2003 ANNUAL MEETING OF STOCKHOLDERS

JUNE 12, 2003

Edgar Filing: NEOPROBE CORP - Form DEF 14A

PROXY STATEMENT

DATED MAY 5, 2003

GENERAL INFORMATION

Solicitation. This proxy statement is furnished to the stockholders of Neoprobe Corporation, a Delaware corporation, in connection with the solicitation by the Board of Directors of the Company of proxies to be voted at the Company's 2003 Annual Meeting of Stockholders to be held on June 12, 2003, and any adjournment thereof. This proxy statement and the accompanying proxy card are first being mailed to stockholders on or about May 5, 2003.

Company Address. The mailing address of our principal executive offices is 425 Metro Place North, Suite 300, Dublin, Ohio 43017.

Voting Rights. Stockholders of record at the close of business on April 25, 2003, are entitled to notice of and to vote at the Annual Meeting. As of that date, there were 38,588,009 shares of common stock of the Company, par value \$.001 per share, outstanding. Each holder of common stock of record on April 25, 2003, is entitled to one vote per share held with respect to all matters which may be brought before the Annual Meeting.

Authorization. The shares represented by the accompanying proxy will be voted as directed if the proxy is properly completed, signed, and received by us. If no directions are made to the contrary, your proxy will be voted FOR each of the proposals set forth in the Notice of Annual Meeting of Stockholders. The proxy will also be voted at the discretion of the persons acting under the proxy to transact such other business as may properly come before the Annual Meeting and any adjournment thereof.

Revocation. Any stockholder returning the accompanying proxy has the power to revoke it at any time before its exercise by giving notice of revocation to the Company, by duly executing and delivering to the Company a proxy card bearing a later date, or by voting in person at the Annual Meeting.

Tabulation. Under Section 216 of the Delaware General Corporation Law (DGCL) and our by-laws, the presence, in person or by proxy, of a majority of the outstanding shares of our common stock is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares represented by signed proxies that are returned to the Company will be counted toward the quorum in all matters even though they are marked as "Abstain," "Against" or "Withhold Authority" on one or more or all matters or they are not marked at all (see General Information-Authorization). Broker/dealers, who hold their customers' shares in street name, may, under the applicable rules of the exchanges and other self-regulatory organizations of which such broker/dealers are members, sign and submit proxies for such shares and may vote such shares on routine matters, which, under such rules, typically include the election of directors, but broker/dealers may not vote such shares on other matters without specific instructions from the customer who owns such shares. Proxies signed and submitted by broker/dealers that have not been voted on certain matters as described in the previous sentence are referred to as broker non-votes. Such proxies count toward the establishment of a quorum.

Under Section 216 of the DGCL and our by-laws, the election of the director nominees requires the favorable vote of a plurality of all votes cast by the holders of our common stock at a meeting at which a quorum is present.

Edgar Filing: NEOPROBE CORP - Form DEF 14A

Proxies that are marked "Withhold Authority" and broker non-votes will not be counted toward a

nominee's achievement of a plurality and, thus, will have no effect. Under Section 242 of the DGCL and our by-laws, the amendment to our Restated Certificate of Incorporation requires the affirmative vote of the holders of a majority of the shares of our outstanding common stock. For purposes of determining the number of shares of our common stock voting on the amendment to our Restated Certificate of Incorporation, abstentions will be counted and will have the effect of a negative vote; broker non-votes will be counted and thus will have the effect of a negative vote. Each other matter to be submitted to our stockholders for approval or ratification at the Annual Meeting requires the affirmative vote of the holders of a majority of the shares of our common stock present in person or by proxy and entitled to vote on the matter. For purposes of determining the number of shares of our common stock voting on the matter, abstentions will be counted and will have the effect of a negative vote; broker non-votes will not be counted and, thus, will have no effect.

