NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2001

(UNAUDITED)

(1) References throughout this document to the Company include Beverly Enterprises, Inc. and its wholly owned subsidiaries. In accordance with the Securities and Exchange Commission's "Plain English" guidelines, this Quarterly Report on Form 10-Q has been written in the first person. In this document, the words "we", "our", "ours" and "us" refer only to Beverly Enterprises, Inc. and its wholly owned subsidiaries and not to any other person.

We have prepared the condensed consolidated financial statements, without audit. In management's opinion, they include all normal recurring adjustments necessary for a fair presentation of the results of operations for the three-month and six-month periods ended June 30, 2001 and 2000 in accordance with the rules and regulations of the Securities and Exchange Commission. Although certain information and footnote disclosures required by generally

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

accepted accounting principles have been condensed or omitted, we believe that the disclosures in these condensed consolidated financial statements are adequate to make the information presented not misleading. These condensed consolidated financial statements should be read along with our 2000 Annual Report on Form 10-K filed with the Securities and Exchange Commission. Our results of operations for the three- month and six-month periods ended June 30, 2001 are not necessarily indicative of the results for a full year.

Generally accepted accounting principles require management to make estimates and assumptions when preparing financial statements that affect:

- o the reported amounts of assets and liabilities at the date of the financial statements; and
- o the reported amounts of revenues and expenses during the reporting period.

They also require management to make estimates and assumptions regarding any contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Approximately 77% and 74% of our net operating revenues for the six months ended June 30, 2001 and 2000, respectively, were derived from funds under federal and state medical assistance programs. We accrue for revenues when services are provided at standard charges. These charges are adjusted to amounts that we estimate to receive under governmental programs and other third-party contractual arrangements based on contractual terms and historical experience. These revenues are reported at their estimated net realizable amounts and are subject to audit and retroactive adjustment.

Retroactive adjustments are considered in the recognition of revenues on an estimated basis in the period the related services are rendered. Such amounts are adjusted in future periods as adjustments become known or as cost reporting years are no longer subject to audits, reviews or investigations. Due to the complexity of the laws and regulations governing the Medicare and Medicaid programs, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

We are currently negotiating with officials from the Centers for Medicare and Medicaid Services ("CMS") to resolve reimbursement issues relating to costs of services provided to Medicare patients during 1996 through 1998 under the government's former cost-reimbursement system. As a result of routine audits conducted by the government's fiscal intermediary, CMS claims that we were overpaid for services provided to these Medicare patients. As previously disclosed, in June 1999, we recorded a pre-tax charge of \$39 million related to open issues surrounding the allocation of nursing labor costs on certain Medicare filings. We have not accrued for any other open cost report issues for these years since we believe, and outside legal counsel has advised, that we have followed appropriate reimbursement procedures for these costs and should be fully reimbursed. In addition, CMS contends that another issue, reimbursement for co-payments due from Medicare beneficiaries who were also eligible for Medicaid, extends into 1999 and 2000. We believe that we have appropriately followed all Medicare reimbursement regulations; however, under present law, if the federal government made a formal demand for payment of the contested amounts, we would have to accrue those amounts and begin payment before being given an opportunity to appeal. Therefore, we cannot estimate nor can we give any assurances of the ultimate impact the resolution of these matters will have on our consolidated financial position, results of operations or cash flows, but the \$39 million charge we recorded in 1999 may prove inadequate.

Unrealized gains on available-for-sale securities	882	33
	-----	-----
	\$ 989	\$ 71
	=====	=====

In July 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS No. 141"), which is effective for all business combinations completed after June 30, 2001. SFAS No. 141 eliminates the pooling-of-interests method of accounting for business combinations except for qualifying business combinations initiated prior to July 1, 2001. In addition, SFAS No. 141 further clarifies the criteria to recognize intangible assets separately from goodwill. We do not expect there to be a material impact on our consolidated financial position, results of operations or cash flows as a result of adopting SFAS No. 141.

BEVERLY ENTERPRISES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

In July 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS No. 142"), which establishes new rules on the accounting for goodwill and other intangible assets. Under SFAS No. 142, goodwill and intangible assets with indefinite lives will no longer be amortized; however, they will be subject to annual impairment tests as prescribed by the Statement. Intangible assets with definite lives will continue to be amortized over their estimated useful lives. The amortization provisions of SFAS No. 142 apply immediately to goodwill and intangible assets acquired after June 30, 2001. With respect to goodwill and intangible assets acquired prior to July 1, 2001, companies are required to

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

adopt SFAS No. 142 in their fiscal year beginning after December 15, 2001. SFAS No. 142 will be effective for us beginning in the first quarter of 2002. At that time, we will perform the required impairment tests on our goodwill and those intangibles we deem to have indefinite lives. We cannot currently estimate the impact these impairment tests will have on our consolidated financial position or result of operations. The amortization provisions of SFAS No. 142 are expected to benefit our results of operations by approximately \$3,800,000, or \$.04 per share diluted, on an annual basis.

Certain prior year amounts have been reclassified to conform with the 2001 financial statements presentation.

(2) The provision for (benefit from) income taxes for the three-month and six-month periods ended June 30, 2001 and 2000 were based on estimated annual effective tax rates of 45% and 36%, respectively. Our estimated annual effective tax rates for 2001 and 2000 were different than the federal statutory rate primarily due to the impact of state income taxes, amortization of nondeductible goodwill and the benefit of certain tax credits. Our estimated annual effective tax rate increased to 45% in 2001 primarily due to the pre-tax charges for asset impairments, workforce reductions and other unusual items totaling approximately \$115,500,000, which reduced our pre-tax income to a level where the impact of permanent tax differences and state income taxes had a significant impact on the effective tax rate. Our net deferred tax assets at June 30, 2001 will be realized through the generation of future taxable income. Realization is dependent on generating sufficient taxable income prior to the expiration of loss carryforwards. Although realization is not assured, management believes it is more likely than not that all of the deferred tax assets will be realized. However, the amount of the deferred tax assets considered realizable could be reduced in the near term if estimates of future taxable income during the carryforward periods are reduced.

