PROSPECTUS SUPPLEMENT  
(To Prospectus dated October 21, 2008)

Filed Pursuant to Rule 424(b)(5)  
Registration No. 333-148342

XOMA Ltd.

Common Shares

This prospectus supplement relates to the issuance and sale of up to 25,000,000 of our common shares from time to time through our sales agent, Wm Smith & Co. These sales, if any, will be made pursuant to the terms of an At Market Issuance Sales Agreement entered into between us and our sales agent, the form of which was filed on November 9, 2009 with the Securities and Exchange Commission with our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2009 and is incorporated herein by reference. Our sales agreement with Wm Smith & Co. is limited to the sale of 25,000,000 common shares.

Our common shares are quoted on The NASDAQ Global Market under the symbol "XOMA." On November 6, 2009, the last reported sale price of our common shares on The NASDAQ Global Market was \$0.76 per share. Sales of shares of our common shares under this prospectus supplement, if any, may be made by any method permitted by law deemed to be an "at the market" offering as defined in Rule 415 under the Securities Act of 1933, as amended, which includes sales made directly on The NASDAQ Global Market, on any other existing trading market for our common shares or to or through a market maker, or in privately negotiated transactions, subject to our approval. The sales agent will make all sales using commercially reasonable efforts consistent with its normal trading and sales practices, on mutually agreeable terms between the sales agent and us.

Unless we and our sales agent otherwise agree, the commission to the sales agent for sales of common shares sold pursuant to the sales agreement will be 3% of the gross proceeds of the sales price per share but will in no event be less than \$0.02 per share. If different than 3% or \$0.02 per share, the amount of any compensation to be received by the sales agent will be disclosed in a separate prospectus supplement for such shares. The net proceeds to us that we receive from sales of our common shares will depend on the number of shares actually sold and the offering price for such shares.

In connection with the sale of common shares on our behalf, the sales agent may be deemed an "underwriter" within the meaning of the Securities Act of 1933, as amended, and the compensation of the sales agent may be deemed to be underwriting commissions or discounts. We have agreed to provide indemnification and contribution to the sales agent against certain liabilities, including liabilities under the Securities Act of 1933.

Investing in our common shares involves a high degree of risk. Before buying any shares, you should read the discussion of material risks of investing in our common shares in the section entitled "RISK FACTORS" in this prospectus supplement and the additional risk factors contained in our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, as well as any amendments thereto, as filed with the Securities and Exchange Commission.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Consent under the Exchange Control Act 1972 (and its related regulations) has been obtained from the Bermuda Monetary Authority for the issue and transfer of XOMA's shares, options, warrants, depositary receipts, rights, loan notes and other securities to and between non-residents of Bermuda for exchange control purposes provided our shares remain listed on an appointed stock exchange, which includes The NASDAQ Global Market. This prospectus supplement may be filed with the Registrar of Companies in Bermuda in accordance with Bermuda law. In granting such consent and in accepting this prospectus supplement for filing, neither the Bermuda Monetary Authority nor the Registrar of Companies in Bermuda accepts any responsibility for our financial soundness or the correctness of any of the statements made or opinions expressed in this prospectus supplement.

Wm Smith & Co.

## ABOUT THIS PROSPECTUS SUPPLEMENT

You should rely only on the information incorporated by reference or provided in this prospectus supplement and the accompanying prospectus, or to which we have referred you. We have not authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. This prospectus supplement and the accompanying prospectus do not constitute an offer to sell, or a solicitation of an offer to purchase, the securities offered by this prospectus supplement and the accompanying prospectus in any jurisdiction where it is unlawful to make such offer or solicitation. You should not assume that the information contained in this prospectus supplement or the accompanying prospectus, or any document incorporated by reference in this prospectus supplement or the accompanying prospectus, is accurate as of any date other than the date on the front cover of the applicable document. Neither the delivery of this prospectus supplement nor any distribution of securities pursuant to this prospectus supplement shall, under any circumstances, create any implication that there has been no change in the information set forth or incorporated by reference into this prospectus supplement or in our affairs since the date of this prospectus supplement. Our business, financial condition, results of operations and prospects may have changed since that date.

