Leadership Structure and Board of Directors

The Board has general oversight responsibility with respect to the business and affairs of the Fund. The Board is responsible for overseeing the operations of the Fund in accordance with the provisions of the 1940 Act, other applicable laws and the Fund's Articles of Incorporation. The Board is composed of six Independent Directors and one of the Independent Directors serves as Chairman of the Board. Generally, the Board acts by majority vote of all of the Directors, including a majority vote of the Independent Directors if required by applicable law. The Fund's day-to-day operations are managed by the Adviser and other service providers who have been approved by the Board. The Board meets periodically throughout the year to oversee the Fund's activities, review contractual arrangements with service providers, oversee compliance with regulatory requirements and review performance. The Board has determined that its leadership structure is appropriate given the size of the Board, the extensive experience of each Director with the Fund and the nature of the Fund.

The Directors were selected to serve and continue on the Board based upon their skills, experience, judgment, analytical ability, diligence, ability to work effectively with other Directors and a commitment to the interests of stockholders and, with respect to the Independent Directors, a demonstrated willingness to take an independent and questioning view of management. As a result of his substantial prior service as a Director of the Fund and, in several cases, as a director of other investment companies, each Director currently also has considerable familiarity with the Fund, the Adviser and the Administrator, and their operations, as well as the special regulatory requirements governing registered investment companies and the special responsibilities of investment company directors. In addition to those qualifications, the following is a brief summary of the specific experience, qualifications or skills that led to the conclusion, as of the date of this proxy statement, that each person identified below should serve as a Director for the Fund. References to the

qualifications, attributes and skills of the Directors are pursuant to requirements of the Securities and Exchange Commission (SEC), and do not constitute a holding out of the Board or any Director as having any special expertise and should not be considered to impose any greater responsibility or liability on any such person or on the Board by reason thereof. As required by rules the SEC has adopted under the 1940 Act, the Fund s Independent Directors select and nominate all candidates for Independent Director positions.

He also serves on the boards of other listed and private companies.

The Fund's Board of Directors has a separately designated Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act) which is responsible for reviewing financial and accounting matters. The Fund's Audit Committee is composed of directors who are independent (as defined in the New York Stock Exchange, Inc. (NYSE) listing standards, as may be modified or supplemented) and not interested persons of the Fund and its actions are governed by the Fund's Audit Committee Charter, which is posted on the Fund's website (www.thetaiwanfund.com). The current members of the Audit Committee are Messrs. Canavan, Holland, Lo, Rogers and Shen. The Audit Committee convened four times during the fiscal year ended August 31, 2010.

The Fund's Board of Directors has determined that the Fund has at least one audit committee financial expert. Mr. M. Christopher Canavan, Jr., an independent director, is the Audit Committee's financial expert.

The Fund's Board of Directors has a Nominating Committee, which is responsible for recommending individuals to the Board for nomination as members of the Board and its Committees. The Fund's Nominating Committee is composed of directors who are independent as independence is defined in the New York Stock Exchange, Inc.'s listing standards, as may be modified or supplemented and are not interested persons of the Fund (as defined in Section 2(a)(19) of the 1940 Act) and its actions are governed by the Fund's Nominating Committee Charter, which is posted on the Fund's website (www.thetaiwanfund.com). Currently, the Nominating Committee does not consider nominees recommended by the stockholders. The Nominating and Compensation Committee believes that it is not necessary to have such a policy because the Board has had no difficulty identifying qualified candidates to serve as directors. The Nominating Committee evaluates a candidate's qualifications for Board membership and the candidate's independence from the Fund's Adviser and other principal service providers. The Nominating Committee does not have specific minimum qualifications that must be met by candidates recommended by the Nominating Committee and there is not a specific process for identifying such candidates. In nominating candidates, the Nominating Committee takes into consideration such factors as it deems appropriate. These factors may include judgment, skill, diversity, experience with businesses or other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members, requirements of the New York Stock Exchange and the Securities and Exchange Commission to maintain a minimum number of independent or non-interested directors, requirements of the SEC as to disclosure regarding persons with financial expertise on the Fund's audit committee and the extent to which the candidate generally would be a desirable addition to the Board and any committees of the Board. The Committee believes the Board generally benefits from diversity of background, experience and views among its members, and considers this a factor in evaluating the composition of the Board, but has not adopted any specific policy in this regard. The current members of the Nominating Committee are Messrs. Canavan, Chang and Lo. The Nominating Committee convened twice during the fiscal year ended August 31, 2010.

