PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON APRIL 25, 2002

SOLICITATION, VOTING AND REVOCABILITY OF PROXIES

This Proxy Statement (the "Proxy Statement") is being furnished to the shareholders of Webster Financial Corporation, a Delaware corporation ("Webster" or the "Corporation"), as part of the solicitation of proxies by its Board of Directors from holders of its outstanding shares of common stock, par value \$.01 per share (the "Common Stock"), for use at the Annual Meeting of Shareholders of Webster to be held on Thursday, April 25, 2002, at 4:00 p.m., local time, at the Courtyard by Marriott, 63 Grand Street, Waterbury, Connecticut 06702 (the "Annual Meeting") and at any adjournments of the meeting. The Proxy Statement, together with the enclosed proxy card, is being mailed to shareholders of Webster on or about March 22, 2002.

The Annual Meeting has been called for the following purposes: (i) to elect three directors to serve for three-year terms (Proposal 1); (ii) to ratify the appointment by the Board of Directors of the firm of KPMG LLP as independent auditors of Webster for the year ending December 31, 2002 (Proposal 2); and (iii) to transact any other business that properly comes before the Annual Meeting or any adjournments of the meeting.

If you vote using the enclosed form of proxy, your shares will be voted in accordance with the instructions indicated. EXECUTED BUT UNMARKED PROXIES WILL BE VOTED FOR THE ELECTION OF THE BOARD'S NOMINEES AS DIRECTORS AND FOR RATIFICATION OF THE APPOINTMENT OF WEBSTER'S INDEPENDENT AUDITORS. Except for procedural matters incident to the conduct of the Annual Meeting, the Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy on such matters as determined by a majority of the Board of Directors. The proxies confer discretionary authority to vote on any matter of which Webster did not have notice at least 30 days prior to the date of the Annual Meeting.

The presence of a shareholder at the Annual Meeting will not automatically revoke that shareholder's proxy. A shareholder may, however, revoke a proxy at any time before it is voted (i) by delivering either a written notice of revocation of the proxy or a duly executed proxy bearing a later date to James M. Sitro, Senior Vice President, Investor Relations, Webster Financial Corporation, Webster Plaza, Waterbury, Connecticut 06702, (ii) by re-voting by telephone or on the Internet, or (iii) by attending the Annual Meeting and voting in person.

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

The cost of soliciting proxies for the Annual Meeting will be borne by Webster. In addition to use of the mails, proxies may be solicited personally or by telephone or telecopy by directors, officers and employees, who will not be specially compensated for such activities. Webster also will request persons, firms and companies holding shares in their names or in the name of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from those beneficial owners and will reimburse those holders for their reasonable expenses incurred in

1

that connection. Webster also has retained D. F. King & Co., Inc., a proxy soliciting firm, to assist in the solicitation of proxies at a fee of \$7,000, plus reimbursement of certain out-of-pocket expenses.

WHO CAN VOTE. The securities which can be voted at the Annual Meeting consist of shares of Common Stock of Webster with each share entitling its owner to one vote on all matters properly presented at the Annual Meeting. There is no cumulative voting of shares. The Board of Directors has fixed the close of business on February 28, 2002 as the record date for the determination of shareholders of Webster entitled to notice of and to vote at the Annual Meeting. On the record date, there were 12,202 holders of record of the 48,882,265 shares of Common Stock then outstanding and eligible to be voted at the Annual Meeting.

VOTING BY PROXY HOLDERS. If your Common Stock is held by a broker, bank or other nominee (i.e., in "street name"), you will receive instructions from that person or entity that you must follow in order to have your shares of Common Stock voted. If you hold your Common Stock in your own name and not through a broker or another nominee, you may vote your shares of Common Stock in one of three ways:

- by using the toll-free telephone number listed on the proxy card,
- by using the Internet website listed on the proxy card, or
- by signing, dating and mailing the proxy card in the enclosed postage-paid envelope.

Whichever of these methods you select to transmit your instructions, the proxy holders will vote your Common Stock in accordance with your instructions. If you give a proxy without specific voting instructions, your proxy will be voted by the proxy holders as recommended by the Board of Directors.

Vote by Telephone. If you hold your Common Stock in your own name and not through your broker or another nominee, you can vote your shares of Common Stock by telephone by dialing the toll-free telephone number printed on your proxy card. Telephone voting is available 24 hours a day until 8:00 a.m. (E.D.T.) on April 25, 2002. Easy-to-follow voice prompts allow you to vote your shares of Common Stock and confirm that your instructions have been properly recorded. Our telephone voting procedures are designed to authenticate shareholders by using the individual control numbers on your proxy card. IF YOU VOTE BY TELEPHONE, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.

Vote by Internet. If you hold your Common Stock in your own name and not through your broker or another nominee, you can choose to vote via the Internet. The website for Internet voting is printed on your proxy card.