ELECTION OF DIRECTORS

NOMINEES FOR ELECTION AS DIRECTORS

We presently have eight directors on our Board of Directors, comprised of three directors in each of two classes and two directors in a third class, with terms expiring at the Annual Meeting in 2003, 2004 and 2005, respectively. Because two of our directors whose terms will expire at the Annual Meeting in 2003 are not standing for re-election, effective upon the adjournment of the Annual Meeting, we will have six directors on our Board of Directors, comprised of three directors in one class, two directors in a second class, and one director in a third class, with terms expiring at the Annual Meeting in 2004, 2005 and 2006, respectively. At the Annual Meeting, the nominee to the Board of Directors receiving the highest number of votes will be elected as a director to a term of three years expiring in 2006.

J. Frank Whitley, Jr. is currently a director of the Company and is being nominated by our Board of Directors for re-election as a director, to serve for a term of three years. Dan Manor and John S. Christie, directors of our Company whose terms expire at the Annual Meeting in 2003, will not stand for re-election. Under the DGCL and our by-laws, our Board of Directors may appoint persons as directors to fill these vacant positions. As of the date of this proxy statement, we have not yet identified any prospective appointees for these vacancies.

It is intended that, unless otherwise directed, the shares represented by the enclosed proxy will be voted FOR the election of Mr. Whitley. We have no reason to believe that any nominee will not stand for election or serve as a director. In the event that a nominee fails to stand for election, the proxies will be voted for the election of another person designated by the persons named in the proxy. See General Information-Tabulation.

EMPLOYMENT AND OTHER COMPENSATION AGREEMENTS

COMPENSATION OF MR. BUPP

Employment Agreement. David C. Bupp is employed under a thirty-six month employment agreement effective July 1, 2001. The employment agreement originally provided for an annual base salary of \$310,000 with an increase to \$325,000 on July 1, 2003. On August 1, 2002, Mr. Bupp agreed to amend the terms of his 2001 employment agreement to defer 10% of his then annual base salary until the satisfaction of certain milestones relating to our financial condition. Effective February 1, 2003, Mr. Bupp agreed to a new amendment to his employment agreement to reduce his annual base salary to \$217,000 for the remainder of the term of his employment agreement. In exchange for his agreement to waive the salary deferred under the previous amendment to his employment agreement, the Compensation Committee agreed to vest Mr. Bupp's interest in 210,000 shares of previously restricted stock and to authorize the removal of the restrictive legend on such shares of our common stock. In exchange for agreeing to the amendment lowering his annual base salary, Mr. Bupp received 70,000 options to purchase our common stock with an exercise price of \$0.13 per share that vest one third annually on the anniversary of the date of grant.

The Compensation Committee of the Board of Directors will, on an annual basis, review the performance of our Company and of Mr. Bupp and will pay a bonus to Mr. Bupp as it deems appropriate, in its discretion. Such review and bonus will be consistent with any bonus plan adopted by the Compensation Committee that covers the executive officers of our Company generally. No bonus was paid to Mr. Bupp relating to fiscal year 2002.

If a change in control occurs with respect to our Company and:

- Mr. Bupp's employment is concurrently or subsequently terminated by our Company without cause (cause is defined as any willful breach of a material duty by Mr. Bupp in the course of his employment or willful and continued neglect of his duty as an employee);
- the term of Mr. Bupp's employment agreement expires; or
- Mr. Bupp resigns because his authority, responsibilities or compensation have materially diminished, a material change occurs in his working conditions or we breach the agreement;

- 9 -

then, Mr. Bupp will be paid a severance payment of \$650,500 (less amounts paid as Mr. Bupp's salary and benefits that continue for the remaining term of the agreement if his employment is terminated without cause). If any such termination occurs after the substantial completion of the liquidation of our assets, the severance payment shall be increased by \$81,250.

