99.1 Infonet Services Corporation press release dated June 19, 2003

Item 9. Regulation FD Disclosure (furnished under Item 12)

Infonet Services Corporation (Infonet) is furnishing the information in this section under Item 9. Regulation FD Disclosure and Item 12. Results of Operations and Financial Condition of this Current Report in accordance with SEC Release No. 33-8216.

On June 19, 2003, Infonet issued the press release attached hereto as Exhibit 99.1 and incorporated by reference herein. This press release announced Infonet's operating results for its fiscal year and fourth quarter ended March 31, 2003.

Infonet had previously announced the termination by its terms of its arrangement with AUCS Communications Services N.V., and the payment of an incentive fee to Infonet in connection with this termination. With the termination of the AUCS arrangement, Infonet no longer receives outsourcing revenue associated with the provisioning of AUCS services. The press release contains a discussion of the non-GAAP financial measure, core revenue, excluding incentive fee revenue. Core revenue is defined as revenue, excluding European outsourcing revenue. Infonet uses core revenue, excluding incentive fee revenue, to supplement its financial statements presented in accordance with GAAP. Since Infonet will no longer receive outsourcing revenue, core revenue, excluding incentive fee revenue, is provided to enhance the investor's overall understanding of Infonet's current financial performance and prospects for the future. Specifically, Infonet believes that inclusion of core revenue, excluding incentive fee revenue, provides consistency in its financial reporting and facilitates the comparison of results of operations between its current, past and future periods. In addition, core revenue, excluding incentive fee revenue, is one of the primary indicators management uses for planning and forecasting in future periods. The presentation of this additional information is not meant to be considered in isolation or as a substitute for results prepared in accordance with accounting principles generally accepted in the United States.

Infonet is also holding a webcast and investor conference call beginning at 6:00 a.m. Pacific Time on June 20, 2003 to disclose its financial results for its fiscal year and fourth quarter ended March 31, 2003. The webcast can be accessed live through the Infonet website, www.infonet.com, or by calling 1-800-289-0436 for domestic locations or +1-913-981-5507 for international locations. Replays of the investor conference call will be available from 9:00 a.m. Pacific Time on June 20, 2003 through 9:00 p.m. Pacific Time on June 24, 2003. The confirmation code for the replay is 248502.

The information in this section shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933.