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

Internet voting is available 24 hours a day until 8:00 a.m. (E.D.T.) on April 25, 2002. As with telephone voting, you will be given the opportunity to confirm that your instructions have been properly recorded. IF YOU VOTE VIA THE INTERNET, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.

Vote by Mail. You can vote by mail by signing, dating and returning the enclosed proxy card in the enclosed postage paid envelope.

The presence, in person or by proxy, of at least one-third of the total number of outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting for the election of directors and the ratification of the appointment of the Corporation's independent auditors. Assuming the presence of a quorum at the Annual Meeting, directors will be elected by a plurality of the votes of the shares of Common Stock present in person or represented by proxy and entitled to vote. The affirmative vote of the majority of the votes cast is required to ratify the appointment of the Corporation's independent auditors.

2

Shareholders' votes will be tabulated by the persons appointed by the Board of Directors to act as inspectors of election for the Annual Meeting. Abstentions and broker non-votes will be treated as shares that are present, or represented, and entitled to vote for purposes of determining the presence of a quorum at the Annual Meeting. Broker non-votes will not be counted as a vote cast on any matter presented at the Annual Meeting. Abstentions will not be counted in determining the number of votes cast in connection with any matter presented at the Annual Meeting.

A copy of our annual report to shareholders for the fiscal year ended December 31, 2001 and a copy of our annual report on Form 10-K accompany this Proxy Statement. WEBSTER IS REQUIRED TO FILE AN ANNUAL REPORT ON FORM 10-K FOR ITS 2001 FISCAL YEAR WITH THE SECURITIES AND EXCHANGE COMMISSION. SHAREHOLDERS MAY OBTAIN, FREE OF CHARGE, A COPY OF THE FORM 10-K BY WRITING TO JAMES M. SITRO, SENIOR VICE PRESIDENT, INVESTOR RELATIONS, WEBSTER FINANCIAL CORPORATION, WEBSTER PLAZA, WATERBURY, CONNECTICUT 06702. OUR 2001 ANNUAL REPORT TO SHAREHOLDERS AND OUR FORM 10-K ALSO ARE AVAILABLE ON OUR WEBSITE, WWW.WBST.COM.

ELECTION OF DIRECTORS (PROPOSAL 1)

At the Annual Meeting, three directors will be elected to serve for three-year terms. Unless otherwise specified on the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election as directors of the persons named below as nominees. The Board of Directors believes that the nominees will stand for election and will serve if elected as directors. If, however, any person nominated by the Board fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person as the Board of Directors may recommend. Assuming the presence of a quorum at the Annual Meeting, directors will be elected by a plurality of the votes of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting. There are no cumulative voting rights in the election of directors.

Under the terms of the June 2000 acquisition of MECH Financial, Inc., Webster invited Edgar C. Gerwig, the former Chairman, President and Chief Executive Officer of MECH Financial, to serve as a member of the Board of the Corporation for a term expiring in 2002. Mr. Gerwig's term as a Director

Sister Marguerite Waite, C.S.J. retired from her position as President and Chief Executive Officer of St. Mary's Hospital in Waterbury, Connecticut in September 2001 and will retire from the Boards of the Corporation and Webster Bank as of the date of the Annual Meeting. The Board of Directors greatly appreciates the service and contributions of the retiring directors to the success of Webster.

The Board of Directors currently consists of 13 members, and is divided into three classes, which are composed of three, six and four directors, respectively. The term of office of only one class of directors expires in each year, and their successors are elected for terms of up to three years and until their successors are elected and qualified. Effective upon the Annual Meeting, the Board of Directors has been set at nine members, divided into three classes of three directors.

(a) All option grants were made at 100% of the fair market value of the Common Stock on the date of grant. Options not immediately exercisable may become exercisable in full, or with respect to certain option grants, in part, under certain circumstances when a "change in control" of Webster or Webster Bank has occurred.

(b) Options will become exercisable in full after three years following the date of grant.

(c) Options fully vested at time of grant.

(d) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The actual value, if any, an employee may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. There is no assurance that the value realized by an employee will be at or near the value estimated by the Black-Scholes model. The estimated values under that model are based on assumptions as to variables such as the expected term of the option, the risk-free interest rate for the expected term of the option (based upon the rate available on the date of grant on a zero-coupon U.S. government issue), stock price volatility (based on the Corporation's historical stock price over a range of years), and the expected future estimated dividend yield (based upon the dividend yield at date of grant).

RETIREMENT PLANS

Webster Bank maintains a defined benefit pension plan (the "Pension Plan") for eligible employees of Webster Bank. The Pension Plan is a qualified plan under the Internal Revenue Code of 1986, as amended (the "Code"), and complies with the requirements of the Employee Retirement Income Security Act of 1974, as amended. All employees of Webster Bank are eligible to participate in the Pension Plan upon attaining age 21 and completing one year of service.

