PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors of Performance Food Group Company for use at the Annual Meeting of Shareholders of the Company to be held on May 19, 2004 (the Annual Meeting), and any adjournments thereof, notice of which is attached hereto.

The purposes of the Annual Meeting are to elect three Class II directors, to consider and act upon a proposal to amend the Company's Stock Purchase Plan and to transact such other business as may properly be brought before the Annual Meeting or any adjournment thereof.

A shareholder who signs and returns a proxy may revoke the same at any time before the authority granted thereby is exercised by attending the Annual Meeting and electing to vote in person, by filing with the Secretary of the Company a written revocation or by duly executing a proxy bearing a later date. Unless so revoked, the shares represented by the proxy will be voted at the Annual Meeting. Where a choice is specified on the proxy, the shares represented thereby will be voted in accordance with such specifications. If no specification is made, such shares will be voted FOR the election of the three director nominees and FOR the amendment to the Stock Purchase Plan.

The Board of Directors knows of no other matters that are to be brought to a vote at the Annual Meeting. If any other matter does come before the Annual Meeting, however, the persons appointed in the proxy or their substitutes will vote in accordance with their best judgment on such matters.

The Board of Directors has fixed the close of business on March 29, 2004 as the record date for the Annual Meeting. Only record holders of the Company's common stock, \$.01 par value per share (the Common Stock), at the close of business on that date will be entitled to vote at the Annual Meeting. On the record date, the Company had outstanding 46,059,198 shares of Common Stock. Holders of the Common Stock will be entitled to one vote for each share of Common Stock so held, which may be given in person or by proxy duly authorized in writing.

The representation in person or by proxy of at least a majority of the outstanding shares entitled to vote is necessary to provide a quorum at the meeting. Abstentions and non-votes are counted as present in determining whether the quorum requirement is satisfied. Because directors are elected by a plurality of the votes cast by the holders of the Common Stock represented and entitled to vote at the Annual Meeting, elections to withhold authority to vote for a director and non-votes are not considered in the election. Any other matters that may properly come before the meeting or any adjournment thereof shall be approved by the affirmative vote of a majority of the votes cast by the holders of Common Stock represented and entitled to vote at the Annual Meeting, and abstentions and non-votes will have no effect on the outcome of the vote. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

This Proxy Statement and Form of Proxy and the Company's Annual Report to Shareholders have been mailed on or about April 19, 2004 to all shareholders of record at the close of business on March 29, 2004. The cost of solicitation of proxies will be borne by the Company, including expenses in connection with preparing, assembling and mailing this Proxy Statement. Such solicitation will be made by mail and may also be made by the Company's regular officers or employees personally or by telephone or telecopy. The Company may reimburse brokers, custodians and nominees for their expenses in sending proxies and proxy materials to beneficial owners.

PROPOSAL 1: ELECTION OF DIRECTORS

The Company's Restated Charter classifies the Board of Directors into three classes, each class to be as nearly equal in number as possible, designated Class I, Class II and Class III. At each annual meeting, directors of the class whose term of office expires in that year are elected for a three-year term. The terms of three Class II directors, Mary C. Doswell, Fred C. Goad, Jr. and Robert C. Sledd, will expire upon the election and qualification of new directors at this Annual Meeting. The terms of the Class III director and each of the two Class I directors will expire at the annual meetings in 2005 and 2006, respectively.

On August 7, 2003, the Board of Directors increased the size of the Board from six to seven members and appointed Ms. Doswell as a Class II director to fill the vacancy created thereby. Ms. Doswell was recommended to the Nominating and Corporate Governance Committee by the Chairman of the Board and another non-management director. On March 4, 2004, C. Michael Gray resigned his position as President and Chief Executive Officer of the Company and as a member of the Board. In connection therewith, the Board of Directors decreased the size of the Board from seven to six members.

The Nominating and Corporate Governance Committee has approved the nomination of and the Board of Directors has designated Mary C. Doswell, Fred C. Goad, Jr. and Robert C. Sledd as the three nominees for re-election as Class II directors for a three-year term expiring at the annual meeting in 2007 and until their successors are elected and qualified. These three nominees are currently directors of the Company, and Messrs. Goad and Sledd were elected by the shareholders. Ms. Doswell was appointed to the Board by the Board of Directors in August 2003, as discussed above.

