any year will be \$3.0 million.

After the end of each fiscal year, the Committee will certify the extent to which the performance criteria have been achieved for that year. In measuring performance, the Committee may adjust the Company's financial results to exclude the effect of unusual charges or income items which distort year-to-year comparisons of results and other events, including acquisitions or dispositions of businesses or assets, recapitalizations, reorganizations, or reductions in force. With respect to the Chief Executive Officer and other participants designated by the Committee, the Committee shall exclude such items whose exclusion has the effect of increasing achievement of performance criteria if such items constitute extraordinary items under generally accepted accounting principles or are unusual events or items. The Committee will also make adjustments to eliminate the effect of unanticipated changes in the tax or accounting rules and regulations.

Incentive awards shall be approved by the Committee, subject to ratification by the Board when required under the Plan or elected by the Committee, based on the Plan rules then in effect and the achievement of performance criteria as certified by the Committee. The Committee may in its discretion grant awards to deserving participants, except the Chief Executive Officer, notwithstanding levels of achievement of performance criteria.

Awards will generally be made in lump sum cash payments or in such other form as the Committee may specify at the beginning of the year. Payment will be made as soon as practicable after determination of awards.

A partial incentive award may be authorized by the Committee for a participant who is terminated without cause or who retires, dies, or becomes permanently and totally disabled. Otherwise, no award will be paid to a participant who is not an active employee of the Company, an operating unit, or an affiliate at the end of the fiscal year to which the award relates. In general and unless with respect to some or all participants, the Committee has established a different rule, upon the occurrence of a Change in Control (as defined in the Plan), the participant's incentive award for that year will be deemed to have been fully earned for the year, with deemed performance at the target level; will be prorated for the portion of the year that has elapsed; and will be paid within thirty days after the effective date of the Change in Control.

The foregoing description of the Plan is qualified in its entirety by reference to the full text of the Plan, which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.