Benefits under the Pension Plan are funded solely by contributions made by Webster Bank. Under the Pension Plan's benefit formula, a participant's monthly normal retirement benefit will equal the sum of: (a) his or her accrued benefit as of December 31, 1986 (adjusted through August 31, 1996 to reflect certain future increases in compensation), plus (b) the sum of 2% of the participant's monthly compensation for each year of credited service beginning on or after January 1, 1987. In general, benefits may not be based on more than 30 years of credited service. The normal form of benefit is an annuity for the participant's lifetime with a minimum of 120 monthly payments guaranteed. A Pension Plan participant becomes 100% vested in the benefits under the Pension Plan upon completion of five years of service. Benefit payments to a participant or beneficiary may commence upon a participant's early retirement date (age 55), normal retirement date (generally age 65), deferred retirement date or death. Participants may elect to receive their benefits in one of several optional forms, including a lump sum or periodic payments during the participant's lifetime or during the lifetime of the participant and his or her

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

surviving spouse or designated beneficiary. The lump sum option has been eliminated for benefits earned after January 26, 1998.

The Board of Directors of Webster Bank has adopted a nonqualified supplemental retirement plan (the "Supplemental Plan") for certain management and other highly compensated employees who are also participants in the Pension Plan to provide supplemental retirement income benefits which are not currently available because annual compensation in excess of \$200,000 (subject to cost of living increases) may not be used in the calculation of retirement benefits under the Code and because pension benefits are currently subject to a maximum of \$160,000 (subject to

13

cost of living increases). Benefits under the Supplemental Plan are payable in monthly installments. The Supplemental Plan also provides certain management and other highly compensated employees who are participants in the 401(k) Plan with supplemental matching contributions. See "Executive Compensation -- Summary Compensation Table" above.

The estimated annual benefits payable from the Pension Plan upon retirement at normal retirement age for Messrs. Smith, Bromage, Mulligan and Strickland are \$108,290, \$55,330, \$53,310 and \$85,300, respectively. In addition, the estimated annual supplemental retirement income benefits payable to Messrs. Smith, Bromage, Mulligan and Strickland under the Supplemental Plan are \$245,700, \$63,540, \$33,520 and \$36,860 respectively.

COMPENSATION OF DIRECTORS

During 2001, each non-employee director of Webster received an annual retainer of 604 shares of Webster Common Stock with an aggregate value of \$15,000 at the date of grant pursuant to the 2001 Directors Retainer Fees Plan, which provides for the payment of annual retainer fees to non-employee directors in shares of Common Stock as adopted by shareholders at the 2001 Annual Meeting (the "Fees Plan"). Under the Fees Plan, each non-employee director is granted shares of Common Stock equal to the annual retainer (currently \$15,000) divided by the average quarterly value as of the grant date, on an annual basis. The average quarterly value is based on the average of the closing prices of Common Stock of the four calendar quarters preceding the grant date, which is the date of each annual meeting of shareholders. Shares of Common Stock granted under the Fees Plan are subject to vesting requirements and other substantial risks of forfeiture.

In addition, effective as of April 27, 2000, each non-employee director received \$1,000 for each Webster or Webster Bank Board meeting attended, \$750 for each committee meeting attended and \$500 for each telephonic Webster or Webster Bank Board meeting and \$375 for each telephonic committee meeting called by Webster. Non-employee directors of Webster and Webster Bank received a total of \$1,500 for separate Board meetings of Webster and Webster Bank that were held on the same day. Chairpersons of the Audit Committee and the Personnel Resources Committee also received an annual retainer of \$4,000. Non-employee directors of Webster receive no additional compensation for serving as directors or committee members of Webster Bank. Employee directors of Webster receive no additional compensation for serving as directors or committee members of Webster or its subsidiaries.

Directors are eligible to participate in Webster Bank's nonqualified deferred compensation plan. Under the terms of the plan, director participants may elect to defer all or any portion of their directors' fees.

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

Deferred amounts are credited by Webster Bank to bookkeeping reserve accounts for each participant. Such accounts, plus accrued interest, are payable upon termination of service, disability or death of the participant, in a lump sum or in ten annual installments at the participant's election.

The Board of Directors of Webster adopted in 1992, with shareholder approval, the 1992 Stock Option Plan for the benefit of directors, officers and other full-time employees of Webster and its subsidiaries. The option exercise price for options to non-employee directors is 100% of the fair market value of the Common Stock on the date of grant of the option. Options granted to non-employee directors may be exercised at any time after grant. In 1996, the 1992 Stock Option Plan was amended to increase the number of shares reserved for issuance under the plan and to provide that the number of options granted to non-employee directors upon election or re-election shall be 4,000 shares (as adjusted for the April 1998 two-for-one split of Webster's Common Stock), with a director elected to the Board for less than a three-year term entitled to an option for 4,000 shares on a pro-rated basis for the number of months of his or her term as a percentage of 36 months. In 2001, the 1992 Plan was amended to provide for discretionary grants of options to non-employee directors

14

and to discontinue automatic grants of options to non-employee directors. During 2001, directors received a discretionary option grant under the 1992 Stock Option Plan of 4,000 shares, except those directors who were elected or reelected in 2000 received 2,000 shares.