The provision for (benefit from) income taxes consists of the following for the three-month and six-month periods ended June 30 (in thousands):

	THREE MONTHS ENDED JUNE 30,	
	2001	2000
Federal:		
Current	\$ 347	\$ 1
Deferred	6,028	3,3
State:		
Current	1,072	2
Deferred	(2,889)	7
	\$ 4,558	\$ 4,4
	=====	=====

(3) During the six months ended June 30, 2001, we sold, closed or terminated the leases on 11 nursing facilities (1,056 beds), two outpatient therapy clinics, one home care center and certain other assets for cash proceeds of approximately \$8,100,000 and a note receivable of approximately \$300,000. We did not operate two of the nursing facilities (234 beds) which had been leased to another nursing home operator. We recognized net pre-tax gains, which were

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

included in net operating revenues during the six months ended June 30, 2001, of approximately \$1,200,000 as a result of these dispositions. The operations of these facilities and other assets were immaterial to our consolidated financial position and results of operations.

During the first quarter of 2001, we restructured the lease agreement related to 10 nursing facilities in the state of Indiana. In addition, we terminated the lease on one nursing facility (223 beds) leased from the same landlord. We recorded a pre-tax charge of approximately \$3,300,000 related to the termination of this lease, including the write-off of the net book value of this property. This pre-tax charge has been included in the condensed consolidated statement of operations caption "Asset impairments, workforce reductions and other unusual items."

7

9

BEVERLY ENTERPRISES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

(4) On July 16, 2001, we announced that we had entered into a definitive agreement to sell 49 nursing facilities (6,129 beds) and four assisted living centers (315 units) located in the state of Florida (the "Florida facilities") to NMC of Florida, LLC. The transaction is scheduled to close during the fourth quarter of 2001 and is subject to lenders due diligence and normal regulatory review. We anticipate using the net cash proceeds generated from the sale to repay indebtedness and for general corporate purposes.

The sale of the Florida facilities is a result of a formal plan initiated by management during the first quarter of 2001 to pursue the sale of our nursing home operations in Florida, which include the Florida facilities, as well as one additional nursing facility (56 beds) and certain other assets which we plan to sell in separate transactions. All of these assets are included in the total assets of our nursing facilities segment (see Note 7). This decision was made due to the excessive patient care liability costs that we have been incurring in recent periods in the state of Florida. Accordingly, the property and equipment, identifiable intangibles and operating supplies of our Florida nursing home operations at March 31, 2001 were considered assets to be disposed of, as that term is defined in Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of" ("SFAS No. 121"). Management estimated the fair value less selling costs of such assets based upon verbal and non-binding purchase prices from potential buyers and determined that an impairment write-down was necessary as of March 31, 2001. The pre-tax charge recorded during the first quarter of 2001 related to this write-down was approximately \$68,900,000. As a result of the agreement we entered into with NMC of Florida, LLC, we recorded an additional impairment write-down of approximately \$6,200,000 during the second quarter of 2001. In addition, we recorded a pre-tax charge during the first quarter of 2001 of approximately \$17,200,000 for certain costs to exit the Florida facilities. These costs relate to severance agreements, termination payments on certain contracts and various other items. These pre-tax charges have been included in the condensed consolidated statement of operations caption "Asset impairments, workforce reductions and other unusual items." At June 30,

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

2001, the Florida assets held for sale totaled approximately \$117,100,000 and are classified as current assets in the condensed consolidated balance sheet, as we expect to close the sale of these facilities in 2001.

During the three-month and six-month periods ended June 30, 2001, our Florida nursing home operations recorded pre-tax income of approximately \$200,000 and a pre-tax loss of approximately \$900,000, respectively. Such amounts do not include certain costs which are currently recorded at the parent company level and are not fully allocated to the individual subsidiaries or facilities. In accordance with SFAS No. 121, we do not have to record depreciation and amortization expense on the Florida assets during the period these assets are being held for sale, since these assets are now recorded at their estimated net realizable value. The amount of depreciation and amortization expense that we did not have to record during the three-month and six-month periods ended June 30, 2001 on the Florida assets was approximately \$2,600,000.

(5) In January 2001, we filed a registration statement under Form S-8 with the Securities and Exchange Commission registering 1,174,500 shares of our Common Stock. These shares were previously repurchased by the Company and held in treasury. Such shares are expected to be issued under the Beverly Enterprises, Inc. Stock Grant Plan (the "Stock Grant Plan"). Shares of Common Stock will be issued under the Stock Grant Plan to holders of restricted shares who, by virtue of the terms of their employment contracts, severance agreements or other similar arrangements, have a claim to the immediate vesting of their restricted stock. In conjunction with the reorganization in the first quarter of 2001 (as discussed in Note 7), 545,542 shares of Common Stock under the Stock Grant Plan were issued to various officers who made such claims, and the shares of restricted stock held by such officers were cancelled. During the first quarter of 2001, we incurred a pre-tax charge of approximately \$3,700,000 related to the issuance of shares under the Stock Grant Plan, which was included in the workforce reductions and other reorganization costs (as discussed in Note 7).