For purposes of Mr. Bupp's employment agreement, a change in control includes:

- the acquisition, directly or indirectly, by a person (other than

Edgar Filing: NEOPROBE CORP - Form DEF 14A

our Company or an employee benefit plan established by the Board of Directors) of beneficial ownership of 15 percent or more of our securities with voting power in the next meeting of holders of voting securities to elect the directors;

- a majority of the directors elected at any meeting of the holders of our voting securities are persons who were not nominated by our then current Board of Directors or an authorized committee thereof;
- our stockholders approve a merger or consolidation of our Company with another person, other than a merger or consolidation in which the holders of our voting securities outstanding immediately before such merger or consolidation continue to hold voting securities in the surviving or resulting corporation (in the same relative proportions to each other as existed before such event) comprising eighty percent (80%) or more of the voting power for all purposes of the surviving or resulting corporation; or
- our stockholders approve a transfer of substantially all of our assets to another person other than a transfer to a transferee, eighty percent (80%) or more of the voting power of which is owned or controlled by us or by the holders of our voting securities outstanding immediately before such transfer in the same relative proportions to each other as existed before such event.

Mr. Bupp's compensation will continue for the longer of twenty-four months or the full term of the agreement if his employment is terminated without cause.

Restricted Stock Agreements. Mr. Bupp holds 100,000, 35,000, 45,000 shares and 30,000 shares of our common stock that were originally granted as restricted stock on March 22, 2000, April 30, 1999, May 20, 1998 and June 1, 1996, respectively, pursuant to restricted stock purchase agreements of the same dates. The original grants did not allow Mr. Bupp to transfer or sell any of the restricted shares unless and until they vest and contained certain change of control provisions. However, in connection with the February 1, 2003 amendment to Mr. Bupp's employment agreement, we vested Mr. Bupp's interest in the shares and authorized the removal of the restricted legend. We will recognize compensation expense related to the vesting of the restricted stock in 2003 concurrent with the execution of the amendment.

COMPENSATION AGREEMENTS WITH OTHER NAMED EXECUTIVES

Carl M. Bosch

Employment Agreement. Carl Bosch is employed under an eleven-month employment agreement effective February 1, 2003. The employment agreement provides for an annual base salary of \$135,000; however, receipt of 20% of the base amount has been deferred until the satisfactory achievement of certain milestones relating to our financial position or until or unless Mr. Bosch is terminated by us or we become financially insolvent. In exchange for entering into a new agreement with a portion of his annual base salary deferred, Mr. Bosch received 30,000 options to purchase our common stock with an exercise price of \$0.13 per share that vest one third annually on the anniversary of the date of grant.

Mr. Bupp will, on an annual basis, review the performance of our Company and of Mr. Bosch and we will pay a bonus to Mr. Bosch as we deem appropriate, in our discretion. Such review and bonus will be consistent with any bonus plan adopted by the Compensation Committee that covers the executive

Edgar Filing: NEOPROBE CORP - Form DEF 14A

officers of our Company generally. No bonus was paid to Mr. Bosch relating to fiscal year 2002.

- 10 -

If a change in control occurs with respect to our Company and:

- the employment of Mr. Bosch is concurrently or subsequently terminated without cause (cause is defined as any willful breach of a material duty by Bosch in the course of his employment or willful and continued neglect of his duty as an employee);
- the term of Mr. Bosch's employment agreement expires; or
- Mr. Bosch resigns because his authority, responsibilities or compensation have materially diminished, a material change occurs in his working conditions or we breach the agreement;

then, Mr. Bosch will be paid a severance payment of \$202,500 and will continue his benefits for the longer of six months or the remaining term of his employment agreement.

For purposes of Mr. Bosch's employment agreement, a change in control includes:

- the acquisition, directly or indirectly, by a person (other than our Company or an employee benefit plan established by the Board of Directors) of beneficial ownership of 30 percent or more of our securities with voting power in the next meeting of holders of voting securities to elect the directors;
- a majority of the directors elected at any meeting of the holders of our voting securities are persons who were not nominated by our then current Board of Directors or an authorized committee thereof;
- our stockholders approve a merger or consolidation of our Company with another person, other than a merger or consolidation in which the holders of our voting securities outstanding immediately before such merger or consolidation continue to hold voting securities in the surviving or resulting corporation (in the same relative proportions to each other as existed before such event) comprising eighty percent (80%) or more of the voting power for all purposes of the surviving or resulting corporation; or
- our stockholders approve a transfer of substantially all of the assets of our Company to another person other than a transfer to a transferee, eighty percent (80%) or more of the voting power of which is owned or controlled by us or by the holders of our voting securities outstanding immediately before such transfer in the same relative proportions to each other as existed before such event.

