A description of the Company's policy regarding director candidates nominated by shareholders appears below under Corporate Governance Director Nominating

CORPORATE GOVERNANCE

The Board of Directors is committed to ethical business practices and believes that strong corporate governance is important to ensure that the Company is managed for the long-term benefit of its shareholders. The Company regularly monitors developments in the area of corporate governance and has implemented a number of best practices, including the following:

Corporate Governance Principles and Practices. The Company adopted a Corporate Governance Policy in 2003, which is regularly reviewed by the Governance/Nominating Committee.

Code of Conduct. The Company has adopted a Code of Conduct as part of its corporate compliance program. The Code of Conduct applies to all of the Company's directors, officers and employees. The Code of Conduct is posted on the Investor Relations Corporate Governance section of the Company's website at www.rarehospitality.com and includes a code of ethics for all employees, including the principal executive officer, principal financial officer, principal accounting officer or controller and other persons performing similar functions. Any amendments to the Code of Conduct, and any waivers of its provisions with respect to the principal executive officer, principal financial officer, principal accounting officer or controller and other persons performing similar functions, will be posted on the Investor Relations Corporate Governance section of the Company's website.

Chief Executive Officer Succession. Working with the Company's Chairman and Chief Executive Officer, the Board of Directors has developed a succession plan for the Company's Chief Executive Officer that is reviewed periodically by the Board of Directors.

Director Nominating Process. The Governance/Nominating Committee identifies potential nominees for director through a variety of business contacts, including current executive officers, directors, community leaders and shareholders. The Governance/Nominating Committee may, to the extent it deems appropriate, retain professional search firms and other advisors to identify potential nominees for director.

The Governance/Nominating Committee evaluates director candidates by reviewing their biographical information and qualifications. If the Governance/Nominating Committee determines that a candidate may be qualified to serve on the Board of Directors, such candidate is interviewed by at least one member of the Governance/Nominating Committee and the Chairman of the Board of Directors and Chief Executive Officer. The Governance/Nominating Committee then determines, based on the background information and the information obtained in the interviews, whether to recommend to the Board of Directors that a candidate be nominated for

approval by the shareholders to fill a directorship. With respect to an incumbent director whom the Governance/Nominating Committee is considering as a potential nominee for re-election, the Governance/Nominating Committee reviews and considers the incumbent director's service to the Company during his or her term, including the number of meetings attended, level of participation, and overall contribution to the Company in addition to such person's biographical information and qualifications.

The Governance/Nominating Committee will consider written recommendations from shareholders for nominees to the Board of Directors. The manner in which the Governance/Nominating Committee evaluates a potential nominee does not differ based on whether the candidate is recommended by a shareholder of the Company. A shareholder who wishes to recommend a person to the Governance/Nominating Committee for nomination by the Company must submit a written notice by mail to the Governance/Nominating Committee c/o Corporate Secretary, RARE Hospitality International, Inc., 8215 Roswell Road, Building 600, Atlanta, Georgia 30350. In order to be considered in connection with nominations at any annual meeting of shareholders, such a written recommendation must be received no later than one hundred fifty (150) days in advance of the annual meeting of shareholders and should include (i) the candidate's name, business address and other contact information, (ii) a complete description of the candidate's qualifications, experience and background, as would be required to be disclosed in the Proxy Statement pursuant to Regulation 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), and other information responsive to the qualifications and criteria considered by the Governance/Nominating Committee, (iii) a signed statement by the candidate in which he or she consents to being named in the Proxy Statement as a nominee and to serve as a director if elected and (iv) the name and address of the shareholder(s) of record making such a recommendation.

The Governance/Nominating Committee recommends nominees for election to the Board of Directors based on its evaluation of a number of qualifications, including, but not limited to: character and integrity; financial literacy; career achievements; vision and imagination; sound business experience and acumen; relevant technological, political, economic or business expertise; social consciousness; familiarity with issues affecting the Company's business; independence and absence of conflicts of interest; and contribution to the Board of Directors' desired level of diversity and balance. The Governance/Nominating Committee endorses the value of seeking qualified directors from diverse backgrounds otherwise relevant to the Company's mission, strategy and business operations and the perceived needs of the Board of Directors at a given time.

Shareholder Communications. The Board of Directors accepts communications sent to the Board of Directors (or to specified individual directors) by shareholders of the Company. COMPENSATION DISCUSSION AND ANALYSIS

Our executive compensation program is administered by the Compensation Committee, which is composed solely of non-employee directors. The following discussion describes (i) the objectives of our executive compensation program, (ii) the elements of compensation provided to our executive officers and (iii) the factors considered in determining the levels, elements and mix of compensation provided to our executive officers. Specifically, this discussion will focus on the compensation awarded to, earned by, and paid to the following individuals, whom we refer to as our Named Executive Officers:

Philip J. Hickey, Jr., our Chief Executive Officer,

Eugene I. Lee, Jr., our President and Chief Operating Officer,

W. Douglas Benn, our Executive Vice President, Finance and Chief Financial Officer,

Joia M. Johnson, our former Executive Vice President General Counsel and Secretary, and

M. John Martin, our President, The Capital Grille.

Objectives

The primary objectives of our executive compensation program are to:

attract, motivate and retain an outstanding group of executives by providing total compensation that is competitive with compensation at other companies in our peer group;

link the interests of the executives with our overall business strategies and goals by establishing a correlation between the performance of our business and each executive's compensation; and

align the interests of the executives with those of our shareholders by providing an equity-based component of executive compensation.

Our executive compensation program includes features to reward individuals, who are integral to the continued success of our business, who demonstrate desired performance and productivity and whose talents contribute to the growth of our business. We compensate our executives with base salaries, short-term incentive compensation and long-term equity compensation that are intended to balance and provide incentive for the achievement of our short and long-term goals.

Elements of Compensation

The compensation provided to our Named Executive Officers consists of (i) base salary, (ii) annual cash incentive bonuses, (iii) long-term equity awards and (iv) perquisites and other benefits (including severance). Each of these elements of executive compensation is described below.

For fiscal 2006, the Compensation Committee's determinations of the amount of compensation for our executive officers were partially based upon a review of publicly-available information on executive compensation at comparable public companies. Those comparable companies included Applebee's International, Inc., CBRL Group, Inc., The Cheesecake Factory, Inc., Landry's Restaurants, Inc., Lone Star Steakhouse, PF Chang's China Bistro, Inc., and Ruby Tuesday, Inc. (the Peer Group).

The Compensation Committee also engaged Watson Wyatt Worldwide (Watson Wyatt), an independent compensation consultant, to perform a review of our executive compensation. Watson Wyatt analyzed the level of base pay and short-term incentive compensation and long-term equity compensation provided to our executives, and advised us on the structure of our short-term and long-term compensation programs. Regarding short-term incentive compensation, Watson Wyatt recommended that the Company discontinue semi-annual payout of incentive compensation, raise the threshold level of performance necessary before short-term incentive plans begin to pay out and increase the level of payout for performance above the 100% payout level. These changes were intended to more closely align the Company's short-term incentive plans with market practices. With respect to long-term equity compensation, the Company had allocated the total value of equity awards granted to our executive officers evenly between time vesting stock options and restricted stock awards. For fiscal 2006 Watson Wyatt recommended an allocation of 40% stock options, 20% restricted stock and 40% performance based restricted stock units (PBRsUs). The shift toward performance-vesting awards was intended to further align the interests of our executive officers with our shareholders, and provide increased incentive for achievement of important financial goals. The Compensation Committee

participated in discussions with Watson Wyatt regarding the elements and amount of compensation to be awarded to the executive officers and used, in substance, the structure recommended by Watson Wyatt in making its determinations regarding short-term incentive compensation and long-term equity compensation. In addition, the Compensation Committee considered recommendations made by our chief executive officer for the compensation of the other executive officers. Our chief executive officer's recommendations were based on factors such as the efforts expended by such individuals towards the furtherance of our corporate goals, the compensation history of each individual and the compensation of comparable executives at companies in the Peer Group.

