OUTSTANDING STOCK AND VOTING RIGHTS

The Board has fixed the close of business on April 19, 2004 as the record date (the Record Date) for the determination of the Company's stockholders entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, 34,375,034 shares of the Company's Common Stock were issued and outstanding. Each share of Common Stock entitles the holder to one vote on each matter submitted to a vote at the Annual Meeting.

VOTING PROCEDURES AND REVOCABILITY OF PROXIES

Proxies in the accompanying form, properly executed and returned to the management of the Company by mail, telephone or the Internet, and not revoked, will be voted at the Annual Meeting. Any proxy given pursuant to such solicitation may be revoked by the stockholder at any time prior to the voting of the proxy by a subsequently dated proxy, by written notice of revocation of the proxy delivered to the Secretary of the Company, or by personally withdrawing the proxy at the Annual Meeting and voting in person.

The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock as of the Record Date, is necessary to establish a quorum for the transaction of business at the Annual Meeting. The directors will be elected by the affirmative vote of a plurality in voting power present in person or represented by proxy and entitled to vote at the Annual Meeting. All other matters at the meeting will be decided by the affirmative vote of the holders of a majority in voting power present in person or represented by proxy and entitled to vote at the Annual Meeting. Votes will be counted and certified by one or more Inspector(s) of Election who are appointed by the Company to serve in that capacity. In accordance with

Delaware General Corporation Law, abstentions and broker non-votes (i.e. proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining the presence of a quorum. For purposes of determining approval of a matter presented at the Annual Meeting, abstentions will be deemed present and entitled to vote and will, therefore, have the same legal effect as a vote against a matter presented at the Annual Meeting. Broker non-votes will be deemed not entitled to vote on the subject matter as to which the non-vote is indicated and will, therefore, have no legal effect on the vote on that particular matter.

The enclosed proxies will be voted in accordance with the instructions contained therein. Unless otherwise stated, all shares represented by such proxy will be voted as instructed. Proxies which are executed but which do not contain specific instructions will be voted **FOR** the matter in question. **THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINATED DIRECTORS.**

John was a great friend to Presstek and worked countless hours to improve the Company. He was an incomparable comrade and a great humanitarian. We will long remember his compassion, courage and commitment to this Company. His contributions to Presstek were too many to name, and he made each of them without seeking credit or compensation. His only motivation was the improvement of the Company, which gained from his dedication. John brought vision and leadership to Presstek's Board along with a sense of decency and fairness. Throughout his entire tenure as a Board member, he remained committed to making Presstek a better company. John was a selfless individual, and those who knew him and benefited from his intelligence, friendship and wit will miss him.

He is a recipient of the Rochester Institute of Technology's Cary Award for having demonstrated technological innovation, adherence to the highest standards of quality, and meaningful advancement of the graphic arts and related industries.

COMPENSATION OF DIRECTORS

The Company's compensation arrangement for non-employee directors provides that, in addition to reimbursement of applicable expenses, each non-employee director of the Company, in his or her capacity as such, will receive:

1. A \$10,000 retainer paid annually on the first day of July.
2. Compensation for attendance at meetings in the amount of (i) \$1,000 for attendance at each in-person meeting of the Board, (ii) \$500 for attendance at each telephonic meeting of the Board, and (iii) \$500 for attendance at each meeting of a committee of the Board. Compensation for meeting attendance is to be paid to non-employee directors on a quarterly basis.
3. Upon joining the Board, each new non-employee director will be granted an option to purchase 25,000 shares of the Company's Common Stock at an exercise price per share equal to the closing price of the Common Stock on the date the option was granted. These options will be fully exercisable on the first anniversary of the date of grant. On January 8, 2003, each non-employee director then in office was granted a one-time option to purchase that number of shares of Common Stock that, when taken together with the option granted to such non-employee director upon joining the Board, will total 25,000 shares.