Mr. Bosch will be paid a severance amount of \$135,000 if his employment is terminated at the end of his employment agreement or without cause, and his benefits will be continued for up to twelve months.

Restricted Stock Agreement. Mr. Bosch also holds 30,000 shares of our

Edgar Filing: NEOPROBE CORP - Form DEF 14A

common stock that were originally granted to him as restricted stock on March 22, 2000, pursuant to a restricted stock purchase agreement with our Company as of the same date. Under the original terms of the underlying restricted stock purchase agreement, Mr. Bosch could not transfer or sell any of the restricted shares unless and until they vest. However, in connection with the execution of his new employment agreement effective February 1, 2003, and Mr. Bosch's agreement to waive receipt of amounts previously deferred under an August 1, 2002, amendment to his previous employment agreement, we vested Mr. Bosch's interest in the shares and authorized the removal of the restricted legend. We will recognize compensation expense related to the vesting of the restricted stock in 2003 concurrent with the execution of the new employment agreement.

Rodger A. Brown

Employment Agreement. Rodger Brown is employed under an eleven-month employment agreement effective February 1, 2003. The employment agreement provides for an annual base salary of \$115,000; however, receipt of 20% of the base amount has been deferred until the satisfactory achievement of certain milestones relating to our financial position or until or unless Mr. Brown is terminated by us or we become financially insolvent. In exchange for entering into a new agreement with a portion of his salary deferred, Mr. Brown received 30,000

- 11 -

options to purchase our common stock with an exercise price of \$0.13 per share that vest one third annually on the anniversary of the date of grant. The terms of Mr. Brown's employment agreement are substantially identical to Mr. Bosch's employment agreement except that Mr. Brown would be paid \$172,500 if terminated due to a change of control and \$115,000 if terminated at the end of his employment or without cause.

Mr. Bupp will, on an annual basis, review the performance of our Company and of Mr. Brown and we will pay a bonus to Mr. Brown as we deem appropriate, in our discretion. Such review and bonus will be consistent with any bonus plan adopted by the Compensation Committee that covers the executive officers of our Company generally. No bonus was paid to Mr. Brown relating to fiscal year 2002.

Brent L. Larson

Employment Agreement. Brent Larson is employed under an eleven-month employment agreement effective February 1, 2003. The employment agreement provides for an annual base salary of \$135,000; however, receipt of 20% of the base amount has been deferred until the satisfactory achievement of certain milestones relating to our financial position or until or unless Mr. Larson is terminated by us or we become financially insolvent. In exchange for entering into a new agreement with a portion of his annual base salary deferred, Mr. Larson received 30,000 options to purchase our common stock with an exercise price of \$0.13 per share that vest one third annually on the anniversary of the date of grant. The terms of Mr. Larson's employment agreement are substantially identical to Mr. Bosch's employment agreement.

Mr. Bupp will, on an annual basis, review the performance of our Company and of Mr. Larson and we will pay a bonus to Mr. Larson as we deem appropriate, in our discretion. Such review and bonus will be consistent with any bonus plan adopted by the Compensation Committee that covers the executive officers of our Company generally. No bonus was paid to Mr. Larson relating to

Edgar Filing: NEOPROBE CORP - Form DEF 14A

fiscal year 2002.

Restricted Stock Agreement(s). Mr. Larson also holds 40,000 shares, 20,000 shares and 10,000 shares of our common stock that were originally granted to him as restricted at a price of \$0.001 per share on March 22, 2000, April 30, 1999 and October 23, 1998, respectively, pursuant to restricted stock purchase agreements of the same dates. The terms of Mr. Larson's restricted stock purchase agreement are identical to those contained in Mr. Bosch's restricted stock purchase agreement discussed above regarding vesting, forfeiture and rights of ownership. However, in connection with the execution of his new employment agreement effective February 1, 2003, and Mr. Larson's agreement to waive receipt of amounts previously deferred under an August 1, 2002, amendment to his previous employment agreement, we vested Mr. Larson's interest in the shares and authorized the removal of the restricted legend. We will recognize compensation expense related to the vesting of the restricted stock in 2003 concurrent with the execution of the new employment agreement.

