Item 8.01 Other Events.

On June 8, 2010, two subsidiaries of EnPro Industries, Inc. (the Company) Garlock Sealing Technologies LLC (Garlock) and Garrison Litigation Management Group, Ltd. (Garrison), which are debtors in possession under proceedings pending in the United States Bankruptcy Court in the Western District of North Carolina (the Court) entered into a Post-Petition Loan and Security Agreement with Bank of America, N.A. (the DIP Loan Agreement) to establish a secured revolving credit facility pursuant to which Garlock and Garrison may from time to time obtain loans and letters of credit in an aggregate amount up to \$10,000,000 outstanding at any time (with a sublimit of \$8,000,000 for letters of credit). Actual borrowing availability at any date would be determined by reference to a borrowing base of specified percentages of eligible accounts receivable and inventory, which borrowing base would be reduced by loans and letters of credit outstanding and certain reserves. The obligations of Garlock and Garrison under the DIP Loan Agreement are guaranteed by Garlock s two domestic subsidiaries and secured by certain assets of Garlock, Garrison and such domestic subsidiaries. The Court has entered an interim order approving the DIP Loan Agreement and a hearing on a motion for a final order approving the DIP Loan Agreement has been scheduled for June 30, 2010. The DIP Loan Agreement is filed as Exhibit 99.1 hereto and is incorporated by reference herein.

As a result of the deconsolidation of Garlock and Garrison from the Company s financial results, indebtedness incurred under the DIP Loan Agreement will not be reflected in the Company s consolidated balance sheets.
