**2008 ANNUAL MEETING OF SHAREHOLDERS
April 29, 2008**

General

This document is being furnished to Green Bankshares, Inc. (the "Company") shareholders in connection with the solicitation of proxies by the Company's board of directors to be used at the 2008 Annual Meeting of Shareholders of the Company (the "Annual Meeting"), to be held on April 29, 2008, at 11:00 a.m., local time, at General Morgan Inn, 111 North Main Street, Greeneville, Tennessee 37743. The accompanying Notice of Annual Meeting and form of proxy and this Proxy Statement are first being mailed to shareholders on or about April 3, 2008.

The Company's board of directors has fixed the close of business on March 28, 2008, as the record date for determining the holders of shares of the Company's common stock entitled to receive notice of and to vote at the Annual Meeting. Only holders of record of shares of the Company's common stock at the close of business on that date will be entitled to vote at the Annual Meeting and at any adjournment or postponement of that meeting. At the close of business on the record date, there were 13,000,987 shares of the Company's common stock outstanding, held by approximately 2,900 holders of record. Each Company shareholder will be entitled to one vote for each share held of record upon each matter properly submitted at the Annual Meeting and at any adjournment or postponement of that meeting.

Matters to be Considered

At this Annual Meeting, holders of the Company's common stock will be asked to:

elect four persons to serve as directors of the Company, each for a three-year term, those persons to serve until the end of their respective terms and until their respective successors are duly elected and qualified; and

consider and vote upon a proposal to ratify the appointment of Dixon Hughes PLLC as the Company's independent registered public accounting firm for 2008; and

to transact such other business as may properly come before the Annual Meeting or any adjournments thereof.

Proxies

Each copy of this document mailed to Company shareholders is accompanied by a proxy card with instructions for voting by mail, by telephone or through the Internet. If voting by mail, you should complete and return the proxy card accompanying this document to ensure that your vote is counted at the Company's annual meeting, or at any adjournment or postponement of the Company's annual meeting, regardless of whether you plan to attend the Company's annual meeting. You may also vote your shares by telephone or through the Internet. Information and applicable deadlines for voting by telephone or through the Internet are set forth in the enclosed proxy card instructions.

Table of Contents

The presence of a shareholder at the Annual Meeting will not automatically revoke that shareholder's proxy. However, a shareholder may revoke a proxy at any time prior to its exercise by:

submitting a written revocation prior to the meeting to Phil M. Bachman, Corporate Secretary, Green Bankshares, Inc., 100 North Main Street, Greeneville, Tennessee 37743-4992;

submitting another proxy by mail, internet or telephone that is dated later than the original proxy; or

attending the annual meeting and voting in person.

If your shares are held by a broker or bank, you must follow the instructions on the form you receive from your broker or bank with respect to changing or revoking your proxy.

The shares represented by any proxy card that is properly executed and received by the Company in time to be voted at the Annual Meeting will be voted in accordance with the instructions that are marked on the proxy card. **If you execute your proxy but do not provide the Company with any instructions, your shares will be voted FOR the election of the nominees as directors of the Company and FOR all other matters described in the notice of the annual meeting.**

Proxies that are returned to us where brokers have received instructions to vote on one or more proposals but do not vote on other proposal(s) are referred to as broker non-votes with respect to the proposal(s) not voted upon. Broker non-votes are included in determining the presence of a quorum.

Vote Required

In order to have a lawful meeting, a quorum of shareholders must be present at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of the Company's common stock outstanding as of the record date will constitute a quorum at the meeting. A shareholder will be deemed to be present if the shareholder either attends the meeting or submits a properly executed proxy card that is received at or prior to the meeting (and not revoked). Under the law of Tennessee, the Company's state of incorporation, abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum, but are not counted as votes cast at the meeting. Broker non-votes occur when brokers who hold their customers' shares in street name submit proxies for such shares on some matters, but not others. Generally, this would occur when brokers have not received any instructions from their customers. In these cases, the brokers, as the holders of record, are permitted to vote on routine matters, which typically include the election of directors, but not on non-routine matters such as approval of a merger agreement.

The affirmative vote of a plurality of the votes cast by the shareholders entitled to vote at the Annual Meeting is required for the election of directors. A properly executed proxy marked **Withhold Authority** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted in determining whether there is a quorum. Therefore, so long as a quorum is present, withholding authority will have no effect on whether one or more directors is elected.

If a quorum exists, approval of the ratification of the appointment of Dixon-Hughes as the Company's independent registered public accounting firm for 2008 requires that the number of votes cast, in person or by proxy, at the Company's Annual Meeting in favor of the proposal exceed the number of votes cast, in person or by proxy, against the proposal. Abstentions and broker non-votes are not counted as votes cast and thus have no impact on the proposal to approve ratification of the appointment of Dixon-Hughes as the Company's independent registered public accounting firm for 2008 because the vote required to approve this proposal is not based upon the Company's outstanding shares, but only on those shares present and voting.

Solicitation of Proxies

In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies for the Annual Meeting from Company shareholders personally or by telephone and other electronic means without additional remuneration for soliciting such proxies. We also will provide persons, firms, banks and corporations holding shares in their names or in the names of nominees, which in either case are beneficially owned by others, proxy material for transmittal to such beneficial owners and will reimburse such record owners for their expenses in taking such actions.