During April 2001, we completed the restructuring of our \$375,000,000 credit facility, which was scheduled to mature on December 31, 2001. We entered into a new \$150,000,000 revolving credit facility (the "Credit Facility") and issued \$200,000,000 of 9 5/8% senior notes due 2009 (the "Senior Notes") through a private placement. During the second quarter of 2001, we filed a registration statement under Form S-4 with the Securities and Exchange Commission registering the Senior Notes. We are offering to exchange (the "Exchange Offer") all of the Senior

8

10

BEVERLY ENTERPRISES, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

Notes issued through the private placement for registered Senior Notes. We will not receive any proceeds as a result of the Exchange Offer. The Senior Notes are unsecured obligations, guaranteed by substantially all of our present and future subsidiaries (the "Subsidiary Guarantors") and impose on us certain restrictive covenants. The net proceeds from issuance of the Senior Notes were used to repay

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

borrowings under the \$375,000,000 credit facility and for general corporate purposes.

The Credit Facility provides for a Revolver/Letter of Credit Facility. Borrowings under the Credit Facility bear interest at adjusted LIBOR plus 2.875%, the Base Rate, as defined, plus 1.875% or the adjusted CD rate, as defined, plus 3%, at our option. Such interest rates may be adjusted quarterly based on certain financial ratio calculations. The Credit Facility is secured by mortgages on certain nursing facilities, is guaranteed by the Subsidiary Guarantors and imposes on us certain financial tests and restrictive covenants.

(6) There are various lawsuits and regulatory actions pending against the Company arising in the normal course of business, some of which seek punitive damages that are generally not covered by insurance. We do not believe that the ultimate resolution of such matters will have a material adverse effect on our consolidated financial position or results of operations. (See "Part II, Item 1. Legal Proceedings").

(7) Statement of Financial Accounting Standards No. 131, "Disclosures about Segments of an Enterprise and Related Information " provides disclosure guidelines for segments of a company based on a management approach to defining operating segments.

In January 2001, we implemented a new three-year strategic plan aimed at accomplishing four fundamental strategies:

- o streamline our nursing home portfolio to strengthen our long-term financial position;
- o accelerate the growth of our service and knowledge business;
- o establish a leadership position in eldercare; and
- o reengineer our organization in order to focus our resources on profitable growth and new opportunities.

In order to support the implementation of these strategies, in the first quarter of 2001, we reorganized our business into three primary operating segments:

- o nursing facilities, which provide long-term healthcare through the operation of nursing homes and assisted living centers;
- o innovation and services group, which include rehabilitation therapy, hospice, home care and a business strategy and development division; and
- o TMX, formerly known as Matrix/Theraphysics, which operates outpatient therapy clinics and a managed care network.

As a result of this reorganization, we recorded a pre-tax charge of approximately \$18,300,000 during the first quarter of 2001 and an additional \$1,000,000 during the second quarter of 2001. The pre-tax charges are included in the condensed consolidated statement of operations caption "Asset impairments, workforce reductions and other unusual items". Approximately \$18,400,000 related to severance and other employment agreements for 141 associates. Approximately \$13,200,000 was paid during the six months ended June 30, 2001, with the remainder expected to be paid throughout 2001. Included in the pre-tax charge were non-cash expenses of approximately \$3,700,000 related to the issuance of shares under the Stock Grant Plan and \$600,000 related to other long-term incentive agreements. During the fourth quarter of 2000, we incurred a pre-tax charge of approximately \$3,500,000 primarily due to severance agreements

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

associated with four executives who were notified prior to December 31, 2000 of the Company's intent to terminate their employment in conjunction with this reorganization. Substantially all of this amount was paid during the first quarter of 2001.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

JUNE 30, 2001

(UNAUDITED)

GENERAL

FORWARD LOOKING STATEMENTS

This Quarterly Report on Form 10-Q, and other information we provide from time to time, contains certain "forward-looking" statements as that term is defined by the Private Securities Litigation Reform Act of 1995. All statements regarding our expected future financial position, results of operations or cash flows, our continued performance improvements, our ability to service and refinance our debt obligations, our ability to finance growth opportunities, our ability to control our patient care liability costs, our ability to respond to changes in government regulations, our ability to execute our three-year strategic plan, our ability to execute a transaction with respect to our Florida nursing operations and similar statements including, without limitation, those containing words such as "believes," "anticipates," "expects," "intends," "estimates," "plans," and other similar expressions are forward-looking statements.

Forward-looking statements involve known and unknown risks and uncertainties that may cause our actual results in future periods to differ materially from those projected or contemplated in the forward-looking statements as a result

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

of, but not limited to, the following factors:

- o national and local economic conditions, including their effect on the availability and cost of labor, utilities and materials;
- o the effect of government regulations and changes in regulations governing the healthcare industry, including our compliance with such regulations;
- o changes in Medicare and Medicaid payment levels and methodologies and the application of such methodologies by the government and its fiscal intermediaries, including our negotiations with CMS (as discussed below);
- o liabilities and other claims asserted against the Company, including patient care liabilities, as well as the resolution of the Class Action and Derivative Lawsuits (see "Part II, Item 1. Legal Proceedings");
- o our ability to attract and retain qualified personnel;
- o the availability and terms of capital to fund acquisitions and capital improvements;
- o the competitive environment in which we operate;
- o our ability to maintain and increase census levels; and
- o demographic changes.

Investors should also refer to Item 1. Business in our 2000 Annual Report on Form 10-K for a discussion of various governmental regulations and other operating factors relating to the healthcare industry and various risk factors inherent in them. Given these risks and uncertainties, we can give no assurances that any forward-looking statements will, in fact, transpire and, therefore, caution investors not to place undue reliance on them.