Dan Manor

Employment Agreement. Dan Manor is employed by our subsidiary, Cardiosonix Ltd., as its President under a two-year employment agreement effective January 1, 2002. The employment agreement provides for a monthly basic salary of \$12,083 and automatically renews for one-year increments unless written notice is given ninety days prior to the end of the then term of the agreement. The Compensation Committee of our Board of Directors will, on an annual basis, review the performance of our Company and of Mr. Manor and he will be paid a bonus as is deemed appropriate, in the Committee's discretion. Such review and bonus will be consistent with any bonus plan adopted by the Compensation Committee that covers the executive officers of our Company generally. No bonus was paid to Mr. Manor relating to fiscal year 2002. Mr. Manor will also receive one third of 1% of the Net Revenues (as defined in Mr. Manor's employment agreement) from Cardiosonix products for up to five years from the effective date of the agreement. Cardiosonix also provides Mr. Manor with an automobile allowance not to exceed \$450 per month, and provides certain statutory benefits under the laws of the State of Israel.

Mr. Manor will be paid a severance payment of the greater of \$145,000 or the then statutorily determined amount if he is terminated by Cardiosonix without cause prior to the end of the term of the agreement.

AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES

Our Restated Certificate of Incorporation currently authorizes us to issue up to 50,000,000 shares of common stock, \$.001 par value, and 5,000,000 shares of our preferred stock, \$.001 par value.

Our Board of Directors has adopted, subject to stockholder approval, an amendment to our Restated Certificate of Incorporation to increase the authorized number of shares of our common stock from 50,000,000 shares to 75,000,000 shares. Under the amendment, Section 4.1 of Article FOUR of the Amended and Restated Certificate of Incorporation would read:

4.1 AUTHORIZED SHARES. The total number of shares of capital stock which the Corporation has authority to issue is 80,000,000 shares, consisting of:

Edgar Filing: NEOPROBE CORP - Form DEF 14A

- (a) 75,000,000 shares of Common Stock, par value \$.001 per share (the Common Stock); and
- (b) 5,000,000 shares of Preferred Stock, par value \$.001 per share (the Preferred Stock).

As of April 25, 2003, of the 50,000,000 shares of common stock presently authorized, 38,588,009 shares were issued and outstanding, 6,818,450 shares were reserved for issuance under our stock option plans or related to outstanding warrants and convertible securities, and 4,593,541 shares were not reserved for any specific use and were available for future issuances. If our stockholders approve the amendment to our Restated Certificate of Incorporation to increase our authorized shares, we will have 29,593,541 shares of common stock that are not reserved for any specific use and are available for future issuances.

Our Board of Directors believes that the 4,593,541 shares of common stock that are not reserved and which are available for issuance do not provide us with sufficient flexibility to act in a timely manner in meeting future stock needs. We anticipate that we may in the future need to issue additional shares in connection with one or more of the following:

- acquisitions;
- strategic investments;
- corporate transactions, such as stock splits or stock dividends;
- financing transactions, such as public offerings of common stock or convertible securities;
- incentive and employee benefit plans; and
- otherwise for corporate purposes that have not yet been identified.

In order to provide our Board of Directors with certainty and flexibility to undertake such transactions to support our future business growth, the Board believes it is in the best interests of our Company at this time to increase the number of authorized shares of our common stock. No such transactions are currently under consideration by the Board.