PROPOSAL 1 Election of Directors

The Company's Board of Directors is currently composed of 15 members. The Company's Amended and Restated Charter requires that directors be divided into three classes, as nearly equal in number as possible, and that the members of each class serve for a term of three years and until their successors are elected and qualified, with one-third of the directors elected each year. The Company's nominating committee has nominated for election as directors Bruce Campbell, Samuel E. Lynch, R. Stan Puckett and John Tolsma, each of whom is currently a member of the Board of Directors, to serve for a term of three years and until his respective successor is duly elected and qualified. Under Tennessee law, directors are elected by a plurality of the votes cast at an election. Each of Messrs. Campbell, Lynch, Puckett and Tolsma has consented to serve as a director if elected. Phil Bachman, Charlie S. Brooks, Jerald K. Jaynes and Terry Leonard have each reached the mandatory retirement age, as defined in the Company's by-laws, and will be retiring from service as a Director effective April 28, 2008. Upon their retirement, the size of the Company's Board of Directors will be reduced to 11 members.

It is intended that the persons named in the proxies solicited by the Board of Directors will vote for the election of each of the nominees. If any nominee is unable to serve or for good cause will not serve, the shares represented by all properly executed proxies which have not been revoked will be voted for the election of a substitute nominee as the Board of Directors may recommend. In the alternative, the Board of Directors may, in its discretion, reduce its size to eliminate the vacancy. At this time, the Board of Directors knows of no reason why any nominee might be unable or unwilling to serve.

The Company's Board of Directors has determined that each of the following directors is an independent director within the meaning of Marketplace Rule 4200(a)(15) of the National Association of Securities Dealers, Inc. (the NASD):

Martha M. Bachman;
Phil M. Bachman;
Charles S. Brooks;
Bruce Campbell;
W.T. Daniels;
Robin Haynes;
Jerald K. Jaynes;
Robert K. Leonard;
Terry Leonard;
Samuel E. Lynch;
John Tolsma; and
Charles H. Whitfield, Jr.

When making its determination with respect to the independence of Mr. and Mrs. Bachman and Mr. Brooks, the Board of Directors considered the interest of Mr. and Mrs. Bachman and Mr. Brooks in the transactions described below under the caption "Certain Transactions".

The Company's Board of Directors has established procedures for the Company's shareholders to communicate with members of the Board of Directors. Shareholders can communicate with any of the Company's directors, including the chairperson of any of the committees of the Board of Directors, by writing to a director c/o Green Bankshares, Inc., 100 North Main Street, P.O. Box 1120, Greeneville, Tennessee 37743.

The Company encourages the members of the Board of Directors to attend the Company's annual meeting of shareholders. All of the Company's directors attended the 2007 Annual Meeting of Shareholders.

CORPORATE GOVERNANCE

Meetings and Committees of the Board of Directors

The Company conducts its business through meetings of the board of directors, which met 15 times during 2007. Directors of the Company also are directors of the Bank, the board of which met 12 times in 2007. Each member of the board of directors of the Company and of the Bank attended at least 75% or more of the aggregate of (a) the total number of meetings of the boards of directors and (b) the total number of meetings held by all committees on which they served.

The Nominating/Governance Committee of the Company, consisting of Terry Leonard, Phil Bachman, Bruce Campbell, Robin Haynes, Robert K. Leonard, Martha Bachman and Samuel E. Lynch, with Terry Leonard serving as Chairman, is responsible for selecting nominees for election as directors. Nominations may also be made by shareholders, provided such nominations are made in writing and submitted to the Secretary or the President of the Company in accordance with the Company's Amended and Restated Charter as described below. Effective April 28, 2008, Mr. Terry Leonard and Mr. Phil Bachman will be retiring from the Board and this committee. Upon Mr. Leonard's retirement, Mr. Bruce Campbell will become the Chairman of this committee. The Nominating/Governance Committee has a written charter which sets out the duties and responsibilities of the committee, a copy of which is available on the Investor Relations section of the Company's website at www.greenbankusa.com. Each of the directors who serve on the Nominating Committee is independent as that term is defined under Rule 4200(a)(15) of the listing standards of the NASD. During 2007, the Nominating Committee met three times.

Under the terms of the Company's Amended and Restated Charter, shareholders of record of the Company both at the time of giving of notice and at the time of the annual meeting, may nominate persons for election to the Company's board of directors. For such nominations to be properly brought before an annual meeting, the shareholder must have given timely notice thereof in writing to the secretary of the Company. To be timely, a shareholder's notice shall be delivered to the secretary at the Company's principal executive office no less than 40 days nor more than 60 days prior to the scheduled date of such meeting; except that if notice of public disclosure of the meeting is given fewer than 50 days prior to the meeting, such shareholder's notice must be delivered to the secretary of the Company not later than the close of business on the 10th day following the day such notice was first mailed to the Company shareholders. In addition, each notice submitted by a Company shareholder shall set forth as to such nominee all information relating to that person that is required to be disclosed in solicitations of proxies for election of directors, or as otherwise required, in each case pursuant to Regulation 14A of the Securities Exchange Act of 1934 (Exchange Act), including that nominee's written consent to be named in the proxy statement as a nominee and to serving as a director if elected. Also, the shareholder giving such notice and the beneficial owner, if any, on whose behalf the nomination is submitted, shall include the name and address of such shareholder as they appear on the Company's books and of such beneficial owner, and the number of shares of each class of the Company's stock which are owned beneficially and of record by such shareholder and such beneficial owner.

In the event that the number of directors to be elected to the board of directors at an annual meeting is increased and there is no public announcement by the Company naming all of the nominees for director or specifying the size of the increased board of directors at least 70 days prior to the first anniversary of the prior year's annual meeting, a shareholder's notice required by the Company's Amended and Restated Charter shall also be considered timely with respect to nominees for any such new positions, if it shall be delivered to the Secretary of the Company at the Company's principal executive offices not later than the close of business on the 10th day following the day on which public announcement of such increase is first made by the Company.