GOVERNMENTAL REGULATION AND REIMBURSEMENT

We are currently negotiating with officials from the Centers for Medicare and Medicaid Services ("CMS") to resolve reimbursement issues relating to costs of services provided to Medicare patients during 1996 through 1998 under the government's former cost-reimbursement system. As a result of routine audits conducted by the government's fiscal intermediary, CMS claims that we were overpaid for services provided to these Medicare patients. As previously disclosed, in June 1999, we recorded a pre-tax charge of \$39 million related to open issues surrounding the allocation of nursing labor costs on certain Medicare filings. We have not accrued for any other open cost report issues for these years since we believe, and outside legal counsel has advised, that we have followed appropriate reimbursement procedures for these costs and should be fully reimbursed. In addition, CMS contends that another issue, reimbursement for co-payments due from Medicare beneficiaries who were also eligible for

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

Medicaid, extends into 1999 and 2000. We believe that we have appropriately followed all Medicare reimbursement regulations; however, under present law, if the federal government made a formal demand for payment of the contested amounts, we would have to accrue those amounts and begin payment before being given an opportunity to appeal. Therefore, we cannot estimate nor can we give any assurances of the ultimate impact the resolution of these matters will have on our consolidated financial position, results of operations or cash flows, but the \$39 million charge we recorded in 1999 may prove inadequate.

OPERATING RESULTS

SECOND QUARTER 2001 COMPARED TO SECOND QUARTER 2000

RESULTS OF OPERATIONS

We reported net income for the second quarter of 2001 of \$5,568,000, compared to net income of \$8,522,000 for the same period in 2000. Net income for 2001 included pre-tax charges totaling approximately \$7,800,000, including \$6,800,000 for asset impairments (\$6,200,000 related to the Florida facilities) and \$1,000,000 for workforce reductions and other reorganization costs.

On July 16, 2001, we announced that we had entered into a definitive agreement to sell 49 nursing facilities (6,129 beds) and four assisted living centers (315 units) located in the state of Florida (the "Florida facilities") to NMC of Florida, LLC. The transaction is scheduled to close during the fourth quarter of 2001 and is subject to lenders due diligence and normal regulatory review. We anticipate using the net cash proceeds generated from the sale to repay indebtedness and for general corporate purposes. As a result of this agreement, we recorded an impairment write-down of approximately \$6,200,000 during the second quarter of 2001. See "Six Months 2001 Compared to Six Months 2000 - Results of Operations" for discussion of pre-tax charges recorded during the first quarter of 2001 related to this transaction.

In addition, we recorded a pre-tax charge of approximately \$1,000,000 related to the reorganization of our business operations. See "Six Months 2001 Compared to Six Months 2000 - Results of Operations" for discussion of this reorganization.

INCOME TAXES

We had estimated annual effective tax rates of 45% and 36% for 2001 and 2000, respectively. Our estimated annual effective tax rates for 2001 and 2000 were different than the federal statutory rate primarily due to the impact of state income taxes, amortization of nondeductible goodwill and the benefit of certain tax credits. Our estimated annual effective tax rate increased to 45% in 2001 primarily due to the pre-tax charges for asset impairments, workforce reductions and other unusual items totaling approximately \$115,500,000, which reduced our pre-tax income to a level where the impact of permanent tax differences and state income taxes had a significant impact on the effective tax rate. Our net deferred tax assets at June 30, 2001 are expected to be realized through the generation of future taxable income. Realization is dependent on generating sufficient taxable income prior to the expiration of loss carryforwards. Although realization is not assured, management believes it is more likely than not that all of the deferred tax assets will be realized. However, the amount of

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

the deferred tax assets considered realizable could be reduced in the near term if estimates of future taxable income during the carryforward periods are reduced.

NET OPERATING REVENUES

We reported net operating revenues of \$679,978,000 during the second quarter of 2001 compared to \$655,239,000 for the same period in 2000. Approximately 92% of our total net operating revenues for the quarters ended June 30,

12

14

BEVERLY ENTERPRISES, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

2001 and 2000 were derived from services provided by our nursing facilities segment. The increase in net operating revenues of approximately \$24,700,000 for the second quarter of 2001, as compared to the same period in 2000, consists of the following:

- o an increase of \$51,000,000 due to facilities which we operated during each of the quarters ended June 30, 2001 and 2000 ("same facility operations");
- o an increase of \$8,500,000 due to acquisitions and openings of newly-constructed facilities; and
- o a decrease of \$34,800,000 due to dispositions.

The increase in net operating revenues of \$51,000,000 from same facility operations for the second quarter of 2001, as compared to the same period in 2000, was primarily due to the following:

- o \$53,600,000 due to an increase in Medicaid, Medicare and private rates; and
- o \$2,900,000 due to a positive shift in our patient mix.

Such increases were partially offset by a decrease of \$6,100,000 due to a decline in same facility occupancy to 86.8% for the second quarter of 2001, as compared to 87.0% for the same period in 2000.

Our Medicare, private and Medicaid census for same facility operations was 10%, 18% and 71%, respectively, for the second quarter of 2001, as compared to 9%, 19% and 71%, respectively, for the same period in 2000.

Acquisitions and openings of newly-constructed facilities which occurred during the year ended December 31, 2000 caused our net operating revenues to

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

increase \$8,500,000 for the second quarter of 2001, as compared to the same period in 2000. During 2000, we acquired seven nursing facilities (1,210 beds), one previously leased nursing facility (105 beds) and certain other assets. In addition, we opened four newly-constructed nursing facilities (418 beds). The acquisitions of the facilities and other assets were accounted for as purchases. The operations of the acquired facilities and other assets, as well as the newly-constructed facilities, were immaterial to our consolidated financial position and results of operations.

Dispositions that occurred during the six months ended June 30, 2001 and the year ended December 31, 2000 caused our net operating revenues to decrease \$34,800,000 for the second quarter of 2001, as compared to the same period in 2000. During the six months ended June 30, 2001, we sold, closed or terminated the leases on 12 nursing facilities (1,279 beds), two outpatient therapy clinics, one home care center and certain other assets. We recognized net pre-tax gains, which were included in net operating revenues during the six months ended June 30, 2001, of approximately \$1,200,000 as a result of these dispositions.