4. Each year on the first business day of July, each non-employee director who remains on the Board will be granted an option to purchase 7,500 shares of Common Stock at an exercise price per share equal to the closing price of the Common Stock on that date. These options will be fully exercisable on the first anniversary of the date of grant.

Under the Company's previous compensation arrangement, non-employee directors received an initial option grant to purchase 5,000 shares of Common Stock upon joining the Board, and an option to purchase 2,500 shares of Common Stock granted on the first business day of January of each year, each such option being fully exercisable upon the first anniversary of the grant date thereof. No cash compensation, other than reimbursement of expenses, was provided.

Under the revised compensation plan, each non-employee director of the Company then in office received an annual retainer of \$10,000 in July of 2002. Upon joining the Board on January 8, 2003, Ms. Pellow received a retainer of \$5,000. Each non-employee director was also paid all fees related to their attendance and or participation at Board or committee meetings during the third and fourth fiscal quarters of fiscal 2002. Additionally, on August 26, 2002, each non-employee director of the Company, who was serving in such position on January 1, 2002, was granted a one-time additional option to purchase that number of shares of Common Stock necessary to provide the non-employee director with an aggregate annual option grant of 7,500 shares of Common Stock.

Effective December 1993, the Company adopted the Non-Employee Director Stock Option Plan (the "Director Plan"). Only non-employee directors of the Company (other than Dr. Lawrence Howard) are eligible to receive grants under the Director Plan. The Director Plan provides that eligible directors automatically receive an initial grant of a non-qualified option to purchase 5,000 shares of Common Stock at an exercise price equal to the closing price of the Company's Common Stock on the day that they are elected to the Board of Directors and, thereafter, an annual grant, on the first business day of January of each year, of a non-qualified option to purchase 2,500 shares of Common Stock at an exercise price equal to the closing price of the Company's Common Stock on that day. The Director Plan terminated on December 31, 2003, and accordingly no new options may be granted thereunder.

Directors of the Company are generally eligible to be granted stock options or stock-based awards under the Company's 1998 Stock Incentive Plan (the "1998 Plan") and 2003 Stock Option and Incentive Plan (the "2003 Plan") to the extent permitted by the plans. The Board or the Compensation Committee also has discretion to determine the number of shares subject to each incentive stock option ("ISO"), the exercise price and other terms and conditions thereof, but their discretion as to the exercise price, the term of each ISO and the number of ISOs that may vest in any year is limited by the Internal Revenue Code of 1986, as amended (the "Code"). The 1998 Plan provides for the grant of any or all of the following types of awards: (i) stock options, (ii) restricted stock, (iii) deferred stock, and (iv) other stock-based awards. Awards may be granted singly, in combination, or in tandem, as determined by the administrators of the 1998 Plan. The 2003 Plan provides for the grant of any or all of the following types of awards: (i) stock options, (ii) stock issuances and (iii) other equity interests in the Company. Awards may be granted singly, in contribution, or in tandem, as determined by the administrator of the 2003 Plan.

The following table sets forth the cash compensation paid and options to purchase Common Stock granted to the Company's non-employee directors, in their capacity as such, during the year ended January 3, 2004:

BOARD OF DIRECTORS MEETINGS AND COMMITTEES

During the fiscal year ended January 3, 2004, the Board of Directors held eight (8) meetings and the Board took action by unanimous written consent in lieu of a meeting one (1) time. During the fiscal year ended January 3, 2004, each of the Company's directors attended at least seventy-five percent of the aggregate of: (1) the total number of meetings of the Board of Directors; and (2) the total number of meetings of all committees on which they served.

The Company has a Nominating and Corporate Governance Committee of the Board, which was comprised of Messrs. Evans and Waite until Mr. Evan's death on March 26, 2004. The Nominating and Corporate Governance Committee is currently comprised of Mr. Waite. The Nominating and Corporate Governance Committee held no meeting(s) during the fiscal year ended January 3, 2004. The Board has adopted a written charter for the Nominating and Corporate Governance Committee, which is available on the Company's Web site at <http://www.presstek.com>.

