Item 8.01. Other Events

McKesson Corporation (the Company) is filing this Form 8-K to provide disclosures regarding the effect of its sales of its Acute Care supply business and a small wholly owned subsidiary, Pharmaceutical Buyers Inc. (PBI). These businesses have been reclassified as discontinued operations in accordance with Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. Under regulations of the Securities and Exchange Commission (the SEC), these reclassifications must be reflected in the previously issued financial statements included in our Annual Report on Form 10-K for the year ended March 31, 2006 (the 2006 Form 10-K) if those financial statements are incorporated by reference in subsequent filings with the SEC made under the Securities Act of 1933, as amended. The information included in this Form 8-K affects only disclosures related to the Acute Care supply business and PBI contained in the 2006 Form 10-K. Other than modifications to reflect the classification of discontinued operations, no other disclosures in the 2006 Form 10-K, including forward-looking statements, have been revised or updated for any other events or circumstances that have occurred after the date of the filing of the 2006 Form 10-K and our outlook at that time. For information regarding such events or circumstances, you should refer to our periodic reports filed with the SEC after the filing of the 2006 Form 10-K.

As described in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2006, we sold our Medical-Surgical Solutions segment's Acute Care supply business to Owens & Minor, Inc. on September 30, 2006. Also during the same quarter, we sold PBI. The results of PBI, which were previously included in our Pharmaceutical Solutions segment, were not material to the Company's consolidated financial statements. In accordance with SFAS No. 144, financial results for these businesses are classified as discontinued operations for all periods presented in the Company's consolidated financial statements.

Accordingly, we are providing the required information about the dispositions of these businesses that give effect to the classification of discontinued operations as they relate to prior periods. Exhibit 99(a) reflects changes to Item 1 (description of business), schedule II and the five-year highlights of the 2006 Form 10-K as a result of these dispositions. Exhibit 99(b) contains the complete Management's Discussion & Analysis and consolidated financial statements from the 2006 Form 10-K adjusted to present these dispositions as discontinued operations. These financial statements, which have been conformed to the financial statement presentation of the Acute Care supply business and PBI as discontinued operations in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2006, are our historical financial statements.