During 2000, we sold, closed or terminated the leases on 39 nursing facilities (4,263 beds) and certain other assets. We recognized net pre-tax gains, which were included in net operating revenues during the year ended December 31, 2000, of approximately \$2,000,000 as a result of these dispositions. The operations of the disposed facilities and other assets were immaterial to our consolidated financial position and results of operations.

OPERATING AND ADMINISTRATIVE EXPENSES

We reported operating and administrative expenses of \$620,386,000 during the second quarter of 2001 compared to \$597,196,000 for the same period in 2000. The increase of approximately \$23,200,000 consists of the following:

- o an increase of \$47,300,000 due to same facility operations;
- o an increase of \$9,400,000 due to acquisitions and openings of newly-constructed facilities; and
- o a decrease of \$33,500,000 due to dispositions.

13

15

BEVERLY ENTERPRISES, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

The increase in operating and administrative expenses of \$47,300,000 from

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

same facility operations for the second quarter of 2001, as compared to the same period in 2000, was due primarily to the following:

- o \$31,700,000 of additional wages and related expenses primarily due to an increase in our weighted average wage rate; and
- o \$14,600,000 due to an increase in our provision for insurance and related items.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization expense decreased to \$22,150,000 for the second quarter of 2001, as compared to \$25,378,000 for the same period in 2000 primarily due to the discontinuation of depreciation and amortization of our Florida nursing home assets during the second quarter of 2001.

SIX MONTHS 2001 COMPARED TO SIX MONTHS 2000

RESULTS OF OPERATIONS

We reported a net loss for the six months ended June 30, 2001 of \$46,706,000, compared to net income of \$14,783,000 for the same period in 2000. Net loss for 2001 included pre-tax charges totaling approximately \$115,500,000, including \$75,700,000 for asset impairments (\$75,100,000 related to the Florida facilities), \$19,300,000 for workforce reductions and other reorganization costs and \$20,500,000 for Florida exit costs and other unusual items.

During the first quarter of 2001, a formal plan was initiated by management to pursue the sale of our nursing home operations in Florida, which include the Florida facilities, as well as one additional nursing facility (56 beds) and certain other assets which we plan to sell in separate transactions. Such decision was made due to the excessive patient care liability costs that we have been incurring in recent periods in the state of Florida. Accordingly, the property and equipment, identifiable intangibles and operating supplies of our Florida nursing home operations at March 31, 2001 were considered assets to be disposed of, as that term is defined in Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of" ("SFAS No. 121"). Management estimated the fair value less selling costs of such assets based upon verbal and non-binding purchase prices from potential buyers and determined that an impairment write-down was necessary as of March 31, 2001. The pre-tax charge recorded during the first quarter of 2001 related to this write-down was approximately \$68,900,000. As a result of the agreement we entered into with NMC of Florida, LLC, we recorded an additional impairment write-down of approximately \$6,200,000 during the second quarter of 2001. In addition, we recorded a pre-tax charge during the first quarter of 2001 of approximately \$17,200,000 for certain costs to exit the Florida facilities. These costs relate to severance agreements, termination payments on certain contracts and various other items. These pre-tax charges have been included in the condensed consolidated statement of operations caption "Asset impairments, workforce reductions and other unusual items." At June 30, 2001, the Florida assets held for sale totaled approximately \$117,100,000 and are classified as current assets in the condensed consolidated balance sheet, as we expect to close the sale of these facilities in 2001.

During the three-month and six-month periods ended June 30, 2001, our Florida nursing home operations recorded pre-tax income of approximately \$200,000 and a pre-tax loss of approximately \$900,000, respectively. Such amounts do not include certain costs which are currently recorded at the parent company level and are not fully allocated to the individual subsidiaries or facilities. In accordance with SFAS No. 121, we do not have to record depreciation and amortization expense on the Florida assets during the period these assets are being held for sale, since these assets are now recorded at their estimated net

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

realizable value. The amount of depreciation and amortization expense that we did not have to record during the three-month and six-month periods ended June 30, 2001 on the Florida assets was approximately \$2,600,000.

14

16

BEVERLY ENTERPRISES, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

In January 2001, we implemented a new three-year strategic plan aimed at accomplishing four fundamental strategies:

- o streamline our nursing home portfolio to strengthen our long-term financial position;
- o accelerate the growth of our service and knowledge business;
- o establish a leadership position in eldercare; and
- o reengineer our organization in order to focus our resources on profitable growth and new opportunities.

In order to support the implementation of these strategies, in the first quarter of 2001, we reorganized our business into three primary operating segments:

- o nursing facilities, which provide long-term healthcare through the operation of nursing homes and assisted living centers;
- o innovation and services group, which include rehabilitation therapy, hospice, home care and a research and development division; and
- o TMX, formerly know as Matrix/Theraphysics, which operates outpatient therapy clinics and a managed care network.

As a result of this reorganization, we recorded a pre-tax charge of approximately \$18,300,000 during the first quarter of 2001 and an additional \$1,000,000 during the second quarter of 2001. Approximately \$18,400,000 related to severance and other employment agreements for 141 associates. Approximately \$13,200,000 was paid during the six months ended June 30, 2001, with the remainder expected to be paid throughout 2001. Included in the pre-tax charge were non-cash expenses of approximately \$3,700,000 related to the issuance of shares under the Stock Grant Plan and \$600,000 related to other long-term incentive agreements. During the fourth quarter of 2000, we incurred a pre-tax charge of approximately \$3,500,000 primarily due to severance agreements associated with four executives who were notified prior to December 31, 2000 of the Company's intent to terminate their employment in conjunction with this reorganization. Substantially all of this amount was paid during the first quarter of 2001.