The Nominating Committee and Corporate Governance Committee makes recommendations to the Board regarding the size and composition of the Board. The Nominating Committee and Corporate Governance Committee is responsible for reviewing with the Board from time to time the appropriate skills and characteristics required of Board members in the context of the current size and make-up of the Board. This assessment includes issues of diversity in numerous factors such as age; understanding of and achievements in manufacturing, technology, finance and marketing; and international experience and culture. These factors, and any other qualifications considered useful by the Committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nominating Committee and Corporate Governance Committee and of the Board may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective Board members. Therefore, while focused on the achievement and the ability of potential candidates to make a positive contribution with respect to such factors, the Nominating Committee and Corporate Governance Committee has not established any specific minimum criteria or qualifications that a nominee must possess. The Nominating Committee establishes procedures for the nomination process, recommends candidates for election to the Board and also reviews the functions of the Company's senior executives and recommends any necessary changes.

Consideration of new Board nominee candidates typically involves a series of internal discussions, review of information concerning candidates and interviews with selected candidates. In general, candidates for nomination to the Board are suggested by Board members or by employees. With regard to the Company's newest director, Mr. Rappaport was initially suggested as a candidate by Dr. Howard. In 2003, Presstek did not employ a search firm or pay fees to other third parties in connection with seeking or evaluating Board nominee candidates. The Nominating Committee and Corporate Governance Committee will consider

candidates proposed by stockholders, and has from time to time received unsolicited candidate proposals from stockholders. The Committee evaluates candidates proposed by stockholders using the same criteria as for other candidates. A stockholder seeking to recommend a prospective nominee for the Nominating Committee and Corporate Governance Committee's consideration should submit the candidate's name and qualifications to the Company's Secretary, Moosa E. Moosa, via e-mail at corporatcounsel@presstek.com, by fax to (603)-595-2602 or by mail to 55 Executive Drive, Hudson, NH 03051, Corporate Secretary, Presstek, Inc., 55 Executive Drive, Hudson, New Hampshire 03051.

The Company has a Compensation Committee of the Board, which is currently comprised of Messrs. Dreyer and Howard. The Compensation Committee held no meeting(s) during the fiscal year ended January 3, 2004, but took action by unanimous written consent in lieu of a meeting forty-six (46) times. The Board has adopted a written charter for the Compensation Committee, which is available on the Company's Web site at <http://www.presstek.com>.

The Company has an Audit Committee of the Board, which supervises the audit and financial procedures of the Company and is directly responsible for the appointment, compensation, retention and oversight of the outside auditors. The Audit Committee is currently comprised of Dr. Howard and Messrs. Rappaport and Waite. The Audit Committee held six (6) meetings during the fiscal year ended January 3, 2004, and took no action by unanimous written consent in lieu of a meeting. The Audit Committee operates under a written charter adopted by the Board, which is attached to this Proxy Statement as Appendix A and is also available on the Company's Web site at <http://www.presstek.com>. Specifically, the Audit Committee, among other things, (i) reviews and discusses with management and the independent auditors the adequacy and effectiveness of the accounting and financial controls of the Company, (ii) selects and evaluates the performance of the Company's independent auditors, (iii) reviews and discusses with management and the independent auditors the results of the year-end audit of the Company, and (iv) reviews and discusses with management and the independent auditors the accounting policies of the Company and the Company's compliance with legal and regulatory requirements.