Unless contrary instructions are received, it is intended that the shares represented by proxies solicited by the Board of Directors will be voted in favor of the election of the three Class II nominees as directors. Each nominee has consented to be a candidate and to serve, if elected. While the Board has no reason to believe that any nominee will be unable to accept nomination or election as a director, if such an event should occur, the persons named in the Form of Proxy have advised the Company that they will vote for such substitute or substitutes as shall be designated by the current Board of Directors.

Director Compensation

Non-employee directors receive an annual retainer of \$17,500 and a fee of \$1,500 for each Board meeting attended, \$750 for each committee meeting attended, \$750 for each Board meeting attended by telephone, \$500 for each committee meeting attended by telephone, and are reimbursed for expenses reasonably incurred in connection with their services as directors. In addition, the Chairman of the Audit Committee receives an annual retainer of \$5,000, and the Chairmen of the Compensation and Nominating and Corporate Governance Committees receive annual retainers of \$3,500 each. Directors who are officers or employees of the Company receive no compensation for serving as members of the Board. The aggregate amount of fees paid to all of the non-employee directors for fiscal 2003 was \$191,125.

Each non-employee director participates in the Equity Incentive Plan which was approved by the Company's shareholders on May 7, 2003. Prior thereto, the non-employee directors participated in the 1993 Outside Directors Stock Option Plan (the "Outside Directors Plan"), which was approved by the shareholders of the Company on July 21, 1993. Awards to non-employee directors are made at the discretion of the full Board pursuant to the Equity Incentive Plan. Non-employee directors elected to the Board in fiscal 2003 received an option grant for 10,500 shares upon their election to the Board of Directors and all non-employee directors received an option grant of 5,000 shares on March 30, 2004. The options become exercisable, subject to a director's continued service on the Board of Directors, one year from the date of grant, and expire on the tenth anniversary of such date. All options issued under the Equity Incentive Plan and Outside Directors Plan have an exercise price per share at the date of grant equal to the closing sale price on The Nasdaq Stock Market on that date. At January 3, 2004, there were five participants who had been granted options under the Equity Incentive Plan covering an aggregate of 20,000 shares at an exercise price of \$33.91 per

share and 10,500 shares at an exercise price of \$37.26 per share. Change in Control Agreements

Effective as of October 29, 1997, the Company entered into agreements which were amended as of February 26, 2003, with certain of its key executives (the Agreement), including the Chief Executive Officer and other Named Executive Officers, which provide for certain payments to be made to the executive if, within two years following a Change in Control (as defined in the Agreement) of the Company, his employment with the Company is terminated for any reason other than Cause (as defined in the Agreement) or if the executive terminates his employment with the Company for Good Reason (as defined in the Agreement). Upon termination, the executive is entitled to receive (i) 299.9% of his base salary (defined as the higher of the executive's annual base salary prior to the Change in Control or the executive's highest annual base salary in effect after the Change in Control but prior to termination), (ii) 299.9% of his bonus (based upon the executive's bonus for the three fiscal years prior to the Change in Control or highest bonus after the Change in Control, whichever is higher) and (iii) an amount necessary to reimburse the executive for any excise tax payable under Section 4999 of the Internal Revenue Code in connection with the Change in Control. In accordance with the terms of the Agreement, as amended as of February 26, 2003, one-third of the amounts payable pursuant to clauses (i) and (ii) must be paid in equal semi-monthly installments over the twelve months following termination and the balance in a lump sum payment made within five business days after the expiration of the twelve-month period. Amounts payable pursuant to clause (iii) above must be paid within thirty days following termination of employment. Alternatively, the Agreement, as amended, provides that the key executive may elect to receive all of the amounts payable pursuant to clauses (i), (ii) and (iii) above within thirty days following termination of employment.