EMPLOYMENT AGREEMENTS

Webster and Webster Bank entered into employment agreements with Messrs. Smith, Bromage, Mulligan and Strickland effective January 1, 1998 and with Mr. Healy, effective March 30, 2001. Webster also entered into change of control employment agreements with Messrs. Smith, Bromage, Mulligan and Strickland effective December 15, 1997 and with Mr. Healy, effective March 30, 2001. Mr. Smith serves as Chairman, Chief Executive Officer and a director of both Webster and Webster Bank; Mr. Bromage serves as President, Chief Operating Officer and a director of Webster and Webster Bank and Vice Chairman of Webster Bank; Mr. Mulligan serves as Senior Executive Vice President -- Retail Banking of both Webster and Webster Bank; Mr. Healy serves as Executive Vice President and Chief Financial Officer of both Webster and Webster Bank, and Mr. Strickland serves as Executive Vice President -- Consumer Finance of both Webster and Webster Bank.

Under their respective employment agreements, each executive officer may receive annual cost of living increases and may also receive a merit increase as determined by the Boards of Directors of Webster and Webster Bank. Each executive officer is eligible to receive discretionary bonuses as may be authorized by the Boards of Directors of Webster and Webster Bank and shall be eligible to participate in any plan of Webster or Webster Bank relating to stock options, stock purchases, pension, thrift, employee stock ownership, group life insurance and medical coverage or other retirement or employee benefits that Webster or Webster Bank has adopted or may adopt for the benefit of its executive employees. In addition, each executive officer is provided with an automobile allowance for business use. Messrs. Smith, Bromage, Mulligan and Strickland's employment agreements provide for initial terms of three years ending December 31, 2000 with renewals for one additional year following each anniversary date with the approval of the Board of Directors, unless the executive officer gives written notice to the contrary. The

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

employment agreements of Messrs. Smith, Bromage and Mulligan have been renewed each year as of each anniversary date. Mr. Healy's employment agreement provides for an initial term ending December 31, 2003 with renewals for one additional year following each anniversary date with the approval of the Board of Directors, unless the executive officer gives written notice to the contrary. Those agreements will terminate upon the "Effective Date" of their respective change of control employment agreements, which are discussed below. The 2002 base salaries for Messrs. Smith, Bromage, Healy, Mulligan and Strickland are \$619,000, \$359,000, \$286,000, \$260,000 and \$216,300 respectively. Their salaries may not be reduced under the employment agreements without the consent of the executive officer.

The Boards of Directors of Webster and Webster Bank may terminate the executive officer's employment at any time during the term of an employment agreement. Unless the termination is for "cause" (as defined therein), the executive officers would be entitled (a) to receive a lump sum payment from Webster Bank equal to the sum of (x) the executive officer's then current annual base salary and (y) the amount of any bonuses paid pursuant to Webster's and Webster Bank's annual incentive compensation plan during the then current fiscal year multiplied by a fraction the numerator of which is the number of full months during the then current fiscal year in which the executive officer was employed and the denominator of which is 12, and (b) subject to certain limitations, to continue to be entitled to medical and dental coverage for one year (or the remaining term of the agreement, if less) or until the executive officer accepts other employment on a substantially full time basis if earlier.

If during the term of the employment agreement an executive officer terminates his employment without the consent of the Board of Webster or Webster Bank, then the employment

15

agreement, among other things, would restrict him from having any other employment for one year or the remaining term of the agreement plus six months, whichever is less, with a commercial bank, savings bank, savings and loan association, or mortgage banking company, or a holding company affiliate of any of the foregoing, which has an office out of which the executive officer would be primarily based, located within 35 miles of Webster Bank's home office.

Under the change of control employment agreements, Webster and Messrs. Smith, Bromage, Healy, Mulligan and Strickland, respectively, agreed that the employment of each executive officer would continue for a period of two years following the "Effective Date" under such agreements (the "Employment Period"). The "Effective Date" is generally the date on which a "change of control" (as defined below) of Webster occurs, except that, if the executive officer's employment with Webster is terminated before a change of control at the request of a third party who is effecting a change of control or otherwise in connection with or in anticipation of a change of control, the Effective Date is the day before the date of such termination, provided, in either case, that the Effective Date occurs during the "change of control period" (defined for Messrs. Smith, Bromage, Mulligan and Strickland as the two-year period ending on December 15, 2003, except that on December 15, 2002 and on each annual anniversary of such date, unless previously terminated, the change of control period will be extended automatically so as to terminate two years from such date, unless Webster has given the executive officer at least 60 days prior notice that the change of control period will not be so extended, and for Mr. Healy as the two-year period ending on March 30, 2003, except that on March 30, 2002 and on each annual anniversary of such date, unless previously terminated, the change of control period will be extended automatically so as to terminate

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

two years from such date, unless Webster has given the executive officer at least 60 days prior notice that the change of control period will not be so extended). As noted above, upon the Effective Date under the change of control employment agreements, the employment agreements of these officers with Webster and Webster Bank will terminate and the change of control employment agreements will supersede those agreements.