The Fund's Board of Directors has a Fair Valuation Committee which is responsible for establishing and monitoring policies and procedures reasonably designed to ensure that the Fund's assets are valued appropriately, objectively and timely, reflecting current market conditions. The Fund's Fair Valuation Committee is composed of directors who are not interested persons of the Fund as well as certain employees of the Fund's Adviser, Martin Currie Inc. The current Directors who are members of the Fair Valuation

Table of Contents

Committee are Messrs. Holland, Lo and Rogers. The Fair Valuation Committee met once during the fiscal year ended August 31, 2010.

The Fund's Board of Directors has an Investment Management Oversight Committee which is responsible for overseeing and evaluating the nature and quality of the investment services provided to the Fund by the Adviser in order to assist the Board in overseeing the investment services being provided to the Fund by the Adviser. The current members of the Investment Management Oversight Committee are Messrs. Chang and Shen. The Investment Management Oversight Committee convened three times during the fiscal year ended August 31, 2010.

The Fund's Board of Directors has a Share Repurchase Program Committee which is responsible for overseeing and evaluating the Fund's program to repurchase its shares on the market. The current members of the Share Repurchase Program Committee are Messrs. Rogers, Holland and Shen. The Share Repurchase Program Committee convened did not meet during the fiscal year ended August 31, 2010.

The Board of Directors of the Fund held four regular meetings and one special meeting during the fiscal year ended August 31, 2010. For the fiscal year ended August 31, 2010, each Director attended at least seventy-five percent of the aggregate number of meetings held during the fiscal year of the Board and of any committee on which he or she served.

For annual or special stockholder meetings, directors may but are not required to attend the meetings; and for the Fund's last annual stockholder meeting, all of the Directors attended the meeting.

Risk Oversight

The day-to-day operations of the Fund, including the management of risk, is performed by third party service providers, such as the Adviser and Administrator. The Directors are responsible for overseeing the Fund's service providers and thus have oversight responsibilities with respect to risk management performed by those service providers. Risk management seeks to identify and address risks, i.e., events or circumstances that could have material adverse effects on the business, operations, stockholder services, investment performance or reputation of the Fund. The Fund and its service providers employ a variety of processes, procedures and controls to identify certain of those possible events or circumstances, to lessen the probability of their occurrence and/or to mitigate the effects of such events or circumstances if they do occur.

Not all risks that may affect the Funds can be identified nor can controls be developed to eliminate or mitigate their occurrence or effects. It may not be practical or cost effective to eliminate or mitigate certain risks, the processes and controls employed to address certain risks may be limited in their effectiveness, and some risks are simply beyond the reasonable control of the Fund or the Adviser or other service providers. Moreover, it is necessary to bear certain risks (such as investment-related risks) to achieve a Fund's goals. As a result of the foregoing and other factors, the Fund's ability to manage risk is subject to substantial limitations.

Risk oversight forms part of the Board's general oversight of the Fund and is addressed as part of various Board and Committee activities. As part of its regular oversight of the Fund, the Board, directly or through a Committee, interacts with and reviews reports from, among others, the Adviser, the Fund's Chief Compliance Officer and the independent registered public accounting firm, as appropriate, regarding risks faced by the Fund. The Board is responsible for overseeing the nature, extent and quality of the services provided to the Fund by the Adviser and receives information about those services at its regular meetings. In addition, on an annual basis, in connection with its consideration of whether to renew the Advisory Agreement, the Board meets with the

Table of Contents

Adviser to review the services provided. Among other things, the Board regularly considers the Adviser's adherence to the Fund's investment restrictions and compliance with various Fund policies and procedures and with applicable securities regulations. The Board has appointed a Chief Compliance Officer who oversees the implementation and testing of the Fund's compliance program and reports to the Board regarding compliance matters for the Fund and its service providers. The Board, with the assistance of the Adviser, reviews investment policies and risks in connection with its review of the Fund's performance. In addition, as part of the Board's oversight of the Fund's advisory and other service provider agreements, the Board may periodically consider risk management aspects of their operations and the functions for which they are responsible.

Stockholder Communications

Stockholders may send communications to the Fund's Board of Directors by addressing the communication directly to the Board (or individual Board members) and/or clearly indicating that the communication is for the Board (or individual Board members). The communication may be sent to either the Fund's office or directly to such Board member(s) at the address specified for each Director above. Other stockholder communications received by the Fund not directly addressed and sent to the Board will be reviewed and generally responded to by management, and will be forwarded to the Board only at management's discretion based on the matters contained therein.

