As previously disclosed, as substantial shareholders of the Company, the Reporting Persons expect and intend to explore and be receptive to opportunities to enhance the value of the Common Stock owned by the Reporting Persons, including changes to the composition of the Company's board of directors and/or management and extraordinary transactions involving the Company. In addition, depending on market conditions and other factors that the Reporting Persons may deem material to their respective investment decisions, any of the Reporting Persons may purchase additional shares of Common Stock or rights to purchase additional shares of Common Stock in the open market, in privately negotiated transactions or by any other permissible means and, based on such factors, any of the Reporting Persons may dispose of any or all of the shares of Common Stock to which this Statement relates or any other shares of Common Stock that they may hereafter acquire.

In addition, the Reporting Persons may encourage the Company to explore strategic alternatives to increase shareholder value and, depending on the Company's response, may consider pursuing such alternatives on their own or with third parties. However, the Reporting Persons currently have no specific plans or proposals with respect to these matters.