During the Employment Period, each executive officer will receive an annual base salary at a rate at least equal to 12 times his highest monthly base salary from Webster and its affiliated companies during the 12-month period before the Effective Date (including any salary that was earned but deferred). The base salary will be reviewed at least annually and will not be reduced from the amount then in effect. In addition, each executive officer shall be awarded for each fiscal year ending during the Employment Period an annual bonus in cash at least equal to his highest bonus under the Annual Incentive Plan or any comparable bonus under any predecessor or successor plan for the last three full fiscal years before the Effective Date. Each executive officer will be entitled to participate in all incentive, savings and retirement plans, practices, policies and programs applicable generally to other peer executives of Webster and affiliated companies and the incentive, savings and retirement benefit opportunities afforded to the executive officer shall not be less favorable than those provided to him during the 120-day period before the Effective Date (or, if more favorable to the executive officer, those provided generally to other peer executives of Webster and affiliated companies). Each executive officer and his family also will be eligible to participate in and shall receive all welfare benefits (including medical, prescription, dental, disability, employee life, group life, accidental death and travel accident insurance) applicable generally to other peer executives of Webster and affiliated companies and the welfare benefits provided to the executive officer shall not be less favorable than those provided to him during the 120-day period before the Effective Date (or, if more favorable to the executive officer, those provided generally to other peer executives of Webster and affiliated companies). Each executive officer will be entitled to prompt reimbursement of expenses and to fringe benefits during the Employment Period (including tax and financial planning services, payment of club dues and, if applicable, use of an automobile and payment of related expenses) in accordance with the most favorable policies in effect with respect to such matters for such executive officer during the 120-day period before the Effective Date (or, if more favorable to the executive officer, those provided generally to other peer executives of Webster

16

and affiliated companies). Similar provisions will apply to the office, support staff and vacation time to be provided to the executive officers during the Employment Period.

If the employment of the executive officer is terminated during the Employment Period by Webster without "cause" (as defined therein) and other than because of his "disability" (as defined therein) or by the executive officer with "good reason" (as defined therein), Webster will be required to pay the executive officer a lump sum cash amount equal to the sum of: (i) the sum of (a) his base salary through the termination date to the extent not previously paid, (b) a prorated bonus reflecting the number of days he was employed during the fiscal year based on the higher of the bonus required to be paid for such fiscal year under the agreement or the bonus paid or payable for the most recently completed fiscal year and (c) any previously deferred compensation and any accrued vacation pay; (ii) three times the sum of the executive officer's base salary and bonus (based on the higher of the two amounts described in (i)(b) above); and (iii) the excess of (a) the actuarial equivalent of the

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

benefit the executive officer would have been entitled to receive under the Pension Plan and the Supplemental Plan if his employment had continued for three years (or, in the case of Mr. Healy, if such termination occurs before March 31, 2002, two years) after the date of termination based on the compensation amounts that would have been required to be paid to him under the change of control employment agreement over (b) the actuarial equivalent of his actual benefit under the Pension Plan and the Supplemental Plan as of the termination date. In such event, Webster also will be required to: (i) continue benefits to the executive officer and his family at least equal to those that would have been provided to them under the change of control employment agreement if the executive officer's employment had continued for at least three years (or, in the case of Mr. Healy, if such termination occurs before March 31, 2002, two years) after the termination date; (ii) provide outplacement services to the executive officer at its expense and (iii) pay or provide to the executive officer any other amounts or benefits to which he is entitled under any agreement or plan of Webster and its affiliated companies. If the executive officer would be subject to the excise tax imposed by Section 4999 of the Code (relating to excess parachute payments) on any payment or distribution by Webster or its affiliates to or for the benefit of the executive officer, Webster will pay to the executive officer a gross-up amount sufficient (after all taxes) to pay such excise tax (including interest and penalties with respect to any such taxes). However, if the payments and distributions do not exceed 110% of the maximum amount that could be paid to the executive officer such that no excise tax would be imposed, no gross-up payment will be made and the payments and distributions will be reduced to such maximum amount.