This document is in two parts. The first part is the prospectus supplement, which adds to and updates information contained in the accompanying prospectus. The second part, the prospectus, provides more general information, some of which may not apply to this offering. Generally, when we refer to this prospectus, we are referring to both parts of this document combined. To the extent there is a conflict between the information contained in this prospectus supplement, on the one hand, and the information contained in the accompanying prospectus, on the other hand, you should rely on the information in this prospectus supplement.

Before purchasing any securities, you should carefully read both this prospectus supplement and the accompanying prospectus, together with the additional information described under the heading, “Where You Can Find More Information,” in the accompanying prospectus.

Unless the context otherwise requires, references in this prospectus supplement to “we”, “us” and “our” refer to XOMA Ltd. and its consolidated subsidiaries.

Use of Proceeds	We intend to use the proceeds for working capital and general corporate purposes
Risk Factors	You should carefully consider the information set forth in the section entitled “RISK FACTORS” in this prospectus supplement and the additional risk factors contained in our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, as well as any amendments thereto, as filed with the Securities and Exchange Commission before deciding whether to invest in our common shares

\*Based on common shares outstanding at November 5, 2009. Excludes common shares issuable upon the exercise of options or the conversion of preference shares outstanding as of November 5, 2009.

## RISK FACTORS

An investment in our securities involves a high degree of risk. You should carefully consider the risk factors set forth below and the additional risk factors contained in our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, as well as any amendments thereto, as filed with the Securities and Exchange Commission before deciding whether to invest in our common shares. Additional risks and uncertainties that are not yet identified may also materially harm our business, operating results and financial condition and could result in a complete loss of your investment.

**We Have Broad Discretion In Determining How To Use the Proceeds Of This Offering.**

We have not determined the amounts we plan to spend on any of the areas listed in “Use of Proceeds” or the timing of such expenditures. As a result, our management will have broad discretion to allocate the net proceeds from this offering, and may spend the proceeds in ways with which our shareholders may not agree. Pending application of the net proceeds as described in “Use of Proceeds”, we intend to invest the net proceeds of the offering in interest-bearing accounts and short-term, interest-bearing securities. These investments may not yield a favorable return to our shareholders.

### FORWARD-LOOKING INFORMATION

Certain statements contained in this prospectus supplement and the related documents incorporated by reference related to the sufficiency of our cash resources and our efforts to enter into a collaborative arrangement with respect to XOMA 052, as well as other statements related to current plans for product development and existing and potential collaborative and licensing relationships, or that otherwise relate to future periods, are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements are based on assumptions that may not prove accurate. Actual results could differ materially from those anticipated due to certain risks inherent in the biotechnology industry and for companies engaged in the development of new products in a regulated market. Among other things, the period for which our cash resources are sufficient could be shortened if expenditures are made earlier or in larger amounts than anticipated or are unanticipated, if anticipated revenues or cost sharing arrangements do not materialize, or if funds are not otherwise available on acceptable terms; and, we may not be able to enter into a collaborative arrangement with respect to XOMA 052 on acceptable terms within the timeframes anticipated or at all. These and other risks, including those related to inability to comply with NASDAQ's continued listing requirements; the declining and generally unstable nature of current economic conditions; the results of discovery research and preclinical testing; the timing or results of pending and future clinical trials (including the design and progress of clinical trials; safety and efficacy of the products being tested; action, inaction or delay by the FDA, European or other regulators or their advisory bodies; and analysis or interpretation by, or submission to, these entities or others of scientific data); changes in the status of existing collaborative relationships; the ability of collaborators and other partners to meet their obligations; our ability to meet the demand of the United States government agency with which we have entered our government contracts; competition; market demands for products; scale-up and marketing capabilities; availability of additional licensing or collaboration opportunities; international operations; share price volatility; our financing needs and opportunities; uncertainties regarding the status of biotechnology patents; uncertainties as to the costs of protecting intellectual property; and risks associated with our status as a Bermuda company, are described in more detail in "RISK FACTORS" included or incorporated by reference in the prospectus and this prospectus supplement. We undertake no obligation to publicly update any forward-looking statements, regardless of any new information, future events or other occurrences. We advise you, however, to consult any additional disclosures we make in our reports to the SEC on Forms 10-K, 10-Q and 8-K.

