**Item 1. Business**

**Overview**

**Dissolution of Championship Auto Racing Teams Inc.**

On December 29, 2005, Championship Auto Racing Teams, Inc. (the Company) held a meeting of its stockholders, which approved the Company's Plan of Liquidation and Dissolution. Pursuant to the Plan of Liquidation and Dissolution, the Company filed a Certificate of Dissolution with the Delaware Secretary of State on December 29, 2005. Effective of the close of business on December 29, 2005, the Company closed its transfer books and no longer recorded transfers of its shares (except by will, intestate succession, or operating of law).

On February 24, 2006, the Company transferred its remaining assets to the Championship Liquidating Trust, a Delaware statutory trust (the Liquidating Trust or Trust), pursuant to the Liquidating Trust Agreement. The assets transferred to the Liquidating Trust consisted of approximately \$646,000 in cash.

On February 28, 2006, the Company filed a Form 15 with the Securities and Exchange Commission to terminate the registration of the Company's common stock under the Securities Exchange Act of 1934 (the Exchange Act). As a result, the Company has ceased filing reports under the Exchange Act. The Liquidating Trust will file with the Securities and Exchange Commission annual reports on Form 10-K and current reports on Form 8-K under the Company's former Securities and Exchange Commission file number.

**Liquidating Trust**

The purpose of the Liquidating Trust is to wind up the affairs of the Company and to distribute the proceeds therefrom to the holders of the beneficial interest in the Trust and to pay any liabilities, costs, and expenses of the Trust. The Trust activities will be restricted to the holding of the assets transferred by the Company to the Trust and the payment and distribution thereof, and to the conservation and protection of the Trust assets and the administration thereof.

Christiana Bank and Trust Company, a Delaware banking corporation, is the Delaware Trustee and holds the assets of the Trust. Thomas L. Carter is the Administrative Trustee and is responsible for all of the decisions of the Trust.

The Liquidating Trust is not aware of any outstanding liabilities except the contingent liability related to the lease of the Company's former corporate headquarters in Indianapolis, Indiana. The lease expires on October 31, 2010. The total amount due under the life of the lease as of December 31, 2006 is approximately \$ 1.1 million. The Company has subletted this office space to Champ Car World Series, LLC on substantially the same terms as the Company's existing lease. The Liquidating Trust is unable to determine at this time whether or not there will be any claim by the landlord against the Liquidating Trust for payment of amounts, which are due under the lease.

The Liquidating Trust will terminate upon the earlier of distribution of all of the Liquidating Trust assets in accordance with the terms of the Liquidating Trust Agreement, or the expiration of a period of three (3) years from the date assets were first transferred to the Trust. No amendment will be made to the Trust to extend this termination beyond a period of three (3) years unless the Trustees shall have requested and received no action assurances from the Securities and Exchange Commission prior to any such extension. The beneficial interests in the Trust are not transferable, except by operation of law or upon the death of a Beneficiary.

**Tax Treatment**

The Trust will issue an annual information statement to the holders of beneficial interest of the Trust (the Beneficiaries) with tax information for their tax returns. The Beneficiaries are urged to consult with their own tax advisors as to their own filing requirements and the appropriate tax reporting of this information on their returns.

**Reports to Beneficiaries**

The Administrative Trustee will provide a copy of the Annual Report on Form 10-K to the Beneficiaries, showing the assets and liabilities of the Trust at the end of each fiscal year ended December 31. In addition, the Trust will file a current report on Form 8-K whenever a material event relating to the Trust occurs.

**Table of Contents**

**Distributions**

During the calendar year ended December 31, 2006, the Trust did not make any distributions to the Beneficiaries.

**Employees**

The Trust has no full-time employees. From time to time, the Trust engages persons on an hourly basis to perform administrative functions on behalf of the Trust.

**Item 1A.**

**Risk Factors**

**We do not know the exact amount or timing of liquidation distributions.** We cannot assure you of the precise nature and amount of any distribution to the Beneficiaries. The timing of the distributions will be based in part upon our analysis of the risk of our requirement to pay our landlord based upon the fact that we are currently liable under the terms of the lease. We have sublet the property for an amount equal to our lease payments. Because our contingent liability is currently in excess of the amount of our assets, we believe it imprudent to make any distribution. We are currently unable to predict the precise timing of any distributions to the Beneficiaries, also in part due to the fact that a creditor could seek an injunction against making distributions to the Beneficiaries on the ground that the amounts to be distributed were needed for the payment of liabilities and expenses. Any action of this type could delay or substantially diminish the amount, if any, available for distribution to the Beneficiaries.