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

In January 2001, we filed a registration statement under Form S-8 with the Securities and Exchange Commission registering 1,174,500 shares of our Common Stock. These shares were previously repurchased by the Company and held in treasury. Such shares are expected to be issued under the Beverly Enterprises, Inc. Stock Grant Plan (the "Stock Grant Plan"). Shares of Common Stock will be issued under the Stock Grant Plan to holders of restricted shares who, by virtue of the terms of their employment contracts, severance agreements or other similar arrangements, have a claim to the immediate vesting of their restricted stock. In conjunction with the reorganization in the first quarter of 2001 (as discussed above), 545,542 shares of Common Stock under the Stock Grant Plan were issued to various officers who made such claims, and the shares of restricted stock held by such officers were cancelled. We incurred a pre-tax charge of approximately \$3,700,000 related to the issuance of shares under the Stock Grant Plan, which was included in the workforce reductions and other reorganization costs (as discussed above).

Also during the first quarter of 2001, we restructured the lease agreement related to 10 nursing facilities in the state of Indiana. In addition, we terminated the lease on one nursing facility (223 beds) leased from the same landlord. We recorded a pre-tax charge of approximately \$3,300,000 related to the termination of this lease, including the write-off of the net book value of this property.

NET OPERATING REVENUES

We reported net operating revenues of \$1,339,446,000 during the six months ended June 30, 2001 compared to \$1,301,341,000 for the same period in 2000. Approximately 92% of our total net operating revenues for the six

15

17

BEVERLY ENTERPRISES, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

months ended June 30, 2001 and 2000 were derived from services provided by our nursing facilities segment. The increase in net operating revenues of approximately \$38,100,000 for the six months ended June 30, 2001, as compared to the same period in 2000, consists of the following:

- o an increase of \$85,600,000 due to facilities which we operated during each of the six months ended June 30, 2001 and 2000 ("same facility operations");
- o an increase of \$20,100,000 due to acquisitions and openings of newly-constructed facilities; and
- o a decrease of \$67,600,000 due to dispositions.

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

The increase in net operating revenues of \$85,600,000 from same facility operations for the six months ended June 30, 2001, as compared to the same period in 2000, was primarily due to the following:

- o \$98,100,000 due to an increase in Medicaid, Medicare and private rates; and
- o \$5,600,000 due to an increase in our rehabilitation therapy business' external contracts.

Such increases were partially offset by decreases of:

- o \$12,500,000 due to a decline in same facility occupancy to 87.0% for the six months ended June 30, 2001, as compared to 87.3% for the same period in 2000; and
- o \$5,900,000 due to one less calendar day during the six months ended June 30, 2001, as compared to the same period in 2000.

OPERATING AND ADMINISTRATIVE EXPENSES

We reported operating and administrative expenses of \$1,224,023,000 during the six months ended June 30, 2001 compared to \$1,189,071,000 for the same period in 2000. The increase of approximately \$35,000,000 consists of the following:

- o an increase of \$75,500,000 due to same facility operations;
- o an increase of \$21,800,000 due to acquisitions and openings of newly-constructed facilities; and
- o a decrease of \$62,300,000 due to dispositions.

The increase in operating and administrative expenses of \$75,500,000 from same facility operations for the six months ended June 30, 2001, as compared to the same period in 2000, was due primarily to the following:

- o \$51,200,000 of additional wages and related expenses primarily due to an increase in our weighted average wage rate;
- o \$21,200,000 due to an increase in our provision for insurance and related items; and
- o \$5,300,000 due to an increase in other contracted services.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization expense decreased to \$46,614,000 for the six months ended June 30, 2001, as compared to \$50,714,000 for the same period in 2000 primarily due to dispositions of, or lease terminations on, certain facilities and the discontinuation of depreciation and amortization of our Florida nursing home assets.

NEW ACCOUNTING STANDARDS

In July 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS No. 141"), which is effective for all business combinations completed after June 30, 2001. SFAS No. 141 eliminates the pooling-of-interests method of accounting for business combinations

BEVERLY ENTERPRISES, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

except for qualifying business combinations initiated prior to July 1, 2001. In addition, SFAS No. 141 further clarifies the criteria to recognize intangible assets separately from goodwill. We do not expect there to be a material impact on our consolidated financial position, results of operations or cash flows as a result of adopting SFAS No. 141.

In July 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS No. 142"), which establishes new rules on the accounting for goodwill and other intangible assets. Under SFAS No. 142, goodwill and intangible assets with indefinite lives will no longer be amortized; however, they will be subject to annual impairment tests as prescribed by the Statement. Intangible assets with definite lives will continue to be amortized over their estimated useful lives. The amortization provisions of SFAS No. 142 apply immediately to goodwill and intangible assets acquired after June 30, 2001. With respect to goodwill and intangible assets acquired prior to July 1, 2001, companies are required to adopt SFAS No. 142 in their fiscal year beginning after December 15, 2001. SFAS No. 142 will be effective for us beginning in the first quarter of 2002. At that time, we will perform the required impairment tests on our goodwill and those intangibles we deem to have indefinite lives. We cannot currently estimate the impact these impairment tests will have on our consolidated financial position or result of operations. The amortization provisions of SFAS No. 142 are expected to benefit our results of operations by approximately \$3,800,000, or \$.04 per share diluted, on an annual basis.

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2001, we had approximately \$80,000,000 in cash and cash equivalents, approximately \$267,300,000 of net working capital and approximately \$117,000,000 of unused commitments under our \$150,000,000 revolving credit facility.

Net cash provided by operating activities for the six months ended June 30, 2001 was approximately \$95,600,000. This amount was up approximately \$106,700,000 from the six months ended June 30, 2000 primarily due to the following:

- o a reduction in patient accounts receivable during the six months ended June 30, 2001 compared to the six months ended June 30, 2000 primarily due to improved collections, as well as an increase in Medicare periodic interim payments;
- o proceeds received during the first quarter of 2001 of \$28,900,000 related to a refund of certain workers compensation premiums and a

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

settlement on certain insurance policies; and

- o the \$25,000,000 civil and \$5,000,000 criminal settlement payments made during the first quarter of 2000, which negatively impacted operating cash flows for the six months ended June 30, 2000.