Base Salary

Each executive officer is paid a base salary as compensation for services rendered to the Company. We believe a competitive base salary is necessary to achieve our objective of attracting, motivating and retaining highly qualified executives. The base salary serves as a steady source of income for the executive and reflects the officer's level of responsibility, prior experience and achievements, as well as the importance of such executive's contribution to our business. The Compensation Committee determined the base salaries of our executive officers for fiscal 2006 based on a review of prevailing competitive salaries for similar positions in our Peer Group. Management reviewed the market data and the chief executive officer developed recommended salary increases, which ranged from 10% to 17% based on individual responsibilities, experience and performance, as well as position relative to the competitive market and relative to internal peers. Consistent with our policy for all employees, base salaries are generally compared to the median of the Peer Group for each comparable position. The Compensation Committee reviews management's recommendations and approves any compensation change for each Named Executive Officer. For our chief executive officer, the Committee reviewed the market data provided by Watson Wyatt and developed a recommended increase in annual salary of 17%, based on performance, competitiveness and internal equity.

Annual Cash Incentive Bonuses

Annual cash bonuses are paid to executive officers as short-term incentive awards based on the achievement of certain financial performance goals. Our cash bonus program achieves our compensation objectives by rewarding executives for the financial success of our business; thereby linking the interests of executives to our overall business strategies and goals.

In February 2006, the Committee established target cash award opportunities for fiscal 2006, as a percentage of base salary, for each of the Named Executive Officers (100% for Messrs. Hickey and Lee, 85% for Mr. Benn, 60% for Ms. Johnson and 50% for Mr. Martin). The targets established for Mr. Hickey, Jr. and Mr. Lee, Jr. were made pursuant to the terms of the Company's Executive Incentive Plan, a shareholder approved incentive plan that permits the grant of awards that are intended to meet the exemption for performance-based compensation under Section 162(m) of the Internal Revenue Code (the "Executive Plan"). Other than Mr. Martin, the Named Executive Officers earn the bonus awards based on the Company's performance against a set target for growth in adjusted earnings per share of 17.9% in fiscal 2006 over 2005. Mr. Martin's bonus award was based on a combination of our adjusted earnings per share and the performance against financial targets for The Capital Grille concept. The performance goals for The Capital Grille were set with the intent of requiring a similar level of financial performance as required for the Company to achieve the 17.9% growth in adjusted earnings per share. Actual bonus amounts earned can range from 0% of target for performance below a threshold to 200% of target for exceptional performance. The bonuses earned by our Named Executive Officers for fiscal 2006, which were paid in February of 2007, are disclosed in the Summary Compensation Table on page 16 of this proxy statement.

Long-Term Equity Awards

Our Named Executive Officers receive equity based compensation in the form of stock options, restricted stock and performance-based restricted stock units. Long-term equity incentive awards are an important component of our compensation program because they encourage executives to manage the business from the perspective of owners with an equity stake in our Company, thereby providing a link between compensation and stock price appreciation. For example, stock options provide no value to the executive unless our stock price increases after the grants are made. These incentives also help us to retain qualified executives, because the awards are generally forfeited to the extent unvested if the executive leaves before such awards become fully vested.

Historically, we have granted stock option or restricted stock awards when an executive commences employment. In addition, Named Executive Officers receive annual stock option and restricted stock awards. These grants are generally made in February after we have confirmed the financial performance of our Company for the prior fiscal year. Stock options and restricted stock vest with the passage of time and provide a strong retention tool for our Company, while providing a link between compensation and stock price appreciation. All such awards are approved by the Compensation Committee under our Amended and Restated 2002 Long-Term Incentive Plan,

and the exercise prices of stock options is not less than the fair market value of our Common Stock on the grant date. All executive officers received stock options and restricted stock in fiscal 2006.

In fiscal 2006, the Compensation Committee reevaluated our award practices under our long-term incentive programs and the composition of awards provided under such programs. The Committee established a new three-year long-term compensation program that awarded PBRsUs to executives, which PBRsUs will convert into a number of shares of Common Stock based upon adjusted earnings per share and revenue growth over the 2006, 2007 and 2008 fiscal years, thereby strengthening the link between compensation and organizational performance measures. On February 8, 2006, our Board of Directors amended the RARE Hospitality International, Inc. Executive Officer Performance Incentive Plan (the "PIP Plan") to allow for the grant of PBRsUs. The Compensation Committee approved the grant of PBRsUs to each of the executive officers and reduced the number of stock options and restricted stock shares granted to the executive officers in fiscal 2006 relative to the number and dollar value of such awards made for fiscal 2005. The Compensation Committee's decision to award PBRsUs reflects shifting market practices and was consistent with the recommendations of Watson Wyatt. The aggregate dollar value of the stock-based compensation award to each of the executive officers was allocated between stock options, restricted stock and PBRsUs in a 40%/20%/40% ratio based on the recommendation of Watson Wyatt.

PBRsUs convert to shares of Common Stock, and may vest for up to 150% of the target level, if certain levels of adjusted earnings per share and revenue growth are achieved during the three-year performance period. The awards will be forfeited if our Company's performance is below threshold levels at the end of the three-year performance period. Conversion of the PBRsU grants, which were awarded in fiscal 2006, into shares of Company Common Stock will be made after we have confirmed the financial performance of our Company for the 2008 fiscal year. For more information regarding these long-term incentives granted to our Named Executive Officers in fiscal 2006, including the target number of PBRsUs awarded to each Named Executive Officer, please see the "Grants of Plan-based Awards" beginning on page 21 of this proxy statement and "Outstanding Equity Awards at Fiscal Year-End" tables and the related footnotes beginning on page 22 of this proxy statement.

Perquisites and Other Benefits

Our Named Executives Officers are eligible for certain modest perquisites, which include life and long-term disability insurance disclosed in the Summary Compensation Table on page 16 of this proxy statement. The perks we provide are similar to those provided to executive officers in the Peer Group. We use this supplemental component of compensation as an incentive to attract and retain top executives.

We maintain benefit plans in order to provide our executives with reasonable protection against ill health, disability, retirement and death, all of which can interrupt the executive's employment or income. Our benefit plans help us to attract, motivate, and retain our executives by providing the necessary supplemental components of compensation that are competitive with compensation at other companies in the Peer Group.

Nonqualified Deferred Compensation

We maintain a Supplemental Deferred Compensation Plan (the "Supplemental Plan"), which is a nonqualified plan that allows directors, officers and highly compensated employees to defer receipt of a portion of their compensation that cannot be deferred under the Company's existing 401(k) plan and contribute such amounts to one or more investment funds. The Supplemental Plan is designed specifically for management, and is intended to provide some level of replacement income upon retirement. This plan is described in more detail beginning on page 25 of this proxy statement.

Insurance and Other Benefit Plans

Our Named Executive Officers participate in various benefit plans on the same basis as other full-time employees of our Company, such as medical, dental, vision, short and long-term disability and life insurance plans.

Severance Payments

We provide severance payments to our Named Executive Officers in the event of termination of their employment, as detailed in the employment agreement descriptions beginning on page 18 and the Potential Payments Upon Termination or Change in Control Table on page 17 of this proxy statement. We believe these severance payment arrangements provide employment security and encourage the objective evaluation of potential changes to the Company's strategy and structure.

The severance payments provided under these agreements reflects a severance package that takes into account the significance of the positions held by each executive officer. We believe a continuation of certain health and welfare benefits is reasonable to allow an executive time to find replacement coverage following termination. We also consider the vesting of stock options and restricted stock reasonable where such executive has been terminated without cause and would otherwise have been entitled to exercise such options had he or she continued employment with our Company.