Supplemental Executive Retirement Plan

In November 2003, the Board of Directors adopted the Supplemental Executive Retirement Plan (the SERP) in which certain key executives, including the Named Executive Officers (other than Messrs. Boeve and Gray), may participate beginning in fiscal 2004, as determined by the Compensation Committee. Pursuant to the terms of the SERP, it is currently contemplated that the Company will contribute 5% of each participant's salary and bonus to a participant's SERP account and for every 1% that the Company achieves over 95% of a performance target established by the Compensation Committee during the fiscal year, an additional 1% of the participant's salary and bonus will be added to such participant's account. The maximum contribution that can be made for any participant for any fiscal year is 20% of the participant's salary and bonus. A participant vests in his or her SERP account at a rate of 20% per year, beginning after the second year of service with the Company or any acquired company, and will be fully vested after six years of service, provided that the participant will vest in the entire account upon his or her death or upon a Change in Control (as defined in the SERP) or, if determined by the Compensation Committee, upon a Potential Change in Control (as defined in the SERP) of the Company. If a participant's employment with the Company is terminated for Cause (as defined in the SERP) or if the participant becomes employed within one year following his or her termination of employment with an entity that is deemed to be in competition with this Company, a participant will forfeit his or her entire interest in the SERP.

Compensation Committee Interlocks and Insider Participation

During fiscal 2003, the Compensation Committee of the Board of Directors was composed of Messrs. Adair, Goad, Graven and Stokely and, for part of the year, Ms. Doswell. None of these persons has at any time been an officer or employee of the Company or any of its subsidiaries. In addition, there are no relationships among the Company's executive officers, members of the Compensation Committee or entities whose executives serve on the Board of Directors or the Compensation Committee that require disclosure under applicable SEC regulations.

Compensation Committee Report on Executive Compensation

Decisions with respect to compensation of the Named Executive Officers for fiscal 2003 were made by the Compensation Committee of the Board of Directors, which was composed of Messrs. Adair, Goad, Graven and Stokely and, for part of the year, Ms. Doswell. None of these persons has at any time been an officer or employee of

Table of Contents

the Company or any of its subsidiaries. The Compensation Committee approves compensation actions and long-term incentive awards to the Named Executive Officers and other key employees of the Company and reviews and administers the incentive compensation, stock option and other compensation plans of the Company. The Compensation Committee Charter provides that the Compensation Committee shall meet in executive session when determining the compensation of the Company's Chief Executive Officer and other executive officers, except that the Chief Executive Officer may be present during the Committee's deliberation with respect to all other executive officers.

The overall objectives of the Company's executive compensation program for fiscal 2003 were to:

- Attract and retain the highest quality talent to lead the Company;
- Reward key executives based on business performance;
- Design incentives to maximize shareholder value; and
- Assure that objectives for corporate and individual performance were measured.

The philosophy upon which these objectives are based is to provide incentive to the Company's officers to enhance the profitability of the Company and closely align the financial interests of the Company's officers with those of its shareholders. In order to uphold this philosophy for fiscal 2003, the Compensation Committee reviewed the various elements of executive compensation, including salaries, incentive compensation awards and stock option awards under the 1993 Plan and Equity Incentive Plan. The Compensation Committee periodically retains an independent consulting firm to analyze the Company's compensation programs in relation to a group of similarly sized companies in comparable industries. These comparable companies are primarily in the distribution industry, including certain of the Company's competitors for which compensation data is available. Their analysis compared the compensation levels of the Chief Executive Officer and other Named Executive Officers to similar positions at these peer companies. The Compensation Committee then used this information when establishing compensation levels for the Company's senior management.

The Compensation Committee set annual base salaries for the Named Executive Officers near or just below the midpoint of the relative salaries of similar executives at these peer companies. To closely align an executive's compensation to the Company's goals, the Compensation Committee believes that a substantial portion of an executive's compensation should be incentive based. Therefore, the Company relies to a significant degree on annual cash bonuses and long-term stock-based incentive compensation. Prior to fiscal 2003, the Compensation Committee and the Board utilized an annual cash bonus program for senior management, including the Named Executive Officers, based in part on Economic Value Added (EVA) and in part on individual performance objectives. EVA measured the Company's ability to generate after-tax operating profits in excess of the cost of capital, including both debt and equity, employed to generate that profit. For fiscal 2003, the Compensation Committee and the Board implemented a new bonus program based in part on return on capital and in part on individual performance objectives. Under this program, an executive's bonus varies directly with improvement in and with the amount of the Company's return on capital. Therefore, an executive is rewarded for creating shareholder wealth by most effectively utilizing the Company's capital. In addition, an executive's bonus is at risk, in that no bonuses are paid if the Company fails to improve the utilization of capital or generate a specified return on capital.