The Company's Nominating/Governance Committee is responsible for (i) annually reviewing with the board of directors the appropriate skills and characteristics required of members of the board of directors, which, at a minimum, include professional integrity, sound judgment, and sufficient time to devote to board activities; (ii) annually reviewing and determining any specific qualities or skills that one or more directors must possess; (iii) identifying individuals qualified to become directors consistent with the criteria approved by the board of

directors; (iv) evaluating and considering director candidates proposed by management, any director or any shareholder; and (v) recommending for selection by the board of directors director nominees for the next annual meeting of shareholders. The board of directors will then review and approve director nominees for the annual meeting of shareholders.

Table of Contents

Each potential director nominee is evaluated on the same basis regardless of whether he or she is recommended by management, by a director or by a shareholder. The board of directors has not adopted a policy with respect to minimum qualifications for directors. Rather, the Nominating/Governance Committee annually reviews and determines the specific qualifications and skills that one or more directors must possess. Each of the nominees for director to be elected at the Annual Meeting was nominated and recommended by the Nominating/Governance Committee and approved by the board of directors. The Company has not received director nominee recommendations from any shareholders for the terms commencing in 2008 and expiring in 2011. The board of directors will consider nominees recommended by shareholders under the same criteria as nominees submitted by other parties, provided that such recommendations comply with the notice, timing and other requirements provided for in the Company's Amended and Restated Charter.

The Audit Committee of the Bank also serves as the Audit Committee for the Company and is a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee of the Bank consists of Messrs. Robert K. Leonard, Samuel E. Lynch, Jerald Jaynes, Terry Leonard, John Tolsma and Charles Whitfield, Jr. Each of the directors who serves on the Audit Committee is independent of the Company, as the term independent is defined under Rule 4200(a)(15) of the listing standards of the NASD and the standards promulgated under the Sarbanes-Oxley Act of 2002. Mr. Robert Leonard served as the Chairman of the Audit Committee, and the Company's board of directors has determined that he qualifies as an audit committee financial expert as such term is defined by the SEC's rules and regulations, and is independent, as defined by the NASD's listing standards and the SEC's rules and regulations. Effective April 28, 2008, Mr. Terry Leonard and Mr. Jerald Jaynes will be retiring from the Board and the audit committee. This committee meets at least quarterly to (1) monitor the accounting and financial reporting practices of the Company, and (2) determine whether the Company has adequate administrative, operating and internal accounting control over financial reporting. This committee met six times during 2007 in its capacity as the Audit Committee for the Company. A copy of the Audit Committee Report is set forth below. The Audit Committee has a written charter which sets out the duties and responsibilities of the Audit Committee, a copy of which is available on the Investor Relations section of the Company's website at www.greenbankusa.com.

The Bank's Compensation Committee also serves as the compensation committee for the Company. The Compensation Committee consists of Messrs. Phil Bachman, Martha Bachman, Terry Leonard, W.T. Daniels, Charles Brooks, Bruce Campbell, John Tolsma and Charles Whitfield, Jr., with Mr. Terry Leonard serving as Chairman. Mr. John Tolsma will serve as Chairman of this committee upon the retirement of Terry Leonard on April 28, 2008. Additionally, on April 28, 2008, Mr. Phil Bachman and Mr. Charles Brooks will be retiring from the Board and the compensation committee. Each member of the Compensation Committee is independent within the meaning of the NASD's listing standards. The Compensation Committee meets periodically to evaluate the compensation and fringe benefits of the directors, officers and employees of the Bank and the Company and recommend compensation changes to the respective boards of directors. The Compensation Committee met two times during 2007. The Compensation Committee has a written charter which sets out the duties and responsibilities of the Compensation Committee, a copy of which is available on the Investor Relations section of the Company's website at www.greenbankusa.com.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during 2007 consisted of Messrs. Terry Leonard, Phil Bachman, Charlie Brooks, W.T. Daniels, Bruce Campbell, John Tolsma and Martha Bachman.

Except for Mr. Bachman, who serves as the Secretary of the Company and the Bank, for which he receives no compensation, no member of the Compensation Committee of the board of directors of the Company was either (i) an officer or employee of the Company or any of its subsidiaries during the fiscal year ended December 31, 2007, (ii) a former officer of the Company or any of its subsidiaries, or (iii) an insider (i.e., director, officer, director or officer nominee, greater than 5% shareholder, or immediate family member of the foregoing) of the Company or any of its subsidiaries that engaged, or is currently engaging, in transactions with the Company or any subsidiary of the Company that must be disclosed in this proxy statement under the rules and regulations of the SEC.

Table of Contents

Except as set forth above, there are no relationships among the Company's executive officers, members of its Compensation Committee or entities whose executives serve on the board of directors or the Compensation Committee that require disclosure under applicable SEC rules or regulations.

Certain Transactions

The Company and its subsidiaries have had, and expect to have in the future, transactions in the ordinary course of business with directors and executive officers and members of their immediate families, as well as with principal shareholders. All loans and deposits included in such transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, in the case of loans, as those prevailing for comparable transactions with non-affiliated persons. It is the belief of management that such loans neither involved more than the normal risk of collectability nor presented other unfavorable features.

The Company purchases insurance coverage from McInturff, Milligan and Brooks of which Mr. Brooks is Chairman of the Board and the owner of 25% of the equity interest. During 2007, commissions totaling \$128,886 were paid by the Company to McInturff, Milligan and Brooks. Management believes the fees paid are fair and reasonable and do not exceed those commissions that would be paid to an unaffiliated third-party firm. The Company expects to continue such relationships in the future.

The Company offers insurance products (accident and health, term life, and credit life) to its loan customers through Mountain Life Insurance Company, a subsidiary of Mountain Services Corporation, of which Mr. Bachman has a 12.46% ownership interest and also sits on the board of directors. During 2007, the Company forwarded \$277,989 in premiums to Mountain Life Insurance Company. These premiums are net of the Company's customary rebate incurred in the normal course of business. Management believes these insurance products offered to its customers are competitive with similar products offered by other insurance companies.