For purposes of the change of control employment agreements, a "change of control" means: (1) the acquisition by any individual, entity or group (a "Person") of beneficial ownership of 20% or more of either (i) the outstanding shares of the Common Stock of Webster or (ii) the combined voting power of the then outstanding voting securities of Webster entitled to vote generally in the election of directors ("Voting Securities"), except that any such acquisition (a) directly from Webster, (b) by Webster, (c) by any employee benefit plan or trust of Webster or any controlled corporation, or (d) pursuant to a transaction that complies with clauses (3)(i), (ii) and (iii) below will not constitute a change of control; (2) individuals who, as of December 15, 1997 (for Messrs. Smith, Bromage and Mulligan), and, as of March 30, 2001 (for Mr. Healy), constituted the Board of Directors (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board of Directors, except that any individual becoming a director after such date whose election, or nomination for election by the shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of any Person other than the Board of Directors; or (3) consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of Webster or the acquisition of assets of another entity (a "Business Combination"), in each case, unless, following

such Business Combination, (i) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the outstanding Common Stock and Voting Securities immediately before the Business Combination beneficially own, directly or indirectly, more than 50% of, respectively, the then outstanding shares of common stock (the "Resulting Common Stock") and the combined voting power of the then outstanding voting securities entitled to vote

generally in the election of directors (the "Resulting Voting Securities"), as the case may be, of the corporation resulting from such Business Combination (including, without limitation, a corporation which as a result of such transaction owns Webster or all or substantially all of Webster's assets either directly or through one or more subsidiaries) (the "Resulting Corporation") in substantially the same proportions as their ownership, immediately before the Business Combination, of the outstanding Common Stock and Voting Securities, as the case may be, (ii) no Person (excluding any employee benefit plan or trust of Webster or the Resulting Corporation) beneficially owns, directly or indirectly, 20% or more of, respectively, the then outstanding Resulting Common Stock or the combined voting power of the Resulting Voting Securities, except to the extent that such ownership existed before the Business Combination and (iii) at least a majority of the members of the Board of Directors of the Resulting Corporation were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board of Directors, providing for such Business Combination; or (4) approval by the shareholders of Webster of a complete liquidation or dissolution of Webster.

PERSONNEL RESOURCES COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Personnel Resources Committee of the Board of Directors comprises five non-employee directors. The Committee recommends to the full Board of Directors, which has ultimate responsibility over such matters, executive officer salaries, bonuses and certain other forms of compensation, and recommends to the Stock Option Committee long-term incentive awards. All recommendations of the Personnel Resources Committee regarding executive officer compensation for the 2001 fiscal year were approved by the Board of Directors or the Stock Option Committee.

Set forth below is a report addressing Webster's compensation policies for fiscal year 2001 as they affected Webster's executive officers.

Compensation Policies for Executive Officers. Webster's executive compensation policies are designed to provide competitive levels of compensation, to assist Webster in attracting and retaining qualified executives and to encourage superior performance. In determining levels of executive officers' overall compensation, the Personnel Resources Committee considers the qualifications and experience of the persons concerned, the size of the institution and the complexity of its operations, the financial condition, including income, of the institution, the compensation paid to other persons employed by the institution and the compensation paid to persons having similar duties and responsibilities in comparable financial institutions. The Personnel Resources Committee employs outside consultants and refers to published survey data in establishing compensation.

Relationship of Performance to Executive Compensation. Compensation paid to Webster's executive officers in 2001 consisted of the following components: base salary, bonuses, long-term incentives (awards of stock options and restricted stock) and participation in Webster employee benefit plans. While each of these components has a separate purpose and may have a different relative value to the total, a significant portion of the total compensation package is highly dependent on the financial success of Webster and shareholder return. Generally, base salaries for executive officers approximate the average of salaries paid for comparable positions at other financial institutions. Short-term and long-term incentive compensation plans are designed to provide significant compensation opportunities when Webster meets or exceeds its financial and strategic goals. The ultimate value of long-term incentive compensation such as stock options and restricted stock is dependent primarily on the performance of Webster's Common Stock. Webster's

executive officers' compensation is tied to Webster's goals and their compensation may be lower or higher than average total compensation than for similar positions at comparable financial institutions depending on whether or not Webster meets or exceeds its goals.

For 2001, the Personnel Resources Committee intended that total compensation for executive officers other than the Chief Executive Officer be above the average for comparable financial institutions based on their past practices, recognizing that Webster exceeded its financial plan targets, has grown responsibly and has made significant progress in pursuit of its strategic and financial objectives. The Corporation's total shareholder return over 1 and 5 year periods ended December 31, 2001 exceeded its peer group's performance.

Base Salary. The Personnel Resources Committee reviews executive base salaries annually in January. Base salary is intended to signal the internal value of the position and to track with the external marketplace. All executive officers serve pursuant to employment agreements that provide for a minimum base salary that may not be reduced without the consent of the executive officer. In establishing the 2001 salary for each executive officer, the Personnel Resources Committee considered the officer's responsibilities, qualifications and experience, the size of the institution and the complexity of its operations, the financial condition of the institution (based on levels of income, asset quality and capital), and compensation paid to persons having similar duties and responsibilities in comparable financial institutions. Base salaries for executive officers did not change in 2001 due to a profitability improvement initiative that was in effect at the time. The Board of Directors decided that if Webster achieved its financial plan for 2001, executives would receive a one-time payment in lieu of a salary increase for the year. The financial plan was achieved and executive officers received a one-time payment of 5% of base salary in 2001.