BOARD OF DIRECTORS AND COMMITTEE INDEPENDENCE

If the persons nominated and recommended to the stockholders are elected, the Board of Directors will consist of 7 directors, 4 of whom will be independent directors under the standards of the Nasdaq Stock Market. For a director to be considered independent, the Board of Directors must determine that the director does not have any relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In assessing its independence, the Board of Directors follows the criteria of the Nasdaq Stock Market. The Board of Directors has determined that the following 4 directors satisfy the Nasdaq Stock Market independence requirements: Messrs. Dreyer, Rappaport and Waite and Dr. Howard. In making its determination with regards to Dr. Howard, the Board considered the fact that, as previously disclosed, Dr. Howard's father had entered into an agreement with the Company in connection with his separation from the Company in December 2000 that provided for fixed payments through December 2003. The Board determined that, because the payments were non-discretionary in nature, Dr. Howard should not be precluded from being considered independent under the new Nasdaq Stock Market director independence rules.

All members of the Nominating and Corporate Governance, Compensation and Audit committees must, subject to limited exceptions, be independent directors. Members of the Audit Committee must also satisfy an additional independence requirement of the Securities and Exchange Commission. None of the members of the Audit Committee is an officer or employee of the Company, and the Board of Directors has determined that each is an independent director of the Company (as defined in Rule 4200(a)(15) of the listing standards of The Nasdaq Stock Market, Inc. as currently in effect). The Board of Directors has determined that all members of the Audit Committee satisfy the Nasdaq independence requirements and the relevant SEC independence requirements. In addition, the Board of Directors has determined that Mr. Rappaport is an audit committee financial expert as defined by SEC rules. The Board of Directors has also determined that all members of the Nominating and Corporate Governance and Compensation committees satisfy the Nasdaq independence requirements.

COMMUNICATIONS WITH THE BOARD

The Company provides a process for stockholders to send communications to the Board. Information regarding stockholder communications with the Board can be found on the Company's Web site at <http://www.presstek.com>.

Description of 1997 Interim Stock Option Plan

The 1997 Plan was adopted for the purpose of granting non-statutory options to any person that the Board believed had contributed, or who would contribute, to the success of the Company or its subsidiaries, including officers, employees, independent agents, consultants and attorneys. A total of 250,000 shares of Common Stock were reserved for issuance under the 1997 Plan. The Company's ability to make additional option grants under the 1997 Plan terminated on September 22, 2002; however, the Plan continues to govern all options granted and outstanding under the 1997 Plan. The options granted and outstanding under the 1997 Plan are currently administered by the Compensation Committee.

Pursuant to the terms of the plan, the price per share relating to each option granted under the 1997 Plan was to be established at the time of grant by the Board (or a committee thereof appointed to administer the plan); provided that the exercise price was not to be less than 100% of the fair market value per share of Common Stock on the date of grant. The 1997 Plan allows that payment upon the exercise of options may be

made by one or any combination of the following: (i) by cash, which may be paid by check or other instrument acceptable to the Company; (ii) by payment in share of Common Stock which are already owned by the optionee, valued at the fair market value thereof on the date of exercise; or (iii) by delivery to the Company by the optionee of an executed exercise form together with irrevocable instructions to a broker-dealer to sell or margin a sufficient portion of the shares sold or margined and deliver the sale or margin loan proceeds directly to the Company to pay for the exercise price.

The maximum number of shares with respect to which options could be granted to any officer or director under the 1997 Plan was not to exceed the lesser of: (i) 1% of the number of outstanding shares of Common Stock on the date of grant, (ii) 1% of the total voting power of the Company's outstanding voting securities on the date of grant, or (iii) 25,000 shares. The 1997 Plan provides for adjustment of any outstanding options to prevent dilution or enlargement of rights, including adjustments in the event of changes in the outstanding Common Stock by reason of stock dividends, split-ups, recapitalizations, mergers, consolidations, combinations or exchanges of shares, separations, reorganizations, liquidations and the like.

