## **MARATHON OIL CORPORATION REPORTS FIRST QUARTER 2004 RESULTS**

Marathon Agrees to Acquire Ashland's Interest in Marathon Ashland Petroleum LLC (MAP)

Transaction expected to close during the fourth quarter of this year

Successfully completed associated equity offering generating proceeds of \$1 billion

During the first quarter of 2004, we continued to focus and execute on our key business strategies, including adding value through integration. Most significantly, we recently announced an agreement to acquire the minority interest in MAP, our top quartile U.S. refining, marketing and transportation joint venture, said Marathon Oil Corporation President and CEO Clarence P. Cazalot, Jr. In addition to our bullish outlook on Midwest refining and the value we will gain through this acquisition, owning 100 percent of MAP will provide us the financial and strategic flexibility to capture and fund our many growth opportunities across the value chain.

### **Acquisition of Minority Interest in MAP**

Marathon announced in mid-March that it entered into an agreement with Ashland Inc. to acquire Ashland's 38 percent minority interest in MAP in a transaction valued at \$2.93 billion. As part of the transaction, Marathon will acquire certain other complementary Ashland businesses for additional consideration of approximately \$94 million. The transaction is expected to close in the fourth quarter of this year and is contingent upon a number of conditions, including a favorable tax ruling from the U.S. Internal Revenue Service as to the tax-free nature of the transaction, Ashland shareholder approval, Ashland public debt holder consents and the expiration or termination of any applicable waiting period under the Hart-Scott-Rodino Act.

MAP is the largest refiner in the Midwest and fifth largest U.S. refiner with seven refineries with a total capacity of 948,000 barrels of crude oil per day. The company has nearly 8,000 miles of pipeline that it owns, operates or leases. It also markets through a network of nearly 6,000 retail outlets under the Marathon, Speedway, SuperAmerica and Pilot Travel Center brands.

Marathon successfully completed an equity offering generating net proceeds of \$1 billion. The company intends to use the proceeds to help retire debt it expects to assume in connection with the transaction or to retire currently outstanding long-term debt.

Some factors that could affect the proposed acquisition of Ashland's 38 percent interest in MAP include a favorable tax ruling from the U.S. Internal Revenue Service, opinions of outside tax

counsel, Ashland shareholder approval, Ashland public debt holder consents, the expiration or termination of any applicable waiting period under the Hart-Scott-Rodino Act, and updated Ashland solvency opinions. The foregoing factors (among others) could cause actual results to differ materially from those set forth in the forward-looking statements.