Net cash used for investing and financing activities were approximately \$25,200,000 and \$16,300,000, respectively, for the six months ended June 30, 2001. We received net cash proceeds of approximately \$194,800,000 from the issuance of 9 5/8% Senior Notes (as discussed below) and approximately \$9,800,000 from the dispositions of facilities and other assets. Such net cash proceeds, along with cash generated from operations and cash on hand, were used to repay approximately \$46,700,000 of long-term debt, to fund capital expenditures totaling approximately \$33,600,000 and to repay Revolver borrowings.

During April 2001, we completed the restructuring of our \$375,000,000 credit facility, which was scheduled to mature on December 31, 2001. We entered into a new \$150,000,000 revolving credit facility (the "Credit Facility") and issued \$200,000,000 of 9 5/8% senior notes due 2009 (the "Senior Notes") through a private placement. During the second quarter of 2001, we filed a registration statement under Form S-4 with the Securities and Exchange Commission registering the Senior Notes. We are offering to exchange (the "Exchange Offer") all of the Senior

17

19

BEVERLY ENTERPRISES, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

JUNE 30, 2001

(UNAUDITED)

Notes issued through the private placement for registered Senior Notes. We will not receive any proceeds as a result of the Exchange Offer. The Senior Notes are unsecured obligations, guaranteed by substantially all of our present and future subsidiaries (the "Subsidiary Guarantors") and impose on us certain restrictive covenants. The net proceeds from issuance of the Senior Notes were used to repay borrowings under the \$375,000,000 credit facility and for general corporate purposes.

The Credit Facility provides for a Revolver/Letter of Credit Facility. Borrowings under the Credit Facility bear interest at adjusted LIBOR plus 2.875%, the Base Rate, as defined, plus 1.875% or the adjusted CD rate, as defined, plus 3%, at our option. Such interest rates may be adjusted quarterly based on certain financial ratio calculations. The Credit Facility is secured by mortgages on certain nursing facilities, is guaranteed by the Subsidiary Guarantors and imposes on us certain financial tests and restrictive covenants.

At June 30, 2001, we leased 11 nursing facilities (6 of which are in Florida), one assisted living center and our corporate headquarters under an off-balance sheet financing arrangement subject to operating leases with the

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

creditor. We have the option to purchase the facilities at the end of the initial lease terms at fair market value. Such financing arrangement was entered into for the construction of these facilities and currently has \$113,500,000 of outstanding commitments (\$43,600,000 of which are related to the Florida facilities).

We currently anticipate that cash flows from operations and borrowings under our banking arrangements will be adequate to repay our debts due within one year of approximately \$84,900,000, to make normal recurring capital additions and improvements of approximately \$110,000,000, to make selective acquisitions, including the purchase of previously leased facilities, to construct new facilities, and to meet working capital requirements for the twelve months ending June 30, 2002. If cash flows from operations or availability under our existing banking arrangements fall below expectations, we may be required to delay capital expenditures, dispose of certain assets, issue additional debt securities, or consider other alternatives to improve liquidity.

(UNAUDITED)

ITEM 1. LEGAL PROCEEDINGS

On February 3, 2000, we entered into a series of agreements with the U.S. Department of Justice and the Office of Inspector General (the "OIG") of the Department of Health and Human Services. These agreements settled the federal government's investigations of the Company relating to our allocation to the Medicare program of certain nursing labor costs in our skilled nursing facilities from 1990 to 1998 (the "Allocation Investigations").

The agreements consist of:

- o a Plea Agreement;
- o a Civil Settlement Agreement;
- o a Corporate Integrity Agreement; and
- o an agreement concerning the disposition of 10 nursing facilities.

Under the Plea Agreement, one of our subsidiaries pled guilty to one count of mail fraud and 10 counts of making false statements to Medicare and paid a criminal fine of \$5,000,000 during the first quarter of 2000.

Under the Civil Settlement Agreement, we paid the federal government \$25,000,000 during the first quarter of 2000 and are reimbursing the federal

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

government an additional \$145,000,000 through withholdings from our biweekly Medicare periodic interim payments in equal installments through the first quarter of 2008. In addition, we agreed to resubmit certain Medicare filings to reflect reduced labor costs allocated to the Medicare program.

Under the Corporate Integrity Agreement, we are required to monitor, on an ongoing basis, our compliance with the requirements of the federal healthcare programs. This agreement addresses our obligations to ensure that we comply with the requirements for participation in the federal healthcare programs. It also includes our functional and training obligations, audit and review requirements, recordkeeping and reporting requirements, as well as penalties for breach/noncompliance of the agreement. We believe that we are in substantial compliance with the requirements of the Corporate Integrity Agreement.

In accordance with our agreement to dispose of 10 nursing facilities, we disposed of seven of the facilities during 2000 and three of the facilities during the six months ended June 30, 2001.

On July 6, 1999, an amended complaint was filed by the plaintiffs in a previously disclosed purported class action lawsuit pending against the Company and certain of our officers in the United States District Court for the Eastern District of Arkansas (the "Class Action"). Plaintiffs filed a second amended complaint on September 9, 1999 which asserted claims under Section 10(b) (including Rule 10b-5 promulgated thereunder) and under Section 20 of the Securities Exchange Act of 1934 arising from practices that were the subject of the Allocation Investigations. The defendants filed a motion to dismiss that complaint on October 8, 1999. Oral agreement on this motion was held on April 6, 2000. Due to the preliminary state of the Class Action and the fact the second amended complaint does not allege damages with any specificity, we are unable at this time to assess the probable outcome of the Class Action or the materiality of the risk of loss. We believe that we acted lawfully with respect to plaintiff investors and will vigorously defend the Class Action. However, we can give no assurances of the ultimate impact on our consolidated financial position, results of operations or cash flows as a result of these proceedings.