**Beneficiaries may be liable to creditors for amounts from us, or the Company, prior to its dissolution, if our reserves are inadequate.** If we make distributions to the Beneficiaries without making adequate provisions for payment of creditors' claims, the Beneficiaries would be liable to the creditors to the extent of the unlawful distributions. The liability of a Beneficiary is, however, limited to the amounts previously received by such Beneficiary from us (or from the Company prior to its dissolution). Accordingly, in such event, a Beneficiary could be required to return all liquidating distributions previously made to the Beneficiary. Moreover, in the event a Beneficiary has paid taxes on amounts previously received, as a liquidation distribution, a repayment of all or a portion of such amount could result in the Beneficiary incurring a net tax cost if the Beneficiary's repayment of an amount previously distributed does not cause a commensurate reduction in taxes payable. The Company believes that it has made adequate provisions for payment of creditors' claims and does not anticipate making any further distribution until such time as it believes that there will be no more claims against the Company or the Trust.

**Item 1B.**

**Unresolved Staff Comments**

None.

**Item 2.**

**Properties**

Currently, we have no properties. However, the Company sublet its old office space in Indianapolis, Indiana (approximately 64,000 sq. ft.) to Champ Car World Series, LLC on terms that are substantially the same as our lease. Annual lease payments under the lease are \$308,965. Summarily, annual charges to Champ Car World Series, LLC under the sublease are \$308,965. We remain liable on such lease, which has future lease payments as of December 31, 2006 of approximately \$1.1 million. The lease expires on October 31, 2010.

**Item 3.**

**Legal Proceedings**

There are no legal proceedings. There can be no assurance that legal proceedings will not be instituted against the Trust or the Company.

**Table of Contents****Item 4.****Submission of Matters to a Vote of Security Holders**

No matters were submitted to a vote of the Beneficiaries during the period of January 1, 2006 through December 31, 2006.

**Part II****Item 5.****Market for Registrant's Common Equity, Related Stockholder Matters, and Issuer Purchases of Equity Securities**

There is no market for the beneficial interests in the Trust. The beneficial interests in the Trust are not and will not be listed on any exchange, quoted by a securities broker or dealer or admitted for trading in any market, including the over-the-counter market. The beneficial interests in the Trust are not transferable except by operation of law or upon the death of a Beneficiary.

**Holders**

As of December 31, 2006, the Trust had 469 Beneficiaries of record.

*The following information should be read in conjunction with our financial statements included elsewhere in this annual report on Form 10-K. ## **Table of Contents**

### **Overview**

The Trust is not actively involved in any business. The Trust has no assets that it is attempting to sell or liquidate. The Company's assets and therefore the Trust assets are all in cash or cash equivalents. The Trust has invested substantially all of its assets in the SEI Daily Income Treasury II Fund CLB.

In accordance with the liquidation basis of accounting, assets are stated at their estimated net realizable value and liabilities are stated at their estimated settlement amounts include estimated costs associated with carrying out liquidation. Actual values realized for assets and settlement of liabilities may differ materially from the amounts estimated. Factors that may cause such variation, include, among other factors, the possibility of realization of contingent liabilities.

### **Results of Operations**

One hundred percent (100%) of the Trust assets were invested in SEI Daily Income Treasury II Fund CLB. The interest income earned on this investment for the year ended December 31, 2006 was \$ 29,938. During the calendar year, the Trust paid Trustee fees and other expenses of \$ 115,243. The result was a net loss of \$ 85,305 to the Trust.

### **Reserve for Estimated Costs of Liquidation and Dissolution**

Under the liquidation basis of accounting, costs associated with liquidating the Trust assets must be estimated and accrued. These amounts can vary significantly due to, among other things, the costs of overseeing the liquidation, timing and amounts associated with discharging known and contingent liabilities and the costs associated with cessation of the Trust's operations. These costs are estimates and are expected to be incurred over the remaining life of the Trust. We estimate that there will be no realization of the contingent liability for our lease and estimate that the costs of administering the Trust and the final liquidation will not be more than the income received from the Trust's investments on an annual basis.

### **Net Assets and Liquidation**

The net assets and liquidation at December 31, 2006 were \$560,518.93. This amount represents the actual value of the assets and is not reduced by any reserve for contingent or other liabilities.

### **Distributions**

No distributions were made during the period ended December 31, 2006. The Administrative Trustee estimates that the Trust will make a distribution of its assets at or before the conclusion of the three (3) year period, which commenced February 24, 2006. However, the level of distributions will be based on a determination by the Administrative Trustee as to the reserve or payment of known or unknown contingent liabilities and other considerations. Because the estimate of cash distributions is based on various assumptions and projections, there can be no assurance that the actual amount of distributions will not differ materially from the Administrative Trustee's estimate.

### **Critical Accounting Policies and Estimates**

Under the liquidation basis of accounting, assets are stated at their estimated net realizable values and liabilities, including the reserve or estimated costs of liquidation and dissolution, are stated at their anticipated settlement amounts. The valuation of the Trust assets is as of December 31, 2006. There is no estimated value for the Trust liabilities because the Trust believes that it will not be ultimately found liable for payments under its lease agreement since the current tenant is making lease payments on a timely basis and the Trust has no reason to believe that such payments will not continue. The Administrative Trustee is not aware of any other outstanding contingent liabilities. The Administrative Trustee believes that the cost of administration of the Trust will exceed the income received by the Trust on its investments on an annual basis. The actual values realized for assets and settlement of liabilities may differ materially from the amounts estimated.