Change in Control Payments

Pursuant to their employment agreements, Messrs. Hickey, Jr., Lee, Jr. and Benn will be entitled to increased benefits in the event that a termination of employment follows a change in control of the Company, as described in more detail in the employment agreement descriptions beginning on page 18 of this proxy statement. These change-in-control payments are designed to attract and retain qualified executives who might not otherwise join or remain with our Company without financial protection in the event that they are forced out of the Company following a change in control. These provisions are also intended to provide for continuity of management in the event of a change in control of our Company. The change-in-control payments have a double trigger, which requires (i) an actual change in control to occur and (ii) a termination, relocation of our headquarters or significant reduction in the executive's responsibilities triggered within 12 or 18 months after a change in control actually occurs. In establishing these triggers, our objectives were to provide reasonable protection from any adverse consequences to the Named Executive Officer in the event of a change in control of our Company. We did this within reason by limiting the payment time frame to 12 or 18 months, as applicable, and providing that a payment will only be owed in the event of certain terminations, which would have the effect of putting the executive in a different position than that which he or she elected upon accepting employment with the Company.

Stock Ownership Policy

We believe it is important for management and board members to have an equity stake in our Company. Accordingly, we have instituted a 1,000 share minimum holding requirement for the ownership of our securities by each of our executive officers and members of the Board of Directors.

Tax and Accounting Considerations

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for our executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost to us with the benefit/value to the executive.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits to \$1 million the deduction that can be claimed by a publicly held company for compensation paid to such company's chief executive officer and its four other highest paid executive officers. Section 162(m) specifically exempts certain performance-based

compensation from the deduction limit. It is the Compensation Committee's intent to maximize the deductibility of executive compensation while retaining the discretion necessary to compensate executive officers in a manner commensurate with performance and the competitive market of executive talent.

On February 8, 2006, our board of directors amended our PIP Plan to allow for the grant of PBRsUs. We have structured our PIP Plan, as amended, to be consistent with the terms of Section 162(m), so that taxable compensation derived from performance-based equity compensation under the plan should qualify as performance-based under Section 162(m) and be fully deductible.

With the adoption of SAFS No. 123(R), we do not expect accounting treatment of differing forms of equity awards to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the selection of forms of compensation.

- (1) Amounts represent voluntary deferrals of salary, bonus, or a combination of both salary and bonus under the Company's Supplemental Deferred Compensation Plan. Contributions of deferred salary are reported as 2006 income in the Salary column of the Summary Compensation Table but contributions of deferred bonus would be reported as compensation in 2005.
- (2) Amounts represent Company matching contributions under the Company's Supplemental Deferred Compensation Plan. These amounts are reported as 2006 income in the All Other Compensation column of the Summary Compensation Table.

The maximum aggregate amount deferred under the Supplemental Plan cannot exceed the lesser of 20% of annual compensation or \$50,000. The Company makes quarterly matching contributions in an amount equal to 50% of the first 5% of employee compensation contributed, with a maximum annual Company contribution of the lesser of 2.5% of employee compensation or \$5,500 per year.

Participants have the option of electing several different investment options under the Supplemental Plan. These investment options are substantially similar to the investment options available under the Company's 401(k) plan. The Company's executives are not entitled to participate in the Company's 401(k) plan. Participants can change their investment options daily by contacting the Supplemental Plan administrator. The Company does not consider any of the earnings credited to the compensation deferred under the Supplemental Plan to be above-market or preferential as defined by the SEC.

At the time of making their deferral elections, Participants may elect to defer their payments until a specified date or until the date they cease to be an employee or director of the Company. Further, the participants may elect to receive their distribution as a lump sum or in ten approximately equal annual installments. If a participant dies before beginning to receive any payments, the participant's account balance will be paid to the participant's designated beneficiary or estate.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2006, Messrs. Chapman, Dixon and Holbrook served on the Compensation Committee. None of them were an officer or employee of the Company or any of its subsidiaries in fiscal 2006, nor any time prior thereto. During fiscal 2006, none of the members of the Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K, and none of the executive officers served on the Compensation Committee (or equivalent) or the Board of Directors of another entity whose executive officer(s) served on the Board of Directors or the Compensation Committee of the Company's Board of Directors.

RELATED PARTY TRANSACTION POLICY AND PROCEDURES

Under the Company's Policy on Related Party Transactions, the Audit Committee is responsible for reviewing and approving all related party transactions. This written policy applies to certain transactions involving over \$5,000 or any group of transactions that can reasonably be foreseen to involve in excess of \$10,000 in any one fiscal year with related parties, which includes our officers, directors and director nominees, and members of their immediate families. In determining whether to approve a related party transaction, the Audit Committee would take into account material facts of the transaction, including whether it is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on a review of the copies of reports furnished to the Company, or written representations that no annual forms (Form 5) were required, the Company believes that, during the 2006 fiscal year, its officers, directors and 10% shareholders complied with all filing requirements for reporting to the U.S. Securities and Exchange Commission their ownership and changes in ownership of Common Stock (as required pursuant to Section 16(a) of the Exchange Act).

PROPOSAL II

APPROVAL OF AMENDMENTS TO THE AMENDED AND RESTATED 2002 LONG-TERM INCENTIVE PLAN

On February 14, 2007, the Company's Board of Directors approved and recommended to the shareholders that they approve amendments to the RARE Hospitality International, Inc. Amended and Restated 2002 Long-Term Incentive Plan (the "2002 Long-Term Incentive Plan" or the "plan") to increase the number of shares of Common Stock available for awards by 450,000 shares, which shares will only be available for issuance pursuant to the exercise of stock options granted under the plan. In addition, if shareholders approve the increase in shares available for stock options, the plan will also be amended to provide that if shares are withheld or delivered to satisfy either the exercise price of an option or a participant's tax withholding obligations with respect to the exercise of an option, the full number of shares subject to the option will be considered as issued for purposes of determining the maximum number of shares remaining available for future awards under the plan.

As of March 16, 2007, there were approximately 250 persons eligible to participate in the 2002 Long-Term Incentive Plan. As of March 16, 2007, there were approximately 3,071,622 shares of Common Stock subject to outstanding awards and approximately 614,176 shares of Common Stock were reserved and available for future awards under the plan. If the Company's shareholders do not approve the amendments to the 2002 Long-Term Incentive Plan, the 2002 Long-Term Incentive Plan will remain in effect in accordance with its current terms.

The following is a summary of the provisions of the 2002 Long-Term Incentive Plan, as proposed to be amended. This summary is qualified in its entirety by the full text of the plan, which is attached to this proxy statement as Appendix A.

SUMMARY OF THE PLAN

Purpose. The purpose of the plan is to promote our success by linking the personal interests of the Company's employees, officers, directors, consultants and advisors to those of its shareholders, and by providing participants with an incentive for outstanding performance.

Permissible Awards. The plan authorizes the granting of options to purchase shares of Common Stock, which may be incentive stock options or nonqualified stock options, and awards of restricted stock and restricted stock units.

Limitations on Awards. The maximum number of shares of Common Stock with respect to one or more options that may be granted during any one calendar year under the plan to any one person is 250,000; except that in connection with a person's initial employment, he or she may be granted options with respect to up to an additional 100,000 shares, which will not count against the normal 250,000 annual limit. The maximum fair market value of any awards of restricted stock that may be received by a participant (less any consideration paid by the participant for such award) during any one calendar year under the plan is \$1,000,000.

Administration. The plan is administered by a committee appointed by the Company's Board of Directors. The committee has the authority to designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it may deem advisable to administer the plan; and make all other decisions and determinations that may be required under the plan. The Board of Directors may at any time administer the plan. If it does so, it will have all the powers of the committee.

Formula Grants to Non-Employee Directors. The plan provides for the grant of non-qualified stock options to our non-employee directors only in accordance with the terms and parameters of one or more separate formula plans for the compensation of non-employee directors. The committee may not make discretionary grants under the plan to non-employee directors.

Stock Options. The committee is authorized to grant incentive stock options or non-qualified stock options under the plan. The terms of an incentive stock option must meet the requirements of Section 422 of the Code. The exercise price of an option may not be less than the fair market value of the underlying stock on the date of grant and no option may have a term of more than 10 years. The committee may grant options with a reload feature, which provides for the automatic grant of a new option for the number of shares that the optionee delivers as full or partial payment of the exercise price of the original option. Such new option must have an exercise price equal to the fair market value of the stock on the new grant date, would vest after six months and would have a term equal to the unexpired term of the original option.