The vesting of options granted under the 1997 Plan was to be determined by the Board. The 1997 Plan also grants the Board discretion to make options immediately exercisable upon: (i) the first purchase of shares of Common Stock pursuant to a tender offer (other than an offer by the Company) for the Common Stock of the Company; (ii) the approval of the Company's stockholders of an agreement for a merger or consolidation, or a sale, exchange or other disposition of all or substantially all of the Company's assets; (iii) with respect to an employee, on his or her 65th birthday, or (iv) with respect to an employee, on his or her involuntary termination from employment. Except as otherwise provided by the Board, options granted under the 1997 Plan may only be transferred by will or by the laws of descent and distribution. The 1997 Plan also provides that any option granted thereunder may include a provision to the effect that the optionee may, at any time at which the fair market value of the option is in excess of the exercise price, request that the Company purchase from the optionee all or any portion of the shares as shall then be exercisable under the option at a price equal to the difference between the exercise price of such shares and the fair market value thereof on the date of repurchase; provided, however, that the Company shall have no obligation to make any purchase pursuant to such a request.

If an employee ceases to be employed by the Company (other than for cause or by death or disability), no further installments of the options granted to such employee under the 1997 Plan shall become exercisable, and such options shall, to the extent exercisable on the date of termination, remain exercisable for a period of 30 days following the date of termination. If an employee is terminated for cause or voluntarily leaves the employee of the Company without the Company's consent, options granted to such employee under the 1997 Plan shall automatically terminate and will no longer be exercisable. Upon termination of employment by reason of death, options granted to such employee under the 1997 Plan may be exercised, to the extent exercisable on the date of death, by a legatee or legatees of the employee under the employee's last will, or by the employee's personal representative or distributees, at any time within one year after the date of the employee's death. In the event employment is terminated by reason of disability, options granted to such employee under the 1997 Plan shall, to the extent exercisable on the date of termination, remain exercisable for a period of 30 days following the date of termination. Notwithstanding any of the foregoing, no option granted under the 1997 Plan shall remain exercisable beyond the specified termination date of such option.

REPORT ON EXECUTIVE COMPENSATION

As noted above, the Board has a Compensation Committee currently comprised of Messrs. Dreyer and Howard. The annual salary of the Company's President and Chief Executive Officer and the Company's Chief Financial Officer for the fiscal year ended January 3, 2004 was set pursuant to their respective employment agreements which were approved by the Board of Directors in 2002. With the exception of Ms. Bourque, compensation decisions for the executive officers of the Company for the fiscal year ended January 3, 2004 were determined by the Board, subject to the terms of the employment agreements between the Company and Messrs. Marino and Moosa discussed above. In 2003 there was no formal compensation policy for the

Company's executive officers and compensation determinations for the executive officers are not based on specific criteria.

Since July 2003, the 1991 Plan, 1994 Plan, 1997 Plan, 1998 Plan, 2003 Plan and ESPP have been administered by the Compensation Committee. From June 2002 until July 2003, the 1991 Plan, 1994 Plan, 1997 Plan, 1998 Plan and ESPP were administered by the Stock Plan Committee, which was comprised of Dr. Howard and Mr. Evans, formerly a Director of the Company. Prior to June 2002, the Company's stock option plans were administered by various stock option committees and the ESPP was administered by the ESPP Committee. The Compensation Committee continues to administer the outstanding options granted under the 1991 Plan, which expired on August 18, 2001, and the 1997 Plan, which expired on September 22, 2002. See also Board of Directors Meetings and Committees.

Total compensation for executive officers consists of a combination of salaries and stock option or other stock-based awards. The base salary of Edward J. Marino, the Company's President and Chief Executive Officer, and Moosa E. Moosa, the Company's Chief Financial Officer, were fixed pursuant to the terms of their respective employment agreements with the Company. Base salary of the other executive officer is based on the Company's financial performance and the executive's individual performance and level of responsibility. Bonus compensation, if any, to executive officers is based generally upon the Company's financial performance and the availability of resources as well as the executive officer's individual performance and level of responsibility. Stock awards under the Company's stock option plans are intended to attract, motivate and retain senior management personnel by affording them an opportunity to receive additional compensation based upon the performance of the Company's Common Stock.