Review, Approval or Ratification of Transactions with Related Persons

The Company has followed the practice of having the full board of directors or a committee of disinterested directors review and approve transactions in which a director has a material interest. The Company has adopted a written Related Party Transactions Review and Approval Policy, which is administered by the board of directors. The Policy covers related party transactions, including any financial transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships, either currently proposed or since the beginning of the last fiscal year in which the Company was or is to be a participant, involves an amount exceeding \$120,000 and in which a director, nominee for director, executive officer or immediate family member of such person has or will have a direct or indirect material interest. The board of directors determines whether or not related party transactions are fair and reasonable to the Company. The board of directors also determines whether any related party transaction in which a director has an interest impairs the director's independence. Approved related party transactions are subject to on-going review by the Company's management on at least an annual basis. Loans to directors and executive officers and their related interests made and approved pursuant to the terms of Federal Reserve Board Regulation O are deemed approved under this policy. Any such loans that become subject to specific disclosure in the Company's annual proxy statement will be reviewed by the Audit Committee at that time.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater-than-10% shareholders are required to furnish the Company with copies of all such reports. Based solely on its review of copies of such reports received by it, or written representations from certain reporting persons that no annual report of change in beneficial ownership is required, the Company believes that, during and with respect to the year ended December 31, 2007, all such filing requirements were timely satisfied except for a late Form 4 filing each for Mr. Jerald Jaynes and Mr. Frank Snyder.

Audit Committee Report

The following Audit Committee Report shall not be deemed filed or incorporated by reference into any other document, including the Company's filings under the Securities Act of 1933 or the Exchange Act, except to the extent the Company specifically incorporates this Report into any such filing by reference.

The board of directors of the Company has appointed an Audit Committee, consisting of six independent directors, which assists the board of directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the Company's independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and the Company that might bear on the independent registered public accounting firm's independence consistent with Independence Standards Board Standard No. 1, (*Independence Discussions with Audit Committees*), as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and those independent standards promulgated by the Securities and Exchange Commission pursuant to the Sarbanes-Oxley Act of 2002, and has discussed with the independent registered public accounting firm any relationships that may impact their objectivity and independence and satisfied itself as to the independent registered public accounting firm's independence. COMPENSATION DISCUSSION and ANALYSIS

Introduction

The Compensation Committee of the Company's board, which also serves as the Compensation Committee of the Bank, is presently comprised of eight members of the board of directors and is responsible for developing and making recommendations to the full board of directors concerning compensation paid to the Chief Executive Officer and the President and Chief Operating Officer. Additionally, after considering the recommendations of the Chief Executive Officer, the Compensation Committee will recommend to the full board of directors compensation for other named executive officers. The Compensation Committee is further responsible for administering all aspects of the Company's executive compensation program.

The Compensation Committee utilizes the services of Clark Consulting in the development and design of the overall executive compensation program. Each member of the Compensation Committee is independent within the meaning of the NASD's listing standards and is appointed annually. Members of the Compensation Committee consist of Messrs. Phil Bachman, Martha Bachman, Terry Leonard, W.T. Daniels, Charles Brooks, Bruce Campbell, John Tolsma and Charles Whitfield, Jr., with Mr. Terry Leonard serving as Chairman. Mr. John Tolsma will serve as Chairman of this committee upon the retirement of Terry Leonard on April 28, 2008. Additionally, on April 28, 2008, Mr. Phil Bachman and Mr. Charles Brooks will be retiring from the Board and the compensation committee. The Compensation Committee meets periodically to evaluate the compensation and fringe benefits of the directors, officers and employees of the Bank and the Company and recommend compensation changes to the respective boards of directors. The Compensation Committee met two times during 2007. The

Table of Contents

Compensation Committee has a written charter which sets out the duties and responsibilities of the Compensation Committee, a copy of which is available on the Investor Relations section of the Company's website at www.greenbankusa.com.

The Compensation Committee independently determines the compensation mix and total compensation level of the Chief Executive Officer and the President and Chief Operating Officer of the Company based upon input received from Clark Consulting. The Chief Executive Officer and the President and Chief Operating Officer provide recommendations to the Compensation Committee for the mix and total compensation level of each of the named executive officers reporting to them. The Compensation Committee, with the assistance of its compensation consultant and based upon data from the peer group (discussed below), independently reviews these recommendations and either approves or modifies them prior to recommending them to the full board of directors.

Executive Compensation Philosophy

The Company seeks to provide an executive compensation package that is driven by overall financial performance, increase in shareholder value, success of the business unit directly impacted by the executive's performance and the performance of the individual executive. Executive compensation is intended to be set at levels that the Compensation Committee, based upon information provided by the consultant, believes is consistent with a peer group of banks independently selected by the consultant and approved by the Compensation Committee.

For 2006 the peer group of banks consisted of banks in the \$1.7 billion asset size category similar to the Company with similar performance characteristics. The peer group of banks were: Community Trust Bancorp, Inc., Republic Bancorp Inc. First Financial Holdings, Inc., Main Street Banks, Inc., Bank of the Ozarks, Inc., First Community Bancshares, Inc., First Bancorp, SCBT Financial Corp., GB&T Bancshares, Inc., Coastal Financial Corp., S.Y. Bancorp. Inc., Bank of Granite Corp., FNB Corp., ABC Bancorp, Secutoity Bank Corp., Southern Community Financial Corp., FNB Financial Services Corp., Yadkin Valley Bank and Trust Company, PAB Bankshares, Inc., Pinnacle Financial Partners, Inc.