### USE OF PROCEEDS

Because there is no minimum offering amount required as a condition to closing this offering, the actual total public offering amount, commissions and proceeds to us, if any, are not determinable at this time. We currently intend to use the net proceeds from the sale of the common shares offered by this prospectus supplement and the accompanying prospectus for general corporate purposes, which may include research and development expenses, clinical trial expenses, manufacturing expenses and increasing our working capital. Pending application of the net proceeds for the specified purposes, we expect to invest the proceeds in interest-bearing accounts and short-term, interest-bearing securities.

## PLAN OF DISTRIBUTION

We have entered into an At Market Issuance Sales Agreement with Wm Smith & Co., under which we may sell up to 25,000,000 of our common shares from time to time through Wm Smith & Co., as our agent for the offer and sale of the common shares. Wm Smith & Co. may sell the common shares by any method permitted by law deemed to be an “at the market” offering as defined in Rule 415 of the Securities Act, including without limitation sales made directly on The NASDAQ Global Market, on any other existing trading market for the common shares or to or through a market maker. Wm Smith & Co. may also sell the common shares in privately negotiated transactions, subject to our prior approval.

Each time that we wish to issue and sell common shares under the sales agreement, we will provide Wm Smith & Co. with a placement notice describing the number of shares to be issued, the time period during which sales are requested to be made, any limitation on the number of common shares that may be sold in any one day and any minimum price below which sales may not be made.

Upon receipt of a placement notice from us, and subject to the terms and conditions of the sales agreement, Wm Smith & Co. has agreed to use its commercially reasonable efforts consistent with its normal trading and sales practices to sell such shares up to the amount specified on such terms. Unless otherwise specified, the settlement between us and Wm Smith & Co. of our common shares will occur on the third trading day following the date on which the sale was made. The obligation of Wm Smith & Co. under the sales agreement to sell our common shares pursuant to a placement notice is subject to a number of conditions.

We will pay Wm Smith & Co. a commission equal to 3% of the gross proceeds of the sales price not to exceed \$0.02 per share of all common shares sold through it as sales agent under the sales agreement. Because there is no minimum offering amount required as a condition to closing this offering, the actual total public offering amount, commissions and proceeds to us, if any, are not determinable at this time.

In connection with the sale of our common shares contemplated in this prospectus supplement, Wm Smith & Co. may be deemed to be an “underwriter” within the meaning of the Securities Act of 1933, as amended, and the compensation paid to Wm Smith & Co. may be deemed to be underwriting commissions or discounts. We have agreed to indemnify Wm Smith & Co. against certain civil liabilities, including liabilities under the Securities Act of 1933.

Sales of our common shares as contemplated in this prospectus supplement will be settled through the facilities of The Depository Trust Company or by such other means as we and Wm Smith & Co. may agree upon.

The offering of our common shares pursuant to the sales agreement will terminate on the earliest of (1) the sale of all of our common shares subject to the sales agreement, or (2) termination of the sales agreement by us or Wm Smith & Co. We and Wm Smith & Co. may each terminate the sales agreement at any time upon 60 days prior notice. Wm Smith & Co. may terminate the sales agreement at any time in certain circumstances, including the occurrence of a material adverse change that, in Wm Smith & Co.’s reasonable judgment, may impair its ability

to sell the common shares or a suspension or limitation of trading of our common shares on The NASDAQ Global Market.