Restricted Stock Awards. The committee may make awards of restricted stock to participants, which will be subject to such restrictions on transferability and other restrictions as the committee may impose (including, without limitation, limitations on the right to vote restricted stock or the right to receive dividends, if any, on the restricted stock).

Restricted Stock Unit Awards. The committee may also make awards of restricted stock units to participants, which will be subject to such restrictions on transferability and other restrictions as the committee may impose. Upon lapse of such restrictions, shares of Common Stock will be issued to the participant in settlement of the restricted stock units.

Performance Goals. The committee may designate any award as a qualified performance-based award in order to make the award fully deductible without regard to the \$1,000,000 deduction limit imposed by Code Section 162(m). If

an award is so designated, the committee must establish objectively determinable performance goals for the award based on one or more of the following performance criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of a division, region, department or function within the Company or an affiliate:

earnings per share

EBITDA (earnings before interest, taxes, depreciation and amortization)

EBIT (earnings before interest and taxes)

economic profit

cash flow

sales growth

net profit before tax

gross profit

operating income or profit

return on equity

return on assets

return on capital

changes in working capital

shareholder return

The committee must establish such goals prior to the beginning of the period for which such performance goal relates (or such later date as may be permitted under applicable tax regulations) and the committee may for any reason reduce (but not increase) any award, notwithstanding the achievement of a specified goal. Any payment of an award granted with performance goals must be conditioned on the written certification of the committee in each case that the performance goals and any other material conditions were satisfied.

Limitations on Transfer; Beneficiaries. No award will be assignable or transferable by a participant other than by will or the laws of descent and distribution or, except in the case of an incentive stock option, pursuant to a qualified domestic relations order; provided, however, that the committee may (but need not) permit other transfers where the committee concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or Federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the committee, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Acceleration Upon Certain Events. Unless otherwise provided in an award certificate, if a participant's employment is terminated without Cause or the participant resigns for Good Reason (as such terms are defined in the plan) within two years after a Change in Control of the Company (as defined in the plan), all of such participant's outstanding options will become fully vested and exercisable and all restrictions on his or her outstanding restricted stock awards will lapse. Also, if a participant dies or his or her employment or service is terminated as a result of disability, all of such participant's outstanding options will become fully vested and exercisable and all restrictions on his or her outstanding restricted stock awards will lapse. The committee may in its discretion at any time accelerate the vesting of an award upon any other termination of service of a participant. The committee may discriminate among

participants or among options in exercising its discretion.

Adjustments. In the event of a stock split, a dividend payable in shares of Common Stock, or a combination or consolidation of our Common Stock into a lesser number of shares, the share authorization limits under the plan will automatically be adjusted proportionately, and the shares then subject to each award will automatically be adjusted proportionately without any change in the aggregate purchase price for such option. If the Company is involved in another corporate transaction or event that affects its Common Stock, such as an extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares, the share authorization limits under the plan will be adjusted proportionately, and the committee may adjust outstanding awards to preserve the benefits or potential benefits of the awards.

Termination and Amendment. Our Board of Directors or the committee may, at any time and from time to time, terminate or amend the plan without shareholder approval; but if an amendment to the plan would, in the

reasonable opinion of the board or the committee, materially increase the benefits accruing to participants, materially increase the number of shares of stock issuable under the plan, expand the types of awards provided under the plan, materially extend the term of the plan, or otherwise constitute a material amendment requiring shareholder approval under applicable laws, policies or regulations, then such amendment will be subject to shareholder approval. In addition, the Board or the committee may condition any amendment on the approval of our shareholders for any other reason, including necessity or advisability under tax, securities or other applicable laws, policies or regulations. No termination or amendment of the plan may adversely affect any award previously granted under the plan without the written consent of the participant. The committee may amend or terminate outstanding awards. However, such amendments may require the consent of the participant and, unless approved by the Company's shareholders or otherwise permitted by the antidilution provisions of the plan, the exercise price of an outstanding option may not be reduced, directly or indirectly, and the original term of an option may not be extended.

CERTAIN FEDERAL INCOME TAX EFFECTS

Nonqualified Stock Options. There will be no Federal income tax consequences to the optionee or to the Company upon the grant of a nonqualified stock option under the plan. When the optionee exercises a nonqualified option, however, he or she will realize ordinary income in an amount equal to the excess of the fair market value of the Common Stock received upon exercise of the option at the time of exercise over the exercise price, and the Company will be allowed a corresponding deduction. Any gain that the optionee realizes when he or she later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the shares were held.

Incentive Stock Options. There typically will be no Federal income tax consequences to the optionee or to the Company upon the grant or exercise of an incentive stock option. If the optionee holds the option shares for the required holding period of at least two years after the date the option was granted or one year after exercise, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and the Company will not be entitled to a Federal income tax deduction. If the optionee disposes of the option shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, he or she will realize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of exercise over the exercise price, and the Company will be allowed a Federal income tax deduction equal to such amount. While the exercise of an incentive stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the optionee's alternative minimum taxable income.

Transfers of Options. The committee may, but is not required to, permit the transfer of non-qualified stock options granted under the plan. Based on current tax and securities regulations, such transfers, if permitted, are likely to be limited to gifts to members of the optionee's immediate family or certain entities controlled by the optionee or such family members. The following paragraphs summarize the likely income, estate, and gift tax consequences to the optionee, the Company, and any transferees, under present federal tax regulations, upon the transfer and exercise of such options.

Federal Income Tax. There will be no federal income tax consequences to the optionee, the Company, or the transferee upon the transfer of a non-qualified stock option. However, the optionee will recognize ordinary income when the transferee exercises the option, in an amount equal to the excess of the fair market value of the option shares upon the exercise of such option over the exercise price, and the Company will be allowed a corresponding deduction. The gain, if any, realized upon the transferee's subsequent sale or disposition of the option shares will constitute short-term or long-term capital gain to the transferee, depending on the transferee's holding period. The transferee's basis in the stock will be the fair market value of such stock at the time of exercise of the option.

Federal Estate and Gift Tax. If an optionee transfers a non-qualified stock option to a transferee during the optionee's life but before the option has become exercisable, the optionee will not be treated as having made a completed gift for federal gift tax purposes until the option becomes exercisable. However, if the optionee transfers a fully exercisable option during the optionee's life, he or she will be treated as having made a completed gift for

federal gift tax purposes at the time of the transfer. If the optionee transfers an option to a transferee by reason of death, the option will be included in the decedent's gross estate for federal estate tax purposes. The value of such option for federal estate or gift tax purposes may be determined using a Black-Scholes or other appropriate option pricing methodology, in accordance with IRS requirements.

Restricted Stock. Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, the participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock award is granted. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the Common Stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code §162(m). If the participant files an election under Code §83(b) within 30 days after the date of grant of the restricted stock, he or she will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code §162(m). Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the Code §83(b) election.

Restricted Stock Units. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock unit award is granted. Upon issuance of shares of Common Stock in settlement of a restricted stock unit award, a participant will recognize ordinary income equal to the fair market value of the Common Stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code §162(m).

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENTS TO THE 2002 LONG-TERM INCENTIVE PLAN. APPROVAL OF THE AMENDMENTS REQUIRES THAT THE VOTES CAST IN FAVOR OF THE AMENDMENTS EXCEED THE VOTES CAST AGAINST THE AMANDMENTS AT THE MEETING AT WHICH A QUORUM IS PRESENT.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors, and operates under a written charter adopted by the Board of Directors. The Company's management has primary responsibility for the Company's financial statements and reporting processes, including the systems of internal controls. The Company's independent registered public accounting firm, KPMG LLP, is responsible for performing an independent integrated audit and issuing reports and opinions on the following:

the Company's consolidated financial statements;

the Company's internal control over financial reporting; and

management's assessment of the effectiveness of the Company's internal control over financial reporting.