If this proposal is adopted, the additional authorized shares of common stock may be issued upon the approval of our Board of Directors at such times, in such amounts, and upon such terms as our Board of Directors may determine, without further approval of the stockholders, unless such approval is expressly required by applicable law, regulatory agencies, or any exchange or quotation service on which our common stock may then be listed. For example, such stockholder approval may be required pursuant to Section 203 of the DGCL for the issuance of shares of common stock in connection with a business combination with an interested stockholder (See the discussion under "Possible Anti-Takeover Effects of the Proposal" at page 14 of this proxy statement). In addition, in the future should our common stock be listed on a national securities exchange or the Nasdaq Stock Market (rather than the Over-The-Counter Bulletin Board where it currently trades), then the approval of our stockholders would be required in certain additional situations, including: (i) in connection with the acquisition of certain stock or assets, including another business, from a director, officer or substantial shareholder, or from an entity in which one of such persons is a substantial stockholder, or from an entity in which one of such persons has a substantial direct or indirect interest, and the stock issuable in such transaction could result in an increase in the

- 13 -

number of shares or voting power of the outstanding shares of 5% or more, (ii) in a transaction or a series of transactions (except for a public offering of common stock for cash) that would result in an increase in the number of shares or voting power of the outstanding shares by 20% or more, (iii) where the issuance of common stock would result in a change of control of our Company, or (iv) in connection with a stock option or purchase plan under which stock may be acquired by officers or directors. The ability of our Board of Directors to issue shares from the additional authorized shares will allow the Board, except under the limited circumstances discussed in this paragraph, to perform the functions for which they are currently empowered under our Restated Certificate of Incorporation and by-laws in executing certain transactions, such as acquisitions, investments, or other transactions, pursuant to which such additional authorized shares could be issued without further stockholder approval of the specific transaction.

Our stockholders do not have preemptive rights with respect to future issuances of additional shares of common stock, which means that current stockholders do not have a prior right to purchase any new issue of common stock of our Company in order to maintain their proportionate ownership interest. As a result, the issuance of a significant amount of additional authorized common stock (other than as the result of a stock split or other pro rata distribution to stockholders) would result in a significant dilution of the beneficial ownership interests and/or voting power of each company stockholder who does not purchase additional shares to maintain his or her pro rata interest. As additional shares are issued, the shares owned by our existing stockholders will represent a smaller percentage ownership interest in our Company. For instance, a stockholder who currently owns 100,000 shares of our common stock has 0.259% of our total outstanding shares of common stock. If, however, the proposal is approved and all 25,000,000 of the additional shares of common stock are issued, the stockholder's 100,000 shares then would represent approximately 0.157% of our total outstanding shares of common stock. In addition, the issuance of additional shares of our common stock could result in a decrease in the trading price of our common stock, depending on the price at which such shares are issued.

If this proposal is not adopted, management believes we will be severely limited in our ability to raise capital. As is discussed more fully in the Risk Factors included in our Annual Report on Form 10-KSB for the year ended December 31, 2002, we believe we will need to raise additional capital in order to complete the development and commercialization of our blood flow product line. If we are unsuccessful in gaining approval for this increase in our authorized shares, and other funding sources are not available to us, we will likely have to make significant modifications to our blood flow commercialization plan and/or severely curtail our operations.

POSSIBLE ANTI-TAKEOVER EFFECTS OF THE PROPOSAL

Our Board of Directors does not intend or view the proposed increase in the number of authorized shares of our common stock as an anti-takeover measure, but rather, as a means of providing greater flexibility to the Board as indicated above. Nevertheless, the proposed increase in the our authorized shares could enable the Board to issue additional shares to render more difficult or discourage an attempt by another person or entity to obtain control of our Company, even if the holders of our common stock deem such acquisition of control of our Company to be in their best interests. The issuance of additional shares of common stock in a public or private sale, merger or similar transaction would increase the number of outstanding shares and thereby could

Edgar Filing: NEOPROBE CORP - Form DEF 14A

dilute the proportionate interest of a party attempting to gain control of our Company. As of the date of this proxy statement, our Board of Directors and our management are not aware of any attempt or plan to takeover or acquire our Company or our common stock, and the proposal to increase the authorized shares of our common stock was not prompted by any specific takeover or acquisition effort or threat. Other than the amendment to our Restated Certificate of Incorporation to increase the number of authorized shares of our common stock, our Board of Directors does not currently contemplate recommending the adoption of any other proposals or amendments to our Restated Certificate of Incorporation that could be construed to affect the ability of third parties to take over or change the control of our Company.