### **Liquidity and Capital Resources**

The Administrative Trustee anticipates that the current assets will provide adequate capital for the remaining expenses and final distributions.

### **Effects of Inflation**

We do not anticipate any significant effect of inflation in this period.

**Changes in Disagreements with Accountants on Accounting and Financial Disclosure**

**Item 9A. Controls and Procedures**

**Evaluation of Disclosure Controls and Procedures**

The method of establishing the Trust and directing Trust activities is effective. Since the Trust is not involved in any on-going business, disclosure controls and procedures are not critical.

**Changes in Internal Control over Financial Reporting**

On December 29, 2005, Championship Auto Racing Teams, Inc. (the Company) held a meeting of its stockholders, which approved the Company's Plan of Liquidation and Dissolution. Pursuant to the Plan of Liquidation and Dissolution, the Company filed a certificate of dissolution with the Delaware Secretary of State on December 29, 2005.

On February 24, 2006, the Company transferred its remaining assets to the Championship Liquidating Trust on Delaware Statutory Trust (the Trust), pursuant to the Liquidating Trust Agreement, the Assets transferred to the Liquidating Trust consisted of approximately \$646,000 in cash.

As a result of the transfer by the Company of its remaining net assets to the Trust, all outstanding shares of common stock of the Company were automatically deemed cancelled. Each holder of shares became a beneficiary under the Trust and received a percentage interest in the Trust equal to its percentage interest in the Company. No certificates were or will be issued representing ownership of the beneficial interests in the Trust.

The purpose of the Trust is to wind up the affairs of the Company and liquidate the remaining assets, distribute the proceeds therefrom to the holders of beneficial interests in the Trust and pay any liabilities, costs and expenses of the Trust. The Trust's activities will be restricted to the holding of the assets transferred by the Company to the Trust and the payment and distribution thereof, and to the conservation and protection of the Trust's assets and the administration thereof.

The Trust will terminate upon the earlier of the distribution of all of the Trust's assets in accordance with the terms of the Liquidating Trust Agreement, or the expiration of a period of three years from the date assets were first transferred to the Trust. No amendment will be made to the Trust to extend its termination beyond a period of three years unless the Trustees shall have requested and received additional no-action assurances from the Securities and Exchange Commission prior to any such extension. The beneficial interests in the Trust are not transferable except by operation of law or upon the death of a beneficiary.

**2. Summary of Significant Account Policies**

***Basis of Presentation***

The Trust has adopted the liquidation basis of accounting. Under the liquidation basis of accounting, assets are stated at their estimated net realizable values and liabilities, including the reserve for estimated costs during the period of liquidation, are stated at their anticipated settlement amounts.

The actual settlement of liabilities may differ materially from the amounts estimated. The results for the period from February 28, 2006 through December 31, 2006 are not comparable to any prior period because the Trust began operations as of February 28, 2006.

***Use of Estimates***

The preparation of financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America requires the Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on the Administrative Trustee's best knowledge of current events and actions that the Trust may undertake in the future, actual results may be different from the estimates.

***Income Taxes***

The Trust will be treated as a grantor trust and accordingly, will not be subject to federal or state income tax on any income

earned or gain recognized by the Trust. The Trust will recognize taxable gain or loss when an asset is disposed of for any amount greater or less than the tax basis of such asset at the time it was transferred from the Company to the trust. Each Trust beneficiary will be treated as the owner of a pro rata portion of each asset, including cash, received by and held by the Trust and will be required to report on his or her federal and state income tax return his or her pro rata share of taxable income, including gains and losses recognized by the Trust. Accordingly, there is no provision for federal or state income taxes in the accompanying financial statements.

***Cash and Cash Equivalents***

For purposes of reporting cash flows, cash and cash equivalents, include cash and money market investments which have original maturities of 90 days or less.

**3. Reserve for Estimated Costs of Liquidation and Dissolution (the Reserve )**

Under the liquidation basis of accounting, costs associated with liquidating the Trust's assets must be estimated and accrued. These amounts can vary significantly due to, among other things, costs of trustees to oversee the liquidation, the timing and amounts associated with discharging known and potentially unknown liabilities and the costs associated with cessation of the Trust's operations. These costs of liquidation and dissolution are estimates and are expected to be incurred over the remaining life of the Trust.

**4. Transactions with Related Parties**

The Administrative Trustee will receive payment for services provided to the Trust. The Delaware Trustee, Christiana Bank and Trust Company, will also receive a fee for administering the Trust.

**5. Contingencies**

The Trust is not engaged in any legal proceeding; however there can be no assurance in this regard. In the ordinary course of its business, the Trust may be routinely audited and subject to inquiries by government and regulatory agencies or other parties. The Trust is contingently liability for the lease of the Company's former corporate headquarters in Indianapolis, Indiana. The lease expires October 31, 2010. The total amount due under the life of the lease as of December 31, 2006 is approximately \$1.1 million. The Company has sublet this office space to an unaffiliated entity on substantially the same terms as the Company's existing lease.