The Company has a full-time Internal Audit Department that reports to the Audit Committee and management, and is responsible for reviewing and evaluating the Company's internal controls. The function of the Audit Committee is not to duplicate the activities of management, or the internal or external auditors, but to serve in a Board-level oversight role in which it provides advice, counsel, and direction to management and the Company's independent registered public accounting firm. The Audit Committee has sole authority to select, evaluate and, if appropriate, to replace the Company's independent registered public accounting firm.

The Audit Committee has implemented procedures that guide its activities during the course of each fiscal year and which are designed for it to devote the attention that it deems necessary or appropriate to fulfill its oversight responsibilities under the Audit Committee's charter. To carry out its responsibilities, the Audit Committee met 12 times during fiscal 2006.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management and KPMG LLP disclosures made in Management's Discussion and Analysis of Financial Condition and Results of Operations, the audited consolidated financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006. This review included a discussion with management and KPMG LLP of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant estimates and judgments, and the clarity and completeness of disclosures in the Company's consolidated financial statements. Management represented to the Audit Committee that the Company's consolidated financial statements, on which KPMG LLP issued an unqualified opinion, were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee monitored the Company's progress in complying with Section 404 of the Sarbanes-Oxley Act of 2002, including the Public Company Accounting Oversight Board's Auditing Standard No. 2 regarding the audit of internal control over financial reporting. This oversight included the review of key initiatives and programs aimed at strengthening the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the Company's internal auditing program and steps taken to implement recommended improvements in internal procedures and controls.

The Audit Committee also discussed with KPMG LLP, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. The Audit Committee has received from KPMG LLP, as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee, (i) a written disclosure, indicating all relationships, if any, between KPMG LLP and its related entities and the Company and its related entities which, in the auditor's professional judgment, reasonably may be thought to bear on the auditor's independence, and (ii) a letter from KPMG LLP confirming that, in its professional judgment, it is independent of the Company. In addition, the Audit Committee discussed with KPMG LLP its independence from management and the Company, including the matters in the written disclosures required of KPMG LLP by Independence Standards Board Standard No. 1. The Audit Committee also considered whether the provision of services during 2006 by KPMG LLP that were unrelated to their audit of the financial statements during 2006 is compatible with maintaining KPMG LLP's independence.

Additionally, the Audit Committee discussed with KPMG LLP the overall scope and plan for their audit. The Audit Committee met with KPMG LLP to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for 2006 for filing with the U.S. Securities and Exchange Commission. The Audit Committee also recommended to the Board of Directors that the Company retain KPMG LLP as the Company's independent registered public accounting firm for fiscal 2007.

AUDIT COMMITTEE:

Roger L. Boeve, Chairman
Ronald W. San Martin
Dick R. Holbrook

Policy on Audit Committee Pre-Approval. The Company and its Audit Committee are committed to ensuring the independence of the independent registered public accounting firm, both in fact and in appearance. In this regard, under the Audit Committee's charter, the Audit Committee is required to approve in advance all audit services and permissible non-audit services as set forth in Section 10A of the Exchange Act.

All of the services described above under the captions "Audit Fees," "Audit-Related Fees," "Tax Fees" and "All Other Fees" were approved by the Company's Audit Committee pursuant to SEC Regulation S-X, Rule 20-1(c)(7)(i).

PROPOSAL III

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED

PUBLIC ACCOUNTING FIRM

The Company's Audit Committee has selected KPMG LLP to conduct the annual audit of the financial statements of the Company for the fiscal year ending December 30, 2007. Although ratification by the shareholders of the selection of KPMG LLP as independent registered public accounting firm is not required by law or by the Bylaws of the Company, the Audit Committee believes it is appropriate to seek shareholder ratification of this appointment in light of the critical role played by the independent registered public accounting firm in maintaining the integrity of the Company's financial controls and reporting. If this selection is not ratified at the Meeting, the Company's Audit Committee intends to reconsider its selection of the independent registered public accounting firm for the fiscal year ending December 30, 2007.

The Company has been advised by KPMG LLP that neither it nor any member thereof has any financial interest, direct or indirect, in the Company or any of its subsidiaries in any capacity. KPMG LLP has served as independent registered public accounting firm for the Company since 1992.

An amended and restated version of the Plan was approved by a majority of the shareholders of the Company effective as of April 10, 2003. The Plan, as amended and restated hereby,

shall be effective only if and when it is approved by the shareholders of the Company at the 2004 annual meeting of shareholders (the *Effective Date*). If the Plan, as proposed to be amended and restated hereby, is not approved by the shareholders at the 2004 annual meeting, the Plan shall remain in full force and effect in accordance with its terms as in effect immediately prior to the 2004 annual meeting date, and the term *Effective Date* as used herein shall refer to April 10, 2003, the date on which the Plan was last approved by the shareholders of the Company.

3.2. *Termination of Plan.* No Awards may be granted under the Plan after the ten-year anniversary of the *Effective Date*, but the Plan shall remain in effect as long as any Awards under it are outstanding.

ARTICLE 4

Administration

4.1. Committee. The Plan shall be administered by a committee (the Committee) appointed by the Board (which Committee shall consist of two or more independent directors as defined by NASDAQ rules) or, at the discretion of the Board from time to time, the Plan may be administered by the Board. It is intended that at least two of the directors appointed to serve on the Committee shall be non-employee directors (within the meaning of Rule 16b-3 under the 1934 Act) and outside directors (within the meaning of Code Section 162(m) and the regulations thereunder) and that any such members of the Committee who do not so qualify shall abstain from participating in any decision to make or administer Awards that are made to Eligible Participants who at the time of consideration for such Awards are, or who are anticipated to be become, either (i) Covered Employees or (ii) persons subject to the short-swing profit rules of Section 16 of the 1934 Act. However, the mere fact that a Committee member shall fail to qualify under either of the foregoing requirements or shall fail to abstain from such action shall not invalidate any Award made by the Committee which Award is otherwise validly made under the Plan. The members of the Committee shall be appointed by, and may be changed at any time and from time to time in the discretion of, the Board. The Board may reserve to itself any or all of the authority and responsibility of the Committee under the Plan or may act as administrator of the Plan for any and all purposes. To the extent the Board has reserved any authority and responsibility or during any time that the Board is acting as administrator of the Plan, it shall have all the powers of the Committee hereunder, and any reference herein to the Committee (other than in this Section 4.1) shall include the Board. To the extent any action of the Board under the Plan conflicts with actions taken by the Committee, the actions of the Board shall control.

4.2. Actions and Interpretations By the Committee. For purposes of administering the Plan, the Committee may from time to time adopt rules, regulations, guidelines and procedures for carrying out the provisions and purposes of the Plan and make such other determinations, not inconsistent with the Plan, as the Committee may deem appropriate. The Committee's interpretation of the Plan, any Awards granted under the Plan, any Award Certificate and all decisions and determinations by the Committee with respect to the Plan are final, binding, and conclusive on all parties. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company or any Affiliate, the Company's or an Affiliate's independent certified public accountants, Company counsel or any executive compensation consultant or other professional retained by the Company to assist in the administration of the Plan.

4.3. Authority of Committee. Except as provided below, the Committee has the exclusive power, authority and discretion to:

- (a) Grant Awards;
- (b) Designate Participants;
- (c) Determine the type or types of Awards to be granted to each Participant;
- (d) Determine the number of Awards to be granted and the number of Shares to which an Award will relate;
- (e) Determine the terms and conditions of any Award granted under the Plan, including but not limited to, the exercise price or grant price, any restrictions or limitations on the Award, any schedule for lapse of restrictions on the exercisability of an Award, and accelerations or waivers thereof, based in each case on such considerations as the Committee in its sole discretion determines;

(f) Accelerate the vesting, exercisability or lapse of restrictions of any outstanding Award, in accordance with Article 9, based in each case on such considerations as the Committee in its sole discretion determines;

(g) Determine whether, to what extent, and under what circumstances an Award may be settled in, or the exercise price of an Award may be paid in, cash, Stock, other Awards, or other property, or an Option may be canceled, forfeited, or surrendered;

(h) Prescribe the form of each Award Certificate, which need not be identical for each Participant;

A-5

- (i) Decide all other matters that must be determined in connection with an Award;
- (j) Establish, adopt or revise any rules, regulations, guidelines or procedures as it may deem necessary or advisable to administer the Plan;
- (k) Make all other decisions and determinations that may be required under the Plan or as the Committee deems necessary or advisable to administer the Plan;
- (l) Amend the Plan or any Award Certificate as provided herein; and
- (m) Adopt such modifications, procedures, and subplans as may be necessary or desirable to comply with provisions of the laws of non-U.S. jurisdictions in which the Company or any Affiliate may operate, in order to assure the viability of the benefits of Awards granted to participants located in such other jurisdictions and to meet the objectives of the Plan.