Our Restated Certificate of Incorporation permits our Board of Directors to issue up to 5,000,000 shares of preferred stock on terms established by our Board from time to time. The Board, within the limitations and restrictions contained in the Restated Certificate of Incorporation and without further action by our stockholders, has the authority to issue the preferred stock from time to time in one or more series and to fix the number of shares and the relative rights, conversion rights, voting rights, rights and terms of redemption, liquidation preferences and any other preferences, special rights and qualifications of any such series. Any issuance of preferred stock with voting rights could, under certain circumstances, have the effect of delaying or preventing a change in control of our

- 14 -

Company by increasing the number of outstanding shares entitled to vote and increasing the number of votes required to approve a change in control of our Company. As of the date of this proxy statement, our Board of Directors has created one series of preferred stock. 500,000 shares of preferred stock have been designated as Series A Junior Participating Preferred Stock and reserved for issuance under our stockholder rights plan.

In July 1995 our Board of Directors adopted a stockholder rights plan. The stockholder rights plan provides each stockholder of record one right for each ordinary share of common stock of the Company. The rights are represented by the Company's ordinary common stock certificates, and are not traded separately from ordinary common stock and are not exercisable. The rights will become exercisable only if, unless approved by the Board of Directors, a person acquires or announces a tender offer that would result in ownership of 15% or more of our common stock, at which time, each right would enable the holder to buy shares of the Company's common stock at a discount to the then market price. We may redeem the rights at any time before they become exercisable for \$0.01 per right. The stockholder rights plan expires on August 28, 2005. The stockholder rights plan may have the effect of deterring third parties from making takeover bids for control of our Company, or may be used to hinder or delay a takeover bid. This would decrease the chance that our stockholders would realize a premium over market price for their shares of common stock as a result of the takeover bid.

We are also governed by Section 203 of the Delaware General Corporation Law, which provides that certain "business combinations" between a Delaware corporation whose stock is generally traded or held of record by more than 2,000 stockholders, such as our Company, and an "interested stockholder," which is generally defined as a stockholder who beneficially owns 15% or more of a Delaware corporation's voting stock, are prohibited for a three-year period following the date that such stockholder became an "interested stockholder," unless certain exceptions apply. The term "business combination" is defined generally to include, among other transactions, mergers, tender offers and

Edgar Filing: NEOPROBE CORP - Form DEF 14A

transactions which increase an "interested stockholder's" percentage ownership of stock in a Delaware corporation.

Our by-laws establish advance notice procedures for the nomination of candidates for election as directors by stockholders, as well as for other stockholder proposals to be considered at annual meetings. Generally, we must receive a notice of intent to nominate a director or raise any other matter at a stockholder meeting not less than 120 days before the first anniversary of the mailing of our proxy statement for the previous year's annual meeting. The notice must contain required information concerning the person to be nominated or the matters to be brought before the meeting and concerning the stockholder submitting the proposal.

We are incorporated in Delaware, and as such are subject to Section 203 of the DGCL, which provides that a corporation may not engage in any "business combination" with an "interested stockholder" during the three years after he or she becomes an interested stockholder unless:

- the corporation's board of directors approved in advance either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- the interested stockholder owned at least 85 percent of the corporation's voting stock at the time the transaction commenced; or
- the business combination is approved by the corporation's board of directors and the affirmative vote of at least two-thirds of the voting stock which is not owned by the interested stockholder.

Generally, a "business combination" includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. An "interested stockholder" is a person who, together with affiliates and associates, owns or, within three years prior to the determination of interested stockholder status, did own 15% or more of a corporation's outstanding voting securities. Section 203 of the DGCL makes it more difficult for an interested stockholder to implement various business combinations with our Company for a three-year period, although our stockholders may vote to exclude it from the law's restrictions.