As a result of the acquisition of Civitas BankGroup in May 2007 the asset size of the Company increased to \$2.9 billion and, accordingly, the peer group of banks has changed. The peer group of banks now consists of 5 publicly traded financial institutions of comparable asset size and performance characteristics located primarily in the Southeast. Management is not involved in this selection process. The new peer group banks consist of: Capital City Bank Group, Inc, First Bancorp, Pinnacle Financial Partners, Inc., Renasant Corporation and SCBT Financial Corporation.

Objectives of Executive Compensation

The objectives of the Company's executive compensation program are to attract and retain quality executive leadership and to enhance the individual executive's performance. This is accomplished through the alignment of incentives with each business unit most directly impacted by the executive's leadership and performance with the key objectives to increase shareholder value and improve overall performance.

The Compensation Committee bases its executive compensation program on the same objectives that guide the Company in establishing all of its compensation programs. Compensation is based upon the level of job responsibility, individual performance and company performance. As employees progress to higher levels of responsibility in the organization, an increasing proportion of their pay should be linked to company performance and shareholder returns, because they are more able to affect company results. Additionally, compensation should reflect the value of the job in the marketplace. To attract and retain a highly skilled workforce the Company must remain competitive with the pay of other employers who compete with us for talent. Compensation programs must deliver top-tier compensation given top-tier individual and company performance. Where individual performance falls short of expectations and/or company performance lags the industry, the programs should deliver lower-tier compensation. In addition, the objectives of pay for performance and retention must be balanced. Even in periods of temporary downturns in company performance, the programs should continue to ensure that successful, high-achieving employees will remain motivated and committed to the Company.

Table of Contents

The committee strives to meet these objectives while maintaining market competitive pay levels and ensuring that we make efficient use of shares and have predictable expense recognition.

Competitive Positioning

In conjunction with the outside consultant, a customized peer group of Banks, identified above, reflecting the Company's higher asset size level achieved in 2007, was developed in order to benchmark both director and the top two executive officer compensation packages. The peer group was based upon a number of factors including company focus, growth and earnings, asset size and outside investment analyst reviews. A proxy analysis was performed comparing directors' and the top two executive officers' overall compensation to the peer group. Based upon the review of market data by the consultants, the Company set annual incentive and equity award levels for the Chief Executive Officer and the President and Chief Operating Officer which would ensure market competitive pay at the 50th percentile when performance goals are met and at the 75th percentile when performance goals are exceeded. Additionally the Compensation Committee established benchmarks associated with the Bank maintaining a top rating from its primary Bank Regulator. For 2007, the Compensation Committee set target base compensation increases in the range of 3% to 5% and target cash incentive compensation levels in the range of 40% to 60% of base compensation based upon corporate performance goals relative to peers. The performance goals established include: return on average assets, net interest margin, year-over-year core earnings per share growth, return on average stockholders' equity, three year asset growth rate, the three year total return (defined as the percentage change over three years on a dollar investment in the company's common stock at the beginning of the period), and the efficiency ratio, all equally weighted. As a result of earnings performance achieved in 2006, Mr. Puckett received an increase in base compensation in January 2007, of 5.0% and Mr. Vaught received an increase in base compensation in January 2007, of 5.3%.

Based upon the previously identified earnings performance goals of the Company compared with the new peer group of banks in 2007, Mr. Puckett was awarded a cash bonus equal to 39.1% of his adjusted base compensation, a decrease of 27.2% from the prior year, and Mr. Vaught received a cash bonus equal to 38.9% of his adjusted base compensation, a decrease of 27.7% from the prior year.

More specifically, the Company attempts to position the compensation of its senior executives as follows:

Base salaries for executives generally are targeted between the market 40th and 50th percentile.

The annual incentive plan will provide cash compensation at the market 50th percentile when target goals are achieved and between the 60th and 75th percentile, if annual goals are exceeded. No bonuses will be paid if annual performance goals are not met. Based upon the Company's performance, relative to the 2007 peer group of historically high performing banks, the annual incentive payouts made in January 2008 for 2007 performance were reduced from 2006 levels.

Performance-based long term incentives will provide equity compensation at the market 50th percentile when target goals are met, with the potential for awards between the 60th and 75th percentile when long term goals are exceeded. No equity awards will be made if long term performance goals are not met. Vesting periods of five years have been selected based upon the preponderance of proxy data reviewed for the peer group companies. Base salaries for other named executive officers are determined initially by evaluating the responsibilities of the positions held, and by reference to the competitive marketplace for talent, including a comparison of base salaries for comparable positions at comparable companies within the financial services industry. Annual salary adjustments are determined by evaluating the competitive marketplace, the performance of the Company and the performance of the other named executive officers.

Composition of Total Compensation

The Company provides a competitive mix of pay elements that align executive incentives with shareholder value. The executive compensation includes both short and long term compensation, with an emphasis on long-term compensation that is tied to corporate and stock price performance. In 2007, the Company had chosen to use stock options (awarded as described in Competitive Positioning above) in the long-term component of total compensation for named executive officers. Incentive performance measures promote shareholder return and earnings growth, and the plan design assures clear linkages between performance measures a participant's ability to influence such measures and award levels. By emphasizing longer performance measurement periods by using long-term incentives, we align our executive's interests with our shareholders and create a strong retention tool.

Base salaries are designed to provide competitive levels of compensation to executives based upon their experience, duties and scope of responsibility. Base salaries are provided to ensure a basic level of compensation and are necessary to recruit and retain executives. An important aspect of base salaries is the Committee's ability to use annual base salary adjustments to reflect an individual's performance or change in responsibilities. The Compensation Committee places a greater emphasis targeting the total amount of direct compensation to peer practices and emphasizes a mix of compensation weighted towards variable compensation for the Chief Executive Officer and the President and Chief Operating Officer. At lower executive levels, base salaries represent a larger proportion of total compensation but at the other named executive levels are progressively replaced with larger variable compensation opportunities.