Notwithstanding the foregoing, grants of Awards to Non-Employee Directors hereunder shall be made only in accordance with the terms, conditions and parameters of one or more separate formula subplans for the compensation of Non-Employee Directors, and the Committee may not make discretionary grants hereunder to Non-Employee Directors.

To the extent permitted under Georgia law, the Board or the Committee may expressly delegate to a special committee consisting of one or more directors who are also officers of the Company some or all of the Committee's authority under subsections (a) through (i) above, except that no delegation of its duties and responsibilities may be made to officers of the Company with respect to Awards to Eligible Participants who are, or who are anticipated to be become, either (i) Covered Employees or (ii) persons subject to the short-swing profit rules of Section 16 of the 1934 Act. The acts of such delegates shall be treated hereunder as acts of the Committee and such delegates shall report to the Committee regarding the delegated duties and responsibilities.

4.4. Award Certificates. Each Award shall be evidenced by an Award Certificate. Each Award Certificate shall include such provisions, not inconsistent with the Plan, as may be specified by the Committee.

ARTICLE 5

Shares Subject to the Plan

5.1. Number of Shares. Subject to adjustment as provided in Section 10.1, the aggregate number of Shares reserved and available for issuance pursuant to Awards granted under the Plan shall be 4,720,000, of which 450,000 are available only for issuance pursuant to the exercise of Options and may not be granted as Awards of Restricted Stock or Restricted Stock Units.

5.2. Share Counting.

(a) To the extent that an Award is canceled, terminates, expires, is forfeited or lapses for any reason, any unissued Shares subject to the Award will again be available for issuance pursuant to Awards granted under the Plan.

(b) Shares subject to Awards settled in cash will again be available for issuance pursuant to Awards granted under the Plan.

(c) If the exercise price of an Option is satisfied by either delivering Shares to the Company (by either actual delivery or attestation) or through a net exercise feature, the full number of Shares subject to the Option shall be considered as issued for purposes of determining the maximum number of Shares remaining available for issuance pursuant to Awards granted under the Plan.

(d) If Shares are withheld upon exercise of an Option to satisfy a Participant's tax withholding requirements, the full number of Shares subject to the Option shall be considered as issued for purposes of determining the number of Shares remaining available for issuance pursuant to Awards granted under the Plan.

5.3. Stock Distributed. Any Stock distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Stock, treasury Stock or Stock purchased on the open market.

5.4. Limitation on Awards. Notwithstanding any provision in the Plan to the contrary (but subject to adjustment as provided in Section 10.1), the maximum number of Shares with respect to one or more Options that may be granted during any one calendar year under the Plan to any one Participant shall not exceed 250,000; provided, however, that in connection with his initial employment with the Company or an Affiliate, a Participant may be granted Options with respect to up to an additional 100,000 Shares, which shall not count against the foregoing annual limit. The maximum fair market value (measured as of the Grant Date) of any Restricted Stock or Restricted Stock Unit Awards that may be received by any one Participant (less any consideration paid by the Participant for such Award) during any one calendar year under the plan shall be \$1,000,000.

ARTICLE 6

Eligibility

6.1. General. Options may be granted only to Eligible Participants; except that Incentive Stock Options may not be granted to Eligible Participants who are not employees of the Company or a Parent or Subsidiary as defined in Section 424(e) and (f) of the Code.

ARTICLE 7

Stock Options

7.1. General. The Committee is authorized to grant Options to Participants on the following terms and conditions:

(a) EXERCISE PRICE. The exercise price per share of Stock under an Option shall be determined by the Committee, provided that the exercise price for any Option shall not be less than the Fair Market Value as of the Grant Date.

(b) TIME AND CONDITIONS OF EXERCISE. The Committee shall determine the time or times at which an Option may be exercised in whole or in part, subject to Section 7.1(d). The Committee shall also determine the performance or other conditions, if any, that must be satisfied before all or part of an Option may be exercised or vested. Subject to Section 9.8, the Committee may waive any exercise or vesting provisions at any time in whole or in part based upon factors as the Committee may determine in its sole discretion so that the Option becomes exercisable or vested at an earlier date. The Committee may permit an arrangement whereby receipt of Stock upon exercise of an Option is delayed until a specified future date.

(c) PAYMENT. The Committee shall determine the methods by which the exercise price of an Option may be paid, the form of payment, including, without limitation, cash, Shares, or other property (including cashless exercise arrangements), and the methods by which Shares shall be delivered or deemed to be delivered to Participants; provided, however, that if Shares are used to pay the exercise price of an Option, such Shares must have been held by the Participant as fully vested shares for such period of time, if any, as necessary to avoid variable accounting for the Option.

(d) EXERCISE TERM. In no event may any Option be exercisable for more than ten years from the Grant Date.

(e) ADDITIONAL OPTIONS UPON EXERCISE. The Committee may, in its sole discretion, provide in an Award Certificate, or in an amendment thereto, for the automatic grant of a new Option to any Participant who delivers Shares as full or partial payment of the exercise price of the original Option. Any new Option granted in such a case (i) shall be for the same number of Shares as the Participant delivered in exercising the original Option, (ii) shall have an exercise price of 100% of the Fair Market Value of the surrendered Shares on the date of exercise of the original

Option (the Grant Date for the new Option), (iii) shall vest six (6) months after the Grant Date of the new Option, and (iv) shall have a term equal to the unexpired term of the original Option.

A-7

7.2. Incentive Stock Options. The terms of any Incentive Stock Options granted under the Plan must comply with the following additional rules:

(a) Lapse of Option. An Incentive Stock Option shall lapse under the earliest of the following circumstances; provided, however, that the Committee may, prior to the lapse of the Incentive Stock Option under the circumstances described in subsections (3), (4), (5) and (6) below, provide in writing that the Option will extend until a later date, but if an Option is exercised after the dates specified in subsections (3) and (4) below, or more than three months after termination of employment for any other reason, it will automatically become a Non-Qualified Stock Option:

(1) The expiration date set forth in the Award Certificate.

(2) The tenth anniversary of the Grant Date.

(3) Three months after termination of the Participant's Continuous Status as a Participant for any reason other than the Participant's Disability, death or termination for Cause.

(4) One year after the termination of the Participant's Continuous Status as a Participant by reason of the Participant's Disability.

(5) One year after the Participant's death occurring during his Continuous Status as a Participant or during the three-month period described in subsection (3) above or the one-year period described in subsection (4) above and before the Option otherwise lapses.

(6) The date of the termination of the Participant's Continuous Status as a Participant if such termination is for Cause.

Unless the exercisability of the Incentive Stock Option is accelerated as provided in Article 9, if a Participant exercises an Option after termination of his Continuous Status as a Participant, the Option may be exercised only with respect to the Shares that were otherwise vested on the date of termination of his Continuous Status as a Participant.

(b) Individual Dollar Limitation. The aggregate Fair Market Value (determined as of the Grant Date) of all Shares with respect to which Incentive Stock Options are first exercisable by a Participant in any calendar year may not exceed \$100,000.00.

(c) Ten Percent Owners. No Incentive Stock Option shall be granted to any individual who, at the Grant Date, owns stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary unless the exercise price per share of such Option is at least 110% of the Fair Market Value per Share at the Grant Date and the Option expires no later than five years after the Grant Date.