Annual Incentive Plan. The Incentive Plan for Webster was adopted by the Board of Directors on February 26, 2001 after a thorough review of incentive plans and performance metrics used by a large sample of regional and national banks conducted by William M. Mercer, Inc. The Incentive Plan covers senior officers, other than the Chief Executive Officer, approved for participation in the Incentive Plan by the Personnel Resources Committee. The Personnel Resources Committee makes recommendations to the Board of Directors for awards under the Incentive Plan.

The Incentive Plan formula calls for the bonuses of executive officers to be determined on the basis of the following metrics: achievement of the corporate financial plan; adjusted return on average equity compared to Peer Group; and, where applicable, the achievement of line of business financial plans. Target is achieved if Webster meets its annual financial plan and if the adjusted return on average equity equals Webster's Peer Group. In the case of executive officers who are line of business heads, the line of business must also achieve its annual financial plan. The target bonuses are set relative to executive officers' responsibilities with such target bonuses equal to 65% to 75% of the recipient's base salary. Additional or lesser bonuses may be earned to the extent that performance exceeds or falls short of the target, through the application of a bonus multiplier which equals "1" when the target is met and which increases or decreases to the extent that performance exceeds or falls short of the target. Awards to the executive officers under the Incentive Plan are based 30% to 100% on corporate performance and 0% to 70% on line of business performance depending on the executive officer's responsibilities. Awards for 2001 amounted to 124% of target for corporate performance and ranged from 94% to 119% of target for the line of business performance.

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

Qualified Performance-Based Compensation Plan. The Qualified Performance-Based Compensation Plan (the "Plan") was adopted by the Board of Directors effective January 1, 1998, and approved by shareholders at the 1998 annual meeting. The Plan is designed to further the growth and profitability of Webster by providing the Chief Executive Officer and other selected executive officers as may be determined by the Personnel Resources Committee, with the opportunity to earn

19

additional cash compensation based on business results, thereby enabling Webster to motivate key employees to achieve high profitability for the Corporation. The Plan is intended to satisfy the requirements of Section 162(m) of the Code with respect to the deduction of qualified performance-based compensation. The Chief Executive Officer was the only participant in the Plan for 2001, and his bonus was determined based on attainment of the designated performance objective under the Plan, achieving the corporate financial plan and return on average equity compared to Webster's Peer Group.

Long-Term Incentive Compensation. The Board of Directors endorses the position that stock ownership by management is beneficial in aligning management's and shareholders' interests in the enhancement of shareholder value. To that end, Webster has established formal stock ownership guidelines for all executive officers. Webster uses stock options and restricted stock awards to provide long-term incentive compensation. The Personnel Resources Committee makes recommendations to the Stock Option Committee for awards under the Corporation's 1992 Stock Option Plan. Long-term compensation, which emphasizes long-term results, is targeted at 50% to 125% (excluding the CEO) of the recipient's base salary depending upon the executive officer's responsibilities. For 2001, one-third of long-term compensation was paid in restricted stock and two-thirds was paid in stock options.

The purpose of stock option awards is to provide an opportunity for the recipients to acquire or increase a proprietary interest in Webster, thereby creating a stronger incentive to expend maximum effort for the long-term growth and success of Webster and encouraging recipients to remain in the employ of Webster. Officers and other full-time employees of Webster and its subsidiaries are eligible for grants under the Corporation's 1992 Stock Option Plan. Stock options are normally granted each year as a component of long-term compensation with the size of the grants generally tied to and weighted approximately equally based on an officer's responsibility level, base salary and performance. The number of options held is not considered when determining the option awards for executive officers. During 2001, 73,900 stock options were granted to Webster's executive officers other than the Chief Executive Officer.

The purpose of Webster's restricted stock awards is to attract and retain executive officers whose actions will have an impact on Webster's long-term operating results and to motivate such executives by providing them with an immediate ownership stake in the business. Recipients are paid dividends on the shares and have voting rights. All restricted stock awards have vesting requirements that range from three years to five years. In addition to providing a direct relationship between shareholder value and the value of the benefit to the officer, restricted stock is a powerful retention device as the shares are not conveyed to the executive until vesting restrictions have been satisfied. During 2001, 23,635 shares of restricted stock were awarded to executive officers other than the Chief Executive Officer, of which 8,835 shares related to previously earned bonus awards which were converted from cash to restricted stock when the prior Annual Incentive Plan was discontinued at the end of 2000.

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

Other. In addition to the compensation paid to executive officers as described above, executive officers received, along with and on the same terms as other employees, certain benefits pursuant to the 401(k) Plan, the Employee Stock Purchase Plan, the ESOP and the Pension Plan. In addition, executive officers received certain benefits under Webster's nonqualified supplemental retirement plan that are otherwise limited by Internal Revenue Code caps on qualified plans.