PROPOSAL 2 APPROVAL OF AN AMENDMENT TO THE FUND'S INVESTMENT LIMITATIONS TO PERMIT THE FUND TO ENGAGE IN SECURITIES LENDING

At a meeting of the Fund's Board of Directors held on January 19, 2011, the Directors unanimously voted to approve, and to recommend that stockholders of the Fund approve amendment to the Fund's investment limitations to permit the Fund to engage in securities lending. The Fund's current investment limitations prevent the Fund from engaging in securities lending. The Fund's investment limitations are fundamental policies of the Fund and may not be changed without stockholder approval. In addition, the Fund's investment limitations are set forth in the By-Laws of the Fund (the "By-Laws"). Accordingly, an amendment to the Fund's investment limitations necessitates an amendment to that document as well and, if adopted, this Proposal (2) will authorize an identical amendment to the investment limitations set forth in the By-Laws. It is not anticipated that the approval of the Proposed Change will result in a material modification of the Fund's investment strategies other than permitting the Fund to engage in securities lending.

The text (as stated in the Fund's Statement of Additional Information and the By-Laws) of the Fund's investment limitation limiting its ability to engage in securities lending is set forth below. It is proposed that such text of the Fund's Statement of Additional Information and By-Laws be amended as set forth below to permit the Fund to engage in securities lending.

Current Investment Limitation

The Fund will not make loans, including loans of cash or portfolio securities, to any person; for purposes of this investment restriction, the term "loans" shall not include the purchase of a portion of an issue of publicly distributed bonds, debentures or other securities.

Proposed Investment Limitation

The Fund will not make loans to other persons except that the Fund may lend portfolio securities in an amount not exceeding 33 1/3% of the Fund's net assets; for purposes of this investment restriction, the term "loans" shall not include the purchase of a portion of an issue of publicly distributed bonds, debentures or other securities.

Risks of Lending Portfolio Securities

By lending its portfolio securities, the Fund can increase its income by continuing to receive interest or dividends on the loaned securities in the form of substitute payments, by investing any cash collateral in short-term instruments or by obtaining a fee paid by the borrower when securities are used as collateral. The Fund observes the following guidelines whenever it lends its securities: (1) the Fund must initially receive at least 102% cash collateral or equivalent securities from the borrower for U.S. securities and 105% cash collateral or equivalent securities from the borrower for foreign securities; (2) the borrower must increase the collateral whenever the market value of the securities loaned rises above the level of the value of the collateral; (3) the Fund must be able to terminate the loan at any time; (4) the Fund must receive reasonable compensation on the loan, as well as substitute payments for any dividends, interest or other distributions on the loaned securities; (5) the Fund may pay only reasonable lending agent and custodian fees in connection with the loan; and (6) the Fund does not have the right to vote securities while they are being lent; however, the Fund may attempt to call back the loan for material events and vote the proxy if time permits.

If the borrower defaults on its obligation to return the securities loaned because of insolvency or other reasons, the Fund could experience delays and costs in recovering the securities loaned or in gaining access to the collateral. If the Fund is not able to recover the securities loaned, the Fund may sell the collateral and purchase a replacement

investment in the market. The value of the collateral could decrease below the value of the replacement security by the time the replacement investment is purchased. Loans will be made only to parties deemed by the securities lending agent to have the ability to perform as a borrower and when, in the

Table of Contents

Adviser's judgment, the income earned would justify the risks. Cash received as collateral through loan transactions may be invested in other securities eligible for purchase by the Fund. Cash collateral may be invested in unaffiliated money market funds. The investment of cash collateral subjects that investment, as well as the securities loaned, to the risk of market depreciation. The Fund is obligated to return the collateral to the borrower at the termination of the loan. The Fund could suffer a loss in the event the Fund must return the cash collateral and there are losses on investments made with cash collateral.

Required Vote

Approval of an amendment to the Fund's investment limitations to permit the Fund to engage in securities lending will require the affirmative vote of a majority of the Fund's outstanding shares of common stock. As defined in the 1940 Act, a majority of outstanding shares means the lesser of 67% of the voting securities present at the Annual Meeting of Stockholders, if a quorum is present, or 50% of the outstanding securities. For this purpose, both abstentions and broker non-votes will have the effect of a vote to disapprove the proposed amendment. The Fund will continue under its current investment limitations if this proposal is not approved by the stockholders.

THE BOARD OF DIRECTORS OF THE FUND RECOMMENDS THAT YOU VOTE FOR THE AMENDMENT TO THE FUND'S INVESTMENT LIMITATIONS TO PERMIT THE FUND TO ENGAGE IN SECURITIES LENDING.