(d) Expiration of Authority to Grant Incentive Stock Options. No Incentive Stock Option may be granted pursuant to the Plan after the day immediately prior to the tenth anniversary of the Effective Date.

(e) Right to Exercise. During a Participant's lifetime, an Incentive Stock Option may be exercised only by the Participant or, in the case of the Participant's Disability, by the Participant's guardian or legal representative.

(f) Eligible Recipients. Incentive Stock Options may not be granted to Eligible Participants who are not employees of the Company or a Parent or Subsidiary as defined in Section 424(e) and (f) of the Code.

ARTICLE 8

8.1. Grant of Restricted Stock. The Committee is authorized to make Awards of Restricted Stock or Restricted Stock Units to Participants in such amounts and subject to such terms and conditions as may be selected by the Committee.

A-8

8.2. Issuance and Restrictions. Restricted Stock or Restricted Stock Units shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter. Except as otherwise provided in an Award Certificate, the Participant shall have all of the rights of a shareholder with respect to the Restricted Stock, and the Participant shall have none of the rights of a shareholder with respect to Restricted Stock Units until such time as Shares of Stock are paid in settlement of the Restricted Stock Units.

8.3. Forfeiture. Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of Continuous Status as a Participant during the applicable restriction period or upon failure to satisfy a performance goal during the applicable restriction period, Restricted Stock or Restricted Stock Units that are at that time subject to restrictions shall be forfeited; provided, however, that the Committee may provide in any Award Certificate that restrictions or forfeiture conditions relating to Restricted Stock or Restricted Stock Units will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock or Restricted Stock Units.

8.4. Certificates for Restricted Stock. Shares of Restricted Stock shall be delivered to the Participant at the time of grant either by book-entry registration or by delivering to the Participant, or a custodian or escrow agent (including, without limitation, the Company or one or more of its employees) designated by the Committee, a stock certificate or certificates registered in the name of the Participant. If physical certificates representing shares of Restricted Stock are registered in the name of the Participant, such certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

ARTICLE 9

Provisions Applicable to Awards

9.1. Stand-Alone, Tandem, and Substitute Awards. Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or (subject to Section 11.2(c)) in substitution for, any other Award granted under the Plan. If an Award is granted in substitution for another Award, the Committee may require the surrender of such other Award in consideration of the grant of the new Award. Awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

9.2. Form of Payment for Options. Subject to the terms of the Plan and any applicable law or Award Certificate, payments or transfers to be made by the Company or an Affiliate on the grant or exercise of an Award may be made in such form as the Committee determines at or after the Grant Date, including without limitation, cash, Stock, other Awards, or other property, or any combination, and may be made in a single payment or transfer, in installments, or on a deferred basis, in each case determined in accordance with rules adopted by, and at the discretion of, the Committee.

9.3. Limits on Transfer. No right or interest of a Participant in any unexercised Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or an Affiliate, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or an Affiliate. No unexercised or restricted Award shall be assignable or transferable by a Participant other than to a beneficiary designated as provided in 9.4 or by will or the laws of descent and distribution or, except in the case of an Incentive Stock Option, pursuant to

a domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such Section applied to an Option under the Plan; provided, however, that the Committee may (but need not) permit other transfers where the Committee concludes that such transferability (i) does not result in accelerated taxation, (ii) does not cause any Option intended to be an Incentive Stock Option to fail to be described in Code Section 422(b), and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable Awards.

A-9

9.4. Beneficiaries. Notwithstanding Section 9.3, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Certificate applicable to the Participant, except to the extent the Plan and Award Certificate otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, payment shall be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant at any time provided the change or revocation is filed with the Committee.

9.5. Compliance with Laws. All Stock issuable under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place legends on any stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

9.6. Acceleration Upon Death or Disability. Notwithstanding any other provision in the Plan or any Participant's Award Certificate to the contrary, upon a Participant's death or Disability during his Continuous Status as a Participant, all of such Participant's outstanding Options shall become fully vested and exercisable and all restrictions on the Participant's outstanding Restricted Stock Awards shall lapse. Any Option shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Certificate. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(b), the excess Options shall be deemed to be Non-Qualified Stock Options.

9.7. Acceleration Upon a Change in Control. Except as otherwise provided in the Award Certificate, all of a Participant's outstanding Options shall become fully vested and exercisable and all restrictions on the Participant's outstanding Restricted Stock Awards shall lapse if the Participant's employment is terminated without Cause or the Participant resigns for Good Reason within two years after the effective date of a Change of Control. Any Options shall thereafter continue or lapse in accordance with the other provisions of the Plan and the applicable Award Certificates.

9.8. Acceleration for Other Reasons. Regardless of whether an event has occurred as described in Section 9.6 or 9.7 above, the Committee may in its sole discretion at any time determine that, upon the termination of employment or service of a Participant, all or a portion of such Participant's Options shall become fully or partially exercisable and/or that all or a part of the restrictions on all or a portion of the Participant's Restricted Stock Awards shall lapse, in each case, as of such date as the Committee may, in its sole discretion, declare. The Committee may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 9.8.

9.9. Effect of Acceleration. If an Award is accelerated under Section 9.6, 9.7 or 9.8, the Committee may, in its sole discretion, provide (i) that the Award will expire after a designated period of time after such acceleration to the extent not then exercised, (ii) that the Award will be settled in cash rather than Stock, (iii) that the Award will be assumed by another party to a transaction giving rise to the acceleration or otherwise be equitably converted or substituted in connection with such transaction, (iv) that the Award may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Stock, as of a specified date associated with the transaction, over the exercise price of the Award, or (v) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated. To the extent that such acceleration causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(b), the excess Options shall be deemed to be Non-Qualified Stock Options.

9.10. Qualified Performance-Based Awards.

(a) The provisions of the Plan are intended to ensure that all Options granted hereunder to any Covered Employee qualify for the Section 162(m) Exemption.

(b) When granting any Restricted Stock Award, the Committee may designate such Award as a Qualified Performance-Based Award, based upon a determination that the recipient is or may be a Covered Employee with

A-10

respect to such Award, and the Committee wishes such Award to qualify for the Section 162(m) Exemption. If an Award is so designated, the Committee shall establish performance goals for such Award within the time period prescribed by Section 162(m) of the Code based on one or more of the following Qualified Performance Criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of an Affiliate or a division, region, department or function within the Company or an Affiliate: (1) earnings per share, (2) EBITDA (earnings before interest, taxes, depreciation and amortization), (3) EBIT (earnings before interest and taxes), (4) economic profit, (5) cash flow, (6) sales growth, (7) net profit before tax, (8) gross profit, (9) operating income or profit, (10) return on equity, (11) return on assets, (12) return on capital, (13) changes in working capital, or (14) shareholder return.

(c) Each Qualified Performance-Based Award (other than an Option) shall be earned, vested and payable (as applicable) only upon the achievement of performance goals established by the Committee based upon one or more of the Qualified Performance Criteria, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate; provided, however, that the Committee may provide, either in connection with the grant thereof or by amendment thereafter, that achievement of such performance goals will be waived upon the death or Disability of the Participant, or upon termination of the Participant's employment without Cause or for Good Reason within 12 months after the effective date of a Change in Control.

(d) Any payment of a Qualified Performance-Based Award granted with performance goals pursuant to subsection (c) above shall be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied. Except as specifically provided in subsection (c), no Qualified Performance-Based Award may be amended, nor may the Committee exercise any discretionary authority it may otherwise have under the Plan with respect to a Qualified Performance-Based Award under the Plan, in any manner to waive the achievement of the applicable performance goal based on Qualified Performance Criteria or to increase the amount payable pursuant thereto or the value thereof, or otherwise in a manner that would cause the Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption.

(e) Section 5.4 sets forth the maximum number of Shares or dollar value that may be granted in any one-year period to a Participant.

