Item 1: Election of Directors

Five Directors are to be elected. Our Board of Directors is divided into three classes serving staggered terms. The terms of five of the present Directors expire at this Annual Meeting. Four of these directors, Stephen D. Ban, Julian W. Banton, T. Michael Goodrich and Wm. Michael Warren, Jr., have been nominated for re-election as Directors for terms expiring in 2007. David W. Wilson, who was appointed to the Board of Directors effective January 1, 2004, has been nominated for re-election as a Director for a term expiring in 2005.

Your Board of Directors recommends that Stephen D. Ban, Julian W. Banton, T. Michael Goodrich and Wm. Michael Warren, Jr. be elected to serve in the class with terms expiring in 2007, and that David W. Wilson be elected to serve in the class with terms expiring in 2005. Each nominee has agreed to be named in this proxy statement and to serve if elected. We expect each nominee for election as a Director to be able to serve if elected. Biographical data on these nominees and the other members of the Board of Directors is presented at page 3 of this proxy statement under the caption Governance of the Company.

Unless you otherwise direct on the proxy form, the proxy holders intend to vote your shares in favor of the above listed nominees. To be elected, a nominee must receive a plurality of the votes cast at the Annual Meeting in person or by proxy. If one or more of the nominees becomes unavailable for election or service as a Director, the proxy holders may vote your shares for one or more substitutes designated by the Board of Directors, or the size of the Board of Directors will be reduced.

Item 2: Other Business

We know of no other business that will be considered for action at the Annual Meeting. If any other business calling for a vote of shareholders is properly presented at the meeting, the proxy holders will vote your shares in accordance with their best judgment.

PROXY AND VOTING PROCEDURES

Shareholders Entitled to Vote

Holders of Company common stock of record at the close of business on March 5, 2004, are entitled to receive this notice of Annual Meeting and proxy statement and to vote their shares at the Annual Meeting. As of that date, a total of 36,346,358 shares of common stock were outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

Filing of Proxies

Your vote is important. You can save us the expense of a second mailing by voting promptly. Because many shareholders cannot attend the Annual Meeting in person, it is necessary that a large number be represented by proxy. Please mark your proxy, date and sign it, and return it in the postage-paid envelope provided. The proxy holders will vote all properly completed proxies in accordance with the instructions appearing on such proxies.

Revocation of Proxies

You can revoke your proxy at any time before it is exercised by:

written notice to the Secretary of the Company;

timely delivery of a valid, later-dated proxy; or

voting by ballot at the Annual Meeting.

Voting at the Annual Meeting

Mailing your proxy will in no way limit your right to vote at the Annual Meeting if you later decide to attend in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting.

All shares for which a proxy card has been returned and not revoked will be voted at the Annual Meeting. If you sign and return your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors.

Required Vote

The presence of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner.

Each of the nominees for Director must receive the affirmative vote of a majority of the votes cast by shareholders represented at the Annual Meeting as part of the quorum. Only votes for or withhold authority affect the outcome. Abstentions and broker non-votes are not counted for purposes of the election of Directors.

Under New York Stock Exchange Rules, if you are a beneficial owner and your broker holds your shares in its name, your broker is permitted to vote your shares on the election of Directors even if the broker does not receive voting instructions from you if the broker has complied with rules concerning the delivery of proxy materials to beneficial owners.

At the date this proxy statement went to press, we did not know of any other matters to be raised at the Annual Meeting. Except as otherwise provided by law, other matters voted on at the Annual Meeting will be determined by the majority of votes cast at the Annual Meeting in person or by proxy by shareholders entitled

2

Table of Contents

to vote on the matter. As to matters requiring the vote of a majority of the shares either present or outstanding, and entitled to vote on the matter, abstentions and broker non-votes have the same effect as a vote against the matter (unless the broker does not have discretionary authority to vote under Alabama law or New York Stock Exchange Rules).

Director Attendance

During 2003, the Board of Directors of the Company met seven times. All Directors of the Company attended at least 75% of the meetings of the Board of Directors and the committees of the Board of which they were members. We encourage and expect our Board members to attend our Annual Meeting absent extenuating circumstances, but we do not have a formal policy requiring attendance. All of our incumbent Board members, excepting a retiring Board member, and all of our Board nominees attended our Annual Meeting held in 2003.