Annual bonus incentives are used as a short-term incentive to drive achievement of annual performance goals including the support of strategic business objectives, financial goals, specific performance goals and to encourage team work.

The benefits component of total compensation includes the Company's 401(k) Plan and a non-qualified deferred compensation plan. Under the terms of the qualified 401(k) Plan the Company maintains a contributory profit sharing plan (PSP) covering certain employees with more than one year of service. The Company contributes a discretionary and immediately vested 3% of compensation, excluding bonuses and overtime, to the PSP. In addition, the Company's Board of Directors has the authority to contribute an additional discretionary 3% of compensation, excluding bonuses, commissions and overtime, which vests after two years of employment. The PSP allowed employees to contribute the maximum allowed by current ERISA.

The Company has entered into Employment Agreements, which include a change in control provision, with both the Chief Executive Officer and the President and Chief Operating Officer. The agreements were initially for a three year period with an annual automatic renewal unless either party notifies the other of a termination at least 90 days prior to the end of the then current term.

Additionally, the Company has entered into Change in Control Agreements with selected members of senior management, including each of the named executive officers. The Change in Control agreements were entered into as a function of the consolidation occurring in the financial services industry and to avoid having our executives distracted by a rumored, or actual, change in control. If a change in control were to occur, we want our executives to be focused on the business and the interests of the shareholders. We believe that it is important that our executives react neutrally to a potential change in control and not be influenced by personal financial concerns. Our change in control agreements are consistent with market practices and assist us in retaining our executive talent. The level of benefits have been set at either 1.99 times or 2.99 times the participating executive's base amount within the meaning of Section 280G of the Internal Revenue Code, payable in a lump sum six months following a Change in Control. This structure is common and deemed necessary to remain competitive within the banking industry as a whole and, more specifically, with our peer group. Both the Chief Executive Officer and the President and Chief Operating Officer have entered into Non-competition Agreements with the Company. In consideration for entering into these agreements, the Company has provided certain deferred compensation benefits which have been funded by individual insurance policies. The benefits payable to both individuals range from 7 to 10 years based upon certain events occurring such as age, retirement, disability or death. If either of these individuals are terminated for cause, then the Company will be released from its obligation.

Tax Considerations

It has been the Committee's intent that all incentive payments be deductible unless maintaining such deductibility would undermine our ability to meet our primary compensation objectives or is otherwise not in our best interest.

Federal Income Tax Deductibility Limitations. The Compensation Committee believes it is appropriate to take into account the \$1,000,000 limit on the deductibility of executive compensation for federal income tax purposes pursuant to Section 162(m) of the Internal Revenue Code of and to seek to qualify the Company's performance-based cash and equity-based compensation for exclusions from Section 162(m) so such compensation will qualify as a tax deductible expense. The Compensation Committee will continue to evaluate whether it will approve annual compensation arrangements exceeding \$1,000,000 and whether it will attempt to qualify any such amounts for deductibility under the federal tax laws.

Sections 280G and 4999. We provide our named executive officers with employment agreements or change in control agreements that provide for payments to the executives following certain terminations of employment after a change in control. Certain of these agreements provide for tax protection in the form of a gross-up payment to reimburse the executive for any excise tax under Internal Revenue Code Section 4999 as well as any additional income and employment taxes resulting from such reimbursement. Internal Revenue Code Section 4999 imposes a 20% non-deductible excise tax on the recipient of an excess parachute payment and Internal Revenue Code Section 280G disallows the tax deduction to the payor of any amount of excess parachute payment that is contingent upon a change in control. Payments related to a change in control must not exceed 3 times the executive's base amount in order to be considered an excess parachute payment, and then the excise tax is imposed on the parachute payments that exceed the executive's base amount. The intent of the tax gross-up is to provide a benefit without tax penalty to certain executives who are displaced in the event of a change in control. We believe that the provision of tax protection for certain of our executive officers is consistent with market practice, is a valuable executive talent retention provision, and is consistent with the objectives of our overall executive compensation program.

Section 409A. Amounts that are deferred or which become vested under our nonqualified deferred compensation programs after December 31, 2004 are subject to Internal Revenue Code Section 409A, which governs when elections for deferrals of compensation may be made, the form and timing permitted for payment of such deferred amounts, and the ability to change the form and timing of payments initially established. Section 409A imposes sanctions for failure to comply, including accelerated income inclusion, a 20% penalty and an interest penalty. We currently operate our non-qualified deferred compensation program, employment agreements and change in control agreements in good faith compliance with Section 409A as permitted by the proposed regulations issued by the Internal Revenue Service. When final 409A regulations are issued, we will amend our plans as necessary to fully comply with Code Section 409A requirements.

Summary

In summary, we believe the mix of salary, potentially significant variable cash incentives for both short-term and long-term performance, and the potential for equity ownership in the Company motivates our management team to produce strong results for shareholders. We further believe that this program strikes an appropriate balance in operating our business and appropriate employee rewards based on shareholder value creation.

(2) Reflects cash-settled stock appreciation rights granted to the named executive officer. Each grant provides the participant with the right to receive payment in cash, upon exercise of each cash-settled stock appreciation right, for the difference between the appreciation in market value of a specified number of shares of the Company's Common Stock over the award's exercise price. The cash-settled stock appreciation rights vest over the same period as the stock option awards issued and can only be exercised in tandem with the stock option awards. The per-share exercise price of a cash-settled stock appreciation right is equal to the closing market price of a share of

the Company's Common Stock on the date of grant.