This summary of the material provisions of the sales agreement does not purport to be a complete statement of its terms and conditions. A copy of the sales agreement is filed with the SEC and incorporated by reference into the registration statement of which this prospectus supplement forms a part.

Each of these risk factors could adversely affect our business, operating results and financial condition, which may result in the loss of all or part of your investment.

Keep these risk factors in mind when you read forward-looking statements contained elsewhere or incorporated by reference in this prospectus and the prospectus supplement. These statements relate to our expectations about future events. Discussions containing forward-looking statements may be found, among other places, in “Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” incorporated by reference from our annual reports on Form 10-K and our quarterly reports on Form 10-Q, as well as any amendments thereto reflected in subsequent filings with the SEC. ## THE SECURITIES WE MAY OFFER

We may offer our common shares and preference shares, various series of debt securities and/or warrants to purchase any of such securities, with a total value of up to \$150,000,000, from time to time under this prospectus at prices and on terms to be determined by market conditions at the time of offering. This prospectus provides you with a general description of the securities we may offer. Each time we offer a type or series of securities, we will

provide a prospectus supplement that will describe the specific amounts, prices and other important terms of the securities, including, to the extent applicable:

designation or classification;

aggregate principal amount or aggregate offering price;

maturity, if applicable;

rates and times of payment of interest or dividends, if any;

redemption, conversion or sinking fund terms, if any;

voting or other rights, if any;

conversion prices, if any; and

important federal income tax considerations.

The prospectus supplement also may add, update or change information contained in this prospectus or in documents we have incorporated by reference. However, no prospectus supplement shall offer a security that is not registered and described in this prospectus at the time of its effectiveness.

This Prospectus may not be used to consummate a sale of securities unless it is accompanied by a Prospectus Supplement.

We may sell the securities directly to or through agents, underwriters or dealers. We, and our agents or underwriters, reserve the right to accept or reject all or part of any proposed purchase of securities. If we do offer securities through agents or underwriters, we will include in the applicable prospectus supplement:

the names of those agents or underwriters;

applicable fees, discounts and commissions to be paid to them;

details regarding over-allotment options, if any; and

the net proceeds to us.

**Common Shares.** We may issue common shares from time to time. Holders of common shares are entitled to one vote per share on all matters submitted to a vote of shareholders. Subject to the rights of any series of preference shares issued from time to time, all actions submitted to a vote of shareholders shall be voted on by the holders of common shares, voting together as a single class (together with the Series A Preference Shares (as described below), if any), except as provided by law.

**Preference Shares.** We may issue preference shares from time to time, in one or more series. Our board of directors shall determine the rights, preferences, privileges and restrict-

tions of the preference shares, including dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences, sinking fund terms and the number of shares constituting any series or the designation of any series. Convertible preference shares will be convertible into our common shares or convertible into or exchangeable for our other securities. Conversion may be mandatory or at your option and would be at prescribed conversion rates.

If we sell any series of preference shares under this prospectus and applicable prospectus supplements, we will fix the rights, preferences, privileges, qualifications and restrictions of the preference shares of such series in the resolutions creating that series. We will incorporate by reference into the registration statement of which this prospectus is a part the form of any resolutions that set out the terms of the series of preference shares we are offering before the issuance of such series of preference shares. We urge you to read the prospectus supplements related to the series of preference shares being offered, as well as the complete resolutions that set out the terms of such series of preference shares.

**Debt Securities.** We may offer debt securities from time to time, in one or more series, as either senior or subordinated debt or as senior or subordinated convertible debt. The senior debt securities will rank equally with any other unsecured and unsubordinated debt. The subordinated debt securities will be subordinate and junior in right of payment, to the extent and in the manner described in the instrument governing the debt, to all of our senior indebtedness. Convertible debt securities will be convertible into or exchangeable for our common shares or our other securities. Conversion may be mandatory or at your option and would be at prescribed conversion rates.