Committees of the Board of Directors

Our Board of Directors has standing Audit, Officers Review, Finance and Governance and Nominations Committees. The members of these Committees are as follows:

Audit Committee Julian W. Banton (Chair), James S.M. French, T. Michael Goodrich, Judy M. Merritt and David W. Wilson

Officers Review Committee Wallace L. Luthy (Chair), Julian W. Banton, James S.M. French and Stephen A. Snider

Finance Committee Stephen D. Ban (Chair), J. Mason Davis, Jr., Wallace L. Luthy, Stephen A. Snider, David W. Wilson and Gary C. Youngblood

Governance and Nominations Committee J. Mason Davis, Jr. (Chair), Stephen D. Ban, T. Michael Goodrich and Judy M. Merritt Audit Committee

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the integrity of our financial statements, our legal and regulatory compliance and the performance of our internal and independent auditors. As part of its responsibilities, the Audit Committee is solely responsible for the appointment, compensation, retention, discharge or replacement of our independent auditors. Our Audit Committee charter describes the functions of our Audit Committee in detail, and is attached to this proxy statement as Appendix A. Our Audit Committee charter is also available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). During 2003, the Audit Committee held four meetings. The Audit Committee Report is presented at page 20 of this proxy statement under the caption 2003 Audit Committee Report.

The Board of Directors has determined that each member of the Audit Committee is independent within the meaning of applicable SEC regulations and the listing standards of the New York Stock Exchange. The Board has also determined that the Audit Committee does not include an audit committee financial expert as that term is defined in SEC regulations. In the Board's judgment, however, the Audit Committee's membership meets the financial literacy and accounting or financial management requirements of the New York Stock Exchange listing standards and has qualifications and experience which enable the Committee to provide effective audit committee oversight for the Company.

Officers Review Committee

Our Officers Review Committee (ORC) considers and makes recommendations to the Board of Directors with respect to executive succession and compensation paid to officers of the Company and its subsidiaries. The ORC also administers the Company's executive compensation plans. The charter of the ORC describes the duties and functions of the ORC in detail, and is available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). During 2003, the ORC held five meetings. The Report of the ORC is presented at page 15 of the proxy statement under the caption 2003 Compensation Committee Report.

Finance Committee

Our Finance Committee reviews financial policy, capital structure, significant oil and gas property acquisitions and exploration programs and also considers the issuance of securities necessary to finance our activities. The Finance Committee charter describes the duties of the Finance Committee in detail, and is available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). During 2003, the Finance Committee held two meetings.

Governance and Nominations Committee

The duties of the Governance and Nominations Committee are to review and advise the Board of Directors on general governance and structure issues and to review and recommend to the Board the term and tenure of Directors, consider future Board members and recommend nominations to the Board. The charter of the Governance and Nominations Committee describes the duties of the Governance and Nominations Committee in detail, and is available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). During 2003, the Governance and Nominations Committee held three meetings.

Independence Determinations

Our Board of Directors has adopted independence standards consistent with the new listing standards adopted by the New York Stock Exchange. A Director will be considered independent and found to have no material relationship with the Company if during the prior three years:

The Director has not been an employee of the Company or any of its subsidiaries;

No immediate family member of the Director has been an executive officer of the Company;

Neither the Director nor an immediate family member of the Director has received more than \$100,000 per year in direct compensation from the Company other than director and committee fees and pension or other forms of direct compensation for prior service (provided such compensation is not contingent in any way on future service);

The Director has not been affiliated with or employed by a present or former internal or external auditor of the Company;

No immediate family member of the Director has been employed as an executive officer of another company where any of the Company s present executives serve on that company s compensation committee;

The Director has not been an executive officer or employee, and no immediate family member of the Director has been an executive officer, of a company that makes payments to or receives payments from the Company for property or services in an amount which, in any single fiscal year, exceeded the greater of \$1 million or 2% of such other company s consolidated gross revenues.