The long-term incentive program for senior management consists of stock option and other stock-based awards granted under the Equity Incentive Plan. Until 1999, the Compensation Committee granted stock option awards on a bi-annual basis. In 1999, the Compensation Committee began to grant options to senior management annually. During 2003, the Compensation Committee approved the grant of an aggregate of 113,000 stock options under the 1993 Plan to the Named Executive Officers, representing 15.5% of the total options granted to employees in fiscal 2003. These

options were granted at the fair market value of the Common Stock on the date of grant and vest four years from the date of grant, except for Mr. Boeve's options which vested upon his retirement.

Compensation of Chief Executive Officer

C. Michael Gray, the Company's President and Chief Executive Officer during fiscal 2003, was compensated during fiscal 2003 in accordance with the same general criteria established from time to time by the Compensation Committee of the Board of Directors with respect to the Named Executive Officers. In February 2003, the Compensation Committee granted Mr. Gray options to purchase 45,000 shares of the Company's Common Stock at an exercise price of \$31.62, the fair market value of such stock on the date of grant. Such options vest four years from the date of the grant. Mr. Gray's base salary for fiscal 2003 was \$560,576, and he earned cash bonuses of \$388,567. Mr. Gray was not present during voting or deliberations of the Compensation Committee with respect to his compensation.

Federal Income Tax Deductibility Limitations

The Compensation Committee believes it is appropriate to take into account the \$1,000,000 limit on the deductibility of executive compensation for federal income tax purposes enacted as part of the 1993 Omnibus Budget Reconciliation Act and to seek to qualify the Company's long-term compensation awards as performance-based compensation excluded from the \$1,000,000 limit. The Compensation Committee believes that all incentive compensation of the Company's current executive officers will qualify as a tax deductible expense when paid. The Compensation Committee will continue to evaluate, however, whether it will approve annual compensation arrangements exceeding \$1,000,000 and whether it will attempt to qualify any such amounts for deductibility under the federal tax laws.

The tables set forth under Executive Compensation, and the accompanying narrative and footnotes, reflect the decisions covered by the above discussion.

This policy is administered by the Company's senior corporate financial management, which reports throughout the year to the Audit Committee.

Shareholder Return Performance Graph

The following graph compares the percentage change in the unaudited cumulative total shareholder return on the Company's Common Stock against the cumulative total return of the S&P 600 Stock Index and the S&P Distributors Food and Health Index between December 31, 1998 and December 31, 2003. The graph assumes the value of the investment in the Company's Common Stock and each index was \$100 at December 31, 1998 and that all dividends, if any, were reinvested.

**PROPOSAL 2: AMENDMENT OF THE
PERFORMANCE FOOD GROUP COMPANY
EMPLOYEE STOCK PURCHASE PLAN**

The Stock Purchase Plan was adopted by the Company's shareholders on April 19, 1994 and amended to increase the number of authorized shares thereunder in 1996, 1998, 2001 and 2002. At the inception of the Stock Purchase Plan in 1994, approximately 165 employees participated in the plan. In fiscal 2003, approximately 3,400 employees participated in the plan, reflecting the growth of the Company during that time. The Stock Purchase Plan Administrator, which is a committee consisting of one or more persons chosen by the Board of Directors, has reviewed the Stock Purchase Plan and has concluded that there are insufficient shares of Common Stock available for issuance under the Stock Purchase Plan to meet the demands of the Company's employees choosing to participate in the Stock Purchase Plan by directing a portion of their income into equity interests of the Company. The Board of Directors believes the amendment to the Stock Purchase Plan is necessary as it believes that broad-based ownership of equity interests in the Company by its employees provides a substantial motivation for superior performance by more closely aligning the economic interests of those employees with the overall performance of the Company.