The debt securities will be issued under one or more documents called indentures, which are contracts between us and a to be named national banking association or other eligible party, as trustee. In this prospectus, we have summarized certain general features of the debt securities. We urge you, however, to read the prospectus supplements related to the series of debt securities being offered, as well as the complete indentures that contain the terms of the debt securities. Forms of indentures have been filed as exhibits to the registration statement of which this prospectus is a part, and supplemental indentures and forms of debt securities containing the terms of debt securities being offered will be filed as exhibits to the registration statement of which this prospectus is a part or will be incorporated by reference from reports we file with the SEC.

**Warrants.** We may issue warrants for the purchase of common shares, preference shares and/or debt securities in one or more series. We may issue warrants independently or together with common shares, preference shares and/or debt securities, and the warrants may be attached to or separate from these securities.

The warrants will be evidenced by warrant certificates issued under one or more warrant agreements, which are contracts between us and an agent for the holders of the warrants. In this prospectus, we have summarized certain general features of the warrants. We will incorporate by reference into the registration statement of which this prospectus is a part the form of warrant agreement, including a form of warrant certificate, that describes the terms of the series of warrants we are offering before the issuance of the related series of warrants. We urge you to read the prospectus supplements related to the series of warrants being offered, as well as the

complete warrant agreements and warrant certificates that contain the terms of the applicable series of warrants.

#### FORWARD-LOOKING INFORMATION

Certain statements contained in this prospectus and the related documents incorporated by reference related to the sufficiency of our cash resources, levels of future revenues, losses, expenses and cash, future sales of approved products, as well as other statements related to current plans for product development and existing and potential collaborative and licensing relationships, or that otherwise relate to future periods, are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”) and Section 21E of the Securities Exchange Act of 1934, as amended, (the “Exchange Act”). These statements are based on assumptions that may not prove accurate. Actual results could differ materially from those anticipated due to certain risks inherent in the biotechnology industry and for companies engaged in the development of new products in a regulated market. Among other things, the period for which our cash resources are sufficient could be shortened if expenditures are made earlier or in larger amounts than anticipated or are unanticipated, if anticipated revenues or cost sharing arrangements do not materialize, if funds are not otherwise available on acceptable terms; revenue levels may be other than as expected if sales of approved products are lower than expected; losses may be other than as expected for any of the reasons affecting revenues and expenses; expense levels and cash utilization may be other than as expected due to unanticipated changes in our research and development programs; and the sales efforts for approved products may not be successful if the parties responsible for marketing and sales fail to meet their commercialization goals, due to the strength of the competition, if physicians do not adopt the product as treatment for their patients or if remaining regulatory approvals are not obtained. These and other risks, including those related to the results of pre-clinical testing; the timing or results of pending and future clinical trials (including the design and progress of clinical trials; safety and efficacy of the products being tested; action, inaction or delay by the FDA, European or other regulators or their advisory bodies; and analysis or interpretation by, or submission to, these entities or others of scientific data); changes in the status of existing collaborative relationships; the ability of collaborators and other partners to meet their obligations; our ability to meet the demand of the United States government agency with which we have entered our first government contract; competition; market demands for products; scale-up and marketing capabilities; availability of additional licensing or collaboration opportunities; international operations; share price volatility; our financing needs and opportunities; uncertainties regarding the status of biotechnology patents; uncertainties as to the costs of protecting intellectual property; and risks associated with our status as a Bermuda company, are described in more detail in “RISK FACTORS” in any supplement to this prospectus. We undertake no obligation to publicly update any forward-looking statements, regardless of any new information, future events or other occurrences. We advise you, however, to consult any additional disclosures we make in our reports to the SEC on Forms 10-K, 10-Q and 8-K.