In January 2004, the Board undertook a review of director independence. Based on this review and the independence standards set forth above, the Board of Directors determined that none of the director nominees and none of the current directors, with the exception of Messrs. Warren and Youngblood, have a material relationship with the Company other than in their capacities as members of the Board of Directors. Mr. Warren and Mr. Youngblood are considered inside directors due to their current or prior employment as senior executives of the Company.

Selection of Board Nominees

Our Governance and Nominations Committee identifies and evaluates Board candidates using one or more informal processes deemed appropriate for the circumstances. Our chief executive officer plays a significant role in bringing potential candidates to the attention of the Committee. Last year, he recommended David W. Wilson to the Committee. Mr. Wilson became a member of the Board January 1, 2004 and is

7

Table of Contents

standing for reelection at this meeting. A determination of whether to pursue discussions with a particular individual is made after discussion by the Committee and may be preceded by formal or informal discussions involving one or all of the other Board members. Information considered by the Committee may include information provided by the candidate, the chief executive officer and one or more Committee or Board members. The Committee seeks candidates whose qualifications, experience and independence complement those of existing Board members. Board candidates are expected to possess high personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the shareholders. They are also expected to have an inquisitive and objective perspective, practical wisdom and good judgment.

Once appropriate candidates have been identified, the Committee recommends nominations to our Board and to the boards of our subsidiaries. Our Governance and Nominations Committee has not adopted a policy or procedure for the consideration of director candidates recommended by shareholders. Our Board does not recall an instance in which a shareholder (other than a shareholder serving as an officer or director) has recommended a director candidate; however, as stated in prior years, the Governance and Nominations Committee will consider timely shareholder recommendations.

Communication with the Board of Directors

Our Board has not implemented a defined process for shareholders to send communications to the Board. Based on past experience, we expect to receive and respond to shareholder communications in a variety of ways. The names, titles and committee assignments of our officers and directors, together with our mailing address and telephone number, can be found on our website under the heading Investors and subheading Corporate Governance (www.energen.com). Also under that heading is a copy of the procedure adopted by our Audit Committee for the handling of inquiries and correspondence relating to errors, deficiencies and misrepresentations in accounting, internal control and audit related matters. Such inquiries and correspondence are forwarded by our General Counsel to the Chairman of our Audit Committee.

The Chairman of our Audit Committee serves as chairman for purposes of convening meetings of our non-management Directors and presides as chairman for such meetings unless otherwise determined by the executive session participants.

Directors Compensation

Monthly Cash Retainer Fees and Meeting Fees. During 2003, non-employee Directors were paid a monthly retainer of \$1,500. Non-employee Directors also received a fee of \$1,500 for each Board meeting attended, and \$1,500 for each committee meeting attended. No Director who is an employee of the Company is compensated for service as a member of the Board of Directors or any committee of the Board of Directors.

Share Awards and Deferred Compensation. Under the Energen Corporation 1992 Directors Stock Plan, each non-employee Director receives an annual grant of six hundred shares of common stock. Annual awards are made following the last day of each fiscal year, and only non-employee Directors who are members of our Board on such date and who have been members of the Board for at least six months are eligible. The size of this annual grant is subject to adjustment in the event of a stock dividend, stock split or similar transaction. The plan also allows each non-employee Director to elect to have any part or all of the fees payable for services as a Director of the Company and its subsidiaries paid in shares of common stock. Awards under the Directors Stock Plan are in addition to the payment of monthly cash retainers and meeting fees.

Our Board of Directors administers the Directors Stock Plan. Although the plan has no fixed duration, the Board of Directors or our shareholders may terminate the plan. Our Board of Directors also may amend the plan from time to time, but any amendment that materially increases the benefits accruing to participants, increases the number of shares of common stock which may be issued or materially modifies eligibility requirements would require the approval of our shareholders.

Under the Company s 1997 Deferred Compensation Plan, members of the Board of Directors may elect to defer part or all of their director fees and annual and/or elective grants under the Directors Stock Plan. The

Code of Ethics

The Code of Ethics is also applicable to all of the directors of the Company. The Code of Ethics is available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). We intend to post amendments to or waivers from the Code of Ethics which are applicable to the Company s directors, principal executive officer, principal financial officer and principal accounting officer at this location on our website.