CEO Compensation. The Personnel Resources Committee, in determining the compensation for the Chief Executive Officer, considers Webster's size and complexity, financial condition and results and progress in meeting strategic objectives. The Chief Executive Officer's 2001 base salary did not change due to a profitability improvement initiative that was in effect at the time. It was decided that if Webster achieved its financial plan for 2001, the CEO would receive a

20

one-time payment in lieu of a salary increase. The financial plan was achieved and the CEO received the one-time payment of 5% of base salary. The CEO's annual bonus was determined under the Qualified Performance-Based Compensation Plan, the material terms of which were approved by shareholders at the 1998 annual meeting. The Committee determined that for 2001, in addition to attainment of the performance objectives under the Plan, it would base the CEO's target bonus, which was set at 90% of base salary, primarily on achieving the corporate financial plan (50%) and equaling the adjusted return on average equity against Webster's Peer Group (50%). The CEO's annual bonus payment was \$664,000 for 2001, which amounted to 124% of target bonus. The target bonus was paid in cash and the balance was paid in 3,576 restricted shares.

Regarding long-term incentive compensation, targeted at 150% of base salary in 2001, the CEO received an annual grant of 61,975 stock options and an award of 12,400 restricted shares which were made in accordance with the Corporation's 1992 Stock Option Plan. In addition, 8,896 restricted shares related to previously earned bonus awards which were converted from cash to restricted shares were granted to the CEO.

For 2001, the Personnel Resources Committee intended that total compensation for the Chief Executive Officer, be somewhat higher than the average for comparable financial institutions based on their past practices, recognizing that Webster exceeded its financial plan targets and its Peer Group's growth in net income and EPS. The Committee also noted that Webster has grown responsibly and has made significant progress in pursuit of its strategic objectives. The Corporation's total shareholder return over 1 and 5 year periods ended December 31, 2001 exceeded its peer group's performance.

Internal Revenue Code Section 162(m). In 1993, the Code was amended to disallow publicly traded companies from receiving a tax deduction on compensation paid to executive officers in excess of \$1 million (section 162(m) of the Code), unless, among other things, the compensation meets the requirements for performance-based compensation. In structuring Webster's compensation programs and in determining executive compensation, the Committee takes into consideration the deductibility limit for compensation.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

From time to time Webster Bank makes loans to its directors and executive officers and related persons and entities for the financing of homes, as well as home improvement, consumer and commercial loans. It is the belief of management that these loans are made in the ordinary course of business, are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and neither involve more than normal risk of collectibility nor present other unfavorable features.

George T. Carpenter, a director of Webster and Webster Bank, is the President and Treasurer of Carpenter Realty Co. ("Carpenter Realty") and S. Carpenter Construction Co. ("Carpenter Construction"). During fiscal 1998, Webster Bank entered into a 15 year lease for office space with Carpenter Realty for an annual rent for the first five years of the lease of \$61,200.

21

Webster Bank entered into a three-year lease with Carpenter Realty effective March 1, 2000 for storage and work space at an annual rate of \$10,923.

COMPARATIVE COMPANY PERFORMANCE

The following table sets forth comparative information regarding Webster's cumulative shareholder return on its Common Stock over the last five fiscal years. Total shareholder return is measured by dividing total dividends (assuming dividend reinvestment) for the measurement period plus share price change for a period by the share price at the beginning of the measurement period. Webster's cumulative shareholder return over a five-year period is based on an investment of \$100 on December 31, 1996 and is compared to the cumulative total return of the Standard & Poor's 500 Index ("S&P 500 Index"), the SNL All Bank and Thrift Index and a peer group index prepared by SNL Securities LC. The peer group index includes 40 bank and thrift companies with reported market capitalizations between \$750 million and \$2 billion at December 31, 2001, with the returns of each issuer in the group weighted according to the issuer's respective stock market capitalization at the beginning of each period for which a return is indicated. Webster's market capitalization was \$1.5 billion at December 31, 2001.

The Board of Directors has appointed the firm of KPMG LLP to continue as independent auditors for Webster for the year ending December 31, 2002, subject to ratification of the appointment by Webster's shareholders. KPMG LLP was appointed as the independent auditors of Webster Bank in 1985, has performed audits for Webster Bank for the years ended December 31, 1983 through 2001, and has similarly performed audits for Webster for the years ended December 31, 1986 through 2001. Unless otherwise indicated, properly executed proxies will be voted in favor of ratifying the appointment of KPMG LLP, independent certified public accountants, to audit the books and accounts of Webster for the year ending December 31, 2002. No determination has been made as to what action the Board of Directors would take if Webster's shareholders do not ratify the appointment.

Assuming the presence of a quorum at the Annual Meeting, the affirmative vote of the majority of the votes cast is required to ratify the appointment of KPMG LLP as Webster's independent auditors for the year ending December 31, 2002.

Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.