During 2007 and 2006, the Bank maintained a deferred compensation plan (the Original Plan) pursuant to which the Chief Executive Officer and the President and Chief Operating Officer could elect to defer receipt of a portion of their salaries by entering into deferred salary agreements with the Bank. In addition to the salary deferral, the agreements also provided for payment of benefits under certain events of disability, early retirement, termination of employment or death. The Bank is the beneficiary of life insurance acquired with respect to officers participating in the Original Plan. During 2006, the Company began using a formula which provides an annual earnings crediting rate based upon 75% of the Company's return on average stockholders' equity on balances in the plan, until the officer is separated from service, and, thereafter at an earnings crediting rate of 56.25% of the Company's return on average stockholders' equity for the year ending. For the year ended December 31, 2007, the Company's Return on Average Equity was 8.96%.

On September 20, 2004, the Company approved a separate deferred compensation plan for nonemployee directors (the Nonemployee Plan) which, effective July 1, 2004, enabled nonemployee directors to defer additional board and committee meeting fees, beyond those being deferred under the Original Plan, into certain investment vehicles, including a deemed investment in the Company's common stock. Mr. Bachman and Mrs. Bachman are currently the only participants in the Nonemployee Plan and they have deferred \$11,675 and \$4,800, respectively, of their director fees into the Nonemployee Plan and earned \$4,098 and \$3,191, respectively, on their deferrals during 2007. On December 13, 2004, the Company amended and restated the Nonemployee Plan for the principal purpose of ensuring that it complies with The American Jobs Creation Act of 2004. On December 16, 2005, the Company approved additional changes to its Nonemployee Plan effective January 1, 2005, which further facilitate compliance with

Section 409A of the Internal Revenue Code of 1986, as amended.

During 2007, the Board of Directors of the Company met 15 times, of which three of the meetings were special meetings as to which the directors were each paid \$600 for their attendance by the Bank.

In addition to the fee deferral, the agreements also provided for payment of benefits under certain events of disability, early retirement, termination of employment or death. The Bank is the beneficiary of life insurance acquired with respect to directors participating in the Original Plan. During 2006, the Company began using a formula which provides an annual earnings crediting rate based upon 75% of the Company's return on average stockholders' equity on balances in the plan, until the Director is separated from service, and, thereafter at an earnings crediting rate of 56.25% of the Company's return on average stockholders' equity for the year ending.

On December 31, 2007, the Company entered into an employment agreement with each of R. Stan Puckett and Kenneth R. Vaught, the Company’s chief executive officer and president, respectively (the Employment Agreements), which agreements replaced the existing employment agreements with each of these individuals. Pursuant to the terms of the Employment Agreements, the Company agreed to employ Mr. Puckett and Mr. Vaught as the chief executive officer and president, respectively, of the Company for a three-year term ending December 31, 2010. Pursuant to the terms of the Employment Agreements, each employee’s term may be extended for additional three-year periods if the Company or the employee fails to notify the other of an intent to terminate the Employment Agreement upon not less than 90 days’ notice prior to the end of the then current term. Under the terms of the Employment Agreements, Mr. Puckett and Mr. Vaught will be entitled to a beginning base salary of \$278,250 and \$237,000, respectively, as well as director fees for service on the Company’s and its subsidiaries’ boards of directors, life insurance, participation in Company-sponsored benefit plans, including equity-based plans and cash incentive plans, and other fringe benefits.

Table of Contents

The Company may terminate Mr. Puckett's or Mr. Vaught's employment immediately for cause, in which event the Company shall have no further obligations to pay Mr. Puckett or Mr. Vaught, as the case may be, for his services, except for any accrued and unpaid salary through the termination date. The Company may also terminate the employment of Mr. Puckett or Mr. Vaught, as the case may be, without cause, in which case the Company shall pay to Mr. Puckett or Mr. Vaught, not earlier than six (6) months following the date of termination, a lump sum payment equal to the sum of one year of such employee's base salary plus an amount that is the average of the employee's previous two years' bonus. Mr. Puckett or Mr. Vaught may each also terminate his employment under the Employment Agreements voluntarily on not less than 60 days' notice.

Cause is defined in the Employment Agreements to include (i) permanent disability of the executive; (ii) death of the executive; (iii) material breach of the Employment Agreement by the executive; (iv) failure of the executive to perform his duties in a manner that the Company requires; (v) an act of gross negligence by the executive that causes harm to the Company; (vi) the executive's conviction of, or pleading guilty (including a plea of *nole contendere*) to, a criminal act which is a felony or which is a misdemeanor involving moral turpitude; (vii) excessive absenteeism by the executive; and (viii) any misrepresentation or breach of the covenants and warranties contained in the Employment Agreement by the executive.

Under the terms of the Employment Agreements, if within 18 months following a change in control the Company or its successor terminates Mr. Puckett or Mr. Vaught, as the case may be, without cause or Mr. Puckett or Mr. Vaught voluntarily resigns following a change in position, a reduction in title or a significant reduction in the duties which he is to perform for the Company or its successor, then the Company or its successor shall pay to Mr. Puckett or Mr. Vaught, as the case may be, a lump sum payment equal to 2.99 times Mr. Puckett's or Mr. Vaught's annual base salary and bonus for the year immediately preceding termination. This payment shall be made no earlier than six months following the date of termination. If payments to Mr. Puckett or Mr. Vaught following a change in control would create an excise tax for the employee under the excess parachute rules of Section 4999 of the Internal Revenue Code, the Company is required to pay to the employee the amount of such excise tax and all federal and state income or other taxes with respect to any such additional amounts (the "Gross-Up Amount") and such additional amount as is necessary to offset any tax liability of the employee as a result of the Gross-Up Amount.