(UNAUDITED)

In addition, since July 29, 1999, eight derivative lawsuits have been filed in the federal and state courts of Arkansas, California and Delaware, as well as the federal district court in Arkansas, (collectively, the "Derivative Actions"), including:

- o Norman M. Lyons v. David R. Banks, et al., Case No. OT99-4041, was filed in the Chancery Court of Pulaski County, Arkansas (4th Division) on or about July 29, 1999, and the parties filed an Agreed Motion to Stay the proceedings on January 17, 2000;

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

- o Alfred Badger, Jr. v. David R. Banks, et al., Case No. OT99-4353, was filed in the Chancery Court of Pulaski County, Arkansas (1st Division) on or about August 17, 1999 and voluntarily dismissed on November 30, 1999;
- o James L. Laurita v. David R. Banks, et al., Case No. 17348NC, was filed in the Delaware Chancery Court on or about August 2, 1999;
- o Kenneth Abbey v. David R. Banks, et al., Case No. 17352NC, was filed in the Delaware Chancery Court on or about August 4, 1999;
- o Alan Friedman v. David R. Banks, et al., Case No. 17355NC, was filed in the Delaware Chancery Court on or about August 9, 1999;
- o Elles Trading Company v. David R. Banks, et al., was filed in the Superior Court for San Francisco County, California on or about August 4, 1999 and removed to federal district court;
- o Kushner v. David R. Banks, et al., Case No. LR-C-98-646, was filed in the United States District Court for the Eastern District of Arkansas (Western Division) on September 30, 1999; and
- o Richardson v. David R. Banks, et al., Case No. LR-C-99-826, was filed in the United States District Court for the Eastern District of Arkansas (Western Division) on November 4, 1999.

The Laurita, Abbey and Friedman actions were subsequently consolidated by order of the Delaware Chancery Court. On or about October 1, 1999, the defendants moved to dismiss the Laurita, Abbey and Friedman actions. The parties have agreed to stay the consolidated action pending the outcome of the motion to dismiss in the Class Action. The plaintiffs in the Elles Trading Company action filed a notice of voluntary dismissal on February 3, 2000. The Kushner and Richardson actions were ordered to be consolidated as In Re Beverly Enterprises, Inc. Derivative Litigation and by agreed motion, Plaintiffs filed an amended, consolidated complaint on April 21, 2000. Defendants filed a motion to dismiss the consolidated derivative complaint and a motion to strike portions thereof on July 21, 2000. The parties have agreed to stay the consolidated action pending the outcome of the motion to dismiss in the Class Action, but the stipulation has not been entered by the Court.

The Derivative Actions each name the Company's directors as defendants, as well as the Company as a nominal defendant. The Badger and Lyons actions also name as defendants certain of the Company's officers. The Derivative Actions each allege breach of fiduciary duties to the Company and its stockholders arising primarily out of the Company's alleged exposure to loss due to the Class Action and the Allocation Investigations. The Lyons, Badger and Richardson actions also assert claims for abuse of control and constructive fraud arising from the same allegations and the Richardson action also claims unjust enrichment.

Due to the preliminary state of the Derivative Actions and the fact the complaints do not allege damages with any specificity, we are unable at this time to assess the probable outcome of the Derivative Actions or the materiality of the risk of loss. We believe that we acted lawfully with respect to the allegations of the Derivative Actions and will vigorously defend the Derivative Actions. However, we can give no assurances of the ultimate impact on our consolidated financial position, results of operations or cash flows as a result of these proceedings.

There are various other lawsuits and regulatory actions pending against the Company arising in the normal course of business, some of which seek punitive

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

damages that are generally not covered by insurance. We do not believe that the ultimate resolution of such other matters will have a material adverse effect on our consolidated financial position or results of operations.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On May 24, 2001, we held our Annual Meeting of Stockholders in Fort Smith, Arkansas, for the purposes of electing eight members of the Board of Directors, ratifying the appointment of Ernst & Young LLP as independent auditors for 2001, amending our 1997 Long-Term Incentive Plan, amending our Non-Employee Directors Stock Option Plan and transacting such other business as may have properly come before the meeting or any adjournment thereof.

The following table sets forth the directors elected at such meeting and the number of votes cast for and withheld for each director:

DIRECTOR -----	FOR -----
Beryl F. Anthony, Jr.....	89,992,238
David R. Banks.....	89,984,297
Harris Diamond	89,997,060
William R. Floyd.....	89,995,168
James R. Greene.....	89,987,029
Edith E. Holiday.....	90,101,813
James W. McLane.....	89,983,930
Marilyn R. Seymann, Ph. D.....	90,087,609

The appointment of Ernst & Young LLP as independent auditors for 2001 was ratified at the meeting. The following table sets forth the number of votes for and against, as well as abstentions as to this matter:

For.....	96,970,4
Against.....	560,5
Abstentions.....	82,9

The Amendment to the 1997 Long-Term Incentive Plan was approved at the meeting. The following table sets forth the number of votes for and against, as

Edgar Filing: BEVERLY ENTERPRISES INC - Form 10-Q

well as abstentions as to this matter:

For.....	66,262,7
Against.....	31,021,9
Abstentions.....	329,2

The Amendment to the Non-Employee Directors Stock Option Plan was approved at the meeting. The following table sets forth the number of votes for and against, as well as abstentions as to this matter:

For.....	75,545,7
Against.....	21,719,3
Abstentions.....	348,8
