and the Common Stock Issuable Upon Conversion of the Debentures**

This Prospectus Supplement No. 1 supplements the prospectus supplement, dated February 8, 2008 and the prospectus, dated November 29, 2007, relating to the resale by selling securityholders of up to \$250,000,000 aggregate principal amount of our 2.75% Senior Convertible Debentures due 2027 (the debentures), and the shares of common stock issuable upon conversion of the debentures.

This prospectus supplement should be read in conjunction with the prospectus and previous prospectus supplement, and is qualified by reference to the prospectus and previous prospectus supplement, except to the extent that the information presented herein supersedes the information contained in the prospectus or previous prospectus supplement. This prospectus supplement is not complete without, and may not be delivered or utilized except in connection with, the prospectus, including any amendments or supplements thereto.

Our common stock is quoted on the Nasdaq Global Select Market under the symbol *NUAN*. On March 11, 2008, the last quoted sale price of our common stock was \$17.62 per share.

Investing in the debentures or our common stock involves risks. See Risk Factors beginning on page S-13 of the prospectus supplement dated February 8, 2008.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR DETERMINED IF THIS PROSPECTUS SUPPLEMENT, THE PREVIOUS PROSPECTUS SUPPLEMENT OR THE PROSPECTUS IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

SELLING SECURITYHOLDERS

We originally issued and sold the debentures to Citigroup Global Markets Inc. and Goldman, Sachs & Co. (collectively, the initial purchasers) in a private placement transaction exempt from the registration requirements of the Securities Act of 1933, as amended (the Securities Act). The debentures were resold by the initial purchasers in transactions exempt from registration pursuant to Rule 144A under the Securities Act to persons reasonably believed by the initial purchasers to be qualified institutional buyers as defined by Rule 144A under the Securities Act. Selling securityholders, including their transferees, pledgees or donees or their successors, may from time to time offer and sell any or all of the debentures and shares of common stock into which the debentures are convertible pursuant to this prospectus supplement, the previous prospectus supplement dated February 8, 2008, and the prospectus dated November 29, 2007.

The information in the table appearing under the caption Selling Securityholders in the prospectus supplement dated February 8, 2008, is supplemented by adding the information below with respect to persons not previously listed in the prospectus supplement and by superseding the information with respect to persons previously listed in the prospectus supplement with the information set forth below. The information is based on information provided to us by or on behalf of the selling securityholders, and we have not independently verified this information. The selling securityholders may offer all, some or none of the debentures or the common stock into which the debentures are convertible. Because the selling securityholders may offer all or some portion of the debentures or the common stock, we cannot estimate the amount of the debentures or the common stock that will be held by the selling securityholders upon termination of any of these sales; the table below assumes that all selling securityholders will sell all of their debentures or common stock, unless otherwise indicated. In addition, the selling securityholders identified below may have sold, transferred or otherwise disposed of all or a portion of their debentures since the date on which they provided the information regarding their debentures in transactions exempt from the registration requirements of the Securities Act.

The percentage of debentures outstanding beneficially owned by each selling securityholder is based on \$250,000,000 aggregate principal amount. The number of shares of common stock that may be sold includes only shares of common stock into which the debentures are initially convertible. The conversion rate of the debentures and the number of shares of common stock issuable upon conversion of the debentures is subject to adjustment under certain circumstances. Accordingly, the number of shares of common stock into which the debentures are convertible may change.

Based upon information provided by the selling securityholders, none of the selling securityholders nor any of their affiliates, officers, directors or principal equity holders has held any position or office or has had any material relationship with us within the past three years with the exception of Goldman Sachs & Co., which acted as an initial purchaser in the original issuance of the debentures on August 13, 2007.