During the fiscal year ended January 3, 2004, the following options were granted to the Company's executive officers and to Messrs. Bouchard, Ventola and Degon:

Officer	Number of Securities Underlying Options	Grant Date	Term of Option	Exercise Price	Vesting Schedule
Moosa E. Moosa	60,000	12/31/03	Ten Year	\$7.21	25% per year beginning the first anniversary date of the grant date
Diane L. Bourque	5,100	2/20/03	Ten Year	5.05	100% on the first anniversary date of the grant date
Stephen G. Degon	6,600	2/20/03	Ten Year	5.05	100% on the first anniversary date of the grant date
Peter A. Bouchard	4,600	2/20/03	Ten Year	5.05	100% on the first anniversary date of the grant date
David P. Ventola	5,300	2/20/03	Ten Year	5.05	100% on the first anniversary date of the grant date

In general, under Section 162(m) of the Code, the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to compensation that constitutes qualified performance-based compensation within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. Currently, the

Compensation Committee has structured its compensation policies without regard to the deduction limitations imposed by Section 162(m) of the Code.

The Audit Committee has also discussed with BDO Seidman, LLP the matters required to be discussed by the Statement on Auditing Standards No. 61 (SAS 61 - Communications with Audit Committees), as currently in effect. Review and discuss with the independent auditors and with management the results of the year end audit of the Company, including (a) the audit report, including particularly any qualifications thereto, the published financial statements, the management representation letter, any auditor response letter or memorandum prepared by and submitted to the Company or the Committee by the independent auditors, management's responses thereto and any other pertinent reports; (b) whether the external auditors have had any disagreement with management regarding financial reporting, including whether the external auditors have had the full cooperation of management in connection with the audit; and (c) other matters required to be communicated to the Committee under generally accepted auditing standards, as amended, by the independent auditors.

5. Review and discuss with management and the independent auditors the adequacy and effectiveness of the accounting and financial controls of the Company and elicit and report to the Board of Directors recommendations for improvement of the Company's internal control procedures. Particular attention should be paid to areas where new or more detailed controls or procedures are desirable, or where adherence to existing procedures should be improved.

6. Review and discuss with management and the independent auditors the results of reviews of the financial information to be included in the quarterly reports of the Company and any required communications prior to their filing with the Securities and Exchange Commission.

7. Review with management and the independent auditors such accounting policies (and changes therein) of the Company, including any financial reporting issues which could have a material impact on the Company's financial statements, as are deemed appropriate for review by the Committee prior to any interim or year-end filings with the Securities and Exchange Commission or other regulators.

8. Investigate any matter brought to the attention of the Committee and retain independent counsel, accountants or others to assist it in connection therewith if in the Committee's judgment such action is appropriate, and communicate with Company legal counsel when appropriate to review legal and regulatory matters, if any, that may have a material impact on the financial statements.

9. Make at least an annual self-assessment of the Committee, including a review of the charter and updating it as appropriate.

10. Provide a report to be included in the Company's proxy statement to help inform stockholders of the Committee's oversight with respect to financial reporting, and containing such information as may be required by applicable law or regulation.

11. Undertake such additional activities within the scope of its primary function as may be required by law or regulation.

Scope of Duties

The Committee is responsible for the duties set forth in this charter but is not responsible for either the preparation of the financial statements or the auditing of the financial statements. Management has the responsibility for preparing the financial statements and implementing internal controls and the independent auditors have the responsibility for auditing the financial statements and monitoring the effectiveness of the internal controls. The review of the financial statements by the Committee is not an audit which is only performed by the independent auditors. In carrying out its responsibilities, the Committee believes its policies and procedures should remain flexible in order to best react to a changing environment.

Effective Date

This Charter shall become effective upon adoption by the Company's Audit Committee of the Board of Directors and ratification by the Company's Board of Directors provided, however, that the provisions in this Charter governing the composition and qualifications of the members of the Audit Committee shall first become effective on January 1, 2001.