9.11. Determination of Employment Status. Whether military, government or other service or other leave of absence shall constitute a termination of employment shall be determined in each case by the Committee at its discretion, and any determination by the Committee shall be final and conclusive. A Participant's Continuous Status as a Participant shall not be deemed to terminate (i) in a circumstance in which a Participant transfers from the Company to an Affiliate, transfers from an Affiliate to the Company, or transfers from one Affiliate to another Affiliate, or (ii) in the discretion of the Committee as specified at or prior to such occurrence, in the case of a spin-off, sale or disposition of the Participant's employer from the Company or any Affiliate. To the extent that this provision causes Incentive Stock Options to extend beyond three months from the date a Participant is deemed to be an employee of the Company, a Parent or Subsidiary for purposes of Sections 424(e) and 424(f) of the Code, the Options held by such Participant shall be deemed to be Non-Qualified Stock Options.

ARTICLE 10

Changes in Capital Structure

10.1. General. In the event of a corporate event or transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the authorization limits under Section 5.1 and 5.4 shall be adjusted proportionately, and the Committee may adjust Awards to preserve the benefits or potential benefits of the

Awards. Action by the Committee may include: (i) adjustment of the number and kind of shares which may be delivered under the Plan; (ii) adjustment of the number and kind of shares subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards; and (iv) any other adjustments that the Committee determines to be equitable. In addition, the Committee may, in its sole discretion, provide (i) that

A-11

Awards will be settled in cash rather than Stock, (ii) that Awards will become immediately vested and exercisable and will expire after a designated period of time to the extent not then exercised, (iii) that Awards will be assumed by another party to a transaction or otherwise be equitably converted or substituted in connection with such transaction, (iv) that outstanding Awards may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Stock, as of a specified date associated with the transaction, over the exercise price of the Award, or (v) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated. Without limiting the foregoing, in the event of a subdivision of the outstanding Stock (stock-split), a declaration of a dividend payable in shares of Stock, or a combination or consolidation of the outstanding Stock into a lesser number of shares, the authorization limits under Section 5.1 and 5.4 shall automatically be adjusted proportionately, and the Shares then subject to each Award shall automatically be adjusted proportionately without any change in the aggregate purchase price therefore.

ARTICLE 11

Amendment, Modification and Termination

11.1. Amendment, Modification and Termination. The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan without shareholder approval; provided, however, that that if an amendment to the Plan would, in the reasonable opinion of the Board or the Committee, either (i) materially increase the benefits accruing to Participants, (ii) materially increase the number of Shares issuable under the Plan, (iii) expand the types of awards provided under the Plan, (iv) materially expand the class of participants eligible to participate in the Plan, (v) materially extend the term of the Plan, or (vi) otherwise constitute a material amendment requiring shareholder approval under applicable laws, policies or regulations or the applicable listing or other requirements of an Exchange, then such amendment shall be subject to shareholder approval; and provided, further, that the Board or Committee may condition any amendment or modification on the approval of shareholders of the Company if such approval is necessary or deemed advisable to (i) permit Awards made hereunder to be exempt from liability under Section 16(b) of the 1934 Act, (ii) to comply with the listing or other requirements of an Exchange, or (iii) to satisfy any other tax, securities or other applicable laws, policies or regulations.

11.2. Awards Previously Granted. At any time and from time to time, the Committee may, without additional consideration, amend, modify or terminate any outstanding Award without approval of the Participant; provided, however:

- (a) Subject to the terms of the applicable Award Certificate, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been exercised or cashed in at the spread value as of the date of such amendment or termination;
- (b) The original term of an Award may not be extended without the prior approval of the shareholders of the Company;
- (c) Except as otherwise provided in Article 9, the exercise price of an Award may not be reduced, directly or indirectly, without the prior approval of the shareholders of the Company; and
- (d) No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the Participant affected thereby.

ARTICLE 12

General Provisions

12.1. *No Rights to Awards; Non-Uniform Determinations.* No Participant or any Eligible Participant shall have any claim to be granted any Award under the Plan. Neither the Company, its Affiliates nor the Committee is obligated to treat Participants or Eligible Participants uniformly, and determinations made under the Plan may be made by the Committee selectively among Eligible Participants who receive, or are eligible to receive, Awards (whether or not such Eligible Participants are similarly situated).

A-12

12.2. No Shareholder Rights. No Award gives a Participant any of the rights of a shareholder of the Company unless and until Shares are in fact issued to such person in connection with such Award.

12.3. Withholding. The Company or any Affiliate shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the Plan. If Shares are surrendered to the Company to satisfy withholding obligations in excess of the minimum withholding obligation, such Shares must have been held by the Participant as fully vested shares for such period of time, if any, as necessary to avoid variable accounting for the Award. With respect to withholding required upon any taxable event under the Plan, the Committee may, at the time the Award is granted or thereafter, require or permit that any such withholding requirement be satisfied, in whole or in part, by withholding from the Award Shares having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes.

12.4. No Right to Continued Service. Nothing in the Plan, any Award Certificate or any other document or statement made with respect to the Plan, shall interfere with or limit in any way the right of the Company or any Affiliate to terminate any Participant's employment or status as an officer, director consultant or advisor at any time, nor confer upon any Participant any right to continue as an employee, officer, director, consultant or advisor of the Company or any Affiliate, whether for the duration of a Participant's Award or otherwise.

12.5. Unfunded Status of Awards. The Plan is intended to be an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Certificate shall give the Participant any rights that are greater than those of a general creditor of the Company or any Affiliate.

12.6. Indemnification. To the extent allowable under applicable law, each member of the Committee shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense (including, but not limited to, attorneys fees) that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit, or proceeding to which such member may be a party or in which he may be involved by reason of any action or failure to act under the Plan and against and from any and all amounts paid by such member in satisfaction of judgment in such action, suit, or proceeding against him provided he gives the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

12.7. Relationship to Other Benefits. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Affiliate unless provided otherwise in such other plan.

12.8. Expenses. The expenses of administering the Plan shall be borne by the Company or its Affiliates.

12.9. Titles and Headings. The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

12.10. Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

12.11. Fractional Shares. No fractional Shares shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional shares or whether such fractional shares shall be eliminated by rounding up or down.

12.12. Government and Other Regulations.

(a) Notwithstanding any other provision of the Plan, no Participant who acquires Shares pursuant to the Plan may, during any period of time that such Participant is an affiliate of the Company (within the meaning of the rules and regulations of the Securities and Exchange Commission under the 1933 Act), sell such Shares, unless such offer

A-13

and sale is made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be sold, or (ii) pursuant to an appropriate exemption from the registration requirement of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

(b) Notwithstanding any other provision of the Plan, if at any time the Committee shall determine that the registration, listing or qualification of the Shares covered by an Award upon any Exchange or under any foreign, federal, state or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Award or the purchase or receipt of Shares thereunder, no Shares may be purchased, delivered or received pursuant to such Award unless and until such registration, listing, qualification, consent or approval shall have been effected or obtained free of any condition not acceptable to the Committee. Any Participant receiving or purchasing Shares pursuant to an Award shall make such representations and agreements and furnish such information as the Committee may request to assure compliance with the foregoing or any other applicable legal requirements. The Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Committee's determination that all related requirements have been fulfilled. The Company shall in no event be obligated to register any securities pursuant to the 1933 Act or applicable state or foreign law or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation or requirement.

12.13. Governing Law. To the extent not governed by federal law, the Plan and all Award Certificates shall be construed in accordance with and governed by the laws of the State of Georgia.

12.14. Additional Provisions. Each Award Certificate may contain such other terms and conditions as the Committee may determine; provided that such other terms and conditions are not inconsistent with the provisions of the Plan.

12.15. No Limitations on Rights of Company. The grant of any Award shall not in any way affect the right to power of the Company to make adjustments, reclassification or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell or transfer all or any part of its business or assets. The Plan shall not restrict the authority of the Company, for proper corporate purposes, to grant or assume Awards, other than under the Plan, to or with respect to any person. If the Committee so directs, the Company may issue or transfer Shares to an Affiliate, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Affiliate will transfer such Shares to a Participant in accordance with the terms of an Award granted to such Participant and specified by the Committee pursuant to the provisions of the Plan.