In order for the Company to provide its employees with the ability to continue to invest in the Company through the Stock Purchase Plan, the Board of Directors proposed the adoption, subject to shareholder approval, of an amendment to the Stock Purchase Plan to increase the number of shares available for purchase to 2,475,000. The Board of Directors believes that the approval of the amendment is essential to further the long-term stability and financial success of the Company by attracting, motivating and retaining qualified employees whose interests are aligned with those of other shareholders of the Company.

Summary of the Amendment

The amendment increases the number of shares of Common Stock which may be issued under the Stock Purchase Plan by 750,000 shares or 1.6% of the 46,059,198 shares of Common Stock outstanding on March 29, 2004. These shares will provide an aggregate of 962,887 shares available for issuance. During the Stock Purchase Plan's existence, 1,512,113 shares (adjusted for subsequent stock splits) have been acquired by employees under the plan.

A copy of the proposed amendment is included as Appendix B hereto. If approved by the shareholders, the amendment will become effective as of May 19, 2004.

Summary of Material Provisions of the Stock Purchase Plan

The following is a summary of the material provisions of the Stock Purchase Plan, as proposed to be amended.

Participation; Awards Under the Stock Purchase Plan. Pursuant to the Stock Purchase Plan, all employees of the Company and its subsidiaries and affiliates (including executive officers of the Company) as of any January 15 or July 15 may elect to deduct from their compensation not less than \$130.00 and up to 25% of their Base Pay (as defined in the Stock Purchase Plan) for each six-month option period. The dollar amount deducted is credited to the participant's Contribution Account (as defined in the Stock Purchase Plan). In addition, a participant is permitted to make two lump sum contributions during each option period, as long as the aggregate amount of salary deductions do not exceed 25% of the participant's compensation. On the Exercise Date (the last trading day of each option period), the amount deducted from each participant's salary and any additional amounts contributed on a lump-sum basis over the course of the period will be used to purchase shares of Common Stock at a purchase price (the Exercise Price) equal to the lesser of (a) 85% of the closing market price of the shares of Common Stock on the Exercise Date or (b) 85% of the average of the closing market price of the shares of Common Stock on the Grant Date (the first trading date of each six-month period) and the closing market price of the Common Stock on the Exercise Date for such

period. On an Exercise Date, all options shall be automatically exercised, except for persons whose employment has terminated or who have withdrawn all contributions.

Table of Contents

Options granted under the Stock Purchase Plan are subject to the following limitations: (i) subject to certain adjustments, the maximum number of shares of Common Stock which may be purchased by a participant on an Exercise Date is 1,125 shares; (ii) no participant is allowed to purchase, during a calendar year, stock under the Stock Purchase Plan having a market value in excess of \$25,000, as determined on the Grant Date; (iii) no option may be granted to a participant who would own 5% or more of the Common Stock of the Company; and (iv) no participant may assign, transfer or otherwise alienate any options granted to him, except by will or the laws of descent and distribution, and such options must be exercised during the participant's lifetime only by him.

The Company and its subsidiaries have approximately 10,000 employees who are currently eligible to participate in the Stock Purchase Plan. Directors of the Company who are not also employees of the Company and holders of 5% or more of the outstanding shares of Common Stock are not eligible to participate in the Stock Purchase Plan.

Administration. The Stock Purchase Plan is administered by a Stock Purchase Plan Administrator, which Stock Purchase Plan Administrator is currently the Compensation Committee of the Board of Directors. The Stock Purchase Plan Administrator does not, however, have the discretion to deny the right to participate in the Stock Purchase Plan to any employee who meets the eligibility criteria.

Upon termination of a participant's employment, the employee shall cease being a participant under the Stock Purchase Plan, and the balance of the employee's Contribution Account shall be paid to the participant as soon as practical after termination. An option granted to such a participant shall be null and void from the date of termination. Upon the death, retirement or disability of a participant, the participant, or his legal representative, may withdraw the balance in his Contribution Account or may have the accumulated balance used to purchase stock under the Stock Purchase Plan. Any remaining money which is insufficient to purchase a whole share is returned to the participant or his legal representative.