A "Change in Control" is defined in the Employment Agreements to include a change in the ownership of the Company, a change in the effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company as provided under Section 409A of the Internal Revenue Code and any Internal Revenue Service guidance and regulations issued in connection with Section 409A of the Internal Revenue Code.

Table of Contents**PROPOSAL 2 Ratification of the Appointment of Independent Registered Public Accounting Firm**

The Audit Committee of the Company's board of directors has appointed Dixon Hughes PLLC (Dixon Hughes) as the Company's independent registered public accounting firm for 2008, subject to ratification by a majority of the shares represented at the Annual Meeting. The decision of the Audit Committee was based on a review of the qualifications, independence, past performance and quality controls of the auditor. The decision took into account the proposed audit scope, staffing and approach, including coordination of the external auditor's efforts with the Company's outsourced internal audit function, as well as audit fees for the coming year. Dixon Hughes is considered to be well qualified.

In view of the difficulty and expense involved in changing auditors on short notice, should the shareholders not ratify the selection of Dixon Hughes, it is contemplated that the appointment of Dixon Hughes for the fiscal year ending December 31, 2008, will be permitted to stand unless the board of directors finds compelling reasons for making a change. Disapproval by the shareholders will be considered a recommendation that the board select other auditors for the following year. In order for the proposal to ratify the appointment of Dixon Hughes as the Company's independent registered public accounting firm, the number of shares voted in favor of the proposal must exceed the number of shares voted against the proposal.

Representatives of Dixon Hughes are expected to be present at the Annual Meeting and will be given the opportunity to make a statement, if they desire, and to respond to appropriate questions.

During the years ended December 31, 2007 and December 31, 2006, the Company incurred (including those billed or expected to be billed) the following principal independent auditor fees from Dixon Hughes:

FUTURE SHAREHOLDER PROPOSALS

If a shareholder wishes to have a proposal included in the Company's proxy statement for the Company's 2009 Annual Meeting of Shareholders, that proposal must be received by the Company at its executive offices in Greeneville, Tennessee by December 4, 2008. If a shareholder wishes to present a proposal at the Company's 2009 annual meeting of shareholders and the proposal is not intended to be included in the Company's proxy statement relating to that meeting, the shareholder must give advance notice to the Company prior to the deadline for such meeting determined in accordance with the Company's Amended and Restated Charter (the "Charter Deadline"). Under the Company's Amended and Restated Charter, in order to be deemed properly presented, notice must be delivered to the Company's Secretary at the Company's principal executive offices no less than forty (40) nor more than sixty (60) days prior to the scheduled date of the meeting at which such matter is to be acted upon; provided, however, that if notice or public disclosure of such meeting is given fewer than fifty (50) days before the meeting, notice by the shareholder must be delivered to the Company not later than the close of business on the tenth (10th) day following the day on which notice of the meeting was mailed to shareholders. If a shareholder gives notice of such a proposal after the Charter Deadline, the shareholder will not be permitted to present the proposal to the shareholders for a vote at the meeting.

The SEC rules also establish a different deadline for submission of shareholder proposals that are not intended to be included in the Company's proxy statement with respect to discretionary voting (the "Discretionary Voting Deadline"). This deadline for the 2009 annual meeting of shareholders is February 17, 2009. If a shareholder gives

notice of a proposal after this deadline, the persons named as proxies in the proxy statement for the 2009 annual meeting will be allowed to use their discretionary voting authority to vote against

the shareholder proposal when, and if, the proposal is raised at the 2009 annual meeting. Because the Charter Deadline is not capable of being determined until the Company gives notice of, or publicly announces, the date for the 2009 annual meeting of shareholders, it is possible that the Charter Deadline may occur after the Discretionary Voting Deadline, in which case a proposal received after the Discretionary Voting Deadline but before the Charter Deadline would be eligible to be presented at the 2009 annual meeting of shareholders and the Company believes that the persons named as proxies in the proxy statement would be allowed to use the discretionary authority granted by the proxy card to vote against the proposal at the meeting without including any disclosures of the proposal in the proxy statement relating to the meeting.

The Company has not been notified by any shareholder of his or her intent to present a shareholder proposal from the floor at the Annual Meeting. The enclosed proxy card grants proxy holders discretionary authority to vote on any matter properly brought before the Annual Meeting, including any shareholder proposals received between the date of this proxy statement and the Charter Deadline for the Annual Meeting, which is April 13, 2008.

Shareholder proposals should be addressed to Secretary, Green Bankshares, Inc., 100 North Main Street, P.O. Box 1120, Greeneville, Tennessee 37743 and must comply with the provisions of the Company's Amended and Restated Charter. Nothing in this paragraph shall be deemed to require the Company to include in its proxy statement and form of proxy relating to the Company's 2009 Annual Meeting of Shareholders any shareholder proposal that does not satisfy the requirements for inclusion as established by the SEC at the time of receipt.

OTHER MATTERS

As of the date of this document, the Company's board of directors is not aware of any matters that will be presented for consideration at the Company's Annual Meeting. If any other matters come before either of the meetings or any adjournments or postponements of the meeting and are voted upon, the enclosed proxy will confer discretionary authority on the individuals named as proxies to vote the shares represented by the proxy as to any other matters. The individuals named as proxies intend to vote in accordance with their best judgment as to any other matters.

The Company's 2007 Annual Report to Shareholders (the "Annual Report"), including financial statements, is being mailed with this Proxy Statement to all persons who were shareholders of record as of the close of business on the record date. Any shareholder who does not receive a copy of the Annual Report may obtain a copy by writing to the Secretary of the Company. The Annual Report is not to be treated as a part of this proxy solicitation material or as having been incorporated herein by reference.