Adjustments. In the case of a stock split, stock dividend, reclassification, recapitalization, merger, reorganization, or other change in the Company's structure affecting the Common Stock, appropriate adjustments will be made by the Stock Purchase Plan Administrator in the number of shares reserved for issuance under the Stock Purchase Plan and the calculation of the Exercise Price.

Amendment. Without the approval of the shareholders of the Company, the Stock Purchase Plan may not be amended to: (i) increase the number of shares reserved under the Stock Purchase Plan (except pursuant to certain changes in the capital structure of the Company), (ii) materially increase the benefits accruing to an insider subject to Section 16(a) of the Securities Exchange Act of 1934, as amended (Statutory Insiders), (iii) change the method of determining the purchase price of the shares such that the exercise price is reduced for Statutory Insiders or (iv) make participation in the Stock Purchase Plan available to any person who is not an employee as defined in the Stock Purchase Plan.

Federal Income Tax Aspects. The following is a brief summary of the Federal income tax aspects of awards made under the Stock Purchase Plan based upon the Federal income tax laws in effect on the date hereof. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

A holder will not recognize income for Federal tax purposes on account of the initial discount when shares are purchased. Instead, income may be recognized when a holder disposes of his stock.

If shares of stock are disposed of before a statutory holding period is met, income is recognized in an amount equal to the difference between the price paid for the shares and the market value of the shares on the date such shares were purchased. If shares are disposed of after meeting the holding period requirement, the holder receives ordinary taxable income in the calendar year of disposition equal to the lesser of (i) the original 15% discount on the shares assuming

the stock had been purchased on the Grant Date or (ii) the excess of the fair market value of such shares of Common Stock on the day of disposition over the price paid for such shares. In either case, (i) if a holder's disposition is by gift, such holder will have no further income tax consequences and (ii) in the case of a sale of such shares, the difference between the net proceeds on the date of disposition and the holder's tax basis in such shares (including ordinary income recognized in the disposition) will be taxable as capital gain or loss.

Table of Contents

If an employee leaves contributions in the Stock Purchase Plan to purchase Common Stock after he or she retires, the tax consequences depend on whether the termination date is within three months of the Exercise Date. If the termination date is not more than three months prior to the Exercise Date, the tax consequences are as described above. However, if the termination date is more than three months prior to the Exercise Date, the holder is treated as exercising a non-qualified option and is taxed on the Exercise Date on the excess of market value of the stock on that date over the price paid.

Conclusion and Recommendation

The Board of Directors believes it is in the best interests of the Company and its shareholders to adopt the amendment to the Stock Purchase Plan to help attract and retain key persons of outstanding competence and to further align their interests with those of the Company's shareholders generally.

The amendment to the Stock Purchase Plan will be approved if the votes cast in favor of the amendment exceed the votes cast against it. The Board of Directors recommends that you vote FOR the approval of the amendment to the Stock Purchase Plan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Officers, directors and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Company believes that all filing requirements applicable to its officers, directors and greater than 10% beneficial owners were complied with during the fiscal year ended January 3, 2004, except for a late Form 4 filing for Mr. Lovelace with respect to one transaction and a late Form 4 filing for each of Steven L. Spinner, John D. Austin, Roger L. Boeve, C. Michael Gray, Thomas Hoffman, G. Thomas Lovelace, Jr., J. Keith Middleton and Robert C. Sledd with respect to one option grant for each person.

CERTAIN TRANSACTIONS

The Board of Directors of the Company has adopted a policy which provides that any transaction between the Company and any of its directors, officers, or principal shareholders or affiliates thereof must be on terms no less favorable to the Company than could be obtained from unaffiliated parties and must be approved by vote of a majority of the appropriate committee of the Board of Directors, each of which is comprised solely of independent directors of the Company.

**DELIVERY OF ANNUAL REPORT AND PROXY STATEMENT
TO SHAREHOLDERS SHARING AN ADDRESS**

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us, or our transfer agent, if you hold registered shares. You can notify us by sending a written request to Performance Food Group Company, Attention: Treasurer, 12500 West Creek Parkway, Richmond, Virginia 23238, or by calling the Treasurer at (804) 484-7700.
